Matters to Be Voted Upon.

The following matters are to be voted upon at the 2012 annual meeting of our shareholders.

PROPOSAL ONE - ELECTION OF DIRECTORS

Our board has nominated three persons for election to our board at the 2012 annual meeting of our shareholders: Paul A. Novelly, Paul G. Lorenzini, and William J. Doré, each as a Class C director.

Paul A. Novelly.

Prior to co-founding us and becoming our chairman, Mr. Novelly was (and still is) chairman and chief executive officer of Apex Oil Company, Inc., a privately-held company based in St. Louis, Missouri engaged in the trading, storage, marketing, and transportation of petroleum products, including liquid terminal facilities in the Midwest and Eastern United States, and towboat and barge operations on the inland waterway system. Mr. Novelly is also president and a director of AIC Limited, a Bermuda-based oil trading company, chairman and a director of World Point Terminals, Inc., a Delaware company based in Missouri which owns and operates petroleum storage facilities in the United States, and chief executive officer of St. Albans Global Management, Limited Partnership, LLLP, which provides corporate management services. He currently serves on the board of directors at Boss Holdings, Inc., a distributor of work gloves, boots, rainwear, and other consumer products, and Bond Street Holdings, Inc., a holding company whose material subsidiary is Premier American Bank, N.A. Mr. Novelly has also served on the boards of several banks and certain other public companies.

Our board believes that Mr. Novelly's experience, knowledge, skills, and expertise as our chairman since 2005 and his knowledge of our operations and effectiveness of our business strategies provide valuable perspective to our board and add significant value. Additionally, Mr. Novelly's experience as the chief executive officer of Apex Oil Company, Inc., AIC Limited, and St. Albans Global Management, Limited Partnership, LLLP and as the chairman of World Point Terminals, Inc., as well as a number of executive positions with other oil refining, terminalling, storage, and transportation companies and certain financial institutions, are integral to our board's assessment of our business opportunities and strategic options. Finally, Mr. Novelly's service and experience as a director for other boards, including active involvement in strategic planning for those companies, strengthens the governance and functioning of our board.

Paul G. Lorenzini.

Mr. Lorenzini has been a member of our board since January 2007 and our chief operating officer since April 21, 2008. In January 1970, Mr. Lorenzini co-founded Packaging Consultants, Inc., a distribution business supplying packaging materials to the food industry. In 1983, Bunzl PLC, a supplier of supermarket and food service packaging, acquired Packaging Consultants, Inc. Mr. Lorenzini continued to work for Bunzl PLC and in 1986 became president of Bunzl USA. He subsequently became the chief executive officer of Bunzl USA and retired in July 2004 with the title of chairman emeritus. Mr. Lorenzini served as a director of Bunzl PLC between 1988 and 1991 and between 1999 and 2004.

Our board believes that Mr. Lorenzini's experience, knowledge, skills, and expertise as our chief operating officer and his knowledge of our operations and business strategies gained over his five plus years of service as chief operating officer provide valuable perspective to our board and add significant value. Additionally, Mr. Lorenzini's operational and management experience with Bunzl PLC and Bunzl USA is integral to our board's assessment of our business opportunities and strategic options. Finally, Mr. Lorenzini's service and experience as a director for other boards, including active involvement in strategic planning for those companies, strengthens the governance and functioning of

our board.

William J. Doré.

Mr. Doré previously was a member of our board between May 24, 2006 and March 20, 2007. Mr. Doré is also the founder and retired chairman/chief executive officer of Global Industries, Ltd., a worldwide organization of over 6,000 employees which operates one of the largest fleets of marine construction assets in the world. Global Industries' construction services extend throughout the Gulf of Mexico, West Africa, the Mediterranean, the Middle East and India, the Pacific Rim, South America, and Mexico's Bay of Campeche. In 2000, Mr. Doré was presented with the Rhodes Petroleum Industry Leadership Award from the Petroleum Division of the American Society of Mechanical Engineers. He is also the recipient of the 2000 Horatio Alger Award. In 2011, Mr. Doré was named as the Civic Service Award recipient from the Chamber Southwest Louisiana. The Civic Service Award is presented annually to an outstanding member of the community who exemplifies leadership and service.

Our board believes that Mr. Doré's experience, knowledge, skills, and expertise as a previous member of our board of directors and his operational and management experience with Global Industries, Ltd. is integral to our board's assessment of our business opportunities and strategic options. Further, Mr. Doré's service and experience in community matters and his commitment to education and the environment strengthens the governance and functioning of our board.

