PROXY STATEMENT
Annual Meeting of Stockholders
February 18, 2015

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of proxies in the accompanying form. Shares will be voted in the manner directed by the stockholders; provided, however, that if a stockholder delivers a proxy without giving any direction, the shares will be voted as recommended by the Corporation's Board of Directors. A stockholder delivering a proxy may revoke it at any time before it is exercised by (i) giving written notice of revocation to the Office of the Secretary of the Corporation, (ii) delivering a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting.

Registered stockholders may vote in one of three ways: By completing and returning the enclosed proxy card via regular mail or by voting via the Internet or telephone, as permitted by Delaware law. Specific instructions for using these methods are set forth on the enclosed proxy card. The Internet and telephone procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

Proxies are being solicited by mail. In addition, directors, officers and employees of the Corporation may solicit proxies personally, by telephone or letter at no additional compensation to them. The Corporation will pay the expense of soliciting proxies and will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of our common stock.

If a stockholder delivers a proxy and abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting of Stockholders for the transaction of business as well as shares entitled to vote on that matter. Under Section 216 of the Delaware General Corporation Law and our By-laws, an action of the stockholders, including the election of directors, generally requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter will have the same effect as a vote against that matter.

A street name holder is the beneficial owner of shares held in a stock brokerage account or by a bank, trust or other nominee. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the voting instruction form provided by it. If a street name holder does not provide timely instructions, the broker or other nominee may have the authority to vote on some proposals but not others. If the broker or other nominee votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner, this results in a broker non-vote. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes generally do not have the same effect as a negative vote on the matter.

Under applicable rules of the New York Stock Exchange (the "NYSE") relating to the discretionary voting of proxies by brokers, brokers are not permitted to vote shares with respect to the election of directors and executive compensation matters without instructions from the beneficial owner. However, brokers are permitted to vote shares held in brokerage accounts with respect to the approval of the independent registered public accounting firm, even if they do not receive instructions from the beneficial owner. Therefore, street name holders of shares held in broker accounts are advised that, if they do not timely provide instructions to their broker, their shares will not be voted in connection with Proposals 1, 2 and 3.

PROPOSAL 1

Election of Directors

In accordance with the Corporation's By-laws, we may have up to twelve directors, divided into three classes. Each class consists of four seats, with each director serving a term of three years. There are currently ten directors serving on the Board of Directors. The terms of Class II directors will expire at the Annual Meeting.

The Board of Directors has nominated Shane D. Fleming for election and Jack J. Allen, John S. Bode and Jeffrey H. Curler for re-election as Class II directors. Unless otherwise directed by the stockholders, it is intended that shares represented by proxy will be voted in favor of the election of the four nominees listed in Class II below, to hold office until the annual meeting in 2018 and until their successors are elected and qualify. If any of the nominees is unable or unwilling to stand for election, it is intended that shares represented by proxy will be voted for a substitute nominee recommended by the Board of Directors, unless the stockholder otherwise directs. The Board is not aware that any of the nominees is unable or unwilling to stand for election.

CORPORATE GOVERNANCE

General

We are committed to good corporate governance practices. These practices provide a framework in which our Board of Directors and management can pursue the strategic objectives of Valspar and ensure the long-term success of the Corporation for the benefit of our stockholders.

The cornerstone of our corporate governance practices is an independent and qualified Board of Directors. All standing Board committees are composed entirely of independent directors. Each of the Nominating and Governance, Audit and Compensation Committees operates under a charter in order to focus the work of the committee and to ensure that the Board of Directors as a whole is addressing key functions. Each committee reviews its charter on an annual basis.

Structure of Board

In accordance with our By-laws, the Corporation may have up to twelve directors, divided into three classes of four directors each. There are currently ten directors serving on the Board of Directors. Each director serves a term of three years under our staggered board structure. The directors believe that the staggered structure of the Board facilitates long-term strategic planning and succession, allowing directors to oversee risks and opportunities for the long-term success of the Corporation and for the benefit of our stockholders.

Board Standards and Objectives

The Board of Directors carefully evaluates each incoming director candidate based on selection criteria and overall priorities for Board composition that are re-examined periodically by the Nominating and Governance Committee with input from the rest of the directors. As our directors' commitments or responsibilities change, the Board re-evaluates their situations to ensure they can continue to serve in the best interests of the Corporation and its stockholders. We also require high standards of ethics from our directors and management as described in our Code of Ethics and Business Conduct. In carrying out their duties and responsibilities, directors are guided by the following performance objectives, which are stated in the Corporation's Principles of Corporate Governance:

Follow the Corporation's Code of Ethics and Business Conduct

Represent the interests of stockholders and other stakeholders

Demonstrate good knowledge of the Corporation and its business and exercise good judgment in representing the interests of stockholders and other stakeholders

Participate in Board processes and activities in a meaningful way

Communicate openly and freely with other Board members and management

Provide expertise based on the director's relevant experience

Provide vision and leadership for the Corporation

Maintain a good reputation and standing in the business and professional communities in which the director operates

Public Availability of Governance Documents and Public Reports

Our Principles of Corporate Governance, and the charters of the Nominating and Governance, Audit and Compensation Committees are available on the Investors Corporate Governance section of the Corporation's website at www.valsparglobal.com.

