NOTICE OF WRITTEN CONSENT IN LIEU OF 2014 ANNUAL MEETING OF STOCKHOLDERS

WE ARE NOT ASKING YOU FOR A PROXY
AND YOU ARE REQUESTED NOT TO SEND US A PROXY

Dear Stockholders:

Notice is hereby given to you that the board of directors of Viggle Inc. (the “Company”) has approved and the holders of a majority of the outstanding shares of the Company’s common stock and preferred stock have approved by written consent in lieu of an annual stockholders’ meeting for the fiscal year ending June 30, 2014 the following corporate actions: (1) re-election of the following seven (7) incumbent directors to serve on the Company’s board of directors until the next annual meeting of stockholders and until their respective successors are duly elected and qualified: (a) Robert F.X. Sillerman, (b) Peter Horan, (c) Michael J. Meyer, (d) John D. Miller, (e) Mitchell J. Nelson, (f) Harriet Seitler, and (g) Birame N. Sock; (2) ratification of the appointment of BDO USA, LLP to serve as the Company’s independent registered public accounting firm for its fiscal year ending June 30, 2014; (3) approval and adoption of an amendment to the Company’s amended and restated certificate of incorporation to effect a reverse stock split of the issued and outstanding shares of the Company’s common stock, whereby each eighty (80) outstanding shares of common stock will be exchanged for one (1) new share of common stock (the “Reverse Stock Split”); (4) approval and adoption of an amendment to the Company’s 2011 Executive Incentive Plan increasing the number of shares of common stock and preferred stock reserved and available for issuance thereunder from 30,000,000 to 60,000,000 pre-split shares and a further amendment to increase the number of shares of common stock and preferred stock reserved for issuance thereunder to 3,750,000 post-split shares; (5) an advisory vote to approve named executive officer compensation; and (6) an advisory vote on the frequency of future advisory votes to approve named executive officer compensation.

Because the holders of a majority of the outstanding shares of the common stock and preferred stock of the Company, voting as a single class, being 80.9%, approved the foregoing corporate actions pursuant to a written consent, the Company’s board of directors believes it is not in the best interest of the Company and stockholders to incur the costs of holding an annual stockholders’ meeting for the fiscal year 2014 or of soliciting proxies or consents from additional stockholders in connection with these corporate actions. Based on the foregoing, the Company’s board of directors has determined not to call an annual stockholders’ meeting for the fiscal year ending June 30, 2014.

This Notice, the accompanying Information Statement and the Company’s Annual Report on Form 10-K for the fiscal year ended June 30, 2013 is being made available on or about February 10, 2014 to all of the Company’s stockholders of record at the close of business on January 9, 2014.

NOTICE OF WRITTEN CONSENT IN LIEU OF 2014 ANNUAL MEETING OF STOCKHOLDERS

WE ARE NOT ASKING YOU FOR A PROXY
AND YOU ARE REQUESTED NOT TO SEND US A PROXY

Viggie Inc., a Delaware corporation (the “Company,” “we,” “our,” or “us”), is making this Information Statement available on or about February 10, 2014 to all of our stockholders of record as of January 9, 2014 (the “record date”). As of the record date, 117,880,374 shares of our common stock and 56,079 shares of our preferred stock were issued and outstanding.

Each outstanding share of our common stock and preferred stock is entitled to one vote per share (and vote on matters contained herein as part of a single class). Holders of 80.9% of the outstanding shares of our common stock and preferred stock have approved by written consent in lieu of an annual stockholders’ meeting (the “Written Consent”) the following corporate actions: (1) re-election of the following seven (7) incumbent directors to serve on our board of directors until the next annual meeting of stockholders and until their respective successors are duly elected and qualified: (a) Robert F.X. Sillerman, (b) Peter Horan, (c) Michael J. Meyer, (d) John D. Miller, (e) Mitchell J. Nelson, (f) Harriet Seitler, and (g) Birame N. Sock; (2) ratification of the appointment of BDO USA, LLP to serve as our independent registered public accounting firm for its fiscal year ending June 30, 2014; (3) approval and adoption of an amendment to our amended and restated certificate of incorporation to effect a reverse stock split of the issued and outstanding shares of our common stock, whereby each eighty (80) outstanding shares of common stock will be exchanged for one (1) new share of common stock (the “Reverse Stock Split”); (4) approval and adoption of an amendment to our 2011 Executive Incentive Plan increasing the number of shares of common stock and preferred stock reserved and available for issuance thereunder from 30,000,000 to 60,000,000 pre-split shares and a further amendment to increase the number of shares of common stock and preferred stock reserved for issuance thereunder to 3,750,000 post-split shares; (5) an advisory vote to approve named executive officer compensation; and (6) an advisory vote on the frequency of future advisory votes to approve named executive officer compensation.

This Information Statement is being made available pursuant to the requirements of Rule 14c-2 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), to inform holders of our common stock and preferred stock who were entitled to consent to the matters authorized by the Written Consent. This Information Statement also constitutes notice of the actions that have been approved pursuant to the Written Consent for purposes of Section 228 of the General Corporation Law of the State of Delaware (the “DGCL”).

Because holders of approximately 80.9% of the outstanding shares of our common stock and preferred stock (voting as a single class) have executed the Written Consent, no vote or consent of any other stockholder is being, or will be, solicited in connection with the authorization of the matters set forth in the Written Consent. Under the DGCL and our Bylaws, the votes represented by the holders signing the Written Consent are sufficient in number to elect directors and authorize the other matters set forth in the Written Consent, without the vote or consent of any of our other stockholders. The DGCL provides that any action that is required to be taken, or that may be taken, at any annual or special meeting of stockholders of a Delaware corporation may be taken, without a meeting, without prior notice and without a vote, if a written consent, setting forth the action taken, is signed by the holders of outstanding capital stock having not less than the minimum number of votes necessary to authorize such action.

Edgar Filing: Viggle Inc. - Form DEF 14C

Based on the foregoing, our board of directors has determined not to call an annual meeting of stockholders in the fiscal year ending June 30, 2014. Our board of directors believes it would not be in the best interests of our stockholders to incur the costs of holding an annual meeting or of soliciting proxies or consents from additional stockholders in connection with these actions. There are no appraisal rights as a result of the approval of these actions.

Our Annual Report on Form 10-K for the fiscal year ended June 30, 2013 is also being made available to our stockholders of record as of the record date.

INFORMATION REGARDING CONSENTING STOCKHOLDERS

Pursuant to our Bylaws and the DGCL, a vote by the holders of at least a majority of our outstanding shares of common stock and preferred stock, voting as a single class, was required to approve the corporate actions set forth in the Written Consent. Our certificate of incorporation does not authorize cumulative voting. As of the record date, 117,880,374 shares of our common stock (including shares of our common stock issued to the former shareholders of wetpaint.com, inc. pursuant to the Agreement and Plan of Merger dated as of December 16, 2013), 34,275 shares of our Series A preferred stock, and 21,804.2 shares of our Series B preferred stock were issued and outstanding, of which 58,968,227 of combined common shares, Series A preferred shares and Series B preferred shares (each of which preferred shares have one (1) vote per preferred share) were required to pass any stockholder resolutions. The consenting stockholders, who consist of Robert F.X. Sillerman, our Executive Chairman and Chief Executive Officer, and his affiliates, were collectively the record and/or beneficial owners of 95,416,375.2 shares of the outstanding shares of our common stock and preferred stock outstanding on the record date (including shares of our common stock issued to the former shareholders of wetpaint.com, inc. who have given Mr. Sillerman a proxy to vote such shares), which represented 80.9% of the issued and outstanding shares of our common stock and preferred stock as of that date. Pursuant to Section 228 of the DGCL, the consenting stockholders voted in favor of the actions described herein in a written consent, dated the record date, attached hereto as Annex A. No consideration was paid for any stockholder's consent. Mr. Sillerman's beneficial holdings of our outstanding common stock and preferred stock are set forth in the table under "Security Ownership of Certain Beneficial Owners and Management" included elsewhere in this Information Statement.

ACTION NO. 1

ELECTION OF DIRECTORS

Our board of directors currently consists of eight members, seven of whom are being re-elected pursuant to the Written Consent and one of whom has decided not to stand for re-election. The directors will serve until the next annual meeting of stockholders and until their respective successors are duly elected and qualified. Our board of directors, based on the recommendation of the nominating and governance committee, nominated each of Robert F.X. Sillerman, Peter C. Horan, Michael J. Meyer, John D. Miller, Mitchell J. Nelson, Harriet Seitler, and Birame N. Sock for re-election pursuant to the Written Consent. Our board of directors has approved reducing the number of directors from eight to seven to be effective simultaneously with the election of the director-nominees.

When analyzing whether directors and nominees for election by the holders of our common stock have the experience, qualifications, attributes and skills, individually and taken as a whole, the nominating and governance committee and our board of directors focus on the information as summarized in each of the directors' individual biographies set forth on pages 6 and 7 in this Information Statement. In particular, our board of directors selected Mr. Sillerman to serve as a director because he is our company's Executive Chairman and Chief Executive Officer and our board of directors believes he possesses significant entertainment and financial expertise, which will benefit our company. Mr. Horan was selected as a director because our board of directors believes that his technology, internet and advertising experience will benefit the Company. Mr. Meyer was selected by the board of directors because it believes his experience in financial planning and debt issues will benefit the Company. Our board of directors believes that Mr. Miller's venture capital and financial experience will benefit the Company, and has selected him as a director for that reason. Our board of directors has selected Mr. Nelson as a director because it believes his legal and business experience will benefit the Company. Ms. Seitler was selected as a director because our board of directors believes her experience in TV and digital media, sponsorships and marketing will benefit the Company. Our board of directors believes Ms. Sock's experience in technology and consumer marketing will benefit the Company, and has selected her as a director for that reason.

As previously reported, one of the Company's current directors, Joseph Rascoff, has advised the Company's management that he will not stand for re-election to our board of directors. He will serve out his remaining term and continue to participate in all committees of which he is a member until the expiration of his term.

Under the DCGL and our Bylaws, the Written Consent is sufficient to elect all nominees to our board of directors without the vote or consent of any of the other stockholders of the Company.

2013 Summary Compensation Table

The table below summarizes the compensation earned for services rendered to the Company for the fiscal years ended June 30, 2013 and 2012 by our Chief Executive Officers, our Principal Financial Officer, and the three other most highly compensated executive officers of the Company (the “named executive officers”) who served in such capacities at the end of the fiscal year ended June 30, 2013. The table below also summarizes the compensation earned by our former Chief Executive Officer, who ceased being our Chief Executive Officer prior to the end of the fiscal year ended June 30, 2013. Except as provided below, none of our named executive officers received any other compensation required to be disclosed by law or in excess of \$10,000 annually. All dollar amounts in the table and footnotes are in thousands.

(1) Because Mr. Sillerman is our Executive Chairman and Chief Executive Officer, the Company books a compensation charge for certain financing-related activities undertaken by Mr. Sillerman. These amounts are excluded because they do not constitute compensation to Mr. Sillerman for his service as an officer or director of the Company, but instead solely relate to certain financing arrangements. Specifically, the table excludes the following: (a) a \$5,000 compensation charge related to the receipt by Sillerman Investment Company II, LLC (“SIC II”), an affiliate of Mr. Sillerman’s, of 5,000,000 shares of the Company’s Common Stock as an inducement for SIC II to enter into a \$25,000 Line of Credit (the “\$25,000 Line of Credit”) with the Company on February 11, 2013, (b) a compensation charge of \$5,551 relating to Mr. Sillerman’s receipt of warrants to purchase 10,000,000 shares of the Company’s common stock on March 11, 2013, as an inducement to Mr. Sillerman to guarantee a term loan that the Company entered with Deutsche Bank Trust Companies America, (c) a \$7,481 compensation charge relating to 8,312,699 shares of the Company’s common stock received by Sillerman Investment Company, LLC (“SIC”) on March 11, 2013, as an inducement to convert a \$20,000 line of credit that had previously been fully drawn into new 8% notes and (d) a compensation charge of \$1,532 relating to warrants received by SIC II for a draw of \$4,000 on the \$25,000 Line of Credit on May 21, 2013.

(2) The amount reflects the aggregate grant date fair value of the option awards and stock awards granted during the fiscal year, computed in accordance with FASB ASC Topic 718. We provide information regarding the assumptions used to calculate the value of the option awards and stock awards in note 10, Share-Based Payments, to our financial statements. There can be no assurance that awards will vest or options will be exercised (in which case no value will be realized by the individual), or that the value upon exercise or vesting, as applicable, will approximate the aggregate grant date fair value.

(3)

The Company and Mr. Sillerman entered into an amendment to his employment agreement on April 1, 2013 pursuant to which Mr. Sillerman's base salary was lowered to \$500 and Mr. Sillerman received an award of options to purchase 2,500,000 shares of the Company's common stock at an exercise price of \$1.00 per share. The options vest over a period of five years. Mr. Sillerman did not take a base salary for part of the year.

(4) Mr. Consiglio was appointed as the Company's President and Chief Operating Officer as of November 1, 2012. Previously, he has served as the Company's Head of Business Development.

Potential Payments upon Termination without Cause or Change-in-Control

The following disclosure is for our Executive Chairman and Chief Executive Officer, Mr. Sillerman.

Upon a (i) termination by our Company without “cause” or (ii) a “constructive termination without cause” the employment agreement for Mr. Sillerman provides for the following benefits: (a) payments equal to (x) the cash equivalent of three years’ base salary at the rate in effect on the date of termination (or immediately prior to a constructive termination due to salary reduction) and (y) three times the average of all cash and equity bonuses paid during the three years prior to the termination, or if no annual bonuses were paid, a payment in the amount of \$100 per year for each year a cash bonus was not paid and \$100 per year for each year an equity grant was not made, (b) continued eligibility to participate in any benefit plans of our Company for one year, plus (c) accelerated vesting of any stock options, restricted stock or other equity based instruments previously issued to the executive officer. Additionally, upon termination by our company for a “change of control”, Mr. Sillerman will receive the benefits set forth in (a), (b), and (c) above, plus all options to purchase the Company’s capital stock shall remain exercisable for the full maximum term of the original option grant or ten years from the closing of the change of control transaction, whichever is greater. In addition, in the event that the aggregate of such payments would constitute a “parachute payment” under the rules set forth in Section 280G of the Internal Revenue Code of 1986, then the Company shall also pay Mr. Sillerman a gross-up payment such that after the imposition of Federal, State and local income taxes, Mr. Sillerman would be entitled to retain the foregoing amount.

The following disclosure is for our President and Chief Operating Officer, Mr. Consiglio:

Upon a termination by our Company without “cause”, the employment agreement for Mr. Consiglio provides for the following benefits: (a) payments equal to the cash equivalent of three months’ base salary at the rate in effect on the date of termination (which payment shall increase by one week for each year worked prior to termination, to a limit of six months), and (b) accelerated vesting of any stock options, restricted stock or other equity-based instruments previously issued to him prior to his termination. In addition, on April 4, 2013, the Company and Mr. Consiglio entered into an amendment to Mr. Consiglio’s employment agreement providing that upon a “change of control” of the Company, all stock options previously granted to Mr. Consiglio would vest, and all restricted shares issued to Mr. Consiglio pursuant to his employment agreement would vest.

The following disclosure is for our Chief Financial Officer, Mr. Small.

