PROXY STATEMENT

FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 2, 2016

AT 8:30 AM EDT

GENERAL INFORMATION

When are this proxy statement and the accompanying material scheduled to be sent to stockholders?

We have elected to provide access to our proxy materials to our stockholders via the Internet. Accordingly, on or about April 21, 2016, we will begin mailing a Notice of Internet Availability of Proxy Materials, or Notice of Internet Availability, and the proxy materials, including the Notice of 2016 Annual Meeting of Stockholders, this proxy statement and accompanying proxy card or, for shares held in street name (held for your account by a broker or other nominee), voting instruction form, and the Annual Report on Form 10-K for the year ending December 31, 2015 will be made available to stockholders on the Internet on the same date.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, or SEC, we are providing access to our proxy materials over the Internet rather than printing and mailing the proxy materials. We believe electronic delivery will expedite the receipt of materials and will help lower our costs and reduce the environmental impact of our annual meeting materials. Therefore, a Notice of Internet Availability will be mailed to holders of record and beneficial owners of our common stock starting on or around April 21, 2016. The Notice of Internet Availability will provide instructions as to how stockholders may access and review the proxy materials, including the Notice of Annual Meeting, proxy statement, proxy card and Annual Report on Form 10-K, on the website referred to in the Notice of Internet Availability or, alternatively, how to request that a copy of the proxy materials, including a proxy card, be sent to them by mail. The Notice of Internet Availability will also provide voting instructions. In addition, stockholders of record may request to receive the proxy materials in printed form by mail or electronically by e-mail on an ongoing basis for future stockholder meetings. Please note that, while our proxy materials are available at the website referenced in the Notice of Internet Availability, and our Notice of Annual Meeting, proxy statement and Annual Report on Form 10-K are available on our website, no other information contained on either website is incorporated by reference in or considered to be a part of this document.

Who is soliciting my vote?

The Board of Directors of bluebird bio, Inc. (the “Company” or “bluebird”) is soliciting your vote for the 2016 Annual Meeting of Stockholders.

When is the record date for the Annual Meeting?

The Company's Board of Directors has fixed the record date for the Annual Meeting as of the close of business on April 8, 2016.

How many votes can be cast by all stockholders?

A total of 36,941,966 shares of common stock of the Company were outstanding on April 8, 2016, and entitled to be voted at the meeting. Each share of common stock is entitled to one vote on each matter.

How do I vote?

If you are a stockholder of record and your shares are registered directly in your name, you may vote:

- By Internet. Access the website of the Company's tabulator, Broadridge, at: www.proxyvote.com, using the voter control number printed on the furnished proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your Internet vote cannot be completed and you will receive an error message. If you vote on the Internet, you may also request electronic delivery of future proxy materials.
- By Telephone. Call 1-800-690-6903 toll-free from the U.S., U.S. territories and Canada, and follow the instructions on the enclosed proxy card. Your shares will be voted in accordance with your instructions. You must specify how you want your shares voted or your telephone vote cannot be completed.

- By Mail. Complete and mail a proxy card in the enclosed postage prepaid envelope to Broadridge. Your proxy will be voted in accordance with your instructions. If you sign and return the enclosed proxy but do not specify how you want your shares voted, they will be voted FOR the director nominees named herein to the Company's Board of Directors, FOR the advisory resolution approving the compensation of the named executive officers, and FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016 and will be voted according to the discretion of the proxy holder upon any other business that may properly be brought before the meeting and at all adjournments and postponements thereof. If you are mailed or otherwise receive or obtain a proxy card or voting instruction form, and you choose to vote by telephone or by Internet, you do not have to return your proxy card or voting instruction form.
- In Person at the Meeting. If you attend the meeting, be sure to bring a form of personal picture identification with you, and you may deliver your completed proxy card in person, or you may vote by completing a ballot, which will be available at the meeting.

If your shares of common stock are held in street name (held for your account by a broker or other nominee):

- By Internet or By Telephone. You will receive instructions from your broker or other nominee if you are permitted to vote by Internet or telephone.
- By Mail. You will receive instructions from your broker or other nominee explaining how to vote your shares.
 - In Person at the Meeting. If you attend the meeting, in addition to picture identification you should both bring an account statement or a letter from the record holder indicating that you owned the shares as of the record date, and contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting.

What are the Board of Directors's recommendations on how to vote my shares?

The Board of Directors recommends a vote:

Proposal 1: FOR election of the three Class III director nominees (page 5)

Proposal 2: FOR the advisory resolution approving the compensation of the Company's named executive officers (page 14)

Proposal 3: FOR ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm (page 39)

Who pays the cost for soliciting proxies?

bluebird will pay the cost for the solicitation of proxies by the Board of Directors. The solicitation of proxies will be made primarily by mail and through internet access to materials. Proxies may also be solicited personally, by telephone, fax or e-mail by employees of bluebird without any remuneration to such individuals other than their regular compensation. bluebird will also reimburse brokers, banks, custodians, other nominees and fiduciaries for forwarding these materials to their principals to obtain the authorization for the execution of proxies.

Will my shares be voted if I do not return my proxy?

If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone, by returning your proxy or by ballot at the Annual Meeting. If your shares are held in street name, your bank, broker or other nominee may under certain circumstances vote your shares if you do not timely return your proxy. Banks, brokers and other nominees can vote customers' unvoted shares on routine matters, but cannot vote such shares on non-routine matters. If you do not timely return a proxy to your bank, broker or other nominee to vote your shares, your bank, broker or other nominee may, on routine matters, either vote your shares or leave your shares

unvoted. Your bank, broker or other nominee cannot vote your shares on any non-routine matter. The election of directors (Proposal 1) and the advisory vote on executive compensation (Proposal 2) are non-routine matters. The ratification of the appointment of our independent registered public accounting firm (Proposal 3) is a routine matter. We encourage you to provide voting instructions to your bank, broker or other nominee by giving your proxy to them. This ensures that your shares will be voted at the Annual Meeting according to your instructions. You should receive directions from your bank, broker or other nominee about how to submit your proxy to them at the time you receive this proxy statement.

Can I change my vote?

You may revoke your proxy at any time before it is voted by notifying the Secretary in writing, by returning a signed proxy with a later date, by transmitting a subsequent vote over the Internet or by telephone prior to the close of the Internet voting facility or the telephone voting facility, or by attending the meeting and voting in person. If your stock is held in street name, you must contact your broker or nominee for instructions as to how to change your vote.

How is a quorum reached?

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares held of record by stockholders or brokers, bankers or other nominees who do not return a signed and dated proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Abstentions and broker non-votes, if any, will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting.

What vote is required to approve each item and how are votes counted?

Votes cast by proxy or in person at the Annual Meeting will be counted by the persons appointed by bluebird to act as tabulators for the meeting. The tabulators will count all votes FOR, AGAINST, and to WITHHOLD, abstentions and broker non-votes, as applicable, for each matter to be voted on at the Annual Meeting. Abstentions and broker non-votes are not counted as votes cast and, therefore, do not have the effect of votes in opposition to such proposals. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

· Proposal 1 – Election of three Class III director nominees

For the election of the three Class III director nominees, each director nominee must receive a greater number of votes FOR his or her election than votes to WITHHOLD from such election in order to be elected a director, as this is an uncontested election of directors. Only FOR and WITHHOLD votes will affect the outcome. Abstentions will have no effect on the voting of Proposal 1. Proposal 1 is a non-routine matter. Therefore, if your shares are held by your bank, broker or other nominee in street name and you do not vote your shares, your bank, broker or other nominee cannot vote your shares on Proposal 1. Shares held in street name by banks, brokers or nominees who indicate on their proxies that they do not have authority to vote the shares on Proposal 1 will not be counted as votes FOR or to WITHHOLD from any director nominee and will be treated as broker non-votes. As a result, broker non-votes will have no effect on the voting of Proposal 1.

· Proposal 2 – Advisory vote on executive compensation

For the advisory vote on executive compensation, the votes cast FOR must exceed the votes cast AGAINST to approve, on an advisory basis, the compensation of our named executive officers. Only FOR and AGAINST votes will affect the outcome. Abstentions will have no effect on the voting of Proposal 2. Proposal 2 is a non-routine matter. Therefore, if your shares are held by your bank, broker or other nominee in street name and you do not vote your shares, your bank, broker or other nominee cannot vote your shares on Proposal 2. Shares held in street name by banks, brokers or nominees who indicate on their proxies that they do not have authority to vote the shares on Proposal 2 will not be counted as votes FOR or AGAINST the proposal and will be treated as broker non-votes. As a result, broker non-votes will have no effect on the voting of Proposal 2.

