PROPOSAL 1

ELECTION OF DIRECTORS

Our Charter provides for no fewer than three and no more than fifteen Directors, with the exact number to be fixed by our Board of Directors. Our Board currently consists of eleven Directors. The current term of all of our Directors expires at the Annual Meeting.

All of our current Directors are standing for election at the Annual Meeting. The eleven nominees for Director have been recommended for nomination by our Nominating Committee and nominated by our Board for election at the Annual Meeting. In connection with our initial public offering, we entered into an investor agreement with the affiliates of or funds advised by two investment firms, Bain Capital Partners, LLC (“Bain”) and The Blackstone Group L.P. (“Blackstone”, and, collectively, together with their applicable affiliates, the “Sponsors”). The investor agreement granted each of the Sponsors the right, subject to certain conditions, to name representatives to our Board and committees of our Board. Each Sponsor currently has the right to designate up to three nominees for election to our Board. The sponsor nominees are Joshua Bekenstein, Lewis S. Klessel and Matthew S. Levin as designees of Bain, and Nadim El Gabbani and Peter F. Wallace as designees of Blackstone.

In making its recommendations for nominees not named by our Sponsors, the Nominating Committee seeks nominees with established strong professional reputations, sophistication and experience in the retail and consumer industries. We also seek nominees with experience in substantive areas that are important to our business such as marketing and brand management; sales, buying and distribution; accounting, finance and capital structure; strategic planning and leadership of complex organizations; technology and social and digital media; human resources and development practices; and strategy and innovation. Our nominees hold or have held senior executive positions in large, complex organizations or in businesses related to important substantive areas, and in these positions have also gained experience in core management skills and substantive areas relevant to our business. Our nominees also have experience serving on boards of directors and board committees of other public companies, and each of our nominees has an understanding of corporate governance practices and trends.

In addition, all of our nominees have prior service on our Board, which has provided them with significant exposure to both our business and the industry in which we compete. We believe that all our nominees possess the professional and personal qualifications necessary for board service, and we have highlighted particularly noteworthy attributes for each director in the individual biographies below. The Board believes that each of the nominees listed brings strong skills and experience to the Board, giving the Board as a group the appropriate skills to exercise its responsibilities.

Each nominee has consented to be named as a nominee for election as a Director and has agreed to serve if elected. Except as otherwise described below, if any of the nominees is not available for election at the time of the Annual

Meeting, discretionary authority will be exercised to vote for substitutes designated by our Board of Directors, unless the Board chooses to reduce further the number of Directors. Management is not aware of any circumstances that would render any nominee unavailable. At the Annual Meeting, Directors will be elected to hold office until the 2017 Annual Meeting or until their successors are elected and qualified, as provided in our by laws.

Members of the Board are elected by a plurality of the votes cast at the Annual Meeting. This means that the director nominees with the most votes will be elected. Shares voting "Abstain" or broker non votes will have no effect on the election of Directors. Brokers, banks and other nominees have no discretionary voting power in respect of this item. See, "Voting Requirements and Proxies."

Your Board of Directors unanimously recommends that you vote FOR the election of each of the nominees as director.

Set forth below is information concerning each of our incumbent directors standing for election, including their ages as of April 7, 2016, present principal occupations, other business experiences during at least the last five years, membership on committees of the Board, public company directorships held during the last five years and certain other

directorships. Effective September 10, 2015, the Board appointed Mr. Ford to fill a vacancy on the Board. Outside director search firms were engaged to initially identify Mr. Ford as a candidate for our Board.

Compensation of Directors

Director Compensation Program

Our Board adopted a director compensation program effective upon the completion of our initial public offering. Pursuant to this program, each member of our Board who is an independent director receives compensation for his or her service as a director as follows: annual retainer of \$50,000 for Board services, \$10,000, if applicable, for Audit Committee services, \$10,000, if applicable, for Compensation Committee services, and \$7,500, if applicable, for Nominating Committee services. The chair of the Audit Committee receives an additional annual retainer of \$10,000, the chair of the Compensation Committee receives an additional annual retainer of \$10,000, and the chair of the Nominating Committee receives an additional annual retainer of \$7,500. Each independent director will also receive \$1,500 and \$750 for in person and telephonic attendance, respectively, at Board and committee meetings in excess of ten aggregate meetings in a fiscal year. Additionally each independent director receives an annual restricted stock grant valued at \$100,000 on the date of grant, to be fully vested on the one year anniversary of the date of grant. While we are a "controlled company" for purposes of rules of The NASDAQ Stock Market, none of the directors affiliated with the Sponsors will be compensated for Board service.

