Diageo PLC – (Share repurchase programme)

Dated 07 February 2019

7 February 2019

Diageo plc share repurchase programme

On 30 January 2019, the Board of Diageo plc approved an increase to the share buyback programme taking place during the financial year ending 30 June 2019 ("the F19 Programme"). The F19 Programme will now return up to £3.0 billion to shareholders.

During the first tranche of the F19 Programme, which ended on 31 January 2019, Diageo repurchased 47,920,097 shares worth £1.3 billion. In order to execute the second tranche of the F19 Programme, Diageo today announces that it has entered into a non-discretionary agreement with Citigroup Global Markets Limited ("Citi"). This agreement will commence on 7 February 2019 and is expected to end no later than 30 June 2019. During the second tranche, share repurchases of up to £1.7 billion will be made.

Citi will make its trading decisions in relation to the company's securities independently of, and uninfluenced by, the company. Any repurchase of shares by Diageo contemplated by this announcement will be carried out on the London Stock Exchange and/or other recognised investment exchange(s).

The purpose of the buyback programme is to reduce the share capital of Diageo plc. All shares repurchased will be cancelled.

The buybacks will be affected within certain pre-set parameters and in accordance with Diageo's general authority to repurchase shares, and will be conducted within the parameters prescribed by the Market Abuse Regulation 596/2014, the Commission Delegated Regulation (EU) 2016/1052 and, in the case of Diageo plc, Chapter 12 of the Listing Rules.

The second tranche of the F19 Programme of up to £1.7 billion will fall within the maximum number of shares that may be repurchased pursuant to Diageo's existing general authority from shareholders to repurchase up to 246,118,306 shares, as granted at its 2018 annual general meeting.

2. Calculation basis

According to the Measures for Administration of Acquisition of Listed Companies (the "Acquisition Measures") and other relevant regulations, the tender offer price and its calculation basis are as follows:

1 The Offeror did not acquire any SJF shares in 6 months prior to the date of this indicative announcement of the tender offer.

2 The volume weighted daily average price of SJF shares in 30 trading days prior to the date of this indicative announcement of the tender offer is RMB32.13/share. After taking into consideration the overall development and recent market price level of the industry, it is decided that the trading price of the tender offer is RMB45.00/share, representing a 40.05% premium over the volume weighted daily average price of the shares in 30 trading days prior to the date of the indicative announcement of the tender offer report, and a 19.33% premium over the closing price of 26 February 2019.

3 The tender offer price is not lower than the maximum price paid by the Offeror for acquiring the same class of shares in 6 months prior to the date of the indicative announcement of the tender offer, or the volume weighted daily average price of the same class of shares in 30 trading days prior to the date of the indicative announcement. Therefore, the tender offer price complies with the requirement of the Acquisition Measures.

(III) Total funding and source of funds

Based on the tender offer price of RMB45.00/share, the maximum funding required for the tender offer shall be RMB2,198,455,650.00, all of which will be from the Offeror's own fund or raised by the Offeror.

II. This tender offer is a partial tender offer, and the purpose of the tender offer is not to terminate the listing status of SJF.