·Proposal 3 – Ratification of selection of Ernst & Young LLP as our independent registered public accounting firm
For the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for our 2016 fiscal year, the votes cast FOR must exceed the votes cast AGAINST. Only FOR and AGAINST votes will affect the outcome. Abstentions will have no effect on the voting of Proposal 3. Proposal 3 is a routine matter. Therefore, if your shares are held by your bank, broker or other nominee in street name and you do not vote your shares, your bank, broker or other nominee may vote your shares on Proposal 3.

If there are insufficient votes to approve Proposal(s) 1, 2, or 3, your proxy may be voted by the persons named in the proxy to adjourn the Annual Meeting in order to solicit additional proxies in favor of the approval of such proposal. If the Annual Meeting is adjourned or postponed for any purpose, at any subsequent reconvening of the meeting, your proxy will be voted in the same manner as it would have been voted at the original convening of the Annual Meeting unless you withdraw or revoke your proxy. Your proxy may be voted in this manner even though it may have been voted on the same or any other matter at a previous session of the Annual Meeting.

Could other matters be decided at the Annual Meeting?

bluebird does not know of any other matters that may be presented for action at the Annual Meeting. Should any other business come before the meeting, the persons named on the enclosed proxy will have discretionary authority to vote the shares represented by such proxies in accordance with their best judgment. If you hold shares through a broker, bank or other nominee as described above, they will not be able to vote your shares on any other business that comes before the Annual Meeting unless they receive instructions from you with respect to such matter.

What happens if the meeting is postponed or adjourned?

Your proxy may be voted at the postponed or adjourned meeting. You will still be able to change your proxy until it is voted.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K, or Form 8-K, that we expect to file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What does it mean if I receive more than one proxy card or voting instruction form?

It means that you have multiple accounts at the transfer agent or with brokers. Please complete and return all proxy cards or voting instruction forms to ensure that all of your shares are voted.

Who should I call if I have any additional questions?

If you hold your shares directly, please call Jason F. Cole, Secretary of the Company, at (339) 499-9300. If your shares are held in street name, please contact the telephone number provided on your voting instruction form or contact your broker or nominee holder directly.

PROPOSAL 1: ELECTION OF DIRECTORS

In accordance with Delaware law and our certificate of incorporation and By-laws, the Board of Directors is divided into three classes of approximately equal size. The members of each class are elected to serve a three-year term with the term of office of each class ending in successive years. Wendy Dixon, James Mandell and David Schenkein are the directors whose terms expire at this Annual Meeting and each of Dr. Dixon, Dr. Mandell and Dr. Schenkein has been nominated for and has agreed to stand for re-election to the Board of Directors to serve as a Class III director of the Company until the 2019 Annual Meeting and until his or her successor is duly elected.

Our By-laws provide for a majority voting standard for the election of directors in uncontested elections, which provides that to be elected, a director nominee must receive a greater number of votes FOR his or her election than votes to WITHHOLD from such election. The number of votes cast with respect to that director's election excludes abstentions and broker non-votes with respect to that director's election. In contested elections where the number of director nominees exceeds the number of directors to be elected, the voting standard will be a plurality of the shares present in person or by proxy and entitled to vote. If a director nominee who already serves as a director is not elected and no successor is elected, the resignation policy in our Corporate Governance Guidelines provides that such director will offer to tender his or her resignation to the Board of Directors. Our Nominating and Corporate Governance Committee will make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether to take some other action. The Board of Directors will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision within 90 days from the date of the certification of the election results.

It is intended that, unless you give contrary instructions, shares represented by proxies solicited by the Board of Directors will be voted for the election of the three director nominees listed below. We have no reason to believe that any director nominee will be unavailable for election at the Annual Meeting. In the event that one or more director nominees is unexpectedly not available to serve, proxies may be voted for another person nominated as a substitute by the Board of Directors, or the Board of Directors may reduce the number of directors to be elected at the Annual Meeting. Information relating to each director nominee and for each continuing director, including his or her period of service as a director of bluebird, principal occupation and other biographical material is shown below. Pursuant to the By-laws, the Board of Directors has fixed the number of directors at eight (8) as of the date of this year's Annual Meeting of Stockholders. Due to the resignation of Dr. Steve Gillis from the Board of Directors effective December 18, 2015, we have a vacancy on the Board of Directors. Vacancies on the Board of Directors are filled exclusively by the affirmative vote of a majority of the remaining directors, even if less than a quorum is present, and not by the stockholders. Your proxy cannot be voted for a greater number of persons than the number of director nominees named in this proxy statement

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE

We believe that, among other experience, qualifications, attributes and skills, Dr. Mandell's background as a physician focused on pediatric diseases, and experience as the chief executive officer of a major hospital and medical center, including interactions with payers, qualifies him to serve as a member of our Board of Directors.

David P. Schenkein, M.D. – Dr. Schenkein is a Class III director who has served as a member of our Board of Directors since April 2013. THE BOARD OF DIRECTORS AND ITS COMMITTEES

Board Composition

We currently have seven directors and the terms of office of the directors are divided into three classes:

- Class I, whose term will expire at the Annual Meeting of Stockholders to be held in 2017;
- Class II, whose term will expire at the Annual Meeting of Stockholders to be held in 2018; and
- Class III, whose term will expire at the Annual Meeting of Stockholders to be held in 2019.

Class I consists of Mr. Leschly and Mr. Vachon, Class II consists of Mr. Lynch and Dr. Maraganore, and Class III consists of Dr. Dixon, Dr. Mandell and Dr. Schenkein. At each Annual Meeting of Stockholders, the successors to directors whose terms will then expire shall serve from the time of election and qualification until the third Annual Meeting following election and until their successors are duly elected and qualified. A resolution of the Board of Directors may change the authorized number of directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of the Board of Directors may have the effect of delaying or preventing changes in control or management of our company.

Board Independence

Our Board of Directors has determined, upon the recommendation of our Nominating and Corporate Governance Committee, that each of our directors, except for Nick Leschly, who serves as our President and Chief Executive Officer, has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is independent within the meaning of the director independence standards of the Nasdaq Stock Market, or NASDAQ, rules and the SEC. At least annually, our Board of Directors will evaluate all relationships between us and each director in light of relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director's ability to satisfy his or her responsibilities as an independent director. Based on this evaluation, our Board of Directors will make an annual determination of whether each director is independent within the meaning of NASDAQ, and the SEC independence standards.

Board Meetings and Attendance

Our Board of Directors held six meetings during the fiscal year ended December 31, 2015. Each of the directors attended at least 75% of the meetings of the Board of Directors and the committees of the Board of Directors on which he or she served during the fiscal year ended December 31, 2015 (in each case, which were held during the period for which he or she was a director and/or a member of the applicable committee). bluebird encourages its directors to attend the Annual Meeting of Stockholders.

Board Committees

Our Board of Directors has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each of which is comprised solely of independent directors, and is described more fully below. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operates pursuant to a written charter and each committee reviews and assesses the adequacy of its charter and submits its charter to the Board of Directors for approval. The charters for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee

are all available on our website (www.bluebirdbio.com) under “Investors & Media” at “Corporate Governance.”

Audit Committee

Our Audit Committee is currently composed of Dr. Dixon, Mr. Lynch, and Mr. Vachon, with Mr. Vachon serving as chairman of the committee. Our Board of Directors has determined that each member of the Audit Committee meets the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of NASDAQ. Our Board of Directors has determined that Mr. Lynch and Mr. Vachon are “audit committee financial experts” within the meaning of the SEC regulations and applicable listing standards of NASDAQ. During the fiscal year ended December 31, 2015, the Audit Committee met four times. The report of the Audit Committee is included in this Proxy Statement under “Report of the Audit Committee.” The Audit Committee’s responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;

10

- approving audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing the audit plan with the independent registered public accounting firm and members of management responsible for preparing our financial statements;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures as well as critical accounting policies and practices used by us;
- reviewing the adequacy of our internal control over financial reporting;
- establishing policies and procedures for the receipt and retention of accounting-related complaints and concerns;
- recommending, based upon the Audit Committee's review and discussions with management and the independent registered public accounting firm, whether our audited financial statements shall be included in our Annual Report on Form 10-K;
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters;
- preparing the Audit Committee report required by the rules of the SEC to be included in our annual proxy statement;
- reviewing all related party transactions for potential conflict of interest situations and approving all such transactions;
- monitoring compliance with our investment policy; and
- reviewing quarterly earnings releases and scripts.