Director Compensation for Fiscal 2015

The following table sets forth information concerning the compensation earned by our directors during our fiscal year 2015. Non independent directors are not paid any fees by the Company for services as directors, and do not receive reimbursement for their expenses from the Company. Mr. Rubin is not compensated for his services on the Board and his compensation is included with that of our other named executive officers below in “Executive Compensation.”

Name	Fees earned or Paid in		Total
	Cash(1)	Stock Awards(2)	
Monte E. Ford	\$ 20,440	\$ 100,000	\$ 120,440
Karen Kaplan(3)	\$ 49,121	\$ 150,012	\$ 199,133
John J. Mahoney	\$ 83,875	\$ 100,000	\$ 183,875
James A. Quella	\$ 50,000	\$ 100,000	\$ 150,000
Beryl B. Raff	\$ 63,750	\$ 100,000	\$ 163,750

(1) All cash retainer payments are made quarterly in arrears.

(2) The amounts in this column represent the aggregate grant date fair value of restricted stock awards calculated in accordance with ASC 718, based on the assumptions set forth in Note 8 to the Consolidated Financial Statements in our Annual Report on Form 10 K. The grant date fair value of each award received was calculated by multiplying

Table of Contents

the number of shares underlying the restricted stock award granted to the director by the closing price of our Common Stock on the date of grant. These grants represent the value of the annual equity value we granted to our independent directors in accordance with our director compensation program described above, and reflect rounding down in the number of restricted stock units granted to avoid the grant of fractional shares. As of the last day of fiscal 2015, our independent directors held the following aggregate numbers of restricted stock awards: Mr. Ford (4,329), Ms. Kaplan (5,808), Mr. Mahoney (16,584), Mr. Quella (9,808) and Ms. Raff (9,808).

(3) Ms. Kaplan joined our Board in April 2015 and received a restricted stock grant valued at \$100,000 at that time. As a result, she received a pro-rated annual restricted stock grant at the same time the other independent directors received their annual restricted stock grant in September 2015.

Director Ownership Guidelines

Under our director ownership guidelines, each independent director is expected to own shares of our Common Stock in an amount equal to three times the director's annual cash retainer. Each director is expected to reach this ownership level within five years of first becoming a director or first being designated as an independent director. "Ownership" for this purpose includes shares held outright, unvested restricted shares, the in the money value of vested stock options, shares held by family members and shares held in trusts.

CORPORATE GOVERNANCE

Our Board is responsible for governing company business and affairs. Highlights of our corporate governance practices are described below.

Board Independence. Because we are utilizing the "controlled company" exception under the rules of The NASDAQ Stock Market, our Compensation Committee is not composed entirely of independent directors as defined under the rules of The NASDAQ Stock Market. Our Corporate Governance Guidelines provide that after we are no longer a controlled company and complete any phase in period permitted under NASDAQ Marketplace Rules, our Board of Directors will consist of such number of directors who are independent as is required and determined in accordance with applicable laws and regulations and requirements of NASDAQ. The Board evaluates any relationships of each director and nominee and makes an affirmative determination whether or not such director or nominee is independent. Under our Corporate Governance Guidelines, an "independent" director is one who meets the qualification requirements for being an independent under applicable laws and the corporate governance listing standards of NASDAQ. Our Board reviews any transactions and relationships between each non management director or any member of his or her immediate family and the Company. The purpose of this review is to determine whether there were any such relationships or transactions and if so, whether they were inconsistent with a determination that the director was independent. Currently Mses. Kaplan and Raff and Messrs. Ford, Mahoney and Quella qualify as independent

directors as defined under the rules of The NASDAQ Stock Market, and the Board has determined each to be independent with respect to his or her service on the Board.

Board Expertise and Diversity. Our Corporate Governance Guidelines provides that the Board shall be committed to a diversified membership, in terms of both the individuals involved as well as their various experiences and areas of expertise. We also seek a Board that reflects a range of talents, ages, skills, viewpoints, professional experience, educational background and expertise to provide sound and prudent guidance with respect to our operations and interests. All of our directors are financially literate, and at least one member of our Audit Committee is an audit committee financial expert.

Board Annual Performance Reviews. Our Corporate Governance Guidelines provides that the Board shall be responsible for periodically, and at least annually, conducting a self evaluation of the Board as a whole. In addition, the written charters of the Audit Committee, Nominating Committee and the Compensation Committee provide that such committee shall evaluate its performance on an annual basis using criteria that it has developed and shall report to the Board on its findings.