Under our certificate of incorporation, our directors are divided into three classes, which serve for staggered three-year terms. Mr. Novelly was originally elected as a director on August 22, 2005 and Mr. Lorenzini was originally elected as a director on January 8, 2007. Both of these individuals are standing for reelection. Mr. Doré has not served on our board since March 20, 2007. Each of these nominees has agreed, if elected at the 2012 annual meeting of our shareholders, to serve as a Class C member of our board for a three-year term expiring in 2015.

The persons named as attorneys-in-fact in the accompanying shareholder proxy card will vote for the election of the nominees listed above as director, unless authority to so vote is withheld. Although our board expects that the nominees will be available for election, in the event a vacancy in the slate of nominees occurs, shares of our common stock represented by proxies will be voted for the election of a substitute nominee selected by the persons named as attorneys-in-fact in the accompanying shareholder proxy card.

On June 14, 2012, the audit committee of our board took action to approve the retention of the accounting firm of RubinBrown LLP as the independent auditor for us for the fiscal year ending December 31, 2012. Our board subsequently approved the actions of the audit committee but made the decision to seek shareholder ratification of the appointment of RubinBrown LLP as our independent auditor for the fiscal year ended December 31, 2012. #### Audit Committee Financial Expert.

Our board has determined that each member of our audit committee is an audit committee financial expert. During 2011, each such member of our audit committee was independent, as independence for audit committee members is defined in the listing standards applicable to us and in the rules of the SEC.

#### Board Leadership Structure and Role in Risk Oversight.

##### Board Leadership Structure.

We have a board currently comprised of eight members. Our executive chairman is Mr. Novelly. Our executive chairman presides over all meetings of our board and at all meetings of our shareholders. He provides strategic leadership and guidance to our board and management, he advises and consults with our chief executive officer, chief operating officer, and other executive officers, and he works with management and other committees of our board regarding strategies, risks, opportunities, and other matters.

Mr. Mikles is a director as well as our principal executive officer and president. Our principal executive officer and president is our senior most executive officer and has the powers and duties incident to that position. He is our principal management officer with responsibility for supervision of our executive and senior management. His duties include developing strategic and tactical initiatives in consultation with our executive chairman and other members of our executive management.

Mr. Lorenzini is a director as well as our chief operating officer. He is our principal officer with responsibility for the operations of our businesses. His duties include developing strategic and tactical initiatives with our executive chairman and other members of our executive management, as well as implementing those initiatives.

The five remaining members of our board are independent as described below, and these independent members comprise the membership of our board's audit committee, nominating/corporate governance committee, and compensation committee.

We believe that separation of the office of executive chairman (Mr. Novelly) and the office of our principal executive officer (Mr. Mikles) is the appropriate leadership structure for us. We believe the division of duties is especially appropriate as legal and regulatory requirements applicable to our board and its committees continue to expand, and help provide the appropriate levels of communication between the board and executive management for board oversight of us and our management.

##### Role in Risk Oversight.

Our board as a whole is ultimately responsible for our risk management oversight. Our board is assisted by its committees, including our audit committee and compensation committee, whose duties are described in more detail below.

The board's oversight of our material risks is undertaken through, among other things, various reports and assessments that management presents to our board or to committees of our board, and the related board or committee discussions and decisions. The committees of our board report to our board about their meetings.

Our executive chairman and chief executive officer and president address risk matters at regular and special board meetings. In addition, other members of senior management regularly provide reports directly to our board. Finally, our audit committee works closely with our independent public accountants in their review of risk and controls.

#### Corporate Governance/Director Independence.

Our board has adopted corporate governance guidelines which incorporate certain rules of the SEC and U.S. securities exchanges for use by our board when determining director independence. These guidelines include the Company's Corporate Governance Guidelines, Policy for Approving Transactions with Related Parties, and Insider Trading Policy, copies of which may be found on our website at <http://ir.futurefuelcorporation.com/governance.cfm>. Our board also broadly considers all other relevant facts and circumstances that bear on the materiality of each director's relationship with us, including the potential for conflicts of interest, when determining director independence.

The nominating/corporate governance committee of our board evaluates each incumbent director and all new director nominees based on applicable law, regulations, and rules and makes a recommendation to the full board as to the independence of directors and director nominees. Our board has determined that, of the eight current members of the board, the following four directors have no disqualifying relationships with us or our subsidiaries and are, therefore, independent: Edwin A. Levy, Thomas R. Evans, Donald C. Bedell, and Paul M. Manheim. Our board has also determined that Mr. Doré (assuming he is elected to our board) has no disqualifying relationships with us or our subsidiaries and is, therefore, independent. In addition, in 2011 each of our board's compensation, audit, and nominating/corporate governance committees was comprised of directors who were independent under such definitions. The guidelines referenced above, as well as other corporate governance initiatives adopted by us, are also available to any shareholder free of charge upon request to our corporate secretary at our principal executive office set forth above.

