Item 2.02 Results of Operations and Financial Condition.

The disclosure set forth in Item 4.02 below is incorporated herein by reference.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a)

As previously announced by Juniper Networks, Inc. (the "Company"), the Audit Committee of the Board of Directors has been conducting an investigation into the Company's stock option practices and has reached a preliminary conclusion that the actual measurement dates for financial accounting purposes of certain stock option grants issued in the past differ from the recorded grant dates of such awards. Although the investigation is ongoing, upon the recommendation of management and the Audit Committee, the Juniper Board of Directors has concluded that the Company will need to restate historical financial statements to record additional non-cash charges for stock-based compensation expense related to past option grants. The Company has not determined the amount of such charges, the resulting tax and accounting impact, or which specific periods require restatement.

Consequently, on August 9, 2006, upon the recommendation of management and the Audit Committee, the Board of Directors concluded that financial statements and all earnings press releases and similar communications issued by the Company relating to periods beginning on or after January 1, 2003 should no longer be relied upon, including the Company's financial statements for fiscal years 2003, 2004 and 2005, the interim periods contained therein, and the quarter ended March 31, 2006. The Company's management and the Audit Committee have discussed this matter with Ernst & Young LLP, the Company's independent registered public accounting firm.

The Company issued a press release on August 10, 2006, a copy of which is attached as Exhibit 99.1 to this report and is incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