Board Nominees. Prior to the formation of our Nominating Committee, our entire Board of Directors was responsible for nominating candidates for election to the Board at the Company's annual meeting of stockholders and for filling vacancies on the Board that may occur between annual meetings of stockholders. The Corporate Governance

Table of Contents

Guidelines provide that nominees for director shall be selected on the basis of their character, wisdom, judgment, ability to make independent analytical inquiries, business experiences, understanding of the Company's industry and business environment, time commitment and acumen. Board members are expected to become and remain informed about the Company, its business and its industry and rigorously prepare for, attend and participate in all Board and applicable committee meetings. The Board evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best perpetuate the success of our business and represent stockholder interests through the exercise of sound judgment using its diversity of experience. In addition, the Board considers, in light of our business, each director nominee's experience, qualifications, attributes and skills that are identified in the biographical information contained under "Proposal 1—Election of Directors." Our Board of Directors has determined that while we are a controlled company, it was appropriate not to have a policy with regard to the consideration of director candidates recommended by stockholders. Once we are no longer a controlled company, the Nominating Committee intends to develop such a policy, including the procedures to be followed by stockholders in submitting such recommendations.

Board Leadership Structure. Under our Corporate Governance Guidelines, our Board may select a Chairman of the Board of Directors at any time, who may also be an executive officer of the Company. The Company's Chief Executive Officer currently also serves as the Chairman of the Board. Mr. Mahoney chairs the executive sessions of the Board that are attended only by our independent directors. The Board currently believes that the combination of the Chairman and Chief Executive Officer roles provides both for strong Board oversight and a very effective link between the Board and management.

Policies Relating to Board Service. It is our policy that no director shall be nominated who has attained the age of 73 prior to or on the date of his or her election or re-election. We expect each of our directors to attend the Annual Meeting of Stockholders. Under our Audit Committee Charter, members of the Audit Committee should serve on no more than three separate public company audit committees simultaneously without prior review and determination by the Board that such simultaneous service would not impair the ability of such member to effectively serve on the Committee.

Attendance. Our Board of Directors held seven meetings in fiscal 2015. During fiscal 2015, each director attended at least 75% of the Board meetings and the total meetings held by all of the committees on which he or she served during the periods that he or she served. Our independent directors also met separately in executive session at two of our regularly scheduled Board meetings during the year.

Code of Business Ethics and Conduct. We have adopted a written Code of Business Ethics and Conduct (the "Code") that applies to our directors, officers and employees, including our executive officers, and is designed to ensure that our business is conducted with integrity. The Code covers professional conduct, conflicts of interest, the protection of confidential information, as well as adherence to laws and regulations applicable to the conduct of our business. A copy of the code is posted on our website, at www.michaels.com. We intend to disclose any future amendments to, or waivers from, the Code for Michaels' executive officers within four business days of the waiver or amendment through a website posting or by filing a Current Report on Form 8-K with the Securities and Exchange Commission, or "SEC".

Environmental Sustainability. As part of our continued commitment to corporate responsibility, Michaels has long pursued initiatives that are good for the environment as well as our profitability. We believe in the value of environmentally sound business practices throughout our operations, including energy and water conservation as well as recycling and waste reduction efforts.

Communications with Directors. Security holders and other interested parties may communicate directly with the Board, the non-management directors or the independent directors as a group, or specified individual directors by writing to such individual or group c/o Office of the Corporate Secretary, The Michaels Companies, Inc., 8000 Bent Branch Drive, Irving, TX 75063. The Secretary will forward such communications to the relevant group or individual at or prior to the next meeting of the Board.

Online Availability of Information. The current versions of our Certificate of Incorporation, by-laws, Corporate Governance Guidelines, Code of Business Conduct and Ethics, and charters for our Audit, Compensation and Nominating Committees are available on our website at www.michaels.com.

In accordance with the amended and restated charter of our Audit Committee and our policy with respect to related person transactions, our Audit Committee is be responsible for reviewing and approving related person transactions.

The policy with respect to related person transactions applies to transactions, arrangements and relationships (or any series of similar transactions, arrangements or relationships) where the aggregate amount involved will, or may be expected to, exceed \$120,000 in any calendar year, and where we (or our subsidiaries) are a participant and in which a related person has or will have a direct or indirect material interest. A related person is: (1) any person who is, or at any time since the beginning of our fiscal year was, a director or executive officer of the Company, or a nominee for director or executive officer of the Company; (2) any person who is known to be the beneficial owner of more than 5% of any class of our voting securities; (3) any immediate family member of the foregoing persons and (4) any firm, corporation or other entity in which any of the foregoing persons has a position or relationship, or in which such person, together with his or her immediate family members, has a 10% or greater beneficial ownership.