Upon a (i) termination by our Company without “cause” or (ii) a “change of control”, the employment agreement for Mr. Small provides for the following benefits: (a) payments equal to (x) the cash equivalent of three months’ base salary at the rate in effect on the date of termination and (y) a pro-rated annual cash bonus based on the annual cash bonus paid to Mr. Small for the immediately preceding employment year, and (b) accelerated vesting of any stock options granted pursuant to Mr. Small’s employment agreement that are issued to Mr. Small at least one full year prior to his termination. However, in the event that any amount payable to Mr. Small upon a “change of control” would be nondeductible by the Company under the rules set forth in Section 280G of the Internal Revenue Code of 1986, then the amount payable to Mr. Small shall be reduced to the maximum amount that would be payable but which would remain deductible under Section 280G of the IRC. In addition, on April 4, 2013, the Company and Mr. Small entered into an amendment to Mr. Small’s employment agreement providing that upon a “change of control” of the Company, all stock options previously granted to Mr. Small, and not just those options that were granted pursuant to Mr. Small’s employment agreement, would vest.

each person or entity known by us to beneficially own more than 5% of the outstanding shares of our common stock;

Unless otherwise noted, each beneficial owner has sole voting and investing power over the shares shown as beneficially owned except to the extent authority is shared by spouses under applicable law. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, any shares of common stock subject to common stock purchase warrants or stock options held by that person that are exercisable as of January 29, 2014 or will become exercisable within 60 days thereafter are deemed to be outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person.

ACTION NO. 2

RATIFICATION OF THE APPOINTMENT OF
THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

BDO USA, LLP audited our consolidated financial statements for the year ended June 30, 2013. BDO USA, LLP has served as our independent registered public accounting firm since February 2011. BDO USA, LLP's work on our audit for 2013 was performed by full time, permanent employees and partners of BDO USA, LLP. The audit committee has appointed BDO USA, LLP to serve as our independent registered public accounting firm for the year ending June 30, 2014.

While we are not required to submit the appointment of our independent registered public accounting firm to a vote of stockholders for ratification, our board of directors is doing so, based upon the recommendation of the audit committee, as a matter of good corporate practice. Even upon effectiveness of the ratification pursuant to the Written Consent, the audit committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be advisable and in the best interests of us and our stockholders.

Under the DCGL and our Bylaws, the Written Consent is sufficient to ratify the appointment of BDO USA, LLP to serve as the Company's independent registered public accounting firm for its fiscal year ending June 30, 2014 without the vote or consent of any of the other stockholders of the Company.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to the Company's audited financial statements for its fiscal year ended June 30, 2013. The information contained in this report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Exchange Act, except to the extent that the Company specifically incorporates it by reference in such filing.

The Audit Committee oversees our financial reporting process on behalf of our board of directors. Management has the primary responsibility for the consolidated financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements in the Annual Report on Form 10-K for the fiscal year ended June 30, 2013 with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Audit Committee also has reviewed and discussed with our independent registered public accounting firm BDO USA, LLP, which is responsible for expressing an opinion on the conformity of those consolidated financial statements with accounting principles generally accepted in the United States, its judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has received the written disclosures and the letter from BDO USA, LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and has discussed with BDO USA, LLP its independence.

Based on the considerations and discussions referred to above, the Audit Committee recommended to our board of directors (and our board of directors approved) that the audited consolidated financial statements for 2013 be included in our Annual Report on Form 10-K for the year ended June 30, 2013, as filed with the Securities and Exchange Commission. This report is provided by the following independent directors, who comprise the Audit Committee:

Michael J. Meyer, Chairman
Peter Horan
John D. Miller

The audit committee of our board of directors maintains a pre-approval policy with respect to material audit and non-audit services to be performed by the Company's independent registered public accounting firm in order to assure that the provision of such services does not impair the accountant's independence. Before engaging the independent registered public accounting firm to render a service, the engagement must be either specifically approved by the audit committee, or entered into pursuant to the pre-approval policy. Pre-approval authority may be delegated to one or more members of the audit committee.

ACTION NO. 3

APPROVAL AND ADOPTION OF AMENDMENT TO
CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT

One of the Company's stockholders, holding an aggregate of approximately 80.9% of the voting power of the Company's issued and outstanding common stock, executed a written consent in lieu of a meeting authorizing the Company's board of directors to effect a reverse stock split of the Company's outstanding common stock at a ratio of one-for-eighty ("Reverse Stock Split"), to take effect on a date that is on or after the twentieth day after the mailing of this Information Statement to the stockholders of the Company, upon the filing of the certificate of amendment to the amended and restated certificate of incorporation of the Company with the Secretary of State of the State of Delaware. Upon the effective date of the Reverse Stock Split, stockholders entitled to a fractional share will be paid cash for their fractional shares.

The amendments will not change the number of authorized shares of Common Stock, or the relative voting power of our shareholders. Because the number of authorized shares will not be reduced, the number of authorized but unissued shares of our Common Stock will materially increase and will be available for reissuance by the Company. The Reverse Stock Split would affect all of our holders of Common Stock uniformly.

Following the Reverse Stock Split, the number of our outstanding shares of Common Stock will be significantly reduced. The Reverse Stock Split will also affect our outstanding stock options and shares of Common Stock issued under the Company's 2011 Executive Incentive Plan (the "Incentive Plan"). Under the Incentive Plan, the number of shares of Common Stock deliverable upon exercise or grant must be appropriately adjusted and appropriate adjustments must be made to the purchase price per share to reflect the Reverse Stock Split.

The Reverse Stock Split is not being proposed in response to any effort of which we are aware to accumulate our shares of Common Stock or obtain control of the Company, nor is it a plan by management to recommend a series of similar actions to our board of directors or our shareholders.

There are certain risks associated with a reverse stock split, and we cannot accurately predict or assure the Reverse Stock Split will produce or maintain the desired results (for more information on the risks see the section below titled "Certain Risks Associated with a Reverse Stock Split"). However, our board of directors believes that the benefits to the Company and our shareholders outweigh the risks.

Reasons for the Reverse Stock Split

The primary purpose for effecting the Reverse Stock Split would be to increase the per share price of our Common Stock. Our board of directors believes that effecting the reverse stock split would, among other things, help us to:

Meet certain listing requirements of the NASDAQ Capital Market;

Appeal to a broader range of investors to generate greater investor interest in the Company, and

Improve the perception of our Common Stock as an investment security.

Meet Certain Listing Requirements of the NASDAQ Capital Market – We plan to apply for listing on the NASDAQ Capital Market. The NASDAQ Capital Market's listing standards provide that applicants must have a bid price of at least \$4 per share, or in certain circumstances, a closing price of \$3 per share. The Company's Common Stock has traded at below \$1 per share. Therefore, the Reverse Stock Split is intended to increase the Company's share price to

facilitate compliance with the NASDAQ Capital Market's listing criteria.

Improve the Perception of Our Common Stock as an Investment Security - Our board of directors unanimously approved the Reverse Stock Split as one potential means of increasing the share price of our Common Stock to improve the perception of our Common Stock as a viable investment security. Lower-priced stocks have a perception in the investment community as being risky and speculative, which may negatively impact not only the price of our Common Stock, but also our market liquidity.

Appeal to a Broader Range of Investors to Generate Greater Investor Interest in the Company - An increase in our stock price may make our Common Stock more attractive to investors. Brokerage firms may be reluctant to recommend lower-priced securities to their clients. Many institutional investors have policies prohibiting them from holding lower-priced stocks in their portfolios, which reduces the number of potential purchasers of our Common Stock. Investment funds may also be reluctant to invest in lower-priced stocks. Investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower-priced stocks. The Reverse Stock Split is intended to address these issues.

Certain Risks Associated with a Reverse Stock Split

When the Reverse Stock Split is effected, some or all of the expected benefits discussed above may not be realized or maintained. The market price of our Common Stock will continue to be based, in part, on our performance and other factors unrelated to the number of shares outstanding.

The Reverse Stock Split will reduce the number of outstanding shares of our Common Stock without reducing the number of shares of available but unissued Common Stock, which will also have the effect of increasing the number of authorized but unissued shares. The issuance of additional shares of our Common Stock may have a dilutive effect on the ownership of existing shareholders.

Principal Effects of a Reverse Stock Split

After giving effect to the Reverse Stock Split, our issued and outstanding shares of Common Stock would decrease substantially. After the Reverse Stock Split, there would be only one share of Common Stock outstanding for every 80 shares of Common Stock currently outstanding. The Reverse Stock Split would be effected simultaneously for all of our Common Stock, and the exchange ratio would be the same for all shares of Common Stock. The Reverse Stock Split would affect all of our shareholders uniformly and would not affect any shareholder's percentage ownership interests in the Company, except to the extent that it results in a shareholder receiving cash in lieu of fractional shares. The Reverse Stock Split would not affect the relative voting or other rights that accompany the shares of our Common Stock, except to the extent that it results in a shareholder receiving cash in lieu of fractional shares. Common Stock issued pursuant to the Reverse Stock Split would remain fully paid and non-assessable. The Reverse Stock Split would not affect our securities law reporting and disclosure obligations, and we would continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

In addition to the change in the number of shares of Common Stock outstanding, a reverse stock split would have the following effects:

Increase the Per Share Price of our Common Stock - By effectively condensing a number of pre-split shares into one share of Common Stock, the per share price of a post-split share is generally greater than the per share price of a pre-split share. The amount of the initial increase in per share price and the duration of such increase, however, is uncertain.

Increase in the Number of Shares of Common Stock Available for Future Issuance - By reducing the number of shares outstanding without reducing the number of shares of available but unissued Common Stock, the Reverse Stock Split will increase the number of authorized but unissued shares. Our board of directors believes that the increase is appropriate for use to fund future operations of the Company and possible future acquisitions.

A Reverse Stock Split without a reduction in the number of shares authorized for issuance will reduce the proportion of shares owned by our shareholders relative to the number of shares authorized for issuance, giving our board of

directors an effective increase in the authorized shares available for issuance, in its discretion. Our board of directors from time to time may deem it to be in the best interests of the Company and our shareholders to enter into transactions and other ventures that may include the issuance of shares of our Common Stock. Therefore, the dilution to the ownership interest of our existing shareholders may be greater than would occur had the Reverse Stock Split not been effected. Many stock issuances not involving equity compensation do not require shareholder approval, and our board of directors generally seeks approval of our shareholders in connection with a proposed issuance only if required at that time. In addition, certain other aspects of proposed changes in our capital structure will have dilutive effects on the holders of our Common Stock. Please see "Dilution" below.

Require Adjustment to Currently Outstanding Securities Exercisable or Convertible into Shares of our Common Stock
- A reverse stock split would effect a reduction in the number of shares of Common Stock issuable upon the exercise or conversion of our outstanding stock options and warrants in proportion to the Reverse Stock Split ratio. Additionally, the exercise price of outstanding options and warrants would increase, likewise in proportion to the Reverse Stock Split ratio.

In addition, the Reverse Stock Split may result in some shareholders owning "odd lots" of less than 100 shares of Common Stock, which may be more difficult to sell and may cause those holders to incur greater brokerage commissions and other costs upon sale.

Recapitalization. The Reverse Stock Split is part of a plan to recapitalize the Company. On January 7, 2014, a special committee of our board of directors approved a recapitalization of the Company pursuant to which Sillerman Investment Company LLC, an affiliate of Mr. Sillerman, and the other holders of the Company's Series A Preferred Stock and Series B Preferred Stock will exchange their Series A Preferred Stock and Series B Preferred Stock for shares of the Company's Common Stock. There are currently 34,275 shares of Series A Preferred Stock outstanding, each of which has a stated value of \$1,000 and accrues dividends at 7% per share. Each share of Series A Preferred will be exchanged for a number of shares of Common Stock equal to the stated value of the share, plus all accrued and unpaid dividends thereon, multiplied by 16. For example, if a share of Series A Preferred Stock has \$20 in accrued and unpaid dividends, then the stated value of such share plus accrued and unpaid dividends on the share would equal \$1,020, and the share would be exchanged for 16,320 shares of Common Stock, which amount would be further combined into 204 shares after giving effect to the Reverse Stock Split. In addition, there are 21,804.2 shares of Series B Preferred Stock outstanding. Each share of Series B Preferred will be exchanged for one share of Common Stock, which will then be further combined into 0.0125 shares after giving effect to the Reverse Stock Split. Based on the amount of accrued dividends as of January 30, 2014, the shares of Series A Preferred Stock and Series B Preferred Stock would be exchanged for a total of 7,031,351 shares of our Common Stock, after giving effect to the Reverse Stock Split. Consummation of the Recapitalization is contingent upon the completion of the proposed public offering described in the next paragraph. Our board of directors believes that this recapitalization and the Reverse Stock Split will place the Company in the best position to raise additional funds in the future.

Proposed Offering. On January 10, 2014, we also filed with the Securities and Exchange Commission a Registration Statement on Form S-1 to register shares of our Common Stock. Pursuant to this Form S-1, we intend to raise up to \$50,000,000 in a public offering of additional shares of our Common Stock, excluding any shares of our Common Stock to cover over-allotments, if any. There can be no assurance that we will be able to consummate an offering for this amount or at all. We intend to issue shares at a price determined by the market, and there is no guarantee that the price for shares sold in the proposed offering will reflect the current per share trading price of our shares of Common Stock. The issuance of any shares pursuant to the proposed public offering will be dilutive to the current holders of our Common Stock, as further described in the section entitled "Dilution" below.

Authorized Shares of Common Stock

The Reverse Stock Split Proposal will not change the number of authorized shares of Common Stock but will increase the number of authorized shares available for future issuance for corporate needs such as equity financing, retirement of outstanding indebtedness, stock splits and stock dividends, employee benefit plans, or other corporate purposes as may be deemed by our board of directors to be in the best interests of the Company and its shareholders. Our board of directors believes the increase in available shares for future issuance is appropriate to fund such matters. It will also provide the Company with greater flexibility to respond quickly to advantageous business opportunities. However, we may from time to time explore opportunities to make acquisitions through the use of stock. As a result, the Company's current number of authorized shares of Common Stock may enable the Company to better meet its future business needs.

We believe that the current amount of authorized Common Stock will make a sufficient number of shares available, should the Company decide to use its shares for one or more of such previously mentioned purposes or otherwise. The current capital will provide our board of directors with the ability to issue additional shares of stock without further vote of the shareholders of the Company, except as provided under Delaware corporate law or under the rules of any national securities exchange on which shares of stock of the Company are then listed.

Dilution

The Reverse Stock Split and other proposed changes to our capital structure, including the recapitalization and the proposed offering described above, will result in dilution to holders of our Common Stock. Set forth below is a chart that shows the potential dilutive effects of the Reverse Stock Split, the recapitalization and the proposed offering to holders of our Common Stock.

Details of Dilutive Effects:

	Current Capitalization	Total After 1-for-80 Reverse Stock Split	Issued in Exchange of Series A Preferred (2)(3)	Issued in Exchange of Series B Preferred (2)(4)	Issued for Antidilution Provisions in Certain Agreements (2)(4)	Issued in Proposed Public Offering (2)(5)	Total After All Changes in Our Capitalization (2)
Authorized Shares	300,000,000	300,000,000					300,000,000
Outstanding Shares	120,791,240	1,509,891	7,031,048	273	759,033	1,562,500	10,862,745
Reserved for Issuance (1)	97,434,361	1,217,929			190,798		1,408,727

Total Outstanding Plus Reserved	218,225,601	2,727,820	12,271,472
Shares Remaining Available for Issuance (6)	81,774,399	297,272,180	287,728,528

(1) Includes shares reserved for issuance upon the exercise or vesting of warrants, employee restricted stock units, and employee options.

(2) Post-Reverse Stock Split

- (3) Our Series A Preferred Stock accrues dividends at a rate of 7% per year. Upon exchange, the face value of the Series A Preferred Stock, as well as accrued and unpaid dividends, will be exchanged for Common Stock. This number reflects accrued and unpaid dividends through January 30, 2014.
- (4) In connection with our acquisitions of wetpaint.com, inc. and Dijit Media, Inc., we entered into agreements that provide for certain antidilution provisions to shareholders who received shares in such acquisitions, and these antidilution provisions would be triggered by the changes in our capital structure described herein, resulting in the issuance of additional shares of our Common Stock to such shareholders. In addition, we issued certain warrants that also have antidilution provisions which would be triggered by the changes in our capital structure described herein, resulting in the issuance of additional warrants.
- (5) To determine shares issued for the proposed public offering described in the Form S-1 filed on January 10, 2014, we have assumed the price per share was at a 20% discount to the split-adjusted closing price of \$40.00 on January 29, 2014. The actual discount in the offering could be higher or lower.

