REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Savings and Investment Plan Committee and the Participants of the Eastman Kodak Employees' Savings and Investment Plan

We have audited the financial statements and related schedule listed in the index appearing on page 2 of this Annual Report of Form 11-K, as of and for the year ended December 30, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Eastman Kodak Employees' Savings and Investment Plan as of December 30, 2003, and the changes in net assets available for benefits for the year ended December 30, 2003, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 30, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has

been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully Submitted,

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Savings and Investment Plan Committee and the Participants of the Eastman Kodak Employees' Savings and Investment Plan

In our opinion, the financial statements listed in the index appearing on page 2 of this Annual Report on Form 11-K present fairly, in all material respects, the net assets available for benefits of the Eastman Kodak Employees' Savings and Investment Plan at December 30, 2002, and the changes in net assets available for benefits for the year ended December 30, 2002, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

EASTMAN KODAK EMPLOYEES' SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Eastman Kodak Employees' Savings and Investment Plan (the Plan or SIP) is a defined contribution plan of a controlled group of corporations consisting of Eastman Kodak Company and certain United States subsidiaries operating in the United States (Kodak or the Company). The principal provisions of the Plan are described below and are provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Regular full-time, regular part-time, supplementary or conditional employees of Kodak are eligible to participate in the Plan. Kodak Ambassadors, co-ops and special program employees are not eligible to participate in the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974.

The Plan is administered by the Savings and Investment Plan Committee (SIPCO), which is the Plan Administrator and named fiduciary. The Trust is administered by Boston Safe Deposit and Trust Company (Boston Safe) (the Plan Trustee).

Plan participants are able to direct the investment of their Plan holdings (employer and employee) into various investment options offered under the Plan on a daily basis. The investment options consist of thirty-six funds comprised of common and preferred stocks, mutual funds, common/collective trusts (pooled) funds, group annuity and other investment contracts, and U.S. government securities.

Investment Option Changes

Effective April 1, 2004, the Putnam Voyager, Putnam Vista and MSIF Trust Value Funds were no longer available as investment options under the

Plan, and participant's balances remaining in these funds on March 31, 2004, if any, were transferred into the Fixed Income Fund.

Effective March 1, 2004, the MSIF Trust High Yield and Time Horizon Funds were no longer available as investment options under the Plan, and participant's balances remaining in these funds on February 29, 2004, if any, were transferred into the Fixed Income Fund.

Effective February 2, 2004, the Putnam Voyager and MSIF Trust Value Funds were replaced with the America Funds Growth Fund of America and the Hotchkis and Wiley Mid-Cap Value Fund, respectively.

Effective January 1, 2004, new investment options were added to the Plan. Those options are the Salomon Brothers Institutional High Yield Bond and T. Rowe Price Retirement Funds.

Effective December 1, 2003, the Putnam Investors, PBHG Growth, Putnam OTC & Emerging Growth, SSgA Emerging Markets Index, Matthews Pacific Tiger and Scudder Latin America Funds were no longer available as investment options under the Plan, and participant's balances remaining in these funds on November 30, 2003, if any, were transferred into the Fixed Income Fund. Effective February 1, 2003, new contributions of any kind were not allowed to these funds.

7

Effective January 1, 2003, new investment options were added to the Plan. Those options are the Turner Midcap Growth Equity Fund, PIMCO Opportunity Fund, Batterymarch U.S. Small Cap Equity Fund, MFS International New Discovery Fund, and American Century Emerging Markets Fund.

Administrative Expenses

The Plan provides for the payment of certain administrative expenses by the Trust, including fees for investment advisors, the recordkeeper, the Plan Trustee, attorneys and accountants. The recordkeeper is T. Rowe Price Retirement Plan Services, Inc.

Contributions

The Plan includes a salary reduction provision allowing eligible Kodak participants to defer up to a certain percentage of qualifying compensation as defined in the Plan. The maximum deferral for Plan years 2003 and 2002 was limited to 75% and 30%, respectively, of the aggregate of qualifying compensation and wage dividend, but not more than the statutory limit. Effective January 1, 2000, the Company began to match SIP contributions for an amount up to 3% of wages for employees who contributed up to 5% of their wages to SIP and who also participated in the Cash Balance Plus portion of the Kodak Retirement Income Plan. All contributions to the Plan are immediately vested. Boston Safe invests participant and employer contributions to the Plan into the investment funds, as directed by the participant. Participants are eligible to make transfers between investment funds on a daily basis. Company match funds cannot be used for loans or hardship withdrawals.

Loans

The Plan Administrator may grant a loan to a participant provided that the aggregate of the participant's outstanding loans will not exceed the lesser of: 1) \$50,000 less the highest outstanding loan balance during the previous 12 months, or 2) 50% of the current value of the participant's account excluding any Company match funds. A new loan

must be at least \$1,000 and repaid within five years of the date of the loan. In accordance with the Plan provisions, the rate of interest is fixed at the discretion of the Plan Administrator. Interest is charged at the lesser of the maximum legal rate or the prime rate. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.00% to 9.5% in 2003 and 4.25% to 9.5% in 2002, which are commensurate with local prevailing rates as determined by the Plan Administrator.