In the course of its review and approval of related person transactions, our Audit Committee will consider the relevant facts and circumstances to decide whether to approve such transactions. In particular, our policy with respect to related person transactions will require our Audit Committee to consider, among other factors it deems appropriate:

- the benefits to the Company;
- the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director has a position or relationship;
- the availability of other sources for comparable products or services;
- the terms of the transaction; and
- the terms available to unrelated third parties or to employees generally.

The Audit Committee may only approve those transactions that are in, or are not inconsistent with, our best interests and those of our stockholders, as the Audit Committee determines in good faith.

These individuals, referred to as our “Named Executive Officers” are: Carl S. Rubin, Chairman and Chief Executive Officer; Charles M. Sonstebly, Chief Administrative Officer and Chief Financial Officer; Stephen J. Carlotti, Executive Vice President—Marketing, Dennis A. Mullahy, Executive Vice President—Supply Chain and Information Technology and Philo T. Pappas, Executive Vice President—Merchandising. This Compensation Discussion and Analysis and the executive compensation discussion and tables that immediately follow describe our compensation, objectives, the strategy and elements of our compensation program, and our compensation setting process as applied to our Named Executive Officers.

Highlights of 2015 Performance

The highlights of our fiscal 2015 performance include the following:

- Net sales increased to \$4,912.8 million, a 3.7% improvement over last year, primarily driven by comparable store sales growth and the opening of 25 additional stores (net of closures).
- Comparable store sales increased 1.8%, or 3.2% at constant exchange rates.
- We reported operating income of \$720.6 million, an increase of 15.0% from the prior year.
- Adjusted EBITDA, a non-GAAP measure that is a required calculation in our debt agreements, improved by 6.6%, from \$812.8 million in fiscal 2014 to \$866.2 million in fiscal 2015.

Throughout this Compensation Discussion and Analysis, we refer to our Adjusted EBITDA, a non GAAP financial measure. A reconciliation of Adjusted EBITDA to the most directly comparable GAAP financial measure is contained on page 37 of our Annual Report on Form 10 K for the fiscal year ended January 30, 2016.

Compensation Program

The principal objectives of our compensation program are:

- attracting and retaining highly qualified individuals whose contributions result in Michaels meeting or exceeding its financial and strategic goals;
- motivating officers to achieve exceptional levels of operating and financial performance; and
- aligning officer interests with the long term goals of our stockholders.

Currently, the total compensation for our officers at the Vice President level and above, including our Named Executive Officers, consists of three main components: base salary, annual cash incentive bonuses and long term equity based incentive compensation awards. The strategy of the cash incentive compensation program is to provide higher annual cash incentive compensation for exceptional corporate and business financial performance. We also believe that by placing a significant equity opportunity in the hands of executives who are capable of driving and

sustaining longer term growth, our stockholders will benefit along with the executives who helped create stockholder value. The table, immediately below, includes the principal components of our pay for performance approach.

Component	Purpose	Form	Pay for Performance
Base Salary	Provide sufficient competitive pay to attract and retain experienced and successful executives; reward good performance and business results.	Cash	Adjustments to base salary are based on individual performance, contributions to the business, competitive practices and internal comparisons.
Annual Bonuses	Provide financial incentives to members of management who are in positions to make important contributions to Michaels' success.	Cash	The potential award amount varies with the degree to which we achieve our annual financial objectives, as well as the Named Executive Officer's individual job performance.
Long Term Equity Based Compensation	Encourage and reward building long term stockholder value and employment retention; engage executives in innovation and align them with stockholder interests. We currently provide two equity award types to balance specific objectives.		
	<ul style="list-style-type: none"> •Stock Options: Reward absolute stock price appreciation. 	Stock Options	The potential appreciation in our stock price above the option exercise price motivates our Named Executive Officers to build stockholder value. Named Executive Officers may realize value only if our stock price appreciates over the option term.
	<ul style="list-style-type: none"> •Restricted Stock Awards/Units: Create retention values even during periods of short term market volatility. 	Restricted Stock Awards/Units	Retain certain Named Executive Officers and align them with stockholders' interests by awarding a fixed number of common shares upon vesting, which creates retention value even during periods of short term market volatility.

