ANNUAL MEETING OF STOCKHOLDERS

To Be Held on May 21, 2019

INFORMATION CONCERNING VOTING AND SOLICITATION

General

Your proxy is solicited on behalf of the board of directors (our "Board") of The New Home Company Inc., a Delaware corporation (the "Company"), for use at our 2019 Annual Meeting of Stockholders to be held May 21, 2019 at 8:30 a.m. local time, at the Renaissance Aliso Viejo Hotel, located at 50 Enterprise, Aliso Viejo, CA 92656, or at any continuation, postponement or adjournment thereof (the "Annual Meeting"), for the purposes discussed in this proxy statement and in the accompanying Notice of Annual Meeting of Stockholders and any business properly brought before the Annual Meeting. Proxies are solicited to give all stockholders of record an opportunity to vote on matters properly presented at the Annual Meeting.

We have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders of record, while brokers and other nominees who hold shares on behalf of beneficial owners will be sending their own similar notice. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to request a printed copy of the proxy materials by mail or electronically may be found on the Notice and on the website referred to in the Notice, including an option to request paper copies on an ongoing basis. On or about April 5, 2019, we intend to make this proxy statement available on the Internet, and on or before April 11, 2019, we intend to mail the Notice to all stockholders entitled to vote at the Annual Meeting. We intend to mail this proxy statement and our Annual Report, together with a proxy card to those stockholders entitled to vote at the Annual Meeting who have properly requested paper copies of such materials, within three business days of such request.

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy materials. This means that only one copy of our proxy materials or the Notice, as applicable, may have been sent to multiple stockholders in the same house. We will promptly deliver a separate Notice and, if requested, a separate proxy statement and annual report, to each stockholder that makes a request using the procedure set forth on the Notice.

On January 30, 2014, The New Home Company LLC ("TNHC LLC") converted into a Delaware corporation and was renamed The New Home Company Inc., which we refer to as our formation transaction. As used in this proxy statement, unless the context otherwise requires or indicates, references to "the Company," "our Company," "we," "our," and "us" (1) for periods prior to the completion of our formation transaction, refer to TNHC LLC and its subsidiaries and affiliates, and (2) following the completion of our formation transaction, refer to The New Home Company Inc. and its subsidiaries.

Important Notice Regarding the Availability of Proxy Materials for the 2019 Annual Meeting of Stockholders to be Held on May 21, 2019.

The Notice of Annual Meeting of Stockholders, this proxy statement, our 2018 Annual Report (the "Annual Report") and a sample proxy card are available at www.proxyvote.com. You are encouraged to access and review all of the important information contained in the proxy materials before voting.

Who Can Vote

You are entitled to vote if you were a stockholder of record of our common stock as of the close of business on March 25, 2019. At the close of business on March 25, 2019, 20,049,113 shares of our common stock were outstanding and

entitled

1

to vote. You are entitled to one vote for each share of common stock held on all matters to be voted upon at the Annual Meeting. Your shares may be voted at the Annual Meeting only if you are present in person or represented by a valid proxy.

Voting of Shares

Any stockholder as of the record date may vote by attending the Annual Meeting and voting in person, or by submitting a proxy. The method of voting by proxy differs (1) depending on whether you are viewing this proxy statement on the Internet or receiving a paper copy, and (2) for shares held as a record holder and shares held in "street name."

Record Holders. If you hold your shares of common stock as a record holder and you are viewing this proxy statement on the Internet, you may vote by submitting a proxy over the Internet by following the instructions on the website referred to in the Notice previously mailed to you. You may request paper copies of the proxy statement, Annual Report and proxy card by following the instructions on the Notice. If you hold your shares of common stock as a record holder and you are reviewing a paper copy of this proxy statement, you may vote your shares by completing, dating and signing the proxy card that was included with the proxy statement and promptly returning it in the pre-addressed, postage paid envelope provided to you, or by submitting a proxy over the Internet or by telephone by following the instructions on the proxy card.

Street Name. If you hold your shares of common stock in street name, which means your shares are held of record by a broker, bank or nominee, you will receive a notice from your broker, bank or other nominee that includes instructions on how to vote your shares. Your broker, bank or nominee will allow you to deliver your voting instructions over the Internet and may also permit you to vote by telephone or by mail. In addition, you may request paper copies of the proxy statement and proxy card from your broker by following the instructions on the Notice provided by your broker.

Stockholders may provide voting instructions by telephone by calling toll free 1-800-690-6903 from the U.S. or Canada, or via the internet at www.proxyvote.com at any time before 11:59 p.m. Eastern Time on May 20, 2019. Telephone and internet voting access is available 24 hours a day, 7 days a week until 11:59 p.m. Eastern Time on May 20, 2019. Please have your notice and proxy control number in hand when you telephone or visit the website. If you vote through the Internet, you should be aware that you may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers and that these costs must be borne by you. If you vote by Internet or telephone, then you need not return a written proxy card by mail.

YOUR VOTE IS VERY IMPORTANT. You should submit your proxy even if you plan to attend the Annual Meeting. If you properly give your proxy and submit it to us in time to vote, one of the individuals named as your proxy will vote your shares as you have directed.

All shares entitled to vote and represented by properly submitted proxies (including those submitted electronically, telephonically and in writing) received before the polls are closed at the Annual Meeting, and not revoked or superseded, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If, as a record holder, you do not indicate your voting directions on your signed proxy, your shares will be voted according to the recommendation of our Board, as follows:

- "FOR" the election of Sam Bakhshandehpour, Michael Berchtold and Wayne Stelmar to the Board for a three-year term expiring at our 2022 annual meeting of stockholders, and
- "FOR" the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2019.

The proxy gives each of H. Lawrence Webb and John M. Stephens discretionary authority to vote your shares in accordance with his best judgment with respect to all additional matters that might come before the Annual Meeting and any continuation, postponement or adjournment of the Annual Meeting. If you hold your shares in street name and do not give

direction to your broker on how to vote your shares, your broker does not have authority to vote on the election of the directors. Your broker does have discretion to vote on the ratification of the selection of the independent auditors.

Revocation of Proxy

If you are a stockholder of record, you may revoke your proxy at any time before your proxy is voted at the Annual Meeting by taking any of the following actions:

- delivering to our secretary a signed written notice of revocation, bearing a date later than the date of the proxy, stating that the proxy is revoked;
- signing and delivering a new paper proxy, relating to the same shares and bearing a later date than the original proxy;
- authorizing another proxy by telephone or over the Internet (your most recent telephone or Internet authorization will be used); or
- attending the Annual Meeting and voting in person.

Attendance at the Annual Meeting will not, by itself, revoke a proxy. Written notices of revocation and other communications with respect to the revocation of the Company proxies should be addressed to the mailing address of our principal executive offices:

The New Home Company Inc.
85 Enterprise, Suite 450
Aliso Viejo, California 92656
Attn: Secretary

If your shares are held in "street name," you may change your vote by submitting new voting instructions to your broker, bank or other nominee. You must contact your broker, bank or other nominee to find out how to do so. See "Voting in Person" below regarding how to vote in person if your shares are held in street name.

Attending the Annual Meeting

Stockholders who wish to attend the Annual Meeting will be required to present: (1) verification of ownership of our common stock, such as a bank or brokerage firm account statement and (2) a valid government-issued picture identification, such as a driver's license or passport. Directions to the Annual Meeting are available at www.proxyvote.com.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

Voting in Person

If you plan to attend the Annual Meeting and wish to vote in person, you will be given a ballot at the Annual Meeting. Please note, however, that if your shares are held in "street name," which means your shares are held of record by a broker, bank or other nominee, and you wish to vote at the Annual Meeting, you must bring to the Annual Meeting a legal proxy from the record holder of the shares, which is the broker or other nominee, authorizing you to vote at the Annual Meeting.

Quorum and Votes Required

At the close of business on March 25, 2019, 20,049,113 shares of our common stock were outstanding and entitled to vote. All votes will be tabulated by the inspector of election appointed for the Annual Meeting.

Quorum. A majority in voting power of the outstanding shares of common stock entitled to vote, present in person or represented by proxy, will constitute a quorum at the Annual Meeting. Shares of common stock held by persons attending the Annual Meeting but not voting, shares represented by proxies that reflect abstentions as to a particular proposal and broker "non-votes" will be counted as present for purposes of determining a quorum.

Broker Non-Votes and Abstentions. Brokers or other nominees who hold shares of common stock in "street name" for a beneficial owner of those shares typically have the authority to vote in their discretion on "routine" proposals when they have not received instructions from beneficial owners. However, without specific instruction from the beneficial owner, brokers or other nominees are not allowed to exercise their voting discretion with respect to the election of directors or for the approval of matters which are considered to be "non-routine." These non-voted shares are referred to as "broker non-votes." Only Proposal 2 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. Proposal 1 (election of directors) is considered a non-routine matter, and without your instruction, your broker or other nominee cannot vote your shares. Broker non-votes are not considered as having voted for purposes of determining the outcome of a vote. Abstentions may be specified for Proposal 2 (ratifying the appointment of our independent registered public accounting firm) and your vote may be "withheld" in the election of directors. Stockholder approval of each proposal requires the following votes:

Proposal 1 - Election of Directors. Directors will be elected by a plurality of the votes cast. Thus, the three nominees receiving the highest number of shares voted "for" their election will be elected. Withheld votes will not be counted in determining which nominees received a plurality of votes cast. Brokers do not have discretionary authority to vote on the election of directors. Broker non-votes will not affect the outcome of the election of directors.

Proposal 2 - Ratification of the Selection of Our Independent Auditors. The affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting and entitled to vote is required for the ratification of the selection of Ernst & Young LLP as our independent auditors (meaning that of the shares represented at the meeting and entitled to vote, a majority of them must be voted "for" the proposal for it to be approved). Abstentions will have the same effect as voting against this proposal because they represent shares present in person or by proxy and entitled to vote. Brokers have discretionary authority to vote on the ratification of our independent auditors, thus broker non-votes are generally not expected to result from the vote on this proposal.

Solicitation of Proxies

Our Board is soliciting proxies for the Annual Meeting from our stockholders. We will bear the entire cost of soliciting proxies from our stockholders. In addition to the solicitation by mail, the Company, our officers, employees and agents may solicit proxies by telephone, by facsimile, electronically, including by email or in person. We do not expect to use a proxy solicitor to assist in the solicitation of proxies at this year's annual meeting. Copies of solicitation materials will be furnished to banks, brokers, fiduciaries and custodians holding shares of our common stock in their names that are beneficially owned by our stockholders, so they may forward the solicitation materials to the beneficial owners and secure those beneficial owners' voting instructions. We may reimburse persons representing beneficial owners for their costs of forwarding the solicitation materials to the beneficial owners.

Stockholder List

A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for any purpose germane to the Annual Meeting during ordinary business hours at our corporate headquarters offices located at 85 Enterprise, Suite 450, Aliso Viejo, California 92656 for the ten days prior to the annual meeting, and also at the Annual Meeting.

Explanatory Note

The Company closed its initial public offering on February 5, 2014. We are an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act") and we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to companies that are not "emerging growth companies." These provisions include, among other matters:

- an exemption from the auditor attestation requirement in the assessment of our internal control over financial reporting;
- reduced disclosure about our executive compensation arrangements and exemption from being required to include a Compensation Discussion and Analysis section in this proxy statement; and
- an exemption from the requirement to seek non-binding advisory votes on executive compensation.

Our status as an "emerging growth company" is scheduled to expire on December 31, 2019.

In June 2018, the Securities and Exchange Commission (the "SEC") revised its definition of "smaller reporting company" by, among other things, increasing the public float test to qualify as a "smaller reporting company" as defined in Item 10(f) of Regulation S-K of the Securities Act of 1933. Although it changed the definition of "smaller reporting company," the SEC did not change the definition of "accelerated filer" and, as a result, the Company qualified as both a "smaller reporting company" and an "accelerated filer" under such rules as of December 31, 2018. We may continue to utilize some or all of the exemptions available to smaller reporting companies until such time that we are no longer a smaller reporting company. Accordingly, the information contained herein may be different from the information you receive from other public companies in which you invest.