The Corporation's Code of Ethics and Business Conduct is available on the Investors Corporate Governance section of our website at www.valsparglobal.com. Our Code of Ethics and Business Conduct applies to all of our employees, including our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer, and to our directors. If our Board of Directors grants any waivers of or amendments to, the Code of Ethics and Business Conduct to any of our directors or executive officers, we will disclose the matter through our website.

The Corporation's annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and all amendments thereto, are available on the Investors Financial Information section of the Corporation's website at www.valsparglobal.com the same day the reports are filed with the Securities and Exchange Commission (SEC).

Director Independence

The Board believes that a majority of its members, and all members of each standing committee, other than the Executive Committee (which has a limited scope and functions), should be independent, non-employee directors. The Board has established standards consistent with the current listing standards of the NYSE for determining director independence.

The Board annually reviews all relationships that directors have with the Corporation to determine whether the directors are independent. Directors are considered independent as long as they do not accept any consulting, advisory or other compensatory fee (other than director fees) from the Corporation, are not an affiliated person of the Corporation or its subsidiaries and are independent within the meaning of applicable laws, regulations and the NYSE listing requirements. The independent members of the Board meet regularly without any members of management present. In accordance with our Principles of Corporate Governance, Mr. Curler, as Governance Chair and Lead Director, presides at executive sessions. Only independent directors serve on our Audit, Compensation and Nominating and Governance Committees.

The Board has determined that all members of the Board are independent under applicable NYSE listing standards, except for Mr. Hendrickson, our CEO. The members of the Board deemed independent are Jack J. Allen, John M. Ballbach, John S. Bode, William M. Cook, Jeffrey H. Curler, Shane D. Fleming, Ian R. Friendly, Janel S. Haugarth and Mae C. Jemison.

Mr. Fleming is the Chairman, President and Chief Executive Officer of Cytec Industries Inc. Mr. Cook is the Chairman, Chief Executive Officer and President of Donaldson Company, Inc. Mr. Allen is the retired Executive Vice President and Chief Operating Officer of Navistar, Inc. Each of these companies supplies certain products to, or purchases certain products from, the Corporation. See Certain Relationships and Related Transactions below. The Corporation's purchases from Cytec Industries Inc. were below the disclosure threshold for related transactions. The Board considered these relationships and transactions in determining that Messrs. Fleming, Cook and Allen are each independent.

Certain Relationships and Related Transactions

The Board has adopted a written Related Person Transaction Policy. This policy is intended to supplement, and not to replace or supersede, the provisions of any other corporate policy, including but not limited to the Corporation's Principles of Corporate Governance and Code of Ethics and Business Conduct. The Related Person Transaction Policy is available on the Investors' Corporate Governance section of our website at www.valsparglobal.com, as Exhibit 11 to the Principles of Corporate Governance. The Audit Committee is responsible for reviewing and approving all related person transactions and has also adopted standing pre-approvals for certain categories of transactions with related persons:

Certain transactions with other companies. Any transaction with another company in which a related person's only relationship is as an employee, director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$500,000 or 1% of that company's or the Corporation's total annual revenues.

Transactions where all stockholders receive proportional benefits. Any transaction where the related person's interest arises solely from the ownership of the Corporation's common stock, and all holders of the Corporation's common stock received the same benefit on a pro rata basis (e.g. dividends).

Transactions not exceeding \$100,000. Any transaction in the ordinary course of business in which the aggregate amount involved will not exceed \$100,000, when aggregated with all similar transactions.

William M. Cook, a member of the Board of Directors of the Corporation, is Chairman, Chief Executive Officer and President of Donaldson Company, Inc. (Donaldson). In fiscal 2014, Donaldson purchased products from the Corporation with an aggregate purchase price of approximately \$617,648 and sold products to the Corporation with an aggregate sale price of approximately \$107,095.

Jack J. Allen, a member of the Board of Directors of the Corporation, is the retired Executive Vice President and Chief Operating Officer of Navistar, Inc. (Navistar). In fiscal 2014, Navistar purchased products from the Corporation with an aggregate purchase price of approximately \$375,000.

