Forward-Looking Statements

This Annual Report on Form 10-K, including "Business" in Item 1 and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Item 7, contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We caution investors that any forward-looking statements presented in this Annual Report and presented elsewhere by management from time to time are based on management's beliefs and assumptions made by, and information currently available to, management. When used, the words "anticipate," "believe," "expect," "intend," "may," "plan," "estimate," "project," "should," "will be" and similar expressions which do not relate solely to historical matters are intended to identify forward-looking statements. Such statements are subject to risks, uncertainties and assumptions and are not guarantees of future performance, which may be affected by known and unknown risks, trends, uncertainties and factors that are beyond our control, including, but not limited to, the risks discussed in "Risk Factors" in Item 1A of this Annual Report. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. We expressly disclaim any responsibility to update forward-looking statements. Accordingly, past results and trends should not be used by investors to anticipate future results or trends.

ITEM 1. BUSINESS

Overview

L Q Corporation, Inc. ("we," "Registrant" or the "Company") was incorporated in California as "Liquid Audio, Inc." in January 1996 and reincorporated in Delaware in April 1999. In July 1999, we completed our initial public offering of common stock. Our name was formally changed to "L Q Corporation, Inc." on January 7, 2004. Our principal executive offices are located at 888 Seventh Avenue, 17th Floor, New York, NY 10019 and our telephone number is (212) 974-5730.

Edgar Filing: LQ CORP INC - Form 10-K

Through January 2003, we provided an open platform that enabled the digital delivery of media over the Internet.

From January 2003 until December 30, 2005, we did not operate any business and were settling our remaining claims and liabilities while reviewing alternatives for the use or disposition of our remaining assets.

On September 8, 2005, the Company entered into a non-binding letter of intent with Checkpoint Systems, Inc. ("Checkpoint") dated September 7, 2005 to acquire substantially all of the net assets of Checkpoint's Access Control Products Group ("ACPG") division. On October 26, 2005, the Company's Board of Directors approved the transaction and on November 4, 2005 the parties entered into the Checkpoint Asset Purchase Agreement. On December 30, 2005, the Company and Checkpoint entered into a First Amendment to the Checkpoint Asset Purchase Agreement to, among other things, extend the closing of the acquisition to January 5, 2006. On January 6, 2006, the newly formed wholly owned subsidiary of the Company, Sielox, LLC, ("Sielox"), completed the acquisition from Checkpoint of substantially all of the assets of the ACPG division, effective as of the close of business on December 30, 2005. The cash consideration for the transaction was approximately \$2.6 million, net of post-closing adjustments. Expenses related to the transaction were approximately \$0.3 million. The acquisition of the net assets of ACPG are not included in the consolidated statement of operations, for the year ended December 31, 2005, since the acquisition was effective as of the close of business on December 30, 2005.

The ACPG business, which operates as Sielox™ under the Company's management, develops, designs and distributes a complete line of open architecture access control software, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards, which can be configured to monitor, manage and control physical access to building perimeters and interior locations.

On January 6, 2006, the Company's newly formed wholly owned subsidiary, SES Resources International, Inc. ("SES"), completed the acquisition of substantially all of the assets of SES Resources, Ltd., a start up consulting

venture, effective as of December 30, 2005. SES Resources, Ltd.'s assets consisted primarily of various trademarks. It has been determined that these trademarks have a fair value of zero. Consideration given in exchange for these assets was a 19.5% share in SES. The newly formed business unit specializes in delivering critical strategic security and business protection solutions based on best practices developed by accomplished retired law enforcement agents and in association with an advisory panel comprised of senior executive level government risk assessment and law enforcement professionals (the "Advisory Panel"). SES's primary areas of specialization include: corporate investigations (e.g. know your customer, know your employee, know your vendor reviews); due diligence reviews; forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot Act; anti-counterfeiting and intellectual property protection; corporate health and wellness consultancy; emergency preparedness and contingency planning; executive staffing solutions; and education and government security training services.

The SES Advisory Panel serves the business with advice and identifies expert talent throughout the United States and internationally, to manage and staff client assignments. The Advisory Panel is in the process of formation and includes a senior executive service level agent from the U.S. Internal Revenue Service, and a medical doctor who is presently Assistant Clinical Professor at Albert Einstein College of Medicine. The Advisory Panel is chaired by one of the owners/founders of SES and vice chaired by the former VP and Director of Brinks

Edgar Filing: LQ CORP INC - Form 10-K

Inc. SES is in the process of adding additional members to the Advisory Panel from various law enforcement agencies. For additional information, please see the section entitled "Related Parties" below.

Our common stock is reported currently on the Over-the-Counter Bulletin Board. Our common stock was traded on the NASDAQ National Market, but was delisted on June 5, 2003. The market price per share of our stock increased significantly following the implementation of our 1:250 reverse stock split and our 35:1 forward stock split (collectively, the "Reverse/Forward Stock Split") effective as of June 8, 2004. The market price of our common stock as of March 15, 2007 was \$1.19 per share. The market price of our common stock as of December 31, 2006 was \$1.13 per share.

Please see our audited consolidated financial statements and the accompanying notes for information regarding our revenues, net profits or losses and total assets for each of the last three years.

Business

Access Control Products Group

The ACPG business was originally acquired by Checkpoint when Checkpoint acquired Sielox Systems, Inc. of Sunnyvale, California in 1986. At that time, the ACPG business distributed, developed and manufactured System Five and System Ten access control systems for automated access to buildings and areas within buildings. In the late eighties, ACPG introduced the Threshold series for use on DOS and QNX operating systems and in the mid-nineties developed a series of applications for use on the Windows operating systems. In March 2003, the ACPG business introduced Pinnacle, the next generation in access control software solutions. Today ACPG develops, designs and distributes a complete line of open architecture access control software, including both Pinnacle and the legacy Enterprise Threshold, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards which can be configured to monitor, manage and control physical access to building perimeters and interior locations. ACPG generally does not experience seasonality in its business and there is no single customer which constitutes 10% or more of its revenue.

SES Resources International

The newly formed business unit specializes in delivering critical strategic security and business protection solutions based on best practices developed by accomplished retired law enforcement agents and in association with an advisory panel comprised of senior executive service level government risk assessment and law enforcement professionals (the "Advisory Panel"). SES' primary areas of specialization include: corporate investigations (e.g. know your customer, know your employee, know your vendor reviews); due diligence reviews; forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot Act; anti-counterfeiting and intellectual property protection; corporate health and wellness consultancy; emergency preparedness and contingency planning; executive staffing solutions; and education and government security training services.

The Advisory Panel serves the business with advice and identifies expert talent throughout the United States and internationally to manage and staff client assignments. The Advisory Panel includes Michael J. Thomas, a senior executive service level agent from the U.S. Internal Revenue Service, Andrew J. Scott, the former Chief of Police of Boca Raton, Florida, and David Edelson MD, FACP, a medical doctor who is presently Assistant Clinical Professor at Albert Einstein College of Medicine. The Advisory Panel is chaired by one of the owners/founders of SES Resources Ltd, and vice chaired by a former Vice President and Director

Edgar Filing: LQ CORP INC - Form 10-K

of Brinks Inc. SES is in the process of adding additional members to the Advisory Panel from various law enforcement agencies. For additional information, please see the section entitled "Certain Relationships and Related Transactions" below.

Industry

Access Control Products Group

As security concerns continue to mount around the world, security access systems are an important component to a company's or Government Agency's complete security solution. Organizations continue to invest and upgrade such solutions and place increased reliance upon such systems. The trend towards integrating all security solutions including access control, CCTV, burglar and fire alarms into one system continues to expand.

SES Resources International

Companies and governments are faced with a variety of security concerns and risk assessment challenges including terrorism, fraud, litigation, compliance, intellectual property protection, cyber attacks, industrial espionage, regulatory issues, crisis management and executive security staffing. The security consulting industry is highly fragmented with various established firms and a large number of independent organizations with various specializations and capabilities throughout the United States and around the world.