PROPOSAL 1

ELECTION OF DIRECTORS

Board Structure and Nominees

Our Board currently consists of nine directors. The directors are divided into three classes; Class I, Class II, and Class III. Each director serves a term of three years. At each Annual Meeting, the term of one class expires. The class of directors with a term expiring at this Annual Meeting, Class II, consists of three directors.

Based upon the recommendation of our Nominating and Corporate Governance Committee, our Board has nominated Sam Bakhshandehpour, Michael Berchtold and Wayne Stelmar for election as Class II directors to the Board at the Annual Meeting. If elected, each director nominee would serve a three-year term expiring at the close of our 2022 Annual Meeting, or until their successors are duly elected. Sam Bakhshandehpour, Michael Berchtold and Wayne Stelmar currently serve on our Board. Biographical information on each of the nominees is furnished below under "Director Biographical Information."

On February 5, 2014, in connection with our initial public offering, we entered into an investor rights agreement (the "Investor Rights Agreement") with IHP Capital Partners VI, LLC ("IHP"), Watt/TNHC LLC ("Watt") and TCN/TNHC LP ("Tricon") (collectively, the "Institutional Investors") and each of H. Lawrence Webb, Wayne Stelmar, Joseph Davis and Thomas Redwitz. Pursuant to the Investor Rights Agreement, each Institutional Investor had the right to designate one individual for nomination and election to our Board for as long as such Institutional Investor owned 4% or more of our then-outstanding common stock (excluding shares of common stock that are subject to issuance upon the exercise or exchange of rights of conversion or any options, warrants or other rights to acquire shares). Each Institutional Investor also agreed to vote all shares of our common stock that it owns in favor of Messrs. Webb, Stelmar or Berchtold (or, if at that time nominated as a director, Messrs. Davis or Redwitz) in any election in which Messrs. Webb, Stelmar or Berchtold (or, as the case may be, Messrs. Davis or Redwitz) was a nominee, and each of Messrs. Webb, Stelmar, Davis and Redwitz agreed to vote all shares of our common stock that he owns in favor of each nominee designated by an Institutional Investor in any election of directors in which such a designee was a nominee. On May 22, 2018, the parties to the Investor Rights Agreement amended such agreement to provide for its termination as to Watt and Tricon. As a result, neither Watt nor Tricon had any further rights or obligations pursuant to the Investor Rights Agreement. Douglas C. Neff is the nominee designated by IHP and is the sole remaining Institutional Investor.

Set forth below is information as of April 4, 2019 regarding each of our directors, including each director nominee. Dates of service prior to January 30, 2014 relate to service on the board of managers of TNHC LLC.

For more information on the director nomination and other provisions under the Investor Rights Agreement, see "Board Structure and Nominees."

Davis or Redwitz) in any election in which Messrs. Webb, Stelmar or Berchtold (or, as the case may be, Messrs. Davis or Redwitz) is a nominee. For more information on the director nomination and other provisions under the Investor Rights Agreement, see "Board Structure and Nominees." The Board has concluded Mr. Stelmar should serve as a director based on his depth of executive and financial management experience within the real estate industry and his contributions to our formation and growth.

Webb, Stelmar or Berchtold (or, if at that time nominated as a director, Messrs. Davis or Redwitz) in any election in which Messrs. Webb, Stelmar or Berchtold (or, as the case may be, Messrs. Davis or Redwitz) is a nominee. For more information on the director nomination and other provisions under the Investor Rights Agreement, see "Board Structure and Nominees." Composition of our Board of Directors

Our Amended and Restated Certificate of Incorporation provides that, subject to the rights and preferences of any series of outstanding preferred stock, the authorized number of directors shall consist of at least three directors, with the exact number set by our Board. Our Board has set the current authorized directors at nine members, and our Board currently consists of nine directors. The directors are divided into three classes; Class I, Class II, and Class III. Each director serves a term of three years. At each Annual Meeting, the term of one class expires. The class of directors with a term expiring at this Annual Meeting, Class II, consists of three directors.

Our Board has adopted Corporate Governance Guidelines concerning overall governance practices. These guidelines can be found in the "Investors" section of our website at <https://www.NWHM.com>. In addition, these guidelines are available in print to any stockholder who requests a copy. Please direct all requests to The New Home Company Inc., Attention: Secretary, 85 Enterprise, Suite 450, Aliso Viejo, California 92656.

Investor Rights Agreement

The Investor Rights Agreement provides for board nomination rights and voting obligations. For a discussion of this agreement, please see "Proposal 1—Election of Directors—Board Structure and Nominees."

Board Leadership Structure

Our Chairman and Chief Executive Officer roles have been combined since January 2014 when we converted from a limited liability company into a corporation in connection with our initial public offering. After carefully considering the benefits and risks of separating the roles of the Chairman of our Board and Chief Executive Officer, our Board determined that it is in the best interests of the Company and our stockholders to have our Chief Executive Officer

lead our Board as Chairman. This combined role facilitates centralized coherent leadership that maximizes the effectiveness of our Board given its size and breadth of industry experience. The combined role approach also enhances accountability among senior

management and directors and aligns the strategy and goals of the Board with management. The Board evaluates the advisability of the combined roles at least annually.

As permitted by our Corporate Governance Guidelines, the Board adopted a Lead Independent Director Charter in February 2018 to provide for an independent nonexecutive director to act as Lead Independent Director.

Characteristics for the Nominating and Corporate Governance Committee to consider in making a nomination for Lead Independent Director include: (i) sound judgment and confidence to stand up for proper course of action in difficult times, (ii) understanding of the Company, its industry and strategy, (iii) forward-looking vision for the Company, (iv) interpersonal skills necessary to: build consensus, foster communication, be a trusted sounding board for directors, and communicate with stockholders on complex issues, and (v) time and desire to properly perform the role. The Lead Independent Director is nominated by the Nominating and Corporate Governance Committee and confirmed by a majority of the independent directors of the Board to serve for such term as determined by those directors or until such earlier time as she or he ceases to be a director, resigns as Lead Independent Director, or is replaced as Lead Independent Director by a majority vote of the independent directors. If the Lead Independent Director is not present at an executive session of non-employee Directors or independent Directors, another non-employee or independent Director designated by the Lead Independent Director shall preside at that executive session. Mr. Berchtold currently serves as our Lead Independent Director. The Lead Independent Director receives additional compensation for his or her services, as the Board determines from time to time; currently, such additional compensation for the Lead Independent Director is a \$25,000 cash retainer.

The specific responsibilities of the Lead Independent Director when acting as such include the following:

- Set agendas for and preside over executive sessions of non-employee Directors and independent Directors and report to the Board, as appropriate, concerning those sessions.

- Collaborate with the Chairman and senior management regarding agendas for Board meetings and recommend matters for the Board to consider and information to be provided to the Board.

- Chair all meetings of the Board when the Chairman is not present.

- Serve as a liaison and supplemental channel of communication between Directors and the Chairman and senior management without inhibiting direct communications between the Chairman, senior management and other Directors.

- - Serve as a liaison and be available for consultation and communication between the Board and stockholders.

- Organize performance evaluations of the CEO and other directors.

- Advise the Chairman concerning the retention of advisors and consultants who report directly to the Board.

The Board recognizes the importance of regularly evaluating our particular circumstances to determine if our leadership structure continues to serve the best interests of us and our stockholders. To this end, the Board engages in a regular assessment of whether the then current leadership structure remains the most appropriate for us. Our Corporate Governance Guidelines permit the Board to fill the positions of Chairman and Chief Executive Officer with one individual or two different individuals and, as noted above, also allow the Board to appoint a Lead Independent Director. As a result, the Board has the flexibility to alter its leadership structure in the future to adapt to changing circumstances as and when needed.

Self-Evaluation and Management Evaluations, Executive Sessions

The independent directors of our Board periodically meet in executive session without management or other employees present. At least annually, the Board performs a performance evaluation of management and the CEO. The Board also conducts an annual self-assessment of each individual director's performance, the Board's performance, and the performance of each committee of the Board. Each committee also conducts a similar self-assessment, both at the individual and committee level. The Nominating and Corporate Governance Committee utilizes the results of this self-evaluation process in assessing and determining the characteristics and critical skills required of prospective candidates for election to the Board and making recommendations to the Board with respect to assignments of Board members to various committees.

Board Independence

Our Board has determined that six of our current directors, Messrs. Berchtold, Bakhshandehpour, Lindstrom, Witte, Heeschen and Ms. Lowe, constituting a majority, and Ms. Watt (our former Director who left our Board in May 2018), satisfy the listing standards for independence of the New York Stock Exchange (the "NYSE") and Rule 10A-3 under the Exchange Act, as well as our own Corporate Governance Guidelines. Mr. Webb is not considered independent as he is employed by the

Company as our Chief Executive Officer. Mr. Stelmar is not independent due to his status as a recently retired executive officer and due to the consulting services he provides, as described under "Certain Relationships and Related Person Transactions—Transactions With Related Persons." Mr. Neff is President of IHP Capital Partners, which is an affiliate of IHP, the owner of approximately 12.1% of our stock. IHP Capital Partners is also involved in various related party transactions described in more detail under "Certain Relationships and Related Person Transactions—Transactions With Related Persons." Due to the foregoing, Mr. Neff does not satisfy the New York Stock Exchange Standards and has not been determined independent. Mr. Berman, our former director who left our board in May 2018, is Chairman of Tricon Capital Group Inc. ("Tricon Capital"), an affiliate of TCN/TNHC LP (an entity which owns approximately 7.5% of our common stock). As further described under "Certain Relationships and Related Person Transactions—Transactions With Related Persons" various affiliates of Tricon Capital are our joint venture partners in three joint ventures and the Company has purchased land from one of these joint ventures. Therefore, Mr. Berman does not satisfy the New York Stock Exchange Standards and has not been determined independent.

Board Meetings

Our Board held six meetings during 2018, and all directors attended at least 75% of the combined total of (i) all Board meetings and (ii) all meetings of committees of our Board of which the director was a member. The Chairman or his designee, taking into account suggestions from the Lead Independent Director and other Board members, establishes the agenda for each Board meeting and distributes it in advance to each member of our Board. Each Board member is free to suggest the inclusion of items on the agenda. The independent directors of our Board regularly meet in executive session without management or other employees present. Although we have no policy with regard to Board attendance at our annual meetings of stockholders, our directors are invited and generally expected to attend the Company's annual meeting of stockholders. All of our Board members, except Mr. Neff and Ms. Watt, attended our 2018 annual meeting of the stockholders in person or via teleconference.

Board Committees

Our Board maintains a standing Audit Committee, Nominating and Corporate Governance Committee (the "Nominating Committee") and Compensation Committee. We have also recently formed a special committee (the "Related Party Review Committee") to review certain related party transactions which does not have a formal charter. To view the charter of each of our Audit Committee, our Nominating Committee, and our Compensation Committee, please visit the "Investors" section of our website at <https://www.NWHM.com>. In addition, the charters for each of those committees are available in print to any stockholder who requests a copy. Please direct all requests to The New Home Company Inc., Attention: Secretary, 85 Enterprise, Suite 450, Aliso Viejo, California 92656. Our Board has determined that each of the members of our Audit Committee, our Nominating Committee and our Compensation Committee is independent in accordance with the NYSE rules, the requirements of SEC and our Corporate Governance Guidelines. The membership of all of our standing Board committees as of April 4, 2019 is as follows:

Audit Committee

Our Audit Committee is comprised of three independent directors (within the meaning of Rule 10A-3 and the NYSE standards, including those applicable to audit committee members), Ms. Lowe (Chair) and Messrs. Bakhshandehpour and Heeschen. Each of these members is "financially literate" under the applicable NYSE listing standards and under the rules of the SEC. Our Board has also determined that each of Ms. Lowe and Mr. Heeschen qualify as an "audit committee financial expert" as such term is defined by the rules of the SEC. A brief description of Ms. Lowe and Mr. Heeschen's experience is found in each of their biographies in this Proxy Statement. Our Audit Committee met seven times during 2018. The purpose of our Audit Committee, pursuant to its written charter, is, among other matters, to assist our Board in its oversight of (1) the Company's financial reporting, (2) the Company's auditing and internal control activities, (3) compliance with legal and regulatory requirements, (4) the qualifications and independence of the Company's external auditor, (5) the performance of the Company's internal auditing function and (6) the Company's overall risk exposure and management. Our Audit Committee is also responsible for preparing the Audit Committee Report to be included in our annual proxy statements and is also generally responsible for approving transactions with related persons (as defined herein) pursuant to our related persons transactions policy. This authority has been partially delegated to the Related Party Review Committee as discussed below. The provisions of this policy are discussed in further detail on page 40. Mr. Heeschen replaced Mr. Witte as a member of our Audit Committee on April 4, 2018 as part of the Board's effort to rotate its independent directors among committees with a view toward balancing the benefits derived from continuity against benefits derived from the diversity of experience and viewpoints of the various directors.

