Omnicare Transition to CVS Health: Compensation and Benefits Update

CVS Health has prepared this Frequently Asked Questions (FAQ) document to address questions related to treatment of compensation and benefits in the context of the Omnicare-CVS Health merger. This document is intended to provide clarification on the impact of the CVS Health merger on your eligible or actual awards under certain Omnicare compensation plans. These FAQs are not intended to be a comprehensive description of the awards and benefits that you have or may become eligible to receive as a result of the proposed merger.

Stock Compensation

Q: What happens to my stock awards as a result of the merger?

A: Restricted Stock Awards (RSAs), other than vested restricted stock, granted prior to June 1, 2014 (also known as “single-trigger” grants) will become fully vested on the closing date of the merger and be paid out in the amount of \$98 cash per share (less applicable taxes and withholdings) within three business days after the closing date of the merger.

Performance Share Units (PSUs) granted prior to June 1, 2014 (also known as “single-trigger” grants) will become fully vested on the closing date of the merger. Company performance will determine the number of earned shares; each earned share will be paid out in the amount of \$98 cash per share (less applicable taxes and withholdings) within three business days after the closing date of the merger.

Restricted Stock Awards (RSAs), other than vested restricted stock, granted after May 31, 2014 (also known as “double-trigger” grants) will be replaced by an equivalent value of CVS Health Restricted Stock on the closing date of the merger, with the CVS Health Restricted Stock featuring the identical remaining vesting period as the replaced Omnicare RSAs. Similar to the Omnicare RSAs, the replacement CVS Health Restricted Stock will provide for accelerated vesting in the event of a termination of employment without cause within 24 months after the closing date of the merger.

Performance Share Units (PSUs) granted after May 31, 2014 (also known as “double-trigger” grants) will be converted to CVS Health Restricted Stock. Company performance through the close will determine the number of earned shares; each earned share will then be replaced by an equivalent value grant of CVS Health Restricted Stock on the closing date of the merger, with the CVS Health Restricted Stock vesting on the date that is the original end of the Omnicare PSU performance period. Similar to the Omnicare PSUs, the replacement CVS Health Restricted Stock will provide for accelerated vesting in the event of a termination without cause within 24 months after the closing date of the merger.

Accrued dividends for all outstanding Omnicare awards will be paid in cash within three business days of the closing date of the merger.

Q: How will I receive the cashed out funds for my stock awards?

A: As the close date of the merger gets closer, CVS Health will provide additional details about the payout process.

Q: What are the tax implications for the cash out of my unvested stock awards?

A: Restricted stock awards are generally taxed as ordinary income upon vesting.

PSUs are generally taxed as ordinary income when they are cashed out. Applicable payroll taxes will be withheld at the time of payment. Please consult a tax professional for specific guidance relative to your own personal tax liabilities on these payments.

Q: Where can I view my vested or unvested stock awards?

A: Please visit www.ubs.com and log in to your account.

Q: What happens to my stock options?

A: Each stock option will become fully vested on the closing date of the merger and be paid out in the amount of \$98 cash per share minus the exercise price (less applicable taxes and withholdings) within three business days after the closing date of the merger.

Q: What happens to my vested restricted stock as a result of the merger?

A: Your vested shares of restricted stock are outstanding shares of common stock and will be treated in the same manner as stock owned by any Omnicare stockholder. Each share of common stock outstanding immediately prior to the closing of the merger will be paid out in the amount of \$98 cash per share.

Shares that previously have vested were subject to ordinary income tax withholding at the time of vesting. However, this cash payment may be subject to short- and/or long-term capital gains tax, depending on the length of your holding period following vesting. Please consult a tax professional for specific guidance relative to your own personal tax liabilities on this payment.

Q: Can I sell any of my vested stock awards between now and the close of the merger?

A: You are subject to Omnicare's corporate policy regarding open window periods. If you wish to sell shares at any time, contact Aly Kayne, the Company's Secretary & General Counsel.

Annual Incentive Compensation (Bonus)

Q: Will I still receive a cash bonus (also known as Annual Incentive Plan or AIP) for my 2015 performance?

A: The 2015 Annual Incentive Plan (AIP) will be paid immediately following the closing of the merger and, if the merger closes in 2015, will be prorated based on the number of days that have elapsed in the plan year as of the closing date of the merger. The actual 2015 AIP award will be based on your individual performance and overall business results.

Q: How will my bonus be determined?

A: The merger agreement provides for 2015 AIP funding at 125% of target, which was based on our performance through the signing date of the merger agreement. This funding level of 125% determines the total pool of funds available for awards, and does not dictate individual payout levels. In accordance with the AIP guidelines, individual bonuses may be more or less than target depending on overall business results and your individual performance through the closing.

Q: I was hired this year. Am I eligible for an AIP bonus?

A: If you were hired into an AIP-eligible role in 2015, you are eligible for a 2015 AIP award, which will be prorated based on your start date (if you were hired after April 1, 2015) and on the number of days that have elapsed in the plan year as of the closing date of the merger. In addition, if you are entitled to any other bonus for 2015, your 2015 AIP award will be offset by such amount.

Q: What bonus will I be eligible for after the merger closes?

A: While the specific design of incentive programs after closing is still being determined, employees who are incentive-eligible as of the closing date and continue in an incentive-eligible position after the closing date will participate in an incentive plan for the portion of the year remaining after the closing date, at the same incentive opportunity level.

General

Q: If I'm not offered a job with CVS Health, am I eligible for severance pay?

A: In the event of job elimination or other termination without cause prior to December 31, 2016, you will be eligible for payments no less favorable than the benefit under the applicable Omnicare Severance Plan. The definition of "cause" includes, but is not limited to, violation of the Company Code of Business Conduct & Ethics or other policies and procedures, negligent conduct and other unethical conduct.

Q: What happens if I resign before the closing of the merger? Am I still eligible for the bonus or stock cash out?

A: You must be employed as of the closing date of the merger to receive any bonus award or unvested stock compensation payouts.

Q: What happens if I resign voluntarily before December 31, 2016? Am I still eligible for stock cash out?

A: CVS Health Restricted Stock vests according to the vesting schedule applicable to your award prior to its conversion to CVS Health Restricted Stock. Therefore, if you resign voluntarily before the CVS Health Restricted Stock vests you will not be eligible to receive the unvested CVS Health Restricted Stock.

Q: Who can I consult with if I have additional questions?

A: Please contact your HR Business Partner. You may also refer to the merger agreement for more details.