(6) Equals total authorized shares less outstanding shares and less shares reserved for issuance.

Prior to the proposed changes in our capital structure, there are 120,791,240 shares of our Common Stock outstanding. In addition, there are 34,275 shares of our Series A Convertible Preferred Stock (the "Series A Preferred") and 21,804.2 shares of our Series B Convertible Preferred Stock (the "Series B Preferred") outstanding. The shares of Series A Preferred rank senior in liquidation preference to our shares of Common Stock. The Reverse Stock Split is not conditioned upon the consummation of the recapitalization or the offering, and we anticipate that the Reverse Stock Split will be consummated prior to the consummation of the recapitalization and the proposed offering. After giving effect to the Reverse Stock Split, the 120,791,240 shares of our outstanding Common Stock will be combined into 1,509,891 shares of our Common Stock. After the Reverse Stock Split and in connection with the proposed offering, we intend to effect the recapitalization described above. In the proposed recapitalization the holders of the Series A Preferred will exchange their shares of Series A Preferred for approximately 7,031,048 shares of our Common Stock (post-Reverse Stock Split), and the holders of the Series B Preferred will exchange their shares of Series B Preferred for approximately 273 shares of our Common Stock (post-Reverse Stock Split). As a result, holders of our Preferred Stock will exchange their Preferred Stock for approximately 7,031,321 shares of our Common Stock, which we anticipate will represent approximately 82.3% of our total shares of outstanding Common Stock at that time. After consummation of the recapitalization, holders of the Series A Preferred will no longer own stock that ranks senior to our Common Stock, which we believe will facilitate our ability to consummate the proposed public offering.

If we complete the proposed public offering, the holders of our Common Stock will experience further dilution as a result of the shares of Common Stock issued in the offering. While there can be no assurances as to the price at which shares would be sold in the proposed offering, we have assumed for purposes of the chart above that shares of our Common Stock could be sold at a 20% discount to our current per share trading price, after taking into account the proposed Reverse Stock Split. The actual discount in the offering could be higher or lower. Based on that assumption, if we raised \$50,000,000 in the proposed offering, we would issue 1,562,500 shares of our Common Stock (post-Reverse Stock Split), which would further dilute the ownership of the current holders of our Common Stock.

Based on the assumptions above and after giving effect to the Reverse Stock Split, the recapitalization and the proposed public offering, we would have a total of 10,862,745 shares of our Common Stock outstanding. After giving effect to the Reverse Stock Split, however, the number of shares that we are authorized to issue will remain at 300,000,000. Accordingly, our Board may authorize the issuance of up to 287,728,528 additional shares of our Common Stock without seeking approval of our stockholders. This represents a significant increase in the proportionate percentage of shares of our Common Stock that we would be able to issue without seeking stockholder approval, and such additional shares of Common Stock could be issued, among other purposes, in financing transactions or to resist or frustrate a third party transaction. This could have an anti-takeover effect, in that additional shares of Common Stock could be issued, within the limits imposed by applicable law, in one or more transactions that could make a change of control or takeover of us more difficult.

Accordingly, after giving effect to the proposed Reverse Stock Split, the recapitalization and the proposed offering, based on the assumptions described herein, the 120,791,240 shares of our Common Stock that today constitute all of our issued Common Stock would represent 13.9% of our outstanding shares of Common Stock after the proposed changes in our capital structure.

Procedure for Effecting Reverse Stock Split and Exchange of Stock Certificates

We will file a certificate of amendment to our certificate of incorporation with the Secretary of the State of Delaware. The certificate of amendment would add a new provision providing that holders of our Common Stock immediately prior to the filing of the amendment will receive one share of Common Stock for each 80 shares they currently hold. Upon the filing of the certificate of amendment, and without any further action on the part of the Company or our shareholders, the issued shares of Common Stock held by shareholders of record as of the effective date of the Reverse Stock Split would be converted into a lesser number of shares of Common Stock calculated in accordance with the Reverse Stock Split ratio of one-for-eighty (1:80).

For example, if a shareholder presently holds 160 shares of our Common Stock, he or she would hold 2 shares of Common Stock following the Reverse Stock Split. If a shareholder presently holds 100 shares of our Common Stock, he or she would hold one share of Common Stock following the Reverse Split, and would receive an additional amount of cash in lieu of fractional shares as described below under “Fractional Shares.” Beginning on the effective date of the split, each certificate representing pre-split shares would be deemed for all corporate purposes to evidence ownership of post-split shares.

As soon as practicable after the effective date of the Reverse Stock Split, shareholders will be notified that the Reverse Stock Split had been effected.

Effect on Beneficial Holders (i.e., Shareholders Who Hold in “Street Name”)

Upon the Reverse Stock Split, we intend to treat Common Stock held by shareholders in “street name,” through a bank, broker or other nominee, in the same manner as shareholders whose shares are registered in their own names. Banks,

brokers or other nominees will be instructed to effect the Reverse Stock Split for their customers holding Common Stock in "street name." However, these banks, brokers or other nominees may have different procedures than registered shareholders for processing the Reverse Stock Split. If you hold shares of Common Stock with a bank, broker or other nominee and have any questions in this regard, you are encouraged to contact your bank, broker or other nominee.

Effect on Certificated Shares

Upon the Reverse Stock Split, our exchange agent will assist holders of Common Stock in implementing the exchange of their certificates.

Commencing on the effective date of a Reverse Stock Split, shareholders holding shares in certificated form will be sent a transmittal letter by our exchange agent. The letter of transmittal will contain instructions on how a shareholder should surrender his or her certificates representing Common Stock ("Old Certificates") to the exchange agent in exchange for certificates representing the appropriate number of whole post-reverse stock split Common Stock, as applicable ("New Certificates"). No New Certificates will be issued to a shareholder until that shareholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the exchange agent. No shareholder will be required to pay a transfer or other fee to exchange Old Certificates. The letter of transmittal will contain instructions on how you may obtain New Certificates if your Old Certificates have been lost. If you have lost your certificates, you will have to pay any surety premium and the service fee required by our escrow agent.

Until surrendered, we will deem outstanding Old Certificates held by shareholders to be canceled and only to represent the number of whole shares to which these shareholders are entitled.

Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of shares, will automatically be exchanged for New Certificates.

Shareholders should not destroy any stock certificates and should not submit any certificates until requested to do so by the exchange agent. Shortly after the Reverse Stock Split the exchange agent will provide registered shareholders with instructions and a letter of transmittal for converting Old Certificates into New Certificates. Shareholders are encouraged to promptly surrender Old Certificates to the exchange agent in order to avoid having shares become subject to escheat laws.

Fractional Shares

No fractional shares will be issued in connection with the Reverse Stock Split. Shareholders of record who otherwise would be entitled to receive fractional shares will be entitled to an amount in cash (without interest or deduction) equal to the fraction of one share to which such shareholder would otherwise be entitled multiplied by the product of: (i) the closing price of the Company's Common Stock on the day immediately before the effective date of the split and (ii) 80. For example, if a shareholder holds 200 shares of Common Stock prior to the Reverse Split, and the closing price of the Company's Common Stock on the day immediately prior to the effective date of the Reverse Stock Split is \$0.50, the shareholder would receive 2 shares of Common Stock and would receive \$20 for the shareholder's 0.5 fractional shares. Except for the right to receive the cash payment in lieu of fractional shares, shareholders will not have any voting, dividend or other rights with respect to the fractional shares they would otherwise be entitled to receive.

Shareholders should be aware that, under the escheat laws of the various jurisdictions where shareholders may reside, where we are domiciled, and where the funds will be deposited, sums due for fractional interests that are not timely claimed after the effective date of the reverse stock split may be required to be paid to the designated agent for each such jurisdiction, unless correspondence has been received by us or the exchange agent concerning ownership of such funds within the time permitted in such jurisdiction. Thereafter, shareholders otherwise entitled to receive such funds will have to seek to obtain them directly from the state to which they were paid.

Accounting Matters

The par value of our Common Stock will remain unchanged at \$0.001 per share upon the occurrence of the Reverse Stock Split.

The Company's shareholders' equity in its consolidated balance sheet would not change in total. However, the Company's stated capital (i.e., \$0.001 par value times the number of shares issued and outstanding), would be proportionately reduced based on the reduction in shares of Common Stock outstanding. Additional paid in capital would be increased by an equal amount, which would result in no overall change to the balance of shareholders' equity.

Additionally, net income or loss per share for all periods would increase proportionately as a result of the Reverse Stock Split since there would be a lower number of shares outstanding. We do not anticipate that any other material accounting consequences would arise as a result of the Reverse Stock Split.

A reduction in stated capital will create a corresponding increase in paid-in surplus (i.e., the excess of net assets over stated capital), and the Company may make distributions, such as the payment of dividends, up to the amount of its surplus provided that the distribution does not cause it to become insolvent, and subject to the limitations of its debt financing agreements.

Potential Anti-Takeover Effect

Even though the Reverse Stock Split would result in an increased proportion of unissued authorized shares to issued shares, which could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of our board of directors or contemplating a tender offer or other transaction for the combination of us with another company), the Reverse Split Proposal is not being proposed in response to any effort of which we are aware to accumulate shares of our Common Stock or obtain control of us, nor is it part of a plan by management to recommend a series of similar amendments to our board of directors and our shareholders.

No Appraisal Rights

Our shareholders are not entitled to appraisal rights with respect to the Reverse Stock Split, and we will not independently provide shareholders with any such right.

Federal Income Tax Consequences of a Reverse Stock Split

The following discussion is a summary of certain U.S. federal income tax consequences of the Reverse Stock Split to the Company and to shareholders that hold shares of Common Stock as capital assets for U.S. federal income tax purposes. This discussion is based upon provisions of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), the Treasury regulations promulgated under the Code, and U.S. administrative rulings and court decisions, all as in effect on the date hereof and all of which are subject to change, possibly with retroactive effect, and differing interpretations. Changes in these authorities may cause the U.S. federal income tax consequences of the Reverse Stock Split to vary substantially from the consequences summarized below.

This summary does not address all aspects of U.S. federal income taxation that may be relevant to shareholders in light of their particular circumstances or to shareholders who may be subject to special tax treatment under the Code, including, without limitation, dealers in securities, commodities or foreign currency, persons who are treated as non-U.S. persons for U.S. federal income tax purposes, certain former citizens or long-term residents of the United States, insurance companies, tax-exempt organizations, banks, financial institutions, small business investment companies, regulated investment companies, real estate investment trusts, retirement plans, persons that are partnerships or other pass-through entities for U.S. federal income tax purposes, persons whose functional currency is not the U.S. dollar, traders that mark-to-market their securities, persons subject to the alternative minimum tax, persons who hold their shares of Common Stock as part of a hedge, straddle, conversion or other risk reduction transaction, or who acquired their shares of Common Stock pursuant to the exercise of compensatory stock options, the vesting of previously restricted shares of stock or otherwise as compensation. If a partnership or other entity classified as a partnership for U.S. federal income tax purposes holds shares of Common Stock, the tax treatment of a partner thereof will generally depend upon the status of the partner and upon the activities of the partnership. If you are a partner in a partnership holding shares of the Company's common stock, you should consult your tax advisor regarding the tax consequences of the reverse stock split.

The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service (“IRS”) regarding the federal income tax consequences of the Reverse Stock Split. The state and local tax consequences of the reverse split may vary as to each shareholder, depending on the jurisdiction in which such shareholder resides. This discussion should not be considered as tax or investment advice, and the tax consequences of the Reverse Stock Split may not be the same for all shareholders. Shareholders should consult their own tax advisors to know their individual federal, state, local and foreign tax consequences.

Tax Consequences to the Company. We believe that the Reverse Stock Split will constitute a reorganization under Section 368(a)(1)(E) of the Internal Revenue Code. Accordingly, we should not recognize taxable income, gain or loss in connection with the Reverse Stock Split. In addition, we do not expect the Reverse Stock Split to affect our ability to utilize our net operating loss carryforwards.

Tax Consequences to Shareholders. Shareholders should not recognize any gain or loss for U.S. federal income tax purposes as a result of the Reverse Stock Split, except to the extent of any cash received in lieu of a fractional share of Common Stock (which fractional share will be treated as received and then exchanged for cash). Each shareholder’s aggregate tax basis in the Common Stock received in the Reverse Stock Split, including any fractional share treated as received and then exchanged for cash, should equal the shareholder’s aggregate tax basis in the Common Stock exchanged in the Reverse Stock Split. In addition, each shareholder’s holding period for the Common Stock it receives in the Reverse Stock Split should include the shareholder’s holding period for the Common Stock exchanged in the Reverse Stock Split.

In general, a shareholder who receives cash in lieu of a fractional share of Common Stock pursuant to the Reverse Stock Split should be treated for U.S. federal income tax purposes as having received a fractional share pursuant to the Reverse Stock Split and then as having received cash in exchange for the fractional share and should generally recognize capital gain or loss equal to the difference between the amount of cash received and the shareholder’s tax basis allocable to the fractional share. Any capital gain or loss will generally be long term capital gain or loss if the shareholder’s holding period in the fractional share is greater than one year as of the effective date of the Reverse Stock Split. Special rules may apply to cause all or a portion of the cash received in lieu of a fractional share to be treated as dividend income with respect to certain shareholders who own more than a minimal amount of common stock (generally more than 1%) or who exercise some control over the affairs of the Company. Shareholders should consult their own tax advisors regarding the tax effects to them of receiving cash in lieu of fractional shares based on their particular circumstances.

Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this Reverse Split Proposal except to the extent of their ownership of shares of our Common Stock.

ACTION NO. 4

AMENDMENT OF OUR 2011 EXECUTIVE INCENTIVE PLAN
TO INCREASE THE AGGREGATE NUMBER OF SHARES OF COMMON STOCK
RESERVED AND AVAILABLE FOR ISSUANCE
THEREUNDER FROM 30,000,000 TO 60,000,000 PRE-SPLIT SHARES
AND TO 3,750,000 POST-SPLIT SHARES

Our 2011 Executive Incentive Plan (the “2011 Plan”) was adopted by our board of directors on February 15, 2011 and first approved by our stockholders on February 21, 2011. Our Executive Incentive Plan was amended by written consent of the holder of the majority of the Company’s common stock on December 14, 2012 to increase the number of shares of our common stock available for issuance under the 2011 Plan by 15,000,000 shares from 15,000,000 to 30,000,000 shares.

The Written Consent approved an amendment to the 2011 Plan to increase the number of shares of our common stock reserved and available for issuance under the 2011 Plan by 30,000,000 pre-split shares from 30,000,000 to 60,000,000 shares. In addition, upon the closing of the Reverse Stock Split, the number of shares available for issuance on the Plan would re-set to 750,000, and therefore, upon the effective date of the Reverse Stock Split, the number of shares available for issuance under the Plan will be increased to 3,750,000. The 2011 Plan as amended by the Written Consent is attached as Annex B to this Information Statement.

Summary of Amendment

The Written Consent approved an amendment to the 2011 Plan to increase the number of shares of our common stock reserved and available for issuance under the 2011 Plan by 30,000,000 shares. Our board of directors approved the proposed amendment on January 8, 2014. In addition, upon the closing of the Reverse Stock Split, the number of shares available for issuance under the Plan will be adjusted to 750,000, based on the one-for-eighty ratio of the Reverse Stock Split. Accordingly, upon the closing of the Reverse Stock Split, the number of shares available for issuance under the Plan will be further increased to 3,750,000. The amendment is necessary to properly compensate and reward existing employees and attract qualified individuals to work at the Company.

Under the DCGL and our Bylaws, the Written Consent is sufficient to approve the amendment to the 2011 Plan without the vote or consent of any of the other stockholders of the Company.

Summary of Material Provisions of the 2011 Plan

The following is a summary of certain material provisions of the 2011 Executive Incentive Plan, which we refer to therein as the “2011 Plan.” This summary is qualified in its entirety by reference to the complete text of the 2011 Plan as proposed to be amended, which is attached as Exhibit B to this Information Statement.