Compensation Strategy: Policies and Procedures

Role of Compensation Committee and Chief Executive Officer in compensation decisions

The Compensation Committee reviews and recommends to the Board for approval the compensation for all executive officers at the level of Executive Vice President and above. The Board is ultimately responsible for determining the compensation of our executive officers at the level of Executive Vice President and above. Under our certificate of incorporation, equity based plans must also be approved by a majority of our stockholders. Both the Compensation Committee and the Board receive recommendations with respect to compensation related decisions regarding our executive officers, other than the Chief Executive Officer, by senior management, principally the Chief Executive Officer and the Executive Vice President—Human Resources. In determining compensation levels for the executive officers, the Compensation Committee considers the scope of an individual’s responsibilities, the competitive market salary at comparable companies, an individual’s performance and prior experience, the performance of the Company and the attainment of planned financial and strategic initiatives. These factors are evaluated by the Compensation Committee and the Board, with the attainment of planned financial and strategic initiatives given greater weight with respect to executive bonuses. The Compensation Committee considers overall past compensation and incentives in determining the compensation of executive officers and seeks to assure that the executives have appropriate incentives to achieve high levels of Company performance. The Compensation Committee, through its members’ involvement in other portfolio companies, has experience regarding compensation programs for executive officers. Approvals by the Compensation Committee and recommendations to the Board by the Compensation Committee are based on a number of factors, including a review of competitive market data (as described below) and executive

Table of Contents

performance (as described below), the experience of the members of the Compensation Committee and alignment of compensation with the overall strategic direction and goals of the Company.

Competitive market data and use of compensation consultants

As part of the compensation review process, management and our human resources department provide the Compensation Committee with market survey data on executive total compensation levels and general information regarding executive compensation practices in our industry, including information provided by The Hay Group, Inc., a compensation consulting firm engaged by the Company. The Hay Group has developed, and our Compensation Committee has approved, the following companies as our peer group for fiscal 2015:

Advance Auto Parts Inc.	Chico's FAS, Inc.	Pier 1 Imports, Inc.
Ascena Retail group Inc.	Dick's Sporting Goods, Inc.	Sally Beauty Holdings, Inc.
AutoZone, Inc.	DSW, Inc.	Signet Jewelers
Bed Bath & Beyond Inc.	General Nutrition Corporation	Tractor Supply Company, Inc.
Big Lots, Inc.	O' Reilly Automotive, Inc.	William Sonoma, Inc.
Burlington Stores		

The Compensation Committee used our peer group to assess the appropriateness of the following key components of our Chief Executive Officer's compensation: base salary, annual cash bonuses and long term equity incentives. In connection with fiscal year 2015 base compensation and bonus targets for our Named Executive Officers, both of which were approved in March 2015, the Compensation Committee did not aim to set total compensation, or any compensation element, at a specified level as compared to our peer group or based on surveys and other data that it reviewed. Rather, it used such data, as well as information gathered through its members' involvement in other portfolio companies, as guidelines for the overall executive compensation program. The Compensation Committee may request that The Hay Group (or another compensation consultant) provide other periodic market data on our peer group of companies.

Compensation Elements

Base Salaries

Base salaries for our executive officers are established based on the scope of their responsibilities, individual performance and prior experience, Michaels' operating and financial performance and the attainment of planned financial and strategic initiatives, taking into account the knowledge of the members of the Compensation Committee regarding competitive market compensation paid by companies for similar positions. The Compensation Committee

recommends, and the Board sets, base salaries for officers at the level of Executive Vice President and above at a level designed to attract and retain highly qualified individuals who make contributions that result in Michaels meeting its operating and financial goals. Base salaries are reviewed and adjusted annually as deemed appropriate by the Compensation Committee and the Board, as applicable, based on performance and business results, among other factors.

In March 2015, the Compensation Committee reviewed recommendations regarding 2015 annual base salary rates for the executive officer group based on the criteria set forth under “Compensation Strategy: Policy and Procedure” above. Merit guidelines for fiscal 2015 were determined by reviewing surveys of market data provided by our management and human resources department, as well as giving consideration to the Company’s overall budget for associate compensation. Based upon this information, the Company set an annual merit rate budget which provided for median merit based increases at 3.0%, for fiscal 2015 for its corporate support center associates, including our Named Executive Officers, except as set forth below.

Table of Contents

Annual base salary rates for the Named Executive Officers for fiscal 2015 and 2014, which reflect increases between the two fiscal years, are shown below.

- (2) Pursuant to Mr. Carlotti's offer letter, his base salary was set at \$525,000, subject to increases at the Board's discretion.
- (3) In connection with his promotion to Executive Vice President—Supply Chain and Information Technology in September 2015, Mr. Mullahy received a one-time base salary increase of 13.1%.