Nominating and Corporate Governance Committee

Our Nominating Committee is comprised of three independent directors, Messrs. Heeschen (Chair), Berchtold and Lindstrom. Our Nominating Committee met three times during 2018. The purpose of our Nominating Committee is to identify qualified candidates to become Board members, select nominees for election as directors, select candidates to fill any vacancies on our Board, develop and recommend to the Board a set of corporate governance guidelines and oversee the evaluation of our Board and management. Our Nominating Committee works with our Board as a whole on an annual basis to determine the appropriate skills and characteristics required of Board members in the context of the current make-up of our Board and its committees. Mr. Heeschen replaced Mr. Lindstrom as Chair of our Nominating Committee and Mr. Berchtold replaced Ms. Lowe as a member of our Nominating Committee on April 4, 2018 as part of the Board's effort to rotate its independent directors among committees with a view toward balancing the benefits derived from continuity against benefits derived from the diversity of experience and viewpoints of the various directors.

Subject to the requirements set forth in the Corporate Governance Guidelines, the Nominating Committee utilizes a variety of methods for identifying director nominees, which may include considering potential director candidates who come to the committee's attention through current officers, directors, professional search firms, stockholders or other persons. The Nominating Committee seeks to include diverse candidates in the pool from which new Board nominees are chosen. Our Nominating Committee is responsible for reviewing with our Board, on an annual basis the appropriate characteristics, skills and experience required for our Board as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current Board members), the members of our Nominating Committee, in recommending candidates for election, and our Board, in approving (and, in the case of vacancies, appointing) such candidates, takes into account many factors, including: personal and professional integrity, ethics and values, experience in corporate management, experience in our industry and with relevant social policy concerns, diversity, experience as a Board member of another publicly held company, academic expertise in an area of our operations, and practical and mature business judgment. The Nominating Committee will also consider California's new legislation, SB 826, in its consideration of nominees to the Board.

Pursuant to the terms of the Investor Rights Agreement, as amended (described in more detail under the third paragraph under "Election of Directors—Board Structure and Nominees"), so long as IHP beneficially owns shares representing 4% or more of the total voting power, IHP has the right to designate a member to our Board and the Board is required to nominate such individual designated by IHP. Our Nominating Committee reviews the

characteristics and qualifications of each Board member required by the Company's charters and Corporate Governance Guidelines, including the Board member designated by an IHP, prior to recommending that the Board nominate any Board member or designee. Our Board evaluates each individual in the context of our Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a director for re-election, the independent director members of our Nominating Committee may consider the director's past attendance at meetings and participation in and contributions to the activities of our Board. While the Company values diversity and the Board considers diversity in its evaluation process, it has not adopted a specific policy regarding Board diversity. Our Nominating Committee may delegate any or all of its responsibilities to a subcommittee of the Nominating Committee to the extent permitted by

applicable law. Due to Mr. Heeschen's ownership interest in a subcontractor, TL Fab, with whom the Company contracts in its ordinary course of business, the Nominating Committee has formed a sub-committee consisting of the remaining two members of the Nominating Committee in order to assess Mr. Heeschen's independence. Mr. Heeschen is also a member of our Audit Committee, and similarly recuses himself from participation in approving the related party transaction with TL Fab. For more information about this related party transaction, see "Certain Relationships and Related Person Transactions—Transactions With Related Persons."

Consideration of Stockholder-Recommended Director Nominees

Our Nominating Committee will consider director nominee recommendations submitted by our stockholders. Stockholders who wish to recommend a director nominee may submit their suggestions to our principal executive offices by sending a letter describing the nominee's name qualifications to The New Home Company Inc., Attention Secretary, 85 Enterprise, Suite 450, Aliso Viejo, California 92656. Recommendations submitted by stockholders will be considered in the same manner as recommendations received from other sources.

Our bylaws also permit stockholders to nominate directors for election at an annual stockholder meeting. See "Other Matters—Stockholder Proposals and Nominations—Proposals and Nominations Pursuant to Our Bylaws."

Compensation Committee

Our Compensation Committee is comprised of Messrs. Lindstrom (Chair) and Bakhshandehpour and Ms. Lowe. Our Board has determined that all of the members of our Compensation Committee are "independent" within the meaning of our director independence standards and the NYSE director independence standards (including those applicable to Compensation Committee members). Our Compensation Committee (or a subcommittee thereof) consists of at least two directors that qualify as "non-employee directors" for the purposes of Rule 16b-3 under the Exchange Act and satisfies the requirements of an "outside director" for purposes of section 162(m) of the Internal Revenue Code. The Board has determined that Messrs. Lindstrom (Chair) and Bakhshandehpour and Ms. Lowe each qualify as "non-employee directors" and "outside directors." Our Compensation Committee met five times in 2018. Our Compensation Committee reviews and establishes the compensation of our senior executives, including our Chief Executive Officer, on an annual basis, has direct access to third party compensation consultants and legal counsel, and administers our equity based plans, including the review and grant of equity awards to eligible employees and consultants under our equity based plans. The Compensation Committee also annually reviews the compensation of directors for service on the Board and its committees and recommends changes in compensation to the Board as appropriate. The Compensation Committee performs an annual compensation risk assessment and may also, from time to time, review and approve overall compensation programs. As discussed below, the Compensation Committee's independent compensation consultant provides a risk assessment of our compensation practices to help the Compensation Committee perform its annual compensation risk assessment. Following its annual risk assessment for the 2018 compensation year, in conjunction with advice from its compensation consultant, the Compensation Committee determined that it does not believe the Company's compensation plans are likely to result in a material and adverse effect on the Company. Our Compensation Committee may delegate any or all of its responsibilities to a subcommittee of the Compensation Committee to the extent permitted by applicable law.

Our Compensation Committee reviews and approves or recommends all compensation for all executive officers and all officers as such term is defined in Rule 16a-1, promulgated under the Exchange Act, directors and all such categories of other employees of the Company or its subsidiaries as our Board determines from time to time. For compensation decisions relating to our Chief Executive Officer, our Compensation Committee reviews and approves corporate goals and objectives relating to the compensation of the Chief Executive Officer, evaluates the performance of the Chief Executive Officer in light of those goals and objectives and, based upon this evaluation (either alone or, if directed by the Board, in conjunction with a majority of the independent directors of the Board), sets the Chief Executive Officer's compensation. The Compensation Committee also performs an annual performance evaluation of all officers as such term is defined in Rule 16a-1 and leads a management evaluation discussion with the full non-employee board in executive session on an annual basis.

Use of Compensation Consultant and Role of Management

Our Compensation Committee is committed to staying apprised of current issues and emerging trends, and ensuring that our executive compensation program remains aligned with best practice. To this end, our Compensation Committee has engaged the services of Semler Brossy Consulting Group ("SBCG") to assist it in evaluating executive compensation matters. During 2018, SBCG only provided services to our Compensation Committee and such services were related primarily to executive and non-employee director compensation. SBCG also provided additional services related to compensation of employees below the executive officer level for purposes of providing the Compensation Committee with advice regarding our overall compensation programs, including risks related thereto. The Compensation Committee solicited and approved

such additional services by SBCG. While conducting assignments, SBCG interacts with our management when appropriate. Our General Counsel works with SBCG to provide information regarding the Company and helps prepare its executive compensation policies and practices. The Company's Chief Executive Officer annually reviews each executive officer's performance with the Compensation Committee and makes recommendations to the Compensation Committee with respect to the appropriate base salary and incentive compensation program for each executive officer other than himself. The Compensation Committee takes these proposals into consideration, among other matters, when making compensation decisions. SBCG reports directly to our Compensation Committee with respect to executive and non-employee director compensation matters and the Compensation Committee may replace it or hire additional consultants at any time. During 2018, SBCG provided our Compensation Committee and Board with compensation data related to executives at public homebuilders, helped the Compensation Committee select appropriate performance measures and goals, and advised the Compensation Committee regarding evolving compensation best practices and trends. Specifically, SBCG provided information relating to competitiveness of pay levels, compensation plan design, pool availability, executive ownership guidelines, specific equity grant matters, market trends, risk assessment and management, and technical considerations concerning named executive officers, other officers and directors. SBCG also reviewed and commented on the Company's 2018 proxy statement. During 2018, at the request of the Compensation Committee, a representative of SBCG attended all scheduled quarterly Compensation Committee meetings.

Each year our Compensation Committee reviews the independence of its compensation consultants and other advisors. In performing its analysis, our Compensation Committee considers the factors set forth in SEC rules and NYSE listing standards. After review and consultation with SBCG, our Compensation Committee determined that SBCG is independent and there is no conflict of interest resulting from retaining SBCG currently or during the year ended December 31, 2018.

For further information on our executive officers' compensation, please see "Executive Compensation."

Related Party Review Committee

In March 2019 the Board formed a special committee to analyze, evaluate and negotiate, as applicable, related party transactions with entities affiliated with IHP and Douglas Neff (the "Related Party Review Committee"). The Related Party Review Committee is comprised of Paul C. Heeschen (Chair), Gregory P. Lindstrom, Sam Bakhshandehpour and Cathey Lowe. This committee is delegated the power (but not the obligation) to substitute for our Audit Committee under our related party transactions policy for purposes of such transactions.

Executive Committee

We previously had a standing Executive Committee comprised of members of our Board which evaluated and reviewed certain real estate- and borrowing-related transactions on behalf of our board. In March 2019, a formal land committee comprised of members of management was formed to review and approve all land transactions with significant transactions over a certain threshold or with certain characteristics being approved directly by the Board, effectively eliminating the middle tier of the Executive Committee approval.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves, or has in the past fiscal year served, as a member of the Board or Compensation Committee, or other committee serving an equivalent function, of any entity that has one or more executive officers who serve as members of our Board or our Compensation Committee. None of the members of our Compensation Committee is, or has ever been, an officer or employee of our company.

Risk Oversight

One of the key functions of our Board is informed oversight of our risk management process. The involvement of our full Board in determining our business strategy is a key part of its assessment of management's risk tolerance and also a determination of what constitutes an appropriate level of risk for the Company. Our Board administers oversight for the risk management process function directly, with support from its standing committees, each of which will address risks specific to its area of oversight. In particular, each year the full Board reviews the Company's business plan with management and discusses risks that could affect the plan and measures to cope with those risks. In addition, Management must obtain the approval of the Board before proceeding with any land acquisition above

a pre-established threshold. Finally, the General Counsel reports to the Board regarding the Company's insurance programs and legal and regulatory risks that might expose the Company to liability or loss. In some instances the Board delegates responsibility for the execution of

certain elements of risk oversight to the committees in order to ensure appropriate expertise, attention and diligence. The committees oversee the relevant risk areas and report to the Board regularly. Management is responsible for ensuring that the Board and its committees are kept well informed of changing risks.

The Audit Committee is responsible for overseeing the integrity of the Company's financial statements, the Company's accounting and financial reporting processes, the independent auditor's qualifications and independence, the performance of the Company's internal audit function and independent auditor, compliance with legal and regulatory requirements, major financial and information technology risk exposures, including a review of our relevant insurance policies, and review and approval of related party transactions. In addition, in March 2019, the Board formed the Related Party Review Committee to review transactions related to IHP.

The Compensation Committee performs an annual compensation risk assessment with the assistance of its independent compensation consultant, which includes a review of compensation-related risks at all levels of the organization, including those related to employees below the executive officer level.