Strategy

Access Control Products Group

The primary strategy of ACPG is to continue to invest in the Pinnacle software solution through added features and interfaces with other value added providers in order to provide enhanced physical access security and event management systems. ACPG will also continue to provide technical service and training to ACPG's dealer base and end users and where necessary upgrade its technical services.

SES Resources International

SES is distinguishing its services and positioning by its diverse services offering. SES is in the process of identifying Senior Executive Service level retired law enforcement officers and federal agents with specialization and experience related to each service offering. SES expects to utilize the relationships and advice of its Advisory Panel in connection with identifying such resources. Each resource is expected to participate in SES projects as an independent contractor on a project by project basis in an effort to match expert talent with each specific project.

Products

Access Control Products Group

ACPG develops, designs and distributes a complete line of open architecture access control software, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards which can be configured to monitor, manage and control physical access to building perimeters and interior locations.

ACPG supports both the Pinnacle software solution, introduced in March 2003 and the Threshold Enterprise solution introduced in 1997. The Pinnacle based system runs on both Windows Server 2003 and XP Professional. The system is an access control and event management system with unlimited scalability. The Threshold

Edgar Filing: LQ CORP INC - Form 10-K

Enterprise runs on a Windows NT or 2000 access control platform.

The Pinnacle access control system is extremely flexible and compatible and offers added functionality including badging utility for use in the design and production of professional quality badges. The Pinnacle system also has a DVR interface with video and event management linking. In addition, an interface with the OASIS mapping utility offers graphical mapping with icon links to over 75 systems from 30 vendors. Other Pinnacle utilities include standalone applications using the SDK, ever expanding libraries including n-man rule, report scheduler, door control, EventLink and Administrative Management. The newly introduced visitor management system allows for integration with STOPware's lobby visitor management system.

ACPG designs and distributes a complete line of intelligent controllers. This state of the art technology is available as 16-bit or 32-bit controllers capable of supporting from 2 to 8 door configurations. In addition, these controllers support from 4 to 60 alarm monitored inputs and/or controlled outputs and are configurable to meet any customer requirements. The 32-bit 1200 series controller can be used in a traditional hardwired environment or LAN/WAN environment with static IP or DHCP. In addition, ACPG currently offers several readers that are all compatible with both its Pinnacle and Threshold Enterprise software solutions. Such readers include the Performa (and Legacy Mirage) readers, a 13.56 MHz reader manufactured by Checkpoint Systems, Inc., a complete line of HID's 125 KHz Prox and 13.56 MHz iClass readers and cards, AWID's long range Prox readers, BioScrypt's biometric fingerprint, and Panasonic's Iris Scan Readers.

SES Resources International

SES specializes in delivering critical strategic security and business protection solutions including corporate investigations (e.g. know your customer, know your employee, know your vendor reviews); due diligence reviews; forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot Act; anti-counterfeiting and intellectual property protection; corporate health and wellness consultancy; emergency preparedness and contingency planning; executive staffing solutions; and education and government security training services.

Intellectual Property

ACPG is entitled to the exclusive use of certain patents and to the non-exclusive use of certain patents which were acquired in the acquisition from Checkpoint. Such patents and other intellectual property are utilized in the Performa and Mirage ID card readers. ACPG also acquired identified trademarks as well as licenses for specific intellectual properties which consist of critical components to the Pinnacle and Threshold Enterprise operating systems. ACPG also licenses two badging programs which it sells to third parties. ACPG pays royalties on these licensing contracts. SES does not own or use any patents or other material intellectual property in connection with its business.

Registrant has registered domain names for its key businesses including SESresources.com and Sielox.com.

Technology and Product Development

ACPG's software engineers develop proprietary code for product functionality features. Certain product features have been acquired from third parties for which ACPG pays royalties relative to the feature set embedded within certain software products.

Edgar Filing: LQ CORP INC - Form 10-K

ACPG expended approximately \$ 1.3 million, \$1 million and \$1.7 million in product development activities during 2006, 2005 and 2004, respectively. The emphasis of these activities is the continued broadening of the product lines offered by ACPG, cost reductions of the current product lines, and an expansion of the markets and applications for ACPG's products. ACPG's future growth in revenues will be dependent, in part, on the products and technologies resulting from these efforts. Registrant expects to continue to invest at comparable levels in such activities in 2007 (and thereafter) in order to provide additional functionality to ACPG's offerings to meet the needs of ACPG's customer base.

Marketing Efforts

ACPG and SES use a combination of internal and subcontract marketing and public relations agencies. ACPG and SES currently retain LRG Inc. as their public relations firm focused on the security market. ACPG typically attends two trade shows a year, ISCW and ASIS International. SES typically attends the Anti-Money Laundering Conference trade show. ACPG and SES's marketing initiatives include trade advertising and company websites - www.sielox.com; www.sesresources.com. In addition, ACPG and SES distribute data sheets, marketing bulletins and brochures, and launch packages to their current and prospective clients, dealers and end-users, as appropriate for their respective businesses.

Components

ACPG purchases components from outside suppliers and assembles the electronic components for legacy controllers and proximity readers at Checkpoint's facilities in the Dominican Republic and Puerto Rico. The 32-bit controllers are manufactured to specified designs by a third party. Select readers are also manufactured in Thailand. As part of the acquisition, Registrant has entered into a manufacturing agreement with Checkpoint. For non-proximity electronic access control components, ACPG subcontracts manufacturing activities. On January 27, 2006, we signed a five year lease on 8,900 square feet located at 170 Ninth Avenue, Runnemede, New Jersey. Occupancy at this facility began on April 1, 2006. Accordingly, all electronic control final system assembly and testing was relocated to the Runnemede facility.

Distribution

The sales personnel of the ACPG market electronic access control products to approximately 200 independent dealers, some of whom are national dealers, primarily located in the U.S. ACPG employs regional salespeople who are compensated by salary plus commissions. Under the independent dealer program, the dealer takes title to our products and sells them to the end-user customer. The dealer installs the systems and provides ongoing service to the end-user customer. The ACPG requires its dealers to be certified in our products and requires them to attend training classes on our various product offerings.

Competition

ACPG competes with other manufacturers of electronic access control systems as well as with conventional security systems. Major competitors are GE (the Casi Rusco and Infographics divisions), Honeywell (the NexWatch and Northern divisions), United Technologies (the Lenel Systems division), and Tyco (the Software House and Kantech divisions), as well as many other comparable sized companies such as MDI and International Electronics.

SES provides services that compete with the services provided by a highly fragmented market of many firms of various sizes, including investigatory firms and full service accounting and legal services firms, which provide such

Edgar Filing: LQ CORP INC - Form 10-K

services as part of a broad range of services. Some of the well recognized firms include Kroll Worldwide, a division of Marsh & McLennan Companies, Inc., and Giuliani Associates.

Employees

ACPG currently employs 22 people and SES currently employs 1 person. All employees are located in the United States and none are represented by a union or labor group.

Facilities

The Company's headquarters are located in New York City, in an office maintained by Barington.

ACPG's primary facilities are located in Runnemede, New Jersey and SES's primary facilities are located in Jericho, New York. Both facilities are leased.

2006 Developments

On May 5, 2006, William J. Fox delivered to the secretary of the Company notice of his resignation as a director and President and Chief Executive Officer of the Company, effective as of the close of business on May 15, 2006. Mr. Fox had no disagreements with the Company on any matters related to the Company's operations, policies or

practices. On May 9, 2006, the Board of Directors of the Company appointed Sebastian E. Cassetta to serve as a director and as the Company's President and Chief Executive Officer, effective as of May 16, 2006.

On May 10, 2006, the Board of Directors of the Company approved an amendment to the services agreement between Barington Capital Group, L.P. ("Barington") and the Company dated as of November 18, 2004 (as amended, the "Services Agreement"). The amendment reduced the monthly fee payable to Barington for performing certain administrative, accounting and other services on behalf of the Company from \$15,000 per month to \$10,000 per month, effective as of March 1, 2006. Additionally, on July 12, 2006, the Board of Directors of the Company approved another amendment to the Services Agreement to extend the terms of the Services Agreement until December 31, 2007. The Services Agreement was previously set to expire by its terms on June 30, 2006.