Distributions

Distributions from the Plan are made under the following circumstances:

1. Approval of hardship withdrawals is made by the Plan Administrator or its designee. Hardship withdrawals will only be granted a) in order to meet obligations relating to the payment of substantial out-of-pocket medical (or dental) bills for the participant, the participant's spouse or any of the participant's dependents, b) for the purchase or construction of a primary residence, c) for tuition, room and board or other post-secondary educational expenses, or d) for payments to prevent eviction/foreclosure.

8

- 2. Upon attaining age 59 1/2, a participant may elect to receive a lump sum cash distribution from the Plan while still actively employed.
- 3. Upon separation from service for any reason except death, the full value of a participant's account is distributed as a lump sum if the account balance is less than a certain amount as defined in the Plan and the participant is not retirement eligible. Otherwise, the full value of the account is distributed when and as designated by the participant in a lump sum payment, or in monthly or annual installments. If an appropriate designation is not made by the participant, the account is paid in a lump sum cash payment in February following the year the participant turns age 65.
- 4. In the event of death, the value of a participant's account is paid in a lump sum to a designated beneficiary, if any, or to the decedent's estate, except that if there is a surviving spouse, then the entire sum will be paid to such spouse unless the spouse consents to the beneficiary designation of the participant.
- 5. The Plan Trustee is authorized to honor "qualified domestic relations orders" issued and served in accordance with Section 414(p) of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, if applicable, and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

While Kodak expects to continue the Plan, it has the right to discontinue contributions and amend or terminate the Plan at any time.

In the event that contributions to the Plan are discontinued, the Plan Trustee will continue to administer the Trust. In the event of the termination of the Trust as a result of or incident to termination of the Plan, the pro rata value of the participants' accounts will be paid in accordance with the provisions of the Plan.

9

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan operates on a fiscal year ending December 30.

The Plan's financial statements have been prepared on the accrual basis of accounting. Distributions to participants are recorded when paid.

Investment Valuation and Income Recognition

The group annuity and other investment contracts are included in the financial statements at contract value because they are fully benefit responsive. In aggregate, the recorded value of the group annuity and other investment contracts approximates their fair value. Interest rates on these contracts remain fixed and are not reset until a contract matures. There are no minimum crediting interest rates under the terms of the contracts. Effective annual yields on these contracts ranged between 3.72% and 8.39% in 2003, and between 3.72% and 8.39% in 2002, depending on the date of the contribution, transfer or rollover. The blended rate of return on the Fixed Income Fund was approximately 6.6% in 2003 and 7.6% in 2002.

Interest in common/collective trusts (pooled) funds reflects market values based upon the net asset value of the underlying funds. Shares of mutual funds are valued at the net asset value of shares held by the Plan at December 30. Current values of all other investments are based upon active market quotations on national exchanges, if available, at December 30, or, if not available, upon amounts believed by the Plan Administrator to be realizable at that time. Loans to participants are valued at principal plus accrued interest which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at year end and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate and market. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term could have materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets

available for benefits.

10

In the normal course of business, the Plan enters into agreements that contain a variety of representations and warranties, which provide general indemnifications. The Plan's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Plan that have not yet occurred. However, based on experience, the Plan expects the risk of loss to be remote.

NOTE 3: INVESTMENTS

The Plan Trustee is not required to furnish a bond in connection with the custody of investments or other assets of the Plan.

The Plan Trustee is authorized to keep any portion of any of the foregoing funds in cash or liquid investments as it may deem advisable.

All dividends, interest or gains derived from investments in each Fund are reinvested in the respective Fund by the Plan Trustee.

NOTE 4: NET REALIZED AND UNREALIZED GAINS (LOSSES) FROM INVESTMENTS

Net realized and unrealized gains (losses) from investments for the fiscal year ended on December 30 are:

TOTAL				\$816,937 ======

NOTE 6: FEDERAL INCOME TAX STATUS

In November 2002, the Plan received a favorable tax determination letter from the Internal Revenue Service (IRS) in which the IRS stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving such letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

12

NOTE 7: RELATED PARTY TRANSACTIONS

During 2003 and 2002, certain Plan investments were shares of mutual funds managed by T. Rowe Price. T. Rowe Price Retirement Plan Services, Inc. was the recordkeeper since January 1, 2002; therefore, these transactions constitute related party transactions. Fees paid by the Plan to T. Rowe Price for management services amounted to \$1,279,837 and \$1,616,474 for the fiscal years ended December 30, 2003 and 2002, respectively.

The Kodak Stock Fund, the SIP Smaller Stock Fund, and the Fixed Income Fund hold small amounts of cash invested in short-term investments. Mellon Trust, the Parent of Boston Safe Deposit and Trust Company, the Plan Trustee, manages these short-term investments; therefore, these transactions constitute related party transactions.

The Kodak Stock Fund is not actively managed, but Boston Safe Deposit and Trust Company, the Plan Trustee, buys, sells and holds the assets for this fund including the cash that is necessary to maintain liquidity. During the years ended December 30, 2003 and 2002, the Plan purchased shares in the Fund in the amount of \$22,154,800 and \$72,833,844, sold shares in the Fund in the amount of \$24,582,394 and \$31,685,986, and had net depreciation and net appreciation in the Fund in the amount of \$42,615,416 and \$22,574,733, respectively. The total

value of the Plan's investment in the Fund was \$108,322,084 and \$156,947,036 at December 30, 2003 and 2002, respectively.