Annual Bonuses

In connection with our initial public offering, our Board adopted The Michaels Companies, Inc. Annual Incentive Plan (the "Annual Plan"). Starting with fiscal 2015, annual award opportunities for executive officers, including our named executive officers, and other key associates were granted under the Annual Plan. In March 2015, the Compensation Committee recommended that the Board approve the fiscal 2015 bonus criteria for executive officers, including the Named Executive Officers, under the Annual Plan (the "Bonus Plan") to provide financial incentives to these individuals and those other members of management who were in positions to make important contributions to Michaels' success. The Board subsequently approved the Bonus Plan. The structure of the Bonus Plan and the specific objectives relating to bonus payments were proposed by the Chief Executive Officer and were reviewed by the Compensation Committee. For each of the Named Executive Officers, the Bonus Plan tied 80% of bonus opportunity to Michaels' attainment of a financial objective (EBIT), and 20% to individual performance. Individual management business objectives for Mr. Rubin were reviewed with the members of the Compensation Committee in the early part of fiscal year 2015. Individual management business objectives for Messrs. Sonsteby, Carlotti, Mullahy and Pappas, were reviewed with and approved by the Chief Executive Officer.

Under the Bonus Plan, before any business unit or individual performance payout would be earned, the actual results of the financial objective (EBIT) was required to meet the threshold established by the Compensation Committee, which represented approximately 94% of target. Each participating Named Executive Officer was entitled to a bonus equal to a certain percentage of that executive officer's base salary, depending on the achievement of the threshold, target and maximum performance level. The Compensation Committee set threshold, target and maximum performance levels for all officers of the Company. The final award depended on the actual level of performance achieved; however, the Compensation Committee retained the right to make adjustments in its sole discretion. The target levels of performance for the bonus goals were set at levels that the Compensation Committee and the Board

believed to be reasonably achievable in view of Michaels' historical annual performance. In the Compensation Committee's view, taking into account comparative data provided to the Committee by management and our human resources department, the compensation payable to the Named Executive Officers upon reaching target levels of performance, when added to their base salaries, creates a level of total cash compensation competitive with that paid by comparable companies for similar positions. Additional information regarding the targets and objectives is set forth below.

Table of Contents

The target percentages set for fiscal 2015 and the threshold, target and maximum payments, for each of the Named Executive Officers for fiscal 2015 were as follows:

	Carl S. Rubin		Charles M. Sonstebly		Stephen J. Carlotti		Dennis A. Mullahy(1)		Philo T. Pappas
Percentage of Base Salary									
Target	100	%	70	%	65	%	50	%	65
Threshold	18	%	12.6	%	11.7	%	9.0	%	11.7
Maximum	200	%	140	%	130	%	100	%	130
Bonus Element Weightings									
Overall Company Results	80	%	80	%	80	%	80	%	80
Individual Performance	20	%	20	%	20	%	20	%	20

(1) In connection with his promotion to Executive Vice President—Supply Chain and Information Technology in September 2015, Mr. Mullahy’s target percentages were adjusted upward from threshold, target and maximum targets of 7.2%, 40% and 80%, respectively.

Company Financial Measures

In March 2016, the Compensation Committee reviewed the Company’s financial results as applicable to the pre established fiscal 2015 Bonus Plan objectives for the Named Executive Officers. As described previously, the financial objective of Company performance that was applicable to all the Named Executive Officers was EBIT. At the beginning of fiscal 2015, the Compensation Committee established, and the Board approved, the EBIT goal for target level bonuses at \$ 716.4 million, with a maximum at \$ 788.1 million and a threshold at \$ 673.4 million. For the fiscal year, the Company achieved financial performance of \$722.0 million, which was between target and maximum. As a result, bonuses above target, but below maximum, were earned for the Company performance element of the plan.

Individual Performance Measures

Since the financial objective threshold that is applicable to all Named Executive Officers was met, in March 2016 the Compensation Committee, based upon input and recommendations by Mr. Rubin, evaluated the individual performance of each of the Named Executive Officers for purposes of determining bonuses based on individual performance. The individual management business objectives are both quantitative and subjective, and are assessed in the aggregate to determine the individual’s level of performance and bonus achieved. No specified weight is given to a single measure within the group of individual management business objectives, and the Compensation Committee’s assessment of achievement reflects a generalized view of overall achievement of the group of measures. In addition, the individual management business objectives for all executives included an assessment of the executive’s job knowledge and skills, communication skills, interpersonal skills, effectiveness of management, judgment and

decision making, drive and commitment, leadership and customer satisfaction.