Compensation Committee

Our Compensation Committee is currently composed of Dr. Dixon, Dr. Maraganore and Mr. Lynch, with Mr. Lynch serving as chairman of the committee. Our Board of Directors has determined each member of the Compensation Committee is "independent" as defined under the applicable listing standards of NASDAQ. In addition, each member qualifies as an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended. During the fiscal year ended December 31, 2015, the Compensation Committee met six times. The Compensation Committee's responsibilities include:

- annually reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer;
- evaluating the performance of our chief executive officer in light of such corporate goals and objectives and determining the compensation of our chief executive officer;
- reviewing and approving the compensation of our other executive officers and certain other members of senior management;
- appointing, compensating and overseeing the work of any compensation consultant, legal counsel or other advisor retained by the Compensation Committee;
- conducting the independence assessment outlined in NASDAQ rules with respect to any compensation consultant, legal counsel or other advisor retained by the Compensation Committee;
- annually reviewing and reassessing the adequacy of the committee charter in its compliance with the listing requirements of NASDAQ;
- reviewing and establishing our overall management compensation, philosophy and policy;
- overseeing and administering our compensation and similar plans;
- reviewing and approving our policies and procedures for the grant of equity-based awards;
- reviewing and making recommendations to the Board of Directors with respect to director compensation;
- reviewing and discussing with management the compensation discussion and analysis to be included in our annual proxy statement or Annual Report on Form 10-K; and
- reviewing and discussing with the Board of Directors corporate succession plans for the chief executive officer and other key officers.

Historically, our Compensation Committee has made most of the significant adjustments to annual compensation, determined bonus and equity awards and established new performance objectives at one or more meetings held during

the last quarter of the year.

11

However, our Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of our compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year. Generally, the Compensation Committee's process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the chief executive officer, our Compensation Committee solicits and considers evaluations and recommendations submitted to the Compensation Committee by the chief executive officer. In the case of the chief executive officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. For all executives and directors as part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director stock ownership information, company stock performance data, analyses of historical executive compensation levels and current Company-wide compensation levels and recommendations of our Vice President, Human Resources, including analyses of executive and director compensation paid at a peer group of other companies approved by our Compensation Committee.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is composed of Dr. Mandell and Dr. Schenkein, with Dr. Schenkein serving as chairman of the committee. Dr. Steve Gillis served on our Nominating and Corporate Governance Committee until December 2015. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is "independent" as defined under the applicable listing standards of NASDAQ. During fiscal year ended December 31, 2015, the Nominating and Corporate Governance Committee met three times. The Nominating and Corporate Governance Committee's responsibilities include:

- developing and recommending to the Board of Directors criteria for membership of the Board of Directors and committees;
- establishing procedures for identifying and evaluating Board of Directors candidates, including candidates recommended by stockholders;
- identifying individuals qualified to become members of the Board of Directors;
- recommending to the Board of Directors the persons to be nominated for election as directors and to each of the committees of the Board of Directors;
 - developing and recommending to the Board of Directors a set of corporate governance guidelines; and
- overseeing the evaluation of the Board of Directors and management. Our Board of Directors may establish other committees from time to time.

Identifying and Evaluating Director Nominees

Our Board of Directors is responsible for selecting its own members. The Board of Directors delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board of Directors, and of management, will be requested to take part in the process as appropriate.

Generally, our Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful to identify candidates. Once candidates have been identified, our Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance

Committee may gather information about the candidates through interviews, detailed questionnaires, background checks or any other means that the Nominating and Corporate Governance Committee deems to be appropriate in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of our Board of Directors. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board of Directors' approval as director nominees for election to the Board of Directors.

Minimum Qualifications

Our Nominating and Corporate Governance Committee will consider, among other things, the following qualifications, skills and attributes when recommending candidates for the Board's selection as director nominees for the Board and as candidates for appointment to the Board's committees. A director nominee shall have the highest personal and professional integrity, shall have

demonstrated exceptional ability and judgment, and shall be most effective, in conjunction with the other director nominees to the Board, in collectively serving the long-term interests of the stockholders.

In evaluating proposed director candidates, our Nominating and Corporate Governance Committee may consider, in addition to the minimum qualifications and other criteria for board membership approved by the Board from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, diversity and is not limited to race, gender or national origin, the skills of the proposed director candidate, his or her depth and breadth of professional experience or other background characteristics, his or her independence and the needs of the Board. We have no formal policy regarding board diversity. Our Nominating and Corporate Governance Committee's priority in selecting board members is identification of persons who will further the interests of our company through his or her established record of professional accomplishment, the ability to contribute positively to the collaborative culture among board members, and professional and personal experiences and expertise relevant to our growth strategy. The Nominating and Corporate Governance Committee will consider candidates recommended by stockholders. The policy adopted by the Nominating and Corporate Governance Committee provides that candidates recommended by stockholders are given appropriate consideration in the same manner as other candidates.

Non-Management Director Meetings

In addition to the meetings of the committees of the Board of Directors described above, in connection with the Board of Directors meetings, the non-management directors met four times in executive session during the fiscal year ended December 31, 2015. The Chairman of the Board of Directors presides at these executive sessions. The Audit Committee and the Board of Directors have established a procedure whereby interested parties may make their concerns known to non-management directors, which is described on our website.

Leadership structure and risk oversight

Our Board of Directors is currently chaired by Mr. Lynch. As a general policy, our Board of Directors believes that separation of the positions of chairman and chief executive officer reinforces the independence of the Board of Directors from management, creates an environment that encourages objective oversight of management's performance and enhances the effectiveness of the Board of Directors as a whole. As such, Mr. Leschly serves as our president and chief executive officer while Mr. Lynch serves as our chairman of the Board of Directors but is not an officer.

Our Board of Directors oversees the management of risks inherent in the operation of our business and the implementation of our business strategies. Our Board of Directors performs this oversight role by using several different levels of review. In connection with its reviews of the operations and corporate functions of our company, our Board of Directors addresses the primary risks associated with those operations and corporate functions. In addition, our Board of Directors reviews the risks associated with our company's business strategies periodically throughout the year as part of its consideration of undertaking any such business strategies.

Each of the committees of our Board of Directors also oversees the management of our company's risk that falls within the committee's areas of responsibility. In performing this function, each committee has full access to management, as well as the ability to engage advisors. Our Chief Financial and Strategy Officer, Chief Legal Officer and Principal Accounting Officer, and previously our Chief Financial Officer, all periodically provide reports to the Audit Committee and are responsible for identifying, evaluating and implementing risk management controls and methodologies to address any identified risks. In connection with its risk management role, our Audit Committee meets privately with representatives from our independent registered public accounting firm. The Audit Committee oversees the operation of our risk management program, including the identification of the primary risks associated with our business and periodic updates to such risks, and reports to our Board of Directors regarding these activities.

Compensation Committee interlocks and insider participation

None of the members of our Compensation Committee has at any time during the prior three years been one of our officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee. For a description of transactions between us and members of our Compensation Committee and affiliates of such members, please see “Certain relationships and related party transactions.”

PROPOSAL NO. 2—ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board of Directors of the Company is committed to excellence in governance. As part of that commitment, and as required by Section 14A(a)(1) of the Exchange Act, the Board of Directors is providing the stockholders with an opportunity to provide an advisory vote related to the compensation of the Company's named executive officers.

As described below under "Executive Compensation—Compensation Discussion and Analysis," we have developed a compensation policy that is designed to attract and retain key executives responsible for our success and motivate management to enhance long-term stockholder value. We believe our compensation policy strikes an appropriate balance between the implementation of responsible, measured compensation practices and the effective provision of incentives for our named executive officers to exert their best efforts for our success.

For the reasons discussed above, the Board of Directors unanimously recommends that stockholders vote in favor of the following resolution:

"RESOLVED, that the Company's stockholders hereby approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's proxy statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, Summary Compensation Table and the other compensation related tables and disclosure."

The resolution will be approved, on an advisory basis, if the votes cast FOR exceed the votes cast AGAINST the proposal. Abstentions and broker non-votes will have no effect on the voting of this proposal. As this vote is advisory, it will not be binding upon the Board of Directors or the Compensation Committee and neither the Board of Directors nor the Compensation Committee will be required to take any action as a result of the outcome of this vote. However, the Compensation Committee will carefully consider the outcome of this vote when considering future executive compensation policies. We will hold an advisory vote to approve the compensation of our named executive officers annually until the next vote on the frequency of such advisory votes, which will occur no later than our 2021 Annual Meeting of Stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE

FOR

THE ADVISORY RESOLUTIONS APPROVING THE COMPANY'S EXECUTIVE COMPENSATION

(PROPOSAL 2 ON YOUR PROXY CARD)

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Our Compensation Committee is responsible for overseeing the total compensation of our senior management team, which is comprised of our executive officers and certain other senior managers. In this capacity, our Compensation Committee designs, implements, reviews and approves all compensation for our Chief Executive Officer and our other named executive officers. This section discusses the principles underlying our policies and decisions with respect to the compensation of certain of our named executive officers, and all material factors relevant to an analysis of these policies and decisions. Our named executive officers as of the end of our last completed fiscal year on December 31, 2015, were:

- Nick Leschly, our Chief Executive Officer and Principal Executive Officer;
- Jeffrey T. Walsh, our Chief Operating Officer;
- David Davidson, M.D., our Chief Medical Officer;
- Philip Gregory, D. Phil., our Chief Scientific Officer; and
 - James M. DeTore, our Chief Financial Officer and Principal Financial Officer.