Director Nomination Process

The Corporation's Board of Directors has adopted a formal process by which individuals are reviewed for possible nomination to the Corporation's Board of Directors. Under this process, the Nominating and Governance Committee will consider nominees for Board membership submitted by stockholders. Any stockholder recommendation should be submitted in writing to the Corporation in care of the Corporate Secretary at P.O. Box 1461, Minneapolis, Minnesota 55440, along with the written consent of such nominee to serve as a director if so elected. Any such recommendation by a stockholder shall be referred to the Nominating and Governance Committee, and the Nominating and Governance Committee, in consultation with the Corporation's General Counsel, will review the nomination in accordance with the Corporation's Board Candidate Review and Nomination Process, certificate of incorporation, By-laws and applicable laws and regulations. The Nominating and Governance Committee considers general business experience, industry experience, track record as a director of other companies, probable tenure if elected and other factors as relevant in evaluating Board nominees. The Nominating and Governance Committee (or a subcommittee designated by the Nominating and Governance Committee) will normally consider all of the following: (a) the candidate's skills, experience and other relevant biographical information, (b) the candidate's general interest in serving a public corporation, (c) the candidate's ability to attend Board and committee meetings, and (d) any potential concerns regarding independence or conflicts of interest.

Following the initial screening, if the Nominating and Governance Committee approves a candidate for further review, the Nominating and Governance Committee will establish an interview process for the candidate. It is expected that at least a majority of the members of the Nominating and Governance Committee, along with the Corporation's Chief Executive Officer, would interview each candidate. At the same time, the Nominating and Governance Committee, assisted by the Corporation's General Counsel, will conduct a comprehensive conflict-of-interest assessment for the candidate. The Nominating and Governance Committee will then consider reports of the interviews and the conflicts-of-interest assessment and determine whether to recommend the candidate to the full Board of Directors. A subcommittee of the Nominating and Governance Committee, management representatives designated by the Nominating and Governance Committee and a search firm selected by the Nominating and Governance Committee may assist with the process. Any nominee recommended by a stockholder would be subject to the same process.

Edgar Filing: VALSPAR CORP - Form DEF 14A

When the full Board considers an individual for possible nomination to the Board, the Nominating and Governance Committee, in consultation with the Corporation's Chief Executive Officer, will prepare a profile of a candidate expected to provide the most meaningful contribution to the Board as a whole. The Board of Directors has not adopted a specific policy with regard to diversity, but the Board views and seeks diversity in its broadest sense, which includes independence, integrity, judgment, experience, financial acumen, education, gender, ethnicity and leadership qualities.

Upon recommendation to the full Board by the Nominating and Governance Committee, Mr. Fleming was appointed to the Board of Directors on April 24, 2013 after following the process described above. Mr. Fleming was originally identified by management of the Corporation.

Board Leadership

The Chairman of the Board leads the Board and oversees Board meetings and the delivery of information necessary for the Board's informed decision-making. The Chairman also serves as the principal liaison between the Board and our management.

The Board does not have a policy as to whether the Chairman should be an independent director or a member of management. Instead, the Board selects the Corporation's Chairman based on what it determines to be in the best interests of the Corporation's stockholders. At this time, Gary E. Hendrickson serves as Chairman of the Corporation and as President and Chief Executive Officer. The Board believes that Mr. Hendrickson's long service, experience and background serve the best interests of the Corporation and its stockholders and that he is well qualified to lead the Corporation and its Board of Directors. When the Chairman is not independent, the Chair of the Nominating and Governance Committee, an independent director, also serves as Lead Director. Jeffrey H. Curler currently serves as Lead Director. As the Chair of the Nominating and Governance Committee, he is responsible for performing the duties specified in the Corporation's Principles of Corporate Governance, including facilitating communications between the Board and the Chief Executive Officer, and such other duties as are determined by the independent directors.

Board Role in Risk Management

The Board believes that effective enterprise risk management must be an integral part of Board and committee deliberations and activities throughout the year.

The Audit Committee reviews annually the Corporation's enterprise risk management process and conducts a comprehensive assessment of key financial, operational and strategy risks identified by management, as well as mitigating practices. The Audit Committee reports on this process and its conclusions to the full Board of Directors.

The full Board of Directors discusses risks related to the Corporation's annual financial plan and budget each fiscal year and risks related to the Corporation's strategy at meetings where the strategy is presented and reviewed.

The Board of Directors also encourages management to promote a corporate culture that integrates risk management into the Corporation's strategy and day-to-day business operations in a way that is consistent with the Corporation's targeted risk profile.