On September 15, 2006, Sielox entered into a strategic alliance agreement with Costar Video Systems, LLC ("Costar"), a subsidiary of Dynabazaar, Inc., a Delaware corporation ("Dynabazaar"), dated as of September 15, 2006, pursuant to which the companies agreed to explore mutually beneficial opportunities to work together, including, without limitation, through a joint venture, joint sales or joint marketing arrangements, or other business arrangements or strategic alliance. Costar designs, sources and distributes video and imaging products for the security and industrial markets. Sielox and Costar are also parties to a distribution agreement, dated July 31, 2006, pursuant to which Sielox was appointed as an authorized distributor of certain products of Costar.

On October 20, 2006, James A. Mitarotonda delivered to the Secretary of the Company notice of his resignation as a director and Chairman of the Board of the Company, effective as of the close of business on October 23, 2006. Mr. Mitarotonda had no disagreements with the Company on any matter relating to the Company's operations, policies or practices, and resigned in order to ensure that he had adequate time to devote to his other professional responsibilities. On October 23, 2006, the Board of Directors of the Company appointed Steven Berns, a director of the Company, to serve as Chairman of the Board of the

Edgar Filing: LQ CORP INC - Form 10-K

Company, effective as of the close of business on October 23, 2006. On October 23, 2006, the Board of Directors of the Company elected Dianne K. McKeever to serve as a director of the Company, effective as of the close of business on October 23, 2006. Ms. McKeever has been a research analyst at Barington since October 2001.

Recent Developments

On January 5, 2007, we entered into an agreement and plan of merger (the "Merger Agreement") with Dynabazaar and LQ Merger Corp., a Delaware corporation and a wholly-owned subsidiary of Dynabazaar ("LMC"). On February 26, 2007, we entered into an amended and restated agreement and plan of merger (the "Amended and Restated Merger Agreement") with Dynabazaar and LMC, which amended and restated the Merger Agreement. The Amended and Restated Merger Agreement provides that, upon the terms and subject to the conditions set forth in such agreement, LMC will merge with and into the Company with the Company continuing as the surviving corporation and a wholly-owned subsidiary of Dynabazaar.

Under the terms of the Amended and Restated Merger Agreement, our stockholders will receive 3.68 shares of Dynabazaar common stock for each share of our common stock they hold. Upon completion of the merger, our stockholders will own approximately 34% of the combined company and Dynabazaar stockholders will own approximately 66% of the combined company on a fully-diluted basis. It is anticipated that the combined company's shares will continue to trade on the Over-The-Counter Bulletin Board.

The Boards of Directors of both Dynabazaar and the Company approved the Amended and Restated Merger Agreement in accordance with the recommendation of the special committees of independent directors formed by the Boards of Directors of each company to evaluate the transaction.

The transaction is subject to stockholder approval and other customary conditions and is expected to be completed during the first half of 2007. A special meeting of stockholders of the Company will be announced in the near future to obtain stockholder approval of the transaction.

Barington and certain of its affiliates which have joined with Barington in the filing of a statement on Schedule 13D, collectively own greater than 10% of the outstanding common stock of both Dynabazaar and the Company. Pursuant to a letter agreement dated February 26, 2007, Barington agreed to vote, and to cause its affiliates to vote,

all of our shares now owned or hereafter acquired by Barington and its affiliates in favor of the transactions contemplated by the Amended and Restated Merger Agreement, in proportion to the votes of our other stockholders.

James A. Mitarotonda, who serves as a director and the President and Chief Executive Officer of Dynabazaar, is Chairman, President and Chief Executive Officer of a corporation that is the general partner of Barington. Sebastian E. Cassetta, who serves as a director, President and Chief Executive Officer of the Company, is a Senior Managing Director and the Chief Operating Officer of Barington. Mr. Cassetta is also the Chief Executive Officer of Costar, a subsidiary of Dynabazaar. Dianne K. McKeever, a research analyst at Barington, serves as a director of the Company, and Michael McManus, a director of the Company, holds an equity interest in certain affiliates of Barington. Barington is a party to separate administrative services agreements with us and Dynabazaar, pursuant to which Barington performs certain administrative, accounting and other services on behalf of each company. Our and Dynabazaar's principal executive offices are maintained by Barington.

ITEM 1A. RISK FACTORS

WE MUST OVERCOME PRICING COMPETITION WITH RESPECT TO OUR ACCESS CONTROL PRODUCTS GROUP PRODUCTS. COMPETITIVE PRICING PRESSURES CAN CAUSE PROFIT EROSION.

ACPG products compete against products sold by an increasing number of competitors on the basis of several factors including price. In order to compete in the marketplace, ACPG's products must provide superior technology at competitive prices. Failure to produce cost-effective products could adversely affect customer demand and adversely affect our results of operations. In addition, the competitive business arena could create pricing pressure for the ACPG products. A reduction in pricing of ACPG's products due to competitive pressures could have an adverse effect on our revenues, operating income and results of operations.

WE MUST DEVELOP NEW PRODUCTS AND ENHANCEMENTS TO EXISTING PRODUCTS TO REMAIN COMPETITIVE. IF WE FAIL TO DEVELOP NEW PRODUCTS AND PRODUCT ENHANCEMENTS ON A TIMELY BASIS, WE MAY LOSE MARKET SHARE. OUR INVESTMENT IN THE PINNACLE SOFTWARE SOLUTION MAY NOT REALIZE A RETURN ON INVESTMENT.

The market for ACPG's Pinnacle software solution is characterized by rapid technological change, frequent new product introductions, changes in customer requirements and evolving industry standards. Accordingly, our future success will depend to a substantial extent on our ability to:

- o invest significantly in research and product development;
- o develop, introduce and support new products and enhancements on a timely basis; and
- o gain and consecutively increase market acceptance of our products.

Our ACPG division is currently developing new products and enhancements to its existing products. We may not be able to successfully complete the development and market introduction of new products or product enhancements. If we fail to develop and deploy new products and product enhancements on a timely basis, or if we fail to gain market acceptance of our new products, revenues will decline and we may lose market share to our competitors. There is no assurance that we will be successful in marketing and selling our Pinnacle software solution or other new products, that the revenues from the sales of the Pinnacle software solution or other new products will justify the investment, or that the sales of Pinnacle will continue to increase.

THE AVAILABILITY AND PRICING OF COMPONENT PARTS MAY ADVERSELY AFFECT PRODUCTION AND PROFITABILITY.

Our ability to grow earnings will be affected by increases in the cost of component parts, including electronic components and circuit boards. We may not be able to offset fully the effects of higher component parts through price increases, productivity improvements or cost reduction programs.

FUTURE ACQUISITIONS MAY NOT BE FOUND OR MAY NOT BE SUCCESSFULLY INTEGRATED INTO OUR BUSINESS AND COULD ADVERSELY AFFECT OUR BUSINESS.

We have pursued, and will continue to pursue, growth opportunities through attempted acquisition of complementary businesses, products and technologies. We are unable to predict whether or when any other prospective acquisition will be completed, if at all. The process of integrating an acquired business may be prolonged due to unforeseen difficulties and may require a disproportionate amount of our resources and management's attention. There can be no assurances

Edgar Filing: LQ CORP INC - Form 10-K

that management will be able to successfully identify suitable acquisition candidates, complete acquisitions, integrate acquired businesses into existing operations, or expand into new markets. Further, once integrated, acquisitions may not achieve levels of revenues, profitability or productivity comparable to our existing business or otherwise perform as expected. The occurrence of any of these events could harm our business, financial condition or results of operations.