Management changes since the end of our last completed fiscal year

Mr. DeTore served as our Chief Financial Officer and Principal Financial Officer until March 1, 2016, at which time Mr. Walsh became our Chief Financial and Strategy Officer and Principal Financial Officer.

Stockholder engagement

At our 2015 Annual Meeting of Stockholders, we conducted our first annual non-binding advisory vote on the compensation of our named executive officers, commonly referred to as a “say-on-pay” vote, in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. Over 90% of the votes cast by stockholders on this proposal were cast in support of the compensation paid to our named executive officers. While this vote is considered to be a non-binding advisory vote, our Compensation Committee and Board of Directors seriously consider the voting results. Given the strong level of support evidenced by last year’s say-on-pay vote, our Compensation Committee determined that our stockholders were supportive of our current executive compensation philosophy and program. As a result, our Compensation Committee decided to maintain our general approach to executive compensation and made no significant changes to our executive compensation program. Nevertheless, our Compensation Committee and Board of Directors will continue to monitor the executive compensation program to ensure it aligns the interests of our executive officers with the interests of our stockholders and adequately addresses any stockholder concerns that may be expressed in future votes.

Our stockholders will have an opportunity annually to cast an advisory vote in connection with compensation for our named executive officers. Consistent with the recommendation of our Board of Directors and the preference of our stockholders as reflected in the non-binding advisory vote on the frequency of future “say-on-pay” votes conducted at our 2015 Annual Meeting of Stockholders, we intend to provide for annual advisory votes on the compensation of our named executive officers.

Executive Summary and Company Background

We are a clinical-stage biotechnology company committed to developing potentially transformative gene therapies for severe genetic and rare diseases and in the field of T cell-based immunotherapy. With our lentiviral-based gene therapy and gene editing capabilities, we have built an integrated product platform with broad potential application in

these areas.

The goal of our Compensation Committee is to ensure that our compensation programs are aligned with the interests of our stockholders and our business goals and that the total compensation paid to each of our named executive officers is fair, reasonable and competitive. Key elements of our compensation programs include the following:

Compensation

Element	Purpose	Features

Equity incentive compensation	To encourage executives and other employees to focus on long-term company performance; to promote retention; to reward outstanding company and individual performance.	Typically subject to multi-year vesting based on continued service and is primarily in the form of stock options and restricted stock units, the value of which depends on the performance of our common stock price, in order to align employee interests with those of our stockholders over the longer-term.

- Hiring over 100 new employees, including a new Chief Scientific Officer.

Based on our performance during 2015, our Board of Directors determined that we achieved 90% of our company goals for 2015, which allows us to focus our efforts and further advance our programs and business goals in 2016.

Determining and Setting Executive Compensation

We develop our compensation programs after reviewing publicly available compensation data and subscription survey data for our peer group, provided by Radford Consulting, or Radford, a compensation consulting firm engaged by our Compensation Committee. Our Compensation Committee has assessed the independence of Radford consistent with NASDAQ listing standards and has concluded that the engagement of Radford does not raise any conflict of interest.

Defining and Comparing Compensation to Market Benchmarks

In evaluating the total compensation of our named executive officers, our Compensation Committee, using information provided by Radford, establishes a peer group of publicly traded companies in the biopharmaceutical and biotechnology industries that is selected based on a balance of the following criteria:

- companies whose number of employees, stage of development and market capitalization are similar, though not necessarily identical, to ours;
- companies with similar executive positions to ours;
- companies against which we believe we compete for executive talent; and
- public companies based in the United States whose compensation and financial data are available in proxy statements or through widely available compensation surveys.

Based on these criteria, our peer group for 2015, referred to as our 2015 peer group, was approved by our Compensation Committee and was comprised of the following 19 companies:

ACADIA Pharmaceuticals, Inc.	Dynavax Technologies, Inc.	PTC Therapeutics, Inc.
Accelaron Pharma, Inc.	Epizyme, Inc.	Sangamo Biosciences, Inc.
AcelRx Pharmaceuticals, Inc.	Kythera Biopharmaceuticals, Inc.	Sunesis Pharmaceuticals, Inc.
Agios Pharmaceuticals, Inc.	Lexicon Pharmaceuticals, Inc.	Tesaro, Inc.
Anacor Pharmaceuticals, Inc.	MacroGenics, Inc.	ZIOPHARM Oncology, Inc.
Celldex Therapeutics, Inc.	Merrimack Pharmaceuticals, Inc.

We believe that the compensation practices of our 2015 peer group provided us with appropriate compensation benchmarks for evaluating the compensation of our named executive officers during 2015. Notwithstanding the similarities of the 2015 peer group to bluebird, due to the nature of our business, we compete for executive talent with many public companies that are larger and more established than we are or that possess greater resources than we do, or with smaller private companies that may be able to offer greater equity compensation potential, as well as with prestigious academic and non-profit institutions. Accordingly, in 2015, our Compensation Committee generally targeted compensation for our executive officers as follows:

- base salaries at approximately the 35th percentile of the salaries in our 2015 peer group;
- annual cash incentive award opportunities at approximately the 50th percentile of our 2015 peer group;
 - total annual equity incentive awards, provided entirely in the form of stock options with value tied to stock price appreciation, at or above the 75th percentile of our 2015 peer group; and
- total compensation for our executives is targeted at the 50th percentile of compensation paid to similarly situated executives of the companies in our 2015 peer group.

In addition, our Compensation Committee may consider other criteria, including market factors, the experience level of the executive and the executive's performance against established company goals, in determining variations to this general target range.

For purposes of compensation for 2016, our Compensation Committee, with the advice of Radford, examined our 2015 peer group in light of our continued growth throughout 2015, which is anticipated to continue in 2016, the stage of development of our clinical programs, and changes in our market capitalization. With reference to these and other key business metrics, companies whose market capitalization and/or whose number of employees that were at the low end or below our targeted range were removed and new companies were added to the peer group for 2016. Our peer group for 2016 was approved by our Compensation Committee and is comprised of the following 18 companies:

ACADIA Pharmaceuticals, Inc.	Dyax Corp.	Neurocrine Biosciences, Inc.
Agios Pharmaceuticals, Inc.	Incyte Corp.	Portola Pharmaceuticals, Inc.
Alnylam Pharmaceuticals, Inc.	Intercept Pharmaceuticals, Inc.	Puma Biotechnology, Inc.
Anacor Pharmaceuticals, Inc.	Isis Pharmaceuticals, Inc.	Receptos, Inc.
Celldex Therapeutics, Inc.	Juno Therapeutics, Inc.	Seattle Genetics, Inc.
Clovis Oncology, Inc.	Medivation, Inc.	Tesaro, Inc.

Other Key Performance Factors in Determining Executive Compensation

As the biopharmaceutical industry is characterized by a very long product development cycle, including a lengthy research and development period and a rigorous approval phase involving clinical studies and governmental regulatory approval, many of the traditional benchmarking metrics, such as product sales, revenues and profits are inappropriate for a development-stage biopharmaceutical company such as bluebird. Instead, the specific performance factors our Compensation Committee considers when determining the compensation of our named executive officers include:

- key research and development achievements, including advances in our gene therapy platforms in the fields of severe genetic diseases and oncology, and our gene editing technology;
- initiation and progress of clinical studies for our product candidates;
- expansion of our manufacturing and operational capabilities on a global basis;
- achievement of regulatory milestones;
- establishment and maintenance of key strategic relationships and new business initiatives, including financings; and
- development of organizational capabilities and managing our growth.

These performance factors are considered by our Compensation Committee in connection with our annual performance reviews described below and are a critical component in the determination of annual cash and equity incentive awards for our executives.

Annual Performance Reviews

Our Compensation Committee conducts an annual performance review of our named executive officers and approves the compensation of each member of our senior management team. By the end of the first quarter of each year, annual company goals and individual performance objectives are determined and set forth in writing. After the end of each year, our Compensation Committee determines executive compensation levels after carefully reviewing overall company performance and performing an evaluation of each named executive officer's annual performance against established company goals, as well as each individual executive officer's contributions to achievement of the company goals and, in the case of executive officers other than our Chief Executive Officer, the achievement of individual performance objectives. In addition, our Compensation Committee may apply its discretion, as it deems appropriate, in determining executive compensation.

