Item 1.01 Entry into a Material Definitive Agreement.

On December 15, 2014, HMN Financial, Inc. (the “Company”) entered into a Loan Agreement (the “Loan Agreement”) with Project Hawkeye, L.L.C. (the “Lender”), providing for a term loan of up to \$10 million that will be evidenced by a promissory note (the “Note”). The Company may draw the loan on or before March 31, 2015. The principal balance of the Note will bear interest from the date the loan is made until the date the loan is repaid at the rate of 6.5% per annum. The principal balance of the Note will be payable in consecutive equal annual installments of \$1 million on each anniversary of the date of the Loan Agreement, commencing on December 15, 2015, with the balance due on the maturity date. The maturity date will be on the earlier of (a) the anniversary of the date of the Loan Agreement obtained by dividing the original principal amount of the loan by \$1 million (rounded up to the nearest number of whole years) and (b) the seventh anniversary of the date of the Loan Agreement. Provided that no default or event of default has occurred and is continuing, the Company may, at its option, elect to defer payment of one installment of principal of the Note otherwise due prior to the maturity date, in which event such installment will become due and payable on the maturity date. The Company may voluntarily prepay the Note in whole or in part without payment or penalty.

The Loan Agreement includes customary representations and warranties. An event of default will be deemed to have occurred under the Loan Agreement upon certain uncured payment or performance defaults, breaches of the Loan Agreement, bankruptcy events, or liquidation or dissolution by the Company. For so long as the Note is unpaid or the commitment of the Lender to make the loan is in effect, the Company has agreed that it will not grant a lien on any of its assets to secure any debt for money borrowed from third parties, except that the Company may grant liens if the aggregate amount of such secured debt (or, if less, the aggregate fair market value of the pledged assets, as determined in good faith by the Company’s board of directors) does not exceed: (a) the aggregate amount by which the principal balance of the Note has been reduced plus (b) if the original amount of the Note was less than \$10 million, the unused portion of the Lender’s original \$10 million commitment.

If the Company elects to draw on the loan, then it must use the proceeds of the loan to fund the repurchase of outstanding shares of the Company’s Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the “Preferred Stock”). Any repurchase or redemption of Preferred Stock would be subject to, among other factors, subsequent approval by the board of directors of the Company and receipt by the Company of all applicable approvals from regulatory authorities. A principal owner of the Lender has an immaterial deposit relationship with Home Federal Savings Bank, a wholly owned subsidiary of the Company. There is no material relationship between the Company or its affiliates and the Lender, other than in respect of the Loan Agreement.