Our independent directors meet in executive sessions (without our management) generally before or after meetings of the directors, and will meet more often as the need arises. None of our non-management directors presides at all meetings of our non-management directors. Rather, a chairman is chosen at the beginning of each meeting.

Any interested party (and not just our shareholders) may make their concerns known to our non-management directors through our website at <http://ir.futurefuelcorporation.com/contactus.cfm>. In the "comment" section on this page, please indicate that the message is for our non-management directors, and the message will be provided to them.

#### Board Meetings and Committees; Annual Meeting Attendance.

Three directors (Messrs. Novelty, Mikles, and Lorenzini) attended that annual shareholder meeting.

Our board established the following committees during 2011: audit committee, compensation committee, and nominating/corporate governance committee. Nominating/Corporate Governance Committee.

Our board has a nominating/corporate governance committee. That committee has a charter, a copy of which may be found at our internet web site at <http://ir.futurefuelcorporation.com/governance.cfm>. A copy may also be obtained free of charge by written request to our corporate secretary at our principal executive office set forth above.

Our nominating/corporate governance committee will consider director candidates recommended by our shareholders. To facilitate such nominations, our board has adopted Procedures for Shareholders Submitting Nominating Recommendations, which is Appendix B to our nominating/corporate governance committee charter. Those Procedures set forth the procedures for a shareholder to submit a director nominee recommendation, the timelines for receiving such nominations, and the information required on each director nominee. Our board has also adopted a Policy on Shareholder Recommendation of Candidates for Election as Directors, which is Appendix C to our nominating/corporate governance committee charter. This Policy sets forth the evaluation process adopted by our board. Any shareholder desiring to submit a director nominee for consideration by the nominating committee of our board for the 2013 annual meeting of our shareholders must do so in accordance with our bylaws and policies described under “Shareholder Proposals for the Next Annual Meeting” beginning at page 1 above. Director nominations should be submitted in writing to our corporate secretary, acting as agent for the nominating/corporate governance committee, at FutureFuel Corp., 8235 Forsyth Blvd., 4th Floor, Clayton, Missouri 63105. A copy of such Procedures and Policy is available free of charge to any shareholder and may be obtained from our corporate secretary at our principal executive office set forth above.

Once a director nominee has been recommended, whether by a shareholder or otherwise, the nominating committee reviews the background and qualifications of the nominee in accordance with the Policy Regarding Qualifications of Directors as adopted by our board, which Policy is Appendix A to our nominating/corporate governance committee charter. A copy of such Policy is available free of charge to any shareholder and may be obtained from our corporate secretary at our principal executive office set forth above. In selecting the slate of nominees to be recommended by the nominating/corporate governance committee to our board, and in an effort to maintain a proper mix of directors that results in a highly effective governing body, the nominating/corporate governance committee also considers such factors as the occupational, geographic, and age diversity of all director nominees; the particular skills and ability of each nominee to understand financial statements and finance matters generally; and the independence status of each nominee in accordance with our corporate governance guidelines, SEC rules, and other applicable laws and regulations. Our nominating/corporate governance committee does not differentiate in its evaluation of nominees as directors depending upon whether a nominee is recommended by one of our shareholders.

The nominating/corporate governance committee reports its recommendations concerning each director nominee to our board. Our board then considers the nominating/corporate governance committee’s recommendations and selects those director nominees to be submitted to the shareholders for approval at the next annual meeting of shareholders. Our board may, as a part of its consideration, request the nominating/corporate governance committee to provide it with such information pertaining to a director nominee as our board deems appropriate to fully evaluate the qualifications of the nominee.

The slate of nominees for directors for the 2012 annual meeting of our shareholders consists of Paul A. Novelly, Paul G. Lorenzini, and William J. Doré. Messrs. Novelly and Lorenzini are standing for reelection. Mr. Doré was recommended by our chairman, Mr. Novelly.

#### Audit Committee.

As noted above, our board has a standing audit committee. The audit committee members during 2011 were: Thomas R. Evans (chairman), Edwin Levy, Donald C. Bedell, and Paul M. Manheim (commencing July 22, 2011). All members of our audit committee are independent as determined in accordance with the listing standards applicable to us.

We have adopted an audit committee charter. A copy of this audit committee charter may be accessed on our internet website at <http://ir.futurefuelcorporation.com/governance.cfm>. A copy may also be obtained free of charge from us by written request to our corporate secretary at our principal executive office set forth above.

The primary duties and responsibilities of the audit committee are to monitor: (i) the integrity of our financial statements, including the financial reporting process and systems of internal controls regarding finance and accounting; (ii) our compliance with related legal and regulatory requirements; and (iii) the independence and performance of our external auditor. The audit committee also selects our independent registered public accounting firm. Management of the Company is responsible for designing and implementing the internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The audit committee's responsibility is to monitor and oversee these processes.

