Oil-Dri Corporation of America
Reports Third Quarter EPS up 77% and Nine Month EPS up 94%

CHICAGO - May 26, 2004 - Oil-Dri Corporation of America (NYSE: ODC) today announced sales of \$46,616,000 for the third quarter ended April 30, 2004, 1% greater than sales of \$46,125,000 in the same quarter one year ago. The company reported net income of \$1,824,000 or \$0.30 per fully diluted share, 77% greater than income of \$977,000 or \$0.17 per fully diluted share reported in the same quarter one year ago.

Sales for the nine months ended April 30, 2004, were \$140,708,000, 10% greater than sales of \$128,311,000 in the same period one year ago. Net income for the nine months was \$5,270,000 or \$0.89 per fully diluted share, an increase from \$2,607,000 or \$0.46 per fully diluted share in the comparable period last year.

Third quarter pre-tax income was \$2,231,000 and there were no non-recurring items. Pre-tax income of \$1,474,000 in the third quarter one year ago included a \$310,000 gain from a real estate sale, a non-cash asset write off of \$385,000 and a non-cash charge of approximately \$350,000 to write down goodwill associated with an equity investment in Kamterter, a research and development company in the agricultural industry. Excluding these items, the company earned pre-tax income of \$1,899,000, during last year's third quarter.

This year's nine month pre-tax income of \$7,084,000 includes a \$464,000 loss on impaired assets related to a write-off of box line packaging equipment and a \$200,000 reserve for obsolete branded packaging inventory. Excluding these items the company had pre-tax income of \$7,748,000 for the nine months ended April 30, 2004.

Last year's nine month pre-tax income of \$3,831,000 included a gain of \$139,000 from the sale of mineral rights in Tennessee, a payment of \$675,000 from a customer who failed to meet minimum purchase requirements, a \$310,000 gain from real estate sales, a \$385,000 asset write-off and the \$350,000 goodwill write down associated with Kamterter. Excluding these items, the company earned pre-tax income of \$3,442,000 for the nine months ended April 30, 2003.

Third Quarter Review

President and Chief Executive Officer Daniel S. Jaffee said, "Our sales were relatively flat for the quarter but we continued to benefit from our focus on margin enhancement. Slower quarterly sales were the result of decreased agricultural and sports field business, as well as a slight decrease in consumer business.

"Increased sales of higher margin products, however, led to the quarter's increased profitability. While our margins have continued to increase, we cannot overlook rising costs of energy sources, packaging materials, transportation and other commodities. For these reasons, we continue to focus on managing these costs both internally and externally.

"We intend to increase prices for next fiscal year and by July 31, 2004, we expect our revised pricing structure to be implemented throughout all market segments."

Business Review

Sales for the Consumer Products Group were up 2% for the quarter and 12% for the nine months. Canadian operations contributed to the increased quarter and nine month sales, as well as increased sales of private label Special Kitty litter at Wal-Mart and the company's branded Cat's Pride and Jonny Cat litter in grocery markets.

Edgar Filing: OIL DRI CORPORATION OF AMERICA - Form 8-K

The Crop Production and Horticultural Products Group experienced a decrease in sales for the quarter by 14% but an increase of 3% for the nine months. There was a decrease in sales for Agsorb agricultural carriers, Pro's Choice sports field products and Flo-Fre processing aids. Sports field products are expected to show stronger fourth quarter sales.

The Industrial and Automotive Products Group sales were up 5% for the quarter and 9% for the nine months. Strong sales of synthetic sorbent products in March, greater sales in Canada and overall price increases contributed to the total growth of this product group for the quarter. Sales through existing major distributors were also up.

Sales were up 11% for the Specialty Products Group in the quarter and 8% year-to-date. Animal health and nutrition products continued to outpace last year with strong gains in Latin America and Asia. Strong sales of Pure-Flo bleaching clays in the U.S. and Oil-Dri UK contributed to the quarter and nine-month period.

Financial Review

On March 9, 2004, Oil-Dri's Board of Directors declared a regular quarterly cash dividend of \$0.10 per share on Common Stock. The dividend will be payable on June 11, 2004 to stockholders of record at the close of business on May 7, 2004. At the April 30, 2004 closing price of \$16.75 and assuming cash dividends continue at the same rate, the annual yield on the company's Common Stock is 2.4%.

During the fiscal year-to-date, the company repurchased 89,806 shares of stock, at an average price of \$14.96 per share. The company has 212,204 shares remaining under its current stock repurchase authorization.

Cash, cash equivalents and short-term investments at April 30, 2004, totaled \$20,822,000. Operating cash flow was \$13,712,000 for the nine-month period. Capital expenditures for the nine-months totaled \$3,722,000, which was \$2,387,000 less than the depreciation and amortization of \$6,109,000. A debt repayment was made in the third quarter of \$1,500,000. Total debt repayments year-to-date are \$4,000,000.

The company's effective tax rate was 25.6% of pre-tax income in the first nine months of fiscal 2004 versus 32% in the first nine months of fiscal 2003. The decrease in the effective tax rate for fiscal 2004 was due to a change in estimate in calculating the company's depletion deduction.

Looking Forward

Jaffee commented, "As we look toward the completion of fiscal 2004, we are optimistic about the continued growth and health of our business. We are focused on continually improving our operational efficiencies while managing external expenses.

"Comparing our earnings per share to last year, we have exceeded last year's third quarter by 77% and have exceeded the bottom end of the estimated earnings per share range year-to-date. In light of this we are raising our estimated earnings per share range to \$0.95-\$1.00 for the fiscal year. We are very proud of these results and look forward to an even stronger fiscal 2005.

###

=====
The company will offer a live web cast of the third quarter earnings teleconference on Thursday, May 27, 2004 at 10:00 a.m. CST. To listen to the call via the web, please visit www.streetevents.com or

Edgar Filing: OIL DRI CORPORATION OF AMERICA - Form 8-K

www.oildri.com. An archived recording of the call will be available for approximately 30 days after the call and written transcripts of all teleconferences are posted on the Oil-Dri web site.

Oil-Dri Corporation of America is the world's largest manufacturer of cat litter and a leading supplier of specialty sorbent products for industrial, automotive, agricultural, horticultural and specialty markets.

Cat's Pride(R) cat litter, Jonny Cat(R) cat litter, Agsorb(R) agricultural carriers, Pro's Choice(R) sports field products, Flo-Fre(R) processing aids, ConditionAde(R) pellet binder and Pure-Flo(R) bleaching clays are all trademarks of Oil-Dri Corporation of America.

Special Kitty(R) cat litter is a trademark of Wal-Mart Stores, Inc.

This release contains certain forward-looking statements regarding the company's expected performance for future periods, and actual results for such periods might materially differ. Such forward-looking statements are subject to uncertainties which include, but are not limited to, competitive factors in the consumer market; the level of success in implementation of price increases and surcharges; changes in overall agricultural demand; increasing regulation of the food chain; changes in the market conditions, the overall economy, energy prices, and other factors detailed from time to time in the company's annual report and other reports filed with the Securities and Exchange Commission.
