PROXY STATEMENT
2003 Annual Meeting of Stockholders

Solicitation of Proxies

The Board of Directors of Triton PCS Holdings, Inc. is furnishing this Proxy Statement to solicit proxies for use at our 2003 Annual Meeting of Stockholders to be held on Wednesday, May 7, 2003, at 2:00 p.m., local time, at Triton's Corporate Headquarters, 1100 Cassatt Road, Berwyn, Pennsylvania 19312, and at any adjournment of the meeting. Each valid proxy received in time will be voted at the meeting according to the choices specified, if any. A proxy may be revoked at any time before the proxy is voted as outlined below.

This Proxy Statement and the enclosed proxy card are being first sent for delivery to stockholders of Triton on or about April 3, 2003. Triton will pay the cost of solicitation of proxies, including the reimbursement to banks and brokers for reasonable expenses for sending proxy materials to their principals.

The shares of Class A common stock represented by valid proxies Triton receives in time for the Annual Meeting will be voted as specified in such proxies. Valid proxies include all properly executed written proxy cards not later revoked. Voting your proxy by mail will not limit your right to vote at the Annual Meeting if you later decide to attend in person. Executed but unvoted proxies will be voted:

- (1) FOR the election of the nominees for Class I directors; and
- (2) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as Triton's independent auditors.

If any other matters properly come before the Annual Meeting, the persons named on the proxies will, unless the stockholder otherwise specifies in the proxy, vote upon such matters in accordance with their best judgment.

Voting Securities

We have one outstanding class of voting securities, our Class A common stock, par value \$0.01 per share. As of March 10, 2003, there were outstanding 60,254,712 shares of Class A common stock. Only holders of record of shares of Class A common stock at the close of business on March 10, 2003, which the Board of Directors has fixed as the record date, are entitled to vote at the Annual Meeting.

Each share of Class A common stock is entitled to one vote. The presence in person or by proxy of holders of record of a majority of the shares entitled to vote generally will constitute a quorum for the transaction of business at the Annual Meeting. Class I directors are elected by a plurality vote of all votes cast at the Annual Meeting. The affirmative vote of a majority of the votes entitled to be cast by the issued and outstanding Class A common stock present at the Annual Meeting in person or by proxy, and entitled to vote, is required for the ratification of the appointment of independent auditors.

Stockholders may cast their votes in favor of the election of Class I directors or the ratification of the appointment of the independent auditors or may withhold authority to vote for one or more director nominees or withhold authority to vote for auditors. Stockholders withholding authority will be deemed present at the Annual Meeting for the purpose of determining whether a quorum has been constituted and will count in the calculation of the number of votes entitled to be cast by the issued and outstanding Class A common stock present at the Annual Meeting and entitled to vote. Broker non-votes are not considered shares entitled to vote on the applicable proposal and are not included in determining whether

such proposal is approved. A broker non-vote occurs when a nominee of a beneficial owner with the power to vote on at least one matter does not vote on another matter because the nominee does not have the discretionary voting power and has not received instructions from the beneficial owner with respect to such matter. Accordingly, broker non-votes have no effect on the outcome of a vote on the applicable proposal.

Voting by Proxy

If a stockholder is a corporation or a partnership, a duly authorized person must sign the accompanying proxy card in the full corporate or partnership name. If the proxy card is signed pursuant to a power of attorney or by an executor, administrator, trustee or guardian, the signer's full title must be given and a certificate or other evidence of appointment must be furnished. If shares are owned jointly, each joint owner must sign the proxy card.

Any proxy duly given pursuant to this solicitation may be revoked by the stockholder at any time prior to the voting of the proxy (i) by written notice to the Corporate Secretary at our principal executive offices, 1100 Cassatt Road, Berwyn, Pennsylvania 19312, (ii) by a later-dated proxy signed and returned by mail before the Annual Meeting or (iii) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy.

ELECTION OF CLASS I DIRECTORS

(Proposal No. 1)

The Board of Directors presently consists of seven members. Triton's Second Restated Certificate of Incorporation provides that the Board of Directors will be divided into three classes, as nearly equal in number as possible. Each director serves a three-year term, and one class is elected at each year's annual meeting of stockholders. The term of the Class I directors will expire at the 2003 Annual Meeting, the term of the Class II directors will expire at the 2004 Annual Meeting, and the term of the Class III directors will expire at the 2005 Annual Meeting, with the members of each class to hold office until their successors are elected and qualified. At each annual meeting of stockholders, the successors to the class of directors whose term expires at that annual meeting will be elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election and until their successors are elected and qualified.

Because the term of the Class I directors expires this year, stockholders will vote upon the election of two Class I directors at the Annual Meeting. The Nominating Committee of the Board of Directors has nominated Scott I. Anderson and Arnold L. Chavkin for Class I directors.

Triton's First Amended and Restated Stockholders' Agreement provides that certain cash equity investors will vote their shares to elect two of Triton's seven directors. In a separate Investors Stockholders' Agreement, the cash equity investors have agreed that only one of those nominees can be an affiliate of J.P. Morgan Chase & Co. Mr. Chavkin, who is a nominee for and currently serving as a Class I director, is deemed to be an affiliate of J.P. Morgan Chase & Co.