In the performance of its oversight function, the audit committee has performed the duties required by its charter, and it has reviewed and discussed our consolidated financial statements for 2011 with management and the independent registered public accounting firm. The audit committee also has discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards Number 61, Communication with Audit Committees, as amended, as adopted by the Public Company Accounting Oversight Board (or PCAOB) in Rule 3200T.

The audit committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of PCAOB regarding the independent registered public accounting firm's communications with our audit committee concerning independence, and has discussed with the independent registered public accounting firm its independence. The audit committee also has received confirmations from management and has considered whether the provision of any non-audit services by the independent registered public accounting firm to us is compatible with maintaining the independence of the auditors.

Based upon a review of the reports by, and discussions with, management and the independent registered public accounting firm and the audit committee's review of the representations of management and the report of the independent registered public accounting firm, the audit committee recommended to our board to include the audited financial statements in our Form 10-K and Annual Report for the year ended December 31, 2011.

Thomas R. Evans, Edwin A. Levy, Donald C. Bedell, and Paul M. Manheim

#### Compensation of Directors and Executive Officers.

##### General.

Our board of directors has established a compensation committee (formerly known as the remuneration committee). Our compensation committee currently consists of Donald C. Bedell, Richard L. Knowlton, and Edwin A. Levy. Each of these individuals is an "independent director" under the rules of the New York Stock Exchange, a "Non-Employee Director" within the meaning of section 16 of the Exchange Act, and an "outside director" within the meaning of §162(m) of the Internal Revenue Code of 1986, as amended.

The compensation committee's responsibilities include, among other things, determining our policy on remuneration to our (that is, FutureFuel Corp.'s) officers and directors and the executive officers and directors of FutureFuel Chemical Company. We paid each of our directors \$25,000 for 2011. We determined for 2011 not to pay salaries, bonuses, or other forms of cash compensation to any of our executive officers (in their capacities as such) (other than our chief operating officer Paul Lorenzini and certain executive officers of FutureFuel Chemical Company as described below). The compensation committee also approved the awarding of 120,000 stock options in the aggregate to our directors and certain of our executive officers in both 2011 and 2012. The compensation committee also approved the payment, commencing in 2012, to our directors of \$2,000 for each board and committee meeting attended in person and \$1,000 for each board and committee meeting attended telephonically. Finally, the compensation committee approved the payment of \$25,000 to our director, Mr. Knowlton, as director fees for 2012. No other director compensation and no compensation for our executive officers (other than certain executive officers of FutureFuel Chemical Company) have been set at this time for the calendar year 2012. Rather, our board believes it is more appropriate to set such compensation later in the year when 2012 results are capable of reasonable estimation.

In 2011, we paid salaries, bonuses, and other forms of compensation to our chief operating officer and to the officers of FutureFuel Chemical Company as described below.

#### Compensation Discussion and Analysis.

The elements of our compensation program include base salary, bonuses, and certain retirement, insurance, and other benefits generally available to all employees. In addition, our board adopted an Omnibus Incentive Plan (or the Incentive Plan) which was approved by our shareholders at our 2007 annual meeting on June 26, 2007. The Incentive Plan provides equity-based compensation to our executive officers and our directors.

Cash Salaries and Bonuses.

We determined not to pay cash salaries or bonuses to our executive officers Messrs. Novelly, Mikles, or Hommert for 2011. Our executive chairman, Mr. Novelly, receives compensation from our affiliate, St. Albans Global Management, Limited Partnership, LLLP. Our chief executive officer, Mr. Mikles, receives compensation from existing business enterprises and investments, none of which are affiliated with us. Our executive vice president, secretary, and treasurer, Mr. Hommert, receives compensation from our affiliate, Apex Oil. None of Messrs. Novelly, Mikles, or Hommert received any increase in their salary, bonus, or other income to compensate them for their services to us. We decided to pay a bonus of \$100,000 to our chief operating officer, Mr. Lorenzini, in December 2011, which we believe was fair compensation for the services rendered. In addition, we reimbursed affiliates of Mr. Novelly and Mr. Mikles \$100,000 each for expenses incurred by such affiliates in Mr. Novelly and Mr. Mikles performing services for us. As to our other executive officers, we continued their base salaries paid for 2010 with a modest percentage increase for 2011, which approximated a cost-of-living increase.

