AMERICAN MORTGAGE ACCEPTANCE COMPANY
REPORTS FIRST QUARTER FINANCIAL RESULTS FOR 2007

NEW YORK, NY - MAY 8, 2007 - American Mortgage Acceptance Company ("AMAC" or the "Company") (AMEX: AMC) today announced financial results for the first quarter ended March 31, 2007.

"AMAC had a strong first quarter from both an operational and a financial perspective," said J. Larry Duggins, Chief Executive Officer of the Company. "We sold our economic interest in three properties that we classified as 'real estate owned' on our balance sheet, enabling us to re-deploy the capital from these non-core assets to fund our investment pipeline. Utilizing the strategic relationships available to us through our advisor, Centerline Capital Group, we completed several high-quality, diverse transactions, including a \$32.5 million mezzanine transaction for the development of Snowmass Village in Aspen, Colorado, and a \$10.1 million investment in bonds ranging from below investment grade to investment grade, plus an equity component of a Collateralized Debt

Obligation ("CDO") issued by an affiliate of Nomura. We are very pleased with the progress we have made and our investment pipeline continues to build. We believe that we are on track to meet our financial goals for the year."

FINANCIAL RESULTS

The table below summarizes AMAC's revenues, net income, Funds from Operations ("FFO") and adjusted FFO for the three months ended March 31, 2007 and 2006. FFO for the three months ended March 31, 2007 was impacted by the change in the fair value of derivative instruments, net of certain associated costs. Therefore, the Company is reporting FFO both excluding ("Adjusted FFO") and including these changes and costs.

AMAC's net income in the first quarter was impacted by the sale of the Company's economic interest in three properties, resulting in the recognition of a gain of approximately \$3.6 million or \$0.43 per share.

(1) FFO represents net income or loss (computed in accordance with generally accepted accounting principles ("GAAP")), excluding gains (or losses) from sales of property, excluding depreciation and amortization relating to real property and including funds from operations for unconsolidated joint ventures calculated on the same basis. AMAC calculates FFO in accordance with the NAREIT definition. FFO does not represent cash generated from

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 8-K

operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs. FFO should not be considered as an alternative to net income as an indicator of our operating performance or as an alternative to cash flows as a measure of liquidity. Our management considers FFO a supplemental measure of operating performance, and, along with cash flows from operating activities, financing activities, and investing activities, it provides investors with an indication of the ability of the Company to incur and service debt, to make capital expenditures, and to fund other cash needs. Since not all companies calculate FFO in a similar fashion, our calculation, presented above, may not be comparable to similarly titled measures reported by other companies.

- (2) Relates to properties sold in 2007 and 2006, which are included in discontinued operations in our consolidated statements of income.
- (3) Adjusted FFO excludes the change in fair value of derivative instruments, net of certain associated costs.