Unless otherwise directed in the proxy, the persons named in the enclosed proxy, or the persons' substitute, will vote the proxy for the election of the nominees identified below as Class I directors for a three-year term and until their respective successors are elected and qualified. The Board of Directors knows of no reason why any nominee for director would be unable to serve as director. If, at the time of the Annual Meeting, either of the nominees is unable or unwilling to serve as a director of Triton, the persons named in the proxy intend to vote for such substitutes as may be nominated by the Nominating Committee.

Board of Directors

The Board of Directors met eight times in 2002. All of the members of the Board of Directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees of the Board of Directors on which they served.

Audit Committee of the Board of Directors

General

The Audit Committee met six times in 2002. The current members of the Audit Committee are Mr. Anderson, as chairman, Mr. Chavkin and Mr. Desai. Each current member of the Audit Committee has been found by the Board of Directors to have no relationship with Triton that would interfere with the exercise of their independence from Triton and its management, and meets all other criteria of independence under the current listing standards of the New York Stock Exchange.

The functions of the Audit Committee include: appointment of Triton's independent accountants; reviewing with the independent accountants and Triton's internal auditors their annual audit plans; reviewing management's plans for engaging the independent accountants to perform management advisory services; discussing with management, the independent accountants and the internal auditors the adequacy of Triton's internal controls and financial reporting process; monitoring significant accounting and reporting issues; and monitoring compliance with Triton's policies relating to ethics and conflicts of interest. Both the independent accountants and the internal auditors have unrestricted access to the Audit Committee, including the opportunity to meet with the Audit Committee alone.

The Audit Committee will consider pre-approval policies and procedures for audit and non-audit services prior to the May 2003 effective date for such pre-approval requirements. Accordingly, this proxy statement does not include pre-approval policies and procedures and related information. Triton is early-

adopting components of the proxy fee disclosure requirements; the requirement does not become effective until periodic annual filings for the first fiscal year ending after December 15, 2003.

Audit Committee Report

The Audit Committee operates under a written charter adopted by the Triton Board of Directors.

Management is responsible for Triton's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of Triton's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement of Auditing Standards No. 61, as amended (Communication with Audit Committees).

Triton's independent accountants also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee), and the Audit Committee discussed with the independent accountants the firm's independence.

Based upon the Audit Committee's review and discussions with management and the independent accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in Triton's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the Securities and Exchange Commission.

The Audit Committee has considered whether the provision by PricewaterhouseCoopers LLP of non-audit services to Triton is compatible with maintaining the independence of PricewaterhouseCoopers LLP. The Audit Committee has approved PricewaterhouseCoopers LLP as Triton's independent accountants for the fiscal year ending December 31, 2003.

Arnold L. Chavkin

Nominating Committee of the Board of Directors

The Nominating Committee was formed and the members appointed by the Board of Directors in May 2002. The Nominating Committee did not meet in 2002. The current members of the Nominating Committee are Mr. Beletic, as chairman, Mr. Chavkin and Mr. Desai.

The functions of the Nominating Committee include considering candidates to serve as members of the Board of Directors and nominating qualified persons for election at the annual meeting of stockholders. The Nominating Committee will consider nominees recommended by stockholders who follow the procedures set forth in Triton's bylaws. These provisions generally require that the nominating stockholder:

be a stockholder of record on the date the notice provided for below is given and on the record date for the determination of stockholders entitled to vote at the upcoming annual meeting;

Compensation Committee of the Board of Directors

General

The Compensation Committee met three times in 2002. The current members of the Compensation Committee are Mr. Beletic, as chairman, Mr. Chavkin and Mr. Desai.

The functions of the Compensation Committee include: overseeing the administration of Triton's compensation policies and practices; establishing and administering the compensation plans of members of senior management and authorizing any adjustments thereto; administering Triton's Stock and Incentive

Plan and authorizing all awards granted thereunder; administering Triton's Employee Stock Purchase Plan; and reporting annually to the stockholders of Triton on matters concerning the compensation of executives of Triton.

Compensation Committee Report on Executive Compensation

The Compensation Committee consists of three non-employee directors. The Compensation Committee regularly reviews Triton's executive compensation policies and practices and establishes the salaries of executive officers.

Executive Compensation Policy. The Compensation Committee's executive compensation policy is founded on principles that guide Triton in establishing all of its compensation programs. Triton designs compensation programs to attract, retain and motivate highly talented individuals at all levels of the organization. In addition, the programs are designed to be cost-effective and to treat all employees fairly. To that end, all programs, including those for executive officers, share these characteristics:

Compensation is based on the level of job responsibility, individual performance and Triton's performance. Members of senior management have a greater portion of their pay based on Triton's performance than other employees.

Compensation also reflects the value of the job in the marketplace. To retain its highly skilled work force, Triton strives to remain competitive with the pay of other highly respected employers who compete with Triton for talent.

