Item 1.01. Entry into a Material Definitive Agreement.

On July 16, 2018 we entered into a Fifth Amended and Restated Credit Agreement (“Credit Agreement”) with the various financial institutions and other persons from time to time parties as lender (the “Lenders”) and The Bank of Nova Scotia, as administrative agent for the Lenders and as letter of credit issuer, to replace our prior credit agreement. The Credit Agreement is a \$200 million senior secured revolving facility, to be increased to \$250 million upon our meeting of certain conditions after the date hereof, including, without limitation, following the closing of our pending acquisition of Klondex Mines Ltd. (the “Klondex Acquisition”), adding certain subsidiaries of Klondex Mines Ltd. as borrowers under the Credit Agreement and pledging the assets of those subsidiaries as additional collateral under the Credit Agreement. The revolving loans under the Credit Agreement will have a maturity date of June 14, 2022, provided, however that if we do not refinance our outstanding Senior Notes due May 1, 2021 by November 1, 2020, the revolving loans under the Credit Agreement will mature, and all commitments to lend will terminate, on November 1, 2020. Proceeds of the revolving loans under the Credit Agreement may be used for general corporate purposes. The interest rate on outstanding loans under the Credit Agreement is between 2.25% and 3.25% above the LIBOR or between 1.25% and 2.25% above an alternative base rate depending on our total leverage ratio. We are required to pay a standby fee of 0.50% per annum on undrawn amounts under the Credit Agreement. We are also required to pay a participation fee for letters of credit issued under the Credit Agreement in an amount between 2.25% and 3.25% based on our total leverage ratio, as well as a fronting fee to each issuing bank at the rate of 0.20% per annum on the average daily dollar amount of our letter of credit exposure. The Credit Agreement amends and restates the Company’s fourth amended and restated credit agreement dated May 20, 2016, as amended (the “Fourth Amended and Restated Credit Agreement”) by modifying certain terms to (1) increase the amount of funds available for us to borrow, (2) extend, subject to the refinancing of our Senior Notes due 2021, the term from 2020 to 2022, (3) restrict our ability to incur additional debt, make dividends, and make investments in parties that are not borrowers or guarantors under our Credit Agreement, and (4) make other immaterial or clarifying modifications and amendments to the terms of the Fourth Amended and Restated Credit Agreement. We have made a request for borrowings under the Credit Agreement in the aggregate principal amount of \$47 million as a Eurocurrency Rate Loan for the purpose of financing a portion of the cost of the Klondex Acquisition.

We and certain of our subsidiaries are the borrowers under the Credit Agreement, while certain of our other subsidiaries are guarantors of the borrowers’ obligations under the Credit Agreement. As further security, the credit facility is collateralized by the equity interests of our subsidiaries that own the Greens Creek mine or are part of the Greens Creek Joint Venture and our subsidiary Hecla Admiralty Company (the “Greens Creek Group”), and by our joint venture interests in the Greens Creek Joint Venture, all of our rights and interests in the joint venture agreement, and all of our rights and interests in the assets of the joint venture and the Greens Creek Group. In addition, after the closing of the Klondex Acquisition, the credit facility will be further collateralized by the equity interests of the Klondex entities we are acquiring and all of the assets of those entities, subject to exceptions to be agreed upon with the Lenders after the closing of the Klondex Acquisition

The assertions embodied in those representations and warranties are qualified by information in confidential disclosure schedules that we have exchanged in connection with signing the Credit Agreement. Accordingly, you should not rely on the representations and warranties as characterizations of the actual state of facts, since they are modified in important part by the underlying disclosure schedules.
