**Item 8.01. Other Events**

On November 20, 2018, Firsthand Technology Value Fund, Inc. issued a press release announcing a special distribution to stockholders of approximately \$0.03 per share. The distribution will be payable on December 21, 2018 to stockholders of record as of December 13, 2018.

The distribution represents the Fund's previously undistributed long-term capital gains (\$245,701 or \$0.034226 per share) realized in 2017. Commonly referred to as a "spillback" distribution, this distribution of capital gains from the Fund's preceding fiscal year is required in order for the Fund to satisfy regulated investment company ("RIC")-related U.S. federal income tax requirements for that prior year. The Fund elected to qualify for RIC tax treatment during that prior fiscal and tax year. This year, however, as previously announced, the Fund no longer qualifies under the RIC requirements and is treated as a corporation for tax purposes.