For the year 2011, we established a bonus pool for the employees of our subsidiary, FutureFuel Chemical Company. The total bonus target amount was determined at 10% of the estimated (as of the end of November 2011) after-tax earnings of FutureFuel Chemical Company for the year ended December 31, 2011, subject to certain adjustments. We believe the 10% amount was reasonable and provides an incentive for such employees to continue implementing the business plan that we have installed at FutureFuel Chemical Company. Eligible FutureFuel Chemical Company employees hired after January 1, 2011 received \$250. Eligible employees hired prior to January 1, 2011 received 114 hours of pay at their normal hourly rate. Salaried employees of FutureFuel Chemical Company received an additional bonus amount ranging from \$0 to \$75,000, with the larger bonuses going to FutureFuel Chemical Company's executive officers as determined by FutureFuel Chemical Company's board of directors. The bonuses were paid in cash on December 16, 2011.

We expect to establish an annual cash bonus program for fiscal years commencing after 2011 in an amount equal to 10% of after-tax earnings of FutureFuel Chemical Company, subject to certain adjustments, but solely on a discretionary basis. In determining actual bonus payouts for such years, we expect that the compensation committee will consider performance against performance goals to be established by us, as well as individual performance goals. We expect that this annual cash bonus program will apply to certain key employees of FutureFuel Chemical Company in addition to the executives whose compensation is described herein. The actual amount of bonuses, if any, will be determined near the end of our fiscal year.

#### Omnibus Incentive Plan.

Our board of directors adopted the Incentive Plan, which was approved by our shareholders at our 2007 annual shareholder meeting on June 26, 2007. The purpose of the Incentive Plan is to:

- encourage ownership in us by key personnel whose long-term employment with or engagement by us or our subsidiaries (including FutureFuel Chemical Company) is considered essential to our continued progress and, thereby, encourage recipients to act in our shareholders' interests and share in our success;
  - encourage such persons to remain in our employ or in the employ of our subsidiaries; and
  - provide incentives to persons who are not our employees to promote our success.

The Incentive Plan authorizes us to issue stock options (including incentive stock options and nonqualified stock options), stock awards, and stock appreciation rights. To date, options for 930,500 shares of stock and awards of 39,800 shares of stock have been made. We issued 120,000 stock options in 2011 and in 2012, but did not issue any stock awards or stock appreciation rights. We will consider issuing additional stock options, stock awards, and/or stock appreciation rights pursuant to the criteria set forth below.

Eligible participants in the Incentive Plan include: (i) members of our board of directors and our executive officers; (ii) regular, active employees of us or of any of our subsidiaries; and (iii) persons engaged by us or by any of our subsidiaries to render services to us or our subsidiaries as an advisor or consultant.

Awards under the Incentive Plan are limited to shares of our common stock, which may be shares reacquired by us, including shares purchased in the open market, or authorized but un-issued shares. Awards are limited to 10% of the issued and outstanding shares of our common stock in the aggregate, or 2,670,000 shares, as of the date of adoption of the Incentive Plan. Taking into account the prior grants of stock options and stock awards, there are 1,699,700 shares remaining to be issued under the Incentive Plan.

The Incentive Plan is administered by our board's compensation committee (or Administrator). The Administrator may appoint agents to assist it in administering the Incentive Plan. The Administrator may delegate to one or more individuals the day-to-day administration of the Incentive Plan and any of the functions assigned to the Administrator

in the Incentive Plan. Such delegation may be revoked at any time. All decisions, determinations, and interpretations by the Administrator regarding the Incentive Plan and the terms and conditions of any award granted thereunder will be final and binding on all participants.

The Administrator may grant a stock option or provide for the grant of a stock option either from time to time in the discretion of the Administrator or automatically upon the occurrence of events specified by the Administrator, including the achievement of performance goals or the satisfaction of an event or condition within the control of the participant or within the control of others. Each option agreement must contain provisions regarding: (i) the number of shares of common stock that may be issued upon exercise of the option; (ii) the type of option; (iii) the exercise price of the shares and the means of payment for the shares; (iv) the term of the option; (v) such terms and conditions on the vesting or exercisability of the option as may be determined from time to time by the Administrator; (vi) restrictions on the transfer of the option and forfeiture provisions; and (vii) such further terms and conditions not inconsistent with the plan as may be determined from time to time by the Administrator. Unless otherwise specifically determined by the Administrator or otherwise set forth in the Incentive Plan, the vesting of an option will occur only while the participant is employed or rendering services to us or one of our subsidiaries, and all vesting will cease upon a participant's termination of employment for any reason.

The Administrator may grant annual performance vested options. Performance will be tied to annual cash flow targets (our consolidated income plus depreciation plus amortization) in amounts to be determined. Annual performance vested options will vest 25% for each year that the annual cash flow target is achieved (with provisions for subsequent year catch-ups).

The Administrator may grant cumulative performance vested options. Performance will be tied to cumulative cash flow in amounts to be determined for periods to be determined.