To align the interests of employees with those of stockholders, Triton provides employees at all levels of the organization the opportunity for equity ownership through various Triton programs. In addition, executive officers and other key employees have the opportunity to build more substantial equity ownership through Triton's stock plans.

Compensation programs are developed and administered to foster the long-term focus required for success in the wireless communications industry.

The Compensation Committee believes that Triton's executive compensation program reflects the principles described above and provides executives strong incentives to maximize Triton's performance and, therefore, enhance stockholder value. The program consists of both annual and long-term components. The Compensation Committee believes that the executive compensation program should be considered as a whole in order to properly assess whether it is attaining its objectives.

In establishing total compensation, the Compensation Committee considers various measures of Triton's historical and projected performance. This data forms the basis for the Compensation Committee's assessment of the overall performance and prospects of Triton that underpin the Compensation Committee's judgment in establishing total compensation ranges. In evaluating these factors, the Compensation Committee assigns each measure relative weighted values.

Triton also retains independent compensation and benefits consultants to assist in evaluating executive compensation programs. The use of independent consultants provides additional assurance that Triton's programs are reasonable and appropriate to Triton's objectives.

Components to Executive Compensation.

Annual Cash Compensation. Annual cash compensation for 2002 consisted of two components: base salary and a cash bonus. Base salaries and cash bonuses are determined with reference to Triton and individual performance for the previous year, internal relativity and market conditions, including pay at the wireless communications companies of like size and stature to Triton, and general inflationary trends. Assessment of individual performance includes considerations of a person's impact on financial performance as well as judgment, creativity, effectiveness in developing subordinates and a diverse organization, and contributions to improvement in the quality of Triton's

products, services and operations. As noted above, Triton uses the data from companies of like size and stature, as well as other market data to test for reasonableness and competitiveness of base salaries. The Compensation Committee also exercises subjective judgment in view of Triton's compensation objectives.

Long-Term Incentive Compensation. Long-term incentive awards typically are granted to provide executive officers with a competitive long-term incentive opportunity and an identity of interest with Triton. Long-term incentives generally will be provided under Triton's Stock and Incentive Plan, which is administered by the Compensation Committee. Triton's Stock and Incentive Plan affords the Compensation Committee the flexibility of offering long-term incentive awards in the form of restricted stock, incentive stock options and nonqualified stock options. The intent of such awards is to provide the recipient with an incentive to perform at levels that will result in better performance by Triton and enhanced stock value. These awards generally vest over a five-year period commencing on the date of grant. In order to enhance retention of the current executives, the vesting of Mr. Kalogris', Mr. Skinner's and Mr. Clark's 2001 stock awards were designed to vest predominately in the third and fourth years following grant, as the majority of their previous grants would have vested by the beginning of 2003. There were no stock awards granted to Mr. Kalogris, Mr. Skinner or Mr. Clark in 2002. To date, no stock options have been awarded under Triton's Stock and Incentive Plan.

Chief Executive Officer Compensation. The executive compensation policy described above was applied in establishing the 2002 compensation for Mr. Kalogris, with the basic compensation levels as determined pursuant to an employment agreement between Mr. Kalogris and Triton. Mr. Kalogris participated in the same executive compensation plans available to Triton's other executive officers.

In 2002, Mr. Kalogris had a base salary of \$412,000. Mr. Kalogris' bonus is primarily based on established goals. For 2002 these goals included: company performance against predetermined operating metrics (such as gross subscriber additions, cost per gross added subscriber, subscriber churn, EBITDA, average revenue per subscriber and liquidity); company performance relative to industry comparables; successful execution of Triton's strategy for spectrum growth and subsequent launch of new products; and improved operational performance year-over-year. Triton's performance against the predetermined operating metrics was weighted at 70% with all other aforementioned goals having a consolidated weight of 30%. Based on Triton's performance versus the established goals and Mr. Kalogris' individual performance, the Compensation Committee determined that an annual cash bonus of \$309,000 had been earned in 2002.

Tax Deductibility Considerations. Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to the executive officers named in this proxy statement, unless certain requirements are met. It is the present intention of the Compensation Committee to preserve the deductibility of compensation under Section 162(m) to the extent the Compensation Committee believes that doing so would be consistent with the best interests of stockholders.

Arnold L. Chavkin
Rohit M. Desai

Compensation of Directors

Non-management members of the Board of Directors receive compensation of \$10,000 per year, plus \$2,500 for each meeting they attend in person or telephonically if scheduled as a conference call and \$1,000 for each scheduled in-person meeting they participate in via conference call. Independent and management directors may also receive shares of Class A common stock that may, from time to time, be awarded to them under Triton's Stock and Incentive Plan.

