PROXY STATEMENT

FOR THE

ANNUAL MEETING OF SHAREHOLDERS

Giga-tronics Incorporated

4650 Norris Canyon Road

San Ramon, California 94583

This proxy statement is submitted by the board of directors of Giga-tronics Incorporated, a California corporation, in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders to be held at 9:30 a.m. on Wednesday, October 26, 2016, at the Giga-tronics executive office, 4650 Norris Canyon Road, San Ramon, California, in accordance with the notice to shareholders, and at any adjournment thereof.

Our Board has fixed September 8, 2016 as the record date for the Annual Meeting. Only shareholders of record at the close of business on the record date are entitled to notice of and to vote at this meeting. A majority of the shares of common stock and preferred stock on an as-converted basis will constitute a quorum for the transaction of business at the Annual Meeting. On the record date, there were 9,549,703 shares of Giga-tronics common stock and 18,534 shares of Giga-tronics preferred stock (which have 100 votes per share) issued and outstanding. Each common share outstanding on the record date is entitled to one vote as to each matter to be acted on at this meeting; each preferred share outstanding on the record date is entitled to 100 votes as to each matter to be acted on at the meeting. However, each shareholder will be entitled to cumulate his votes in the election of directors provided that notice of an intention to cumulate votes is given at this meeting by such shareholder before voting for the election of directors. Under cumulative voting, a shareholder is allowed one vote per share multiplied by the number of directors to be elected and may cast the total number of votes for one nominee or may distribute the total number of votes among as many nominees as the shareholder chooses. Seven directors will be elected at this meeting.

Shares represented by properly executed proxies received by Giga-tronics will be voted at the Annual Meeting according to the instructions on the proxies. It is intended that shares represented by proxies received by Giga-tronics which are not marked to the contrary will be voted **FOR** all proposals included in the notice of this meeting.

Edgar Filing: GIGA TRONICS INC - Form DEF 14A

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before its exercise. A shareholder giving a proxy may revoke it before its exercise by filing with the Secretary of Giga-tronics either an instrument revoking the proxy or a duly executed proxy bearing a later date. A proxy will be revoked automatically if the shareholder who executed it is present at the Annual Meeting and votes in person. Attendance at this meeting will not, in and of itself, constitute the revocation of a proxy. The granting of a proxy will give the proxy holder authority to cumulate votes if cumulative voting is elected.

The approximate date on which this Proxy Statement and the accompanying form of proxy will be sent to Giga-tronics shareholders is September 23, 2016.

Alliance Advisors will be using an automated system for the tabulation of shareholder votes for Giga-tronics. Abstentions and “broker non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

In the election of directors, the candidates receiving the highest number of affirmative votes of the shares entitled to be voted for them up to the number of directors to be elected by such shares are elected. Abstentions and broker “non-votes” will have no effect on the voting outcome with respect to the election of directors. The affirmative vote of the holders of a majority of shares of common stock, present in person or represented by proxy and entitled to vote, is required with respect to the (i) ratification of our Independent Registered Public Accounting Firm, and (ii) the advisory vote to approve the named executive officer compensation. An abstention is treated as present and entitled to vote and therefore has the effect of a vote against ratification of the selection of the Independent Registered Public Accounting Firm and against the approval of executive compensation. A non-vote will have no effect on the vote for these matters unless the number of shares voted in favor is less than a majority of the required quorum, in which case a non-vote would have the effect of a vote against these matters.

The Annual Report of Giga-tronics for its fiscal year ended March 26, 2016 is being mailed with this mailing of the Notice of Annual Meeting and Proxy Statement to all shareholders entitled to notice of and to vote at the Annual Meeting.

The costs of solicitation of proxies, including the printing, handling and mailing of the proxy material, will be paid by Giga-tronics. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to beneficial owners of shares held in their names, and Giga-tronics will reimburse them for their expenses. The solicitation of proxies through this proxy statement may be supplemented by telephone, email or personal solicitation by directors, officers or other regular employees of Giga-tronics and by Alliance Advisors. Giga-tronics has retained Alliance Advisors to solicit proxies for a fee of approximately \$10,000, which includes the estimated fees for related printing services. No additional compensation will be paid to directors, officers or other employees for such services.

The executive office of Giga-tronics is located at 4650 Norris Canyon Road, San Ramon, California 94583, and the telephone number at that location is (925) 328-4650. Emails can be addressed to investors@gigatronics.com.