The 2011 Plan is not subject to any provision of the Employee Retirement Income Security Act of 1974, as amended, and is not qualified under Section 401(a) of the Code.

Purpose

The purpose of the 2011 Plan is to assist us in recruiting and retaining qualified employees, consultants, advisors and non-employee directors and to allow us to build a satisfying long-term relationship with these individuals through recognition of their contributions to our affiliates and to us.

Shares Available for Awards; Annual Per-Person Limitations

Under the 2011 Plan, 30,000,000 shares of our common stock are currently reserved and available for issuance (not including the 30,000,000 shares which are subject to the amendment approved by the Written Consent) under the 2011 Plan. If any shares subject to an award are forfeited, expire or otherwise terminate without issuance of shares, or are settled for cash or otherwise do not result in the issuance of shares, then the shares subject to such forfeiture, expiration, termination, cash settlement or non-issuance will again become available for awards under the 2011 Plan. The maximum number of shares of our common stock that may be issued under the 2011 Plan as a result of the exercise of “incentive stock options,” as defined under Section 422 of the Code (“ISOs”), is 250.

The 2011 Plan imposes individual limitations on the amount of certain awards in part to comply with Section 162(m) of the Code. Under these limitations, during any fiscal year the number of stock options or stock appreciation rights granted to any one participant may not exceed 6,000,000 shares of our common stock and the number of restricted stock, deferred stock, performance shares and other stock based awards may not exceed 6,000,000 shares of our common stock, subject to adjustment in certain circumstances. In addition, the maximum dollar value payable to any one eligible person with respect to performance awards is \$5,000,000 with respect to any performance period.

The compensation committee of our board of directors administers the 2011 Plan. The compensation committee is authorized to adjust the limitations described in the two preceding paragraphs and is authorized to adjust outstanding awards (including adjustments to exercise prices of options and other affected terms of awards) in the event that a dividend or other distribution (whether in cash, shares of common stock or other property), recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange or other similar corporate transaction or event affects our common stock so that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of participants. The compensation committee is also authorized to adjust performance conditions and other terms of awards in response to these kinds of events, upon a change in control, or in response to changes in applicable laws, regulations or accounting principles.

Eligibility

The persons eligible to receive awards under the 2011 Plan are the officers, directors, employees, consultants and other persons who provide services to our company or any of its related entities. An employee on leave of absence may be considered as still in the employ of our company or a related entity for purposes of eligibility for participation in the 2011 Plan. In this summary, we refer to an eligible person who receives an award under the 2011 Plan as a “participant” or a “recipient.”

Administration

The compensation committee administers the 2011 Plan. The 2011 Plan must be administered by members of our board of directors who are “non-employee directors” as defined by Rule 16b-3 of the Securities Exchange Act, “outside directors” for purposes of Section 162(m) of the Code, and “independent” as defined by The NASDAQ Global Market (or any other national securities exchange on which any of our securities may be listed for trading in the future). However, to the extent that our board of directors elects and is permitted to administer the 2011 Plan under its terms, only the “independent” members of our board of directors may exercise any power or authority granted to administer the 2011 Plan. Subject to the terms of the 2011 Plan, the compensation committee is authorized to select eligible persons to receive awards, determine the type and number of awards to be granted and the number of shares of our common stock to which awards will relate, specify times at which awards will be exercisable or settleable (including performance conditions that may be required as a condition thereof), set other terms and conditions of awards, prescribe forms of award agreements (which need not be identical for each participant), interpret and specify rules and regulations relating to the 2011 Plan and make all other determinations that may be necessary or advisable for the administration of the 2011 Plan. In exercising any discretion granted to the compensation committee under the 2011 Plan or pursuant to any award, the compensation committee shall not be required to follow past practices, act in a manner consistent with the treatment of other eligible persons or participants.

Types of Awards

Stock Options and Stock Appreciation Rights. The compensation committee is authorized to grant stock options, including nonqualified stock options and ISOs, which can result in potentially favorable tax treatment to a participant, and stock appreciation rights.

Stock appreciation rights may be granted without regard to any option (“Stand-Alone Stock Appreciation Rights”) or in conjunction with all or part of any option granted under the 2011 Plan (“Tandem Stock Appreciation Rights”). Stock appreciation rights entitle the participant to receive the amount by which the fair market value of a share of our common stock on the date of exercise exceeds the grant price of the stock appreciation right, as determined by the compensation committee.

The exercise price per share of an option and the grant price of a stock appreciation right must not be less than 100% of the fair market value of a share of our common stock on the date of grant or, in the case of a Tandem Stock Appreciation Right, less than the associated option exercise price. In the event a participant is deemed to be a 10% owner of our company or one of its subsidiaries, the exercise price of an ISO cannot be less than 110% of the common stock's fair market value on the date the ISO is granted. For purposes of the 2011 Plan, the term "fair market value" means the fair market value of our common stock, awards or other property as determined by the compensation committee or under procedures established by the compensation committee. Unless otherwise determined by the compensation committee, the fair market value of a share of our common stock as of any given date is the closing sale price per share as reported on the principal stock exchange or market on which our common stock is traded on the date immediately preceding the date as of which such value is being determined or, if there is no sale on that date, then on the last previous day on which a sale was reported. The maximum term of each option or stock appreciation right, the times at which each option or stock appreciation right will be exercisable, and provisions requiring forfeiture of unexercised options or stock appreciation rights at or following termination of employment or service generally are fixed by the compensation committee except that no option or stock appreciation right may have a term exceeding 10 years (or 5 years in the case of an ISO granted to a participant who is deemed to be a 10% owner of our company or one of its subsidiaries). Options may be exercised by payment of the exercise price in cash, shares, outstanding awards or other property, as the compensation committee may determine from time to time. Methods of exercise and settlement and other terms of the stock appreciation rights are determined by the compensation committee. A Tandem Stock Appreciation Right may be granted at the same time as the related option is granted or, for options that are not ISOs, at any time thereafter before exercise or expiration of such option. A Tandem Stock Appreciation Right may only be exercised when the related option would be exercisable and the fair market value of the shares subject to the related option exceeds the option's exercise price. Any option related to a Tandem Stock Appreciation Right will no longer be exercisable to the extent the Tandem Stock Appreciation Right has been exercised and any Tandem Stock Appreciation Right will no longer be exercisable to the extent the related option has been exercised.

Restricted and Deferred Stock. The compensation committee is authorized to grant restricted stock and deferred stock. Restricted stock is a grant of shares of our common stock which may not be sold or disposed of, and which will be subject to any risks of forfeiture and other restrictions as the committee may impose. A recipient granted restricted stock generally has all of the rights of a stockholder of our company, unless otherwise determined by the compensation committee. An award of deferred stock confers upon the recipient the right to receive shares of our common stock at the end of a specified deferral period, subject to any risks of forfeiture and other restrictions as the compensation committee may impose. Prior to settlement, an award of deferred stock carries no voting or dividend rights or other rights associated with share ownership, although dividend equivalents may be granted, as discussed below.

Dividend Equivalents. The compensation committee is authorized to grant dividend equivalents conferring on recipients the right to receive, currently or on a deferred basis, cash, shares of our common stock, other awards or other property equal in value to dividends paid on a specific number of shares of our common stock or other periodic payments. Dividend equivalents may be granted alone or in connection with another award, may be paid currently or on a deferred basis and, if deferred, may be deemed to have been reinvested in additional shares of our common stock, awards or otherwise as specified by the compensation committee.

Bonus Stock and Awards in Lieu of Cash Obligations. The compensation committee is authorized to grant shares of our common stock as a bonus free of restrictions, or to grant shares of common stock or other awards in lieu of obligations of our company to pay cash under the 2011 Plan or other plans or compensatory arrangements, subject to any terms as the compensation committee may specify.

Other Stock-Based Awards. The compensation committee is authorized to grant awards that are denominated or payable in, valued by reference to, or otherwise based on or related to shares of our common stock. The compensation committee determines the terms and conditions of those awards.

Performance Awards. The compensation committee is authorized to grant performance awards to participants on terms and conditions established by the compensation committee. The performance criteria to be achieved during any performance period and the length of the performance period is determined by the compensation committee upon the grant of the performance award, provided, that a performance period shall not be shorter than twelve (12) months nor longer than five (5) years. Performance awards may be valued by reference to a designated number of shares of our common stock (in which case they are referred to as performance shares) or by reference to a designated amount of property including cash (in which case they are referred to as performance units). Performance awards may be settled by delivery of cash, shares or other property, or any combination of those things, as determined by the compensation committee. Performance awards granted to persons whom the compensation committee expects will, for the year in which a deduction arises, be “covered employees” (as defined below), and will, if and to the extent intended by the compensation committee, be subject to provisions that should qualify those awards as “performance-based compensation” not subject to the limitation on tax deductibility by the company under Code Section 162(m). For purposes of Section 162(m), the term “covered employee” means the company’s chief executive officer and each other person whose compensation is required to be disclosed in the company’s filings with the SEC by reason of the employee being among our four (4) highest compensated officers for the taxable year (other than our chief executive officer). If and to the extent required under Section 162(m) of the Code, any power or authority relating to a performance award intended to qualify under Section 162(m) of the Code is to be exercised by the compensation committee and not our board of directors.

If and to the extent that the compensation committee determines that these provisions of the 2011 Plan are to be applicable to any award, one or more of the following business criteria for our company and its related entities, on a consolidated basis, and/or for any of its related entities, or for business or geographical units of our company and/or any of its related entities (except with respect to the total stockholder return and earnings per share criteria), will be

used by the compensation committee in establishing performance goals for awards under the 2011 Plan: (1) earnings per share; (2) revenues or margins; (3) cash flow; (4) operating margin; (5) return on net assets, investment, capital or equity; (6) economic value added; (7) direct contribution; (8) net income; pretax earnings; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings after interest expense and before extraordinary or special items; operating income; income before interest income or expense, unusual items and income taxes, local, state or federal and excluding budgeted and actual bonuses which might be paid under any ongoing bonus plans of the company; (9) working capital; (10) management of fixed costs or variable costs; (11) identification or consummation of investment opportunities or completion of specified projects in accordance with corporate business plans, including strategic mergers, acquisitions or divestitures; (12) total stockholder return; (13) debt reduction; (14) market share; (15) entry into new markets, either geographically or by business unit; (16) customer retention and satisfaction; (17) strategic plan development and implementation, including turnaround plans; and/or (18) the fair market value of a share of our common stock. Any of the above goals may be determined on an absolute or relative basis (e.g., growth in earnings per share) or as compared to the performance of a published or special index deemed applicable by the compensation committee including, but not limited to, the Standard & Poor's 500 Stock Index or a group of companies that are comparable to our company. Performance goals must be established not later than 90 days after the beginning of the performance period applicable to the performance awards or such other date as may be required for performance-based compensation treatment under Section 162(m).

After the end of each performance period, the compensation committee will determine and certify whether the performance goals have been achieved. The compensation committee will exclude the impact of an event or occurrence, or otherwise make adjustments to the performance goals, which the compensation committee determines should appropriately be excluded or made to avoid unanticipated results or to otherwise ensure that the results are determined in a manner consistent with the intention of the compensation committee at the time it established the goals, including, without limitation, exclusions or adjustments for (i) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (ii) an event either not directly related to the operations of our company or not within the reasonable control of our company's management, or (iii) a change in accounting standards required by generally accepted accounting principles. The compensation committee may, in its discretion, determine that the amount payable as a performance award will be increased (except in the case of a covered employee) or reduced from the amount of any potential award.

Other Terms of Awards. Awards may be settled in the form of cash, shares of our common stock, other awards or other property, in the discretion of the compensation committee. The compensation committee may require or permit participants to defer the settlement of all or part of an award in accordance with any terms and conditions that the compensation committee may establish, provided that such deferral will satisfy the requirements of Section 409A of the Code. The compensation committee is authorized to place cash, shares of our common stock or other property in trusts or make other arrangements to provide for payment of our company's obligations under the 2011 Plan. The compensation committee may condition any payment relating to an award on the withholding of taxes and may provide that a portion of any shares of our common stock or other property to be distributed will be withheld (or previously acquired shares of our common stock or other property be surrendered by the participant) to satisfy withholding and other tax obligations. Awards granted under the 2011 Plan generally may not be pledged or otherwise encumbered and are not transferable except by will or by the laws of descent and distribution, or to a designated beneficiary upon the participant's death, except that the compensation committee may, in its discretion, permit transfers for estate planning or other purposes subject to any applicable restrictions under Rule 16b-3 of the Securities Exchange Act.

If any award constitutes a "nonqualified deferred compensation plan" under Section 409A of the Code, then the award will be subject to additional restrictions on payment and other requirements if and to the extent required to comply with Section 409A.

Awards under the 2011 Plan are generally granted without a requirement that the recipient pay consideration in the form of cash or property for the grant (as distinguished from the exercise), except to the extent required by law. The compensation committee may, however, grant awards in exchange for other awards under the 2011 Plan, awards under other company plans, or other rights to payment from our company, and may grant awards in addition to and in tandem with other awards, rights or other awards.

Acceleration of Vesting; Change in Control

The compensation committee may provide in an award agreement, or otherwise determine, that upon a "change in control" (as defined in the 2011 Plan), (i) options and stock appreciation rights that previously were not vested or exercisable become immediately exercisable, or (ii) that any restrictions, deferral of settlement and forfeiture conditions applicable to restricted stock, deferred stock, or other stock based awards immediately lapse. In addition, the compensation committee may provide in an award agreement that the performance goals relating to any performance award will be deemed to have been met upon the occurrence of any "change in control."

Adjustment, Amendment and Termination

Subject to certain limitations, the compensation committee is authorized to make adjustments and alterations to awards (including, in some cases, in a manner adverse to a participant) in connection with a change in control, stock dividends or distributions, recapitalizations, mergers and other corporate events, as well as in recognition of other unusual or nonrecurring events affecting our company or its related entities and changes in financial reporting, laws, regulations, taxes, business strategy and other matters. Our board of directors may amend, alter, suspend, discontinue or terminate the 2011 Plan or the compensation committee's authority to grant awards without further stockholder approval (and the compensation committee may alter, amend or terminate any award including, in any case, in a manner adverse to the rights of a participant under an outstanding award), except stockholder approval must be obtained for any amendment or alteration if such approval is required by law or regulation or under the rules of The NASDAQ Global Market or any stock exchange or quotation system on which shares of our common stock are then listed or quoted, including any change in the exercise price of an option if such change would constitute a repricing under such rules. Thus, stockholder approval may not necessarily be required for every amendment to the 2011 Plan which might increase the cost of the 2011 Plan or alter the eligibility of persons to receive awards. Stockholder approval will not be deemed to be required under laws or regulations, such as those relating to ISOs, that condition favorable treatment of participants on such approval, although our board of directors may, in its discretion, seek stockholder approval in any circumstance in which it deems such approval advisable. However, no board or committee action may materially and adversely affect the rights of a participant holding any previously granted or outstanding award without such affected participant's consent. The 2011 Plan will terminate at the earliest of (i) such time as no shares remain available for issuance under the 2011 Plan, (ii) termination of the 2011 Plan by our board of directors or (iii) the tenth anniversary of the effective date. Awards outstanding upon expiration of the 2011 Plan shall remain in effect until they have been exercised or terminated, or have expired.

Awards Outstanding under the 2011 Plan

As of the record date, we had 17,412,049 stock options outstanding under the 2011 Plan with a weighted average exercise price of \$1.67 and a weighted average remaining life of 8.625 years. As of the record date, we had 7,741,314 restricted stock units outstanding under the 2011 Plan with a weighted average grant date fair value of \$10.63. There are currently no other types of awards outstanding under the 2011 Plan. On the record date, the last reported sales price per share of our common stock on The OTC Bulletin Board was \$0.65.