Annual company goals are proposed by our senior management team and approved by our Board of Directors. For 2015, our Chief Executive Officer's bonus was entirely on performance relative to company goals and the bonus of our other named executive officers was based 90% on company goals and 10% on individual objectives. Individual objectives for 2015 for our senior management team focused on individual contributions that were intended to drive achievement of the company goals and were proposed by each member of senior management, with review and input from our Chief Executive Officer. Any merit increases in base salary and any annual stock option awards or cash awards made under our 2015 annual incentive program were based on the achievement of these company and individual performance goals and objectives. In 2015, our Compensation Committee established the cash bonus opportunity for each member of our senior management team under the 2015 annual incentive program, representing a percentage of each individual's base salary.

During the last quarter of each year, our senior management team evaluates our company performance and each executive officer's individual performance, as compared to the company goals and, as applicable, the individual objectives for that year. Based on this evaluation, our Chief Executive Officer recommends to our Compensation Committee any increases in base salary and any annual stock option awards and/or cash awards under our annual incentive program. Our Compensation Committee, with input from the Board of Directors, evaluates our Chief Executive Officer's individual performance and determines whether to change his base salary, grant him an annual

stock option award and/or grant him a cash award under our annual incentive program. Our Compensation Committee typically grants annual stock option awards, and determines changes in base salary and the amount of any cash incentive payments, at its first regularly scheduled meeting of the new year. Our Compensation Committee may also review the compensation of our executive officers throughout the course of the year. With respect to year-end reviews, any changes in base salary are effective at the beginning of the following year. The cash incentive payments awarded under our 2015 annual incentive program were paid in March 2016.

Compensation Objectives and Philosophy

Our compensation programs are designed to attract, motivate and retain qualified and talented executives, motivating them to achieve our business goals and rewarding them for superior short- and long-term performance. In particular, our compensation programs are intended to reward the achievement of specified pre-determined quantitative and qualitative individual and company

performance goals and objectives and to align the interests of our senior management team with those of our stockholders in order to attain our ultimate objective of increasing stockholder value.

We award annual merit-based increases in base salary based upon an assessment of each executive's performance and the scope of his or her responsibilities. Our 2015 annual incentive program was designed to reward annual achievements as measured against pre-determined quantitative and qualitative company performance goals, and, with respect to members of our senior management team other than our Chief Executive Officer, individual objectives. We awarded cash incentive payments to our named executive officers and the other members of our senior management team under our 2015 annual incentive program, which is described in more detail below.

We typically grant stock options to our executive officers upon commencement of their employment, annually following a review of their individual performance, and in connection with a promotion. With the exception of our 2015 annual cash incentive program, we do not have any pre-established targets for allocations or apportionment by type of compensation. The mix of compensation components is designed to reward annual results as well as drive long-term company performance and create stockholder value.

Base Salary

We provide base salaries to our named executive officers to compensate them with a fair and competitive base level of compensation for services rendered during the year. Our Compensation Committee typically determines the base salary for each executive based on the executive's responsibilities, experience and, if applicable, the base salary level of the executive prior to joining bluebird. In addition, our Compensation Committee reviews and considers the level of base salary paid by companies in our peer group for similar positions. Generally, our Compensation Committee believes our executives' base salaries should be targeted at approximately the 35th percentile of the salaries in our peer group.

Merit-based increases in base salary for all of our executive officers, other than our Chief Executive Officer, are determined by our Compensation Committee based upon a written summary of the executive officer's performance and a recommendation from our Chief Executive Officer. Any merit-based increase in base salary for our Chief Executive Officer is based upon an assessment of his performance by our Compensation Committee, input from the Board of Directors and a review by our Compensation Committee of the base salary of Chief Executive Officers in our peer group.

With respect to Mr. Leschly, our Chief Executive Officer, at the beginning of 2015, our Compensation Committee reviewed Mr. Leschly's overall compensation and determined, based on his accomplishments during the year and the comparison to the base salary of chief executive officers in our peer group, to increase his annual base salary to \$460,000 from \$425,000.

At the beginning of 2015, our Compensation Committee approved merit increases in base salary for each of our other named executive officers serving at that time, based upon the company's performance against the 2014 company goals, as well as each executive officer's achievement of individual goals. The table below sets forth the adjustments to base salary, in dollars and as a percentage, for each of our named executive officers serving at the beginning of 2015:

Name	2014	2015	Increase (%)
	Base Salary	Base Salary	

Edgar Filing: bluebird bio, Inc. - Form DEF 14A

Nick Leschly	\$425,000	\$460,000	8.2%
Jeffrey T. Walsh	\$328,000	\$350,000	6.7%
David Davidson, M.D.	\$330,000	\$360,000	9.1%
James DeTore (1)	\$320,000	\$320,000	0.0%

(1) In November 2014, Mr. DeTore joined bluebird as Chief Financial Officer, and was provided a one-time signing bonus of \$50,000 in addition to his annual base salary in 2014 of \$320,000. Mr. DeTore's base salary in 2015 was not adjusted because of his employment start date in November 2014.

In June 2015, Dr. Philip Gregory, D. Phil. joined bluebird as Chief Scientific Officer, and based on his experience and an assessment of chief scientific officers at our peer and similar companies, his annual base salary was set at \$365,000, and he received a one-time signing bonus of \$75,000. Dr. Gregory also received a bonus of \$50,000 to cover relocation expenses and an additional \$100,000 upon his permanent relocation to the Cambridge, Massachusetts area.

2015 Annual Incentive Program

Our Compensation Committee aims to determine an appropriate mix of cash payments and equity incentive awards to meet short- and long-term goals and objectives. In February 2015, our Compensation Committee approved the annual incentive program for 2015, including the opportunity for eligible participants to achieve incentive awards above established bonus targets based on the company's performance against 2015 company goals.

The table below shows the target award under the incentive program as a percentage of each named executive officer's annual base salary in 2015, the maximum cash award opportunity in dollars for 2015 and the actual cash bonus payments to our named executive officers for 2015 performance, which were paid in March 2016, as well as the actual bonus payment as a percentage of the maximum award opportunity. The details regarding the determination of these cash bonus awards are discussed below.

Name	2015 Target Award (% of Base Salary)	2015 Target Opportunity (\$)	2015 Actual Bonus Payment	
			2015 Actual Bonus (\$)	(% of Target Opportunity)
Nick Leschly	55%	\$ 253,000	\$ 227,700	90.0%
Jeffrey T. Walsh	40%	\$ 140,000	\$ 133,000	95.0%
David Davidson, M.D.	35%	\$ 126,000	\$ 117,200	93.0%
Philip Gregory, D. Phil. (1)	35%	\$ 74,521	\$ 67,900	91.1%
James DeTore	35%	\$ 112,000	\$ 99,700	89.0%

(1)Dr. Gregory's 2015 award opportunity and actual award payment were prorated based on his employment start date in June 2015.

Under the 2015 annual incentive program, bonus awards were determined by first establishing a bonus pool. The bonus pool was calculated by aggregating the maximum awards for all eligible plan participants and then multiplying that sum by a modifier established by our Compensation Committee based on our performance as measured against the 2015 company goals. The bonus pool was then allocated among all of the plan participants in accordance with the terms of the 2015 annual incentive program. For 2015, our Chief Executive Officer's bonus was entirely based on performance relative to company goals and the bonus of our other named executive officers was based 90% on company goals and 10% on individual objectives. In addition, our Compensation Committee had the discretion under the 2015 annual incentive program to adjust upward or downward any bonus award and/or the bonus pool as it deemed appropriate. In making its determination regarding awards under the 2015 annual incentive program, our Compensation Committee considered our success against our 2015 company goals. The 2015 company goals approved by our Board of Directors, the relative weightings assigned to each goal at the beginning of the year, and senior management's recommendation regarding our actual achievement during the performance period as a percentage of target and the weighted performance against these company goals for 2015, were as follows:

2015 Company Goals	Relative Weighting	Actual Achievement For	Weighted Performance
--------------------	--------------------	------------------------	----------------------

2015

	(as a % of target)		
• Advancement of Pipeline and Clinical Objectives:	45%	86%	39%
• Advance our Northstar, HGB-205 and HGB-206 clinical studies of our LentiGlobin product candidate, and present data at a major medical meeting			
• Meet regulatory milestones for our LentiGlobin product candidate			
• Advance our ALD-102 clinical study of our Lenti-D product candidate			
• Meet milestones for the submission of an IND for bb2121, our lead CAR T cell-based cancer immunotherapy product candidate			
• Business/ Company Development Objectives:	30%	108%	32%
• Complete significant business development transactions			
• Enter into an amended collaboration arrangement with Celgene			
• Conclude 2015 with a specified amount in cash, cash equivalents and marketable securities			
• Manufacturing Objectives:	15%	43%	7%