In 2002, each of the four directors considered to be independent under current listing standards of the New York Stock Exchange—Scott I. Anderson, John D. Beletic, Arnold L. Chavkin and Rohit M. Desai—received an award of 11,250 shares of Class A common stock for service on the Board of

Directors and an additional 6,250 shares for service on each of the Audit Committee and the Compensation Committee. Accordingly, Mr. Anderson and Mr. Beletic each received total awards of 17,500 shares, recognizing their service on the Audit Committee and the Compensation Committee, respectively, and Mr. Chavkin and Mr. Desai each received a total award of 23,750 shares, recognizing their service on both committees. Each award vests in equal installments over a five-year period, with the first installment vesting on June 1, 2003, and the awards vest under certain circumstances involving a change of control. Upon each director's termination of service as a member of Triton's Board of Directors for any reason, the director has agreed to forfeit any unvested shares, subject to the exception that if the director is not nominated to serve as a member of the Board of Directors when his term expires or if nominated, does not receive the requisite vote to be elected, the director will be deemed to have served on the Board of Directors as of the vesting date closest to the relevant annual meeting of Triton's stockholders.

Employment Agreements

On February 4, 1998, Triton entered into employment agreements for a five-year term with Michael E. Kalogris, Chairman of Triton's Board of Directors and Chief Executive Officer, and Steven R. Skinner, Triton's President and Chief Operating Officer. On May 24, 2001, Triton entered into an employment agreement for a three-year term with David D. Clark, Triton's Executive Vice President, Chief Financial Officer and Secretary, effective as of January 1, 2000. Each of these employment agreements has been extended automatically on the same terms and conditions as set forth in their original agreements for one-year from the date of the original agreements' expiration. Each of these employment agreements, however, may be terminated earlier by either the executive officer or Triton. Each executive officer may terminate his employment agreement:

at any time at his sole discretion upon 30 days' prior written notice, in the case of Mr. Kalogris and Mr. Skinner, and 60 days' prior written notice, in the case of Mr. Clark; and

immediately, upon written notice for good reason, which includes:

- (a) if there is a change of control, as defined in the employment agreement;
- (b) in the case of Mr. Skinner and Mr. Clark, if either is demoted or removed from any of their positions or offices other than in accordance with their respective employment agreements, and in the case of Mr. Kalogris, if he is demoted, removed or not re-elected as Chairman of Triton's Board of Directors. However, so long as Mr. Kalogris remains a member of Triton's Board of Directors and Triton's Chief Executive Officer, it is not considered good reason if Mr. Kalogris is no longer Chairman of Triton's Board of Directors;
- (c) there is a material diminishment of the executive officer's responsibilities, duties or status and that diminishment is not rescinded within 30 days after receiving written notice of the diminishment;
- (d) Triton fails to pay or provide benefits to the executive officer when due and does not cure that failure within 10 days of receiving written notice of that failure;
- (e) Triton relocates its principal offices more than 30 miles from its current headquarters without the consent of the executive officer;
- (f) Triton purports to terminate the executive officer for cause for any reason other than those permitted as for cause reasons under the employment agreement; or
- (g) with respect to Mr. Clark, if Mr. Kalogris' employment with Triton terminates during the term of Mr. Clark's employment.

Triton may terminate each employment agreement:

at any time, upon written notice, without cause at Triton's sole discretion;

for cause, as defined in the employment agreements; or

upon the death or disability of the executive officer.

If Mr. Kalogris' employment is terminated on or after the initial term of the employment agreement or due to Triton's failure to renew the agreement, Triton will pay him a severance benefit in the amount of his base salary at that time. Mr. Kalogris' employment agreement provides for an initial annual base salary of \$350,000, subject to annual increases at the discretion of the Compensation Committee of the Board of Directors, and an annual bonus in an amount up to 100% of his base salary based on Triton's performance.

If Mr. Skinner's employment is terminated on or after the initial term of the employment agreement or due to Triton's failure to renew his employment agreement, Triton will pay Mr. Skinner a severance benefit in the amount of his base salary at that time. Mr. Skinner's employment agreement provides for an initial annual base salary of \$225,000, subject to annual increases at the discretion of the Compensation Committee of the Board of Directors, and an annual bonus in an amount up to 100% of his base salary based on Triton's performance.

In the case of Mr. Kalogris and Mr. Skinner, in the event of any change of control, regardless of whether Mr. Kalogris or Mr. Skinner terminates his employment agreement, all of their previously unvested shares will vest immediately.

If Mr. Clark's employment with Triton terminates, he will be entitled to receive the following:

unpaid salary earned for services rendered to Triton on or prior to the date of Mr. Clark's termination of employment;

the vested portion of any stock award;

a prorated bonus, provided Mr. Clark's employment is terminated for good reason, by Triton without cause, or due to death or disability;

a severance award equal to Mr. Clark's base salary at the time of termination and payable over a 12-month period, provided that Mr. Clark's employment is terminated for good reason, by Triton without cause, or due to disability; and

a portion of any unvested shares of Triton's restricted stock issued to Mr. Clark, determined in accordance with the terms of the employment agreement.

Mr. Clark's employment agreement provides for an initial annual base salary of \$220,000, subject to annual increases at the discretion of the Compensation Committee of the Board of Directors, and an annual bonus in an amount up to 100% of his base salary based on Triton's performance.

Compensation Committee Interlocks and Insider Participation

The members of Triton's Compensation Committee include Mr. Chavkin, who is an Executive Partner of J.P. Morgan Partners, LLC (formerly Chase Capital Partners). See Certain Relationships and Related Transactions for a description of various agreements between affiliates of this entity and Triton.