Our Nominating Committee provides oversight with respect to corporate governance, evaluates the independence of our directors and the effectiveness of our Corporate Governance Guidelines and Code of Business Conduct and Ethics and also oversees management's succession planning. Narrative to Summary Compensation Table

Components of Compensation

The individual components of our executive compensation program consist primarily of (i) base salary, (ii) annual cash-based bonus opportunities, (iii) long-term equity incentives and (iv) retirement savings opportunities and limited other employee benefits.

2017 and 2018 Salaries

Effective upon the completion of our initial public offering in February 2014, we entered into amended and restated employment agreements with Messrs. Webb and Redwitz, pursuant to which the annual base salaries for Messrs. Webb and Redwitz were established at \$500,000 and \$450,000, respectively. Mr. Stephens became our Chief Financial Officer on June 26, 2015. We entered into an employment agreement with Mr. Stephens pursuant to which his annual base salary was established at \$450,000. The terms of the employment agreements entered into by Messrs. Webb, Redwitz and Stephens are described in more detail below under "Employment Agreements."

Effective March 5, 2016, the Compensation Committee approved an increase to Mr. Webb's salary from \$500,000 to \$650,000. Effective March 18, 2017, the Compensation Committee approved increases to the salaries for Messrs. Redwitz and Stephens from \$450,000 to \$550,000 and from \$450,000 to \$500,000, respectively. On February 12, 2018, Mr. Webb's salary was increased from \$650,000 to \$700,000. The base salaries for Messrs. Redwitz and Stephens remained unchanged for 2018. In each of the foregoing cases, the Compensation Committee made the determinations to increase the executives' salaries following consultation with SBCG, its independent compensation consultant. SBCG provided our Compensation Committee and Board with compensation information for public homebuilders and compensation data related to executives at public homebuilders which the Compensation Committee considered in making its salary determinations. Further, the Compensation Committee considered the increased efforts required of Mr. Redwitz in transitioning the chief operating officer responsibilities to Leonard Miller, who was hired as our Chief Operating Officer in March 2017, in addition to the responsibilities associated with the Chief Investment Officer role when it made its determination to increase Mr. Redwitz's salary to \$550,000.

2018 Bonuses

In 2018, each of the named executive officers participated in an annual bonus compensation program under our Executive Incentive Compensation Plan. Under the bonus program, each named executive officer was eligible to receive a cash bonus based on achievement of a pre-established pretax income goal for 2018. In order for the executives to be eligible to receive a bonus for 2018 performance, our company had to achieve at least 75% of the target performance goal. The 2018 target bonuses for the named executive officers were as follows:

Named Executive Officer 2018 Target Bonus (\$) 2018 Target Bonus (as % of Base Salary)

H. Lawrence Webb	\$1,400,000	200%
Thomas Redwitz	\$550,000	100%
John Stephens	\$500,000	100%

Each was eligible to receive a bonus ranging from 50% to 200% of the executive's target bonus, based on the following payout schedule:

Performance	% of Target Performance Goal	Payout (% of Target)
Maximum	>125%	200%
Target	100%	100%
Threshold	75%	50%
< Threshold	<75%	0%

In 2018, the Company did not achieve at least 75% of its target performance goal and accordingly, the annual bonus compensation program yielded no bonuses to any of the named executive officers. The Compensation Committee determined that H. Lawrence Webb, the Company's Chief Executive Officer, and Thomas Redwitz, the Company's Chief Investment Officer, would receive no bonuses. In February 2019, in recognition of his contributions in 2018 and in acknowledgment of his continued value to the Company, the Compensation Committee approved a \$175,000 discretionary bonus to John Stephens.

2017 Bonuses

In 2017, each of the named executive officers participated in an annual bonus compensation program under our Executive Incentive Compensation Plan. Under the bonus program, each named executive officer was eligible to receive a cash bonus based on achievement of a pre-established pretax income goal for 2017. In order for the executives to be eligible to receive a bonus for 2017 performance, our company had to achieve at least 75% of the target performance goal. The 2017 target bonuses for the named executive officers were as follows:

Named Executive Officer 2017 Target Bonus (\$) 2017 Target Bonus (as % of Base Salary)

H. Lawrence Webb	\$1,300,000	200%
Thomas Redwitz	\$550,000	100%
John Stephens	\$500,000	100%

Each was eligible to receive a bonus ranging from 50% to 200% of the executive's target bonus, based on the following payout schedule:

Performance	% of Target Performance Goal	Payout (% of Target)
Maximum	>125%	200%
Target	100%	100%
Threshold	75%	50%
< Threshold	<75%	0%

In 2017, we achieved approximately 96% of the target performance goal, resulting in the payment of 92% of each executive's target bonus. The following table sets forth the aggregate 2017 bonuses paid to each named executive officer:

Named Executive Officer	2017 Bonus
H. Lawrence Webb	\$1,196,000
Thomas Redwitz	\$506,000
John Stephens	\$460,000

2018 Equity Compensation

In 2018, the Compensation Committee, in consultation with SBCG, incorporated for the first time a performance-based equity component into its equity compensation program for its executive officers. In determining the equity awards granted in 2018, consideration was given to the form and amount of awards typically granted to executives at other public homebuilders. SBCG provided our Compensation Committee with compensation information for public homebuilders and compensation data related to executives at public homebuilders which the Compensation Committee considered in making awards. Pursuant to such program, the Compensation Committee approved a mix of time-based RSU awards and performance-based PSU awards of 40% and 60% of the total award amount, respectively, for each executive officer under the Company's Amended and Restated 2016 Incentive Award Plan (the "2016 Plan"). Based on advice from SBCG, in determining the size of equity awards, the Compensation Committee utilized a formula of 130% of base salary for the CEO and 80% of base salary for the other executive officers.

Performance Share Unit Grants.

In February 2018, the Compensation Committee approved a form of performance share unit award agreement ("PSU Agreement") to be used to grant PSUs to its executive officers and certain other key corporate leaders in the organization under the 2016 Plan. In consideration of the Board's focus on maximizing the Company's return on equity, the Compensation Committee selected average return on equity and cumulative earnings per share goals during a two-year performance period. In determining the number of PSUs that are earned, the two performance goals each are weighted 50%. The performance period applicable to the PSU awards granted to the executive officers commenced on January 1, 2018 and ends on December 31, 2019. Each named executive officer is eligible to vest in and receive a number of shares of the Company's common stock ranging from 0% to 150% (with the threshold at 50%) of the target number of PSUs ("Target PSUs") associated with the applicable performance goal as shown by the chart below.

The number of PSUs that are earned based on the achievement of the performance goals will vest as to 50% of the PSUs on the last day of the performance period (i.e., December 31, 2019) and 50% on the first anniversary thereof (i.e., December 31, 2020), subject to the executive's continued service. In addition, each PSU award entitles its holder to a cash payment equal to the aggregate dividends that would have been paid on the total number of PSUs that vest, had such shares been outstanding on the record date(s) that occur over the period beginning on the first day of the performance period through the date on which the shares are issued, if any. Any PSUs that remain unvested as of the date on which an executive's employment terminates, and any PSUs that do not vest as a result of the failure to achieve the applicable performance goals, will be forfeited. In the event the named executive officer experiences a qualifying termination of employment, he will be entitled to certain accelerated vesting of the PSUs, as described under "Executive Compensation Arrangements Upon Certain Departures" on page 28.

The Compensation Committee granted the PSU awards effective February 16, 2018 using the dollar-denominated values of the award in the table below divided by the closing price per share of the Company's common stock on February 16, 2018 (two trading days following our 2017 fiscal year-end earnings release) in accordance with the Company's equity grant practices policy:

Named Executive Officer	Dollar-Denominated	
	Value of Performance Share Units	Number of Target PSUs
H. Lawrence Webb	\$546,000	46,746
Thomas Redwitz	\$264,000	22,602
John Stephens	\$240,000	20,547

2018 Restricted Stock Unit Grants.

Starting in February 2017, our named executive officers have been granted restricted stock units ("RSUs") under the 2016 Plan. The terms of the awards made under the 2016 Plan differ from the terms of awards granted under the 2014 Long-Term Incentive Plan (the "2014 Plan") in that the grants under the 2016 Plan do not provide for (i) pro-rated vesting upon the executive's retirement or (ii) full vesting immediately prior to a change in control. In addition to the foregoing provisions, on February 12, 2018, the Compensation Committee further revised its award agreements for grants of RSUs made under the 2016 Plan to provide that dividend equivalent payments would only be made if the underlying RSU vests (the "2018 RSU Agreement"). See "Executive Compensation Arrangements Upon Certain Departures" on page 28 for a discussion of accelerated vesting upon certain departures from service with us.

The Compensation Committee approved RSU grants from the 2016 Plan utilizing the 2018 RSU Agreement to each of our named executive officers with a grant date of February 16, 2018 as set forth in the table below. These RSU awards vest in equal annual installments on each of the first, second and third anniversaries of the grant date, subject to the grantee's continuous service with the Company. The Compensation Committee granted the RSU awards using the following dollar-denominated values of the award divided by the closing price per share of the Company's common stock on February 16, 2018 (two trading days following our 2017 fiscal year-end earnings release) in accordance with the Company's equity grant practices policy discussed below:

Named Executive Officer	Dollar-Denominated	Number of Restricted
	Value of Restricted Stock Units	
H. Lawrence Webb	\$364,000	31,164
Thomas Redwitz	\$176,000	15,068
John Stephens	\$160,000	13,698

2017 Equity Compensation

In February 2017, the Compensation Committee approved RSU grants from the 2016 Plan to each of our named executive officers with a grant date of February 24, 2017 as described in the table below which vest in equal annual installments on each of the first, second and third anniversaries of the grant date, subject to the grantee's continuous service with the Company. The Compensation Committee granted the RSU awards using the following dollar-denominated values of the award divided by the closing price per share of the Company's common stock on February 24, 2017 (two trading days following our 2016 fiscal year-end earnings release) as set forth below. In determining the RSU awards granted in 2017, consideration was given to the form and amount of awards typically granted to executives at other public homebuilders. SBCG provided our Compensation Committee and Board with compensation information for public homebuilders and compensation data related to executives at public homebuilders which the Compensation Committee considered in making awards. The Compensation Committee granted the RSU awards using the following dollar-denominated values of the award divided by the closing price per share of the Company's common stock on February 24, 2017 (two trading days following our 2016 fiscal year-end earnings release):

Named Executive Officer	Dollar-Denominated	Number of Restricted
	Value of Restricted Stock Units	
H. Lawrence Webb	\$813,000	75,839
Thomas Redwitz	\$500,000	46,641
John Stephens	\$432,000	40,298

Based on advice from SBCG, the Compensation Committee generally utilized a formula of 125% of base salary for RSU awards to the CEO and 96% of base salary for the other executive officers. The grants for 2017 were based on the salary in effect for each executive officer on February 24, 2017. In 2017, the Compensation Committee determined to increase Mr. Redwitz's RSU grant from a value of \$432,000 to \$500,000 in recognition of the additional efforts that would be required in

transitioning chief operating officer responsibilities from Mr. Redwitz to Mr. Miller, who was hired in early 2017 as the Company's Chief Operating Officer.

Equity Grant Practices

It is the Company's policy that equity grants generally occur on pre-established dates, with employee annual grants generally occurring on the date that is two full trading days after the public release of fiscal year-end earnings, or (if during a time not around our fiscal year-end earnings) the Monday following the date the Compensation Committee approves the awards. The Compensation Committee approves annual awards for all employees. All new hire and promotion grants are also approved by the Compensation Committee. Such awards are generally made effective on the latest of (i) approval by the Compensation Committee, (ii) the employee's date of hire/promotion or (iii) as of the first open trading day under the Company's insider trading policy after the employee's date of hire/promotion if such date is not open for trading under the Company's insider trading policy, as applicable. Annual and initial awards for non-employee directors are approved by the Company's Board of Directors, which may include automatic grants under a director compensation program or policy approved by the Board. Annual awards for directors are generally granted on the date of the applicable annual shareholder meeting. Initial awards are generally granted on the date the new director is appointed or elected to the Board, if such date is a date that is open for trading under the Company's insider trading policy, or as of the first open trading day after the new director is appointed or elected if such date is not open for trading under the Company's insider trading policy. Annual awards are usually granted based on a specified dollar amount, with the number of shares for each award determined by dividing the dollar amount by the closing market price of our stock on the grant date, rounded down to the nearest whole unit.

