NOTES TO FINANCIAL STATEMENTS (unaudited)

1. Significant Accounting Policies

The unaudited interim financial statements of Sears Roebuck Acceptance Corp. ("SRAC"), a wholly-owned subsidiary of Sears, Roebuck and Co. ("Sears"), reflect all adjustments (consisting only of normal recurring accruals) which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. The significant accounting policies used in the presentation of these financial statements are consistent with the summary of significant accounting policies set forth in SRAC's Annual Report on Form 10-K for the 52 weeks ended December 30, 2000, and these financial statements should be read in conjunction with the financial statements and notes found therein. The results of operations for the interim periods should not be considered indicative of the results to be expected for the full year.

2. Back-up Liquidity

SRAC continued to provide support for 100% of its outstanding commercial paper through its investment portfolio and committed credit facilities. SRAC's investment portfolio fluctuated from a low of \$5 million to a high of \$819 million in the first quarter of 2001. Credit facilities as of March 31, 2001 were as follows:

Expiration Date	(millions)
April 2002	\$ 875
April 2003	4,185

	\$5,060

3. Medium-term Notes and Discrete Underwritten Debt

INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors and Shareholder of
Sears Roebuck Acceptance Corp.:

We have reviewed the accompanying statements of financial position of Sears Roebuck Acceptance Corp. (a wholly-owned subsidiary of Sears, Roebuck and Co.) as of March 31, 2001 and April 1, 2000, and the related statements of income and cash

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

flows for the 13 week periods then ended. These financial statements are the responsibility of the Sears Roebuck Acceptance Corp.'s management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and of making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the statement of financial position of Sears Roebuck Acceptance Corp. as of December 30, 2000, and the related statements of income, shareholder's equity and cash flows for the year then ended (not presented herein); and in our report dated January 19, 2001, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying statement of financial position as of December 30, 2000 is fairly stated, in all material respects, in relation to the statement of financial position from which it has been derived.

ITEM 2. ANALYSIS OF RESULTS OF OPERATIONS

During the first quarter of 2001, Sears Roebuck Acceptance Corp.'s ("SRAC") revenues increased to \$304 million from \$302 million in the comparable 2000 period. SRAC's income is derived primarily from the earnings on its investment in the notes of Sears, Roebuck and Co. ("Sears") and invested cash. The increase in revenue resulted primarily from a 5 basis point increase in the average rates on earning assets in the first quarter of 2001 compared to the 2000 period.

SRAC's interest and related expenses increased to \$241 million for the first quarter of 2001 from \$240 million for the first quarter of 2000. SRAC's cost of short-term funds averaged 6.65%

Edgar Filing: SEARS ROEBUCK ACCEPTANCE CORP - Form 10-Q

in the first quarter of 2001, a 58 basis point increase from 6.07% for the first three months of last year. SRAC's short-term borrowings averaged \$3.5 billion in the first quarter of 2001, a 21% increase from the 2000 first quarter average of \$2.9 billion. Increases in short-term debt levels were partially offset by decreases in long term debt levels. Average outstanding long-term debt of \$10.6 billion in the first quarter of 2001 decreased \$1.0 billion compared to \$11.6 billion in the first quarter of 2000. SRAC's cost of long-term funds averaged 6.70% in the first quarter of 2001 compared to 6.60% for the first quarter of 2000.

On January 26, 2001, SRAC issued an \$800 million ten-year discrete underwritten bond with a 7% coupon.

SRAC's net income was \$40 million for the first quarter of 2001 and 2000. SRAC's ratio of earnings to fixed charges was 1.26 and 1.25, respectively for the first quarter of 2001 and 2000.
