ANNUAL GENERAL MEETING OF SHAREHOLDERS

NOTICE AND PROXY STATEMENT

, 2016

Dear Fellow Shareholder:

This past year was an extremely productive and transformative year for Horizon Pharma. Operating results and clinical development exceeded our expectations driven primarily by our continued strong commercial execution as well as our dedication to unlock the full therapeutic potential of our medicines. We succeeded on many levels, including another successful year of business development. Despite headwinds that impacted the entire stock market in the second half of 2015, we again outperformed our peer group and the NASDAQ Biotechnology Index (“NBI”) over the last one (HZNP +68%, Peers +11% and NBI +11%) and three years (HZNP +830%, Peers +233% and NBI +147%).

In a record year, our full-year 2015 net sales of \$757 million more than doubled from the prior year and our Adjusted EBITDA<sup>1</sup> of \$362 million<sup>2</sup> more than quadrupled from 2014. We also generated robust operating cash flows for the year. In addition to our strong financial performance, we are pleased to provide the following updates on progress made in 2015:

- Completed the acquisition of Hyperion Therapeutics, Inc. and announced the acquisition of Crealta Holdings LLC.
  - o Both acquisitions increased Horizon’s sales from orphan disease medicines and together are expected to generate approximately \$150 million in Adjusted EBITDA in 2016.<sup>3</sup>
- We achieved significant clinical development and regulatory milestones:
  - o We initiated a Phase 3 trial for ACTIMMUNE in Friedreich’s ataxia.
  - o We initiated a Phase 1 dosing trial for ACTIMMUNE in cancer.
  - o Earlier than expected, we received European marketing approval for RAVICTI for the treatment of urea cycle disorders in patients two months of age and older.
- We significantly diversified our portfolio of medicines, so that no single medicine represented more than 25 percent of our business in the fourth quarter of 2015, versus 55 percent for the full year 2014.
- We secured 13 additional U.S. patents covering various medicines, including PENNSAID 2%, RAVICTI, RAYOS and VIMOVO.
- We raised \$1.75 billion of capital through four successful debt and equity offerings, resulting in a diversified capital structure consisting of senior secured term loans, senior unsecured notes and exchangeable notes, while significantly lowering the annual cash interest rate on our debt from 7.7 percent to 4.7 percent.
- We significantly increased the breadth and depth of our management team with the addition of George P. Hampton, John B. Thomas and Geoffrey M. Curtis in senior management. In addition, we filled multiple vice president level positions. In total, we added approximately 300 employees to the Company.

Overall, I am very pleased with our team’s performance, in every aspect of our business. We are delivering on our core principles, including strong commercial execution, an aggressive and disciplined acquisition strategy, the clinical development of medicines for patients in need, and expanding patient access while increasing affordability of our medicines. Moving forward, we will continue to drive and motivate our growing organization with the goal of delivering continued strong financial performance that creates market-leading shareholder value.

- <sup>1</sup> Adjusted earnings before interest, taxes, depreciation and amortization and other amounts (“Adjusted EBITDA”) is used and provided by us as a non-GAAP financial measure so our investors have a more complete understanding of Horizon's financial performance. In addition, this non-GAAP financial measure is among the indicators our management uses for planning and forecasting purposes and measuring the Company's performance.
  - <sup>2</sup> Please refer to the discussion of non-GAAP financial measures and the reconciliation of Adjusted EBITDA to net income beginning on page 99 of our Annual Report on Form 10-K for the year ended December 31, 2015.
  - <sup>3</sup> Please refer to the discussion of non-GAAP financial measures beginning on page 99 of our Annual Report on Form 10-K for the year ended December 31, 2015. We have not provided a reconciliation of the 2016 Adjusted EBITDA outlook for recently-acquired medicines to an expected net income (loss) outlook because certain items that are a component of net income (loss) cannot be reasonably projected, due to the significant impact of changes in our stock price on share-based compensation, the variability associated with acquisition-related expenses due to timing and other factors.
-

We cannot control the ups and downs in the market. However, we will stay focused on what we can control - the performance of our business.

You are cordially invited to attend the Annual General Meeting of Shareholders on Tuesday, May 3, 2016. The Annual General Meeting will begin at 3:00 p.m. local time at our corporate headquarters, located at Connaught House, 1<sup>st</sup> Floor, 1 Burlington Road, Dublin 4, D04 C5Y6, Ireland.

The Notice of Annual General Meeting and Proxy Statement accompanying this letter describes how our Board of Directors operates, provides biographical information on our director nominees, gives information for the voting matters to be acted upon at the Annual General Meeting and explains the proxy voting process.

Whether or not you plan to attend the Annual General Meeting, it is important that your shares be represented and voted. Please take a moment now to vote your shares by internet, by toll-free telephone call or by signing and dating the enclosed proxy card and returning it in the pre-addressed, postage-paid envelope provided.

The mailing address of the principal executive office of the Company is Connaught House, 1<sup>st</sup> Floor, 1 Burlington Road, Dublin 4, D04 C5Y6, Ireland. The Company expects that this Proxy Statement, the related proxy and Notice of Annual General Meeting of Shareholders will first be mailed to shareholders on or about , 2016.

Horizon Pharma plc Corporate Structure

On September 19, 2014, the businesses of Horizon Pharma Inc. (“HPI”) and Vidara Therapeutics International Public Limited Company (“Vidara”) were combined in a merger transaction (the “Vidara Merger”), accounted for as a reverse acquisition under the acquisition method of accounting for business combinations, with HPI treated as the acquiring company in the Vidara Merger for accounting purposes. As part of the Vidara Merger, a wholly-owned subsidiary of Vidara merged with and into HPI, with HPI surviving the Vidara Merger as a wholly-owned subsidiary of Vidara and Vidara changed its name to Horizon Pharma plc.

Unless otherwise indicated or the context otherwise requires, references to the “Company”, “Horizon”, “we”, “us” and “our” refer to Horizon Pharma plc and its consolidated subsidiaries, including its predecessor, HPI. All references to “Vidara” are references to Horizon Pharma plc (formerly known as Vidara Therapeutics International Public Limited Company) and its consolidated subsidiaries prior to the effective time of the Vidara Merger on September 19, 2014. The disclosures in this Proxy Statement relating to the pre-Vidara Merger business of Horizon Pharma plc, as well as statements relating to pre-Vidara Merger compensation, board of director and corporate governance matters, unless noted as being the business of Vidara prior to the Vidara Merger, pertain to the business of HPI prior to the Vidara Merger. In addition, references in this Proxy Statement to “shares,” “stock” or “voting stock” refer to HPI’s common stock, par value \$0.0001 per share, prior to the effective time of the Vidara Merger and to our ordinary shares, nominal value \$0.0001 per share, from and since the effective time of the Vidara Merger.

## QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We have sent you these proxy materials because our Board of Directors is soliciting your proxy to vote at the Annual General Meeting, including at any adjournments or postponements of the meeting. You are invited to attend the Annual General Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or through the internet.

How do I attend the Annual General Meeting?

The meeting will be held on Tuesday, May 3, 2016, at 3:00 p.m. local time at our corporate headquarters, located at Connaught House, 1<sup>st</sup> Floor, 1 Burlington Road, Dublin 4, D04 C5Y6, Ireland. Directions to the Annual General Meeting may be found at <https://www.google.com/maps/place/Connaught+House,+Burlington+Rd,+Dublin+4,+Ireland>. Information on how to vote in person at the Annual General Meeting is provided below. However, you do not need to attend the Annual General Meeting to vote your ordinary shares.

Who can vote at the Annual General Meeting?

Only shareholders of record at the close of business on March 3, 2016 will be entitled to vote at the Annual General Meeting. On this record date, there were 159,920,620 of our ordinary shares outstanding and entitled to vote.

Shareholder of Record: Shares Registered in Your Name

If on March 3, 2016, your shares were registered in your name in our Register of Members which is maintained by Horizon's transfer agent, Computershare Shareowner Services LLC, then you are a shareholder of record. As a shareholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on March 3, 2016, your shares were not registered in your name in our Register of Members, but rather held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the Annual General Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual General Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are six matters scheduled for a vote:

- Election of three Class II directors named in this Proxy Statement to hold office until the 2019 Annual General Meeting of Shareholders (Proposal 1);
- Approval of an amendment to our Memorandum of Association (Proposal 2);
-

Approval of an amendment to our Articles of Association  
(Proposal 3);

- Approval of our Amended and Restated 2014 Equity Incentive Plan, which is referred to in this Proxy Statement as the “Amended 2014 Plan” (Proposal 4);
- Approval of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016 and the authorization of the Audit Committee of our Board of Directors to determine the auditors’ remuneration (Proposal 5); and
- Advisory approval of the compensation of our named executive officers, as disclosed in this Proxy Statement (Proposal 6).

## QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual General Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may vote “For” or “Against” each Class II director nominee or you may abstain from voting for all or any of the nominees. For each of the other matters to be voted on, you may vote “For” or “Against” or abstain from voting.

The procedures for voting are fairly simple:

**Shareholder of Record: Shares Registered in Your Name**

If you are a shareholder of record, you may vote in person at the Annual General Meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy through the internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

• To vote in person, come to the Annual General Meeting and we will give you a ballot when you arrive.

• To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual General Meeting, we will vote your shares as you direct.

• To vote over the telephone, dial toll-free 1-800-652-VOTE (8683) within the United States, U.S. territories and Canada using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Time on May 2, 2016, to be counted.

• To vote through the internet, go to <http://www.envisionreports.com/hznp> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m. Eastern Time on May 2, 2016, to be counted.

**Beneficial Owner: Shares Registered in the Name of Broker or Bank**

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction form with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction form to ensure that your vote is counted. Alternatively, you may vote by telephone or through the internet as instructed by your broker or bank. To vote in person at the Annual General Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

**Joint Holders**

In the case of joint holders of record, any one of such holders may vote either in person or by proxy in respect thereof as if he or she were the sole holder thereof, but the vote of the senior holder who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders, and for this purpose seniority shall be determined by the order in which the names stand in the Company’s Register of Members.

Edgar Filing: Horizon Pharma plc - Form PRE 14A

Internet proxy voting is being provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each ordinary share you own as of March 3, 2016.

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

What happens if I do not vote?

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record and do not vote by completing your proxy card, by telephone, through the internet or in person at the Annual General Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether the New York Stock Exchange (“NYSE”) deems the particular proposal to be a “routine” matter. Brokers and nominees can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of the NYSE, “non-routine” matters are matters that may substantially affect the rights or privileges of shareholders, such as mergers, shareholder proposals, elections of directors (even if not contested), executive compensation (including any advisory shareholder votes on executive compensation) and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposals 1, 2, 3, 4 or 6 without your instructions, but may vote your shares on Proposal 5.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” Proposal 1, the election of all nominees named in this Proxy Statement for Class II directors, “For” Proposal 2, the approval of an amendment to our Memorandum of Association, “For” Proposal 3, the approval of an amendment to our Articles of Association, “For” Proposal 4, the approval of our Amended and Restated 2014 Equity Incentive Plan, “For” Proposal 5, the approval of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016 and the authorization of the Audit Committee of our Board of Directors to determine the auditors’ remuneration, and “For” Proposal 6, the advisory approval of executive compensation. If any other matter is properly presented at the meeting, your proxy holder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We have retained MacKenzie Partners, Inc. (“MacKenzie”), a proxy solicitation firm, to solicit proxies in connection with the Annual General Meeting at a cost of approximately \$20,000 plus expenses. The cost of soliciting proxies incurred by the Company and MacKenzie, including the preparation, assembly and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to beneficial owners of the Company’s ordinary shares, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular remuneration, solicit proxies personally or by telephone.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the proxy cards in each set of proxy materials to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Shareholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to Horizon's Company Secretary at Connaught House, 1<sup>st</sup> Floor, 1 Burlington Road, Dublin 4, D04 C5Y6, Ireland.

## QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

• You may attend the Annual General Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

### Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

### Do I need a ticket to attend the Annual General Meeting?

You will need an admission ticket or proof of ownership of ordinary shares to enter the Annual General Meeting. If you are a shareholder of record, your admission ticket is the top half of the proxy card sent to you. If you plan to attend the Annual General Meeting, please so indicate when you vote and bring the ticket with you to the Annual General Meeting. If your shares are held in the name of a bank, broker or other holder of record, you do not need an admission ticket, but you will need proof of ownership to be admitted to the Annual General Meeting. A recent brokerage statement or letter from a bank or broker is an example of proof of ownership. If you arrive at the Annual General Meeting without an admission ticket or proof of ownership of ordinary shares, we will admit you only if we are able to verify that you are a shareholder of our company.

### How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for each of the proposals, votes “For” and “Against,” abstentions and, as applicable, broker non-votes. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Annual General Meeting. Abstentions and broker non-votes will not, however, be considered votes cast at the Annual General Meeting. Because the approval of all of the proposals is based on the votes cast at the Annual General Meeting, abstentions and broker non-votes will not have any effect on the outcome of voting on the proposals.

### What are “broker non-votes”?

As discussed above, when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by the NYSE to be “non-routine,” the broker or nominee cannot vote the shares. These un-voted shares are counted as “broker non-votes.”

### How many votes are needed to approve each proposal?

Assuming that a quorum is present at the Annual General Meeting, the following votes will be required for approval:

• **Proposal 1:** For the election of Class II directors, each nominee named herein for election to the Board of Directors who receives the affirmative vote of a majority of the votes cast in person or by proxy at the Annual General Meeting on his election will be elected to the Board of Directors.

• **Proposal 2:** The approval of an amendment to our Memorandum of Association will be approved if it receives the affirmative vote of 75% or more of the votes cast in person or by proxy at the Annual General Meeting.

• **Proposal 3:** The approval of an amendment to our Articles of Association will be approved if it receives the affirmative vote of 75% or more of the votes cast in person or by proxy at the Annual General Meeting.