Clawback Policy

The Company maintains a clawback policy which requires certain cash and equity incentive compensation to be repaid to the Company by current and former executive officers meeting the definition set forth in Rule 16a-1(f) of the Exchange Act ("Covered Persons") if awarded in the event of the Company being required to prepare an accounting restatement resulting from material noncompliance with financial reporting requirements under the federal securities laws as a result of willful, fraudulent, intentional or grossly negligent misconduct by such Covered Person or by the Company. The Clawback Policy also authorizes the Compensation Committee to recoup incentive compensation, including time-based equity, from any of the Company's employees and Covered Persons (a "grantee") in the event such grantee has engaged in "detrimental conduct" (including, among other things, the commission of an act of fraud, the unauthorized removal of Company property, any acts of violence, improper disclosure of Company information, grantees failure to perform duties as described in a written document, a material breach of the Company's Code of Business Conduct and Ethics, any other act or omission which constitutes "cause" for termination under a grantee's individual employment or severance agreement, if any) for a period of 24 months following the date of the occurrence of such detrimental conduct. The Compensation Committee is authorized to implement and interpret the Company's Clawback Policy.

Employment Agreements

Effective upon the completion of our initial public offering, we entered into amended and restated employment agreements with Messrs. Webb and Redwitz. Effective March 13, 2017, in connection with the resignation of Wayne Stelmar, Mr. Redwitz's employment agreement was amended to appoint him as Chief Investment Officer. We entered into an employment agreement with Mr. Stephens on June 26, 2015 in connection with the commencement of his employment. The employment agreements with Messrs. Webb, Redwitz, and Stephens each have an initial term expiring on the third anniversary of the effective date of the employment agreement. Each employment agreement provides for automatic one-year extensions after the expiration of the initial term, unless either party provides the other with at least 180 days' prior written notice of non-renewal.

The employment agreements provide for, among other things:

- an annual base salary of \$500,000, \$450,000, and \$450,000 respectively, for Messrs. Webb, Redwitz, and Stephens, subject to increases approved from time to time;

- eligibility for annual cash performance bonuses based on the satisfaction of performance goals to be established by our Compensation Committee;

- subject to the approval of our Compensation Committee, eligibility for equity-based compensation awards on the same terms and conditions as other senior executive officers; and

- participation in any employee benefit plans and programs that are maintained from time to time for our other officers.

The employment agreements contain customary employee non-solicitation provisions that apply during the term of the agreements and for two years after the termination of the executive's employment. The employment agreements also contain standard confidentiality provisions that apply during the term of the agreements and after the termination of the executive's employment.

Redwitz Separation and Consulting Agreements

Effective March 1, 2019, Mr. Redwitz resigned as Chief Investment Officer and executed a separation agreement and general release of claims with the Company pursuant to which Mr. Redwitz will receive a cash severance payment of \$1,100,000, payable in a single cash lump sum, as well as company-paid continued healthcare coverage to the earlier of (i) the twelve-month anniversary of March 1, 2019 or (ii) the date that Mr. Redwitz obtains substantially similar health care coverage. Under the separation agreement, Mr. Redwitz forfeited any Company equity awards, to the extent unvested as of the March 1, 2019.

Also effective March 1, 2019, Mr. Redwitz and the Company entered into a consulting agreement pursuant to which Mr. Redwitz serves as a consultant to the Company for an initial one-year term commencing on the Effective Date, subject to continuation by the mutual agreement of Mr. Redwitz and the Company. Under the consulting agreement, Mr. Redwitz receives the following payments and benefits: (i) a monthly consulting fee of \$10,000, (ii) each outstanding vested Company stock option held by Mr. Redwitz as of the Effective Date (each, a "Pre-Consulting Stock Option") will remain outstanding and exercisable in accordance with its terms (based on Mr. Redwitz's continued provision of consulting services thereafter rather than continued employment) and (iii) reimbursement for reasonable business expenses incurred in connection with the provision of consulting services in accordance with Company policy.

In the event that the Consulting Agreement and Mr. Redwitz's consulting services are terminated by the Company without cause after the three-month anniversary of March 1, 2019, then, subject to his timely execution and non-revocation of a general release of claims, Mr. Redwitz will receive a payment of \$10,000 payable in a single lump sum payable on the 30th day following the termination date. In addition, if the consulting agreement and Mr. Redwitz's consulting services are terminated by either party for any reason (other than by the Company for cause), including at the end of the initial one-year term due to the Company's decision not to renew the agreement, then each remaining Pre-Consulting Stock Option will remain exercisable for three months following the termination date (but in no event beyond the maximum term of the option).

Each of the separation agreement and the consulting agreement also requires Mr. Redwitz's continued compliance with restrictive covenants and the Company's continued compliance with indemnification and insurance obligations each included in Mr. Redwitz's employment agreement.

Other Elements of Compensation

We maintain a 401(k) retirement savings plan for our employees, including our named executive officers, who satisfy certain eligibility requirements. Currently, we match contributions made by participants in the 401(k) plan up to a specified percentage of the employee contributions, and these matching contributions vest ratably depending on length of service with the Company.

All of our full-time employees, including our named executive officers, are eligible to participate in our health and welfare plans, including: medical, dental and vision benefits; medical and dependent care flexible spending and health savings accounts; short-term and long-term disability insurance; and life insurance. We believe these health and welfare benefits are necessary and appropriate to provide a competitive compensation package to our named executive officers and employees generally.

During the 2018 fiscal year, certain members of management, including named executive officers, are eligible for up to \$1,200 in reimbursements annually for mobile phone usage and a car allowance of up to \$7,200 annually. Named executive officers may also be reimbursed for highway toll charges.

We do not maintain any defined benefit pension plans or nonqualified deferred compensation plans.

No Tax Gross-Ups

We do not make gross-up payments to cover our named executive officers' personal income taxes that may pertain to any of the compensation paid or provided by us.

Executive Compensation Arrangements Upon Certain Departures

Under the current employment agreements with our named executive officers and our executive officer, Leonard Miller, we pay the following amounts upon qualifying departures from service with us. We may terminate the employment of such individuals at any time with or without cause, and the executive may terminate his employment with or without good reason. As described above under "Redwitz Separation and Consulting Agreements," in connection with his resignation, Mr. Redwitz's employment agreement was terminated effective March 1, 2019. Termination for cause or resignation without good reason.

If we terminate an executive's employment for cause, or if the executive officer resigns without good reason, the executive officer will be entitled to receive any earned but unpaid annual base salary, any earned but unpaid prior-year bonus, reimbursement of expenses incurred prior to the date of termination, accrued vacation and any other paid-time-off and any benefits that have been earned and accrued prior to the date of termination (referred to as the "Earned Benefits").

Termination without cause or resignation for good reason or due to disability or death; Termination in the event of a Change in Control

Employment Agreements

If we terminate an executive officer's employment without cause or if the executive officer terminates his employment for good reason or due to disability or death, the executive officer will be entitled to receive the Earned Benefits. In addition we will reimburse the employer-subsidized portion of the premium under our health and dental plans for a period of 24 months, in the case of Mr. Webb, or 12 months, in the case of Messrs. Stephens and Miller (and previously Mr. Redwitz) (or until such earlier date on which they obtain substantially similar coverage).

Our employment agreements also provide that if we terminate an executive officer's employment without cause or if the executive officer terminates his employment for good reason, the executive officer will also be entitled to receive a lump sum cash payment in an amount equal to one times or, in the case of Mr. Webb, two times the sum of (i) the executive officer's annual base salary, plus (ii) the greater of his target cash bonus or an average of the last three years' bonus (the "Bonus"). In

the event of a termination of the executive without cause or a termination by the executive for good reason on or within 24 months after a change in control (a "CIC Termination"), (a) Mr. Webb is entitled to three times his Bonus and salary and (b) each of Messrs. Stephens and Miller (and previously Mr. Redwitz) is entitled to two times his Bonus and salary. These severance benefits will be payable only if the executive officer signs and does not revoke a waiver and release of any claims against us.

The employment agreements also provide that if a change in control of the Company occurs, the employment agreements' term automatically will be extended to the second anniversary of the change in control (with one-year extensions continuing thereafter).

Equity Award Agreements. Our forms of RSU, stock option and PSU agreements provide for accelerated vesting in the event of certain executive departures.

We have granted RSUs under both the 2014 Plan and the 2016 Plan. The award agreements for RSU grants made to executive officers differs from the terms of awards under the 2014 Plan in that the agreements under the 2016 Plan allow for (i) pro-rated vesting upon the executive's retirement or (ii) full vesting immediately prior to a change in control. On February 11, 2019, the Compensation Committee adopted a revised form of restricted stock unit award agreement (the "2019 RSU Agreement") for RSUs granted to the executive officers commencing in 2019 under the 2016 Plan. The 2019 RSU Agreement differs from prior RSU agreements in that it provides that in the event the grantee's employment is terminated without "cause" or for "good reason", in either case, on or within 24 months following a change in control, then the restricted stock units will accelerate and become fully vested as of the date of termination. The Compensation Committee also approved an amendment to restricted stock unit awards granted pursuant to the 2014 Plan or the 2016 Plan that are outstanding as of February 11, 2019, such that the awards will vest in full on a termination of service without "cause" or for "good reason", in either case, that occurs on or within 24 months following a change in control.

Under our form of stock option agreement, upon the executive's termination of service without "cause" or for "good reason", or a termination of service due to death or disability, then the stock option will vest and become exercisable with respect to the number of shares underlying the option that would have become vested and exercisable on the first vesting date after such termination of service, had the executive remained in service through such date. However, if such termination without cause or for good reason occurs on or within 24 months following a change in control, then the option will accelerate and become fully vested and exercisable as of the date of termination. If the executive's service is terminated due to his "retirement", then the option will vest and become exercisable with respect to the number of shares underlying the option equal to (i) the number of shares underlying the option that would have become vested and exercisable on the first vesting date after such termination of service, had the executive remained in service through such date, multiplied by (ii) the product of (A) 1/12, and (B) the number of whole months between the vesting date immediately preceding such termination of service and the date of termination.

Finally, under our form of PSU Agreement, if the executive experiences a termination of employment without "cause" or for "good reason" or due to death or disability during the performance period, then the executive will vest in the Target PSUs (as defined above under "2018 Equity Compensation—Performance Share Unit Grants"), pro-rated based on the amount of time the executive was employed over the performance period. If any such termination occurs following the performance period but prior to full vesting, the executive will vest in a pro-rated number of PSUs that remain outstanding and unvested as of the termination date. If the executive's employment is terminated due to his "retirement" during the performance period, then the PSUs will remain outstanding and eligible to vest based on the achievement of performance goals, and will be pro-rated based on the amount of time the executive was employed over the performance period. If a change in control occurs following the executive's retirement, then the pro-ratio will be applied to the Target PSUs. If the executive's employment is terminated due to his "retirement" after the performance period, the executive will vest in a pro-rated number of PSUs that remain unvested as of his retirement. If

the Company undergoes a change in control during the performance period and the award is not assumed, then the executive will vest in the Target PSUs. In the event the award is assumed in connection with a

change in control, then the Target PSUs will performance-vest and will remain outstanding to vest as to 50% of the Target PSUs on each of the two applicable service-vesting dates described above. If the Company undergoes a change in control after the performance period and the award is not assumed, the executive will vest in the number of PSUs that remains unvested as of such change in control.

Prohibitions on Hedging and Pledging Company Stock

In order to avoid creating conflicts between an executive's interests and those of other stockholders, our Insider Trading Policy prohibits all covered persons, including executives, from hedging the economic risk of owning Company shares and does not allow pledging of Company stock.