INFORMATION ABOUT THE BOARD

AND COMMITTEES OF THE BOARD

Meetings

There were 19 meetings of the Board during the last fiscal year. During the fiscal year, each director attended 75% or more of the aggregate number of meetings of the Board and meetings of Board committees of which the director was a member. Directors are expected to attend the Annual Meeting except for good cause, and all but one of the directors attended the Annual Meeting in 2015.

Committees

The Giga-tronics Board has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

Audit Committee: During fiscal 2016, the Audit Committee consisted of directors Gordon L. Almquist (Chairman), James A. Cole, Kenneth A. Harvey and William J. Thompson¹, all of whom were independent under the director independence standards of NASDAQ. The Audit Committee serves to monitor the effectiveness of the independent audit, as well as the Company's accounting, financial controls and financial reports. The Audit Committee must pre-approve all non-audit services provided by the Independent Registered Public Accounting Firm. The Audit Committee held four meetings during the past fiscal year. For fiscal 2016 the board has determined that Gordon L. Almquist as the financial expert had:

(i) an understanding of generally accepted accounting principles and financial statements;

(ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;

(iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can

reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities;

(iv) an understanding of internal control over financial reporting; and

(v) an understanding of audit committee functions.

Therefore, the Board determined that Mr. Almquist is the Audit Committee's financial expert for purposes of NASDAQ rules and requirements of the Sarbanes-Oxley Act of 2002.

The charter of the Audit Committee is available on the Company's website at <http://investor.gigatronics.com/governance.cfm>.

Compensation Committee: During fiscal year 2016, the Compensation Committee consisted of directors Lutz P. Henckels (Chairman), Gordon L. Almquist, James A. Cole, and Garrett A. Garrettson, all of whom were independent under the director independence standards of NASDAQ. The Compensation Committee formulates recommendations to the Board regarding levels of compensation for management. In addition, in order to recognize the expected future contributions of key employees and provide an additional incentive for them to remain with Giga-tronics over the long-term, the Compensation Committee awards options to purchase shares of our common stock and other forms of equity awards. The Compensation Committee reviews and approves all stock options and executive compensation.

The Compensation Committee did not engage any compensation consultants in determining or recommending executive officer compensation for fiscal 2016.

The Compensation Committee charter is available on the Company's website at <http://investor.gigatronics.com/governance.cfm>.

Nominating and Governance Committee: During fiscal 2016 the Nominating and Governance Committee ("NG Committee") consisted of directors William J. Thompson (Chairman), Garrett A. Garrettson, Kenneth A. Harvey, and Lutz P. Henckels, all of whom are independent under the director independence standards of NASDAQ. The purpose of the NG Committee is to recommend persons for membership on the Board, to establish criteria and procedures for the selection of new directors, and to evaluate and recommend to our Board any revisions to our corporate governance guidelines.

¹Mr. Thompson resigned as a member of the Nominating and Governance Committee and the Audit Committee effective August 15, 2016 in light of his appointment as Acting Chief Executive Officer.

The NG Committee has no formal process for identifying and evaluating candidates. Existing directors identify suitable candidates as the need arises. The Board's policy is to consider any director candidate nominated or recommended by a shareholder in the same manner that it would consider a candidate nominated by the Board or NG Committee. In the past year, the Company did not receive any recommendations for director candidates from any shareholders. Shareholder recommendations should be submitted in writing to the Company by mail at its main office at least 120 days in advance of the anniversary date of the mailing of notice of the previous year's annual meeting and should include sufficient biographical information (including all information that would be required to be disclosed in a proxy statement for a shareholder meeting at which directors are to be elected) for the committee to make an initial evaluation of the candidate's qualifications. The Company has never engaged or paid a fee to a third party search firm in connection with the nomination of a candidate for director.

The NG Committee considers the following criteria in proposing nominations for director to the full Board: independence; high personal and professional ethics and integrity; ability to devote sufficient time to fulfilling duties as a director; impact on diversity of the Board, including skills and other factors relevant to the Company's business; overall experience in business, education, and other factors relevant to the Company's business. At a minimum, the NG Committee must be satisfied that each nominee, both those recommended by the NG Committee and any recommended by shareholders, meets the following minimum qualifications:

The nominee should have a reputation for integrity and honesty.

The nominee should have demonstrated business experience and the ability to exercise sound judgment.

The nominee should have an understanding of the Company and its industry.

The nominee should have the ability and willingness to act in the interests of the Company and its shareholders.

