On November 13, 2015, the Board of Directors (the "Board") of Biolase, Inc., a Delaware corporation (the "Company"), upon recommendation by the Compensation Committee of the Board ("Compensation Committee"), approved and adopted the terms of the Biolase, Inc. Deferred Compensation Plan (the "Plan") effective as of December 31, 2015. The Plan is designed to provide non-employee directors and a select group of management or highly compensated employees of the Company at a level approved by the Compensation Committee (the "Participants") the opportunity to save for retirement on a tax-deferred basis by deferring all or part of their compensation. The Plan is intended to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"). The Participants may elect to defer up to 100% of their base salary, up to 100% of their annual bonus, up to 100% of director retainer fees, and up to 100% of annual grants of restricted stock units for that calendar year. All deferrals of base salary, bonus, and director retainer fees are 100% vested and vesting of deferrals of restricted stock unit awards are determined in accordance with the terms of the applicable awards. Distributions under the Plan will generally be made in the form of one lump sum payment, except that the Participants may elect to have distributions made in installments. Certain early distributions and subsequent deferrals are permitted under the Plan.