Federal Income Tax Consequences

The following discussion of certain relevant federal income tax consequences applicable to awards granted under the 2011 Plan is a brief summary only, and reference is made to the Code and the regulations and interpretations issued thereunder for a complete statement of all relevant Federal tax consequences. This summary is not intended to be exhaustive and does not address state, local or foreign tax consequences. Moreover, because the tax consequences to any recipient may depend on his particular situation, each recipient should consult his tax adviser as to the Federal, state, local and other tax consequences of the grant or exercise of an award or the disposition of stock acquired as a result of an award.

Nonqualified Stock Options. On exercise of a nonqualified stock option granted under the 2011 Plan, the optionee will recognize ordinary income equal to the excess, if any, of the fair market value on the date of exercise of the shares of stock acquired on exercise of the option over the exercise price. If the optionee is an employee of our company or any of its related entities, that income will be subject to the withholding of Federal income tax. The optionee's tax basis in those shares will be equal to their fair market value on the date of exercise of the option, and his holding period for those shares will begin on that date.

If an optionee pays for shares of stock on exercise of an option by delivering shares of our company's stock, the optionee will not recognize gain or loss on the shares delivered, even if their fair market value at the time of exercise differs from the optionee's tax basis in them. The optionee, however, otherwise will be taxed on the exercise of the option in the manner described above as if he had paid the exercise price in cash. If a separate identifiable stock certificate is issued for that number of shares equal to the number of shares delivered on exercise of the option, the optionee's tax basis in the shares represented by that certificate will be equal to his tax basis in the shares delivered, and his holding period for those shares will include his holding period for the shares delivered. The optionee's tax basis and holding period for the additional shares received on exercise of the option will be the same as if the optionee had exercised the option solely in exchange for cash.

Our company will be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income taxable to the optionee, provided that amount constitutes an ordinary and necessary business expense for our company and is reasonable in amount, and either the employee includes that amount in income or our company timely satisfies its reporting requirements with respect to that amount.

Incentive Stock Options. The 2011 Plan provides for the grant of stock options that qualify as ISOs, as defined in section 422 of the Code, which we refer to as ISOs. Under the Code, an optionee generally is not subject to tax upon the grant or exercise of an ISO. In addition, if the optionee holds a share received on exercise of an ISO for at least two years from the date the option was granted and at least one year from the date the option was exercised, which we refer to as the "required holding period," the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder's tax basis in that share will be long-term capital gain or loss.

If, however, an optionee disposes of a share acquired on exercise of an ISO before the end of the required holding period, which we refer to as a "disqualifying disposition," the optionee generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price. If, however, the disqualifying disposition is a sale or exchange on which a loss, if realized, would be recognized for Federal income tax purposes, and if the sales proceeds are less than the fair market value of the share on the date of exercise of the option, the amount of ordinary income recognized by the optionee will not exceed the gain, if any, realized on the sale. If the amount realized on a disqualifying disposition exceeds the fair market value of the share on the date of exercise of the option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

An optionee who exercises an ISO by delivering shares of stock acquired previously pursuant to the exercise of an ISO before the expiration of the required holding period for those shares is treated as making a disqualifying disposition of those shares. This rule prevents “pyramiding” on the exercise of an ISO (that is, exercising an ISO for one share and using that share, and others so acquired, to exercise successive ISOs) without the imposition of current income tax.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of that option generally will be an adjustment included in the optionee’s alternative minimum taxable income for the year in which the option is exercised. If, however, there is a disqualifying disposition of the share in the year in which the option is exercised, there will be no adjustment with respect to that share. If there is a disqualifying disposition in a later year, no income with respect to the disqualifying disposition is included in the optionee’s alternative minimum taxable income for that year. In computing alternative minimum taxable income, the tax basis of a share acquired on exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the option is exercised.

Our company is not allowed an income tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired on exercise of an ISO after the required holding period. However, if there is a disqualifying disposition of a share, our company is allowed a deduction in an amount equal to the ordinary income includible in income by the optionee, provided that amount constitutes an ordinary and necessary business expense for our company and is reasonable in amount, and either the employee includes that amount in income or our company timely satisfies its reporting requirements with respect to that amount.

Stock Awards. Generally, the recipient of a stock award will recognize ordinary compensation income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received under the 2011 Plan (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days of his or her receipt of the stock award, to recognize ordinary compensation income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient in exchange for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired as stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. Upon the disposition of any stock received as a stock award under the 2011 Plan, the difference between the sales price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year from the date as of which he or she would be required to recognize any compensation income.

Stock Appreciation Rights. Our company may grant Stand-Alone Stock Appreciation Rights or Tandem Stock Appreciation Rights, under the 2011 Plan. Generally, the recipient of a Stand-Alone Stock Appreciation Right will not recognize any taxable income at the time the Stand-Alone Stock Appreciation Right is granted.

With respect to Stand-Alone Stock Appreciation Rights, if the recipient receives the appreciation inherent in the stock appreciation rights in cash, the cash will be taxable as ordinary compensation income to the recipient at the time that the cash is received. If the recipient receives the appreciation inherent in the stock appreciation rights in shares of stock, the recipient will recognize ordinary compensation income equal to the excess of the fair market value of the stock on the day it is received over any amounts paid by the recipient for the stock.

With respect to Tandem Stock Appreciation Rights, if the recipient elects to surrender the underlying option in exchange for cash or shares of stock equal to the appreciation inherent in the underlying option, the tax consequences to the recipient will be the same as discussed above relating to the Stand-Alone Stock Appreciation Rights. If the recipient elects to exercise the underlying option, the holder will be taxed at the time of exercise as if he or she had exercised a nonqualified stock option (discussed above), i.e., the recipient will recognize ordinary income for Federal tax purposes measured by the excess of the then fair market value of the shares of stock over the exercise price.

In general, there will be no Federal income tax deduction allowed to our company upon the grant or termination of Stand-Alone Stock Appreciation Rights or Tandem Stock Appreciation Rights. Upon the exercise of either a Stand-Alone Stock Appreciation Right or a Tandem Stock Appreciation Right, however, our company will be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Dividend Equivalents. Generally, the recipient of a dividend equivalent award will recognize ordinary compensation income at the time the dividend equivalent award is received equal to the fair market value of the award received. Our company generally will be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the dividend equivalent award, provided that the deduction is not otherwise disallowed under the Code.

Section 409A of the Code. The 2011 Plan is also intended to comply with Section 409A of the Code to the extent such section would apply to any award under the 2011 Plan. Section 409A of the Code governs the taxation of deferred compensation. Any participant that is granted an award that is deemed to be deferred compensation, such as a grant of deferred stock, and does not comply with section 409A could be subject to immediate taxation on the award (even if the award is not exercisable) and an additional 20% tax on the award.

Section 162 Limitations. The Omnibus Budget Reconciliation Act of 1993 added Section 162(m) to the Code, which generally disallows a public company's tax deduction for compensation to covered employees in excess of \$1 million in any tax year, beginning on or after January 1, 1994. Compensation that qualifies as "performance-based compensation" is excluded from the \$1 million deductibility cap, and therefore remains fully deductible by the company that pays it. Our company intends that future awards granted to employees under the 2011 Plan whom the compensation committee expects to be covered employees at the time a deduction arises in connection with such options, may, if and to the extent so intended by the committee, be granted in a manner that will qualify as such "performance-based compensation," so that such awards would not be subject to the Section 162(m) deductibility cap of \$1 million. Future changes in Section 162(m) or the regulations thereunder may adversely affect our company's ability to ensure that awards under the 2011 Plan will qualify as "performance-based compensation" that are fully deductible by our company under Section 162(m).

ACTION NO. 5

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In accordance with Section 14A of the Securities Exchange Act of 1934 (Exchange Act), the Company is required to ask its stockholders to approve the compensation paid to our named executive officers, as disclosed in this information statement on pages 11 to 15 pursuant to the compensation disclosure rules of the SEC, in an advisory vote.

This advisory proposal, commonly referred to as a “say-on-pay” proposal, is not binding on our board of directors. Although the voting results are not binding, our board of directors will review and consider them when evaluating our executive compensation program.

Section 14A of the Exchange Act requires us to hold an advisory vote to approve named executive officer compensation at least once every three years.

Under the DCGL and our Bylaws, the Written Consent is sufficient to approve executive officer compensation without the vote or consent of any of the other stockholders of the Company.

ACTION NO. 6

ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In accordance with Section 14A of the Exchange Act, the Company is also required to ask stockholders on whether the advisory vote to approve the compensation paid to our named executive officers (like Proposal No. 3 above) should occur every year, every other year or every three years.

Our board of directors believes that a frequency of every three years for the advisory vote to approve named executive officer compensation is the optimal interval for conducting and responding to a vote to approve named executive officer compensation. There are advantages and disadvantages associated with each of the frequencies permitted under Section 14A of the Exchange Act. Our board of directors believes that holding an advisory vote every three years offers the closest alignment with the Company's approach to executive compensation and its underlying philosophy that seek to enhance the long-term growth of the company and to attract, retain and motivate our executive officers over the long term. Our board of directors believes a three-year cycle for the advisory vote on executive compensation will provide investors the most meaningful timing alternative by which to evaluate the effectiveness of our executive compensation strategies and their alignment with the Company's business and results of operations. Stockholders who have concerns about executive compensation during the interval between votes on the approval of named executive officer compensation may bring their specific concerns to the attention of our board of directors.

Section 14A of the Exchange Act requires us to hold an advisory vote on the frequency of the advisory vote to approve named executive officer compensation at least once every six years.

Although this advisory vote on the frequency of the advisory vote to approve named executive officer compensation is non-binding, our board of directors and the compensation committee will take into account the outcome of the vote when considering the frequency of future advisory votes to approve named executive officer compensation.

Under the DCGL and our Bylaws, the Written Consent is sufficient to approve a frequency of the advisory vote on named executive officer compensation of every three years.

VIGGLE INC.
AMENDED 2011 EXECUTIVE INCENTIVE PLAN

1. Purpose. The purpose of this AMENDED 2011 EXECUTIVE INCENTIVE PLAN (the “Plan”) is to assist Viggle Inc., a Delaware corporation, or any successor or assign (the “Company”) and its Related Entities (as hereinafter defined) in attracting, motivating, retaining and rewarding high-quality executives and other employees, officers, directors, consultants and other persons who provide services to the Company or its Related Entities by enabling such persons to acquire or increase cash or proprietary interests in the Company in order to strengthen the mutuality of interests between such persons and the Company's shareholders, and providing such persons with annual and long term performance incentives to expend their maximum efforts in the creation of shareholder value.

2. Definitions. For purposes of the Plan, the following terms shall be defined as set forth below, in addition to such terms defined in Section 1 hereof and elsewhere herein.

(a) “Award” means any Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award, Share granted as a bonus or in lieu of another Award, Dividend Equivalent, Other Stock-Based Award or Performance Award, together with any other right or interest, granted to a Participant under the Plan.

(b) “Award Agreement” means any written agreement, contract or other instrument or document evidencing any Award granted by the Committee hereunder.

(c) “Beneficiary” means the person, persons, trust or trusts that have been designated by a Participant in his or her most recent written beneficiary designation filed with the Committee to receive the benefits specified under the Plan upon such Participant's death or to which Awards or other rights are transferred if and to the extent permitted under Section 10(b) hereof. If, upon a Participant's death, there is no designated Beneficiary or surviving designated Beneficiary, then the term Beneficiary means the person, persons, trust or trusts entitled by will or the laws of descent and distribution to receive such benefits.

(d) “Beneficial Owner” and “Beneficial Ownership” shall have the meaning ascribed to such term in Rule 13d-3 under the Exchange Act and any successor to such Rule.

(e) “Board” means the Company's Board of Directors.

(f) “Cause” shall, with respect to any Participant, have the meaning specified in the Award Agreement. In the absence of any definition in the Award Agreement, “Cause” shall have the equivalent meaning or the same meaning as “cause” or “for cause” set forth in any employment, consulting, or other agreement for the performance of services between the Participant and the Company or a Related Entity or, in the absence of any such agreement or any such definition in such agreement, such term shall mean (i) the failure by the Participant to perform, in a reasonable manner, his or her duties as assigned by the Company or a Related Entity, (ii) any violation or breach by the Participant of his or her employment, consulting or other similar agreement with the Company or a Related Entity, if any, (iii) any violation or breach by the Participant of any non-competition, non-solicitation, non-disclosure and/or other similar agreement with the Company or a Related Entity, (iv) any act by the Participant of dishonesty or bad faith with respect to the Company or a Related Entity, (v) use of alcohol, drugs or other similar substances in a manner that adversely affects the Participant's work performance, or (vi) the commission by the Participant of any act, misdemeanor, or crime reflecting unfavorably upon the Participant or the Company or any Related Entity. The good faith determination by the Committee of whether the Participant's Continuous Service was terminated by the Company for “Cause” shall be final and binding for all purposes hereunder.

(g) “Change in Control” means a Change in Control as defined in Section 9(b) of the Plan.

(h) “Code” means the Internal Revenue Code of 1986, as amended from time to time, including regulations thereunder and successor provisions and regulations thereto.

(i) “Committee” means a committee designated by the Board to administer the Plan; provided, however, that if the Board fails to designate a committee or if there are no longer any members on the committee so designated by the Board, or for any other reason determined by the Board, then the Board shall serve as the Committee. In the event that the Company is a Publicly Held Corporation (as hereinafter defined), then the Committee shall consist of at least two Directors, each of whom may, but are not required to be, (i) a “non-employee director” within the meaning of Rule 16b-3 (or any successor rule) under the Exchange Act, (ii) an “outside director” within the meaning of Section 162(m) of the Code, and (iii) “Independent.” Notwithstanding the foregoing, if the Company is a Publicly Held Corporation and (A) administration of the Plan by “non-employee directors” is then required in order for exemptions under Rule 16b-3 to apply to transactions under the Plan, (B) action by the Committee is required with respect to any matter relating to any Award that is intended to qualify as “performance-based compensation” under Section 162(m), to the extent necessary in order for such Award to so qualify, (C) the applicable Listing Rules require that the Committee consist solely of Directors who are Independent Directors, or (D) action by the Committee is required with respect to any matter relating to any Award to an Independent Director, then the Committee shall consist of at least two Directors, each of whom shall be, as applicable, (1) a “non-employee director” within the meaning of Rule 16b-3 (or any successor rule) under the Exchange Act, (2) an “outside director” within the meaning of Section 162(m) of the Code, and/or (3) “Independent.” For the avoidance of doubt and ambiguity, the Committee shall only be required to consist of Directors satisfying the eligibility requirements of clauses (1), (2) or (3) of the immediately preceding sentence to the extent the matter upon which it intends to act is a matter within the purview of clauses (A), (B), (C) or (D) of the immediately preceding sentence.

(j) “Consultant” means any Person (other than an Employee or a Director, solely with respect to rendering services in such Person’s capacity as a director) who is engaged by the Company or any Related Entity to render consulting or advisory services to the Company or such Related Entity.

(k) “Continuous Service” means the uninterrupted provision of services to the Company or any Related Entity in any capacity of Employee, Director, Consultant or other service provider. Continuous Service shall not be considered to be interrupted in the case of (i) any approved leave of absence, (ii) transfers among the Company, any Related Entities, or any successor entities, in any capacity of Employee, Director, Consultant or other service provider, or (iii) any change in status as long as the individual remains in the service of the Company or a Related Entity in any capacity of Employee, Director, Consultant or other service provider (except as otherwise provided in the Award Agreement). An approved leave of absence shall include sick leave, military leave, or any other authorized personal leave.

(l) “Covered Employee” means the Person who, as of the end of the taxable year, either is the principal executive officer of the Company or is serving as the acting principal executive officer of the Company, and each other Person whose compensation is required to be disclosed in the Company’s filings with the Securities and Exchange Commission by reason of that person being among the three highest compensated officers of the Company as of the end of a taxable year, or such other person as shall be considered a “covered employee” for purposes of Section 162(m) of the Code.

An Employee on leave of absence may, in the discretion of the Committee, be considered as still in the employ of the Company or a Related Entity for purposes of eligibility for participation in the Plan.

