Item 8.01 – OTHER EVENTS.

On October 25, 2018, MidSouth Bank, N.A. Lafayette, Louisiana (“Bank”), the wholly owned subsidiary of MidSouth Bancorp, Inc. (the “Company”), entered into a Stipulation to the Issuance of a Consent Order with the Office of the Comptroller of the Currency (“OCC”), consenting to the issuance of a consent order (the “Consent Order”) relating to weaknesses in the Bank’s Bank Secrecy Act and Anti-Money Laundering (collectively “BSA”) compliance program. In consenting to the issuance of the Consent Order, the Bank did not admit or deny any charges of unsafe or unsound banking practices related to the BSA compliance program.

Under the terms of the Consent Order the Bank and/or its Board of Directors is required to take certain actions which include, but are not limited to:

- Creation of a subcommittee of the Board of Directors of the Bank to monitor and coordinate the Bank’s adherence to the provisions of the Consent Order;

- Appointment of a qualified BSA Officer;

- Assessment of the Bank’s personnel and training needs to ensure that an adequate number of qualified staff have been retained for the Bank’s BSA Department;

- Ensure the Bank’s adherence to a written program of policies and procedures to provide for BSA compliance and the appropriate identification and monitoring of transactions that pose greater than normal risk for BSA compliance;

- Development and implementation of a customer due diligence program to enhance customer due diligence and risk assessment processes;

- Revision of the Bank’s program for monitoring and reporting suspicious activity; and

- Implementation of a comprehensive training program for employees and directors to ensure their awareness of their responsibility for compliance with the requirements of the BSA and the Office of Foreign Assets Control; of the Bank’s relevant policies, procedures, and processes; and of relevant examples of red flags for money laundering, terrorist financing, and suspicious activity.

The Bank began implementing corrective actions prior to entering into the Consent Order. Since a number of the issues were self-identified, numerous actions have already been taken or commenced by the Bank, which will assist in complying with the Consent Order and strengthen its BSA compliance practices, policies, procedure and controls.

The Consent Order is expected to result in additional BSA compliance expenses for the Bank and the Company. The Consent Order does not otherwise impact the Bank’s business activities outside of BSA.

The Consent Order does not require the Bank to pay any civil money penalty or require additional capital.

The Consent Order will remain in effect and be enforceable until it is modified, terminated, suspended or set aside by the OCC. Management and the Board have expressed their full intention to comply with all parts of the Consent Order at the earliest possible date.

The foregoing summary description of the Consent Order is not complete and is qualified in its entirety by reference to the full text of the Consent Order, a copy of which is filed as Exhibit 99.1 to this Current Report on Form 8-K and

the Stipulation which is filed herewith as Exhibit 99.2 each of which is incorporated herein by reference.

Issuance of the Consent Order does not preclude further government action with respect to the Bank's BSA program, including the imposition of fines, sanctions, additional expenses and compliance cost, and/or restrictions on the activities of the Bank.

Factors that might cause such a difference include, among other matters, the time and resources necessary to develop, adopt and implement all corrective actions required by the Consent Order; changes in interest rates and market prices that could affect the net interest margin, asset valuation, and expense levels; changes in local economic and business conditions in the markets we serve, including, without limitation, changes related to the oil and gas industries that could adversely affect customers and their ability to repay borrowings under agreed upon terms, adversely affect the value of the underlying collateral related to their borrowings, and reduce demand for loans; and other factors discussed under the heading “Risk Factors” in MidSouth’s Annual Report on Form 10-K for the year ended December 31, 2017 filed with the SEC on March 16, 2018 and in its other filings with the SEC.