In addition, future acquisitions may require substantial capital resources, which may require us to seek additional debt or equity financing. Future acquisitions could result in the following, any of which could seriously harm our results of operations or the price of our stock:

- o issuance of equity securities that would dilute current stockholders' percentages of ownership;
- o large one-time write-offs;
- o the incurrence of debt and contingent liabilities;
- o difficulties in the assimilation and integration of operations, personnel, technologies, products and information systems of the acquired companies;
- o diversion of management's attention from other business concerns;
- o contractual disputes;
- o risks of entering geographic and business markets in which we have no or only limited prior experience; and
- o potential loss of key employees of acquired organizations.

THE ACPG BUSINESS HAS INCURRED NET LOSSES. THERE IS NO ASSURANCE THAT IT WILL TURN PROFITABLE IN THE FUTURE.

We (including the ACPG operations) have incurred losses in the past and may incur losses in the future. The ACPG business incurred net losses of \$0.9 million, \$1.0 million and \$1.4 million in 2006, 2005 and 2004, respectively. Continued or increased net losses could have a material adverse effect on our business, financial condition and results of operations and the value and market price of our common stock.

WE RELY ON LICENSES WITH THIRD PARTIES TO LICENSE SOFTWARE CODE THAT IS AN INTEGRAL PART OF THE ACPG BUSINESS'S PINNACLE SOFTWARE SOLUTION AND IF WE WOULD NEED TO SEEK ALTERNATE LICENSES, OUR RESULTS OF OPERATIONS COULD BE ADVERSELY AFFECTED.

We license certain software code that is an integral part of ACPG's Pinnacle software solution from third parties. In particular, we obtain from third party licensors certain software code included in the Pinnacle software solution, and the software for its badging products. We would need to seek alternative licensors for the software code if any of the third party licensors terminate or decides not to renew a license. If any of these third party licensors become unable to or refuses to license its code, it could interrupt and delay the development, design and delivery of the Pinnacle software solution and related products. Any such disruption could adversely affect our results of operations.

CYCLICAL INDUSTRY AND ECONOMIC CONDITIONS MAY ADVERSELY AFFECT OUR FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Edgar Filing: LQ CORP INC - Form 10-K

Our operating results may be affected adversely by the general cyclical pattern of the industries in which we operate. For example, demand for ACPG products and services is significantly affected by levels of commercial construction and consumer and business discretionary spending. The demand patterns of these markets could impact the revenues and margins in this business.

SES RESOURCES INTERNATIONAL, INC. IS A NEWLY FORMED BUSINESS.

As a newly formed organization, our subsidiary, SES Resources International, Inc., or SES, has no independent record of performance in the following service categories in which it is expected to specialize:

- o corporate investigations (e.g. know your customer, know your employee, know your vendor reviews);
- o due diligence reviews;
- o forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot Act;
- o anti-counterfeiting and intellectual property protection;
- o corporate health and wellness consultancy;
- o emergency preparedness and contingency planning; executive staffing solutions; and
- o education and government security training services

As a new business, SES may not be successful in being engaged by prospective clients, which would have an adverse affect on revenues and results of operations.

OUR SUCCESS IN THE SES BUSINESS DEPENDS ON OUR ABILITY TO EXPAND THE SES ADVISORY PANEL.

SES intends to deliver critical strategic security and business protection solutions based on best practices developed by accomplished retired law enforcement agents and in association with an Advisory Panel comprised of senior executive service level government risk assessment and law enforcement professionals. We may not be able to identify additional senior executive service law enforcement agents who are able to serve as Advisors on the Advisory Panel. Such inability would harm the development of the SES business in general, and prevent us from distinguishing ourselves in the marketplace in particular, which could adversely affect revenues and results of operations.

SOME OF OUR COMPETITORS HAVE GREATER RESOURCES THAN WE HAVE, WHICH MAY LIMIT OUR ABILITY TO EFFECTIVELY COMPETE WITH THEM.

Some of our competitors have greater financial, personnel and other resources than we have, which may limit our ability to effectively compete with them. For example, our main competitors in the ACPG business include Tyco International Ltd. and Honeywell International Inc. These and other large competitors may be able to:

- o respond more quickly to new or emerging technologies or changes in customer requirements;
- o benefit from greater economies of scale;
- o offer more aggressive pricing; and/or

Edgar Filing: LQ CORP INC - Form 10-K

- o devote greater resources to the promotion of their products.

WE ARE DEPENDENT ON OUR KEY PERSONNEL, THE LOSS OF WHOM COULD NEGATIVELY AFFECT BUSINESS.

We are dependent on our key personnel, including general management, software and hardware engineers, technical support and sales executives, who have significant industry experience, knowledge and know how. The loss of these key personnel could negatively affect business and results of operations.

OUR COMMON STOCK HAS BEEN DELISTED FROM NASDAQ, WHICH LIMITS THE MARKET FOR OUR COMMON STOCK AND COULD ADVERSELY AFFECT THE ABILITY OF OUR STOCKHOLDERS TO RESELL OUR COMMON STOCK.

Our common stock was delisted from the NASDAQ National Market for failure to maintain certain listing requirements and a significantly reduced market price of common stock. The stock may be less liquid and more volatile as a result, and it may be more difficult to raise new operating funds in the public market. The common stock is presently quoted only on the Over-the-Counter Bulletin Board under the ticker symbol "LQCI.OB" and the ability of our stockholders to obtain liquidity and consistent market prices for our shares has been significantly impaired.

In addition, our common stock may constitute "penny stock" (as defined in Rule 3a51-1 promulgated under the Exchange Act) if it fails to meet certain criteria set forth in such Rule. Various practice requirements are imposed on broker-dealers who sell "penny stocks" to persons other than established customers and accredited investors. For these types of transactions, the broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transactions prior to sale. Consequently, the Rule may deter broker-dealers from recommending or selling our common stock, which could further affect the liquidity of the common stock.

OUR BUSINESS IS SUBJECT TO INCREASINGLY COMPLEX CORPORATE GOVERNANCE, PUBLIC DISCLOSURE, ACCOUNTING, AND TAX REQUIREMENTS THAT HAVE INCREASED BOTH COSTS AND THE RISK OF NONCOMPLIANCE.

We are subject to rules and regulations of federal and state government as well as the service on which our common stock is quoted. These entities, including the Public Company Accounting Oversight Board, or PCAOB, the SEC, the Internal Revenue Service and NASD, have issued a significant number of new and increasingly complex requirements and regulations over the course of the last several years and continue to develop additional regulations and requirements in response to laws enacted by Congress, most notably the Sarbanes-Oxley Act of 2002. Our efforts to comply with these requirements have resulted in, and are likely to continue to result in, significant legal, accounting and other expenses and a diversion of management time and attention from revenue-generating activities to compliance activities. In addition, we incur additional costs associated with our public company reporting requirements. These rules and regulations also may make it more difficult and more expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage.

We are subject to periodic audits or other reviews by such governmental agencies. The SEC periodically reviews our public company filings. Any such examination or review frequently requires management's time and diversion of internal resources and, in the event of an unfavorable outcome, may result in

Edgar Filing: LQ CORP INC - Form 10-K

additional liabilities or adjustments to our historical financial results.

RECENT CHANGES IN ACCOUNTING RULES, INCLUDING THE EXPENSING OF STOCK OPTIONS GRANTED TO OUR EMPLOYEES, COULD HAVE A MATERIAL IMPACT ON OUR REPORTED BUSINESS AND FINANCIAL RESULTS.

The U.S. generally accepted accounting principles are subject to interpretation by the Financial Accounting Standards Board, or FASB, the American Institute of Certified Public Accountants, the PCAOB, the SEC, and various bodies formed to promulgate and interpret appropriate accounting principles. A change in these principles or interpretations could have a significant effect on our reported financial results.