• Meet production milestones for our LentiGlobin product candidate			
• Staying in front of our growth by executing on our hiring plans and managing regrettable turnover	10%	122%	12%
Approved 2015 Company Performance Level	100%		90%

Specifically, during 2015, we made significant progress on our clinical development and business goals, including the following that impacted executive compensation:

- Reporting interim clinical data from our Northstar, HGB-205 and HGB-206 clinical studies of our LentiGlobin product candidate at two major medical meetings;
- Participating in the Adaptive Pathways pilot program with the European Medicines Agency for our LentiGlobin product candidate in the treatment of transfusion-dependent α -thalassemia, receiving Breakthrough Therapy designation from the FDA for our LentiGlobin product candidate for the treatment of transfusion-dependent patients with α -thalassemia, and discussing the designs of two global Phase III clinical studies of our LentiGlobin product candidate with the FDA and EMA;
- Meeting our initial enrollment target for our Starbeam (ALD-102) clinical study in cerebral adrenoleukodystrophy;

20

- Filing an IND for our bb2121 product candidate with the FDA for a clinical study in relapsed/refractory multiple myeloma, enabling us to begin enrollment for the clinical study in the first quarter of 2016;
- Entering into an amended and restated master collaboration agreement with Celgene to focus our collaboration on anti-BCMA product candidates, and pursuant to which we received an upfront one-time payment of \$25 million to fund research and development under the collaboration;
- Entering into a collaboration agreement with Kite Pharma, Inc. to advance second generation T cell receptor product candidates to treat certain cancers associated with human papillomavirus;
- Entering into exclusive license agreements with Viomed Co., Ltd. and Five Prime Therapeutics, Inc. to research, develop and commercialize CAR T cell therapies;
 - Completing an underwritten public offering from which we raised \$477.2 million in net proceeds;
- Completing 2015 with a balance of \$865.8 million in cash, cash equivalents and marketable securities;
 - Manufacturing process improvements presented at a major medical meeting; and
- Hiring over 100 new employees, including a new Chief Scientific Officer.

Based on our overall performance during 2015, our Board of Directors determined that we achieved 90% of our company goals for 2015.

The individual objectives in 2015 assigned to our named executive officers other than our Chief Executive Officer were as follows:

Jeffrey T. Walsh. Mr. Walsh was assigned objectives related to (1) providing leadership for the Company, (2) increasing operational capacity and efficiency, and (3) identifying and executing strategic transactions intended to enhance stockholder value, including business development.

David Davidson, M.D. Dr. Davidson was assigned objectives related to (1) establishing the strategy for each of our clinical development programs, (2) achieving clinical milestones relating to development and potential FDA and EMA approval, (3) supporting various regulatory objectives, and (4) developing and executing medical affairs plan.

Philip Gregory, D. Phil. Dr. Gregory was assigned objectives related to (1) developing a strategic plan for pipeline development, and (2) directing preclinical development and advancing identified product candidates.

James DeTore. Mr. DeTore was assigned objectives related to (1) implementing organizational structure and staffing for finance function, (2) achieving financial goals related to capital raises, (3) contributing to the development of the Company's strategic plan, and (4) enhancing financial planning and analysis capabilities and processes.

Chief Executive Officer Compensation

Mr. Leschly's total 2015 compensation reported in the Summary Compensation Table below increased significantly over that reported in 2014 because of the increasing price of our stock in the first half of 2015, when annual equity grants were made, which contributed to higher reported grant date fair values for stock options. The Compensation Committee set Mr. Leschly's base salary near the 35th percentile of our applicable peer group, and approved modest increases in 2015 and 2016. The Compensation Committee set Mr. Leschly's equity compensation near the 75th percentile of our applicable peer group, because the Compensation Committee believed that a meaningful grant of stock option awards was necessary and appropriate to reward Mr. Leschly for performance in 2014, to enhance retention and to further incent and align Mr. Leschly's interests with stockholders because the stock options granted to Mr. Leschly only have value if our stock price increases after the grant date. Over 90% of Mr. Leschly's 2015 total compensation as reported in the Summary Compensation Table below relates to stock options which vest over a four year period and only realize value if our stock price increases after the date of grant.

Equity Awards

Our equity awards program is designed to:

- reward demonstrated leadership and performance;
- align our executive officers' interests with those of our stockholders;
- retain our executive officers through the term of the awards;

21

- maintain competitive levels of executive compensation; and
- motivate our executive officers for outstanding future performance.

The market for qualified and talented executives in the biopharmaceutical industry is highly competitive and we compete for talent with many companies that have greater resources than we do. Accordingly, we believe equity compensation is a crucial component of any competitive executive compensation package we offer.

Historically, our equity awards have generally taken the form of stock options. We typically grant stock options and, beginning in 2015, restricted stock units, to each of our executive officers upon commencement of employment, annually in conjunction with our review of individual performance, in connection with a promotion or as a special incentive.

All equity awards to our executive officers are approved by our Compensation Committee and, other than equity awards to new hires, are typically granted at our Compensation Committee's regularly scheduled meeting at the beginning of the year. Equity awards vary among our executive officers based on their positions and annual performance assessments. In addition, our Compensation Committee reviews all components of the executive's compensation to ensure that his or her total compensation is aligned with our overall philosophy and objectives. All stock options granted to our executives have exercise prices equal to the fair market value of our common stock on the date of grant, so that the recipient will not earn any compensation from his or her options unless our share price increases above the exercise price on the date of grant. Accordingly, this portion of our executive officers' compensation is at risk and is directly aligned with stockholder value creation.

In addition, equity grants to our executive officers typically vest over four years, which we believe provides an incentive to our executives to add value to the company over the long-term and to remain with bluebird. Typically, the stock options we grant to our executives have a ten-year term and vest as to 25% of the shares on the first anniversary of their hire date or the first business day of the year of grant and then monthly thereafter until the fourth anniversary of such date. Vesting of option grants to employees ceases upon termination of employment and exercise rights typically cease three months following termination of employment, except in the case of death or disability. Prior to the exercise of an option, the stock option holder does not have any rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents. Historically, our equity awards have taken the form of stock options, and we began granting restricted stock units in addition to stock options in 2015. Going forward in 2016, the restricted stock units we grant to our executives vest annually on the first business day of the year of grant and then annually thereafter until the fourth anniversary of such date. As part of the ongoing review of our compensation strategy and practices, the Compensation Committee determines the appropriate mix of the type of equity awards, based in part on recommendations from Radford. For 2016, the target mix for equity grants to our executive officers is split approximately two-thirds in stock options and one-third in restricted stock units based on value. The Compensation Committee believes that this deliberate mix of equity ensures that wealth creation remains tied to stock performance (via stock options), and promotes retention (through restricted stock units that vest over time to deliver equivalent value while using fewer authorized shares). The Compensation Committee may adjust the mix of award types or approve different award types as part of the overall compensation strategy. Awards made in connection with a new, extended or expanded employment relationship may involve a different mix of equity awards, depending on the Compensation Committee's assessment of the total compensation package being offered.

We do not have any equity ownership guidelines for our executive officers or directors. Our insider trading policy expressly prohibits short sales and derivative transactions of our stock by our named executive officers, directors and specified other employees, including short sales of our securities, including short sales "against the box"; purchases or sales of puts, calls or other derivative securities of the company or any derivative securities that provide the economic equivalent of ownership of any of our securities or an opportunity, direct or indirect, to profit from any change in the value of our securities; or other hedging or monetization transactions accomplished through the use of prepaid

variable forwards, equity swaps, collars and exchange funds. In addition, our insider trading policy expressly prohibits our named executive officers, directors and specified other employees from purchasing our securities on margin, borrowing against company securities held in a margin account, or pledging our securities as collateral for a loan.

In connection with the annual review of each executive officer's individual performance and consistent with our compensation philosophy, in February 2015, our Compensation Committee approved annual equity incentive awards for our named executive officers serving at that time. The annual equity incentive awards granted to our named executive officers serving at that time are set forth in the table below:

Name	Option Award
Nick Leschly	165,000
Jeffrey T. Walsh	75,000
David Davidson, M.D.	60,000

Mr. DeTore did not receive an annual equity incentive award in 2015 because of his employment start date in November 2014.

In June 2015, Dr. Gregory joined bluebird as Chief Scientific Officer, and based on his experience and an assessment of equity compensation of Chief Scientific Officers at our peer and similar companies, in July 2015, he was granted a stock option award for 50,000 shares of our common stock and 25,000 restricted stock units.

