INDEPENDENT AUDITORS' REPORT

Hughes Non-Bargaining and Bargaining Employees Thrift and Savings Plans:

We have audited the accompanying Statements of Net Assets Available for Benefits

Edgar Filing: GENERAL MOTORS CORP - Form 11-K

by plan of the Hughes Non-Bargaining Employees Thrift and Savings Plan, and the Hughes Bargaining Employees Thrift and Savings Plan (collectively, the "Plans") as of November 30, 2000 and 1999 and the related Statements of Changes in Net Assets Available for Benefits by Plan for the years then ended. These financial statements are the responsibility of the Plans' management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plans at November 30, 2000 and 1999 and the changes in their net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

HUGHES NON-BARGAINING AND BARGAINING
EMPLOYEES THRIFT AND SAVINGS PLANS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2000 AND 1999

NOTE 1. PLAN DESCRIPTION AND RELATED INFORMATION

The following description of the Hughes Non-Bargaining and Bargaining Employees Thrift and Savings Plans provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Description of the Plans - The financial statements comprise the accounts of the Bargaining Plan and the Non-Bargaining Plan (collectively, the "Plans"). The Bargaining Plan and the Non-Bargaining Plan were restated on November 18, 1999 and November 15, 1999, respectively, to incorporate the various amendments made throughout the years, and to conform with current regulations as required. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974("ERISA").

Plan Administration - The Plans are administered by an Administrative Committee whose members are appointed by Hughes Electronics Corporation (the "Company" or "Hughes"), a wholly owned subsidiary of General Motors Corporation ("GM"). The trustee of the Plans is Bankers Trust Company ("Bankers Trust"). Additional Plan

Edgar Filing: GENERAL MOTORS CORP - Form 11-K

information is provided to the participants by the Company in the form of Summary Annual Reports. The Plans' expenses are paid by the plan participants, as provided by the Plan documents.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plans have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments - The Plans participate in the Hughes Electronics Corporation Savings Plan Master Trust (the "Master Trust"). See further discussion in Note 6. The Plans' investments in the Master Trust are presented at estimated fair value, which has been determined based on the fair value of the investments of the Master Trust.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Financial Instruments and Investments - The Plans invest in a master trust which utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could have a materially adverse effect on the Company's financial statements.

Income Taxes - The Internal Revenue Service has ruled that the Plans are qualified under Section 401 of the Internal Revenue Code (the "Code") and are, therefore, not subject to Federal income taxes under present income tax laws. Accordingly, no provision for Federal income taxes has been made in the accompanying financial statements. Contributions by participants made on a "pre-tax" basis, the Company's matching contributions, and the earnings thereon are not subject to Federal income taxes to the participants until distributed from the Plans.

FOR THE YEARS ENDED NOVEMBER 30, 2000 AND 1999 - Continued

NOTE 3. PLAN PARTICIPATION

All employees of the Company and its domestic subsidiaries that have adopted the respective Plans are eligible to participate in the Plans as soon as administratively feasible following one hour of service. The Plans provide that eligible employees electing to become participants may contribute from 1 percent to 15 percent (highly compensated employee participant, 1 percent to 12 percent) (in whole percentages) of his or her compensation to the Plans. The participants

Edgar Filing: GENERAL MOTORS CORP - Form 11-K

may direct these contributions to any of the investment funds included in the Master Trust described in Note 6.

The Company contributes to the General Motors Class H Common Stock Fund an amount equal to 100 percent of the individual employee's contribution to the plan up to 4 percent of the employee's compensation, subject to certain limitations.

Participants in the Plans are vested in the Company's contributions after two full plan years after the plan year in which contributions are made to their accounts. Participants become fully vested after five years of service. Forfeited Company contributions are used to reduce future Company contributions to the Plans. Forfeitures used to reduce Company contributions during the years ended November 30, 2000 and 1999 were \$0 and \$19,809, respectively. Forfeitures available at the years ended November 30, 2000 and 1999 were \$1,209,728 and \$652,041, respectively.

The Company reserves the right to terminate the Plans at any time subject to the provisions set forth in ERISA. Upon such termination, the participants' rights to the Company's contributions vest immediately, and the account balances are to be fully paid to the participants.

NOTE 4. PARTICIPANT LOANS

The Plans allow participants to borrow from their vested account balances, subject to certain limitations. The loans bear interest at 1 percent over the Prime Rate as published in the Eastern edition of The Wall Street Journal (which is fixed at the inception of the loan), and maturities may not exceed four years.

The loans are deducted from the participants' vested account balances using a source hierarchy. The funds are withdrawn from sources in the following order: old after-tax employee contributions, new after-tax employee contributions, pre-tax employee contributions, rollover contributions, company match unrestricted, and company match restricted. Funds are withdrawn pro-rata from the funds for each source. Loan repayments are reinvested in the inverse order of the sources that the loan was redeemed from and into the funds based on current investment mixes.

NOTE 5. BENEFITS TO WITHDRAWING PARTICIPANTS

Net assets available for benefits include the following amounts which will be paid to participants who are withdrawing from the Plans:

Non-Bargaining	\$3,475	\$5,675

NOTE 6. INFORMATION CONCERNING THE MASTER TRUST

The Master Trust was created pursuant to a trust agreement between Hughes and Bankers Trust, as trustee of the funds, to permit the commingling of trust assets of the Plans for investment and administrative purposes. Each Plan has an undivided interest in the net assets of the Master Trust and changes therein. The assets of the Master Trust are held by Bankers Trust. Although assets of both plans are commingled in the master trust, the Plan's recordkeeper (Fidelity Investments) maintains supporting records for the purpose of allocating the net gain or loss of the investments to each of the Plans. The net investment income of the investment assets is allocated by the recordkeeper to each Plan based on account balances for participants by Plan.

Note 9. PLAN AMENDMENTS

The Plans were amended to include the following changes:

Provide for immediate eligibility for former employees of United States Satellite Broadcasting Company, Inc. (effective May 20, 1999), employees of Primestar, Inc. (effective July 24, 1999), and employees of the Boise, Idaho Call Center (effective June 1, 1999).

Effective July 1, 1999, divested employees impacted by the "same desk rule" were allowed access to loans and in-service withdrawals.

Such amount shall be determined by the Plan Administrator at its discretion.

Effective December 1, 1999, automatic enrollment for newly hired employees is required, unless a negative election is made, and employees are eligible to participate in the Plans as soon as administratively feasible following one hour of service.

Edgar Filing: GENERAL MOTORS CORP - Form 11-K