On December 15, 2004, the FASB issued SFAS 123R, Share-Based Payment, which requires us to measure compensation expense for employee stock options using the fair value method beginning the first quarter of fiscal year 2006, which is the quarter ended March 31, 2006. SFAS 123R applies to all outstanding stock options that are not vested at the effective date and grants of new stock options made subsequent to the effective date. As a result of SFAS 123R, we recorded higher levels of stock based compensation due to differences between the valuation

methods of SFAS 123R and Accounting Principles Board Opinion No. 25, or APB No. 25. In prior periods, we recorded any compensation expense associated with stock option grants to employees using the intrinsic value method in accordance with APB 25.

WE HAVE BEEN NAMED AS A PARTY IN CERTAIN CLASS ACTION LAWSUITS WHICH COULD REQUIRE SIGNIFICANT MANAGEMENT TIME AND ATTENTION AND RESULT IN SIGNIFICANT LEGAL EXPENSES AND MAY RESULT IN AN UNFAVORABLE OUTCOME WHICH COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS, FINANCIAL CONDITION, RESULTS OF OPERATIONS AND CASH FLOWS.

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of our former officers and directors, and various of the underwriters in our initial public offering ("IPO") and secondary offering. The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased our common stock between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the IPO solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with our IPO which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or us. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against us under Section 10(b) of the Exchange Act. As a result, the only claims that remain against us are those arising under Section 11 of the Securities Act. The parties have negotiated and executed a definitive settlement agreement. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, however, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, we and any other participating issuer defendants will be required to assign to the class members

Edgar Filing: LQ CORP INC - Form 10-K

certain claims that they may have against the underwriters of their IPO's. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers' liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against us and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminarily approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. The plaintiffs have filed a petition seeking rehearing of the Second Circuit's class certification ruling, and the District Court has ordered that all activity in the consolidated proceeding before it, including consideration of the proposed settlement, will be stayed pending the ruling on whether to entertain the petition for rehearing. The Company was not party to one of the test cases, and it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

The expense of defending this litigation may be significant. The amount of time to resolve these lawsuits is unpredictable and defending us may divert management's attention from the day-to-day operations of our business, which could adversely affect our business, results of operations and cash flows. In addition, an unfavorable outcome in such litigation could have a material adverse effect on our business, results of operations and cash flows.

PROVISIONS IN OUR CHARTER DOCUMENTS AND DELAWARE LAW COULD PREVENT OR DELAY A CHANGE IN CONTROL AND MAY REDUCE THE MARKET PRICE OF OUR COMMON STOCK.

Provisions of our certificate of incorporation and bylaws may discourage, delay or prevent a merger, acquisition or other business combination that a stockholder may consider favorable. These provisions include:

- o authorizing the issuance of preferred stock without stockholder approval;
- o limiting the persons who may call special meetings of stockholders;
- o prohibiting stockholder actions by written consent;
- o prohibiting cumulative voting for the election of directors or any other matter submitted to a vote of stockholders unless required by the California General Corporation Law; and
- o requiring super-majority voting to effect certain amendments to our

Edgar Filing: LQ CORP INC - Form 10-K

certificate of incorporation and bylaws.

We are incorporated in Delaware and certain provisions of Delaware law may also discourage, delay or prevent someone from acquiring or merging with it, which may cause the market price of its common stock to decline.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Our principal corporate offices are located at 888 Seventh Avenue, 17th Floor, New York, NY 10019. On January 27, 2006, we signed a five year lease on 8,900 square feet located at 170 Ninth Avenue, Runnemede, New Jersey. ACPG has occupied this facility since April 1, 2006. Our SES unit, leases approximately 450 square feet in Jericho, New York.

ITEM 3. LEGAL PROCEEDINGS

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of our former officers and directors, and various of the underwriters in our initial public offering ("IPO") and secondary offering. The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the common stock of the Company between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the initial public offering solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with the Company's initial public offering which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or the Company. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against the Company under Section 10(b) of the Securities Exchange Act of 1934, as amended. As a result, the only claims that remain against the Company are those arising under Section 11 of the Securities Act of 1933, as amended. The Company has accepted a proposal for the settlement and release of the remaining claims in the litigation. The proposed settlement will result in a dismissal with prejudice of all claims and will include a release of all claims that were brought or could have been brought against the Company and its present and former directors and officers. It is anticipated that any payment to the plaintiff class and their counsel will be funded by the Company's directors' and officers' liability insurance and that no direct payment will be made by the Company. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion

by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, however, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, we and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPOs. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers'

directors and officers' liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against us and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminarily approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. The plaintiffs have filed a petition seeking rehearing of the Second Circuit's class certification ruling, and the District Court has ordered that all activity in the consolidated proceeding before it, including consideration of the proposed settlement, will be stayed pending the ruling on whether to entertain the petition for rehearing. The Company was not party to one of the test cases, and it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Price of Common Stock

Our common stock was quoted on the Nasdaq National Market under the symbol "LQID" from July 8, 1999 until it was delisted on June 5, 2003. On June 5, 2003, our common stock began trading over the counter as a "pink sheet" security. On June 20, 2003, our common stock began trading on the Over-the-Counter Bulletin Board under the symbol "LQID.OB" and currently trades under the symbol "LQCI.OB." The following table presents, for the periods indicated, the high and low closing prices per share of our common stock as reported on the Over-the-Counter Bulletin Board.

	High	Low
	----	---
Year Ended December 31, 2006:		
First Quarter	\$2.10	\$1.64
Second Quarter	\$2.00	\$1.64
Third Quarter	\$1.67	\$1.25
Fourth Quarter	\$1.35	\$1.12

Edgar Filing: LQ CORP INC - Form 10-K

	High ----	Low ---
Year Ended December 31, 2005:		
First Quarter	\$1.79	\$1.61
Second Quarter	\$2.30	\$1.65
Third Quarter	\$2.25	\$1.80
Fourth Quarter	\$1.95	\$1.64

The closing price per share of our common stock at March 15, 2007 was \$1.19. As of March 15, 2007, there were approximately 50 shareholders of record of our common stock. Because many shares of our common stock are held by brokers and other institutions on behalf of stockholders, we are unable to estimate the total number of stockholders represented by these record holders.

Dividend Policy

We have not declared any distributions since our \$2.50 return of capital distribution was paid on January 29, 2003.

Performance Graph

The following graph compares the cumulative total return to stockholders on our common stock with the cumulative total return of the Nasdaq Composite Index - U.S. and a group of former peer issuers selected in good faith and comprised of RealNetworks, Inc. (RNWK) and a group of new peer issues selected in good faith and comprised of International Electronics Inc. and MDI, Inc. The graph assumes that \$100 was invested on December 31, 2001 in our common stock, the Nasdaq Composite Index - U.S., the old peer group and the new peer group, including reinvestment of dividends. No dividends have been declared or paid on our common stock. Historic stock price performance is not necessarily indicative of future stock price performance.

New Peer Group	100.00	64.14	96.13	111.45	130.64	184.18

The old peer group was selected for comparative purposes in light of the fact that through January 2003 the Company provided an open platform that enabled the digital delivery of media over the internet. The new peer group was selected due to the fact that as a result of the acquisition of the ACPG business in December 2005, the Company now primarily develops, designs and distributes open architecture access control software and related accessories such as readers and ID cards.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following Management's Discussion and Analysis contains forward-looking statements within the meaning of Federal securities laws. You can identify these statements because they use forward-looking terminology such as "may," "will," "expect," "anticipate," "estimate," "continue," "believe" and "intend" or other similar words. These words, however, are not the exclusive means by which you can identify these statements. You can also identify forward-looking statements because they discuss future expectations, contain projections of results of operations or of financial conditions, characterize future events or circumstances or state other forward-looking information. We have based all forward-looking statements included in this Management's Discussion and Analysis on information currently available to us, and we assume no obligation to update any of these forward-looking statements. Although we believe that the expectations reflected in any of these forward-looking statements are based on reasonable assumptions, actual results could differ materially from those

Edgar Filing: LQ CORP INC - Form 10-K

projected in the forward-looking statements. Potential risks and uncertainty include, among others, those set forth in the "Risk Factors" section. The following discussion should be read in conjunction with the consolidated financial statements and notes thereto included in Item 8 of this Form 10-K.