Certain Relationships and Related Transactions

Triton is a party to the following agreements with management and its principal stockholders.

The Stockholders' Agreement

General. Triton has entered into an amended and restated stockholders' agreement, dated as of October 27, 1999, with AT&T Wireless PCS LLC, which Triton refers to as AT&T Wireless PCS, its initial institutional investors, which Triton refers to as the cash equity investors, and certain of Triton's current and former executive officers. Additional management stockholders and the independent directors have also agreed to be bound by the provisions of the stockholders' agreement in connection with the issuance to them of Triton's capital stock. The agreement covers matters in connection with Triton's management and operations and the sale, transfer or other disposition of Triton's capital stock. References to stockholders in this section mean stockholders who are party to the stockholders' agreement.

Board of Directors. A board of directors divided into three classes and consisting of seven persons governs Triton. Actions of the board of directors require the affirmative vote of a majority of the entire board, although some transactions require a higher vote. The stockholders who are party to Triton's stockholders' agreement, other than J.P. Morgan SBIC LLC and Sixty Wall Street SBIC Fund, L.P., have agreed that they will vote their shares together to elect as two of Triton's seven directors the nominees selected by Triton's cash equity investors and, so long as AT&T Wireless PCS has the right to nominate a director under Triton's certificate of incorporation, to elect the AT&T Wireless PCS nominee.

Representatives of AT&T Wireless PCS and several cash equity investors also have the right to attend each meeting of the board of directors as observers, provided that they continue to own a certain amount of Triton's capital stock. A majority of disinterested directors must approve any transactions between Triton and its stockholders, except for transactions under the stockholders', license, roaming and resale agreements described in this section and arm's-length agreements with AT&T Wireless PCS and its affiliates.

Restrictions on Transfer; Rights of First Offer. The stockholders' agreement imposes restrictions with respect to the sale, transfer or other disposition of Triton's capital stock held under the terms of the agreement. Subject to certain exceptions, stockholders holding shares of common stock may only transfer their shares of common stock after complying with rights of first offer and first negotiation granted to specified parties to the stockholders' agreement. Additionally, holders of common stock and Series D preferred stock may transfer those shares at any time to an affiliated successor or an equity investor affiliate, and the cash equity investors may transfer or otherwise dispose of any of those shares held by them to any other cash equity investor.

AT&T Wireless PCS may not transfer or dispose of any of its shares of Series D preferred stock at any time other than to an affiliated successor. In addition, each stockholder who is a party to the stockholders' agreement has agreed, subject to some exceptions, not to transfer or otherwise dispose of any shares of Triton's capital stock to any of the three largest carriers of telecommunications services that as of February 4, 1998 constituted interexchange services, other than AT&T Wireless PCS and other specified wireless carriers.

Registration Rights. The stockholders' agreement grants certain demand and piggyback registration rights to the stockholders. The following stockholders may, subject to the restrictions on transfer described above, cause an underwritten demand registration, subject to customary proportionate cutback and blackout restrictions, so long as registration is reasonably expected to result in aggregate gross proceeds of at least \$10.0 million to such stockholder:

AT&T Wireless PCS;

any stockholder or group of stockholders beneficially owning shares of Series C preferred stock or common stock, if the sale of the shares to be registered is reasonably expected to result in aggregate gross proceeds of at least \$25.0 million; or

certain management stockholders beneficially owning at least 50.1% of the shares of common stock then beneficially owned by all such management stockholders together.

In addition to the demand registration rights, any stockholder may, subject to the restrictions on transfer described above, piggyback on a registration by Triton at any time, other than registrations on Forms S-4 or S-8, subject to customary proportionate cutback restrictions. The demand and piggyback registration rights and obligations survive until February 4, 2018.

Rights of Inclusion. In the event of a proposed sale by any stockholder to any person other than an affiliated successor that would constitute 25% or more of the aggregate outstanding Series C preferred stock and common stock on a fully-diluted basis, excluding the Series A preferred stock, the other stockholders have the right to participate in any such proposed sale by exercising such right within 30 days after receipt of a notice informing them of such proposed sale. The purchaser may either purchase all stock offered by all stockholders electing to participate in such sale, or the purchaser may purchase stock from stockholders electing to participate in such sale on a pro-rata basis up to the aggregate dollar amount offered by the purchaser to the initial selling stockholder.

In a separate investors stockholders' agreement, the cash equity investors have agreed that cash equity investors holding 66 2/3% or more of Triton's Class A common stock and Class B non-voting common stock held by the cash equity investors, in the aggregate, who propose to sell their shares of common stock may require the other cash equity investors to also participate in any such sale. As a result, such cash equity investors may have the effective right to sell control of Triton.

Exclusivity. The stockholders have agreed that during the term of the stockholders' agreement, none of the stockholders nor their respective affiliates will provide or resell, or act as the agent for any person offering, within the territory defined in the stockholders' agreement, wireless mobile telecommunications services initiated or terminated using frequencies licensed by the FCC and time division multiple access technology (the definition of which includes upgraded or successor standards) or, in certain circumstances

such as if AT&T Wireless PCS and its affiliates move to a successor technology in a majority of the defined southeastern region, a successor technology. However, AT&T Wireless PCS and its affiliates may:

resell or act as agent for Triton;

provide or resell wireless telecommunications services to or from specific locations; and

resell wireless telecommunications services for another person in any area where Triton has not yet placed a system into commercial service.