Through these processes, the Board oversees a system to identify, assess and address material risks to the Corporation on a timely basis.

The Board has determined that each Audit Committee member is financially literate and has determined that at least one member of the Audit Committee, John S. Bode, is an audit committee financial expert who is independent of management as defined in Item 401(h)(2) of Regulation S-K.

The Compensation Committee held four meetings and two conference calls during the fiscal year. The Compensation Committee Chair also met with management prior to each meeting. The Compensation Committee is responsible for all matters relating to compensation of senior management and directors and for adoption and administration of employee equity-based compensation plans. All members of the Compensation Committee are independent under the applicable listing standards of the NYSE. During the year, the Compensation Committee reviewed and approved the compensation plans, arrangements and equity awards for officers, employees and directors.

The Compensation Committee may not delegate its responsibility of overseeing executive officer and director compensation, but may, and has, delegated to management certain administrative aspects of the Corporation's compensation plans which do not involve setting compensation levels for executive officers and directors. Additional information on the role of management and compensation consultants in our compensation process is contained in the Compensation Discussion and Analysis beginning on page 11.

During fiscal 2014, the Compensation Committee retained Meridian Compensation Partners, LLC (Meridian) as the Committee's compensation consultant until June 2014, at which time the Committee retained Frederic W. Cook & Company, Inc. (Cook & Co.) as its compensation consultant on executive and director compensation matters.

The Nominating and Governance Committee held four meetings during the fiscal year at which it conducted Chief Executive Officer performance evaluations, reviewed succession plans, considered nominations for Board membership and considered other matters related to corporate governance. All members of the Nominating and Governance Committee are independent under the applicable listing standards of the NYSE.

During fiscal 2014, each director attended 75% or more of the meetings of the Board and of the committees on which the director served.

Communications with Certain Directors

The Chair of the Nominating and Governance Committee, currently Mr. Curler, presides at regularly scheduled executive sessions of the independent directors. Stockholders and other interested parties wishing to contact the presiding director or the non-management directors as a group may do so by writing to the Chair of the Nominating and Governance Committee in care of the Corporate Secretary at the Corporation's headquarters address.

Compensation Risk Analysis

The design of our compensation policies and practices, including those applicable to our executive officers, does not encourage taking unnecessary or excessive risks that could harm the Corporation's long-term value. Features of our compensation policies and practices that help to mitigate unnecessary and excessive risk taking, include, among other things:

A balanced mix of short-term and long-term performance awards and cash and equity awards;

Long-term incentives consisting of stock options, time based equity awards and performance-based equity awards which utilize a balanced mix of performance measures;

Ranges of performance that ultimately determine incentive compensation payouts, rather than a single performance target providing an all or nothing basis for incentive compensation;

Caps on our executive incentive compensation programs that limit payments;

Incentive compensation payouts for the officers of the Corporation are subject to Compensation Committee approval;

Guidelines specifying stock ownership levels for officers; and

Prohibition on hedging Corporation stock and prior approval required for limited pledging of Corporation stock.

In addition, our compensation consultants periodically benchmark our executive compensation program and award opportunities against those of peer group companies. After reviewing the benchmark analysis performed by Meridian in 2013, the Compensation Committee concluded, and continues to conclude, that our compensation program and award opportunities, and our historical payouts, have been and remain competitive, but not excessive, and are in line with companies of similar size and industry.

Compensation Discussion and Analysis

Executive Summary of Fiscal 2014 Financial Performance and Compensation Actions

Valspar reported fiscal 2014 net sales of \$4.5 billion, a 10.2% increase over fiscal 2013. We also achieved adjusted net income of \$374.3 million, a 16.8% increase over fiscal 2013. The adjusted net income results exclude \$28.9 million in after-tax restructuring charges in 2014 and \$31.2 million of after-tax restructuring and acquisition related charges in 2013. Fiscal year 2014 sales growth was primarily due to our acquisition of Inver Holding S.r.l. (Inver Group), an Italian-based industrial coatings company, new business, growth with existing customers, and the 53rd week in fiscal year 2014.

Over our last five fiscal years, Valspar has delivered total shareholder return of 253.2%, or 28.7% on an annualized basis. Over the same period, the S&P 500 increased 116.3%, or 16.7% on an annualized basis. The Corporation generated \$347 million of operating cash flow in fiscal 2014, compared to \$399 million in fiscal year 2013, and we increased our dividend for the 36th straight year, to \$1.04 per share.