The Administrator may issue other options based upon the following performance criteria either individually, alternatively, or in any combination, applied to either us as a whole or to a business unit, subsidiary, or business segment, either individually, alternatively, or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Administrator: (i) cash flow; (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) stock price; (vi) return on equity or average shareholders' equity; (vii) total shareholder return; (viii) return on capital; (ix) return on assets or net assets; (x) return on investment; (xi) revenue; (xii) income or net income; (xiii) operating income or net operating income; (xiv) operating profit or net operating profit; (xv) operating margin; (xvi) return on operating revenue; (xvii) market share; (xviii) overhead or other expense reduction; (xix) growth in shareholder value relative to the moving average of the S&P 500 Index or a peer group index; (xx) strategic plan development and implementation; and (xxi) any other similar criteria.

Such options will vest and expire (including on a pro rata basis) on such terms as may be determined by the Administrator from time to time consistent with the terms of the Incentive Plan.

The Administrator may award our common stock to participants. The grant, issuance, retention, or vesting of each stock award may be subject to such performance criteria and level of achievement versus these criteria as the Administrator determines, which criteria may be based on financial performance, personal performance evaluations, or completion of service by the participant. Unless otherwise provided for by the Administrator, upon the participant's termination of employment other than due to death or retirement, the unvested portions of the stock award and the shares of our common stock subject thereto will generally be forfeited. Unless otherwise provided for by the Administrator, if a participant's termination of employment is due to death or retirement, all outstanding stock awards will continue to vest provided certain conditions to be determined are met. Unless otherwise provided for by the Administrator, if a participant's termination of employment is due to his death, a portion of each outstanding stock award granted to such participant will immediately vest and all forfeiture provisions and repurchase rights will lapse as to a prorated number of shares of common stock determined by dividing the number of whole months since the grant date by the number of whole months between the grant date and the date that the stock award would have fully

vested.

The Administrator may grant stock appreciation rights either alone or in conjunction with other awards. The Administrator will determine the number of shares of common stock to be subject to each award of stock appreciation rights. The award of stock appreciation rights will not be exercisable for at least six months after the date of grant except as the Administrator may otherwise determine in the event of death, disability, retirement, or voluntary termination of employment of the participant. Except as otherwise provided by the Administrator, the award of stock appreciation rights will not be exercisable unless the person exercising the award of stock appreciation rights has been at all times during the period beginning with the date of the grant thereof and ending on the date of such exercise, employed by or otherwise performing services for us or one of our subsidiaries.

In the event there is a change in control of the Company, as determined by our board, our board may, in its discretion: (i) provide for the assumption or substitution of, or adjustment to, each outstanding award; (ii) accelerate the vesting of awards and terminate any restrictions on cash awards or stock awards; and (iii) provide for the cancellation of awards for a cash payment to the participant.

#### Recommendations from Management

Our chairman and chief executive officer make recommendations to the compensation committee as to salaries and bonuses for executive officers, as well as awards under the Incentive Plan. The compensation committee takes these recommendations into consideration in approving all such salaries, bonuses, and awards.

#### Retirement Benefits

We adopted a 401(k) plan for FutureFuel Chemical Company which is generally available to all of its employees.

#### Life Insurance and Other Employee Benefits

Our executive officers who are not officers of FutureFuel Corp. participate in employee welfare plans (life insurance, medical insurance, disability insurance, vacation pay, and the like) maintained by FutureFuel Chemical Company for all of its employees. We do not provide life insurance or other employee benefits for our executive officers who have been elected to officer positions with both FutureFuel Corp. and FutureFuel Chemical Company.

#### Grants of Plan-Based Awards.

We adopted the Incentive Plan but did not make any awards thereunder until 2008. In April 2008, we granted a total of 55,000 stock options to selected members of our management. An additional 5,000 management options were issued in September 2008. The options awarded in April 2008 had an exercise price equal to the average of the bid and ask price of our common stock on the date of grant as established in private sales, which our board of directors determined to be the fair market value of such stock on that date. The management options awarded in September 2008 had an exercise price equal to the closing price of our common stock on the date of grant as quoted on the OTC Bulletin Board. Originally, one-third of the management options granted in April 2008 vested on each of the annual anniversary dates of the grant. Our compensation committee determined that it was in our best interests if those options were to vest immediately. Accordingly, those management options were amended in September 2008 to provide for immediate vesting. The management options issued in September 2008 vested immediately upon grant. The management options awarded in April 2008 expire on April 7, 2013. The management options awarded in September 2008 expire on September 30, 2013. On December 3, 2008, we awarded an aggregate of 39,800 shares of our common stock to employees of FutureFuel Chemical Company. These shares vested upon grant.