Proposal 4: The approval of our Amended 2014 Plan will be approved if it receives the affirmative vote of a majority of the votes cast in person or by proxy at the Annual General Meeting.

Proposal 5: The approval of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016 and the authorization of the Audit Committee of our Board of Directors to determine the auditors' remuneration, will be approved if it receives the affirmative vote of a majority of the votes cast in person or by proxy at the Annual General Meeting.

Proposal 6: The advisory approval of the compensation of our named executive officers will be considered to be approved if it receives the affirmative vote of a majority of the votes cast in person or by proxy at the Annual General Meeting.

## QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if shareholders holding a majority of the issued and outstanding ordinary shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 159,920,620 ordinary shares outstanding and entitled to vote. Thus, the holders of 79,960,311 ordinary shares must be present in person or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or, provided that you are a shareholder of record, if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, within one hour of the time appointed for the Annual General Meeting, the Annual General Meeting will stand adjourned to May 10, 2016 at 3:00 p.m. local time at the same location, or such other time or place as the Board of Directors may determine.

How can I find out the results of the voting at the Annual General Meeting?

Preliminary voting results will be announced at the Annual General Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual General Meeting. What are the Irish statutory financial statements?

We are presenting our Irish statutory financial statements, including the reports of the directors and the statutory auditors thereon, at the Annual General Meeting, and we are making a copy of them available for download in PDF format in the Investors section (see Annual Reports subsection) of our website ([www.horizonpharma.com](http://www.horizonpharma.com)) on or before April 12, 2016. Since we are an Irish company, we are required to prepare Irish statutory financial statements under applicable Irish company law and to deliver those accounts to shareholders of record in connection with our Annual General Meetings of Shareholders. The Irish statutory financial statements cover the results of operations and financial position of Horizon Pharma plc for the year ended December 31, 2015. Irish law requires the directors to prepare financial statements for each financial year giving a true and fair view of the state of the group's and parent company's affairs at the end of the financial year and of the group's profit or loss for the financial year. Under that law, the directors have prepared the group's consolidated financial statements in accordance with U.S. generally accepted accounting principles, as defined in Section 279 of the Irish Companies Act 2014, to the extent that the use of those principles in the preparation of the consolidated financial statements does not contravene any provision of the Irish Companies Act or of any regulations made thereunder and the parent company financial statements in accordance with accounting standards issued by the Financial Reporting Council and promulgated by the Institute of Chartered Accountants in Ireland (Generally Accepted Accounting Practice in Ireland).

We will mail without charge, upon written request, a copy of the Irish statutory financial statements to shareholders of record or beneficial owners of our ordinary shares. Requests should be sent to: Horizon Pharma plc, Attention: Company Secretary, Connaught House, 1<sup>st</sup> Floor, 1 Burlington Road, Dublin 4, D04 C5Y6, Ireland.

## PROPOSAL 1

### ELECTION OF DIRECTORS

#### Board Composition

The Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. The Board of Directors currently consists of eight members, as follows:

• Class I, which consists of William F. Daniel and H. Thomas Watkins, and whose term will expire at our 2018 Annual General Meeting of Shareholders;

• Class II, which consists of Michael Grey, Jeff Himawan, Ph.D. and Ronald Pauli, and whose term will expire at the Annual General Meeting; and

• Class III, which consists of Virinder Nohria, M.D., Ph.D., Gino Santini and Timothy P. Walbert, and whose term will expire at our 2017 Annual General Meeting of Shareholders.

At each Annual General Meeting of Shareholders, the successors to directors whose terms then expire will serve until the third Annual General Meeting of Shareholders following their election and until their successors are duly elected and qualified. The authorized number of directors may be changed only by resolution of the Board of Directors. Any additional directorships resulting from an increase in the number of directors will be distributed between the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of the Board of Directors may have the effect of delaying or preventing changes in our control or management. Our directors may be removed by ordinary resolution with majority vote of the Company's shareholders at a general meeting provided that extended notice of such resolution has been given in accordance with Section 146 of the Irish Companies Act 2014.

Vacancies on the Board of Directors may be filled only by persons elected by a majority of the directors then in office, provided that a quorum is present. A director elected by the Board of Directors to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

#### Election of Directors

There are three directors in the class whose term of office expires on the date of the Annual General Meeting. Each of the nominees listed below is currently a director of the Company who was nominated for election by the Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee. If elected at the Annual General Meeting, each of these nominees would serve until the 2019 Annual General Meeting of Shareholders and until his successor has been duly elected and qualified, or, if sooner, until the director's death, resignation, disqualification or removal. It is the Company's policy to encourage directors and nominees for director to attend annual general meetings of shareholders. All, except for one, of the Company's current directors attended its 2015 Annual General Meeting of Shareholders.

In order to be elected as a director, each nominee must receive the affirmative vote of a majority of the votes cast by the holders of ordinary shares represented at the Annual General Meeting in person or by proxy. Only three nominees are proposed for election as Class II directors. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead will be voted for the election of a substitute nominee proposed by the Company. Each person nominated for election has agreed to serve if elected. The Company's management has no reason to believe that any nominee will be unable to serve.

Edgar Filing: Horizon Pharma plc - Form PRE 14A

The following is a brief biography of each nominee and each director whose term will continue after the Annual General Meeting, including their respective ages as of March 31, 2016.

## INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

### Independence of the Board of Directors

As required under the NASDAQ Stock Market (“NASDAQ”) listing standards, a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by the board of directors. The Board consults with the Company’s counsel to ensure that the Board’s determinations are consistent with relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent listing standards of NASDAQ, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that the following six directors are independent directors within the meaning of the applicable NASDAQ listing standards: Mr. Daniel, Mr. Grey, Dr. Himawan, Mr. Pauli, Mr. Santini and Mr. Watkins. In making this determination, the Board found that none of these directors or nominees for director had a material or other disqualifying relationship with the Company.

Mr. Walbert, the Company’s President and Chief Executive Officer, and Dr. Nohria, a prior employee of Vidara, are not independent directors by virtue of their current and prior employment with the Company, respectively.

### Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics (the “Code”) that applies to all officers, directors and employees. The Code is available on the Company’s website at [www.horizonpharma.com](http://www.horizonpharma.com). If the Company makes any substantive amendments to the Code or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website.

### Board Leadership Structure

The Company’s Board of Directors is currently chaired by the President and Chief Executive Officer of the Company, Mr. Walbert. The Company believes that combining the positions of Chief Executive Officer and Chairman of the Board helps to ensure that the Board and management act with a common purpose. In the Company’s view, separating the positions of Chief Executive Officer and Chairman of the Board has the potential to give rise to divided leadership, which could interfere with good decision-making or weaken the Company’s ability to develop and implement strategy. Instead, the Company believes that combining the positions of Chief Executive Officer and Chairman of the Board provides a single, clear chain of command to execute the Company’s strategic initiatives and business plans. In addition, the Company believes that a combined Chief Executive Officer/Chairman of the Board is better positioned to act as a bridge between management and the Board, facilitating the regular flow of information. The Company also believes that it is advantageous to have a Chairman of the Board with an extensive history with and knowledge of the Company (as is the case with the Company’s Chief Executive Officer) as compared to a relatively less informed independent Chairman of the Board.

The Company requires the election, by the independent directors of the Board, of an independent lead director to serve during any period when there is no independent Chairman of the Board. Because Mr. Walbert is currently serving as Chief Executive Officer and Chairman of the Board, the independent directors of the Board named Mr. Grey as the lead independent director. The lead independent director periodically establishes the agenda for meetings of the independent directors, coordinates with the committee chairs to report committee matters to the full Board, presides over executive sessions and other meetings of the independent directors, conveys messages from meetings of the independent directors to the Chief Executive Officer and makes himself available to discuss with other directors any concerns they may have about the Company and its performance. The Company believes that this leadership structure provides the appropriate level of independent oversight necessary to ensure that the Board meets its fiduciary

obligations to the Company's shareholders, that the interests of management and our shareholders are properly aligned, and that we establish and follow sound business practices and strategies that are in the best interests of our shareholders.

#### Shareholder Communications With the Board of Directors

While we have not adopted a formal process by which shareholders may communicate with the Board or any of its directors, shareholders who wish to communicate with the Board may do so by sending written communications addressed to the Company Secretary of Horizon at Connaught House, 1<sup>st</sup> Floor, 1 Burlington Road, Dublin 4, D04 C5Y6, Ireland or communicate online to the Board of Directors as a group. This information is available on the Company's website at [www.horizonpharma.com](http://www.horizonpharma.com).

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Each communication will be reviewed by Horizon’s Company Secretary to determine whether it is appropriate for presentation to the Board or such director. Examples of inappropriate communications include advertisements, solicitations or hostile communications. Communications determined by the Company Secretary to be appropriate for presentation to the Board or such director will be submitted to the Board or such director on a periodic basis.

All communications directed to the Audit Committee in accordance with the Company’s Whistleblower Hotline that relate to questionable accounting or auditing matters involving the Company will be promptly and directly forwarded to the Audit Committee.

Role of the Board in Risk Oversight

One of the Board’s key functions is informed oversight of the Company’s risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. Our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal, regulatory and ethical requirements, in addition to oversight of the performance of our external auditors. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. Our Transaction Committee evaluates potential strategic transactions and financing opportunities, including the risks that such transactions could pose to the Company.

Meetings of the Board of Directors

The Board of Directors held five meetings and did not act by unanimous written consent without a meeting during 2015. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he served, held during the portion of the last fiscal year for which he was a director or committee member.

Information Regarding Committees of the Board of Directors

The Board has four standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Transaction Committee. The following table provides membership and meeting information for fiscal 2015 for each of the Board committees:

rules and regulations regarding “independence” and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Below is a description of each committee of the Board of Directors.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), to oversee the Company’s corporate accounting and financial reporting processes and audits of its financial statements. The Audit Committee is composed of three non-employee directors: Mr. Pauli, Mr. Daniel and Dr. Himawan, with Mr. Pauli serving as the chairperson of the Audit Committee. All members of the Audit Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). The Audit Committee met six times during the last fiscal year. The Audit Committee has adopted a written charter that is available to shareholders on the Company’s website at [www.horizonpharma.com](http://www.horizonpharma.com).

The Audit Committee performs numerous functions including, among other things:

- evaluating the performance, independence and qualifications of the Company’s independent registered public accounting firm and determining whether to retain the Company’s existing independent registered public accounting firm or engage a new independent registered public accounting firm;
- reviewing and approving the engagement of the Company’s independent registered public accounting firm to perform audit services and any permissible non-audit services;
- monitoring the rotation of partners of the Company’s independent registered public accounting firm on the Company’s engagement team as required by law;
- reviewing the Company’s annual and quarterly financial statements and significant issues that arise regarding accounting principles and financial statement presentation, and matters concerning the scope, adequacy and effectiveness of the Company’s financial controls with the Company’s independent registered public accounting firm and management;
- monitoring the Company’s financial reporting process;
- as appropriate, reviewing any earnings announcements and other public announcements regarding material developments;
- establishing procedures for the receipt, retention and treatment of complaints received by the Company regarding financial controls, accounting or auditing matters and other matters;
- preparing the report that the Securities and Exchange Commission (“SEC”) requires in the Company’s annual proxy statement;
- reviewing and providing oversight with respect to any related party transactions and monitoring compliance with the Code;
- monitoring of the effectiveness of the Company’s systems of internal control, internal audit and risk management;
- reviewing the Company’s major financial risk exposures, including the guidelines and policies to govern the process by which risk assessment and risk management is implemented;
- reviewing the Company’s investment policy on a periodic basis; and
- reviewing and evaluating, at least annually, the performance of the Audit Committee, including compliance of the Audit Committee with its charter.

The existence of the Audit Committee also satisfies the obligation of the Company to have such a committee pursuant to Section 167 of the Irish Companies Act 2014.

The Board of Directors reviews the NASDAQ listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of the Company's Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards).

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The Board of Directors has also determined that Mr. Pauli qualifies as an “audit committee financial expert,” within the meaning of SEC regulations and the NASDAQ Listing Rules. In making this determination, the Board of Directors has considered Mr. Pauli’s formal education and the nature and scope of his previous experience, coupled with past and present service on various audit committees. Both the independent registered public accounting firm and management periodically meet privately with the Audit Committee.

Report of the Audit Committee of the Board of Directors

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2015 with management of the Company. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board (“PCAOB”). The Audit Committee also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm the accounting firm’s independence. Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

Compensation Committee

The Compensation Committee is composed of three non-employee directors: Mr. Grey, Dr. Himawan and Mr. Pauli, with Dr. Himawan serving as the chairperson of the Compensation Committee. All members of the Compensation Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). The Compensation Committee met five times during the last fiscal year. The Compensation Committee has adopted a written charter that is available to shareholders on the Company’s website at [www.horizonpharma.com](http://www.horizonpharma.com).

The Compensation Committee of the Board of Directors acts on behalf of the Board of Directors to review and approve or recommend for adoption and oversee the Company’s compensation strategy, policies, plans and programs, including:

- reviewing and approving (or if it deems appropriate, recommending to the Board of Directors regarding) compensation, performance goals and objectives relevant to the compensation of the Company’s executive officers and assessing their performance against these goals and objectives;
- evaluating and approving (or if it deems appropriate, recommending to the Board of Directors regarding) the type and amount of compensation to be paid or awarded to non-employee members of the Board of Directors;

- establishing policies with respect to equity compensation arrangements;
- reviewing the competitiveness of the Company's executive compensation programs and evaluating the effectiveness of the Company's compensation policy and strategy in achieving expected benefits to the Company;
- reviewing and approving (or if it deems appropriate, recommending to the Board of Directors regarding) the terms of any employment agreements, severance arrangements, change in control protections and any other compensatory arrangements for its executive officers;
- preparing the report that the SEC requires in the Company's annual proxy statement;
- reviewing the adequacy of the Company's Compensation Committee charter on a periodic basis;

reviewing and evaluating, at least annually, the performance of the Compensation Committee; and evaluating risks associated with the Company's compensation policies and practices and assessing whether risks arising from the Company's compensation policies and practices for its employees are reasonably likely to have a material adverse effect on the Company.