For fiscal 2015, Mr. Rubin's group of individual management business objectives were focused primarily on EBIT, sales, cash flow, improving customer service on a Company wide basis, solidifying the Company's succession plans and generation of an effective return on capital. The Compensation Committee determined that Mr. Rubin achieved his individual objectives at 200% of target. Mr. Sonstebly's group of individual management business objectives were focused primarily on EBIT, sales, cash flow, renegotiating the Company's credit agreements and credit facilities, solidifying the Company's succession plans and generation of an effective return on capital. The Compensation Committee determined that Mr. Sonstebly achieved his individual objectives at 200% of target. Mr. Carlotti's group of individual management business objectives focused primarily on EBIT, sales, cash flow, improving customer service on a Company wide basis, solidifying the Company's succession plans, diversifying the Company's marketing message and forms of marketing media and intensifying the Company's non-promotional marketing messaging. The Compensation Committee determined that Mr. Carlotti achieved his individual objectives at 100% of target. Mr. Mullahy's group of individual management business objectives were primarily EBIT, sales, cash flow, improving customer service on a Company wide basis, updating the Company's network strategy and improving the Company's IT capabilities. The Compensation Committee determined that Mr. Mullahy achieved his individual objectives at 100% of target. For Mr. Pappas, his group of individual management business objectives focused primarily on EBIT, sales, cash flow, improving customer service on a Company wide basis, solidifying the Company's succession plans, improvement in sourcing product margin growth and development of an organizational structure for product

development. The Compensation Committee determined that Mr. Pappas achieved his individual objectives at 200% of target.

Actual Payouts

Actual payouts for the Named Executive Officers, as a percentage of target level bonus, were as follows:

	Carl S. Rubin	Charles M. Sonsteby	Stephen J. Carlotti	Dennis A. Mullahy(1)	Philo T. Pappas
Percent of Target	126.3 %	126.3 %	106.3 %	89.7 %	126.3 %

(1) Mr. Mullahy was promoted to Executive Vice President—Supply Chain and Information Technology in September 2015, and as a result his bonus was pro-rated in relation to the length of his fiscal 2015 service at the Senior Vice President level (which has a lower level of bonus payout) and his fiscal 2015 service at the Executive Vice President level.

Long Term Equity Based Compensation

Prior to our initial public offering, on May 20, 2014, our Board amended and restated our 2006 Equity Incentive Plan under the name The Michaels Companies, Inc. 2014 Omnibus Long Term Incentive Plan (the “2014 Omnibus Plan”) and following such adoption all equity based awards, including to our Named Executive Officers, are granted under the 2014 Omnibus Plan. Awards under the 2014 Omnibus Plan are intended to align the long term incentives of our executives and stockholders.

The total long term equity grant in a given year is based on a multiple calculated on an officer level basis (director, vice president low, vice president high, senior vice president, executive vice president, chief financial officer and chief executive officer), based on market data for comparable public companies provided by The Hay Group. The multiple is converted into an award grant based on a set stock price. Beginning in 2013, the Company began issuing a combination of annual option and restricted stock grants that will vest over four years, focusing on an award mix that contains a ratio for each officer of roughly five times the number of shares underlying a stock option grant as a restricted stock grant (5 shares per stock option award to 1 share per restricted stock award). Annual option and restricted stock grant amounts are generally awarded based on the midpoint of the range by officer level, with occasional exceptions based on an individual’s performance. Grants are also typically awarded when an executive is hired and may be awarded for subsequent promotions. New hire grants and promotion related grants are generally issued at a multiple of the range midpoint, on a case by case basis. All stock option grants made in fiscal 2015 were at exercise prices set at or above the grant date fair market value of the underlying stock as determined by our Board. Detail regarding option and restricted stock grants made to our Named Executive Officers in fiscal year 2015 and awards outstanding at the end of fiscal year 2015 is provided, respectively, in the Grants of Plan Based Awards for Fiscal 2015 table and the Outstanding Equity Awards at Fiscal Year End 2015 table that follow this Compensation

Discussion and Analysis.

Stock Ownership Guidelines

Michaels adopted ownership guidelines in June 2013 applicable to all officers, including the Named Executive Officers. For those officers not already meeting the parameters outlined in the guidelines, compliant ownership is to be achieved before any sales can occur, in order for the officer to remain eligible to receive the Company's annual option and restricted stock grants. Ownership includes shares held outright, unvested restricted shares, the in the money value of vested stock options, shares held by family members and shares held in trusts.