In 2009, we awarded 280,500 stock options to our directors, executive officers, and certain other members of our management. These options vested upon grant, had an exercise price equal to the closing price of our common stock on the date of grant as quoted on the OTC Bulletin Board, and expire on December 21, 2014 if not exercised by that date.

We did not make any awards under the Incentive Plan in 2010.

In 2011, we awarded 120,000 stock options to our directors, executive officers, and certain other members of our management. These options vested upon grant, had an exercise price equal to the average price of our common stock on the date of grant as quoted by the NYSE, and expire on April 29, 2016 if not exercised by that date.

In 2012, we awarded 120,000 stock options to our directors, executive officers, and certain other members of our management. These options vested upon grant, had an exercise price equal to the average price of our common stock on the date of grant as quoted by the NYSE, and expire on April 10, 2017 if not exercised by that date.

The following tables set forth certain information regarding the awards to our executive officers and certain officers of FutureFuel Chemical Company of options and shares of our common stock under the Incentive Plan through December 31, 2011 (and does not include the stock options awarded in 2012).

## Option Exercises and Stock Vested.

None of our executive officers exercised options in 2011 or were the recipient of stock awards which vested in 2011.

Compensation of Directors.

Consistent with prior years, we paid each of our directors \$25,000 for the year 2011 as we believed this was fair for services provided. In addition, we awarded 80,000 stock options to our directors. These options vested upon grant, had an exercise price equal to the average price of our common stock on the date of grant as quoted by the NYSE, and expire on April 29, 2016 if not exercised by that date. Our compensation committee also approved the payment, commencing in 2012, to our directors of \$2,000 for each board and committee meeting attended in person and \$1,000 for each board and committee meeting attended telephonically. In addition, we awarded 80,000 stock options to our directors in 2012. These options vested upon grant, had an exercise price equal to the average price of our common stock on the date of grant as quoted by the NYSE, and expire on April 10, 2017 if not exercised by that date. No other director compensation has been set at this time for the calendar year 2012, except that our compensation committee approved the payment of \$25,000 as director fees to Mr. Knowlton.

The following is the compensation our directors earned for 2011.

#### Independent Public Accountants.

The following table shows the aggregate fees billed to us by RubinBrown LLP for professional services attributable to 2011 and 2010.

	2011	2010
Audit Fees	\$250,000	\$288,000
Audit-Related Fees	30,550	14,150
Tax Fees	17,500	19,500
All Other Fees	-	-
Total	\$298,050	\$321,650

Audit fees include professional services rendered by RubinBrown LLP to us for the audit of our annual financial statements and review of financial statements included in our Form 10-Q and services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for 2010 and 2011. Audit related fees include assurance and related services provided by RubinBrown LLP to us that are reasonably related to the performance of the audit or review of our financial statements and are not included in audit fees. Tax fees include professional services rendered by RubinBrown LLP for tax compliance, tax advice, and tax planning. These services include a review and preparation of our federal income tax return and several state income tax returns. All other fees

include any services provided by RubinBrown LLP to us that are not otherwise included in the other three categories. RubinBrown LLP did not provide any other services to us in 2011.

Our audit committee's charter provides for approval of audit and audit-related services. The audit committee of our board engages the independent public accountants and defines the scope of their services on an annual basis. Any proposed changes to the services established by the audit committee through the engagement process is reviewed with the audit committee in advance of the services being rendered to ensure that the accounting firm's independence is maintained. All audit related services, tax services, and other services for 2011 were approved by our audit committee through the engagement process.

Our audit committee is also required to consider the independence of RubinBrown LLP when engaging the firm to perform audit-related and other services. It was determined by our audit committee that audit-related and other services provided and the fees paid for those services for 2011 were compatible with maintaining the independence of RubinBrown LLP.

#### Financial Information - Annual Report.

Our Annual Report for the year ended December 31, 2011 is included herewith. We will provide without charge additional copies of our Annual Report upon written request. Requests and related inquiries should be directed to Corporate Secretary, FutureFuel Corp., 8235 Forsyth Blvd., 4th Floor, Clayton, Missouri 63105.

#### Other Proposed Actions.

Our board knows of no other matter to come before the 2012 annual meeting of our shareholders. However, if any other matter requiring a vote of the shareholders arises, it is the intention of the persons named in the accompanying shareholder proxy to vote such proxy in accordance with their best judgment.

#### Voting Procedures.

#### Required Vote.

In accordance with Delaware law and our bylaws, our directors will be elected at the 2012 annual meeting of our shareholders by a plurality of the votes cast by shareholders. "Plurality" means that the nominees receiving the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the meeting. Any other matter on which shareholders vote at the 2012 annual meeting, including ratification of the appointment of RubinBrown LLP as our independent auditor for the year ending December 31, 2012, will be determined by the affirmative vote of a majority of the votes cast.