Each year, the Compensation Committee reviews with management the Company's Compensation Discussion and Analysis and considers whether to recommend that it be included in proxy statements and other filings.

In making its compensation decisions and recommendations, the Compensation Committee may take into account the recommendations of the Chief Executive Officer and other senior management. Other than giving such recommendations, however, the Chief Executive Officer and other senior management have no formal role and no authority to determine the amount or form of executive and director compensation.

The Compensation Committee may, at the expense of the Company, retain legal counsel (which may, but need not be, the regular corporate counsel to the Company) and other consultants and advisors, other than in-house legal counsel and certain other types of advisors, to assist it with its functions only after taking into consideration six factors, prescribed by the SEC and NASDAQ, that bear upon the advisor's independence; however, there is no requirement that any advisor be independent. The Compensation Committee has authority to approve such advisors' fees and other retention terms and to terminate its relationship with any advisor that it retains. In addition, the Compensation Committee has authority to delegate its responsibilities to subcommittees or individual committee members.

#### Compensation Committee Interlocks and Insider Participation

As noted above, the Compensation Committee is composed of Mr. Grey, Dr. Himawan and Mr. Pauli. No member of our Compensation Committee has ever been an executive officer or employee of the Company. None of the Company's officers currently serves, or has served during the last completed year, on the compensation committee or board of directors of any other entity that has one or more officers serving as a member of our Board of Directors or Compensation Committee.

Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the CD&A be included in this Proxy Statement and incorporated into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

The Nominating and Corporate Governance Committee believes in an expansive definition of diversity that includes differences of experience, education and talents, among other things. COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis discusses the compensation philosophy, policies and principles underlying our executive compensation decisions for 2015. It provides qualitative information on the factors relevant to these decisions and the manner in which compensation is awarded to the following executive officers who have been named in the Summary Compensation Table included in this Proxy Statement and whom we refer to as our named executive officers:

Named Executive Officer	Title
Timothy P. Walbert	Chairman, President and Chief Executive Officer
Robert F. Carey	Executive Vice President, Chief Business Officer
Paul W. Hoelscher	Executive Vice President, Chief Financial Officer
John J. Kody <sup>(1)</sup>	Former Executive Vice President, Chief Commercial Officer
George P. Hampton <sup>(2)</sup>	Executive Vice President, Orphan and Primary Care Business Units

and International Operations

(1) On January 8, 2016, the Chief Commercial Officer role was eliminated and Mr. Kody’s employment terminated.

(2) Mr. Hampton was promoted to the position of Executive Vice President, Orphan Business Unit and International Operations in August 2015. Mr. Hampton additionally assumed leadership of the Primary Care Business Unit in February 2016.

Executive Summary

Our Compensation Committee believes that our executive compensation program is appropriately designed and reasonable in light of the executive compensation programs of our industry group and peer group companies in that it both encourages our named executive officers to work for our long-term prosperity and reflects a pay-for-performance philosophy, without encouraging our employees to assume excessive risks.

2015 was a record year of performance and growth for Horizon. Highlights include:

• Our share price appreciation significantly exceeded the mean of our peer group, the NASDAQ Biotechnology Index (“NBI”) and the NASDAQ over 1-year and 3-year time periods. Horizon’s share price appreciation was first in its peer group in both time periods:

o 1-year: HZNP: 68% vs. peer group mean of 11%, NBI of 11% and NASDAQ of 6%.

o 3-year: HZNP: 830% vs. peer group mean of 233%, NBI of 147% and NASDAQ of 66%.

• We generated significant growth in net sales and Adjusted EBITDA<sup>1</sup>, significantly exceeding internal goals:

o 2015 net sales of \$757.0 million, more than 150% growth over 2014 net sales.

o 2015 Adjusted EBITDA of \$362.1 million, more than quadrupled 2014 Adjusted EBITDA

• We completed the acquisition of Hyperion Therapeutics, Inc. on May 7, 2015, and entered into an agreement to acquire Crealta Holdings LLC on December 10, 2015, which was completed on January 14, 2016.

o Both acquisitions increased Horizon’s sales from orphan disease medicines and together are expected to generate approximately \$150 million in Adjusted EBITDA in 2016.

• We achieved significant clinical development and regulatory milestones:

o We initiated a Phase 3 trial for ACTIMMUNE in Friedreich’s ataxia.

o We initiated a Phase 1 dosing trial for ACTIMMUNE in cancer.

o Earlier than expected, we received European marketing approval for RAVICTI for the treatment of urea cycle disorders in patients two months of age and older.

•

We significantly diversified our portfolio of medicines, so that no single medicine represented more than 25% of our business in the fourth quarter of 2015, versus 55% for the full year 2014.

•We secured 13 additional U.S. patents covering various medicines, including PENNSAID 2%, RAVICTI, RAYOS and VIMOVO.

<sup>1</sup> Adjusted earnings before interest, taxes, depreciation and amortization and other amounts (“Adjusted EBITDA”) is used and provided by us as a non-GAAP financial measure so our investors have a more complete understanding of Horizon's financial performance. In addition, this non-GAAP financial measure is among the indicators our management uses for planning and forecasting purposes and measuring the Company's performance.

## COMPENSATION DISCUSSION AND ANALYSIS

• We raised \$1.75 billion of capital through four successful debt and equity offerings, resulting in a diversified capital structure consisting of senior secured term loans, senior unsecured notes and exchangeable notes, while significantly lowering the annual cash interest rate on our debt from 7.7% to 4.7%.

• We significantly increased the breadth and depth of our management team with the addition of George P. Hampton, John B. Thomas and Geoffrey M. Curtis in senior management and filled multiple vice president level positions. We added approximately 300 employees to our Company.

We have had strong stock price performance and revenue growth as measured against our compensation peer group for a sustained period. The following charts illustrate the level of our stock price performance as measured against our peer group over one- and three-year periods:

#### Compensation Objectives

We believe in providing a competitive total compensation package to our executive management team through a combination of base salary, annual bonuses, grants under our Cash Long-Term Incentive Program (“Cash LTIP”), grants under our equity incentive compensation plan and severance and change in control benefits. Our executive compensation programs are designed to achieve the following objectives:

- attract and retain talented and experienced executives to manage our business to meet our long-term objectives;
- motivate and reward executives whose knowledge, skills and performance are critical to our success;
- align the interests of our executive officers and shareholders by motivating executive officers to achieve performance objectives that will increase shareholder value;
- provide a competitive compensation package in which total compensation is determined in part by market factors, key performance objectives and milestones and the achievement level of these performance objectives and milestones by our executive officers; and
- reward the achievement of key corporate and individual performance measures.

Our Compensation Committee believes that our executive compensation programs should include short- and long-term performance incentive components, including cash and equity-based compensation, and should reward consistent performance that meets or exceeds expectations by increasing base salary levels, awarding cash bonuses and granting additional equity awards, as appropriate. The Compensation Committee evaluates both performance and compensation to make sure that the total compensation provided to our executives remains competitive relative to compensation paid by companies of similar size and stage of development operating in the pharmaceutical industry, taking into account our relative performance and our own strategic objectives.

#### 2015 Executive Compensation Program

The major aspects of our 2015 executive compensation program include the following:

- **No Guaranteed Salary Increases or Bonus Awards.** We do not provide our named executive officers with guaranteed salary increases or bonuses. Our named executive officers are employed at-will and are expected to demonstrate strong performance in order to continue serving as members of the executive team.

## COMPENSATION DISCUSSION AND ANALYSIS

• **2015 Annual Cash Incentive Program.** Payouts under our 2015 Annual Cash Incentive Program were linked to attainment of our 2015 key corporate performance objectives.

• **2015 Performance Share Unit Awards and other Long-Term Equity Grants.** We granted performance share unit awards (“PSUs”) in order to further incentivize our leadership team to deliver outstanding long-term returns to shareholders. Payout levels for the PSUs are tied to the level of our total shareholder return and no payouts can occur without the creation of sustained long-term shareholder value over a three-year performance period. We also granted stock options and restricted stock unit awards (“RSUs”) which serve as retention devices, because the executive must continue employment with us for the awards to vest. These awards also further serve to align our named executive officer’s interest with those of our shareholders. Our 2015 equity grants to our named executive officers were intended to cover equity awards for the next three years and no other equity grants will be made to our named executive officers prior to expiration of the three-year PSU performance period in 2018.

• **Deferred Compensation Plan.** We adopted a non-qualified deferred compensation plan (“Deferred Compensation Plan”) which provides additional tax and financial planning flexibility for eligible officers, including our named executive officers, by allowing them to elect to defer receipt of earned base salary and bonus amounts to a later taxable year and is intended to allow them to defer income tax consequences associated with the receipt of their compensation without being subject to the deferral contribution limits of our 401(k) Plan. For 2015, we made matching contributions with respect to 50% of the first 6% of deferrals, which is the same general matching contribution formula that we use for our 401(k) Plan.

• **Share Ownership Guidelines.** We have minimum share ownership guidelines for our Board of Directors, Chief Executive Officer, Executive Vice Presidents and certain other employees who serve on our executive leadership team.

• **No Excessive Perquisites.** We do not provide personal lifestyle perquisites, such as company cars, country club memberships, vacation units, personal use of aircraft, personal entertainment accounts or similar perquisites.

• **No Hedging or Pledging.** Our Insider Trading Policy prohibits our executive officers, other employees, non-employee directors and consultants from engaging in short sales, transactions in put or call options, hedging transactions or other inherently speculative transactions with respect to our ordinary shares at any time. In addition, no officer, director, other employee or consultant of Horizon may margin, or make any offer to margin, any of our ordinary shares, including without limitation, borrowing against such ordinary shares, at any time.

#### Realized Pay Table

The table below supplements the Summary Compensation Table that appears on page 42. This table shows the compensation actually realized in 2015 by each named executive officer. The primary difference between this supplemental table and the standard Summary Compensation Table is the method used to value equity awards. SEC rules require that the grant date fair value of all PSUs, stock options and RSUs be reported in the Summary Compensation Table for the year that they were granted. As a result, a significant portion of the total compensation amounts reported in the Summary Compensation Table relate to PSUs, stock options and RSUs that have not vested and for which the value is therefore uncertain (and which may end up having no value at all). For example, as further described below in “Elements of Executive Compensation – Long-Term Incentive Compensation – Performance Share Unit Awards”, if our stock price doesn’t consistently trade above the range of \$31.58 to \$33.86 in the period from December 2017 through June 2018, representing a minimum three-year total shareholder return (“TSR”) of 15%, then the PSUs will expire with \$0 realized value.

## COMPENSATION DISCUSSION AND ANALYSIS

In contrast, the supplemental table below includes only the value of equity awards that vested during 2015 and shows the value of those awards as of the applicable vesting date. There is no assurance that the named executive officers will actually realize the value attributed to these equity awards even as listed in this supplemental table because the ultimate value of the stock options will depend on when the stock options are exercised and the underlying shares are sold and the ultimate value of the RSUs will depend on when the released shares are sold.

### Setting Executive Compensation

Our Board of Directors has delegated to the Compensation Committee of our Board of Directors, which is composed of independent directors under SEC regulations and the NASDAQ Listing Rules, responsibility for creating, reviewing and approving, or, if it deems appropriate, making recommendations for approval to the Board, the compensation of our executive officers. The Compensation Committee also oversees our compensation and benefit plans and policies and administers our equity incentive plans.

Generally on an annual basis the Compensation Committee reviews and approves, or recommends for Board approval, the compensation to be paid to our Chief Executive Officer and other executive officers. As part of this process, the Compensation Committee conducts an annual review of the aggregate level of our executive compensation, the mix of elements used to compensate our executive officers and historic compensation levels, including prior equity award gains and losses.

When setting executive compensation levels the Compensation Committee has historically considered compensation paid by life sciences companies included in the Radford Global Life Sciences Survey, together with other information made available to it, such as compensation analysis performed by independent, third-party compensation specialists. The Compensation Committee generally believes that gathering this information is an important part of our compensation-related decision-making process and typically provides additional context and validation for our executive compensation decisions. Although our Compensation Committee has historically used the Radford survey data as a tool in determining executive compensation, it typically has not used a formula to set our executives' compensation in relation to this data. In addition, our Compensation Committee has typically taken into account advice from other non-employee members of our Board of Directors and publicly available data relating to the compensation practices and policies of other companies within and outside our industry.

The Compensation Committee has also considered and intends to continue to consider key performance objectives and milestones and the achievement level of these performance objectives and milestones by our executive officers as well as market factors in setting their base compensation and target bonus levels, and awarding bonuses and long-term incentives.

## COMPENSATION DISCUSSION AND ANALYSIS

### Consideration of Shareholder Advisory Votes

At HPI's 2012 Annual Meeting of Stockholders, the Board recommended and our shareholders agreed to hold an advisory vote on executive compensation each year. In addition to holding an annual advisory vote on executive compensation, we are committed to ongoing engagement with our shareholders on executive compensation and corporate governance issues. Our say-on-pay vote held at our 2015 Annual General Meeting of Shareholders was supported by approximately 91% of the votes affirmatively cast, excluding abstentions and broker non-votes. While this vote was only advisory, our Compensation Committee interpreted it to be a positive affirmation from our shareholders that they endorse our historical compensation philosophy, policies and decisions.