Executive Stock Ownership Guidelines

In November 2016, the Compensation Committee adopted stock ownership guidelines applicable to the Chief Executive Officer and all other executive officers. Under these guidelines each executive officer must hold 100% of all "net shares" received from the vesting, delivery or exercise of equity awards granted by us until the executive beneficially owns shares of our common stock equal to six times base salary, in the case of the Chief Executive Officer, and two times the base salary in the case of any other executive officer (the "exec ownership threshold"). The "net shares" means those shares of common stock that remain after payment, as applicable, of (i) the exercise price of stock options or purchase price of other awards and all applicable withholding taxes, including shares sold or netted with respect thereto, and (ii) all applicable transaction costs. To determine the number of shares required to meet the exec ownership threshold, we use (1) with respect to shares of Company common stock underlying equity awards granted to the executive by the Company, the per share price that was used to value such equity awards when granted or the current market price per share, whichever is greater and (2) with respect to shares of company Common Stock otherwise acquired, the Company common stock is valued at the greater of the executive's cost basis and the current market price per share. Each executive is expected to attain the ownership threshold within five years of becoming subject to the guidelines; provided that in the event of an increase in base salary that has the effect of increasing the exec ownership threshold, the executive shall then be required to hold 100% of such executive's net shares until such time that such increased exec ownership threshold is met and shall not be deemed to be "out of compliance" with this policy unless he or she sells shares prior to reaching such increased exec ownership threshold. Mr. Webb and Mr. Redwitz, each founders of the Company, already own shares in excess of their respective exec ownership thresholds.

2019 Developments

As noted previously, effective March 1, 2019, Mr. Redwitz resigned his position as Chief Investment Officer. Mr. Redwitz continues to provide consulting services to the Company in the areas of land and architectural planning and design. On January 23, 2019, our current executive officer, Leonard Miller, was appointed as our President in addition to his existing role as Chief Operating Officer. We anticipate that Mr. Miller will qualify as a "named executive officer" for the 2019 fiscal year and have included information in this Proxy Statement regarding his compensation in 2019 for informational purposes only. Mr. Miller's compensation is reviewed and approved by our Compensation Committee with input from SBCG. Following consultation with SBCG as to the salaries typically set for executives at other public homebuilders, as well as a review of compensation information for public homebuilders and compensation data related to executives at public homebuilders, the Compensation Committee approved an increase in the annual base salary for Mr. Miller from \$500,000 to \$550,000, effective upon the first pay period following February 11, 2019, due to his promotion and assumption of all day-to-day aspects of the Company's operations.

2019 Target Bonuses. In addition, the Compensation Committee approved the 2019 target bonuses for each executive officer under our 2019 annual bonus program established pursuant to our Executive Incentive Compensation Plan. Under the 2019 annual bonus program, each executive officer is eligible to receive a cash bonus based on achievement of a pre-established pretax income goal for 2019 (the "2019 Bonus Target"). Target bonuses are based on a percentage of the executive's base salary. In 2018, for our CEO, the target cash bonus was 200% of base salary and for our other executive officers was 100% of base salary ("Historical Cash Targets"). For the 2019 annual bonus program, the Compensation

Committee set the target bonuses at the Historical Cash Targets, but then, for purposes of bonus payouts, applied a 50% discount factor (i.e. 50% of the Historical Cash Targets) for achieving 100% of the 2019 Bonus Target in an effort to reduce executive compensation spend for the 2019 fiscal year. While bonus payouts under the 2019 annual bonus program, similar to prior years' payout schedules, are scaled incrementally around the target with a minimum percentage threshold of target performance to a maximum of 200% of target performance, the Compensation Committee also has the discretion to adjust each payout by +/- 30% of funding of the Historical Cash Target amounts based on a discretionary assessment of other elements of overall performance (incorporating factors such as reducing leverage, increasing cash flow, and assessing other strategic decisions). By way of example, achieving 100% of the 2019 Bonus Target would result in funding at 50% of Historical Cash Targets and the Compensation Committee would have discretion to adjust down to 35% or up to 65% of such Historical Cash Targets.

Restricted Stock Units. The Compensation Committee approved grants of RSUs pursuant to the 2019 RSU Agreement to each executive in the table set forth below. The RSUs vest in three equal installments on each of the first three anniversaries of the grant date, subject to continued service on the applicable vesting date, and when vested, each unit entitles the executive to one share of the Company's common stock. The grants were made on February 20, 2019, on the date that was two trading days after the Company reported its 2018 results.

	Number
Executive Officer of	
	RSUs
H. Lawrence Webb	20,548
Leonard S. Miller	18,836
John Stephens	15,068

Stock Options. The Compensation Committee also approved a form stock option agreement (the "Stock Option Agreement") and the grant of stock options to certain executive officers, pursuant to the 2016 Plan and Stock Option Agreement. The number of shares underlying each stock option granted to each executive is set forth in the table below. Each stock option vests in three equal installments on each of the first three anniversaries of the grant date, subject to continued service through the applicable vesting date. The grants were made on February 20, 2019, on the date that was two trading days after the Company reported its 2018 results.

	Number
Executive Officer of	
	Options
H. Lawrence Webb	81,801
Leonard S. Miller	74,984
John Stephens	59,987

Mr. Redwitz did not receive any equity award on account of his retirement and resignation from the Company effective March 1, 2019. Annual awards are usually granted based on a specified dollar amount, with the number of shares for each award determined by dividing the dollar amount by the closing market price of our stock on the grant date, rounded down to the nearest whole unit. However, for our 2019 annual stock grants, the value of equity grants to each executive was significantly reduced compared to prior years in an effort to reduce the dilutive impact of equity based compensation to the Company's stockholders due to the lower stock price.

The number of shares of the Company's common stock that vest range from 0% to 150% of the target number of PSUs based on achievement of the performance measures during the performance period that commenced January 1, 2018 and ends on December 31, 2019. The threshold number of shares is 50% of the target number of PSUs. The number of PSUs that are earned based on the achievement of the performance goals will vest as to 50% of the PSUs on the last day of the performance period (i.e., December 31, 2019) and 50% on the first anniversary thereof (i.e., December 31, 2020), subject to the executive's continued service. The performance goals for these PSUs are described in the "2018 Equity Compensation" section of the Executive Compensation section above.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2018, about compensation plans under which shares of our common stock may be issued to employees, consultants or non-employee directors of our Board upon exercise of options, vesting of RSUs, PSUs, or under any other rights under all of our existing equity compensation plans.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Plans approved by stockholders	1,416,119	\$11.00	1,517,515
Plans not approved by stockholders	-	-	-
Total	1,416,119	\$11.00	1,517,515

Represents an aggregate of 821,470 options outstanding under the 2014 Plan, plus an aggregate of 469,227 outstanding RSUs under the 2016 Plan and the 2014 Plan, plus an aggregate 125,422 outstanding PSUs at "target" (a) levels under the 2016 Plan. The maximum number of shares that may be earned under our PSU awards is 150% of the target number of PSUs. If the maximum number of shares were earned under all outstanding PSUs, it would amount to an additional 62,710 shares outstanding.

(b) Represents the weighted-average exercise price of the 821,470 outstanding options under the 2014 Plan.

Represents the aggregate number of securities remaining available for issuance under the 2016 Plan and the 2014 Plan. 51,681 shares remained available for issuance under the 2014 Plan and 1,465,834 shares remained available (c) for issuance under the 2016 Plan. If the maximum number of shares were earned under all outstanding PSU awards, it would reduce the number of shares available for issuance under the 2016 Plan by 62,710.

COMPENSATION OF DIRECTORS

Non-Employee Director Compensation Philosophy and Program

Our Compensation Committee is responsible for the periodic review of compensation and benefits paid to non-employee directors, and the determination of the compensation of all non-employee directors is approved by our Board, following consultation with SBCG. We believe that compensation for non-employee directors should be competitive and should align the interests of our directors with our stockholders' interests through the payment of a portion of director compensation in RSUs.

Below is the non-employee director compensation program effective for the 2018 fiscal year. Under this program, the non-employee directors were eligible to receive the following cash and equity compensation:

Annual Cash Retainer	\$45,000
Annual Equity Grant	\$60,000 in value of RSUs
Committee Cash Retainers	
Audit	\$20,000 (Chair); \$8,500 (Other Members)
Compensation	\$15,000 (Chair); \$6,000 (Other Members)
Nominating	\$15,000 (Chair); \$6,000 (Other Members)
Executive	\$15,000

In addition, on February 12, 2018, the Compensation Committee approved an additional annual cash retainer for its Lead Independent Director of \$25,000.

Each Board member who serves on the board and is re-elected as a director is granted his or her annual RSU award on the date of such annual meeting (each an "Annual Grant"). Each Annual Grant vests in full on the earlier of (i) the date of the next annual meeting of the Company's stockholders following the applicable grant date (it being understood that the Annual Grant shall vest on the date of such annual meeting whether or not the director is re-elected at such meeting, so long as the director serves through such meeting) and (ii) the first anniversary of the applicable grant date, subject in each case to continued service.

We also reimburse our non-employee directors for reasonable out-of-pocket expenses incurred in connection with the performance of their duties as directors, including without limitation travel expenses in connection with their attendance in-person at Board and committee meetings. Directors who are employees do not receive any compensation for their services as directors.

Director Stock Ownership Guidelines

Under our stock ownership guidelines, each non-employee director must hold 100% of all shares received from the vesting, delivery or exercise of equity awards granted by us until the non-employee director beneficially owns shares of our common stock equal to three times the annual cash retainer, which, as of the current date, is \$135,000 (the "ownership threshold"). We use, (i) with respect to shares underlying equity awards granted to the director by us, the share price that was used to value the equity awards when granted and (ii) with respect to shares otherwise acquired, the price at which such shares were acquired, as applicable, to determine the number of shares required to meet the ownership threshold. In addition, the shares subject to the ownership threshold requirement are net of any shares of common stock that remain after payment, as and if applicable, of (i) the exercise price of stock options or purchase price of other awards and all applicable withholding taxes, including shares sold or netted with respect thereto, and (ii) all applicable transaction costs ("net shares"). Each non-employee director is expected to achieve his or her threshold ownership requirement within three years of joining the Board or the third anniversary of the date of an increase in the ownership threshold; provided that in the event of an increase in

retainer which has the effect of increasing the ownership threshold, the director shall then be required to hold 100% of the net shares until such time as such increased ownership threshold is met and shall not be deemed to be "out of compliance" with this policy unless he or she sells net shares prior to reaching such increased ownership threshold. As of March 25, 2019, all of our directors met the ownership threshold utilizing the ownership definitions described above.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of our Board has selected Ernst & Young LLP ("Ernst & Young") as our independent registered public accountants for the year ending December 31, 2019, and has further directed that management submit the selection of the independent registered public accountants for ratification by the stockholders at the Annual Meeting. A representative of Ernst & Young is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she so desires and are expected to be available to respond to appropriate questions.

At least annually, the Audit Committee reviews the Company's independent registered public accounting firm to decide whether to retain such firm on behalf of the Company. Ernst & Young has been the Company's independent registered accounting firm (including its predecessor The New Home Company LLC) since 2010. When conducting its latest review of Ernst & Young, the Audit Committee actively engaged with Ernst & Young's engagement partner and senior leadership, where appropriate, and considered among other factors: the professional qualifications of Ernst & Young and that of the lead audit partner and other key engagement partners, Ernst & Young's historical and recent performance on the Company's audits, Ernst & Young's fees, Ernst & Young's independence and independence policies, and Ernst & Young's tenure as the Company's independent registered public accounting firm and its related depth of understanding of the Company's business, industry, and accounting policies and practices (including its process to rotate the lead audit partner in accordance with Public Company Accounting Oversight Board ("PCAOB") standards). As a result of this evaluation, the Audit Committee and Board approved the appointment Ernst & Young. Stockholder ratification of the selection of Ernst & Young as our independent registered public accountants is not required by our bylaws or otherwise. However, our Board is submitting the selection of Ernst & Young to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, our Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if our Audit Committee determines that such a change would be in our and our stockholders' best interests.

Board Recommendation

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE YEAR ENDING DECEMBER 31, 2019. UNLESS YOU GIVE CONTRARY INSTRUCTIONS, THE SHARES REPRESENTED BY YOUR RETURNED EXECUTED PROXY WILL BE VOTED "FOR" THE RATIFICATION OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2019.