(r) “Employee” means any person, including an officer or Director, who is an employee of the Company or any Related Entity. The payment of a director’s fee by the Company or a Related Entity shall not be sufficient to constitute “employment” by the Company.

(s) “Exchange Act” means the Securities Exchange Act of 1934, as amended from time to time, including rules thereunder and successor provisions and rules thereto.

(t) “Fair Market Value” means the fair market value of Shares, Awards or other property as determined by the Committee, or under procedures established by the Committee. Unless otherwise determined by the Committee, the Fair Market Value of a Share as of any given date the Company is a Publicly Held Corporation shall be the closing sale price per Share reported on a consolidated basis for stock listed on the principal stock exchange or market on which Shares are traded on the date as of which such value is being determined (or as of such later measurement date

as determined by the Committee on the date the Award is authorized by the Committee), or, if there is no sale on that date, then on the last previous day on which a sale was reported.

(u) “Good Reason” shall, with respect to any Participant, have the meaning specified in the Award Agreement. In the absence of any definition in the Award Agreement, “Good Reason” shall have the equivalent meaning or the same meaning as “good reason” or “for good reason” set forth in any employment, consulting or other agreement for the performance of services between the Participant and the Company or a Related Entity or, in the absence of any such agreement or any such definition in such agreement, such term shall mean (i) the assignment to the Participant of any duties inconsistent in any material respect with the Participant's duties or responsibilities as assigned by the Company or a Related Entity, or any other action by the Company or a Related Entity which results in a material diminution in such duties or responsibilities, excluding for this purpose an action which is remedied by the Company or a Related Entity promptly after receipt of notice thereof given by the Participant; or (ii) any material failure by the Company or a Related Entity to comply with its obligations to the Participant as agreed upon, other than a failure which is remedied by the Company or a Related Entity promptly after receipt of notice thereof given by the Participant.

(v) “Incentive Stock Option” means any Option intended to be designated as an incentive stock option within the meaning of Section 422 of the Code or any successor provision thereto.

(w) “Independent”, when referring to either the Board or members of the Committee, shall have the same meaning as used in the rules of the Listing Market, if applicable, and if the securities of the Company are not listed for trading, in the rules of the Nasdaq National Market.

(gg) “Performance Unit” means any grant pursuant to Section 6(h) hereof of a unit valued by reference to a designated amount of property (including cash) other than Shares, which value may be paid to the Participant by delivery of such

property as the Committee shall determine, including cash, Shares, other property, or any combination thereof, upon achievement of such performance goals during the Performance Period as the Committee shall establish at the time of such grant or thereafter.

(hh) "Person" shall have the meaning ascribed to such term in Section 3(a)(9) of the Exchange Act and used in Sections 13(d) and 14(d) thereof, and shall include a "group" as defined in Section 13(d) thereof.

(ii) “Publicly Held Corporation” shall mean a publicly held corporation as that term is used under Section 162(m)(2) of the Code.

(jj) “Related Entity” means any Subsidiary, and any business, corporation, partnership, limited liability company or other entity designated by the Board, in which the Company or a Subsidiary holds a substantial ownership interest, directly or indirectly.

(kk) “Restriction Period” means the period of time specified by the Committee that Restricted Stock Awards shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose.

(ll) “Restricted Stock” means any Share issued with the restriction that the holder may not sell, transfer, pledge or assign such Share and with such risks of forfeiture and other restrictions as the Committee, in its sole discretion, may impose (including any restriction on the right to vote such Share and the right to receive any dividends), which restrictions may lapse separately or in combination at such time or times, in installments or otherwise, as the Committee may deem appropriate.

(mm) “Restricted Stock Award” means an Award granted to a Participant under Section 6(d) hereof.

(nn) “Restricted Stock Unit” means a right to receive Shares, including Restricted Stock, cash measured based upon the value of Shares or a combination thereof, at the end of a specified deferral period.

(qq) “Shareholder Approval Date” means the date on which this Plan is approved by shareholders of the Company eligible to vote in the election of directors, by a vote sufficient to meet the requirements Sections 162(m) and 422 of the Code, Rule 16b-3 under the Exchange Act, and if applicable, the requirements under the rules of the Listing Market.

3. Administration.

(a) Authority of the Committee. The Plan shall be administered by the Committee, provided, however, that except as otherwise expressly provided in this Plan and subject to the applicable rules of a Listing Market, if any, the Board may exercise any power or authority granted to the Committee under this Plan and in that case, references herein shall be deemed to include references to the Board. In the event the Company is a Publicly Held Corporation and (and subject to the limitations imposed by Sections 3(a) and 3(b) hereof) the Board elects to administer the Plan, to the extent the Plan is administered by only those Directors who are Independent Directors, references herein to the "Committee" shall be deemed to include references to the Independent members of the Board. The Committee shall have full and final authority, subject to and consistent with the provisions of the Plan, to select Eligible Persons to become Participants, grant Awards, determine the type, number and other terms and conditions of, and all other matters relating to, Awards, prescribe Award Agreements (which need not be identical for each Participant) and rules and regulations for the administration of the Plan, construe and interpret the Plan and Award Agreements and correct defects, supply omissions or reconcile inconsistencies therein, and to make all other decisions and determinations as the Committee may deem necessary or advisable for the administration of the Plan. In exercising any discretion granted to the Committee under the Plan or pursuant to any Award, the Committee shall not be required to follow past practices, act in a manner consistent with past practices, or treat any Eligible Person or Participant in a manner consistent with the treatment of any other Eligible Persons or Participants. Notwithstanding the foregoing, only in the event that the Committee consists solely of Independent Directors shall the Committee have sole and exclusive discretion (i) on any matter relating to a Participant then subject to Section 16 of the Exchange Act with respect to the Company to the extent necessary in order that transactions by such Participant shall be exempt under Rule 16b-3 under the Exchange Act, (ii) with respect to any Award that is intended to qualify as "performance-based compensation" under Section 162(m), to the extent necessary in order for such Award to so qualify; and (iii) with respect to any Award to an Independent Director. For the avoidance of doubt and ambiguity, the Committee need not consist solely of Independent Directors so long as the Committee consists of Directors who satisfy the eligibility requirements to act validly on any matter within the purview of clauses (i), (ii) or (iii) of the immediately preceding sentence.

(b) Manner of Exercise of Committee Authority. Any action of the Committee shall be final, conclusive and binding on all persons, including the Company, its Related Entities, Eligible Persons, Participants, Beneficiaries, transferees under Section 10(b) hereof or other persons claiming rights from or through a Participant, and shareholders. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. The Committee may delegate to officers or managers of the Company or any Related Entity, or committees thereof, the authority, subject to such terms and limitations as the Committee shall determine, to perform such functions, including administrative functions as the Committee may determine to the extent that such delegation will not result in the loss of an exemption under Rule 16b-3(d)(1) for Awards granted to Participants subject to Section 16 of the Exchange Act in respect of the Company and will not cause Awards intended to qualify as "performance-based compensation" under Code Section 162(m) to fail to so qualify. The Committee may appoint agents to assist it in administering the Plan. Any such delegations shall be set forth in a written instrument that specifies the persons authorized to act thereunder and the terms and limitations of such authority, which writing shall be delivered to any of the Company's Chief Financial Officer, Principal Accounting Officer and General Counsel before any authority may be exercised.

(c) Limitation of Liability. The Committee and the Board, and each member thereof, shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or Employee, the Company's independent auditors, Consultants or any other agents assisting in the administration of the Plan. Members of the Committee and the Board, and any officer or Employee acting at the direction or on behalf of the Committee or the Board, shall not be personally liable for any action or determination taken or made in good faith with respect to the Plan, and shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action or determination.

4. Shares Subject to Plan.

(a) Limitation on Overall Number of Shares Available for Delivery Under Plan. Subject to adjustment as provided in Section 10(c) hereof, the total number of Shares reserved and available for delivery under the Plan shall be sixty million (60,000,000) Shares. In addition, upon the closing of the Company's proposed one-for-eighty reverse stock split, the total number of Shares reserved and available for delivery under the Plan shall be Three Million Seven Hundred and Fifty Thousand (3,750,000).¹²³ Any Shares that are subject to Awards of Options or Stock Appreciation Rights shall be counted against this limit as one (1) Share for every one (1) Share granted. Any Shares delivered under the Plan may consist, in whole or in part, of authorized and unissued shares or treasury shares.

1 Amended on June 3, 2012 to 15,000,000 shares as a result of a 1 for 2 reverse split.

2 Amended on August 27, 2012 to 30,000,000 shares.

3 Amended on January 9, 2014 to 60,000,000 shares, provided that at the closing of the Company's proposed 80 for 1 reverse stock split, the number shall be 3,750,000.

(b) Application of Limitation to Grants of Awards.. No Award may be granted if the number of Shares to be delivered in connection with such an Award exceeds the number of Shares remaining available for delivery under the Plan, minus the number of Shares deliverable in settlement of or relating to then outstanding Awards. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or Substitute Awards) and make adjustments if the number of Shares actually delivered differs from the number of Shares previously counted in connection with an Award.

(c) Availability of Shares Not Delivered under Awards and Adjustments to Limits.

(i) If any Awards are forfeited, expire or otherwise terminate without issuance of such Shares, or any Award is settled for cash or otherwise does not result in the issuance of all or a portion of the Shares subject to such Award, the Shares to which those Awards were subject, shall, to the extent of such forfeiture, expiration, termination, cash settlement or non-issuance, again be available for delivery with respect to Awards under the Plan, subject to Section 4(c)(iv) below.

(ii) In the event that any Option or other Award granted hereunder is exercised through the tendering of Shares (either actually or by attestation) or by the withholding of Shares by the Company, or withholding tax liabilities arising from such option or other award are satisfied by the tendering of Shares (either actually or by attestation) or by the withholding of Shares by the Company, then only the number of Shares issued net of the Shares tendered or withheld shall be counted for purposes of determining the maximum number of Shares available for grant under the Plan.

(iii) Substitute Awards shall not reduce the Shares authorized for delivery under the Plan or authorized for delivery to a Participant in any period. Additionally, in the event that a company acquired by the Company or any Related Entity or with which the Company or any Related Entity combines has shares available under a pre-existing plan approved by its shareholders, the shares available for delivery pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for delivery under the Plan; if and to the extent that the use of such Shares would not require approval of the Company's shareholders under the rules of the Listing Market, if applicable.

(iv) Any Share that again becomes available for delivery pursuant to this Section 4(c) shall be added back as one (1) Share.

(v) Notwithstanding anything in this Section 4(c) to the contrary but subject to adjustment as provided in Section 10(c) hereof, the maximum aggregate number of Shares that may be delivered under the Plan as a result of the exercise of the Incentive Stock Options shall be two hundred fifty (250) Shares.

5. Eligibility; Per-Person Award Limitations. Awards may be granted under the Plan only to Eligible Persons. Subject to adjustment as provided in Section 10(c), in any fiscal year of the Company during any part of which the Plan is in effect, no Participant may be granted (i) Options or Stock Appreciation Rights with respect to more than six million (6,000,000) Shares or (ii) Restricted Stock, Restricted Stock Units, Performance Shares and/or Other Stock-Based Awards with respect to more than six million (6,000,000) Shares. In addition, the maximum dollar value payable to any one Participant with respect to Performance Units is (x) five million dollars (\$5,000,000) with respect to any 12 month Performance Period (pro-rated for any Performance Period that is less than 12 months based upon the ratio of the number of days in the Performance Period as compared to 365), and (y) with respect to any Performance Period that is more than 12 months, five million dollars (\$5,000,000) multiplied by the number of full 12 months periods that are in the Performance Period.

6. Specific Terms of Awards.

(a) General. Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 10(e)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including terms requiring forfeiture of Awards in the event of termination of the Participant's Continuous Service and terms permitting a Participant to make elections relating to his or her Award. Except as otherwise expressly provided herein, the Committee shall retain full power and discretion to accelerate, waive or modify, at any time, any term or condition of an Award that is not mandatory under the Plan. Except in cases in which the Committee is authorized to require other forms of consideration under the Plan, or to the extent other forms of consideration must be paid to satisfy the requirements of Delaware law, no consideration other than services may be required for the grant (as opposed to the exercise) of any Award.

(b) Options. The Committee is authorized to grant Options to any Eligible Person on the following terms and conditions:

(i) Exercise Price. Other than in connection with Substitute Awards, the exercise price per Share purchasable under an Option shall be determined by the Committee, provided that such exercise price shall not be less than 100% of the Fair Market Value of a Share on the date of grant of the Option and shall not, in any event, be less than the par value of a Share on the date of grant of the Option. If an Employee owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company (or any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) and an Incentive Stock Option is granted to such Employee, the exercise price of such Incentive Stock Option (to the extent required by the Code at the time of grant) shall be no less than 110% of the Fair Market Value of a Share on the date such Incentive Stock Option is granted. Other than pursuant to Section 10(c)(i) and (ii), the Committee shall not be permitted to (A) lower the exercise price per Share of an Option after it is granted, (B) cancel an Option when the exercise price per Share exceeds the Fair Market Value of the underlying Shares in exchange for another Award (other than in connection with Substitute Awards), or (C) take any other action with respect to an Option that may be treated as a repricing pursuant to the applicable rules of the Listing Market, if applicable, without approval of the Company's shareholders.

(ii) Time and Method of Exercise. The Committee shall determine the time or times at which or the circumstances under which an Option may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the time or times at which Options shall cease to be or become exercisable following termination of Continuous Service or upon other conditions, the methods by which the exercise price may be paid or deemed to be paid (including in the discretion of the Committee a cashless exercise procedure), the form of such payment, including, without limitation, cash, Shares (including without limitation the withholding of Shares otherwise deliverable pursuant to the Award), other Awards or awards granted under other plans of the Company or a Related Entity, or other property (including notes or other contractual obligations of Participants to make payment on a deferred basis provided that such deferred payments are not in violation of Section 13(k) of the Exchange Act, or any rule or regulation adopted thereunder, if applicable, or any other applicable law), and the methods by or forms in which Shares will be delivered or deemed to be delivered to Participants.

(iii) Incentive Stock Options. The terms of any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code. Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options (including any Stock Appreciation Right issued in tandem therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify either the Plan or any Incentive Stock Option under Section 422 of the Code, unless the Participant has first requested, or consents to, the change that will result in such disqualification. Thus, if and to the

extent required to comply with Section 422 of the Code, Options granted as Incentive Stock Options shall be subject to the following special terms and conditions:

(A) the Option shall not be exercisable for more than ten years after the date such Incentive Stock Option is granted; provided, however, that if a Participant owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company (or any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) and the Incentive Stock Option is granted to such Participant, the term of the Incentive Stock Option shall be (to the extent required by the Code at the time of the grant) for no more than five years from the date of grant; and

(B) The aggregate Fair Market Value (determined as of the date the Incentive Stock Option is granted) of the Shares with respect to which Incentive Stock Options granted under the Plan and all other option plans of the Company (and any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) that become exercisable for the first time by the Participant during any calendar year shall not (to the extent required by the Code at the time of the grant) exceed \$100,000.

(c) Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights to any Eligible Person in conjunction with all or part of any Option granted under the Plan or at any subsequent time during the term of such Option (a “Tandem Stock Appreciation Right”), or without regard to any Option (a “Freestanding Stock Appreciation Right”), in each case upon such terms and conditions as the Committee may establish in its sole discretion, not inconsistent with the provisions of the Plan, including the following:

(i) Right to Payment. A Stock Appreciation Right shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one Share on the date of exercise over (B) the grant price of the Stock Appreciation Right as determined by the Committee. The grant price of a Stock Appreciation Right shall not be less than 100% of the Fair Market Value of a Share on the date of grant, in the case of a Freestanding Stock Appreciation Right, or less than the associated Option exercise price, in the case of a Tandem Stock Appreciation Right. Other than pursuant to Section 10(c)(i) and (ii), the Committee shall not be permitted to (A) lower the grant price per Share of a Stock Appreciation Right after it is granted, (B) cancel a Stock Appreciation Right when the grant price per Share exceeds the Fair Market Value of the underlying Shares in exchange for another Award (other than in connection with Substitute Awards), or (C) take any other action with respect to a Stock Appreciation Right that may be treated as a repricing pursuant to the applicable rules of the Listing Market, if applicable, without shareholder approval.