At our 2015 Annual General Meeting of Shareholders, our shareholders also approved an amendment and restatement of our 2014 Equity Incentive Plan (our 2014 Equity Incentive Plan, as amended and restated in 2015, is referred to in this Proxy Statement as the "2014 Plan") which:

• increased the number of ordinary shares authorized for issuance under the 2014 Plan by an additional 14,000,000 ordinary shares; and

• for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "IRC"), (a) increased the maximum number of shares that may be granted per calendar year to any one participant pursuant to stock options, stock appreciation rights and other stock awards whose value is determined by reference to an increase over an exercise price or strike price of at least 100% of the fair market value of the underlying Horizon ordinary shares on the date of grant to 3,000,000 ordinary shares, (b) increased the maximum number of shares that may be granted per calendar year to any one participant as a "performance stock award" to 3,000,000 ordinary shares, (c) confirmed the other applicable award limits for purposes of compliance with Section 162(m), (d) confirmed existing performance criteria upon which performance goals may be based with respect to performance awards under the 2014 Plan, and (e) confirmed existing permitted means of adjustment when calculating the attainment of performance goals for performance awards granted under the 2014 Plan.

A significant majority of the PSUs granted to the executive officers were granted contingent on receiving this positive shareholder vote. Any of the PSUs that remain outstanding at the expiration of the three-year performance period in 2018 but are not earned due to our failure to attain the requisite performance criteria will be cancelled at such time and the related ordinary shares will not be added back in the pool of shares available for grant under the 2014 Plan.

### Compensation Consultants

The Compensation Committee retains the services of third-party executive compensation specialists and consultants from time to time, as it sees fit, in connection with the establishment of cash and equity compensation and related policies. In June 2014, we initially engaged ClearBridge Compensation Group as our new compensation consultant because of ClearBridge's experience in developing long-term equity incentive programs for other companies that have successfully aligned management and shareholder interests. In November 2014, ClearBridge was engaged to develop a new comprehensive long-term incentive compensation program for our executive team, including our named executive officers, as further described below under "Long-Term Incentive Compensation."

### Independence of Compensation Consultants

In February 2015, the Compensation Committee conducted an independence assessment of ClearBridge to determine if it would continue to engage ClearBridge as its compensation consultant. In conducting the independence assessment, the Compensation Committee considered the following factors: whether ClearBridge would provide any other services to the Company; the amount of fees anticipated to be received by ClearBridge from the Company as a

percentage of ClearBridge's total revenues; the policies and procedures of ClearBridge that are designed to prevent conflicts of interest; any business or personal relationship of the individual representative of ClearBridge who would work directly with the Compensation Committee; any of the Company's stock owned by the individual representative of ClearBridge who would work directly with the Compensation Committee; and any business or personal relationship of the individual representative of ClearBridge who would work directly with the Compensation Committee, or of ClearBridge, with any of our executive officers. After conducting this assessment, the Compensation Committee concluded that the continued engagement of ClearBridge did not raise any conflict of interest.

clearly communicate the drivers of business success to create a sense of urgency and ownership among employees, create a direct, meaningful link between business results, individual performance and rewards to motivate over-achievement, to provide flexibility in our compensation plans to allow differentiation for our employees with the highest performance and potential, to create equitable pay opportunities for management and high-level individual contributors and to align interests of management, employees and shareholders to set priorities and focus. The Compensation Committee determined that it generally reference the 50<sup>th</sup> percentile of comparable companies in combination with multiple other factors, such as the executives' respective levels of experience and responsibility, internal pay equity, and the other compensation elements provided to the executives, in determining the total target cash compensation for all executives.

In August 2015, our Compensation Committee determined that changes should be made to the peer group because of Horizon's significant growth since the Vidara transaction and removed 13 companies from the peer group because they were significantly smaller than Horizon. The Compensation Committee also determined to add Mallinckrodt plc and Seattle Genetics, Inc. to the peer group because they are similar in size to Horizon, with the resulting 13 peer group companies specified in the table below. These peer group companies were selected by the Compensation Committee because they are in the biotechnology or pharmaceuticals industry and have a size comparable to Horizon based on their market value, enterprise value and revenue. As of June 30, 2015, these peer group companies had a median market capitalization of approximately \$9.0 billion, as compared to our market capitalization of approximately \$6.0 billion and median revenues of approximately \$619 million, as compared to our revenues of approximately \$693 million.

## Role of Chief Executive Officer in Compensation Decisions

The Chief Executive Officer typically evaluates the performance of other executive officers and employees, along with the performance of the Company as a whole against previously determined objectives, on an annual basis and makes recommendations to the Compensation Committee with respect to annual base salary adjustments, bonuses, cash performance incentives and annual equity awards for the other executives. The Compensation Committee exercises its own independent discretion in approving or recommending to the Board for approval base salary adjustments and cash bonuses, cash performance incentives and equity-based awards for all executive officers. The Chief Executive Officer is not present during deliberations or voting with respect to his own compensation.

## Ownership Guidelines for Directors and Executive Officers

In September 2014, our Board of Directors adopted share ownership guidelines for the Company's non-employee directors, Chief Executive Officer, Executive Vice Presidents and certain other employees who serve as members of

our executive leadership team, including the named executive officers, or the covered individuals. Under the guidelines, these individuals are expected to own a number of the Company's ordinary shares with a value equal to: five times (5x) base salary, for the Chief Executive Officer; two times (2x) base salary, for the Executive Vice Presidents, and one time (1x) base salary for each other member of the executive leadership team; and two times (2x) the director's annual equity grant value, for each non-employee director of the Company.

The guidelines provide that the individuals subject to the guidelines are expected to establish the minimum ownership levels within five years of the adoption of the guidelines (or within five years of the date an officer or director first becomes subject to them).

The value of the Company's ordinary shares for purposes of determining the number of shares subject to these guidelines in a given year is determined as the product of (i) the number of ordinary shares credited as held by the individual and (ii) the greater of (a) the closing price of the company's ordinary shares on the applicable date, or (b) the purchase or exercise price paid for such shares. Shares that count toward satisfaction of these guidelines include: shares owned outright by the individual (including stock

## COMPENSATION DISCUSSION AND ANALYSIS

units that have vested but not yet settled); shares retained after an option exercise or issuance under another type of equity award granted under the company's equity incentive plans; shares retained after purchase under our Employee Stock Purchase Plan; shares subject to time-based vesting stock units that have not vested; shares held in a 401(k) plan account; and shares held in trust for the benefit of the individual. Any unvested PSUs and unexercised stock options, whether vested or unvested, will not count toward satisfaction of these ownership guidelines.

### Elements of Executive Compensation

The compensation program for our executive officers consists principally of base salary, annual cash incentive compensation and long-term incentive compensation in the form of our Cash LTIP and equity awards, as well as severance protection for certain of our executive officers through employment agreements with those executive officers. Employees in more senior roles have an increasing proportion of their total pay package at risk and tied to performance because they are in a position to have greater influence on the Company's performance results. For example, approximately 99% of our Chief Executive Officer's total 2015 pay package was at risk, as calculated based on the grant date fair value amounts for the 2015 equity grants required to be reported in the Summary Compensation Table and target annual cash bonus. For purposes of such calculations, with respect to stock option grants, the Black-Scholes value on the date of grant was used, with respect to RSU grants, the value of the underlying shares on the date of grant was used, and with respect to PSU grants, the Monte Carlo value on the date of grant was used.

The following charts illustrate the elements of the 2015 total pay for our Chief Executive Officer and other named executive officers and the respective percentages of the compensation elements which were at risk as determined based on the target annual cash bonus amount and grant date fair value of the equity awards required to be reported in the Summary Compensation Table:

As discussed in more detail below, base salary is based primarily on market factors and annual cash incentive compensation is a target percentage of base salary, with the actual amount awarded determined by the Compensation Committee based upon its determination of the level of attainment of performance goals. The amount of cash compensation and the amount of equity awards granted to our executives are both considered in determining total compensation for our executive officers. Historically, we have not specified a target percentage of the overall compensation to be represented by the various compensation elements. The Compensation Committee's intention was that performance-based cash incentive bonuses and long-term equity compensation should be a significant part of the executive's compensation, and historically, it has represented a significant portion of an executive's total pay package (consisting of base salary, bonus, performance-based cash incentive compensation and equity compensation), so that the vast majority of our named executive officers total pay package is at risk. This helps with implementing a culture in which our named executive officers know that their take-home pay depends, to a large extent, upon the Company's performance.

We have selected each of the executive compensation components for the following reasons:

• Taken as a whole, the components of the executive compensation program (base pay, annual cash incentive compensation, long-term incentive compensation and our severance benefit protections) are comparable to the programs offered by other companies of our size in the pharmaceutical industry; therefore, our compensation

program generally helps us attract new executive talent and retain, motivate, and reward the executives that we currently employ.

## COMPENSATION DISCUSSION AND ANALYSIS

The annual cash incentive program rewards executives for the satisfaction of our pre-established annual corporate performance goals. Compensation under this program directly rewards satisfaction of our corporate objectives and individual performance. We provide this program so that our executives will focus their efforts on annual company goals that are driven by our longer-term strategy, and to take actions that maximize shareholder value. Our Compensation Committee rewards executives only in the event of satisfactory corporate and individual performance. Long-term incentive awards serve several purposes: first, they are a retention device, because the executive must continue employment with us for the awards to vest; and second, our PSU and Cash LTIP awards that vest upon satisfaction of corporate performance goals incentivize our executives to satisfy key performance objectives that will maximize shareholder value and long-term equity incentive awards that vest over time become more valuable as shareholder value increases.

## Base Salary

Base salaries for our executives are established based on the scope of their responsibilities, individual experience and market factors. Base salaries are generally reviewed annually, typically in connection with our annual performance review process. In August 2015, the Compensation Committee, after referencing the 50<sup>th</sup> percentile of base salary compensation provided to individuals in similar positions at the peer group companies and considering other factors, approved base salary increases for each of Messrs. Walbert, Carey and Hoelscher which became effective August 16, 2015. In making such determination, the Compensation Committee considered that their base salary levels were all positioned below the 50<sup>th</sup> percentile of base salary compensation provided to individuals in similar positions at the peer group companies. The Compensation Committee did not approve a similar base salary increase for Mr. Kody effective in August 2015 because he had been hired in November 2014.

In connection with the promotion of Mr. Hampton to the executive team in August 2015, our Compensation Committee considered his previous annual base salary of \$300,000 established in connection with his initial employment, his increased responsibilities in connection with his promotion, the base salaries for similarly situated executives at our peer companies, as well as internal pay equity. Based on its evaluation of these factors, our Compensation Committee determined that an annual base salary of \$450,000 was appropriate for Mr. Hampton effective on his date of promotion.

Base salaries for each of our named executive officers as of the end of 2015 were as follows:

	2015
Named Executive Officer	Base Salaries
Timothy P. Walbert	\$950,000
Robert F. Carey	\$500,000
Paul W. Hoelscher	\$500,000
John J. Kody	\$427,000
George P. Hampton	\$450,000

## Short-Term Incentive Compensation

2015 Annual Cash Incentive Compensation. In addition to base salaries, we provide performance-based cash bonuses as an incentive for our executives to achieve defined annual corporate goals. The 2015 target cash bonus as a percentage of the base salaries for Messrs. Walbert, Carey, Hoelscher and Kody were not increased from the 2014 target levels. A target cash bonus of 50% of base salary was established for Mr. Hampton in connection with his promotion pursuant to the terms of his employment agreement, which was approved by the Compensation Committee. These established target bonus percentages were deemed market competitive based on Radford survey data and peer group data available at the time of hire of the executive officers and based on other then-current data, and with respect to Mr. Hampton, after considering internal pay equity. Bonus target percentages are reviewed annually and may be adjusted by the Board of Directors or the Compensation Committee, in its discretion, although pursuant to their respective employment agreements, such percentages may not be reduced without the consent of the executive.

## COMPENSATION DISCUSSION AND ANALYSIS

Target cash bonus opportunities for 2015 as a percentage of base salary for each of our named executive officers were as follows:

## 2015 Target Bonus as Percentage

Named Executive Officer	of Base Salary
Timothy P. Walbert	100%
Robert F. Carey	50%
Paul W. Hoelscher	50%
John J. Kody	50%
George P. Hampton	50%

In November 2014, the Compensation Committee, in consultation with management, approved the 2015 corporate goals and milestones for the executive officers. Each of these corporate objectives and milestones was assigned a certain weight, with 2015 bonus payments to be determined based on achievement of the various objectives. Final determinations as to 2015 bonus levels would be generally based on the achievement of these corporate goals or milestones, as well as the Compensation Committee's assessment as to each executive's contribution to the overall development of our business and corporate accomplishments during 2015.

The 2015 quantitative and qualitative corporate objectives established as guidelines at the end of 2014 by the Compensation Committee and their relative weightings were:

## Quantitative Objectives (80%)

- Achieve total net sales of \$512 million (27.5%).
- Achieve Adjusted EBITDA (non-GAAP) of \$216 million (27.5%).
- Acquire new product(s) with expected annual net revenues of \$150 million (25%).

## Qualitative Objectives (20%)

- Ensure corporate culture of compliance by achieving our corporate objectives while operating in a fully compliant manner (10%).
- Continue to build organization through recruitment and retention of key talent and providing opportunities for development and advancement of organization (5%).
- Ensure any product and/or company acquisitions are integrated seamless to achieve board-approved deal financial models (5%).

The Compensation Committee determined that with respect to the quantitative objectives, the minimum and maximum performance levels and corresponding payout levels would be as follows, with a maximum payout level of 200% with respect to each objective as specified in the table below:

Quantitative Objective	Percent of	75% Payout	100% Payout	125% Payout*	150% Payout*	200% Payout
------------------------	------------	------------	-------------	--------------	--------------	-------------

Edgar Filing: Horizon Pharma plc - Form PRE 14A

	Target Bonus	(Minimum Level of Objective)*	(100% of Objective)*			(Maximum Level)*
Total Net Sales	27.5 %	\$ 450	\$ 512	\$ 530	\$ 550	\$ 570
Adjusted EBITDA	27.5 %	\$ 189	\$ 216	\$ 223	\$ 232	\$ 240
Acquire New Medicines	25.0 %	\$ 100	\$ 150	\$ 200	\$ 250	\$ 300

\* All dollar amounts in the table above are in the millions.