Overview

There were no material relationships between Registrant or its affiliates and any of the parties to the Checkpoint Asset Purchase Agreement or the SES Asset Purchase Agreement, other than in respect of such agreements.

Registrant was a "shell company" (as such term is defined in Rule 12b-2 of the Exchange Act) immediately before the completion of the Acquisitions.

Description of Business

Summary

L Q Corporation, Inc. was incorporated in California as "Liquid Audio, Inc." in January 1996 and reincorporated in Delaware in April 1999. In July 1999, we completed our initial public offering of common stock. Our name was formally changed to "L Q Corporation, Inc." on January 7, 2004. Our principal executive offices are located at 888 Seventh Avenue, 17th Floor, New York, NY 10019, and our telephone number is (212) 974-5730.

Through January 2003, we provided an open platform that enabled the digital delivery of media over the Internet.

From January 2003 until December 30, 2005, we did not operate any business and had been settling our remaining claims and liabilities while reviewing alternatives for the use or disposition of our remaining assets.

On January 6, 2006, a newly formed wholly owned subsidiary of the Registrant completed the purchase of substantially all of the assets of the Access Control Products Group or "ACPG" division of Checkpoint Systems, Inc. The assets were acquired in accordance with an agreement that was entered into on November 4, 2005 between the Registrant and Checkpoint and was treated effective as of December 31, 2005. Also on January 6, 2006, a newly formed subsidiary of LQ Corporation, Inc., SES Resources International, Inc. ("SES") completed the acquisition of substantially all of the assets of SES Resources Ltd's, a startup security consulting entity, pursuant to the transaction contemplated by an asset purchase agreement dated as of December 30, 2005 (the "SES Asset Purchase Agreement") to initiate Registrant's launch into the professional security and services sector. The ACPG business, which will operate as Sielox™ under Registrant's management, develops, designs and distributes a complete line of open architecture access control software, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards, which can be configured to monitor, manage and control physical access to building perimeters and interior locations. SES expects to offer a wide range of professional services including anti-money laundering and counterfeiting investigatory services, forensic accounting and emergency preparedness and contingency planning.

The following discussion of our financial condition and results of operations should be read in conjunction with the description of our business and our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States, and the notes to those statements included elsewhere in this Report.

Results of Operations for the Years Ended December 31, 2006, 2005, and 2004

Edgar Filing: LQ CORP INC - Form 10-K

The following table sets forth, for the periods presented, certain data derived from our statement of operations as a percentage of total net revenues. During 2005 and 2004 we had no operating business, so the operating results in any period are not indicative of the results, if any, that may be expected for any future period. As discussed elsewhere in this document, we completed two acquisitions as of December 30, 2005.

Total Net Revenues

Total net revenues were \$6,399 in 2006 compared to \$0 in 2005 and 2004. The 100% increase in 2006 is attributable to the activities of our recent acquisitions, Sielox, and to a lesser extent, SES.

Total Cost of Net Revenues

Our gross profit increased to approximately 45% of total net revenues in 2006, compared to 0% in 2005 and 2004. The increase in 2006 is attributable to the

Edgar Filing: LQ CORP INC - Form 10-K

activities of our recent acquisitions, Sielox, and to a lesser extent, SES.

Operating Expenses

General and Administrative. General and Administrative expenses increased to \$4.9 million in 2006 from approximately \$0.9 million for 2005 and 2004, respectively. The increase of approximately \$4 million is attributable to the activities of our recently acquired operating companies, Sielox (approximately \$3.4 million) and SES (approximately \$0.2 million). Major items of expense were: compensation and benefits \$2,375, travel \$143, advertising \$96, commissions \$277, legal \$198, trade shows \$202, depreciation \$134, professional services \$225, management fees \$130 and directors and officers insurance \$78.

General and Administrative expenses remained relatively the same in 2005 and 2004 at \$0.9 million each of the two years. General and Administrative expenses in 2005 include directors and officers liability insurance premium payments of approximately \$135,000, legal expenses of approximately \$26,000, professional services for audit and accounting of approximately \$98,000, administrative fees of approximately \$180,000, director and officer remuneration of approximately \$197,000. General and Administrative expenses in 2004 include, directors and officers liability insurance premium payments of approximately \$224,000, legal expenses of approximately \$229,000, professional services for audit and accounting of approximately \$77,000, administrative fee of approximately \$141,000 and director remuneration of approximately \$116,000.

Interest Income. Interest income consists of earnings on our cash, cash equivalents and short-term investments. Interest income was \$109,000 in 2006, \$233,000 in 2005 and \$148,000 in 2004.

Other Income (Expense). Other income (expense) was \$0 in 2006, \$3,000 in 2005 and \$(27,000) in 2004.

Operating Lease Agreements

The Company entered into a lease agreement on January 27, 2006 for the period April 1, 2006 through February 28, 2011. Future minimum annual rental payments under this lease are approximately as follows:

Year Ending December 31,

2007	\$ 87,000
2008	91,000
2009	91,000
2010	91,000
2011	23,000

	\$383,000
	=====

Obligations under Capital Lease:

The Company leases certain equipment under a capital lease expiring in 2009. The assets and liabilities under that capital lease are recorded at the lower of the present value of the minimum payments or the fair value of the assets. The assets are amortized over their estimated useful lives. Amortization of assets acquired under capital lease obligations are included in depreciation and

Edgar Filing: LQ CORP INC - Form 10-K

amortization expense for the year ended December 31, 2006.

At December 31, 2006 and 2005, fixed assets, included \$85 and \$0, respectively, and accumulated amortization included \$21 and \$0, respectively, related to assets recorded under the capital lease.

Aggregate future minimum lease payments at December 31, 2006 are as follows:
(\$ in thousands)

December 31,	
2007	\$34
2008	34
2009	11

Total future minimum lease payments	79
Amount representing interest	11

Present value of future minimum lease payments	68

Critical Accounting Policies

Our critical accounting policies are as follows:

- o revenue recognition;

- o allowance for doubtful accounts;

- o accounting for contingencies;

- o accounting for income taxes;

- o business combinations;

- o long-lived assets;

- o intangible assets; and

- o goodwill.

Revenue Recognition

Revenue and related costs are recognized upon transfer of ownership, which generally coincides with the shipment of products to customers. Service revenue is recognized as services are performed. The Company records revenues net of an allowance for estimated return activities.

Allowance for Doubtful Accounts

Edgar Filing: LQ CORP INC - Form 10-K

Accounts receivable are recorded at net realizable values. The Company maintains an allowance for estimated losses resulting from the inability of customers to make the required payments. The allowance is based on specific facts and circumstances surrounding individual customers as well as historical experience. Provisions for the losses on receivables are charged to income to maintain the allowance at a level considered adequate to cover future losses. Receivables are charged off against the reserve when they are deemed uncollectible.

Accounting for Contingencies

We are subject to various legal proceedings and claims, the outcomes of which are subject to significant uncertainty. Statement of Financial Accounting Standards ("SFAS") 5, "Accounting for Contingencies," requires that an estimated loss from a loss contingency should be accrued by a charge to income if it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated. Disclosure of a contingency is required if there is at least a reasonable possibility that a loss has been incurred. We evaluate, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of loss. Changes in these factors could materially impact our financial position or results of operations.

Accounting for Income Taxes

The Company complies with SFAS No. 109, "Accounting for Income Taxes," which requires an asset and liability approach to financial reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statements and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred income tax assets to the amount expected to be realized.

Business Combinations

In accordance with the provisions of SFAS No. 141, "Business Combinations" ("SFAS 141"), the purchase price of an acquired company is allocated between intangible assets and the net tangible assets of the acquired business with the residual of the purchase price recorded as goodwill. The determination of the value of the intangible assets

acquired and their expected lives involves certain judgments and estimates. These judgments can include, but are not limited to, the cash flows that an asset is expected to generate in the future and the appropriate weighted average cost of capital.