(ii) Other Terms. The Committee shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which a Stock Appreciation Right may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the time or times at which Stock Appreciation Rights shall cease to be or become exercisable following termination of Continuous Service or upon other conditions, the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Shares will be delivered or deemed to be delivered to Participants, whether or not a Stock Appreciation Right shall be in tandem or in combination with any other Award, and any other terms and conditions of any Stock Appreciation Right.

(iii) Tandem Stock Appreciation Rights. Any Tandem Stock Appreciation Right may be granted at the same time as the related Option is granted or, for Options that are not Incentive Stock Options, at any time thereafter before exercise or expiration of such Option. Any Tandem Stock Appreciation Right related to an Option may be exercised only when the related Option would be exercisable and the Fair Market Value of the Shares subject to the related Option exceeds the exercise price at which Shares can be acquired pursuant to the Option. In addition, if a Tandem Stock Appreciation Right exists with respect to less than the full number of Shares covered by a related Option, then an exercise or termination of such Option shall not reduce the number of Shares to which the Tandem Stock Appreciation Right applies until the number of Shares then exercisable under such Option equals the number of Shares to which the Tandem Stock Appreciation Right applies. Any Option related to a Tandem Stock Appreciation Right shall no longer be exercisable to the extent the Tandem Stock Appreciation Right has been exercised, and any Tandem Stock Appreciation Right shall no longer be exercisable to the extent the related Option has been exercised.

(d) Restricted Stock Awards. The Committee is authorized to grant Restricted Stock Awards to any Eligible Person on the following terms and conditions:

(i) Grant and Restrictions. Restricted Stock Awards shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, or as otherwise provided in this Plan during the Restriction Period. The terms of any Restricted Stock Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. The restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant or thereafter. Except to the extent restricted under the terms of the

Plan and any Award Agreement relating to a Restricted Stock Award, a Participant granted Restricted Stock shall have all of the rights of a shareholder, including the right to vote the Restricted Stock and the right to receive dividends thereon (subject to any mandatory reinvestment or other requirement imposed by the Committee). During the period that the Restriction Stock Award is subject to a risk of forfeiture, subject to Section 10(b) below and except as otherwise provided in the Award Agreement, the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant.

(ii) Forfeiture. Except as otherwise determined by the Committee, upon termination of a Participant's Continuous Service during the applicable Restriction Period, the Participant's Restricted Stock that is at that time subject to a risk of forfeiture that has not lapsed or otherwise been satisfied shall be forfeited and reacquired by the Company; provided that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that forfeiture conditions relating to Restricted Stock Awards shall be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Stock.

(iii) Certificates for Stock. Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to the Restricted Stock.

(iv) Dividends and Splits. As a condition to the grant of a Restricted Stock Award, the Committee may require or permit a Participant to elect that any cash dividends paid on a Share of Restricted Stock be automatically reinvested in additional Shares of Restricted Stock or applied to the purchase of additional Awards under the Plan. Unless otherwise determined by the Committee, Shares distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Shares or other property have been distributed.

(e) Restricted Stock Unit Awards. The Committee is authorized to grant Restricted Stock Unit Awards to any Eligible Person on the following terms and conditions:

(i) Award and Restrictions. Satisfaction of a Restricted Stock Unit Award shall occur upon expiration of the deferral period specified for such Restricted Stock Unit Award by the Committee (or, if permitted by the Committee, as elected by the Participant). In addition, a Restricted Stock Unit Award shall be subject to such restrictions (which may include a risk of forfeiture) as the Committee may impose, if any, which restrictions may lapse at the expiration of the deferral period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, in installments or otherwise, as the Committee may determine. A Restricted Stock Unit Award may be satisfied by delivery of Shares, cash equal to the Fair Market Value of the specified number of Shares covered by the Restricted Stock Unit, or a combination thereof, as determined by the Committee at the date of grant or thereafter. Prior to satisfaction of a Restricted Stock Unit Award, a Restricted Stock Unit Award carries no voting or dividend or other rights associated with Share ownership.

(ii) Forfeiture. Except as otherwise determined by the Committee, upon termination of a Participant's Continuous Service during the applicable deferral period or portion thereof to which forfeiture conditions apply (as provided in the Award Agreement evidencing the Restricted Stock Unit Award), the Participant's Restricted Stock Unit Award that is at that time subject to a risk of forfeiture that has not lapsed or otherwise been satisfied shall be forfeited; provided that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that forfeiture conditions relating to a Restricted Stock Unit Award shall be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of any Restricted Stock Unit Award.

(iii) Dividend Equivalents. Unless otherwise determined by the Committee at the date of grant, any Dividend Equivalents that are granted with respect to any Restricted Stock Unit Award shall be either (A) paid with respect to such Restricted Stock Unit Award at the dividend payment date in cash or in Shares of unrestricted stock having a Fair Market Value equal to the amount of such dividends, or (B) deferred with respect to such Restricted Stock Unit Award and the amount or value thereof automatically deemed reinvested in additional Restricted Stock Units, other

Awards or other investment vehicles, as the Committee shall determine or permit the Participant to elect. The applicable Award Agreement shall specify whether any Dividend Equivalents shall be paid at the dividend payment date, deferred or deferred at the election of the Participant. If the Participant may elect to defer the Dividend Equivalents, such election shall be made within 30 days after the grant date of the Restricted Stock Unit Award, but in no event later than 12 months before the first date on which any portion of such Restricted Stock Unit Award vests (or at such other times prescribed by the Committee as shall not result in a violation of Section 409A of the Code).

(f) Bonus Stock and Awards in Lieu of Obligations. The Committee is authorized to grant Shares to any Eligible Persons as a bonus, or to grant Shares or other Awards in lieu of obligations to pay cash or deliver other property under the Plan or under other plans or compensatory arrangements, provided that, in the case of Eligible Persons subject to Section 16 of the Exchange Act, the amount of such grants remains within the discretion of the Committee to the extent necessary to ensure that acquisitions of Shares or other Awards are exempt from liability under Section 16(b) of the Exchange Act. Shares or Awards granted hereunder shall be subject to such other terms as shall be determined by the Committee.

(g) Dividend Equivalents. The Committee is authorized to grant Dividend Equivalents to any Eligible Person entitling the Eligible Person to receive cash, Shares, other Awards, or other property equal in value to the regular dividends paid with respect to a specified number of Shares, or other periodic payments. Dividend Equivalents may be awarded on a free-standing basis or in connection with another Award. The Committee may provide that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Shares, Awards, or other investment vehicles, and subject to such restrictions on transferability and risks of forfeiture, as the Committee may specify. Any such determination by the Committee shall be made at the grant date of the applicable Award.

(h) Performance Awards. The Committee is authorized to grant Performance Awards to any Eligible Person payable in cash, Shares, or other Awards, on terms and conditions established by the Committee, subject to the provisions of Section 8 if and to the extent that the Committee shall, in its sole discretion, determine that an Award shall be subject to those provisions. The performance criteria to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award; provided, however, that a Performance Period shall not be shorter than 12 months nor longer than five years. Except as provided in Section 9 or as may be provided in an Award Agreement, Performance Awards will be distributed only after the end of the relevant Performance Period. The performance goals to be achieved for each Performance Period shall be conclusively determined by the Committee and may be based upon the criteria set forth in Section 8(b), or in the case of an Award that the Committee determines shall not be subject to Section 8 hereof, any other criteria that the Committee, in its sole discretion, shall determine should be used for that purpose. The amount of the Award to be distributed shall be conclusively determined by the Committee. Performance Awards may be paid in a lump sum or in installments following the close of the Performance Period or, in accordance with procedures established by the Committee, on a deferred basis in a manner that does not violate the requirements of Section 409A of the Code.

(i) Other Stock-Based Awards. The Committee is authorized, subject to limitations under applicable law, to grant to any Eligible Person such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares, as deemed by the Committee to be consistent with the purposes of the Plan. Other Stock-Based Awards may be granted to Participants either alone or in addition to other Awards granted under the Plan, and such Other Stock-Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan. The Committee shall determine the terms and conditions of such Awards. Shares delivered pursuant to an Award in the nature of a purchase right granted under this Section 6(i) shall be purchased for such consideration, (including without limitation loans from the Company or a Related Entity provided that such loans are not in violation of Section 13(k) of the Exchange Act, or any rule or regulation adopted thereunder, if applicable, or any other applicable law) paid for at such times, by such methods, and in such forms, including, without limitation, cash, Shares, other Awards or other property, as the Committee shall determine.

7. Certain Provisions Applicable to Awards.

(a) Stand-Alone, Additional, Tandem, and Substitute Awards. Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any Related Entity, or any business entity to

be acquired by the Company or a Related Entity, or any other right of a Participant to receive payment from the Company or any Related Entity. Such additional, tandem, and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or exchange for another Award or award, the Committee shall require the surrender of such other Award or award in consideration for the grant of the new Award. In addition, Awards may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any Related Entity, in which the value of Shares subject to the Award is equivalent in value to the cash compensation (for example, Restricted Stock or Restricted Stock Units), or in which the exercise price, grant price or purchase price of the Award in the nature of a right that may be exercised is equal to the Fair Market Value of the underlying Shares minus the value of the cash compensation surrendered (for example, Options or Stock Appreciation Right granted with an exercise price or grant price “discounted” by the amount of the cash compensation surrendered), provided that any such determination to grant an Award in lieu of cash compensation must be made in compliance with Section 409A of the Code.

(b) Term of Awards. The term of each Award shall be for such period as may be determined by the Committee; provided that in no event shall the term of any Option or Stock Appreciation Right exceed a period of ten years (or in the case of an Incentive Stock Option such shorter term as may be required under Section 422 of the Code).

(c) Form and Timing of Payment Under Awards; Deferrals. Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or a Related Entity upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Committee shall determine, including, without limitation, cash, Shares, other Awards or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis, provided that any determination to pay in installments or on a deferred basis shall be made by the Committee at the date of grant. Any installment or deferral provided for in the preceding sentence shall, however, be subject to the Company's compliance with applicable law and all applicable rules of the Listing Market, if applicable, and in a manner intended to be exempt from or otherwise satisfy the requirements of Section 409A of the Code. Subject to Section 7(e) hereof, the settlement of any Award may be accelerated, and cash paid in lieu of Shares in connection with such settlement, in the sole discretion of the Committee or upon occurrence of one or more specified events (in addition to a Change in Control). Any such settlement shall be at a value determined by the Committee in its sole discretion, which, without limitation, may in the case of an Option or Stock Appreciation Right be limited to the amount if any by which the Fair Market Value of a Share on the settlement date exceeds the exercise or grant price. Installment or deferred payments may be required by the Committee (subject to Section 7(e) of the Plan, including the consent provisions thereof in the case of any deferral of an outstanding Award not provided for in the original Award Agreement) or permitted at the election of the Participant on terms and conditions established by the Committee. The Committee may, without limitation, make provision for the payment or crediting of a reasonable interest rate on installment or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in Shares.

(d) Exemptions from Section 16(b) Liability. If the Company is a Publicly Held Corporation, it is the intent of the Company that the grant of any Awards to or other transaction by a Participant who is subject to Section 16 of the Exchange Act shall be exempt from Section 16 pursuant to an applicable exemption (except for transactions acknowledged in writing to be non-exempt by such Participant). Accordingly, if any provision of this Plan or any Award Agreement does not comply with the requirements of Rule 16b-3 then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under Section 16(b).

(e) Code Section 409A.

(i) The Award Agreement for any Award that the Committee reasonably determines to constitute a Section 409A Plan, as defined in Section 7(e)(ii) hereof, and the provisions of the Plan applicable to that Award, shall be construed in a manner consistent with the applicable requirements of Section 409A, and the Committee, in its sole discretion and without the consent of any Participant, may amend any Award Agreement (and the provisions of the Plan applicable thereto) if and to the extent that the Committee determines that such amendment is necessary or appropriate to comply with the requirements of Section 409A of the Code.

(ii) If any Award constitutes a "nonqualified deferred compensation plan" under Section 409A of the Code (a "Section 409A Plan"), then the Award shall be subject to the following additional requirements, if and to the extent required to comply with Section 409A of the Code:

(A) Payments under the Section 409A Plan may not be made earlier than the first to occur of (u) the Participant's "separation from service", (v) the date the Participant becomes "disabled", (w) the Participant's death, (x) a "specified time (or pursuant to a fixed schedule)" specified in the Award Agreement at the date of the deferral of such compensation, (y) a "change in the ownership or effective control of the corporation, or in the

ownership of a substantial portion of the assets” of the Company, or (z) the occurrence of an “unforeseeable emergency”;

(B) The time or schedule for any payment of the deferred compensation may not be accelerated, except to the extent provided in applicable Treasury Regulations or other applicable guidance issued by the Internal Revenue Service;

(C) Any elections with respect to the deferral of such compensation or the time and form of distribution of such deferred compensation shall comply with the requirements of Section 409A(a)(4) of the Code; and

(D) In the case of any Participant who is “specified employee”, a distribution on account of a “separation from service” may not be made before the date which is six months after the date of the Participant’s “separation from service” (or, if earlier, the date of the Participant’s death).

For purposes of the foregoing, the terms in quotations shall have the same meanings as those terms have for purposes of Section 409A of the Code, and the limitations set forth herein shall be applied in such manner (and only to the extent) as shall be necessary to comply with any requirements of Section 409A of the Code that are applicable to the Award.

(iii) Notwithstanding the foregoing, or any provision of this Plan or any Award Agreement, the Company does not make any representation to any Participant or Beneficiary that any Awards made pursuant to this Plan are exempt from, or satisfy, the requirements of, Section 409A, and the Company shall have no liability or other obligation to indemnify or hold harmless the Participant or any Beneficiary for any tax, additional tax, interest or penalties that the Participant or any Beneficiary may incur in the event that any provision of this Plan, or any Award Agreement, or any amendment or modification thereof, or any other action taken with respect thereto, is deemed to violate any of the requirements of Section 409A.

8. Code Section 162(m) Provisions.

(a) Covered Employees. If the Company is a Publicly Held Corporation, then the provisions of this Section 8 shall be applicable to any Performance Award granted to an Eligible Person who is, or is likely to be, as of the end of the tax year in which the Company would claim a tax deduction in connection with such Award, a Covered Employee.

(b) Performance Criteria. If a Performance Award is subject to this Section 8, then the payment or distribution thereof or the lapsing of restrictions thereon and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be contingent upon achievement of one or more objective performance goals. Performance goals shall be objective and shall otherwise meet the requirements of Section 162(m) of the Code and regulations thereunder including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being “substantially uncertain.” One or more of the following business criteria for the Company, on a consolidated basis, and/or for Related Entities, or for business or geographical units of the Company and/or a Related Entity (except with respect to the total shareholder return and earnings per share criteria), shall be used by the Committee in establishing performance goals for such Awards: (1) earnings per share; (2) revenues or margins; (3) cash flow; (4) operating margin; (5) return on net assets, investment, capital, or equity; (6) economic value added; (7) direct contribution; (8) net income; pretax earnings; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings after interest expense and before extraordinary or special items; operating income or income from operations; income before interest income or expense, unusual items and income taxes, local, state or federal and excluding budgeted and actual bonuses which might be paid under any ongoing bonus plans of the Company; (9) working capital; (10) management of fixed costs or variable costs; (11) identification or consummation of investment opportunities or completion of specified projects in accordance with corporate business plans, including strategic mergers, acquisitions or divestitures; (12) total shareholder return; (13) debt reduction; (14) market share; (15) entry into new markets, either geographically or by business unit; (16) customer retention and satisfaction; (17) strategic plan development and implementation, including turnaround plans; and/or (18) the Fair Market Value of a Share. Any of the above goals may be determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor’s 500 Stock Index or a group of companies that are comparable to the Company. In determining the achievement of the performance goals, unless otherwise specified by the Committee at the time the performance goals are set, the Committee shall exclude the impact of any (i) restructurings, discontinued operations, extraordinary items (as defined pursuant to generally accepted accounting principles), and other unusual or non-recurring charges, (ii) event either not directly related to the operations of the Company or not within the reasonable control of the Company’s management, (iii) change in accounting standards required by generally accepted accounting principles; or (iv) such other exclusions or adjustments as the Committee specifies at the time the Award is granted.

