Report of Independent Registered Public Accounting Firm

To the Audit Committee, Plan Management and Plan Participants of
Jack Henry & Associates, Inc. 401(k) Retirement Savings Plan:

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of the Jack Henry & Associates, Inc. 401(k) Retirement Savings Plan (the "Plan") as of December 31, 2017 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes and schedules (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provide a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2017, have been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ Montgomery Coscia Greilich LLP

This is the first year we have served as the Plan's auditor.

Report of Independent Registered Public Accounting Firm

To the Administrator of the Jack Henry & Associates, Inc. 401(k) Retirement Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Jack Henry & Associates, Inc. 401(k) Retirement Savings Plan (the "Plan") as of December 31, 2016, and the changes in net assets available for benefits for the year ended December 31, 2016 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the Schedule of Assets (Held at End of Year) is fairly stated, in all material respects, in relation to the financial statements as a whole.

401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2017 AND 2016 AND FOR THE YEAR ENDED DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following description of the Jack Henry & Associates, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution 401(k) plan benefiting Jack Henry & Associates, Inc. (the “Company”) employees. An eligible employee must have attained the age of 18 and completed 30 days of service to be a participant. Participants are eligible to receive safe harbor employer matching contributions (“Safe Harbor Contributions”) after six months of service. Additionally, the Company may make a Company discretionary contribution to all eligible employees who meet the same minimum service requirement as the Safe Harbor Contributions, and the Company may also make an applicable qualified non-elective contribution (QNEC) to each non-highly compensated employee, actively employed on the last day of the Plan year, who has completed a year of service (1000 hours of service), if otherwise required under the Plan. The Company is the Plan administrator and Prudential Bank and Trust, FSB (“Prudential” or “Plan Trustee”) was appointed Plan Trustee to, among other things, hold and invest the Plan’s investments in accordance with the direction of the Plan Administrator and terms of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan also contains an Employee Stock Ownership Plan (ESOP) component that provides for a portion of the Plan’s assets to be invested in Jack Henry & Associates, Inc. common stock. Participants are provided the option of receiving a direct cash distribution of any dividends paid on such stock held in participant elective contribution accounts and, if they are 100% vested as of the dividend record date, the Company will match those contribution accounts. Dividends paid on Company stock are automatically reinvested, unless cash distribution was elected.

Contributions - Effective January 1, 2015, the Plan provides for an automatic deferral of 3% of compensation for new participants, when no other election is made. In addition, all participants in the Plan who make no other election will have their deferral rate automatically increased 1% on the anniversary of their enrollment date, up to a maximum of 10%. The Plan also allows post-tax “Roth” deferrals by participants. Participants may elect to defer applicable salary and compensation amounts into the Plan, up to the maximum contribution allowable under section 401(k) of the Internal Revenue Code (IRC). The total amount that a participant could elect to contribute to the Plan on a pre-tax basis in 2017 could not exceed \$18,000. If a participant reached age 50 by December 31, 2017, they were able to contribute an additional \$6,000 “catch up” contribution to the Plan on a pre-tax basis.

The Company matches 100% of participant contributions up to a maximum of the lesser of 5% of the participant’s eligible compensation or \$5,000. In addition to the Company matching contributions, the Company may make other discretionary contributions, as well as Company QNEC contributions equal to a uniform percentage of each participant’s eligible compensation, which is determined each year by the Company. No Company discretionary or other QNEC contributions were made in 2017.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, Safe Harbor Contributions,

Company non-elective or top-heavy contribution amounts, and/or allocations of Company QNEC contributions and Plan investment earnings, and charged with withdrawals and an allocation of Plan investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan currently offers Jack Henry & Associates, Inc. common stock, mutual funds, pooled separate accounts, and a guaranteed investment contract (GIC), as investment options for participants.

Vesting - Participants are vested immediately in their voluntary contributions, Safe Harbor Contributions, and the earnings on these contributions. Vesting in the Company non-elective contribution is based on years of service with an employee vesting 20% after two years of service and subsequently vesting 20% each year until becoming fully vested with six years of continuous service.

Participant Loans - Participants may borrow, as defined in the Plan, from their fund accounts a minimum amount of \$1,000 up to the lesser of (1) \$50,000 less the amount of highest outstanding loan balance in the previous 12 months or (2) 50% of their vested account balances. Loan terms range from one to five years, unless the loan is to be used to purchase the participant's principal residence, in which case the term may extend beyond five years. The loans are secured by the balance in the participant's account and bear interest at a rate as defined by the Plan (ranging from 3.25% to 10.70% as of December 31, 2017). Principal and interest are paid through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant/beneficiary may elect to receive a lump-sum amount equal to the value of his or her account as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. A participant/beneficiary may also elect to receive the value of his or her account in installment payments or have the balance rolled over into an individual retirement account.

Forfeited Accounts - At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$10,402 and \$6,757, respectively. These accounts are used first as restoration of participant's forfeitures, then as offset to Plan expenses. Forfeitures are restored when a participant is rehired and had previously forfeited any fund balance in the Company contribution account, including any applicable QNEC source.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties - The Plan utilizes various investment instruments, including common stock, mutual funds, pooled separate accounts and a GIC. Investment securities, in general, are

exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. Investment Valuation and Income Recognition - Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's common stock is fair valued at the closing price reported on the NASDAQ Stock Market on the last business day of the Plan year. Shares of mutual funds are fair valued at the net asset value of shares held by the Plan at year-end.

The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the net asset value of the underlying investments, as a practical expedient. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis. The Plan's GIC with Prudential is valued at contract value (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are recorded as distributions, based on the terms of the Plan document.

Administrative Expenses - Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document.

Benefits Payable - Benefits are recorded when paid. As of December 31, 2017 and 2016, there were no distributions payable to Plan participants.

3. FAIR VALUE MEASUREMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share ("NAV") practical expedient. ASU 2015-07 also eliminates certain disclosures for investments that are eligible to be measured at fair value using the NAV practical expedient. ASU 2015-07 was effective for the Plan for the year ended December 31, 2016, with retrospective application to all periods presented. Other than changes in disclosures, the adoption of ASU 2015-07 did not materially impact the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I of ASU 2015-12 eliminates the requirement that employee benefit plans measure fully benefit-responsive investment contracts ("FBRICs") at fair value for purposes of presentation and disclosure. Instead, FBRICs are to be measured, presented and disclosed only at contract value. Part II of ASU 2015-12 eliminates the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and individual investments that represent 5% or more of net assets available for plan benefits. Part

III of ASU 2015-12 provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. Part III does not apply to the Plan. ASU 2015-12 was effective for the Plan for the year ended December 31, 2016, with retrospective application to all periods presented. The adoption of ASU 2015-12 did not materially impact the Plan's financial statements.

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques - Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Shares of mutual funds of registered investment companies held are primarily categorized as Level 1; they are valued at quoted market prices that represent the net asset value of shares held at Plan year-end.

In accordance with Subtopic 820-10, pooled separate accounts, which are measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in the following table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Company's common stock is valued at the closing price reported on the active market on which the securities are traded (NASDAQ Global Select) on the last business day of the Plan year. The Company's common stock is categorized as Level 1.

The following tables, set forth by level within the fair value hierarchy, is a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2017 and 2016:

	December 31, 2017			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds of registered investment companies	\$ 145,630,340	\$ —	—	—\$ 145,630,340
Common stock - Jack Henry & Associates, Inc.	135,722,865	—	—	135,722,865
Pooled separate accounts, at net asset value	—	—	—	355,606,299
Total investments at fair value	\$ 281,353,205	\$ —	—	—\$ 636,959,504