AT&T Wireless PCS must provide Triton with at least 60 days prior written notice of its intention to engage in resales for another person, and only dual band/dual mode phones may be used in connection with the resale activities. Additionally, with respect to the markets listed on the roaming agreement, Triton and AT&T Wireless PCS have agreed to cause their respective affiliates in their home carrier capacities to program and direct the programming of customer equipment so that the other party, in its capacity as the serving carrier, is the preferred roaming provider in such markets. Each party also agrees to refrain from inducing any of its customers to change programming.

Certain Transactions. If there is a merger, consolidation, asset acquisition or disposition or other business combination involving AT&T and an entity that meets each and every one of the following three criteria:

derives from telecommunications businesses annual revenues in excess of \$5.0 billion;

derives less than one-third of its aggregate revenues from the provision of wireless telecommunications; and

owns FCC licenses to offer and does offer wireless mobility telecommunications services serving more than 25% of the potential customers within the territory defined in the stockholders agreement.

then AT&T Wireless PCS will have the right, upon written notice, to terminate substantially all of its exclusivity obligations described above in a portion of the territory in which the other party owns an FCC license to offer commercial mobile radio service. However, upon such a termination, Triton has the right to cause AT&T Wireless PCS to exchange into shares of Series B preferred stock:

all of the shares of its Series A preferred stock; and

all of the shares of its Series D preferred stock, its Series C preferred stock or any common stock it may have received upon conversion of its Series D preferred stock into any one of them.

In the event that AT&T is required in any such transaction to dispose of any of its personal communications services systems in the Charlotte, North Carolina, Atlanta, Georgia, Baltimore, Maryland/ Washington, D.C. or Richmond, Virginia basic trading areas, Triton has certain marketing rights. AT&T has agreed, for a period of 180 days, to jointly market with any of its applicable markets any of Triton's personal communications services systems that are located within the major trading areas that include the applicable AT&T basic trading areas. Triton's right is exercisable at any time within the period commencing with the date of the announcement by AT&T of any such transaction and terminating on the later of six months after consummation of the transaction or the date by which AT&T is required under applicable law to dispose of any such system.

Without the prior written consent of AT&T Wireless PCS, Triton and its subsidiaries may not effect any sale of substantially all the assets or liquidation, merger or consolidation of Triton or any of its subsidiaries or engage in any business other than permitted businesses. There are limited exceptions to this provision.

Acquisition of Cellular Licenses. Triton may acquire cellular licenses if, among other circumstances, the board of directors determines such licenses are demonstrably superior alternatives to construction of a personal communications services system in the applicable area within the territory, provided that:

a majority of the cellular potential customers are within the territory defined in the stockholders' agreement;

AT&T and its affiliates do not own commercial mobile radio service licenses in the area; and

Triton's ownership of the cellular license will not cause AT&T or any affiliate to be in breach of any law or contract.

Equipment, Discounts and Roaming. At Triton's request, AT&T Wireless PCS will use all commercially reasonable efforts to assist Triton in obtaining discounts from any vendor with whom Triton is negotiating for the purchase of any infrastructure equipment or billing services and to enable Triton to become a party to the roaming agreements between AT&T Wireless PCS and its affiliates which operate other cellular and personal communications services systems so long as AT&T Wireless PCS, in its sole discretion, does not determine such activities to be adverse to its interests.

Resale Agreements. At the request of AT&T Wireless PCS, Triton will enter into resale agreements relating to the territory defined in the stockholders' agreement. The rates, terms and conditions of service that Triton provides shall be at least as favorable to AT&T Wireless PCS, taken as a whole, as the rates, terms and conditions provided by Triton to other customers.

Subsidiaries. All of Triton's subsidiaries must be direct or indirect wholly-owned subsidiaries.

Amendments. Amendments to the stockholders' agreement require the consent of the following stockholders:

a majority of the shares of each class of capital stock held by the parties to the stockholders' agreement, including AT&T Wireless PCS;

two-thirds of the common stock beneficially owned by the cash equity investors; and

60.1% of the common stock beneficially owned by the management stockholders.

However, in the event any party to the stockholders' agreement ceases to own any shares of capital stock, the party ceases to be a party to the stockholders' agreement and his or her corresponding rights and obligations terminate.

Termination. The stockholders' agreement terminates upon the earliest to occur of:

the written consent of each party to the agreement;

February 4, 2009; and

one stockholder beneficially owning all of the shares of common stock.

However, certain provisions of the agreement expire on February 4, 2008, and some consent rights of AT&T Wireless PCS expire if it fails to own a specified amount of capital stock.