These are fees for professional services performed by Ernst & Young for the audit of our annual financial statements, consents, comfort letters and services that are normally provided in connection with statutory and regulatory filings or engagements, including work performed in connection with the Company's public securities offerings, registration statements and responding to comment letters from the SEC.

The audit fees for 2018 and 2017 included \$79,963 and \$298,613, respectively, for fees related to comfort letters, registration statements and other agreed upon procedures which includes \$246,073 in 2017 for the audit fees related to audit services provided in connection with the Company's issuance and registration of \$325 million of its Senior Notes. The decrease in audit fees from 2018 to 2017 is primarily the result of audit services provided in connection with the Company's issuance and registration of \$325 million in Senior Notes in 2017.

Audit-Related Fees

These are fees for and related to the audit of six and nine of our unconsolidated joint ventures for 2018 and 2017, respectively, which fees are paid for entirely by our unconsolidated joint ventures.

This includes the preparation of our and our consolidated subsidiaries' original and amended tax returns and refund claims, payment planning, tax audit assistance and tax work stemming from "Audit-Related" items. These fees also include fees for preparation of original and amended tax returns, payment planning and tax audit assistance for our unconsolidated joint ventures, which fees are paid for or reimbursed by our unconsolidated joint ventures. For 2017, \$95,268 of the fees related to the Company's consolidated return and filings for wholly owned subsidiaries and \$42,444 related to our unconsolidated joint ventures.

All Other Fees

There were no fees for other permissible work performed by Ernst & Young that did not meet the above category descriptions.

Pre-Approval Policies and Procedures

Under its charter, our Audit Committee, or the Chair of our Audit Committee, must pre-approve all engagements of our independent registered public accounting firm. Our Audit Committee approved all audit and non-audit services in 2018 and 2017.

Audit Committee Report

Following is the report of the Audit Committee with respect to The New Home Company's audited consolidated balance sheets as of December 31, 2018 and 2017, and the related consolidated statements of operations, equity and cash flows for each of the three years in the period ended December 31, 2018 and the notes thereto. The material in this report is not "soliciting material," is not deemed "filed" with the SEC, and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Responsibilities and Activities. The Audit Committee operates under a written charter adopted by the board of directors and currently has three members. Each member of the Audit Committee is "independent," as required by the applicable listing standards of NYSE and the rules of the SEC. Our Board has also determined that each Audit Committee member is "financially literate" under the NYSE rules and that Ms. Lowe and Mr. Heeschen each qualifies as an audit committee financial expert, as defined by applicable SEC rules.

Management of the Company has responsibility for preparing the Company's financial statements, including the Company's internal control over financial reporting. Ernst & Young LLP, acting as independent registered public accountants, is responsible for performing an audit of the Company's annual consolidated financial statements in accordance with generally accepted accounting principles ("GAAP") and for issuing a report on those statements. Ernst & Young LLP also reviews the Company's interim financial statements in accordance with applicable auditing standards. The Audit Committee is responsible for the integrity of the Company's financial statements and internal control structure on behalf of the Board of Directors. The Audit Committee met seven times during 2018, including meetings regularly with Ernst & Young LLP, both privately and with management present.

During these meetings and in carrying out its role, the Audit Committee, among other activities:

- conducts at each regular meeting separate executive sessions with the Company's Chief Financial Officer, Corporate Controller and General Counsel; and Ernst & Young LLP, to discuss matters relevant to their respective duties and roles;

- reviews the audit plan and process, including considerations relating to risks for material misstatements in the financial statements;

- oversees management's performance of its overall risk management process and assessment, and discusses with management identified significant risks in the Company's business and operations, including but not limited to, cyber security risks, product/construction defect liability risks, and financing risks, along with corresponding mitigating factors, and receives periodic updates upon request or as deemed appropriate;

- receives and discusses regular reports from the General Counsel and other executives on material legal, compliance and ethics matters,

- receives and discusses regular reports from its internal audit provider, Protiviti, on internal control evaluation activities and from Ernst & Young LLP on the results of its audit;

- discusses critical accounting policies of the Company;

- considers the reasonableness of significant financial reporting estimates and judgments made in connection with the financial statements, including the quality (and not just acceptability) of the Company's accounting policies;

- considers the potential effects of new accounting standards and initiatives and changes to the audit process resulting therefrom, including, for example, the new revenue recognition rules and the effects of the new audit report standards relating to the disclosure and discussion of critical accounting matters on the Company's financial statements;

- reviews and approves the Company's policy for the pre-approval of audit and permitted non-audit services by Ernst & Young LLP and reviews and approves fees and services;

- reviews communications from, and management's response to, governmental agencies for matters of material significance; and

- reviews the type and presentation of information, including earnings guidance, to be included in the Company's earnings releases and supplemental financial disclosures.

Members of the Audit Committee are not full-time employees of the Company and are not performing the functions of management or auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

Members of the Audit Committee necessarily rely on the information provided to them by management and the independent accountants. Accordingly, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with GAAP or that the Company's auditors are in fact "independent."

Auditor Tenure and Retention. Ernst & Young LLP has served as our independent registered public accounting firm since 2010. The Audit Committee engages in an annual evaluation of Ernst & Young LLP's qualifications, assessing the firm's quality of service, the qualifications of the lead audit partner and other key audit team members, the appropriateness of the firm's fees relative to both efficiency and audit quality, the firm's sufficiency of resources, the quality of the communication and interaction with the firm, and the firm's independence, objectivity and professional skepticism. The Audit Committee also considers the relative benefits, challenges, overall advisability and potential impact of selecting a different independent registered public accounting firm. As a result of this evaluation, the Audit Committee approved the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2019.

Review with Management. The Audit Committee has reviewed and discussed our audited financial statements (including the quality of our accounting principles) with management. Our management is responsible for the preparation, presentation and integrity of our financial statements.

Review and Discussions with Independent Accountants. The Audit Committee has reviewed and discussed our audited financial statements (including the quality of the Company's accounting principles) with Ernst & Young LLP. The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed by applicable standards of the PCAOB. Further, the Audit Committee reviewed Ernst & Young LLP's Reports of Independent Registered Public Accounting Firm included in our Annual Report on Form 10-K related to its audit of the Company's consolidated financial statements.

The Audit Committee has also received and reviewed the written disclosures and the letter from Ernst & Young LLP regarding the auditors' independence required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Ernst & Young LLP its independence from the Company and our management.

Conclusion. Based on the review and discussions referred to above, the Audit Committee recommended to the Board that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, filed with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Related Person Transaction Policy

The Board has adopted a written Related Person Transaction Policy (the "Policy"). The purpose of the Policy is to ensure that all transactions between related persons and us, including our subsidiaries, are properly identified, reported, reviewed and approved, and disclosed in accordance with applicable law. All related person transactions entered into or proposed to be entered into must be disclosed to and approved by the Audit Committee. In March 2019, the Board formed a Related Party Review Committee that has the power to substitute in for the Audit Committee for approval of related person transactions with IHP and/or Doug Neff. The Audit Committee reviews related person transactions to determine whether the transaction is in the best interest of the Company and to ensure a conflict of interest does not exist and/or that the transaction is being conducted at a fair and appropriate price. The Audit Committee will also review the position within the or relationship of the related person with the Company and the materiality of the transaction to the related person and the Company. The Audit Committee obtains any other information necessary to disclose such related person transaction. If the proposed transaction involves a related person who is a member of the Audit Committee, the transaction must be approved by a majority of the disinterested members of the Audit Committee. Per Section 5 of the Policy, the Audit Committee has authority to approve, in advance, categories of Related Person Transactions that need not be individually reported to, reviewed by, and/or approved by the Audit Committee but that will instead be reported to and reviewed by the Audit Committee collectively on a periodic basis. The Audit Committee has pre-approved the release of refundable deposits to landowners in land purchase transactions even if such landowner is a "related person" under the Policy; provided that the transaction is approved prior to the deposit becoming non-refundable. Our General Counsel is responsible for determining and disclosing all related person transactions to the Audit Committee of which she becomes aware and the Company utilizes annual questionnaires completed by directors and executive officers to aid in the identification of related person transactions.

The Audit Committee has excluded each of the following related person transactions under the Policy: (a) compensation to an executive officer or director if the compensation is required to be reported in the Company's proxy statement pursuant to Item 402 of Regulation S-K; (b) compensation to an executive officer if such compensation would have been required to be reported under Item 402 if the executive was a "named executive officer" and such compensation has been approved by the Compensation Committee, or recommended by the Compensation Committee to the Board for approval; or (c) transactions that are in the Company's ordinary course of business and where the interest of the related person arises only: (i) from the related person's position solely as a director of another corporation or organization that is a party to the transaction; or (ii) from the direct or indirect ownership by such related person and all other related persons, in the aggregate, of less than a 10% equity interest in another person (other than a partnership) which is a party to the transaction; or (iii) from both such position described in (i) and such ownership described in (ii); or (iv) from the related person's position as a limited partner in a partnership in which the related person and all other related persons, in the aggregate, have an interest of less than 10%, and the related person is not a general partner of and does not have another position in the partnership. Exception (b) however, does not apply if the executive officer is also an immediate family member of an executive officer or director of the Company.

Under the Policy, a related person means (a) an executive officer or director of the Company, or a nominee for election as a director; (b) any person who is known to be the beneficial owner of more than 5% of our common stock, (c) any immediate family member of any of the foregoing persons, or (d) any entity in which the foregoing persons is employed as an executive officer or is a general partner, managing member or principal in a position of having control of significant influence or in which any of the foregoing persons has a 5% of greater beneficial ownership, or (e) any entity in which any director, executive officer, nominee or more than 5% beneficial owner is employed. A "related person transaction" is a transaction or series of transactions in which we participate (whether or not we are a party) and in which a related person has a direct or indirect material interest. A transaction involving more than \$120,000 is presumed to be a material transaction.

Transactions With Related Persons

Investor Rights and Registration Rights Agreements

On February 5, 2014, we entered into the Investor Rights Agreement with Messrs. Webb, Stelmar, Davis and Redwitz and the Institutional Investors. For more information on this agreement, see "Board Structure and Nominees."

We have entered into a registration rights agreement with Messrs. Webb, Stelmar, Davis and Redwitz and the Institutional Investors with respect to the shares of our common stock that they received as part of our formation transactions. We refer to these shares collectively as the "registrable shares." Pursuant to the registration rights agreement, we have granted

the parties and their direct and indirect transferees shelf registration rights requiring us to file a shelf registration statement and to maintain the effectiveness of such registration statement so as to allow sales thereunder from time to time, and, in certain circumstances, the right to "piggy-back" the registrable shares in registration statements we might file in connection with certain future public offerings. Our obligation to cause any registration statements filed pursuant to the registration rights agreement to be declared effective or remain effective is on a reasonable best efforts basis.

Notwithstanding the foregoing, any registration is subject to cutback provisions, and we are permitted to suspend the use, from time to time, of the prospectus that is part of the registration statement (and therefore suspend sales under the registration statement) for certain periods, referred to as "blackout periods."

Joint Ventures and Land Purchases

We have entered into agreements with our unconsolidated joint ventures to provide management services related to the underlying projects. Pursuant to management agreements for each project, we receive a management fee based on each project's revenues. During the year ended December 31, 2018, we earned \$3.4 million in management fees, \$0.2 million of which was included in "due from affiliates" in our consolidated balance sheets.

As of December 31, 2018, the Company had investments in certain unconsolidated joint ventures totaling \$18.5 million where our joint venture partner is an affiliate of a member of our Board or significant shareholder, as discussed below.