Long-lived Assets

Pursuant to SFAS No. 144, "Accounting for the Impairment or Disposal of Long-lived Assets" (SFAS 144), the Company reviews property and equipment for impairment whenever events or changes in circumstances indicated that the carrying amounts of the assets may not be recoverable. A loss is recognized on the statements of operations if it is determined that an impairment exists based on expected future undiscounted cash flows. The amount of the impairment is the excess of the carrying amount of the impaired asset over its fair value.

Intangible Assets

Pursuant to SFAS No. 142, "Goodwill and Other Intangible Assets" (SFAS 142), effective December 31, 2001, intangible assets with indefinite lives are no

Edgar Filing: LQ CORP INC - Form 10-K

longer amortized, but instead tested for impairment. Intangible assets are reviewed for impairment annually or whenever events or changes in business circumstances indicate the carrying value of the assets may not be recoverable. Impairment losses are recognized if future cash flows of the related assets are less than their carrying values.

Goodwill

Pursuant to SFAS 142, effective December 31, 2001, goodwill is no longer being amortized. The Company tests goodwill for impairment on an annual basis, relying on a number of factors including operating results, business plans and future cash flows. Recoverability of goodwill is evaluated using a two-step process. The first step involves a comparison of fair value of the Company with its carrying value. If the carrying amount exceeds its fair value, the second step of the process involves a comparison of the fair value and carrying value of the goodwill. If the carrying value exceeds its fair value, an impairment loss is recognized in an amount equal to the excess.

New Accounting Pronouncements

In July 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48 ("FIN 48"), "Accounting for Uncertainty in Income Taxes - an interpretation of FASB statement No. 109." FIN 48 clarifies the accounting for uncertainty in income taxes recognized in a company's financial statements under SFAS No. 109, "Accounting for Income Taxes." Under FIN 48, the tax effects of a position taken on a tax return should be recognized only if it is "more-likely-than-not", that the position would be sustained based solely on its technical merits as of the reporting date. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition, and also requires significant new annual disclosures in the notes to the consolidated financial statements.

Differences between the amounts recognized in the statements of financial position prior to the adoption of FIN 48 and the amounts reported after adoption must be accounted for as a cumulative-effect adjustment recorded to the beginning balance of retained earnings. FIN 48 is effective for fiscal years beginning after December 15, 2006. As such, the Company is required to adopt FIN 48 at the beginning of its fiscal year 2007. The Company is currently evaluating the various requirements of FIN 48, but we have not yet determined the impact, if any, on our consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements" ("SFAS 157"). SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value, and requires additional disclosures about fair-value measurements. SFAS 157 applies only to fair value measurements that are already required or permitted under other accounting standards (except for measurement of share-based payments) and is expected to increase the consistency of those measurements. Accordingly, SFAS 157 does not require any new fair value measurements. However, for some entities, the application of SFAS 157 will change current practice. SFAS 157 is effective for fiscal years beginning after November 15, 2007 and interim periods within those fiscal

years. We do not expect the adoption of SFAS 157 to have a material impact on our consolidated financial statements.

In September 2006, the Securities and Exchange Commission (the "SEC") issued staff Accounting Bulletin 108, "Considering the Effects of Prior Year Misstatement when Quantifying Misstatements in Current Year Financial Statements" ("SAB 108"). SAB 108 clarifies the staff's views regarding the

Edgar Filing: LQ CORP INC - Form 10-K

process of quantifying financial statement misstatements. SAB 108 allows registrants to adjust prior year financial statements for immaterial errors in the carrying amount of assets and liabilities as of the beginning of its fiscal year, with an offsetting adjustment being made to the opening balance of retained earnings. SAB 108 is effective for fiscal years ending on or after November 15, 2006 with earlier adoption encouraged. We do not expect the adoption of SAB 108 to have a material impact on our consolidated financial statements.

In February 2007, the FASB issued SFAS No.159, "The Fair Value Option for Financial Assets and Financial Liabilities—including an amendment of FASB statement No. 115" (SFAS 159). This standard permits an entity to elect to measure many financial instruments and certain others items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. Early adoption is permitted as of the beginning of the previous fiscal year provided that the entity makes that choice in the first 120 days of that fiscal year and also elects to apply the provisions of FASB Statement No. 157, "Fair Value Measurement". The Company is currently evaluating the impact, if any, the adoption of SFAS 159 will have on our consolidated financial statements.

Liquidity and Capital Resources

Since inception, we have financed our operations primarily through the initial and follow-on public offerings of common stock, private placements of our preferred stock, equipment financing, lines of credit and short-term loans. As of December 31, 2006, we had raised \$65.9 million and \$93.7 million through our initial and follow-on public offerings of common stock, respectively, and \$29.8 million through the sale of our preferred stock. On January 29, 2003, we distributed \$57.7 million to our common stockholders of record as of December 10, 2002. At December 31, 2005, we had approximately \$5.7 million of cash and cash equivalents. On January 6, 2006, approximately \$2.6 million of cash was paid to Checkpoint Systems, Inc. for the acquisition of Checkpoint's Access Control Products Group ("ACPG") division. The effective date of this acquisition was December 30, 2005. As of December 31, 2006, we had approximately \$1.9 million of cash and cash equivalents.

Net cash used in operating activities was \$1.0 million, \$0.6 million and \$2.6 million in 2006, 2005 and 2004, respectively. Net cash used in operating activities in 2006 was primarily the result of net losses from operations of approximately \$1.9 million, a decrease in inventory of approximately \$0.2 million, offset by an increase in accounts receivable of approximately \$0.3 million and an increase in accounts payable and accrued expenses of approximately \$0.9 million.

Net cash used in operating activities in 2005 was primarily the result of net losses from operations of \$757,000 offset by accruals for legal and other expenses of \$375,000 and trade and accrued payables of \$199,000. Net cash used in operating activities in 2004 was primarily the result of net losses from operations of \$847,000, legal expenses of \$360,000 and the settlement in the BeMusic litigation of \$1.4 million.

Net cash used in investing activities was approximately \$2.8 million in 2006, approximately \$24,000 in 2005 and \$0 in 2004. The increase in 2006 was due to expenses relating to our acquisition activities, including approximately \$2.6 million paid to Checkpoint for the acquisition of Sielox.

Net cash used in financing activities was \$17,000, \$0 and \$67,000 in 2006, 2005 and 2004, respectively. The net cash used in financing activities in 2006 was due to principal payments on Sielox's capital lease. The net cash used in

Edgar Filing: LQ CORP INC - Form 10-K

financing activities in 2004 was due to the purchase of fractional interests in connection with the implementation of the Reverse/Forward Stock Split.

We also, as permitted under Delaware law and in accordance with our Bylaws, indemnify our officers and directors for certain events or occurrences, subject to certain limits, while the officer or director is or was serving at our request in such capacity. The term of the indemnification period is for the officer's or director's lifetime. The maximum amount of potential future indemnification is unlimited; however, we have a Director and Officer Insurance Policy that limits our exposure and enables us to recover a portion of any future amounts paid. As a result of our insurance policy coverage, we believe the fair value of these indemnification agreements is minimal.

We believe that our existing cash and cash equivalents will be sufficient to meet our anticipated cash needs for working capital and capital expenditures over the next 12 months.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

None.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The Company's Consolidated Financial Statements are included in this Annual Report on Form 10-K under Item 15, Exhibits and Financial Schedules beginning at page F-1. Reference is made to the Index to Financial Statements which appears on page F-1 of this report. The Reports of Independent Registered Public Accounting Firms, Financial Statements and Notes to Financial Statements which are listed in the Index to Financial Statements and which appear beginning on page F-2 of this report are incorporated into this Item 8.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Based on the evaluation of the effectiveness of our disclosure controls and procedures by our management, with the participation of our chief executive officer and our chief financial officer, as of the end of the period covered by this report, our chief executive officer and our chief financial officer have concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms.

No change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) occurred during the fiscal quarter ended December 31, 2006 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

The information called for by this item will be filed as part of an amendment to this Form 10-K on or before April 30, 2007, in accordance with General Instruction G(3).