We reported net income of \$345.4 million for fiscal 2014, which included after-tax restructuring charges of \$28.9 million. We exclude restructuring from the performance goals so as not to penalize employees for taking actions in the long-term best interests of the Corporation and its stockholders. Excluding restructuring: net income was 16.8% higher than the entry point for fiscal 2014 performance goals; 2014 pre-tax return on capital was 22.9% which was 160 basis points higher than the entry point for fiscal 2014 performance goals; and our net sales were \$4.5 billion, 10.2% higher than the previous year's level, which was the entry point for fiscal 2014 performance goals.

The base salaries of the named executives were increased during 2014. As a result of our fiscal 2014 performance with respect to net income, net sales and pre-tax return on capital (excluding the above restructuring charges) against the 2014 performance goals, the annual incentive bonus and the annual performance-based restricted stock awards for each of the named executives were higher for 2014 than for 2013.

The Compensation Committee believes that the Corporation's executive compensation programs have been effective in driving superior results for stockholders by offering competitive pay for financial performance, aligning the interests of executives and stockholders and enabling the Corporation to attract and retain qualified and experienced executives. In connection with its decisions about executive compensation, the Compensation Committee considers the results of the previous year's stockholder advisory vote on executive compensation (Say-on-Pay vote). Last year, 96% of the votes cast in the Corporation's Say-on-Pay vote were cast in favor of approving the Corporation's compensation for its named executive officers. The Compensation Committee believes that the Say-on-Pay vote result demonstrates shareholder support for the Corporation's current executive compensation programs and practices. Therefore, the Compensation Committee did not make any specific changes in the executive compensation program in response to the Say-on-Pay vote, but will continue to monitor trends and best practices to maintain alignment with corporate performance and shareholders. Under **Proposal 2** in this Proxy Statement for this year's Say-on-Pay vote, we are recommending that stockholders cast their vote in favor of approving the Corporation's compensation for its named executive officers as disclosed in this Proxy Statement.

Compensation Program Objectives

This discussion and analysis describes our compensation objectives and the elements of our compensation program for executive officers for the fiscal year ended October 31, 2014. The broad objectives of our executive compensation program are to:

- 1 offer competitive pay for financial performance*
- 2 align the interests of executives and stockholders*
- 3 attract and retain qualified, experienced executives*

We seek to achieve these objectives by providing an executive compensation program with a mix of short and long term compensation elements, including a competitive base salary, a performance-based annual cash bonus, time-vesting equity awards, performance-based equity awards and stock option grants.

Competitive Pay for Financial Performance. A significant portion of the compensation for each executive is based on performance against financial objectives established by the Committee. Key elements of compensation that depended on performance include:

Annual Cash Bonus earned based on performance against goals for financial measures (such as growth in net income, net sales and pre-tax return on capital) established in the first quarter of the fiscal year.

Restricted Stock for fiscal 2014, restricted stock was awarded at the end of the fiscal year based on performance against the same goals for financial measures established for the annual incentive bonus; the value to the executive is then subject to the long-term performance of our common stock over a three-year period.

In fiscal 2014, we used the same financial measures and goals for the annual cash bonus and restricted stock to focus the executives on those measures considered most critical to achieving superior results for stockholders.

Alignment with Stockholder Interests. Our compensation program is intended to align with the interests of our stockholders. Therefore, we expect our executives to have a significant personal financial stake in the Corporation. Annual cash incentive bonuses and restricted stock awards to named executives are earned based on achievement of financial performance measures (such as growth in net income, net sales and pre-tax return on capital). We believe that superior performance on these measures increases stockholder value over the long term. Stock options, RSUs and restricted stock align directly the interests of our executives and stockholders, as the value of these incentives to executives is directly correlated to our stock price.

To further align the interests of the named executives with those of stockholders, we have established stock ownership guidelines for our officers, including the named executives, as follows: For the CEO, the guidelines specify stock ownership representing five times base salary within five years after becoming CEO; and for the other named executives, the guidelines specify stock ownership representing three times base salary within five years after becoming an executive officer. All of our named executives are in compliance with these guidelines. Officers, including our named executives, must achieve and maintain compliance with these stock ownership guidelines before they can sell any of their Corporation stock, except under limited circumstances to meet tax obligations arising from their stock ownership.

Attract and Retain Management. Our compensation program is intended to attract qualified executives and to promote retention of our experienced management team. The named executives who are currently executive officers have a combined total of more than 55 years of service with the Corporation, during which they have held different positions and have been promoted to increasing levels of responsibility. Our succession planning, retention and internal development of strong executives have resulted in the internal promotion of three consecutive Chief Executive Officers.

The Committee performs periodic assessments of the competitive nature of the different elements of our compensation program. We use benchmark studies to help determine whether the total compensation of our executive officers is competitive with compensation offered by comparable companies. In addition to compensation opportunities, we believe that our change in control agreements help us hire and retain qualified executives.