The Compensation Committee recommended and the Board of Directors approved these goals because they believed that these objectives were the best indicators of the achievement of the execution of our operating plan and were the factors that were most critical to increasing total shareholder value. These goals, therefore, were determined to be the most well suited to align the financial interests of the named executive officers with those of our shareholders. In February 2016, the Compensation Committee determined that these 2015 quantitative corporate objectives had been attained at an aggregate level of 176.6% of the targeted

COMPENSATION DISCUSSION AND ANALYSIS

levels and that the 2015 qualitative objectives had been attained at 100% of the targeted levels, resulting in an overall aggregate achievement of 161.3% for all corporate objectives. The Compensation Committee determined that 2015 bonus award levels would be generally determined based on the level of attainment of the foregoing 2015 quantitative and qualitative corporate objectives, with potential downward adjustments made to reflect the personal contributions of individual executives in helping to attain those objectives and the overall development of our business and corporate accomplishments during 2015.

In determining their applicable 2015 performance bonus award levels the Compensation Committee considered the personal contributions that the named executive officers had made in attaining the following transformative results during 2015:

- Outperformed our 2015 net sales bonus target by 48% (\$757 million vs. \$512 million), while completing the Hyperion acquisition and entering into the agreement to acquire Crealta.
- Achieved total shareholder return of 68%, significantly outperforming our peer group.
- Outperformed our Adjusted EBITDA target by 81% (\$392 million vs. \$216 million in Adjusted EBITDA).<sup>(1)</sup>
- Raised \$1.75 billion in capital through four successful debt and equity offerings, significantly lowering our average cash interest rate.
- Acquired new medicines with expected annual net revenues of \$220 million.
- Seamlessly added approximately 300 new employees.
- Significantly increased the breadth and depth of our management team with the addition of George P. Hampton, John B. Thomas and Geoffrey M. Curtis in senior management and filled multiple vice president level positions.
- Expanded network of independent pharmacies working with HorizonCares from 5-6 to approximately 25 in the fourth quarter.

(1) In February 2015, we revised our Adjusted EBITDA calculation methodology to include a reduction for actual royalties incurred, which resulted in \$362 million of Adjusted EBITDA in 2015. Under the prior methodology which excluded actual royalties incurred (which was used to develop the 2015 Adjusted EBITDA bonus targets), our 2015 Adjusted EBITDA would have been \$392 million.

In February 2016, based on management’s recommendations and the Compensation Committee’s own review, deliberation and determination of achievement of the corporate objectives and milestones listed above, along with determination of the named executive officers individual contributions toward meeting those objectives and milestones described above, the Compensation Committee approved cash bonus awards for our named executive officers as follows, which were paid in March 2016:

Named Executive Officer	2015 Awarded Performance Bonus	Approximate Percentage
-------------------------	--------------------------------	------------------------

		of 2015 Target Bonus Awarded
Timothy P. Walbert	\$ 1,532,350	161.3%
Robert F. Carey	\$ 403,250	161.3%
Paul W. Hoelscher	\$ 403,250	161.3%
John J. Kody*	\$ 213,500	100.0%
George P. Hampton	\$ 362,925	161.3%

\*Mr. Kody was eligible to receive his 2015 performance bonus award at target level as part of his severance benefits under the terms of his employment agreement.

#### Long-Term Incentive Compensation

Cash Long-Term Incentive Program. In November 2014, we adopted our Cash LTIP, which is intended to provide significant economic incentives for our executive team to create significant long-term shareholder value by tying the program payout levels to our applicable level of TSR over the designated performance period of November 5, 2014 through May 6, 2015 and to also require a minimum level of TSR over a three-year period ending on November 5, 2017 as a general condition to payment of any amounts under the Cash LTIP. For such purposes, TSR means the percentage change in the price of the Company's ordinary shares on a compounded annualized basis plus the dollar value of dividends and distributions made or declared, divided by the closing price of the Company's ordinary shares on the record date of the dividends and distributions.

Each of our named executive officers other than Mr. Hampton was designated as a participant in the Cash LTIP. To earn a Cash LTIP bonus, the named executive officer must remain employed by us through November 4, 2017 unless the earlier departure from

## COMPENSATION DISCUSSION AND ANALYSIS

employment is due to death, disability, termination without cause or a change in control transaction. Bonus payments under the Cash LTIP, if any, will be made after November 4, 2017 unless a change in control occurs prior to such date.

Participants in the Cash LTIP are eligible for a specified cash bonus, the amount of which bonus was determined by whether our total compounded annualized TSR for the period from November 5, 2014 through May 6, 2015 was greater than or equal to a specified threshold ranging between 15% and 60%, calculated using the 20-trading-day volume weighted average trading price of our ordinary shares (“20-day VWAP”), on each of November 5, 2014 and May 6, 2015. However, the Cash LTIP bonus will be earned and payable only if the TSR for the period from November 5, 2014 to November 4, 2017 is greater than 15%. The TSR for the period from November 5, 2014 to November 4, 2017 will be calculated using the 20-day VWAP on each of November 5, 2014 and November 4, 2017. The 20-day VWAP on November 5, 2014 was \$12.08. Therefore, if the 20-day VWAP as of November 4, 2017 is less than or equal to \$18.37, the TSR for the period from November 5, 2014 to November 4, 2017 would not be greater than 15%, and no bonuses would be paid under the Cash LTIP. The ordinary share price thresholds above do not take into account possible dividends during the measurement period.

Our 20-day VWAP as of May 6, 2015 was \$29.69, which resulted in an annualized TSR from November 5, 2014 through May 6, 2015 greater than 60% (a 20-day VWAP as of May 6, 2015 of \$15.28 would equate to annualized TSR of 60%), resulting in an eligible total bonus pool value of approximately \$16.5 million as of May 6, 2015. The applicable potential payout levels to our named executive officers under the Cash LTIP are as follows:

Named Executive Officer	Potential Cash LTIP Bonus
Timothy P. Walbert	\$4,541,000
Robert F. Carey	\$1,566,000
Paul W. Hoelscher	\$1,566,000
John J. Kody*	\$1,566,000
George Hampton	n/a

\*Mr. Kody remains eligible to receive his potential Cash LTIP bonus under the terms of the Cash LTIP although he was terminated on January 8, 2016.

2015 Equity Incentives. In March 2015, the Compensation Committee granted stock options and RSUs subject to time-based vesting (the “Time-Based Grants”) and PSUs to our named executive officers (“March 2015 Equity Awards”). The Compensation Committee granted the March 2015 Equity Awards in order to recognize the outstanding stock performance and significant value delivered to shareholders over the past several years, and more recently since the Vidara transaction, as well as to provide incentives going forward that continue to align our executive and shareholder interests. The Time-Based Grants and PSUs were up-front grants intended to cover the next three years of equity grants for the executive team. The Time-Based Grants also recognized the fact that, due to management’s low ownership relative to our peer group, management has not had the opportunity to share in the value created to date consistent with competitive market practice.

The Compensation Committee considered that, as of March 2015, the Company's performance had been outstanding, with significant returns delivered to shareholders over time, specifically:

• 72% stock price appreciation year-to-date in 2015 through March 23, 2015.

• 79% stock price appreciation since the close of the Vidara transaction.

• 850% total stock price appreciation since January 1, 2013, or approximately 160% compound annual stock price appreciation.

## COMPENSATION DISCUSSION AND ANALYSIS

At the same time, prior to March 2015, the executive team's ownership was generally below the 25<sup>th</sup> percentile of the peer group and, in case of the Chief Executive Officer, was significantly below the 25<sup>th</sup> percentile, and therefore executives had not had the full opportunity to share in the value delivered to shareholders.

(3) Data is not available for the comparable management role at peer companies.

(4) Mr. Hampton was not included in this analysis as he did not join the company until April 2015.

The compensation committee approved the March 2015 Equity Awards to our executives, to achieve the following objectives:

• Set executive officers' ownership at more market-competitive levels, reward for performance achieved to date and continue to align executives with future value creation through time-vested equity grants in a combination of stock options and RSUs. See "Time-Based Equity Grants" below for further discussion.

• Provide executives an additional performance-based equity opportunity tied to delivering future total shareholder returns over the next three years at levels above expected market rates of return through a grant of PSUs. See "Performance Share Unit Awards" below for further discussion.

**Time-Based Equity Grants.** The following table reflects the number of stock options and RSUs subject to the Time-Based Grants. These grant amounts were set to provide our named executive officers with more competitive ownership levels, using the 50<sup>th</sup> percentile of our peer group as a reference point. Except for a portion of Mr. Walbert's stock option, which were granted contingent upon shareholder approval of the 2014 Plan at the 2015 Annual General Meeting, and Mr. Hampton's stock option grants, all the stock options were granted effective March 23, 2015 and have an exercise price per share of \$22.14, which was the closing share price on the grant date. Mr. Walbert's stock options were granted effective March 23, 2015 with respect to 1,050,000 shares subject to the option and, because of the Section 162(m) limits on annual grants of options contained in the 2014 Plan, 1,650,000 shares subject to the option were granted effective May 6, 2015, upon shareholder approval of the 2014 Plan, and have an exercise price of \$28.53, which was the closing share price on May 6, 2015. Subject to continued service, the stock options vest 25%

on the first anniversary of the date of grant and thereafter in 36 equal monthly installments and the RSUs vest in four equal annual installments commencing on the first anniversary of the date of grant.

In April and May 2015, as an inducement to his commencement of employment as our Group Vice President, General Manager, International Operations and as part of his new-hire compensation package, Mr. Hampton was granted stock options with respect to 37,000 ordinary shares and RSUs with respect to 28,000 ordinary shares. In connection with his promotion to Executive Vice President, Orphan Business Unit and International Operations in August 2015, Mr. Hampton also received grants of an additional 200,000 stock options and an additional 75,000 RSUs to reflect his increased responsibilities and so that his total equity award levels would be consistent with those provided to our other Executive Vice Presidents. All of Mr. Hampton's stock options have an exercise price equal to the closing share price on the grant date. Subject to continued service, Mr. Hampton's stock options vest 25% on the first anniversary of the date of grant and thereafter in 36 equal monthly installments and the RSUs vest in four equal annual installments commencing on the first anniversary of the date of grant.

(4) Based on 173,224,725 Diluted OSO, which includes the 172,819,725 Diluted OSO as of March 23, 2015 plus Mr. Hampton's grants of 405,000 shares during 2015.

Performance Share Unit Awards. In order to further align our leadership team with delivering outstanding returns to shareholders, in March 2015 the Compensation Committee granted PSUs to our leadership team members, which is a group of approximately 40 employees who serve at the chief executive officer, executive vice president, senior vice president, group vice president and vice president levels, including our named executive officers. The PSUs are intended to provide significant economic incentives for our leadership team to create significant long-term shareholder value by tying the PSU vesting levels to significant total shareholder return hurdles over a three-year performance period commencing March 23, 2015. Specifically, the TSR during the three-year performance period starting on March 23, 2015 must be at least 15% compounded annually (implied 20-day VWAP) of at least \$32.70 on March 22, 2018) in order for any portion of the PSUs to vest and must be at least 60% compounded annually (implied 20-day VWAP of at least \$88.06 on March 22, 2018) for the maximum amount of PSUs to vest, as shown in the table below.

TSR will be measured using a base price of \$21.50, which is equal to the 20-day VWAP ending on March 23, 2015, the date of grant. TSR will be measured through three separate ending measurement dates occurring on December 22, 2017, March 22, 2018, and June 22, 2018. One-third of the target PSU will be measured at each measurement date and the PSU vesting level will be determined pursuant to the schedule below based on the compound annual TSR from March 23, 2015 through the applicable measurement date. To the extent that the compound annual TSR falls between the levels shown on the chart below, straight-line interpolation will be applied to determine the number of PSUs to vest. If the compound annual TSR falls below the 15% threshold hurdle as determined on each of the measurement dates, and no earlier change in control has occurred prior to such measurement dates, the PSUs measured on those dates will be forfeited in their entirety. For purposes of measurement of the PSUs, TSR means the percentage change in the price of the Company's ordinary shares on a compounded annualized basis, plus the value of reinvested dividends.

The implied future 20-day VWAP to achieve the TSR performance hurdles are shown in the table below:

	Implied 20-day VWAP	Implied Total Market Value	
Three-Year Compound Annual TSR	on March 22, 2018	(Assuming 165.4 million Diluted OSO)	PSU Payout as a Multiple of Target Award
Less than 15%	(Assuming No Dividends) Less than \$32.70	Less than \$5.4 billion	No award earned
15%	\$32.70	\$5.4 billion	(all PSUs cancelled) 1X Target Award
30%	\$47.24	\$7.8 billion	2X Target Award
45%	\$65.55	\$10.8 billion	3X Target Award
60% or greater	Greater than or equal to \$88.06	\$14.6 billion	4X Target Award

In determining the PSU levels granted to our executive officers, the compensation committee considered the overall increase in our total market value that would be necessary to achieve the applicable PSU vesting levels and amounts that would be sufficient to reward our executive officers for exerting extraordinary efforts to increase our value. For example, in order for the maximum PSUs to vest, our total shareholder return from March 23, 2015 to March 22, 2018 would have to equal at least 60% (implied 20-day VWAP of \$88.06 on March 22, 2018), resulting in an overall increase in our value of approximately \$10.9 billion during such period

## COMPENSATION DISCUSSION AND ANALYSIS

(based on a 20-day VWAP of \$21.50 on March 23, 2015 and assuming no change in Diluted OSO). As a further illustration of the extraordinary results that would have to be achieved in order for the PSUs to vest, during each three-year period within the span of 2004 through 2015, among biopharmaceutical companies with market capitalizations greater than \$2.0 billion, in over 71% of the total measurements, the compound annual TSR was below 15%, which would have resulted in zero vesting under the Company's PSU program. Of the same measurements, only 1.3% had a compound annual TSR of 60% or higher, which is the threshold for the full value of the Company's PSUs to be delivered. The compensation committee determined that such compensation levels would be appropriate for our executive officers in the event that we meet these aggressive performance goals. The PSU levels and resulting pro forma ownership for each of our named executive officers are as follows:

Mr. Kody retains the rights to the following amount of PSUs subject to attainment of the applicable TSR level: 58,250 PSUs at 15% TSR, 116,500 PSUs at 30% TSR, 174,750 PSUs at 45% TSR and 233,000 PSUs at 60% TSR.

## COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee determined that the PSUs are aligned with shareholder interests and support a strong pay-for-performance orientation. The design of the PSUs, with aggressive TSR hurdles (15% minimum and 60% max), strongly aligns management with continuing to deliver outstanding returns to shareholders over the next three years. If these aggressive TSR hurdles are met, the increase in our share price will deliver a significant increase in our total shareholder value as shown in the following table:

Additionally, in order for any portion of the PSUs granted under the program to vest, the grantee must remain employed by us through March 22, 2018 unless the earlier departure from employment is due to death, disability, termination without cause or a change in control transaction. In the event of a termination without cause or good reason resignation prior to the end of the performance period, the grantee is still eligible to vest in a pro-rated portion of the award based on the number of months the grantee was employed during the performance period, still subject to the attainment of the TSR levels during the full performance period. In the event of a termination for any reason other than death, disability, termination without cause, good reason resignation or termination in connection with a change in control transaction that occurs prior to the end of the performance period, the grantee will forfeit all PSUs.

If a change in control of Horizon occurs during the performance period, then the portion of the PSUs that may be earned will be calculated based on the level of annualized TSR attained through the date of the change in control. In order for the PSUs to vest and be earned following any change in control, the grantee will still be generally required to remain employed by us or our successor through March 22, 2018 unless the earlier departure from employment is due to (i) death, (ii) disability, or (iii) termination without cause or a good reason resignation.

To further align executives' interests with those of shareholders and to discourage excessive risk-taking, to the extent that the PSUs granted to our executive officers vest, any vested shares will be subject to an additional two-year holding requirement. Specifically, shares will be issued in settlement of 50% of the vested PSUs on March 22, 2019 (one year following vesting) and for the remaining 50% on March 22, 2020 (two years following vesting). However, the vested PSUs will be issued immediately in the event

of the named executive officer's death or disability or upon a change in control of Horizon which occurs prior to such scheduled issuance dates.

## Realized Pay to Date from March 2015 Equity Awards

As of March 23, 2016, no value has been realized by any of the named executive officers with respect to any PSUs and our named executive officers have realized the following amounts of value from their 2015 stock option and RSUs Time-Based Grants, calculated based on the value of those awards as of the applicable vesting date. There is no assurance that the named executive officers will actually realize this value because the ultimate value of the stock options will depend on when the stock options are exercised and the underlying shares are sold and the ultimate value of the RSUs will depend on when the released shares are sold.

(2) Under the terms of the 2014 Plan and Mr. Kody's employment agreement, as a result of his termination of employment on January 8, 2016, all of the Time-Based Grants made to Mr. Kody were cancelled without any value realized.

(3) None of Mr. Hampton's Time-Based Grants have vested as of March 23, 2016.

## Discretionary Bonus

In February 2016, the Compensation Committee approved discretionary bonuses, which were paid in March 2016, to the following named executive officers: \$67,650 for Timothy P. Walbert<sup>(1)</sup> and \$46,750 for Robert F. Carey<sup>(2)</sup> and Paul W. Hoelscher<sup>(3)</sup>, respectively.

(1) Mr. Walbert's discretionary bonus was awarded due to his individual contributions in leading the organization through a transformational year and continuing to build a strong executive team.

(2) Mr. Carey's discretionary bonus was awarded due to his contributions in leading the investor relations function on an interim basis and securing significant financing at significantly lower interest cost to the company.

(3) Mr. Hoelscher's discretionary bonus was awarded due to his individual contributions in building the finance organization, successfully raising \$1.75 billion in capital at significantly lower interest costs to the company and integrating acquisitions seamlessly.

## Severance Benefits

Our named executive officers are entitled to certain severance benefits. We believe these severance benefits are in line with those provided by our peer group and are an essential element of our overall executive compensation package and assist us in recruiting and retaining talented individuals and aligning the executives' interests with the best interests of the shareholders.

Our named executive officers each have severance benefit protection under the terms of their employment agreements which provide for up to 12 months' base salary and COBRA health insurance premiums plus the amount of any earned but unpaid bonus for a prior completed performance period in the event of an involuntary or constructive termination. Mr. Walbert is also entitled to receive his target annual bonus amount in the event of his involuntary termination. In the event of an involuntary or constructive termination in connection with a change in control, Mr. Walbert has severance benefit protection under the terms of his employment agreement which provides for up to 24 months' base salary, two years of target bonus and 12 months COBRA health insurance premiums, and each of our other named executive officers has severance benefit protection under the terms of his employment agreement which provides for up to 12 months' base salary, one year of target bonus and 12 months COBRA health insurance premiums. In addition, stock option and other equity awards are subject to acceleration under the terms of their employment agreements in the event of a qualifying termination within 90 days prior to or within 18 months following a change in control. Each of our named executive officers must enter into a non-competition agreement that is to be effective during the period that the severance benefits are payable.

Severance benefits to our executives are generally payable only if the executive's employment is involuntarily terminated without cause or constructively terminated under certain circumstances. The Compensation Committee believes that these benefits are an important element of the named executive officers' retention and motivation and are consistent with compensation

## COMPENSATION DISCUSSION AND ANALYSIS

arrangements provided in a competitive market for executive talent, and that the benefits of such severance rights agreements, including generally requiring a release of claims against us as a condition to receiving any severance benefits are in our best interests. The severance benefits are also intended to eliminate, or at least reduce, the reluctance of our executive officers to diligently consider and pursue potential change of control transactions that may be in the best interests of our shareholders.

### Deferred Compensation Plan

In February 2015, our Compensation Committee approved the Deferred Compensation Plan, which allows eligible executives, including our named executive officers (“Participants”), to defer receipt of their salary and/or annual performance bonuses into bookkeeping accounts until distribution on a future date elected by the Participant with the associated income tax consequences also being deferred until the time of distribution. The Deferred Compensation Plan is also intended to allow the Participants to defer income tax consequences associated with the receipt of their compensation without being subject to the deferral contribution limits of our 401(k) Plan. The Deferred Compensation Plan is an additional component of our executive compensation program and provides additional tax and financial planning flexibility for Participants.

The Deferred Compensation Plan permits deferral of compensation into bookkeeping accounts until a specified date or termination of service, as elected by the Participant at the time of deferral, and permits the Participants to select from a range of phantom investment alternatives that mirror the gains and losses of several different investment alternatives. Additionally, under the terms of the Deferred Compensation Plan, we have the discretion to credit Participant accounts with additional matching contributions.

For 2015, we made matching contributions with respect to 50% of the first 6% of deferrals, which is the same general matching contribution formula that we use for our 401(k) Plan, but not restricted by the compensation limits applicable to our 401(k) Plan. We fund the expenses for administering the Deferred Compensation Plan. Participants have our unsecured contractual commitment to pay the amount due under the Deferred Compensation Plan, which remains subject to the claims of our general creditors. We established a “rabbi trust” that holds Deferred Compensation Plan contributions and any credited earnings. The Deferred Compensation Plan is unfunded for tax purposes and for purposes of Title I of ERISA. Accordingly, amounts held in the rabbi trust are unsecured and remain subject to claims of our general creditors in the event of our insolvency in order to avoid current income taxation to the Participants.

### Other Compensation

All of our executive officers are eligible to receive our standard employee benefits, such as our 401(k) Plan, medical, dental, vision coverage, short-term disability insurance, long-term disability insurance, group life insurance and the 2014 Employee Stock Purchase Plan, in each case on the same basis as our other employees. We also reimburse our executives, including our named executive officers, up to \$15,000 of personal financial planning services incurred annually. We believe that financial planning by experts reduces the time our executives spend on that topic and assists our executives in making the most of the financial rewards received from the company. The Compensation Committee periodically reviews the levels of benefits provided to executive officers to ensure they remain reasonable and consistent with its compensation philosophy.

### Timing of Equity Awards

Grants of equity awards to our executive officers are generally determined and approved at our pre-scheduled Compensation Committee meetings whenever practicable. However, the Compensation Committee may otherwise

approve the grant of equity awards in advance of its next scheduled meeting in connection with a new hire, promotion, and other circumstances where the Compensation Committee deems it appropriate to make such grants. All stock options are granted with an exercise price that is not less than the closing price of our common stock on The NASDAQ Global Select Market on the grant date. It is our policy not to purposely accelerate or delay the public release of material information in consideration of a pending equity grant to allow the grantee to benefit from a more favorable stock price. We recognize that a release of information by the Company in close proximity to an equity grant may appear to be an effort to time the announcement to a grantee's benefit (even if no such benefit was intended). Accordingly, it is our policy that our management team makes a good faith effort to advise the Compensation Committee whenever it is aware that material non-public information is planned to be released to the public in close proximity to the grant of equity awards.

## COMPENSATION DISCUSSION AND ANALYSIS

### Clawback Policy

As a public company, if we are required to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws as a result of misconduct, the Chief Executive Officer and Chief Financial Officer may be legally required to reimburse our company for any bonus or other incentive-based or equity-based compensation they receive in accordance with the provisions of section 304 of the Sarbanes-Oxley Act of 2002. Additionally, we intend to implement a Dodd-Frank Wall Street Reform and Consumer Protection Act-compliant clawback policy promptly after its clawback requirements are more clearly defined by the SEC.

### Risk Analysis

The Compensation Committee has reviewed our compensation policies as generally applicable to our employees and believes that our policies do not encourage excessive and unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on us. The design of our compensation policies and programs encourages our employees to remain focused on both our short- and long-term goals. For example, while our annual cash incentive plan measures performance on an annual basis, our equity awards typically vest over a number of years and our Cash LTIP and PSUs require that we achieve a specified level of TSR over a three-year period which we believe encourages our employees to focus on sustained potential stock price appreciation, thus limiting the potential value of excessive risk-taking.

### Accounting and Tax Considerations

We account for share-based awards exchanged for employee services in accordance with the Compensation–Stock Compensation topic of the Financial Accounting Standards Board Accounting Standards Codification. In accordance with the topic, we are required to estimate and record an expense for each award of equity compensation over the vesting period of the award. Accounting rules also require us to record cash compensation as an expense over the period during which it is earned.

Section 162(m) of the IRC, limits our deduction for federal income tax purposes to not more than \$1 million of compensation paid to certain executive officers in a calendar year. Compensation above \$1 million may be deducted if it is “performance-based compensation.” To maintain flexibility in compensating our executive officers in a manner designed to promote our objectives, the Compensation Committee has not adopted a policy that requires all compensation to be deductible. However, the Compensation Committee intends to evaluate the effects of the compensation limits of Section 162(m) on any compensation it proposes to grant, and the Compensation Committee intends to provide future compensation in a manner consistent with our best interests and those of our shareholders.

(1) Amounts shown in this column do not reflect actual compensation received by our named executive officers. The amounts reflect the grant date fair value of the awards and are calculated in accordance with the provisions of FASB Accounting Standards Codification Topic 718 Compensation—Stock Compensation, or ASC Topic 718. Assumptions used in the calculation of these awards are included in Note 20 “Equity Incentive Plans” in the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2015. These amounts do not necessarily correspond to the actual value recognized or that may be recognized by the named executive officers.

The 2015 Option Awards and Stock Awards consisted of the March 2015 Equity Awards (Time-Based Grants and PSUs) and were up-front grants intended to cover the next three years of equity grants for the executive team; the Company does not anticipate any other equity grants will be made to executive officers during the three-year PSU measurement period.

(2) As applicable, reflects amounts earned in fiscal years 2015, 2014 and 2013 and paid in March 2016, March 2015 and January 2014, respectively, pursuant to our annual cash incentive compensation plan in effect for such fiscal year. For further information please see our Compensation Discussion and Analysis above.

## EXECUTIVE COMPENSATION

- (5) Includes PSUs granted in 2015. The maximum potential payout values to our named executive officers under the PSUs are not determinable because such maximum potential value is dependent upon the future value of our stock. The following amounts are the payout as calculated based on the attainment of the 60% TSR level during the three-year performance period, with a resulting share price of \$88.06 on March 22, 2018: \$237,762,000 for Mr. Walbert, \$82,071,920 for each of Messrs. Carey, Hoelscher and Hampton, and \$20,517,980 for Mr. Kody, who remains eligible to receive a pro-rata portion (one-fourth) of his maximum potential PSU based on the nine full months he was employed during the three-year, or thirty-six month, performance period. The actual PSU value realized may be significantly higher or lower than the foregoing amounts calculated.
- (6) Represents an additional discretionary bonus approved by the Compensation Committee in February 2015 and paid in March 2015.
- (7) Represents Mr. Carey's relocation bonus which was provided to Mr. Carey in order to compensate him for the costs of relocating his residence to the Chicago, Illinois area.

(1) Amounts shown in this column do not reflect dollar amounts actually received by our named executive officers. Instead, these amounts reflect the grant date fair value of such awards and are calculated in accordance with the provisions of ASC Topic 718. Assumptions used in the calculation of these amounts and further information on our

RSUs are included in Note 20 “Equity Incentive Plans” in the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2015. These amounts do not necessarily correspond to the actual value recognized or that may be recognized by the named executive officers.

