Item 1.01 Entry into a Material Definitive Agreement.

On June 12, 2018, Alliant Energy Finance, LLC (“AEF”), a wholly-owned subsidiary of Alliant Energy Corporation (“Alliant Energy”), issued \$400 million aggregate principal amount of its 3.750% Senior Notes due 2023 (the “2023 Notes”) and \$300 million aggregate principal amount of its 4.250% Senior Notes due 2028 (the “2028 Notes” and, together with the 2023 Notes, the “Notes”), which are fully and unconditionally guaranteed by Alliant Energy on a senior unsecured basis. The Notes were sold in a private offering only to qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”), and to non-U.S. persons in offshore transactions in reliance on Regulation S under the Securities Act (the “Offering”). The Notes were issued under an indenture, dated as of June 12, 2018, among AEF, Alliant Energy, as guarantor, and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Indenture”).

The Notes are AEF’s senior unsecured indebtedness and are guaranteed on a senior unsecured basis by Alliant Energy. The 2023 Notes bear interest at a rate of 3.750% per annum, accruing from June 12, 2018. Interest on the 2023 Notes is payable semi-annually on June 15 and December 15 of each year, commencing on December 15, 2018. The 2023 Notes will mature on June 15, 2023, subject to earlier repurchase or redemption in accordance with the terms of the Indenture. The 2028 Notes bear interest at a rate of 4.250% per annum, accruing from June 12, 2018. Interest on the 2028 Notes is payable semi-annually on June 15 and December 15 of each year, commencing on December 15, 2018. The 2028 Notes will mature on June 15, 2028, subject to earlier repurchase or redemption in accordance with the terms of the Indenture.

At any time and from time to time prior to May 15, 2023 in the case of the 2023 Notes and prior to March 15, 2028 in the case of the 2028 Notes, AEF may redeem some or all of the Notes of the applicable series at a redemption price equal to the greater of (i) 100% of the aggregate principal amount of such Notes being redeemed, and (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes being redeemed (exclusive of interest accrued to the date of redemption), in the case of the 2023 Notes, that would be due if the 2023 Notes matured on May 15, 2023, and in the case of the 2028 Notes, that would be due if the 2028 Notes matured on March 15, 2028, in each case discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the treasury rate plus 15 basis points with respect to the 2023 Notes and 20 basis points with respect to the 2028 Notes, plus in each case unpaid interest on the principal amount being redeemed to the date of redemption.

The Indenture contains covenants that, among other things, restrict AEF’s and Alliant Energy’s ability, and the ability of certain of Alliant Energy’s other subsidiaries, to create liens, and AEF’s and Alliant Energy’s ability to consolidate with or merge into any other corporation or convey, transfer or lease their respective properties and assets substantially as an entirety. The Indenture also provides for customary events of default (subject in certain cases to customary grace and cure periods), which include nonpayment, breach of covenants, payment defaults, certain events of bankruptcy and insolvency. These covenants and events of default are subject to a number of important qualifications, limitations and exceptions that are described in the Indenture. If an event of default with respect to the Notes of a series occurs under the Indenture, the principal amount of all of the Notes of such series then outstanding, plus accrued and unpaid interest, if any, to the date of acceleration, may become immediately due and payable.

The foregoing summary of the Indenture is qualified in its entirety by reference to the actual text of the Indenture, a copy of which is filed as Exhibit 4.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The net proceeds from the Offering are intended to be used to retire AEF’s variable-rate term loan credit agreements expiring in 2018, to reduce Alliant Energy’s outstanding commercial paper and for general corporate purposes.