The number of stock options granted to our named executive officers during 2015, and the grant date fair value of those awards determined in accordance with Financial Accounting Standards Board, or FASB, Accounting Standards Codification, or ASC, Topic 718, are shown in the 2014 Grants of Plan-Based Awards table below.

Benefits and Other Compensation

Other compensation to our executives consists primarily of the broad-based benefits we provide to all full-time employees in the United States, including medical, dental and vision insurance, group life and disability insurance, an employee stock purchase plan and a 401(k) plan. Pursuant to our employee stock purchase plan, employees, including our named executive officers, have an opportunity to purchase our common stock at a discount on a tax-qualified basis through payroll deductions. The employee stock purchase plan is designed to qualify as an “employee stock purchase plan” under Section 423 of the Internal Revenue Code. The purpose of the employee stock purchase plan is to encourage our employees, including our named executive officers, to become our stockholders and better align their interests with those of our other stockholders. Pursuant to our 401(k) plan, employees, including our named executive officers, may elect to reduce their current compensation by up to the statutorily prescribed annual limit (which was \$18,000 in 2015), with additional salary deferrals not to exceed \$24,000 available to those employees 50 years of age or older, and to have the amount of this reduction contributed to our 401(k) plan. We may, but are not required to, make discretionary matching contributions and other employer contributions on behalf of eligible employees under our 401(k) plan. For fiscal year 2015, we matched a portion of eligible employee contributions up to \$5,250 pursuant to our 401(k) plan’s matching formula.

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our named executive officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make him or her more efficient and effective, and for recruitment and retention purposes. During 2015, in connection with the recruitment and hiring of Dr. Gregory as our new Chief Scientific Officer, we paid to Dr. Gregory a one-time signing bonus of \$75,000. In addition, Dr. Gregory received a bonus of \$50,000 to cover relocation expenses and an additional bonus of \$100,000 upon his permanent relocation to the Cambridge, Massachusetts area. Dr. Gregory is also eligible to receive a retention bonus of \$75,000 in 2016, assuming he continues to be employed by bluebird on May 31, 2016. None of our other named executive officers received perquisites or other personal benefits that were, in the aggregate, \$10,000 or more for each named executive officer in 2015. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual named executive officer in the performance of his or her duties, to make him or her more efficient and effective, and for recruitment, motivation or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by our Compensation Committee.

Base Salary Compensation for Our Named Executive Officers in 2016

With respect to Mr. Leschly, our Chief Executive Officer, at the beginning of 2016, our Compensation Committee reviewed Mr. Leschly’s overall compensation and determined, based on his accomplishments during the year and the comparison to the base salary of Chief Executive Officers in our peer group, to increase his annual base salary to \$500,000 from \$460,000.

At the beginning of 2016, our Compensation Committee approved merit increases in base salary for each of our remaining named executive officers serving at that time, based upon the company’s performance against the 2015

company goals, each executive officer's achievement of individual objectives and the comparison to the base salary of similar executive officers in our peer group. The table below sets forth the adjustments to base salary, in dollars and as a percentage, for each of our named executive officers serving at the beginning of 2016:

Name	Base Salary		Increase (%)
	2015 (\$)	2016 (\$)	
Nick Leschly	\$460,000	\$500,000	8.7%
Jeffrey T. Walsh	\$350,000	\$375,000	7.1%
David Davidson, M.D.	\$360,000	\$380,000	5.6%
Philip Gregory, D. Phil.	\$365,000	\$375,000	2.7%
James M. DeTore (1)	\$320,000	\$325,000	1.6%

(1) Mr. DeTore ceased serving as our Chief Financial Officer and Principal Financial Officer as of March 1, 2016, and his employment with us terminated on March 18, 2016.

Cash Incentive Compensation for Our Named Executive Officers in 2016

In February 2016, our Compensation Committee approved the annual incentive program for 2016. The terms of the 2016 annual incentive program are substantially the same as the 2015 annual incentive program. The 2016 annual incentive program includes an opportunity for eligible participants to achieve their target award percentage based on the achievement of our 2016 company goals. This potential upside achievement allows us to better align our cash incentive awards with market practice while reflecting our commitment to closely managing our cash reserves.

The table below shows the target award under the incentive program as a percentage of each named executive officer's annual base salary in 2016, as well as the target cash award opportunity in dollars for 2016. Mr. DeTore, our former Chief Financial Officer, is not an eligible participant in our 2016 annual incentive program due to his departure in March 2016.

	2016	2016
	Target Award	Target Award
Name	(% of Base Salary)	Opportunity (\$)
Nick Leschly	55%	\$ 275,000
Jeffrey T. Walsh	45%	\$ 168,750
David Davidson, M.D.	40%	\$ 152,000
Philip Gregory, D. Phil.	40%	\$ 150,000

In determining the 2016 cash incentive compensation for our named executive officers under the 2016 annual incentive program, our Compensation Committee will review the performance of the company during 2016. Our Compensation Committee retains the discretion under the 2016 annual incentive program to adjust upward or downward any bonus award or the bonus pool as it deems appropriate. We expect to pay any cash incentive awards made under our 2016 annual incentive program in the first quarter of 2017.

Compliance with IRS Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for compensation in excess of \$1.0 million per person paid to a company's Chief Executive Officer and its three other officers (other than the chief/principal financial officer) whose compensation is required to be disclosed to stockholders pursuant to the Exchange Act by reason of being among the company's most highly compensated officers. Qualified performance-based compensation is not subject to the deduction limitation if specified requirements are met. We periodically review the potential effects of Section 162(m) and we consider whether to structure the performance-based portion of our executive compensation to comply with exemptions in Section 162(m), so that the compensation remains tax deductible to us. However, our Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract, motivate and retain executive talent and are in our best interest and that of our stockholders.

Separation agreement with Mr. DeTore

On March 1, 2016, Mr. DeTore ceased serving as our Chief Financial Officer and principal financial officer, and on March 18, 2016, his employment with bluebird terminated. In connection with his departure, we entered into a Separation Agreement with Mr. DeTore, which superseded the severance provisions of his employment agreement, effective as of November 10, 2014. Mr. DeTore will continue to receive his base salary for a period of twelve months following his separation from bluebird. In addition, if he elects to continue his group healthcare benefits, to the extent authorized and consistent with COBRA, bluebird will pay the monthly employer contribution until the earlier of twelve months following his separation from bluebird, or the date Mr. DeTore becomes eligible for insurance through another employer or otherwise becomes ineligible for COBRA. Following his separation from bluebird, Mr. DeTore is engaged as a consultant, and his outstanding equity awards will continue to vest until the earlier of September 18, 2016, or the termination of his consulting agreement. Our Board of Directors determined that our entry into the separation agreement and consulting agreement with Mr. DeTore would, among other things, facilitate the transition of Mr. Walsh into the role of Chief Financial and Strategy Officer and Principal Financial Officer, and was in the best interests of our company and our stockholders.

Stock Option Granting Practices

Delegation to Our Chief Executive Officer

Currently, all of our employees, including our named executive officers, are eligible to participate in our 2013 Stock Option and Incentive Plan, or the 2013 Plan. All new full-time employees are granted stock options and restricted stock units when they start employment and all continuing employees are eligible for stock option and restricted stock unit awards on an annual basis based on performance and upon promotions to positions of greater responsibility. Our Compensation Committee has delegated to Mr. Leschly, our Chief Executive Officer, the authority to make equity awards under our 2013 Plan to new hires, in connection with promotions and in our annual incentive program, other than grants to vice presidents and executive officers. The number of stock options or restricted stock units he may grant to any one individual must be within the range specifically set by our Compensation Committee for

these awards. The exercise price of such stock options must be equal to the closing price of our common stock on the NASDAQ Global Market on the first business day of the calendar month following the date of hire or promotion. With respect to stock option awards and restricted stock units to new hires other than vice presidents and executive officers, Mr. Leschly approves the award prior to the employee's first date of employment with such authority and provides that the award is to be granted to the new hire on the first business day of the calendar month following the date of his or her first date of regular employment. With respect to stock option and restricted stock unit awards made in connection with promotions other than of vice presidents and executive officers, Mr. Leschly approves the award in connection with such promotion and provides that the award is to be granted on the first business day of the calendar month following the date of such promotion. Mr. Leschly is required to maintain a list of stock options and restricted stock units granted pursuant to such delegated authority and report to our Compensation Committee regarding such awards.