License Agreement

Under the terms of a network membership license agreement, dated as of February 4, 1998 and most recently amended on October 22, 2002, between AT&T Corp., referred to as AT&T, AT&T Wireless Services, Inc., referred to as AT&T Wireless Services, and Triton, AT&T has granted Triton a royalty-free, non-transferable, non-exclusive, limited right and license to use various licensed marks solely in connection with specified licensed activities, as described below. The licensed marks include the logo

containing the AT&T and globe design and the expression *Member, AT&T Wireless Services Network*. The licensed activities include:

the provision to end-users and resellers, solely within the territory specified in the agreement, of communications services on frequencies licensed to Triton for commercial mobile and radio service provided in accordance with the AT&T agreements; and

marketing and offering the licensed services within the territory specified in the agreement.

The license agreement also grants Triton the right and license to use the licensed marks on permitted mobile phones.

AT&T has agreed not to grant to any other person, other than a subsidiary of AT&T, a right or license to provide or resell, or act as agent for any person offering, the communications services Triton is offering within the territory under the licensed marks except to:

any person who resells, or acts as Triton's agent for, communications services provided by Triton; or

any person who provides or resells wireless communications services to or from specific locations such as buildings or office complexes, even if the applicable subscriber equipment being used is capable of routine movement within a limited area and even if such subscriber equipment may be capable of obtaining other telecommunications services beyond that limited area and hand-off between the service to the specific location and such other telecommunications services.

In all other instances, except as described above, AT&T reserves for itself all rights of ownership and use of the licensed marks in connection with its marketing, offering or provision of services, whether within or without the territory.

The license agreement contains numerous restrictions with respect to Triton's use and modification of any of the licensed marks. Triton is obligated to use commercially reasonable efforts to cause all licensed services that use the licensed marks to be of comparable quality to the licensed services AT&T markets and provides in areas comparable to Triton's licensed territory, taking into account the relative stage of development of the areas and other factors. The license agreement also sets forth specific testing procedures to determine compliance with these standards and affords Triton a grace period to cure any instances of alleged noncompliance. Following the cure period, Triton must cease using the licensed marks until Triton is in compliance.

Triton may not assign or sublicense any of its rights under, or grant a security interest in, the license agreement. However, the license agreement may be, and has been, assigned to Triton's lenders under Triton's credit facility. After the expiration of any applicable grace and cure periods under the credit facility, Triton's lenders may enforce Triton's rights under the license agreement and assign the license agreement to any person with AT&T's consent.

The license agreement has a six-year term, expiring February 4, 2004, which renews for an additional five-year period if AT&T, no later than 90 days prior to the end of the initial term, notifies (in compliance with agreements between AT&T and AT&T Wireless Services) Triton in writing of its desire to renew and Triton, within 30 days of receiving AT&T's notice, agrees in writing to renew. The license agreement may be terminated at any time in the event of Triton's significant breach, including Triton's misuse of any licensed marks, Triton's license or assignment of any of the rights in the license agreement, Triton's failure to maintain AT&T's quality standards or if Triton experiences a change of control. After the initial five-year period, AT&T may also terminate the license agreement upon the occurrence of specified transactions. See The Stockholders Agreement Certain Transactions.

Roaming Agreement

Under an intercarrier roamer service agreement, dated as of February 4, 1998, between AT&T Wireless, on behalf of its affiliates, and Triton, AT&T Wireless Services and Triton agreed to provide wireless mobile radio-telephone service for registered customers of the other party's customers when they

are out of their home carrier's geographic area and in the geographic area where the serving carrier, itself or through affiliates, holds a license or permit to construct and operate a wireless mobile radio-telephone system and station. Each home carrier whose customers receive service from a serving carrier shall pay the serving carrier 100% of the wireless service charges and 100% of the pass-through charges, such as any toll or other charges. The roaming rate charges to AT&T Wireless Services for its customers roaming onto Triton's network will decline over the next several years. In addition, on or after September 1, 2005, the parties may renegotiate the rate from time to time.

The roaming agreement has a term of 20 years expiring February 4, 2018, unless a party terminates earlier due to:

the other party's uncured breach of any term of the roaming agreement;

the other party's voluntary liquidation or dissolution; or

the FCC's revocation or denial of the other party's license or permit to provide commercial mobile radio service.

Neither party may assign or transfer the roaming agreement or any of its rights or obligations under the roaming agreement except to an assignee of all or part of its license or permit to provide commercial mobile radio service, provided that the assignee expressly assumes all or the applicable part of the assigning party's obligations under the roaming agreement and becomes a party to the roaming agreement.

On October 4, 2002, AT&T Wireless Services and Triton entered into a supplement to its intercarrier roamer service agreement. The supplement primarily provides pricing, which rates shall be kept reasonably competitive in each geographic area, for the use of one party's GSM/GPRS (Global Systems for Mobile Communications/ General Packet Radio Service) network by another party's GSM/GPRS subscribers. The supplement has a four-year term and, unless either party provides the other with no less than 90 days notice prior to the expiration of the initial four-year term, thereafter continues month-to-month subject to termination by either party on 90 days notice.