- (2) Mr. Walbert’s target bonus for 2015 was \$950,000, or 100% of his final 2015 base salary. In February 2016, the Compensation Committee approved Mr. Walbert’s bonus in the amount of \$1,532,350, or 161.3% of his target bonus, which was paid in March 2016.
- (3) 1/4th of the shares subject to the stock option vest one year after the vesting commencement date, which is the same date as the grant date, and the remaining shares vest in 36 equal monthly installments thereafter.
- (4) The RSUs vest in four equal annual installments following the grant date.
- (5) Each PSU represents a contingent right to receive ordinary shares, based on the Company’s level of total shareholder return, as measured on December 22, 2017, March 22, 2018 and June 22, 2018 or based on the level of total shareholder return through any earlier change in control as further described above in “Compensation Discussion and Analysis - Elements of Executive Compensation - Long-Term Incentive Compensation - Performance Share Unit Awards.” For such purposes, total shareholder return means the percentage change in the price of the Company’s ordinary shares on a compounded annual basis, plus the value of reinvested dividends. The number of shares issued may range from zero (0) shares to the total number of PSUs granted (i.e. the maximum number of shares issuable). As of December 31, 2015, no value has been realized by any of the named executive officers with respect to any PSUs.
- (6) Mr. Carey’s and Mr. Hoelscher’s target bonuses for 2015 were \$250,000, or 50% of their respective final 2015 base salaries. Mr. Hampton’s target bonus for 2015 was \$225,000, or 50% of his annualized base salary for 2015. In February 2016, the Compensation Committee approved Mr. Carey’s and Mr. Hoelscher’s bonus, each in the amount of \$403,250, or 161.3% of their respective target bonuses, and Mr. Hampton’s bonus in the amount of \$362,925, or 161.3% of Mr. Hampton’s target bonus, each of which was paid in March 2016.
- (7) Mr. Kody’s target bonus for 2015 was \$213,500, or 50% of his base salary for 2015. On January 8, 2016, the Chief Commercial Officer role was eliminated and Mr. Kody’s employment terminated. Mr. Kody was eligible to receive his target 2015 performance bonus award as part of his severance benefits under the terms of his employment agreement. In February 2016, the Compensation Committee approved Mr. Kody’s bonus in the amount of \$213,500, or 100% of Mr. Kody’s target bonus, which was paid in March 2016.

## Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Agreements. Each of our named executive officers has entered into a written employment agreement with us that provides for payment of base salary, target annual cash incentive compensation, eligibility for employee benefit programs, potential severance benefits, and in some cases, bonus compensation provided as an inducement to commencement of employment. For further information regarding the base salaries, bonuses and incentive compensation payable to our named executive officers and their eligibility for our employee benefit programs, please see our Compensation Discussion and Analysis above. For further information regarding the severance benefits provided under the employment agreements, please see “Potential Payments Upon Termination or Change in Control” below.

Equity Awards. We have granted equity awards to our named executive officers under our 2011 Equity Incentive Plan, which is referred to in this Proxy Statement as the “2011 Plan,” and our 2014 Plan. For further information regarding such equity awards, including the vesting schedules, please see the Grants of Plan-Based Awards table and related footnotes above and “2015 Equity Incentives” in our Compensation Discussion and Analysis above. Additionally, the SEC rules require that the grant date fair value of all PSUs, stock options and RSUs be reported in the Summary Compensation Table for the year that they were granted. As a result, a significant portion of the total 2015 compensation amounts reported in the Summary Compensation Table relate to PSUs, stock options and RSUs granted during 2015 that have not vested and for which the value is therefore uncertain (and which may end up

having no value at all). For example, as further described above in “Compensation Discussion and Analysis – Elements of Executive Compensation – Long-Term Incentive Compensation – Performance Share Unit Awards”, if our stock price doesn’t trade above the range of \$31.58 to \$33.86 in the period from December 2017 through June 2018, representing a minimum three-year TSR of 15%, then the PSUs will expire with \$0 realized value.

**Option Repricings.** We did not engage in any repricings or other modifications to any of our named executive officers’ outstanding equity awards during the year ended December 31, 2015.

**Salary and Bonus Compared to Total Compensation.** The ratio of salary and bonus, which includes annual incentive bonus, signing bonus and retention bonus, to total compensation in 2015 (each as set forth in the Summary Compensation Table above) is set forth below for each named executive officer.

• Timothy P. Walbert, 2.6%

• Robert F. Carey, 4.8%

- Paul W.  
Hoelscher, 4.8%

• John J. Kody, 3.4%

• George P. Hampton, 2.8%

However, we believe that the Realized Pay Table set forth on page 27 of this Proxy Statement more accurately reflects the relationship between 2015 salary and bonus to total actual 2015 compensation for our named executive officers.

The Compensation Committee may elect to adopt qualified or nonqualified defined benefit plans in the future if it determines that doing so is in our best interests.

#### Nonqualified Deferred Compensation

In February 2015, the Compensation Committee adopted the Deferred Compensation Plan, which became effective on April 1, 2015. Pursuant to the Deferred Compensation Plan, Participants may elect to defer receipt of their salary and incentive cash compensation. For 2015, we made matching contributions with respect to 50% of the first 6% of deferrals, which is the same general matching contribution formula that we use for our 401(k) Plan, but not restricted by the compensation limits applicable to our 401(k) Plan. Matching contributions generally vest in equal annual installments over a five-year period measured from the Participant's original hire date.

Payments under the Deferred Compensation Plan will be distributed in the form of a lump sum payment or in up to 20 annual installments upon the Participant's termination of service and five annual installments upon a selected specified distribution date or dates, depending upon, if applicable, the election made by the Participant at the time of deferral. However, if a Participant's service with us terminates prior to the selected distribution date or dates, payments will commence in connection with the termination of service. Payments triggered upon a termination of service will generally commence in January of the calendar year that follows the

termination of service. In the event of a change in control of Horizon, all plan balances will generally become immediately payable within 90 days thereafter. Any payments made to specified employees that commence upon a separation from service will be delayed six months in accordance with the requirements of Section 409A of the IRC. In addition, plan participants may be entitled to receive payments through certain unforeseeable emergency withdrawals. Payments scheduled to be made under the Deferred Compensation Plan may be otherwise delayed or accelerated only upon the occurrence of certain specified events that comply with the requirements of Section 409A of the IRC. No withdrawals or distributions were taken from the Deferred Compensation Plan during 2015.

The following table sets forth certain information regarding the participation of our named executive officers in the Deferred Compensation Plan for the fiscal year ended December 31, 2015.

Executive	Executive Contributions (1)	Company Contributions (2)	Aggregate Earnings/ (Losses) (3)	Aggregate Balance at December 31, 2015

(1) All Executive contributions are included in the “Salary” column of the of the 2015 Summary Compensation Table.

(2) All Company matching contributions shown are included in the “All Other Compensation” column of the 2015 Summary Compensation Table.

(3) The losses reflected in this column represent deemed investment losses from voluntary deferrals and Company contributions, as applicable. The Deferred Compensation Plan does not guarantee a return on deferred amounts. No amounts included in this column are reported in the 2015 Summary Compensation Table because the Deferred Compensation Plan does not provide for above-market or preferential earnings.

#### Potential Payments Upon Termination or Change in Control

In January 2014, we entered into an amendment to the amended and restated employment agreement with Mr. Walbert, our President and Chief Executive Officer, that provides if we terminate Mr. Walbert without cause or if Mr. Walbert resigns for good reason other than in connection with a change in control, he will be entitled to (1) be compensated at his then annual base salary for 12 months from the date of his termination, (2) receive his target bonus in effect at the time of termination or, if none, his last target bonus, (3) receive COBRA health insurance premiums for up to 12 months from the date of his termination, and (4) receive any earned but unpaid discretionary bonus for any prior performance period, if applicable. If Mr. Walbert is terminated without cause or if Mr. Walbert resigns for good reason within 90 days prior to or within 18 months following a change in control, 100% of the shares subject to options and restricted stock awards granted to Mr. Walbert will fully vest as of the termination date, and Mr. Walbert will be entitled to (1) be compensated at his then annual base salary for two years from the date of his termination, (2) receive two times his target bonus in effect at the time of termination or, if none, two times his last target bonus, (3) receive COBRA health insurance premiums for up to 12 months from the date of his termination and (4) receive any earned but unpaid discretionary bonus for any prior performance period, if applicable. In the event of termination

due to Mr. Walbert's death or complete disability, he and/or his heirs shall be eligible to receive a pro-rated bonus for the year in which such termination occurs, as determined by the Board of Directors or Compensation Committee based on actual performance, and any earned but unpaid discretionary bonus for any prior performance period, if applicable.

In March 2014, we entered into an employment agreement with Mr. Carey, our Executive Vice President, Chief Business Officer, that provides if we terminate Mr. Carey without cause or if Mr. Carey resigns for good reason other than in connection with a change in control, he will be entitled to be compensated at his then annual base salary for 12 months from the date of his termination, COBRA health insurance premiums for up to 12 months from the date of his termination, and any earned but unpaid discretionary bonus for any prior performance period. If Mr. Carey is terminated without cause or resigns for good reason within 90 days prior to or within 18 months following a change in control, 100% of the shares subject to options and restricted stock awards granted to Mr. Carey will fully vest as of the termination date, and Mr. Carey will be entitled to (1) be compensated at his then annual base salary for 12 months from the date of his termination, (2) receive his target bonus in effect at the time of termination or, if none, his last target bonus, (3) receive COBRA health insurance premiums for up to 12 months from the date of his termination, and (4) received any earned but unpaid discretionary bonus for any prior performance period, if applicable. In the event of termination due to Mr. Carey's death or complete disability, he and/or his heirs shall be eligible to receive a pro-rated bonus for the

year in which such termination occurs, as determined by the Board of Directors or Compensation Committee based on actual performance, and any earned but unpaid discretionary bonus for any prior performance period, if applicable.

In June 2014, November 2014 and August 2015 we entered into employment agreements with Messrs. Hoelscher, Kody and Hampton, respectively, that provides each of them with severance benefits on the same terms and conditions as provided in Mr. Carey's employment agreement as described above.

The following key terms are defined in the employment agreements as follows:

• Cause is generally defined as gross negligence or willful failure to substantially perform duties and responsibilities to us or willful and deliberate violation of any of our policies; conviction of a felony involving commission of any act of fraud, embezzlement or dishonesty against us or involving moral turpitude; the unauthorized use or disclosure of any of our proprietary information or trade secrets and willful and deliberate breach of the executive's obligations under the employment agreement that cause material injury to us.

• Resignation for good reason is generally defined as a material reduction in duties, authority or responsibilities; the relocation of the place of employment by more than 50 miles; or a material reduction of salary or annual target bonus opportunity.

• A change in control is defined generally as (1) the sale of all or substantially all of our assets; (2) a merger or consolidation in which we are not the surviving entity and in which the holders of our outstanding voting stock immediately prior to such transaction own less than 50% of the voting power of the entity surviving the transaction or, where the surviving entity is a wholly-owned subsidiary of another entity, the surviving entity's parent; (3) a reverse merger in which we are the surviving entity but the ordinary shares outstanding prior to the merger are converted into other property and in which the holders of our voting stock immediately prior to such transaction own less than 50% of the voting power of our stock, or where we are a wholly-owned subsidiary of another entity, of our parent; or (4) an acquisition by any person, entity or group of beneficial ownership of at least 75% of the combined voting power entitled to vote in an election of our directors.

On January 8, 2016 the Chief Commercial Officer role was eliminated and Mr. Kody's employment terminated. See footnote (5) in the table set forth under the heading "Sections 280G and 4999" below for Mr. Kody's severance payment details.

Releases. All termination-based payments (other than due to death or complete disability) provided to our named executive officers pursuant to their employment agreements are contingent upon (1) the executive's execution of a standard release of claims in our favor and (2) the executive's entering into a non-competition agreement to be effective during the period during which the executive receives severance benefits.

Sections 280G and 4999. Any payment or benefit provided under our named executive officers' employment agreements or otherwise in connection with a change in control may be subject to an excise tax under Section 4999 of the IRC. These payments also may not be eligible for a company tax deduction pursuant to Section 280G of the IRC. If any of these payments or benefits are subject to the excise tax, they may be reduced to provide the individual with the best after-tax result. Specifically, the individual will receive either a reduced amount so that the excise tax is not triggered, or the individual will receive the full amount of the payments and benefits and then be liable for any excise tax.

The following table sets forth potential payments payable to our named executive officers upon a termination of employment without cause or resignation for good reason or termination of employment without cause or resignation for good reason in connection with a change in control. Except as set forth below, the table below reflects amounts payable to our named executive officers assuming their employment was terminated on December 31, 2015 and, if

applicable, a change in control also occurred on such date:

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

### Policies and Procedures for Transactions with Related Persons

We maintain a written Related-Person Transactions Policy that sets forth our policies and procedures regarding the identification, review, consideration, approval and oversight of “related-person transactions.” For purposes of our policy only, a “related-person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants and a related person has a direct or indirect material interest. Transactions involving compensation for services provided to the Company as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A “related person” is any executive officer, director or nominee to become director, a holder of more than 5% of our ordinary shares, including any immediate family members of such persons, any entity owned or controlled by such persons or the trustees of any trust of which the principal beneficiaries are any of such persons. Any related-person transaction may only be consummated if our Audit Committee has approved or ratified the transaction in accordance with the policy guidelines set forth below.

The policy imposes an affirmative duty upon each director and executive officer to identify, and we will request that significant shareholders identify, any transaction involving them, their affiliates or family members that may be considered a related-person transaction before such person engages in the transaction. Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our Audit Committee (or, where review by our Audit Committee would be inappropriate, to another independent body of the Board of Directors) for review. The presentation must include a description of, among other things, the material facts, the direct and indirect interests of the related persons, the benefits of the transaction to us and whether any alternative transactions are available. In considering related-person transactions, our Audit Committee takes into account the relevant available facts and circumstances including, but not limited to:

- the risks, costs and benefits to the Company;
- the impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the terms of the transaction;
- the terms available to or from, as the case may be, unrelated third parties; and
- the availability of other sources for comparable services or products.