The nominee should not have a conflict of interest that would impair the nominee's ability to fulfill the responsibilities of a director.

The NG Committee has adopted a Code of Ethics applicable to all directors, officers and employees. The Company will provide to any person without charge, upon request, a copy of such Code of Ethics upon written request mailed to the Company at its main office, to the attention of the Corporate Secretary. The NG Committee has no formal policy on the consideration to be given to diversity in the nomination process, other than to seek candidates who have skills and experience that are appropriate to the position and complementary to those of the other board members or candidates.

The Nominating Committee charter is available on the Company's website at <http://investor.gigatronics.com/governance.cfm>.

Board Leadership Structure

The position of Chairman of the Board and Acting Chief Executive Officer are currently held by the same person. Until August 2016, they were held by different persons. The Board believes that having a separate chairman will help enable the board to maintain an independent perspective on the activities of the Company and executive management. Periodically, the Board assesses the roles and the Board leadership structure to ensure the interests of the Company and the shareholders are best served. The Board expects to revisit this issue after a transition period under the new Chairman and Acting Chief Executive Officer. The Board of Directors has not yet appointed a lead independent director but expects to do so in the next few months. The role of the lead independent director would be to schedule, set the agenda for and preside over meetings of the independent directors to be held from time to time.

Board Risk Oversight

The Company's senior management manages the risks facing the Company under the oversight and supervision of the Board. While the full Board is ultimately responsible for risk oversight at the Company, the Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk in the areas of financial reporting and internal controls. Other general business risks such as economic and regulatory risks are monitored by the full Board.

Compensation of Directors

For fiscal year 2016 each of the directors (other than the Chairman of the Board and the Audit Committee Chair) who is not employed by Giga-tronics received an annual director's fee of \$66,000; in lieu of cash compensation, 36,000 shares of restricted stock were granted. The Audit Committee Chairman's annual director fee was \$86,000; in lieu of cash compensation, 47,000 shares of restricted stock were granted. The Chairman of the Board's annual director fee was \$99,000; in lieu of cash compensation, 54,000 shares of restricted stock were granted. From time to time, Giga-tronics makes discretionary grants of options to purchase shares of its common stock to directors in consideration for services they provide to Giga-tronics as members of the Board. The directors also received options to purchase shares of the Company as compensation for fiscal 2016. Each of the directors (other than the Chairman of the Board and the Audit Committee Chair) received options to purchase 5,500 shares of the Company's common stock, the Audit Committee Chairman received options to purchase 7,000 shares of the Company's common stock and the Chairman of the Board received options to purchase 8,000 shares of the Company's common stock. The restricted stock awards described above vested fully on March 26, 2016.

The following table summarizes compensation paid to directors (other than Mr. Regazzi, whose compensation in all capacities is included in the Executive Compensation Table that follows) in fiscal year 2016.

The value for stock option awards in the table above represents grant date fair value of stock option awards. See Note 1 of the audited consolidated financial statements for the fiscal year ended March 26, 2016 for information on the assumptions used to calculate the grant date fair value of option awards and the expense recognized under ASC 718. At March 26, 2016, Mr. Garrettson held options to purchase 63,000 shares of common stock, Mr. Cole, Mr. Harvey, Mr. Henckels and Mr. Thompson held options to purchase 44,000 shares of common stock each, while Mr. Almquist held options to purchase 47,500 shares of common stock.

(1) Restricted shares were granted in lieu of cash compensation for fiscal year 2016 with the weighted average grant date fair value of \$1.84 per share.

(2) Consulting Fees.

(3) Resignation effective October 26, 2016

Giga-tronics has entered into indemnification agreements with all of its officers and directors.

Communications with Directors

The Company does not have a formal process for shareholders to send communications to the Board or to specific individual directors. Shareholders may send communications to the full board or to individual directors at the Company's main office at 4650 Norris Canyon Road, San Ramon, California 94583. Communications will be forwarded unopened to the director to whom it is addressed or to the Chairman of the Board if addressed to the Board. The Board believes that this informal process is adequate to ensure that shareholder communications are received by the intended recipients.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers, and holders of more than 10% of Giga-tronics' common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission, or SEC. Officers, directors, and greater than 10% shareholders are required by SEC regulations to furnish Giga-tronics with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms received by Giga-tronics, or written representations from certain reporting persons, we believe that during the fiscal year ended March 26, 2016, the Company's officers, directors and greater than 10% shareholders complied with all applicable filing requirements.