Other Benefits and Perquisites

Our Named Executive Officers also receive certain other benefits and perquisites. During fiscal 2015, these benefits included contributions to 401(k) accounts, the payment of life insurance premiums, relocation benefits, certain Company paid medical benefits, car allowances, holiday gifts and, in some cases, tax gross ups and reimbursement for income taxes on taxable benefits. Additionally, our Chief Executive Officer, Mr. Rubin, was also entitled to the use of a Company owned or leased automobile. The Compensation Committee and the Board believe that these benefits and perquisites are reasonable and consistent with the nature of the executives' responsibilities, provide a competitive level of total compensation to our executives and serve as an important element in retaining those individuals. The cost to Michaels of these benefits to the Named Executive Officers is set forth in the Summary Compensation Table under the

Table of Contents

column “All Other Compensation” and detail about each element is set forth in the table presented in footnote 5 to the Summary Compensation Table.

Employment and Severance Agreements

We entered into an employment agreement with Mr. Rubin, which became effective on March 18, 2013, the date he commenced employment, which includes certain severance benefits in the event of termination other than for cause or by Mr. Rubin for good reason, as such terms are defined in the agreement. The specific terms of Mr. Rubin’s employment agreement, are discussed in the section entitled “Rubin Employment Agreement” following the Grants of Plan Based Awards Table and under “Executive Compensation—Potential Payments Upon Termination or Change of Control”.

In April 2008, the Board approved the Company’s Officer Severance Pay Plan (the “OSPP”), which was amended in July 2008, May 2014 and December 2014. The OSPP was established by the Company to provide certain severance benefits, subject to the terms and conditions of the OSPP, to designated officers (those with a position of Vice President or above, or an equivalent title as approved by the Compensation Committee, and excluding the Chief Executive Officer) in the event that their employment is terminated as a result of a “Qualifying Termination” (as defined in the OSPP and described below). A more detailed description of the OSPP may be found under “Potential Payments Upon Termination or a Change of Control”.

Tax and Accounting Considerations

Deductibility of Executive Compensation. While the Compensation Committee takes into account tax and accounting considerations in structuring the components of the Company’s compensation program, these considerations are secondary to the primary objectives of the program. Section 162(m) of the Code (“Section 162(m)”) disallows a U.S. federal income tax deduction to any publicly held corporation for compensation exceeding \$1 million in any taxable year to any of the corporation’s chief executive officer or other three most highly paid named executive officers other than its chief financial officer, except as to compensation that qualifies as performance based or is otherwise exempt under Section 162(m). Following our initial public offering and for awards made under a plan established before our initial public offering concluded, the Company expects to be able to claim the benefit of a special exemption that applies to compensation paid (or compensation in respect of stock options or restricted stock granted) during a transition period that may extend until the Company’s annual meeting of stockholders scheduled to be held in 2018, unless the transition period is terminated earlier under the Section 162(m) post offering transition rules. At such time as we are subject to the deduction limitations of Section 162(m), we expect that the Compensation Committee will take the deductibility limitations of Section 162(m) into account in its compensation decisions. However, the Compensation Committee may, in its judgment, authorize compensation payments that are not exempt under Section 162(m) when it believes that such payments are appropriate to attract or retain talent.

The Company's Compensation Policies and Practices as They Relate to Risk Management

In accordance with the applicable disclosure requirements, to the extent that risks may arise from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company, the Company is required to discuss those policies and practices for compensating the employees of the Company (including employees that are not Named Executive Officers) as they relate to the Company's risk management practices and the possibility of incentivizing risk taking.

The Compensation Committee has evaluated the policies and practices of compensating the Company's employees in light of the relevant factors, including the following:

- the financial performance targets of the Company's annual cash incentive program are the budgeted objectives that are reviewed and approved by the Board and/or the Compensation Committee;
- bonus payouts are not based solely on Company performance, but also have achievement of individual performance objectives as a component;
- bonus awards generally are not contractual entitlements, but are reviewed by the Compensation Committee and/or the Board and can be modified at their discretion;

Table of Contents

- the financial opportunity in the Company's long term equity based compensation is best realized through long term appreciation of the Company's stock price, which mitigates excessive short term risk taking; and
- the allocation of compensation between cash and equity awards and the focus on stock based compensation, including options and restricted stock awards generally vesting over a period of years, thereby mitigating against short term risk taking.

Based on such evaluation, the Compensation Committee has determined that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and be incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended January 30, 2016.