The vesting features of our long-term incentives encourage executives to remain employed by the Corporation. Generally, stock options, restricted stock and RSU awards fully vest over three to five years.

Edgar Filing: VALSPAR CORP - Form DEF 14A

The chart below indicates how each element of our fiscal 2014 executive compensation program was intended to achieve our stated compensation objectives of competitive pay for financial performance, aligning the interests of executives and stockholders and attracting and retaining qualified, experienced executives.

2014 Compensation Element	Pay for Financial Performance	Aligned Interests	Attract and Retain	Comments
Base Salary			ü	Salary is based on experience and responsibilities, with market review compared to peer group to maintain salary at competitive levels.
Annual Cash Bonus	ü	ü	ü	Corporate financial performance can affect the timing and amount of adjustments. Earned based on objective financial performance against measures such as growth in net income, net sales and pre-tax return on capital measures considered to enhance stockholder value.
Stock Options	ü	ü	ü	Future option value is based on share appreciation, which aligns with stockholder interests. Three-year vesting and ten-year exercise term promotes retention.
Performance-Based Restricted Stock	ü	ü	ü	Direct ownership of stock creates immediate alignment with stockholder interests, and three-year vesting of restricted stock promotes retention.
Time-Vested RSUs		ü	ü	Earned based on performance against objective financial measures. Provides a balance to the performance-based components, with value dependent on share appreciation. Four-year vesting of RSUs promotes retention.
Change in Control		ü	ü	Provides alignment in change of control situation by removing job loss concern and promoting retention.
Other Compensation	ü		ü	Perquisites and other compensation are competitive with market practice and support our ability to attract and retain talented executives.
				Contributions to the retirement and savings plan are based in large part on financial performance.

Compensation Program Elements Awarded in Fiscal 2014

Consistent with our overall compensation objectives, we seek to provide a market-competitive mix of annual bonus and long-term incentive opportunities and to ensure that program participants, including our executives, understand the drivers of incentive opportunities available to them. The elements of this program are set forth in the Key Employee Annual Bonus Plan (the "Key Employee Plan"). This program places a significant portion of compensation at risk each fiscal year, rewards strong performance and long-term value creation and aligns executive and stockholder interests by promoting significant ownership of the Corporation's stock.

Base Salary. Salary adjustments for executive officers are generally considered annually. As described beginning on page 18 under Competitive Assessments, in setting each named executive's base salary, the Committee reviews compensation studies periodically provided by an independent compensation consultant to help determine whether the compensation of our executive officers is competitive with compensation offered for similar positions at peer group companies. The Committee also considers each executive's experience, job responsibilities, performance, internal pay equity and the financial performance of the Corporation. During 2014, the Committee considered the named

executives' salaries and corporate performance and approved an increase in the base salaries of the named executives.

Edgar Filing: VALSPAR CORP - Form DEF 14A

Annual Cash Bonus. The Committee establishes annual cash incentive bonus targets for each officer, expressed as a percentage of his or her base salary earned during the fiscal year. In establishing the incentive bonus targets, the Committee considers annual bonus targets assessed for corresponding positions at peer group companies and internal pay equity among Valspar executives. The annual incentive bonus for each of the executive officers for 2014 was based upon (1) an incentive bonus target established for the executive expressed as a percentage of base salary earned, and (2) our actual corporate performance with respect to the financial performance goals established by the Committee.

Before the start of fiscal 2014, as part of an annual review of total compensation, the Committee established each executive's incentive bonus target as a percentage of base salary based on position, ranging from 60.0% to 115.0% of base salary for the named executives as follows: Ms. Arnold and Mr. Blaine 60%; Mr. Engh 70%; Mr. Muehlbauer 75%; and Mr. Hendrickson 115%. In establishing the target percentages, the Committee considers several factors including the scope and responsibilities of each position, market bonus target percentages for similar roles at peer group companies and relative internal equity.

In the first quarter, the Committee established specific performance goals for the named executives. The performance goals for executives are based on financial measures, either on an absolute basis or a comparative basis with other fiscal years. Payouts for fiscal 2014 were based on corporate financial performance relative to the following financial measures: growth in net income, pre-tax return on capital and growth in net sales. At the end of the fiscal year, if the executive remained employed by us, the executive was eligible to receive a cash bonus based on achievement of each of the performance goals. Potential payouts range from zero for performance less than the entry point to 200% of the incentive bonus target for exceptional performance. In determining earned payouts, certain factors are excluded, such as the cost of restructuring, changes in accounting standards, policies and procedures that would impact reported results and non-recurring gains or charges from acquisitions and divestitures, if any. These items are excluded so employees are not penalized for taking actions in the long-term best interests of the Corporation and its stockholders.