Compensation Risk Assessment

We believe that our executive compensation program does not encourage excessive or unnecessary risk taking. As described more fully above, we structure our pay to consist of both fixed and variable compensation, particularly in connection with our pay-for-performance compensation philosophy. We believe this structure motivates our executives to produce superior short- and long-term results that are in the best interests of our company and stockholders in order to attain our ultimate objective of increasing stockholder value, and we have established, and our Compensation Committee endorses, several controls to address and mitigate compensation related risk. As a result, we do not believe that our compensation programs are reasonably likely to have a material adverse effect on us.

Report of the Compensation Committee on Executive Compensation

Our Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" required by Item 402(b) of Regulation S-K with management. Based upon such review and discussions, our Compensation Committee recommended to our Board of Directors that such section be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K for the year ended December 31, 2015, which was filed with the SEC on February 25, 2016.

By the Compensation Committee of the Board of Directors of bluebird bio,

Daniel Lynch, Chair

Wendy Dixon, Ph.D.

John Maraganore, Ph.D.

In addition, the named executive officers may be entitled to accelerated vesting of their outstanding and unvested awards in certain circumstances. The information below describes certain compensation that may become due payable as a result of certain events. These payments and benefits are in addition to benefits available generally to salaried employees, including an ability to participate in our Section 401(k) plan, and our employee stock purchase plan, accrued benefits under our health and welfare plans and arrangements and vacation pay or other accrued benefits under our medical and dental insurance plans, that are not generally described. Outstanding equity awards for the named executive officers as of December 31, 2015 are set forth under “Outstanding equity awards at December 31, 2015.”

Involuntary termination of employment

Pursuant to their employment agreements, each named executive officer is eligible to receive certain payments and benefits in the event his employment is terminated by us without “cause” (as defined in his employment agreement) or in the event he terminates his employment with “good reason” (as defined in his employment agreement). Upon the timely execution of a severance agreement, including a general release of claims, each named executive officer is eligible to receive the following payments and benefits:

- 12 months of base salary continuation; and
- if he elects to continue his group healthcare benefits, to the extent authorized by and consistent with COBRA, we will pay the named executive officer a monthly cash payment equal to the monthly employer contribution we would have made to provide him health insurance if he had remained employed by us until the earlier of (1) 12 months following the date of termination, or (2) the end of the named executive officer’s COBRA health continuation period.

Sale event

Pursuant to the employment agreements and the award agreements governing equity awards granted to the named executive officers prior to the closing of our initial public offering on June 24, 2013, in the event of a “sale event” of bluebird (as defined in the 2010 Stock Option and Grant Plan), any such unvested stock options or other stock-based awards will immediately accelerate, vest and become fully exercisable or non-forfeitable as of the effective date of the sale event.

In addition, in the event that any of our current named executive officers terminates his employment with us for good reason or his employment with us is terminated by us without cause, in each case within 12 months following a “sale event” (as defined in the 2013 Stock Option and Incentive Plan), he will be entitled to receive the following payments and benefits upon the timely execution of a severance agreement, including a general release of claims:

- a lump sum cash payment equal to one times (or one and a half times in the case of Mr. Leschly) the sum of (1) the named executive officer’s then-current base salary (or base salary in effect immediately prior to the sale event, if higher) and (2) the named executive officer’s target annual incentive compensation (other than Dr. Gregory); and
- if he elects to continue his group healthcare benefits, to the extent authorized by and consistent with COBRA, we will pay the named executive officer a monthly cash payment equal to the monthly employer contribution we would have made to provide him health insurance if he had remained employed by us until the earlier of (1) 12 months (or 18 months in the case of Mr. Leschly) following the date of termination or (2) the end of the named executive officer’s COBRA health continuation period; and
- all stock options and other stock-based awards granted to the named executive officer after the date of his employment agreement will become fully exercisable and non-forfeitable as of the date of the named executive officer’s termination.

Separation agreement with Mr. DeTore

On March 1, 2016, Mr. DeTore ceased serving as our Chief Financial Officer and principal financial officer, and on March 18, 2016, his employment with bluebird terminated. In connection with his departure, we entered into a Separation Agreement with Mr. DeTore, which superseded the severance provisions of his employment agreement, effective as of November 10, 2014. Mr. DeTore will continue to receive his base salary for a period of twelve months following his separation from bluebird. In addition, if he elects to continue his group healthcare benefits, to the extent authorized and consistent with COBRA, bluebird will pay the monthly employer contribution until the earlier of twelve months following his separation from bluebird, or the date Mr. DeTore becomes eligible for insurance through another employer or otherwise becomes ineligible for COBRA. Following his separation from bluebird, Mr. DeTore is engaged as a consultant, and his outstanding equity awards will continue to vest until the earlier of September 18, 2016, or the termination of his consulting agreement.

Estimated Payment and Benefits Upon Termination or Change of Control

The amount of compensation and benefits payable to each named executive officers under our current employment agreements in various termination and change in control situations has been estimated in the tables below. The value of the option vesting acceleration was calculated for each of the tables below based on the assumption that the change in control and executive's employment termination occurred on December 31, 2015. The closing price of the Company's stock on the Nasdaq Global Select Market as of December 31, 2015, the last trading day of 2015, was \$64.22, which was used as the value of the Company's stock in the change in control. The value of the option vesting acceleration was calculated by multiplying the number of unvested option shares subject to vesting acceleration as of December 31, 2015 by the difference between the closing price of the Company's stock as of December 31, 2015 and the exercise price for such unvested option shares.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Procedures for related party transactions

We have adopted a related person transaction approval policy that governs the review of related person transactions at bluebird. Pursuant to this policy, if we want to enter into a transaction with a related person or an affiliate of a related person, our Chief Legal Officer will review the proposed transaction to determine, based on applicable NASDAQ and SEC rules, if such transaction requires pre-approval by the Audit Committee and/or Board of Directors. If pre-approval is required, such matters will be reviewed at the next regular or special Audit Committee and/or Board of Directors meeting. In addition, our compensation committee charter requires that compensation arrangements with our executive officers be approved by our Compensation Committee. We may not enter into a related person transaction unless our Chief Legal Officer has either specifically confirmed in writing that no further reviews are necessary or has confirmed that all requisite corporate reviews have been obtained.

Transactions with related persons

Based on a review of the transactions and arrangements between us and any related person or related person affiliate, we have determined that we were not a party to any transaction or arrangement in which any related person or related person affiliate has a direct or indirect material interest during the year ended December 31, 2015.

AUDIT COMMITTEE REPORT (1)

The Audit Committee has reviewed the Company's audited financial statements for the fiscal year ended December 31, 2015 and has discussed these statements with management and representatives of Ernst & Young LLP, the Company's independent registered public accounting firm. Company management is responsible for the preparation of the Company's financial statements and for maintaining an adequate system of disclosure controls and procedures and internal control over financial reporting for that purpose. Ernst & Young LLP is responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls.

The Audit Committee also received from, and discussed with, members of Ernst & Young LLP the written disclosures and other communications that the Company's independent registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by Auditing Standard No. 16 (AS 16) (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board, or PCAOB. PCAOB AS No. 16 requires our independent registered public accounting firm to discuss with the Audit Committee, among other things, the following:

- methods to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the independent registered public accounting firm's conclusions regarding the reasonableness of those estimates; and
- disagreements with management regarding financial accounting and reporting matters and audit procedures.

Ernst & Young LLP also provided the Audit Committee with the written disclosures and the letter required by Rule 3526 of the PCAOB. PCAOB Rule 3526 requires independent registered public accounting firms annually to disclose in writing all relationships that in their professional opinion may reasonably be thought to bear on independence, to confirm their perceived independence and engage in a discussion of independence. The Audit Committee has reviewed this disclosure and has discussed with members of Ernst & Young LLP their independence from the Company.

Based on its discussions with management and our independent registered public accounting firm, and its review of the representations and information provided by management and our independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC.

PROPOSAL 3: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The firm of Ernst & Young LLP, independent registered public accounting firm, has been selected by the Audit Committee as auditors for bluebird for the fiscal year ending December 31, 2016. Ernst & Young LLP acted as the independent registered public accounting firm for bluebird for the years ended December 31, 2015, 2014 and 2013. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she desires and to respond to appropriate questions.

The Company's organizational documents do not require that the stockholders ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. bluebird requests such ratification as a matter of good corporate practice. The selection of Ernst & Young LLP as our independent registered public accounting firm will be ratified if the votes cast FOR exceed the votes cast AGAINST the proposal. Brokers, bankers and other nominees have discretionary voting power on this routine matter. Abstentions and broker non-votes will have no effect on the ratification. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Ernst & Young LLP, but still may retain this firm. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of bluebird and its stockholders.

The Audit Committee, or a designated member thereof, pre-approves each audit and non-audit service rendered by Ernst & Young LLP to bluebird consistent with the bluebird Audit and Non-Audit Services Pre-Approval Policy.