David Berman, one of our former non-employee directors, is Executive Chairman of Tricon Capital Group Inc., an affiliate of TCN/TNHC LP ("Tricon"). Mr. Berman ceased to be a director in May 2018. Tricon owns approximately 7.5% of our common stock. Various affiliates of Tricon serve as limited partners of our joint ventures, including TNHC-TCN Santa Clarita LP ("Villa Metro"), Calabasas Village LP ("Avanti") and Arantine Hills Holdings LP ("Bedford"), with Tricon holding 90%, 90% and 95% of the interest⁽¹⁾, respectively, in such ventures. Tricon's equity and management fees as of and for the year ended December 31, 2018 for the Villa Metro project was \$0.2 million and \$0 million, respectively. Tricon's equity and management fees as of and for the year ended December 31, 2018 for the Avanti project was \$26.4 million and \$0.2 million, respectively. Tricon's equity and management fees as of and for the year ended December 31, 2018 for the Bedford project were \$162.6 million and \$1.1 million, respectively. Our equity in these ventures was \$0.1 million, \$2.9 million and \$8.6 million, respectively, as of December 31, 2018. Additionally, each of the joint ventures make payments to the Company for services, generally for overhead allowances, pursuant to the underlying joint venture agreements. During 2018, the management fees paid to the Company from the Avanti, Bedford and Villa Metro joint ventures amounted to \$0.5 million, \$0.6 million and \$0, respectively. During 2018, the Company entered into two agreements with the Bedford joint venture for the option to purchase lots from the joint venture in phased takedowns. The first agreement contracts land for a gross purchase price of \$10.0 million, with profit participation due to seller as outlined in the contract. As of December 31, 2018, the company has taken down approximately one-half of these lots and a \$0.9 million nonrefundable deposit remains outstanding to be applied to the purchase price of the remaining phases. The second agreement contracts lots for a gross purchase price of \$10.5 million, with profit participation due to the seller pursuant to the agreement. As of December 31, 2018, the Company has not taken down any of these optioned lots and has made a \$1.4 million nonrefundable deposit as consideration for the option that will be applied to the purchase price of the land across the phases.

Douglas Neff, one of our non-employee directors, is President of IHP Capital Partners, the general partner of the manager of IHP. IHP owns approximately 12.1% of our common stock. An affiliate of IHP has a 63%⁽¹⁾ interest in TNHC Meridian Investors LLC, which in turn has a 32%⁽¹⁾ interest in TNHC Newport LLC. Under the terms of the TNHC Meridian Investors LLC joint venture agreement, after the return of certain preference amounts, capital

contributions and cost overruns/profit shortfalls to the joint venture partners, we are entitled to receive distributions from the joint venture equal to our economic interest. As of December 31, 2018, our equity in TNHC Meridian Investors LLC was \$0.3 million. IHP's equity and management fees as of and for the year ended December 31, 2018 for the TNHC Meridian Investors LLC joint venture was \$0.5 million and \$0, respectively. An affiliate of IHP also has a 65% interest⁽¹⁾ in TNHC Russell Ranch LLC ("Russell Ranch"), one of our other joint ventures, in which our equity as of December 31, 2018 was approximately \$6.2 million. IHP's equity and management fees as of and for the year ended December 31, 2018 for the Russell Ranch joint venture was \$36.4 million and \$0.3 million, respectively. Additionally, our joint ventures with IHP make payments to the Company for services, generally for overhead allowances, pursuant to the underlying joint venture agreements. The management fees paid to the Company from TNHC Meridian Investors LLC and TNHC Russell Ranch LLC amounted to \$0 and \$0.8 million, respectively, during 2018. During 2017 third quarter, the Company amended the Russell Ranch joint

venture agreement pursuant to which it, among other things, agreed to acquire lots in Phase 1 of the Russell Ranch project. These lots were taken down in July 2018 for an aggregate purchase price of \$34.0 million.

The Company entered into two transactions in each of 2017 and 2018 to purchase land from entities affiliated with Mr. Neff and IHP.

The first 2017 agreement allows the Company the option to purchase lots in a Northern California masterplan community in a phased takedown for a total purchase price of \$16.1 million with profit participation and master marketing fees due to the seller as outlined in the contract. As of December 31, 2018, the Company has taken down approximately two-thirds of the lots under this contract, paid \$0.3 million in master marketing fees, and has a \$0.3 million nonrefundable deposit outstanding on the remaining lots. The second 2017 transaction allows the Company to purchase finished lots in Northern California, which includes customary profit participation, and is structured as an optioned takedown. The total purchase price, including the cost for the finished lot development and the option, is expected to be approximately \$56.3 million, and depends on timing of takedowns, as well as our obligation to pay certain fees and costs during the option maintenance period. As of December 31, 2018, the Company has made a \$5.3 million nonrefundable deposit, reimbursed the owner \$0.1 million for fees and costs, paid \$5.9 million in option payments, and has taken down approximately 8% of the lots.

In 2018, the Company agreed to purchase and completed the takedown of finished lots in Northern California for a gross purchase price of \$8.0 million with additional profit participation, marketing fees and certain reimbursements due to the seller as outlined in the agreement. At December 31, 2018, the Company had paid \$0.3 million in master marketing fees and reimbursed the land seller \$0.2 million in costs related to this contract. Also during 2018, the Company entered an agreement to purchase land in a master-plan community in Arizona for an estimated purchase price of \$3.8 million plus profit participation and marketing fees pursuant to contract terms. The Company has an outstanding, nonrefundable deposit of \$0.3 million related to this contract and had not taken down any lots as of December 31, 2018.

Actual equity interests may differ due to the current phase of the underlying joint venture project's life cycle. Each of the above percentages reflect the percentage of capital the joint venture member is generally obligated to (1) contribute (subject to adjustment under the joint venture agreement) and generally (subject to waterfall provisions including preferred returns on invested capital) aligns with the joint venture member's percentage of distributions. In some cases our share of profit and losses may be greater than our contribution percentage.

Other Related Person Transactions

In connection with his retirement, the Company entered into a consulting agreement (the "Consulting Agreement") with Mr. Stelmar, a current Board member and our former Chief Investment Officer, pursuant to which Mr. Stelmar serves as a consultant to the Company. The Consulting Agreement was initially for a one-year term that commenced on February 17, 2017. The consulting agreement was amended on February 13, 2018 to extend the term to August 17, 2019. Under the original agreement, Mr. Stelmar received \$16,800 per month. As amended, Mr. Stelmar receives the following payments and benefits: (i) a monthly consulting fee of \$6,000; (ii) continued vesting of each outstanding unvested Company equity award held by Mr. Stelmar as of the Effective Date (a "Pre-Consulting Equity Award") in accordance with the terms and conditions of such award existing prior to Mr. Stelmar's retirement (based on Mr. Stelmar's continued provision of consulting services thereafter rather than continued employment); and (iii) Company-subsidized benefits coverage for Mr. Stelmar and his eligible dependents ("COBRA Coverage") for the term of the Consulting Agreement or, if earlier, on the date Mr. Stelmar becomes eligible for coverage under a group health plan of a subsequent employer. The Consulting Agreement also requires the continued compliance with the restrictive covenants in Mr. Stelmar's employment agreement. In the event that the Consulting Agreement and Mr. Stelmar's consulting services are terminated by the Company without cause, Mr. Stelmar will receive the following,

subject to his timely execution and non-revocation of a general release of claims: (i) a lump-sum payment of any remaining portion of Mr. Stelmar's consulting fee (had he remained a consultant through the consulting period); (ii) continued COBRA Coverage that would have been payable for the remainder of the consulting period; and (iii) each Pre-Consulting Equity Award will accelerate and vest in full (to the extent then-unvested). In addition, if the Consulting Agreement and Mr. Stelmar's consulting services are terminated by the Company at the end of the term due to the Company's decision not to renew the agreement, then each Pre-Consulting Equity Award will accelerate and vest in full (to the extent then-unvested). In connection with his continuing board service as a non-employee board member, as of the date of his retirement, Mr. Stelmar is compensated for such board service pursuant to and in accordance with the Company's Non-Employee Director Compensation Program described under "Compensation of Directors—Non-Employee Director Compensation Philosophy and Program."

TL Fab LP, an entity in which Paul C. Heeschen, one of our non-employee directors, owns an indirect majority equity interest (but is not an employee), was engaged by us and some of our unconsolidated joint ventures as a trade contractor to provide metal fabrication services during 2018 and currently. We incurred approximately \$296,000 and our unconsolidated joint ventures incurred approximately \$372,000, respectively, for these services for the year ended December 31, 2018. We and certain of our unconsolidated joint ventures are likely to continue to engage TL Fab for additional services in 2019 as long as their bids are competitive. Since the beginning of the 2019 fiscal year through the end of February 2019, the Company has paid approximately \$33,000 to TL Fab LP and no payments have been made by our unconsolidated joint ventures.

John Neff, the son of one of our non-employee directors, Douglas C. Neff, is employed by the Company as a Land Acquisition Manager. During the year ended December 31, 2018, the Company compensated John Neff with approximately \$172,000 in cash, including base salary and bonus, and \$15,000 of RSUs which vest ratably over three years with vesting subject to continued service (using the grant date fair value of the RSUs as computed in accordance with ASC Topic 718). We provide information regarding the assumptions used to calculate the value of all equity awards in Note 13, Stock-Based Compensation, to our consolidated audited financial statements included in our Form 10-K filed with the SEC on February 15, 2019. In addition, John Neff participates in the Company's general welfare plans, including health benefits, retirement savings opportunities and limited other employee benefits.

The GDR Group is an information technology services consulting firm that provides the Company with support for its IT Helpdesk, onsite support services, remote systems administration, network infrastructure design and implementation and network security services. In 2018, the Company paid approximately \$730,000 and its unconsolidated joint ventures paid approximately \$11,000 to the GDR Group. One of GDR Group's principals, Randy Redwitz, is the sibling of Thomas Redwitz, our former Chief Investment Officer. Thomas Redwitz receives no direct or indirect compensation from the GDR Group for the services it provides to the Company. We believe the terms of the services provided by the GDR Group are no less favorable to us than those that would be available to us in a comparable transaction in arms-length dealings with an unrelated third party. Since the beginning of the fiscal year through the end of February 2019, the Company has paid GDR Group approximately \$77,000.

Joan Marcus Webb (formerly Joan Marcus-Colvin) is an employee of the Company as our Chief Marketing Officer, who reports to our President and Chief Operating Officer, Leonard Miller. The number of PSUs that vest on the last day of the performance period is 50%, with the final 50% vesting on the first anniversary thereof (i.e. December 31, 2020), subject to Ms. Webb's continued service. RSU and PSU award values are based on grant date fair value as computed in accordance with ASC Topic 718. We provide information regarding the assumptions used to calculate the value of all equity awards in Note 13, Stock-Based Compensation, to our consolidated audited financial statements included in our Form 10-K filed with the SEC on February 15, 2019. In the event of a termination following a change in control of the Company, Ms. Webb is entitled to (i) severance pay in an amount equal to two times the sum of her (A) base salary and (B) the greater of the target annual cash bonus for the year in which the qualifying termination occurs and the average annual bonus paid to her during the three most recently completed years prior to her qualifying termination, and (ii) Company-subsidized benefits coverage for 12 months or until the date Ms. Webb becomes eligible for coverage under a group health plan of a subsequent employer. In addition, Ms. Webb participates in the Company's general welfare plans, including health benefits, retirement savings opportunities and limited other employee benefits. In addition to being reviewed, ratified and approved by the Audit Committee, Joan Marcus Webb's compensation is recommended by Leonard Miller and approved by the Compensation Committee.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and the NYSE. Executive officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms furnished to us and the written representations from certain of the reporting persons that no other reports were required, we believe that all executive officers, directors and greater than ten percent beneficial owners during the fiscal year ended December 31, 2018 complied with the reporting requirements of Section 16(a).

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

In accordance with the rules and regulations adopted by the SEC, we have elected to provide access to our proxy materials to our stockholders via the internet. Accordingly, a notice of internet availability of proxy materials has been mailed to our stockholders. Stockholders have the ability to access the proxy materials at www.proxyvote.com, or request that a printed set of the proxy materials be sent to them, by following the instructions set forth on the Notice mailed to them. Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy materials. This means that only one copy of our proxy materials or the Notice, as applicable, may have been sent to multiple stockholders in the same house. We will promptly deliver a separate Notice and, if requested, a separate proxy statement and annual report, to each stockholder that makes a request using the procedure set forth on the Notice. Stockholders who currently receive multiple copies of proxy materials at their address and would like to request householding of their communications, or would like additional copies of materials, may contact the Householding Department of Broadridge Financial Solutions, Inc. at 51 Mercedes Way, Edgewood, New York 11717, or at 1-800-579-1639, or at sendmaterial@proxyvote.com.