The Committee established fiscal 2014 performance goals for the named executives in two tiers:

Basic performance goals based on three financial measures: net income growth (weighted 60% as a component of the bonus), net sales growth (weighted 20%), and growth in pre-tax return on capital (weighted 20%), with a payout between 0% to 100% of the named executive's incentive bonus target for performance within a range established for each metric; and

Additional incentive performance goals for exceptional corporate performance based on two financial measures: net income growth (weighted 50%) and growth in pre-tax return on capital (weighted 50%), with an additional payout of up to 100% of the named executive's incentive bonus target for performance equal to these additional goals. Payout for additional goals would only apply if performance on one or both of these measures exceeded the 100% payout level against the basic performance goals. These two measures were used to establish the additional incentive performance goals due to their relative importance to stockholders and potential impact on the Corporation's stock price.

In the first quarter of fiscal 2014, the Committee established the following performance goals for each of the financial performance measures:

Basic Performance Goals 100% Potential Maximum Payout

<u>USD (000s)</u>	Entry Point: 0% Payout	Basic Goal: 100% Payout	Weighting
Net Income	\$ 320,400	\$ 349,500	60%
Net Sales	4,103,800	4,432,900	20%
Pre-Tax Return on Capital	21.3%	22.1%	20%

Additional Incentive Performance Goals 100% Potential Additional Payout

<u>USD (000s)</u>	Entry Point: No Additional Bonus	Additional Goal: 100% Additional Payout	Weighting
Net Income	\$ 349,500	\$ 355,500	50%
Pre-Tax Return on Capital	22.1%	22.6%	50%

Edgar Filing: VALSPAR CORP - Form DEF 14A

The basic performance goals were established so that achievement of the 100% payout would represent strong performance in each of the financial measures, based on prior year performance and general economic conditions, and be difficult, but achievable. The additional incentive performance goals were established to incent and reward exceptional performance in net income and pre-tax return on capital. As an indication of the difficulty of achieving our performance goals, the average total payout for achievement of corporate performance goals (including payouts for achievement of the basic and additional incentive performance goals where applicable) for the past five years has ranged from 36.2% to 200.0% of the total targeted incentive bonus levels.

In fiscal 2014, we achieved adjusted net income of \$374.3 million (excluding restructuring), net sales of \$4.5 billion and adjusted pre-tax return on capital of 22.9%. The Committee excluded 2014 after-tax restructuring charges of \$28.9 million from the performance goals so as not to penalize employees for taking actions in the long-term best interests of Valspar and its stockholders. Based on our 2014 financial performance, the Corporation achieved 100% of each of the basic performance goals. The Corporation also achieved 100% of the additional incentive performance goals. The total payout of basic performance goals plus additional incentive performance goals was 200%. Therefore, the incentive bonus payouts were 198.3% to 200.0% of the incentive bonus target (Mr. Hendrickson 200.0%; Mr. Muehlbauer 198.7%; Mr. Engh 198.6%; and Mr. Blaine and Ms. Arnold 198.3%). Messrs. Muehlbauer, Engh, Blaine and Ms. Arnold also had a safety component in their performance goals which was not fully achieved, resulting in a decrease of approximately 1% in their incentive bonus payouts. The resulting bonuses were 119.0% to 230.0% (Mr. Blaine and Ms. Arnold 119.0%; Mr. Engh 139.0%; Mr. Muehlbauer 149.0%; and Mr. Hendrickson 230.0%) of salary for the named executives.

Nonqualified Deferred Compensation Plan. Effective April 1, 2014, the Board of Directors adopted and approved the Valspar Corporation Nonqualified Deferred Compensation Plan (the Plan). The Plan is an unfunded, nonqualified deferred compensation program sponsored by Valspar to provide its directors and designated key employees the opportunity to defer compensation. For 2014, participants had the opportunity to defer up to 100% of their annual bonus payments. For 2015, participants may defer up to 50% of their annual base salary and up to 100% of any annual cash bonuses, and any payments for which they are entitled due to limitations on employer contributions to the company's retirement savings plan. Directors may defer up to 100% of the cash portion of their annual retainers. Distributions are made upon death or on or after certain payment events elected by the participant, including specified dates, separation from service or a change in control.

Stock Options, Restricted Stock and RSUs (Long-Term Incentives). Long-term incentive opportunities for fiscal 2014 were provided in the form of stock options, performance-based restricted stock and time-vested RSU awards.

