Braskem also has authorization to produce, transform and distribute electric power to its various production units, as well as to its user shareholders, according to the necessary authorizations from the National Department of Water and Energy.

6.6. The interested parties may obtain further information on the Offeror at the headquarters of the latter, at the headquarters of Braskem or at the headquarters of the Intermediary, or on Braskem (i) at its headquarters, (ii) at the headquarters of the Intermediary, (iii) at the Brazilian Securities Commission CVM, and (iv) at the Stock Exchange of São Paulo - BOVESPA, at the addresses mentioned in item 9.5 of this Offer Notice, as well as, in connection with Braskem, in the information disclosed from time to time in accordance with its duties as a publicly held company.

VII. SUPERVENING OBLIGATIONS OF THE OFFEROR

7.1. Should the Offeror acquire more than two thirds (2/3) of the outstanding Shares issued by Copesul, pursuant to article 10, paragraph 2 of CVM Ruling 361/02, the Offeror shall have to acquire, on the conditions established in this Offer Notice, the remaining outstanding shares for the period of three (3) months counted from the date of execution of the Auction. The Purchase Price for the Shares during such period shall be the final price obtained at the Auction, adjusted by the variation in the Reference Rate TR plus six percent (6%) per year (based on a 365-day year), calculated *pro rata temporis* from the date of financial settlement of the Auction until the date of actual payment. The maximum term for payment of the Shares under such conditions shall be fifteen (15) consecutive days from the date on which the Copesul shareholder contacts the Offeror or the Intermediary so as to carry out such disposal of Shares, whereupon it shall appear at the headquarters of the Offeror or of the Intermediary. The Intermediary shall guarantee the financial settlement and the payment of the purchase price in case of exercise of the option to sell referred to in this item, pursuant to article 7, paragraph 4 of CVM Ruling 361/02.

7.2. The Offeror undertakes to pay, under the terms of article 10, item I of CVM Ruling 361/02, to the holders of the Shares that accept this Offer, the excess amount, if any, between the value of the shares received thereby for the sale of their Shares, updated by the variation in the Reference Rate TR plus six percent (6%) per year, calculated *pro rata temporis* from the date of financial settlement of the Auction until the date of actual payment of the amount that would be due, and adjusted by the changes in the number of shares resulting from bonus shares, split, reverse split, and any conversions effected, and (i) the value per share that would be owed, or shall be owed, should there be any fact, during the period of one (1) year counted from the date of the Auction, that could or should impose the execution of a mandatory public tender offer for the acquisition of shares, pursuant to items I to III of article 2 of CVM Ruling 361/02, or (ii) the value to which they would be entitled, in case they were still shareholders and dissented from the Copesul resolution that approves the execution of any corporate event that allows for the exercise of the right to withdraw, whenever such event occurs during the period of one (1) year counted from the date of the auction of the Offer. The Offeror does not foresee the applicability of article 10, paragraph 1 of CVM Ruling 361/02, since there is no provision as to the occurrence at this point of (i) any fact that would impose the execution of a mandatory public tender offer; or (ii) a corporate event that entitles the Copesul shareholder to withdraw.

VIII. REDEMPTION OF THE SHARES

8.1. Pursuant to article 5, paragraph 5 of Law 6404/76, if after expiration of the term of the Offer, in case more than 2/3 of the shareholders of Copesul calculated according to item 1.2.1.1 above, accept the Offer or expressly agree with the Delisting, under the terms of item II of article 16 of CVM Ruling No. 361/02, less than five percent (5%) of the total shares issued by Copesul remain outstanding, the general meeting of the Company's shareholders may resolve on the redemption of such remaining shares for the same amount charged in the Offer, provided that the deposit of the redemption value is made in a bank establishment authorized by CVM, at the disposal of the holders of such shares, in which case the provisions of article 44, paragraph 6 of Law 6404/1976 shall not apply, with due regard for the provisions in items 7.1 and 7.2.

8.2. The aforementioned redemption may only be decided if the requirements for the Delisting set forth in article 16 of CVM Ruling 361/02 are met.

8.3. The deposit of the redemption amount indicated in item 8.1 above shall be made with a financial institution with branches capable of making payment to the Shareholders, at least, in the City of São Paulo, State of São Paulo, and in the capitals of all states of this country, within fifteen (15) days counted from the resolution regarding redemption taken by the general meeting of shareholders of Copesul.

8.4. Disclosure of the redemption and of the financial institution, in which the funds for payment of such remaining outstanding shares will be deposited, shall be made by the Offeror through the disclosure of the Relevant Fact, pursuant to article 20, item III of CVM Ruling 361/02.