#### Quorum.

The presence, in person or by proxy, of shareholders owning shares of our common stock representing a majority of the votes entitled to be cast by shareholders at the 2012 annual meeting will constitute a quorum for the transaction of business at the annual meeting for which shareholders have the right to vote. Shareholders who deliver valid proxies or vote in person at the annual meeting will be considered part of the respective quorums. Once a share is represented for any purpose at the annual meeting, it is deemed present for quorum purposes for the remainder of the annual meeting and for any adjourned meeting. We will count abstentions as present and entitled to vote for purposes of determining the applicable quorum.

#### Proxies and Voting.

Shares of our common stock represented by properly executed proxies will, unless the proxies have been properly revoked, be voted in accordance with the instructions indicated on the proxies or, if no instructions are indicated, will be voted FOR the: (i) election of Paul A. Novelly, Paul G. Lorenzini, and William J. Doré as Class C directors of the Company; and (ii) approval of the appointment of RubinBrown LLP as our independent auditor for 2012. You can vote for approval of a particular proposal by marking the shareholder proxy card enclosed herewith with an "X" in the box under "FOR" for such proposal. If you do not wish to vote "FOR" the election of Paul A. Novelly and/or Paul G. Lorenzini and/or William J. Doré, you can mark the shareholder proxy card with an "X" in the box under "WITHHOLD" for Item 1 on the card next to their respective names, and you can vote against approval of any of the other proposals by marking the shareholder proxy card with an "X" in the box under "AGAINST" for such proposal. Abstentions (other

than with respect to the election of directors) may be specified with respect to any of the resolutions by properly marking with an “X” in the box under “ABSTAIN” on the shareholder proxy card, and will be counted as present for the purpose of determining the existence of a shareholder quorum.

If you own shares in “street name” in an account at a bank or brokerage firm, we generally cannot mail our proxy materials directly to you. You may instead receive a voting instruction form with this Proxy Statement that you should use to instruct how your shares are to be voted, and you should also vote your shares by completing, signing, and returning the voting instruction form in the envelope provided. Many brokerage firms have arranged for internet or telephonic voting of shares and provide instructions for using those services on the voting instruction form. If your shares are held by a brokerage firm, the brokerage firm may under certain circumstances vote your shares. Such entities may have authority to vote their customers’ shares on certain routine matters, including the ratification of auditors. When a firm votes its customers’ shares on routine matters, those shares are also counted for the purpose of establishing a quorum to conduct business at the meeting. A brokerage firm cannot vote its customers’ shares on non-routine matters without instructions from the customers. Accordingly, those shares are not counted as votes against a non-routine matter, but rather are not counted at all for such a matter. Proposal 1 (election of directors) is not considered a routine matter under the NASDAQ Stock Market and New York Stock Exchange rules, so brokers do not have discretionary authority to vote shares held in street name on that item. If you hold your shares in street name and wish for your shares to be voted on this matter, you must provide your broker with voting instructions.

You may also attend the 2012 annual meeting of our shareholders and vote your shares. We encourage you to vote your shares by proxy even if you plan to attend the annual meeting. If you do attend the annual meeting, you will be asked to present valid photo identification, such as a driver’s license or passport. If you hold your stock in an account at a brokerage firm or bank (in nominee name), you will need to bring a copy of an account statement reflecting such ownership on or after the June 22, 2012 record date for the meeting.

#### Delivery of Documents to Security Holders Sharing an Address.

Our Annual Report, Proxy Statement, and Notice of Internet Availability of Proxy Materials is being delivered to each shareholder of record, even if two or more shareholders of record share an address. Shareholders sharing an address can request delivery of a single copy of our Annual Reports, Proxy Statements, and Notices of Internet Availability of Proxy Materials by requesting the same to our corporate secretary at 8235 Forsyth Blvd., 4th Floor, Clayton, Missouri 63105.

#### Shareholder Approval of Executive Compensation.

On July 15, 2011, we held our annual shareholder meeting for 2011, at which a quorum of our shareholders was present either in person or by proxy. The matters submitted to a vote of our shareholders at such meeting included:

- (1) an advisory vote on the compensation of our named executive officers; and
- (2) an advisory vote on the frequency of an advisory vote on the compensation of our named executive officers.

Those matters were approved at the 2011 annual meeting. In light of this advisory vote on the frequency of an advisory vote on the compensation of our named executive officers, pursuant to section 14A of the Exchange Act, we will include a shareholder vote on the compensation of our named executive officers in our proxy materials for our annual shareholder meeting every three years, the next such vote to be held during our 2014 annual shareholder meeting. Such votes are non-binding.

By Order of the Board of Directors

Secretary
