Global Industries, Ltd. Announces Operating Results for the First Quarter Ended March 31, 2005

Carlyss, Louisiana, (May 4, 2005) **Global Industries, Ltd.** (Nasdaq: **GLBL**) announced results for the first quarter ended March 31, 2005. Revenues were \$137.3 million for the first quarter of 2005, an improvement of \$57.9 million, or 73%, over the same period a year ago. Gross profit was \$24.3 million for the quarter, an improvement of \$21.2 million compared to last year's first quarter. Income from continuing operations, net of taxes, increased \$14.9 million to \$7.5 million, or \$0.07 per diluted share, for the first quarter, as compared to a loss of \$7.4 million or (\$0.07) per diluted share for the same period last year. The Company reported diluted earnings per share, including discontinued operations, of \$0.07 for the first quarter of 2005 compared to a loss per share of (\$0.08) for the comparable period in 2004.

Mr. William J. Doré, Global's Chairman and Chief Executive Officer, said, "I am pleased to announce our third consecutive quarter of positive earnings and our highest level of first quarter earnings since 1998. Our revenues and earnings for the quarter have increased substantially compared to the same period last year and were positively impacted by continued Hurricane Ivan repair work in our Gulf of Mexico segments. Our OCD Latin America segment margins were comparatively low for the first quarter 2005 due to certain contracts that were previously bid at low margins to achieve higher utilization and due to poor productivity on one project. Our efforts to enhance operations and realign our business strategies are having a significant positive impact, and coupled with a strong market, we expect continued positive earnings in 2005."

Mr. Doré further stated, "We continue to position ourselves for the future and we plan to capitalize on the robust growth of the market. We are experiencing improvement in certain international markets and, primarily due to additional hurricane-related work, an increase in the U.S. Gulf of Mexico market. During the first quarter, we booked \$234.6 million of new work resulting in a backlog of \$359.3 million at March 31, 2005 as compared to a backlog of \$187.5 million at the end of the same period last year. In addition, on April 5, 2005 we were awarded a \$212.0 million project in our Middle East OCD segment."