In the event a director has an interest in the proposed transaction, the director is expected to recuse himself or herself from the deliberations and approval process.

### Certain Related-Person Transactions

We describe below transactions and series of similar transactions, since the beginning of fiscal year 2015, with respect to which we were a party, will be a party, or otherwise benefited, in which:

- the amounts involved exceeded or will exceed \$120,000; and
- a director, executive officer, holder of more than 5% of our ordinary shares or any member of their immediate family had or will have a direct or indirect material interest.

We also describe below certain other transactions with our directors, executive officers and shareholders. We believe that the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, in arm’s-length transactions.

The rights of each person who is a party to an indemnification agreement are in addition to any other rights such person may have under our Memorandum and Articles of Association, the Irish Companies Act 2014, any other agreement, a vote of the shareholders of our company, a resolution of directors of our company or otherwise. We believe that these agreements are necessary to attract and retain qualified persons as our officers and directors. We also maintain directors’ and officers’ liability insurance.

Certain of our executive officers and directors have also entered into separate indemnification agreements with HPI prior to the Vidara Merger.

## PROPOSAL 2

### APPROVAL OF AN AMENDMENT TO OUR MEMORANDUM OF ASSOCIATION

The Companies Act 2014 (for the purpose of this Proposal 2 and Proposal 3, the “Act”), took effect on June 1, 2015. In addition to consolidating pre-existing company law in Ireland, comprised of over 30 enactments, a number of provisions of Irish company law have been altered and new provisions introduced.

Proposals 2 and 3 are being proposed in response to the enactment of the Act to take into account the consolidation and amendments of Irish company law made by the Act to ensure, in so far as practicable, the continued application of the current Memorandum and Articles of Association of the Company as intended and to make some “housekeeping” changes. The special resolution contained in Proposal 2 is being proposed in order to make the following minor amendments to the Memorandum of Association of the Company:

Paragraph 2 and 3(p) are being amended to update the statutory references in these paragraphs for consistency with the Act; and

- Paragraph 3(e) and 3(j) are being amended to correct some minor typographical errors.

A copy of the Memorandum of Association in its proposed amended form is available in the Investors section (see Corporate Governance subsection) on our website at [www.horizonpharma.com](http://www.horizonpharma.com) and will also be available for inspection at our registered office during business hours on any business day from the date of this Proxy Statement up to and including the date of the Annual General Meeting.

As this resolution is a special resolution, it will need to be approved by the affirmative vote of 75% or more of the votes cast in person or by proxy at the Annual General Meeting.

Accordingly, we are asking shareholders to approve the following resolution as a special resolution of the shareholders of the Company at the Annual General Meeting:

“RESOLVED, that the Memorandum of Association presented at the 2016 Annual General Meeting of Shareholders of Horizon Pharma Public Limited Company (the “Company”) be, and hereby are, approved and adopted as the new Memorandum of Association of the Company in substitution for, and to the exclusion of, the existing Memorandum of Association of the Company.”

## PROPOSAL 3

### APPROVAL OF AN AMENDMENT TO OUR ARTICLES OF ASSOCIATION

The purpose of Proposal 3 is to make certain amendments to the Company's Articles of Association in order to ensure that the changes to Irish company law effected by the Act will not have unintended effects on the application of the Company's Articles of Association. The Act adopts a new approach in regard to the articles of association of all Irish companies, including the Company, and introduces new terminology in this regard. Instead of providing, as the previous Irish Companies Acts had, for a model set of regulations that apply unless otherwise excluded by a company's articles, the Act includes optional statutory provisions which apply to regulate a company unless its constitutional documents provide otherwise.

The Company's current constitutional documents dis-apply the model set of articles under the previous Irish Companies Act and instead the Company adopted a tailored Memorandum and Articles of Association, the provisions of which regulate the Company today. Now that the Act is effective, the Company proposes to continue its existing approach of setting out the regulations governing the Company in its constitutional documents and, in order to ensure that these provisions continue to apply as intended, the Company is proposing to include a provision, set out in Article 1 of the amended Articles of Association, to dis-apply certain optional provisions introduced by the Act. This is in line with the Company's current approach under its existing Articles of Association and as such we believe this does not represent any material change.

In other words, the Company proposes to make administrative adjustments to its Articles of Association that continue the Company's existing approach in opting to be regulated by the tailored provisions set forth in its governance documents, rather than by defaulting to the statutory provisions.

A list of each of the optional provisions of the Act that it is proposed to dis-apply is set out below.

As the Act also includes new or amended provisions, it is also proposed to update certain Articles in light of these provisions to, so far as is practicable, preserve the status quo. We are also proposing to make some minor "housekeeping" amendments to the Articles of Association. Again, we do not consider any of the changes to these provisions to be material changes, rather the changes are intended to preserve the status quo of the Company's tailored governance structure. These changes are set out below.

As set out above, the proposed amendments to the Articles of Association described below are not considered to be material and are intended, so far as practicable, to preserve the application of the Company's current constitutional documents as adopted by the Company's shareholders. Therefore we are not asking the shareholders to vote separately on each amendment to the Articles of Association.

The following changes to the constitutional documents are proposed in light of the Act. The special resolution contained in Proposal 3 is proposed in order to make the following amendments to the Company's Articles of Association:

- Articles 4, 6, 10, 14, 15, 26, 31 (formerly 32), 65 (formerly 66), 68 (formerly 69), 72 (formerly 73), 73 (formerly 74), 89 (formerly 90), 96 (formerly 97), 116 (formerly 117), 125 (formerly 126), 149 (formerly 148), 185 (formerly 184), and 187 (formerly 186) contain references to Sections in the old companies' legislation. They are being amended so as to ensure that the statutory references are consistent with the Act.
- The Act adopts a new approach in regard to the constitutions of all companies. Instead of making provisions for a model set of articles of association as was done with Table A in the Companies Act 1963, the Act now contains specific Sections which apply to all companies unless the articles of association

specifically exclude them. As these provisions deal with matters which are already specified in the Articles of Association of the Company, it is necessary to include a new provision in the opening clause of the articles in order to dis-apply these optional Sections of the Act. A summary of each of the provisions which are therefore being specifically excluded by the new Article 1 is set out below:

- Sections 43(2) and (3) deal with the use of the common seal of the Company. These sub-sections are being dis-applied as the matter is already dealt with by Articles 157 and 158 (formerly 156 and 157).
- Section 66(4) deals with the allotment of redeemable shares. This section is being dis-applied as the matter is more substantively covered by Article 31 (formerly Article 32).
- Sections 77 to 81 deal with the making of calls in respect of unpaid amounts due on shares issued by the Company. These Sections are being dis-applied as the matter is already covered by Articles 42-49 (formerly 43 -50).
- Section 95 (1)(a) is being dis-applied as the directors' discretion to approve a transfer of shares is dealt with by Article 27.

PROPOSAL 3

- Section 96(2) to (11) is being dis-applied as the transmission of shares is already dealt with by Articles 60-64 (formerly 61-65).
- Sections 124 and 125 are being dis-applied as the declaration and payment of dividends is dealt with by Articles 159-168 (formerly 158-167).
- Section 126 being dis-applied as capitalization is dealt with by Article 169 (formerly 168).
- Sections 144(3) and (4) are being dis-applied as the appointment of directors is dealt with by Article 150-153 (formerly 149-152).
- Section 148(2) is being dis-applied as the vacating of the office of director is dealt with by Article 148 (formerly 147).
- Sections 158 to 165 deal with the management of the business of the Company, appointment of a managing director, the establishment of board committees, matters relating to board procedure and the appointment of alternate directors. These sections are being dis-applied as these matters are already dealt with by Articles 117-153 (formerly 118-152).
- Sections 181(6) is being dis-applied as the accidental omission to give notice and non-receipt of notice are already dealt with in Article 80 (formerly 81).
- Sections 182(2) and (5) are being dis-applied as quorum is already dealt with by Articles 83 and 84 (formerly 84 and 85).
- Section 183(3) is being dis-applied as the appointment of proxies is already dealt with by Article 79 (formerly 80).
- Section 183(6) is being dis-applied as the submission of proxies is already dealt with by Article 107 (formerly 108).
- Section 187 is being dis-applied as the conduct of meetings of the Company is already dealt with by Articles 82-96 (formerly 83-97).
- Section 188 is being dis-applied as voting at meetings of the Company is already dealt with by Articles 101-106 (formerly 102-107).
- Section 193(1) is being dis-applied as members' written resolutions are already dealt with by Article 96 (formerly 97).
- Sections 229 and 230 are being dis-applied because other interests of directors are already dealt with in Articles 119 and 120 (formerly 120 and 121).
- Section 338(5) and (6) are being dis-applied because the delivery of financial statements via the website of the Company is already dealt with in Article 177(2) (formerly 176(2)).
- Section 618(1)(b) is being dis-applied as distribution on winding up is already dealt with by Article 185 (formerly 184).
- Section 620(8) stipulates timeframes regarding unclaimed dividends. This section is being dis-applied as it is already covered by Article 168 (formerly 167).
- Section 1090 deals with the rotation of directors. This is being dis-applied as the matter is already covered by Articles 150 (formerly 149).
- Section 1092 deals with the remuneration of directors. This is being dis-applied as the matter is already covered by Article 114 (formerly 115).
- Section 1113 is being dis-applied as the issue of a director voting in respect of a contract in which he is interested in is already dealt with by Article 116 (formerly 117).
- In various places in the Articles of Association, the expression "undenominated capital" is being inserted as this expression is now used in the Act to refer to that part of a company's issued share capital which is not represented by the nominal value paid up on the issued shares.
- In various places, and in particular in Articles 170 to 175 (formerly 169 to 174), the expression "adequate accounting records" is being inserted as this expression is used in the Act to refer to books of account and proper books of account.
- Article 4 is being amended to reflect Section 71(2) which prohibits shares being allotted at a discount to their nominal value.

- Article 6.3 is being deleted because the issuance of share warrants to bearer is no longer permitted under the Act.
- Article 31 is being deleted because it deals with the Holdings Redeemable Bonus Shares which are no longer in issue.

### PROPOSAL 3

- Article 31.4 (formerly 32.4) is being amended by the removal of the words “provided that the total number of shares which shall be redeemable pursuant to this authority shall not exceed the limit in Section 210”. Section 83 of the Act replaces Section 210 and contains no such limit.
  - Article 78 (formerly 79) has been amended pursuant to Section 180 of the Act which requires notice of general meetings to be given to certain individuals.
  - Articles 79 (formerly 80) and 107 (formerly 108) have been amended pursuant to Section 184 of the Act which sets out the form of proxy that is to be used and the place where such proxy must be sent to.
  - Section 228(1)(d) is an entirely new restriction regarding the use of company property by directors. A new Article 128 is therefore being adopted in order to ensure that directors can continue to use Company property, subject to such conditions as may be approved or delegated by the Board of Directors.
  - Sections 228(1)(e) is an entirely new provision dealing with a director’s power to exercise independent judgment. It is proposed therefore to include a new Article 129 in order to make it clear that Section 228(1)(e) will not restrict anything that may be done by any director in accordance with the authorization of the Board of Directors or a committee of the Board of Directors.
  - Article 170 (formerly 169) has been amended so as to ensure that the language used is consistent with the Act, and furthermore pursuant to Section 1119 of the Act which provides that the directors may send summary financial statements to shareholders in the place of statutory financial statements. If the directors elect to do so, any shareholder may still request a full copy of the financial statements of the Company to be sent to him or her.
  - Article 175 (formerly 174) has been amended to allow directors to circulate summary financial statements instead of full statutory financial statements in accordance with Section 1119 of the Act. If the directors elect to do so, any shareholder may still request a full copy of the financial statements of the Company to be sent to him or her.
  - Article 186 (formerly 185) has been amended so as to ensure that the language used is consistent with the Act.
- A copy of the Articles of Association in its proposed amended form is available in the Investors section (see Corporate Governance subsection) on our website at [www.horizonpharma.com](http://www.horizonpharma.com) and will also be available for inspection at our registered office during business hours on any business day from the date of this Proxy Statement up to and including the date of the Annual General Meeting.

As this resolution is a special resolution, it will need to be approved by the affirmative vote of 75% or more of the votes cast in person or by proxy at the Annual General Meeting.

Accordingly, we are asking shareholders to approve the following resolution as a special resolution of the shareholders of the Company at the Annual General Meeting:

“RESOLVED that the Articles of Association presented at the 2016 Annual General Meeting of Shareholders of Horizon Pharma Public Limited Company (the “Company”) be, and hereby are, approved and adopted as the new Articles of Association of the Company in substitution for, and to the exclusion of, the existing Articles of Association of the Company.”

APPROVAL OF THE AMENDED AND RESTATED 2014 PLAN

In May 2014, the HPI board of directors adopted the 2014 Plan, and our shareholders subsequently approved the 2014 Plan in September 2014. The 2014 Plan became effective on September 19, 2014 in connection with the Vidara Merger. The 2014 Plan was the successor to and continuation of the 2011 Plan.

On February 25, 2016, the Compensation Committee of our Board of Directors approved amending the 2014 Plan subject to shareholder approval to increase the aggregate number of shares authorized for issuance under the 2014 Plan beyond those remaining available for future grant under the 2014 Plan by an additional 6,000,000 shares and also approved a corresponding reduction in the number of shares authorized under our 2014 Non-Employee Equity Plan and 2014 Employee Stock Purchase Plan by an aggregate of 6,000,000 shares, subject to shareholder approval of this Proposal 4. We refer to the 2014 Plan, as amended by the Compensation Committee of our Board of Directors on February 25, 2016, as the “Amended 2014 Plan” throughout this Proxy Statement.

In this Proposal 4, we are requesting shareholder
