**STAR BULK ACQUIRES CAPE-SIZE VESSEL STAR YPSILON
EXPANDING ITS FLEET TO THIRTEEN VESSELS**

Athens, Greece, June 3, 2008 - Star Bulk Carriers Corp. (NASDAQ: SBLK), announced today that it has entered into a definitive agreement to acquire the Capesize bulk carrier Falcon Cape, of 150,940 dwt, built in Japan in 1991, for approximately \$87.2 million. The acquisition will be financed through a combination of company cash and bank debt. The vessel is to be renamed Star Ypsilon and is scheduled to be delivered to Star Bulk within August/September 2008.

The vessel will enter into an approximately 34-month time charter to TMT as of the time of the vessel's delivery to Star Bulk at a net daily rate of \$112,600 for the first 10 months, \$93,300 for the following 12 months and \$74,100 for last 12 months in replacement of the Star Iota which has been committed to be sold.

The vessel is being acquired from a company affiliated with Oceanbulk, which intervened to facilitate the transaction, at the same price it acquired the vessel from Dutch interests. No commissions are to be charged either on the sale or the chartering of Star Ypsilon.

Following this acquisition, Star Bulk's fleet will increase to thirteen vessels of approximately 1,184,835dwt. With the addition of the Star Ypsilon the contracted fleet operating days under time charter in 2008, 2009 and 2010 will be 100%, 84% and 63% respectively.

Akis Tsirigakis, President and CEO of Star Bulk commented: We are pleased to have made an acquisition with a contracted revenue of approximately \$93 million exceeding the vessel's purchase price. It is not commonplace to source such deals.

Vessel Name	Type	DWT	Year Built	Time Charter Expiry (1)	Time Charter Rate (2)
Capesize Fleet					
Star Alpha	Capesize	175,075	1992	Jul 5 - Oct 5, 2009	\$47,500

(1)

Range represents the earliest and latest expiry dates allowed by the charter party. Charterers have the right to add off-hire days, if any, which occurred during the charter period.

(2)

Represents the gross daily rate

(3)

Star Cosmo is expected to be delivered to Star Bulk in June / July 2008

(4)

Star Ypsilon is expected to be delivered to Star Bulk in August / September 2008

(5)

Star Iota is expected to be delivered to its new owners in July / August 2008

About Star Bulk

Star Bulk is a global shipping company providing worldwide seaborne transportation solutions in the dry bulk sector. Star Bulk's vessels transport major bulks, which include iron ore, coal and grain and minor bulks such as bauxite, fertilizers and steel products. Star Bulk was incorporated in the Marshall Islands on December 13, 2006 and is headquartered in Athens, Greece. Its common stock and warrants trade on the NASDAQ Global Market under the symbols "SBLK" and "SBLKW" respectively. Currently, Star Bulk has an operating fleet of eleven dry bulk carriers, plus definitive agreements to acquire one Supramax and one Capesize dry bulk carrier and sell its Panamax dry bulk carrier. The total fleet consists of four Capesize, one Panamax and eight Supramax dry bulk vessels with an average age of approximately 10 years and a combined cargo carrying capacity of 1,184,835 deadweight tons.

Forward-Looking Statements

The information in this press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements regarding: (1) the delivery and operation of assets of Star Bulk; (2) Star Bulk's future operating or financial results; (3) future, pending or recent acquisitions, business strategy, areas of possible expansion, and expected capital spending or operating expenses; (4) drybulk market trends, including charter rates and factors affecting vessel supply and demand; and (5) other statements identified by words such as "anticipate," "believe," "plan," "estimate," "expect," "intend,"

"will," "should," "may," or words of similar meaning.

Such forward looking statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, Star Bulk's examination of historical operating trends, data contained in their records and other data available from third parties. Although Star Bulk believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond their control, Star Bulk cannot assure you that Star Bulk will achieve or accomplish these expectations, beliefs or projections. Important factors that could cause actual results to differ materially from those discussed in the forward-looking statements include the failure of a seller to deliver one or more vessels, the strength of world economies and currencies, general market conditions, including changes in charterhire rates and vessel values, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled drydocking, changes in Star Bulk's operating expenses, including bunker prices, dry-docking and insurance costs, or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists. Additional factors that could cause Star Bulk's results to differ materially from those described in the forward-looking statements can be found in Star Bulk's Registration Statement on Form F-1/F-4 and reports on Form 6-K filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (<http://www.sec.gov>). The information set forth herein speaks only as of the date hereof, and Star Bulk disclaims any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