Resale Agreement

Under the terms of the stockholders' agreement, Triton is required, at the request of AT&T Wireless PCS, to enter into a resale agreement in an agreed-upon form. Under the resale agreement, AT&T Wireless or one of its affiliates will be granted the right to purchase and resell on a nonexclusive basis access to and usage of Triton's services in Triton's service area. AT&T Wireless or its reseller affiliate will pay Triton the charges, including usage and roaming charges, associated with services it requests under the agreement. Triton will retain the continuing right to market and sell its services to customers and potential customers.

Triton has agreed under the stockholders' agreement that the rates, terms and conditions of service, taken as a whole, that it provides to AT&T Wireless or its reseller affiliate under the resale agreement shall be at least as favorable as, or if permitted by applicable law, superior to, the rates, terms and conditions of service, taken as a whole, to any other customer that purchases services from Triton. Triton will design the rate plan it will offer under the resale agreement to result in a discounted average actual rate per minute of use AT&T Wireless or its reseller affiliate pays for service at least 25% below the weighted average actual rate per minute that Triton bills its customers generally for access and air time. The terms of the stockholders' agreement also require Triton and AT&T to negotiate commercially reasonable reductions to such resale rate based on increased volume commitments.

The resale agreement will have a term of 10 years and will renew automatically for successive one-year periods unless either party elects to terminate the agreement. Following the eleventh anniversary of the agreement, either party may terminate with 90 days' prior written notice. Furthermore, AT&T Wireless or its reseller affiliate may terminate the agreement at any time for any reason on 180 days' written notice.

Neither party may assign or transfer the resale agreement or any of its rights thereunder without the other party's prior written consent, which will not be unreasonably withheld, except:

to an affiliate of that party at the time of the agreement's execution;

by Triton to any of its operating subsidiaries; and

to an entity to whom the outstanding common stock or substantially all of the assets of Triton are transferred after first receiving FCC or other necessary approvals.

Other Agreements with AT&T Wireless PCS and its Affiliates

Triton and AT&T Wireless PCS and its affiliates, from time to time, provide certain other services to each other, including referring each other to national accounts, providing development and engineering services related to network build-out and providing marketing assistance for certain services. Such services are provided at agreed rates, which are generally based on market rates.

On November 15, 2002, Triton acquired three 10 MHz A-block personal communication service licenses in Richmond, Norfolk and Roanoke, Virginia from AT&T Wireless PCS for approximately \$65.1 million.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Triton's executive officers and directors and persons who own more than 10% of Triton's Class A common stock to file reports of ownership and changes in ownership of Triton's Class A common stock with the Securities and Exchange Commission. Based solely on a review of copies of such reports and written representations from the reporting persons, Triton believes that from January 2002 through the date of this Proxy Statement, its executive officers, directors and greater than 10% stockholders filed on a timely basis all reports due under Section 16(a) of the Exchange Act, except that Michael Kalogris filed one Form 4 reporting one transaction late.

SELECTION OF INDEPENDENT AUDITORS

(Proposal No. 2)

The Audit Committee has selected the firm of PricewaterhouseCoopers LLP as Triton's independent auditors for the year ending December 31, 2003.

Ratification of the appointment of PricewaterhouseCoopers LLP shall be effective upon receiving the affirmative vote of the holders of a majority of the voting power of Triton's Class A common stock present or represented by proxy and entitled to vote at the Annual Meeting.

A representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will be offered the opportunity to make a statement if the representative so desires and will be available to respond to appropriate questions. In the event the appointment is not ratified, the Audit Committee will consider the appointment of other independent auditors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT AUDITORS.

Other Matters

We do not know of any other matters to be considered at the Annual Meeting. If any other matters properly come before the meeting, persons named in the accompanying form of proxy intend to vote thereon in accordance with their best judgment, and the discretionary authority to do so is included in the proxy.

Annual Report on Form 10-K

We will provide upon request and without charge to each stockholder receiving this Proxy Statement a copy of Triton's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, including the financial statements and financial statement schedule information included therein. If you share an address with another stockholder and would like to receive a separate proxy statement now or in the future, please contact the Corporate Secretary, Triton PCS Holdings, Inc., 1100 Cassatt Road, Berwyn, Pennsylvania 19312 (610) 651-5900.

Submission of Stockholder Proposals

The Second Amended and Restated Bylaws of Triton generally require notice of (i) any proposal to be presented by any stockholder or (ii) the name of any person to be nominated by any stockholder for election as a director of Triton at a meeting of the stockholders to be delivered to or mailed and received by the Corporate Secretary of Triton at Triton's principal executive offices. Notice must be received by the Corporate Secretary not less than 60 or more than 90 days prior to the date of the annual meeting. Accordingly, failure by a stockholder to act in compliance with the notice provisions will mean that the stockholder will not be able to nominate directors or propose new business.

Any stockholders who intend to present proposals at the 2004 Annual Meeting of Stockholders, and who wish to have such proposals included in Triton's Proxy Statement for the 2004 Annual Meeting, must ensure that such proposals are received by the Corporate Secretary of Triton not later than December 4, 2003. Such proposals must meet the requirements set forth in the rules and regulations of the Securities and Exchange Commission in order to be eligible for inclusion in Triton's 2004 proxy materials.