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Transactions with Related Persons

In July 2003, we relocated our principal executive offices to 888 Seventh Avenue, 17th Floor, New York, 10019, an office maintained by Barington Capital Group, LP ("Barington"), a limited partnership whose general partner is a corporation of which James Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda is our former Chairman and former Chief Executive Officer. Sebastian E. Cassetta, who serves as a director, President and Chief Executive Officer of the Company, is Senior Managing Director and the Chief Operating Officer of Barington. Dianne K. McKeever, a research analyst at Barington, serves as one of our directors, and Michael McManus, a director of L Q Corporation, holds an equity interest in certain affiliates of Barington.

From April 2003 through May 16, 2004, we paid Barington a monthly fee of \$7,290 to perform certain administrative and accounting services on our behalf. We entered into a new services agreement with Barington dated as of November 18, 2004, which ran through June 30, 2006. Under this agreement, we agreed to pay Barington \$8,000 per month for providing certain administrative, accounting and other services on our behalf and a fee of \$125 per hour for any legal services provided by Barington at our request. We also agreed that in the event Barington identifies for us at our request a business transaction such as a merger, acquisition or joint venture, and provides us with financial consulting services in connection with such business transaction, we will pay Barington a fee of two percent of the amount of the consideration paid in the transaction. In connection with the agreement, we granted to Barington or its designees stock options to purchase 56,000 shares of our Common Stock. The options are fully exercisable and were granted with an exercise price per share equal to \$1.82, the fair market value of our Common Stock on the grant date. The option grant was reported in a Form 4 filed by Mr. Mitarotonda with the SEC on November 18, 2004, pending designation of the stock option recipients among Mr. Mitarotonda and other designees of Barington. On April 14, 2005, Barington designated Mr. Mitarotonda as a recipient of stock options to purchase 37,000 shares of the Common Stock.

We entered into an amended services agreement with Barington dated as of January 1, 2005. Under the amended agreement, Barington was to be paid a fee of \$15,000 per month for performing certain administrative, accounting and other services on our behalf and a fee of \$175 an hour for providing any legal services on our behalf at our request.

Edgar Filing: LQ CORP INC - Form 10-K

As of May 10, 2006, the Board of Directors of the Company approved an amendment to the services agreement between Barington and the Company dated as of November 18, 2004. Pursuant to the amendment, Barington will continue to provide certain administrative, accounting and other services on our behalf for a fee of \$10,000 per month and legal services on our behalf at our request for a fee of \$175 per hour. Additionally, on July 12, 2006, the

Board of Directors of the Company approved another amendment to the services agreement to extend the terms of the agreement until December 31, 2007. The agreement was previously set to expire by its terms on June 30, 2006.

We have entered into indemnification agreements with our officers and directors containing provisions which may require us, among other things, to indemnify our officers and directors against certain liabilities that may arise by reason of their status or service as officers or directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to execute such agreements with our future directors and executive officers.

SES Resources is a minority shareholder of SES with 19.5% of the SES equity. Mr. Bradley Schnur, one of the shareholders of the SES Resources, is serving as President of SES. Two of the other SES Resources shareholders may become members of the SES Advisory Panel in the future. Mr. Dennis Schnur, the remaining shareholder of SES Resources, is Mr. B. Schnur's father and also serves as Chairman of the SES Advisory Panel. Mr. Cassetta serves as Vice Chairman of the SES Advisory Panel. As described above, Mr. Cassetta is presently the Senior Managing Director and Chief Operating Officer of Barington. As remuneration for their duties, Mr. D. Schnur and Mr. Cassetta, as well as other SES Advisory Panel members, may receive remuneration fees in connection with the gross profit earned by SES. In connection with the Acquisitions, Barington served as a transaction advisor and received a fee of approximately \$60,000 in January 2006. Such amount was approved by our independent directors at a meeting of our Board of Directors on October 26, 2005.

With respect to our merger with Dynabazaar, Barington and a group of other investors which have joined with Barington in the filing of a statement on Schedule 13D, collectively own greater than 10% of the outstanding common stock of both Dynabazaar and us. Pursuant to a separate letter agreement dated February 26, 2007, Barington agreed to vote, and to cause its affiliates to vote, all of our shares now owned or hereafter acquired by Barington and its affiliates in favor of the transactions contemplated by the Amended and Restated Merger Agreement, in proportion to the votes of our other stockholders. Mr. Mitarotonda is a director of Dynabazaar and its President and Chief Executive Officer. Mr. Cassetta is the Chief Executive Officer of Costar Video Systems, LLC, a subsidiary of Dynabazaar.

In connection with the Company's acquisitions of ACPG and SES, fees of approximately \$60,000 were paid to the Company's CEO, William Fox, during 2006.

In connection with the Company's acquisitions of ACPG and SES, fees of approximately \$60,000 were paid to Barington for serving as a transaction advisor, during 2006. The other information called for by this item will be filed as part of an amendment to this Form 10-K on or before April 30, 2007, in accordance with General Instruction G(3).

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The public accounting firm of Rothstein Kass & Company, PC has served as our independent registered public accounting firm to perform the audit of our

Edgar Filing: LQ CORP INC - Form 10-K

financial statements for the fiscal year ended December 31, 2006 and December 31, 2005. The table below sets forth the aggregate audit fees, audit-related fees, tax fees and all other fees billed for services rendered by our principal accountants in our fiscal years ended December 31, 2006 and 2005.

Fee Category	Fiscal 2006	Fiscal 2005
Audit Fees (1)	\$105,000	\$ 72,500
Audit-Related Fees (2)	--	--
Tax Fees (3)	\$ 19,427	\$ 14,500
All Other Fees (4)	\$ 7,500	\$ 80,953
	-----	-----
Total All Fees	\$131,927	\$167,953

- (1) Audit Fees. These consist of fees billed for professional services rendered for the audit of our annual financial statements and review of the interim financial statements included in quarterly 10-Q reports and for services normally provided in connection with statutory and regulatory filings.
- (2) Audit-Related Fees. These consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements that are not reported under "Audit Fees." These services include accounting consultations in connection with acquisitions and consultations concerning financial accounting and reporting standards.
- (3) Tax Fees. These consist of fees billed for professional services for tax compliance, tax advice and tax planning.
- (4) All Other Fees. These consist of other fees not reported in the above categories.

PRE-APPROVAL POLICIES AND PROCEDURES OF AUDIT COMMITTEE

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent accountant. As part of this responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent accountant.

The Audit Committee has adopted an auditor pre-approval policy which sets forth the procedures and conditions pursuant to which pre-approval may be given for services performed by the independent auditor. Under the policy, the Committee must give prior approval for all auditing services and the terms thereof (which may include providing comfort letters in connection with securities underwritings) and non-audit services (other than non-audit services prohibited under Section 10A(g) of the Exchange Act or the applicable rules of the SEC or the Public Company Accounting Oversight Board) to be provided. Prior approval need not be given with respect to the provision of non-audit services if certain "de minimis" provisions of Section 10A(i)(1)(B) of the Exchange Act are satisfied. The Audit Committee may delegate to one or more of its members authority to approve a request for pre-approval provided the member reports any approval so given to the Audit Committee at its next scheduled meeting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of L Q Corporation, Inc.

We have audited the accompanying consolidated balance sheets of L Q Corporation, Inc. and subsidiaries (the "Company") as of December 31, 2006 and 2005, and the related consolidated statements of operations, stockholders' equity and comprehensive income (loss) and cash flows for each of the years in the three-year period ended December 31, 2006. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit

procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of L Q Corporation, Inc. and subsidiaries as of December 31, 2006 and 2005, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

In connection with our audits of the consolidated financial statements referred to above, we audited the consolidated financial schedules listed under Item 15. In our opinion, these consolidated financial schedules, when considered in relation to the financial statements taken as a whole, present fairly, in all material respects, the information stated therein.