(c) Performance Period; Timing For Establishing Performance Goals. Achievement of performance goals in respect of Performance Awards shall be measured over a Performance Period no shorter than 12 months and no longer than five years, as specified by the Committee. Performance goals shall be established not later than 90 days after the beginning of any Performance Period applicable to such Performance Awards, or at such other date as may be required or permitted for “performance-based compensation” under Section 162(m) of the Code.

(d) Adjustments. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with Awards subject to this Section 8, but may not exercise discretion to increase any such amount payable to a Covered Employee in respect of an Award subject to this Section 8. The Committee shall specify the circumstances in which such Awards shall be paid or forfeited in the event of termination of Continuous Service by the Participant prior to the end of a Performance Period or settlement of Awards.

(e) Committee Certification. No Participant shall receive any payment under the Plan that is subject to this Section 8 unless the Committee has certified, by resolution or other appropriate action in writing, that the performance criteria and any other material terms previously established by the Committee or set forth in the Plan, have been satisfied to the extent necessary to qualify as "performance based compensation" under Section 162(m) of the Code.

9. Change in Control.

(a) Effect of “Change in Control.” If and only to the extent provided in any employment or other agreement between the Participant and the Company or any Related Entity, or in any Award Agreement, or to the extent otherwise determined by the Committee in its sole discretion and without any requirement that each Participant be treated consistently, upon the termination of a Participant’s Continuous Service without Cause by the Company or any Related Entity or by the Participant for Good Reason within 24 months following the occurrence of an event constituting a “Change in Control,” as defined in Section 9(b):

(i) Any Option or Stock Appreciation Right that was not previously vested and exercisable as of the time of the Change in Control, shall become immediately vested and exercisable, subject to applicable restrictions set forth in Section 10(a) hereof.

(ii) Any restrictions, deferral of settlement, and forfeiture conditions applicable to a Restricted Stock Award, Restricted Stock Unit Award or an Other Stock-Based Award subject only to future service requirements granted under the Plan shall lapse and such Awards shall be deemed fully vested as of the time of the Change in Control, except to the extent of any waiver by the Participant and subject to applicable restrictions set forth in Section 10(a) hereof.

(iii) With respect to any outstanding Award subject to achievement of performance goals and conditions under the Plan, the Committee may, in its discretion, deem such performance goals and conditions as having been met as of the date of the Change in Control.

(b) Definition of “Change in Control”. Unless otherwise specified in any employment agreement between the Participant and the Company or any Related Entity, or in an Award Agreement, a “Change in Control” shall mean the occurrence of any of the following:

(i) The acquisition by any Person of Beneficial Ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than fifty percent (50%) of either (A) the value of then outstanding equity securities of the Company (the “Outstanding Company Stock”) or (B) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the “Outstanding Company Voting Securities) (the foregoing Beneficial Ownership hereinafter being referred to as a “Controlling Interest”); provided, however, that for purposes of this Section 9(b), the following acquisitions shall not constitute or result in a Change in Control: (v) any acquisition directly from the Company; (w) any acquisition by the Company; (x) any acquisition by any Person that as of the Effective Date owns Beneficial Ownership of a Controlling Interest; (y) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Related Entity; or (z) any acquisition by any entity pursuant to a transaction which complies with clauses (A), (B) and (C) of subsection (iii) below; or

(ii) During any period of two (2) consecutive years (not including any period prior to the Effective Date) individuals who constitute the Board on the Effective Date (the “Incumbent Board”) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the Effective Date whose election, or nomination for election by the Company’s shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(iii) Consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Company or any of its Subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or equity of another entity by the Company or any of its Subsidiaries (each a “Business Combination”), in each case, unless, following such Business Combination, (A) all or substantially all of the individuals and entities who were the Beneficial Owners, respectively, of the Outstanding Company Stock and Outstanding Company Voting Securities immediately prior to such Business Combination are the Beneficial Owners of more than fifty percent (50%) of the value of the then outstanding equity securities and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of members of the board of directors (or comparable governing body of an entity that does not have such a board), as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity which as a result of such transaction owns the Company or all or substantially all of the Company’s assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination of the Outstanding Company Stock and Outstanding Company Voting Securities, as the case may be, (B) no Person (excluding any employee benefit plan (or related trust) of the Company or such entity resulting from such Business Combination or any Person that as of the Effective Date possesses Beneficial Ownership of a Controlling Interest) Beneficially Owns fifty percent (50%) or more of the value of the then outstanding equity securities of the entity resulting from such Business Combination or the combined voting power of the then outstanding voting securities of such entity except to the extent that such ownership existed prior to the Business Combination and (C) at least a majority of the members of the Board of Directors or other governing body of the entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination.

10. General Provisions.

(a) **Compliance With Legal and Other Requirements.** The Company may, to the extent deemed necessary or advisable by the Committee, postpone the issuance or delivery of Shares or payment of other benefits under any Award until completion of such registration or qualification of such Shares or other required action under any federal or state law, rule or regulation, listing or other required action with respect to the Listing Market, if applicable, or compliance with any other obligation of the Company, as the Committee, may consider appropriate, and may require any Participant to make such representations, furnish such information and comply with or be subject to such other conditions as it may consider appropriate in connection with the issuance or delivery of Shares or payment of other benefits in compliance with applicable laws, rules, and regulations, listing requirements, or other obligations.

(b) **Limits on Transferability; Beneficiaries.** No Award or other right or interest granted under the Plan shall be pledged, hypothecated or otherwise encumbered or subject to any lien, obligation or liability of such Participant to any party, or assigned or transferred by such Participant otherwise than by will or the laws of descent and distribution or to a Beneficiary upon the death of a Participant, and such Awards or rights that may be exercisable shall be exercised during the lifetime of the Participant only by the Participant or his or her guardian or legal representative, except that Awards and other rights (other than Incentive Stock Options and Stock Appreciation Rights in tandem therewith) may be transferred to one or more Beneficiaries or other transferees during the lifetime of the Participant, and may be exercised by such transferees in accordance with the terms of such Award, but only if and to the extent such transfers are permitted by the Committee pursuant to the express terms of an Award Agreement (subject to any terms and conditions which the Committee may impose thereon). A Beneficiary, transferee, or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award Agreement applicable to such Participant, except as otherwise determined by the Committee, and to any additional terms and conditions deemed necessary or appropriate by the Committee.

(c) Adjustments.

(i) **Adjustments to Awards.** In the event that any extraordinary dividend or other distribution (whether in the form of cash, Shares, or other property), recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, liquidation, dissolution or other similar corporate transaction or event affects the Shares and/or such other securities of the Company or any other issuer such that a substitution, exchange, or adjustment is determined by the Committee to be appropriate, then the Committee shall, in such manner as it may deem equitable, substitute, exchange or adjust any or all of (A) the number and kind of Shares which may be delivered in connection with Awards granted thereafter, (B) the number and kind of Shares by which annual per-person Award limitations are measured under Section 5 hereof, (C) the number and kind of Shares subject to or deliverable in respect of outstanding Awards, (D) the exercise price, grant price or purchase price relating to any Award and/or make provision for payment of cash or other property in respect of any outstanding Award, and (E) any other aspect of any Award that the Committee determines to be appropriate.

(ii) **Adjustments in Case of Certain Transactions.** In the event of any merger, consolidation or other reorganization in which the Company does not survive, or in the event of any Change in Control, any outstanding Awards may be dealt with in accordance with any of the following approaches, without the requirement of obtaining any consent or agreement of a Participant as such, as determined by the agreement effectuating the transaction or, if and to the extent not so determined, as determined by the Committee: (a) the continuation of the outstanding Awards by the Company, if the Company is a surviving entity, (b) the assumption or substitution for, as those terms are defined below, the outstanding Awards by the surviving entity or its parent or subsidiary, (c) full exercisability or vesting and accelerated expiration of the outstanding Awards, or (d) settlement of the value of the outstanding Awards in cash or cash equivalents or other property followed by cancellation of such Awards (which value, in the case of Options or Stock Appreciation Rights, shall be measured by the amount, if any, by which the Fair Market Value of a Share exceeds the

exercise or grant price of the Option or Stock Appreciation Right as of the effective date of the transaction). For the purposes of this Agreement, an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Stock-Based Award shall be considered assumed or substituted for if following the Change in Control the Award confers the right to purchase or receive, for each Share subject to the Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Stock-Based Award immediately prior to the Change in Control, on substantially the same vesting and other terms and conditions as were applicable to the Award immediately prior to the Change in Control, the consideration (whether stock, cash or other securities or property) received in the transaction constituting a Change in Control by holders of Shares for each Share held on the effective date of such transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares); provided, however, that if such consideration received in the transaction constituting a Change in Control is not solely common stock of the successor company or its parent or subsidiary, the Committee may, with the consent of the successor company or its parent or subsidiary, provide that the consideration to be received upon the exercise or vesting of an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Stock-Based Award, for each Share subject thereto, will be solely common stock of the successor company or its parent or subsidiary substantially equal in fair market value to the per share consideration received by holders of Shares in the transaction constituting a Change in Control. The determination of such substantial equality of value of consideration shall be made by the Committee in its sole discretion and its determination shall be conclusive and binding. The Committee shall give written notice of any proposed transaction referred to in this Section 10(c)(ii) at a reasonable period of time prior to the closing date for such transaction (which notice may be given either before or after the approval of such transaction), in order that Participants may have a reasonable period of time prior to the closing date of such transaction within which to exercise any Awards that are then exercisable (including any Awards that may become exercisable upon the closing date of such transaction). A Participant may condition his exercise of any Awards upon the consummation of the transaction.

(iii) Other Adjustments. The Committee (and the Board if and only to the extent such authority is not required to be exercised by the Committee to comply with Section 162(m) of the Code) is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards (including Performance Awards, or performance goals and conditions relating thereto) in recognition of unusual or nonrecurring events (including, without limitation, acquisitions and dispositions of businesses and assets) affecting the Company, any Related Entity or any business unit, or the financial statements of the Company or any Related Entity, or in response to changes in applicable laws, regulations, accounting principles, tax rates and regulations or business conditions or in view of the Committee's assessment of the business strategy of the Company, any Related Entity or business unit thereof, performance of comparable organizations, economic and business conditions, personal performance of a Participant, and any other circumstances deemed relevant; provided that in the event the Company is a Publicly Held Corporation, no such adjustment shall be authorized or made if and to the extent that such authority or the making of such adjustment would cause Options, Stock Appreciation Rights, Performance Awards granted pursuant to Section 8(b) hereof to Participants designated by the Committee as Covered Employees and intended to qualify as "performance-based compensation" under Code Section 162(m) and the regulations thereunder to otherwise fail to qualify as "performance-based compensation" under Code Section 162(m) and regulations thereunder. Adjustments permitted hereby may include, without limitation, increasing the exercise price of Options and Stock Appreciation Rights, increasing performance goals, or other adjustments that may be adverse to the Participant. Notwithstanding the foregoing, no adjustments may be made with respect to any Performance Awards subject to Section 8 if and to the extent that such adjustment would cause the Award to fail to qualify as "performance-based compensation" under Section 162(m) of the Code.

(d) Taxes. The Company and any Related Entity are authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Shares, or any payroll or other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company or any Related Entity and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, either on a mandatory or elective basis in the discretion of the Committee.

(e) Changes to the Plan and Awards. The Board may amend, alter, suspend, discontinue or terminate the Plan, or the Committee's authority to grant Awards under the Plan, without the consent of shareholders or Participants, except that any amendment or alteration to the Plan shall be subject to the approval of the Company's shareholders not later than the annual meeting next following such Board action if such shareholder approval is required by any federal or state law or regulation (including, without limitation, Rule 16b-3 or Code Section 162(m)) or the rules of the Listing Market, if applicable, and the Board may otherwise, in its discretion, determine to submit other such changes to the Plan to shareholders for approval; provided that, except as otherwise permitted by the Plan or Award Agreement, without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under the terms of any previously granted and outstanding Award. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award Agreement relating thereto, except as otherwise provided in the Plan; provided that, except as otherwise permitted by the Plan or Award Agreement, without the consent of an affected Participant, no such Committee or the Board action may materially and adversely affect the rights of such Participant under terms of any previously granted and outstanding Award.

(f) Limitation on Rights Conferred Under Plan. Neither the Plan nor any action taken hereunder or under any Award shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or a Related Entity; (ii) interfering in any way with the right of the Company or a Related Entity to terminate any Eligible Person's or Participant's Continuous Service at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and Employees, or (iv) conferring on a Participant any of the rights of a shareholder of the Company including, without limitation, any right to receive dividends or distributions, any right to vote or act by written consent, any right to attend meetings of shareholders or any right to receive any information concerning the Company's business, financial condition, results of operation or prospects, unless and until such time as the Participant is duly issued Shares on the stock books of the Company in accordance with the terms of an Award. None of the Company, its officers or its directors shall have any fiduciary obligation to the Participant with respect to any Awards unless and until the Participant is duly issued Shares pursuant to the Award on the stock books of the Company in accordance with the terms of an Award. Neither the Company nor any of the Company's officers, directors, representatives or agents is granting any rights under the Plan to the Participant whatsoever, oral or written, express or implied, other than those rights expressly set forth in this Plan or the Award Agreement.

(g) Unfunded Status of Awards; Creation of Trusts. The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant or obligation to deliver Shares pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided that the Committee may authorize the creation of trusts and deposit therein cash, Shares, other Awards or other property, or make other arrangements to meet the Company's obligations under the Plan. Such trusts or other arrangements shall be consistent with the "unfunded" status of the Plan unless the Committee otherwise determines with the consent of each affected Participant. The trustee of such trusts may be authorized to dispose of trust assets and reinvest the proceeds in alternative investments, subject to such terms and conditions as the Committee may specify and in accordance with

applicable law.

(h) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board nor its submission to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable including incentive arrangements and awards which do not qualify under Section 162(m) of the Code.

(i) Payments in the Event of Forfeitures; Fractional Shares. Unless otherwise determined by the Committee, in the event of a forfeiture of an Award with respect to which a Participant paid cash or other consideration, the Participant shall be repaid the amount of such cash or other consideration. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) Governing Law. The validity, construction and effect of the Plan, any rules and regulations under the Plan, and any Award Agreement shall be determined in accordance with the laws of the State of Delaware without giving effect to principles of conflict of laws, and applicable federal law.

(k) Non-U.S. Laws. The Committee shall have the authority to adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of foreign countries in which the Company or its Related Entities may operate to assure the viability of the benefits from Awards granted to Participants performing services in such countries and to meet the objectives of the Plan.

(l) Plan Effective Date and Shareholder Approval; Termination of Plan. The Plan shall become effective on the Effective Date, subject to subsequent approval, within 12 months of its adoption by the Board, by shareholders of the Company eligible to vote in the election of directors, by a vote sufficient to meet the requirements of Code Sections 162(m) (if applicable) and 422, Rule 16b-3 under the Exchange Act (if applicable), applicable requirements under the rules of any stock exchange or automated quotation system on which the Shares may be listed or quoted, and other laws, regulations, and obligations of the Company applicable to the Plan. Awards may be granted subject to shareholder approval, but may not be exercised or otherwise settled in the event the shareholder approval is not obtained. The Plan shall terminate at the earliest of (a) such time as no Shares remain available for issuance under the Plan, (b) termination of this Plan by the Board, or (c) the tenth anniversary of the Effective Date. Awards outstanding upon expiration of the Plan shall remain in effect until they have been exercised or terminated, or have expired.