Under our executive compensation program, the Committee establishes a Long-Term Incentive Target Value (LTI Target) for each participant annually. In setting the individual LTI Targets, the Committee considers the following factors:

external benchmark survey data for long-term incentive levels for like positions at peer group companies;

relative internal pay equity based on job responsibilities, relative internal pay equity and performance; and

the deemed retention priority of each executive as subjectively determined considering the critical role each executive plays in realization of the Corporation's strategic objectives.

For fiscal year 2014, the LTI Target opportunity consisted of:

A stock option grant (50% of total target LTI Target value). Stock options are awarded in October, prior to the start of the fiscal year and are subject to three-year vesting (one-third per year).

A performance-based restricted stock opportunity (25% of total target LTI value) with a payout range of 0% to 200% of target based on achievement of financial performance goals. As in prior years, for 2014, the performance goals for restricted stock were the same as the performance goals established for the annual incentive bonus, so the payout percentages were the same. Performance-based restricted stock awards for fiscal 2014 were made after the end of the fiscal year based on achievement against the performance goals established in the first quarter of the year and vest after three years.

A time-vesting RSU award (25% of total target LTI value) is approved in October and effective in January during the fiscal year, subject to four-year time-vesting. The time-vesting component is intended to balance the LTI program by preserving the heavy emphasis on financial performance and linkage to share price appreciation, while offering an award to enhance long-term retention. The RSU awards are settled in cash.

For example, if an executive had an LTI Target opportunity of \$800,000 for 2014, that executive would have received (i) a stock option grant with a fair value of \$400,000 prior to the beginning of the fiscal year, (ii) a time-vesting RSU award with a value of \$200,000, granted in January, and (iii) a performance-based restricted stock grant received after the end of the fiscal year based on achievement of performance goals, with a target level of \$200,000 and a pay-out range of \$0 to \$400,000.

Unvested stock options, restricted stock and RSU awards are subject to forfeiture if the participant's employment with Valspar terminates prior to vesting for any reason other than death, disability, retirement or a change in control.

The future value of these stock options, restricted stock and RSU awards depends on the value of Valspar's common stock, thus aligning the interests of the named executives with stockholder interests. By providing incentive and total compensation opportunities that compare favorably with opportunities provided to executives at competitive companies, the program assists Valspar to attract and retain talented executives. Further, the amount of restricted stock awards is designed to reward for exceptional performance based on objective financial measures, which are considered by the Committee to enhance stockholder value.

Valspar's annual stock option awards are granted in October and typically vest in three years. The Corporation does not time its annual grants to coordinate with the release of material non-public information and does not coordinate or time the release of corporate information with grant dates. On occasion, the Corporation grants options outside of the annual grant cycle for new hires, promotions or other reasons deemed appropriate by the Committee. Grants to executive officers are approved by the Committee with effective dates on or after the date of such approval.

Changes in Long-Term Incentive Mix for Fiscal 2015. Commencing with fiscal 2015, the Committee has changed the mix of long-term incentives under the Corporation's Key Employee Annual Bonus and Long-Term Incentive Plan to better align with competitive peer group practices and to place greater emphasis on long-term performance. Components of executive compensation starting with fiscal 2015 include:

A stock option grant (40% of total target LTI value, compared to 50% in 2014).

An award of performance-based restricted stock units (PSUs) that replaces the performance-based grants of restricted stock for prior years. The PSU awards granted in January 2015 represent 35% of total target LTI value, compared to restricted stock awards representing 25% total target LTI value in 2014. The PSUs awarded for 2015 have a maximum payout range of 0% to 250% of target based on achievement of financial performance goals during a three-year performance period, compared to payouts for the 2014 awards of 0% to 200% of target for a one-year performance period followed by a three-year vesting period.

A time-vesting RSU award (25% of total target LTI value, unchanged from 2014). This award is subject to three-year time-vesting (compared to four years under the prior plan).

For example, if an executive had an LTI Target opportunity of \$800,000 for 2015, that executive would have received (i) a stock option grant with a fair value of \$320,000 prior to the beginning of the fiscal year, (ii) a PSU award with a target value of \$280,000, granted in January, and (iii) a time vesting RSU award with a fair value of \$200,000, received in January.

No Employment Agreements. We do not have employment agreements with any of the named executives. Our named executives serve at the will of the Board of Directors, and their employment may be terminated at any time. However, we have entered into change in control agreements as described below. Also, the Committee has adopted a policy of making severance payments generally equal to one year's salary and certain other benefits, to executive officers whose employment is terminated without cause as described in more detail under Severance Policy for Officers on page 27. This policy is intended to assist in establishing standardized benefits for termination without cause and to induce any terminated officer to enter into a three-year non-compete agreement with Valspar.

No Pension. None of the named executives is eligible for a Valspar pension.

Edgar Filing: VALSPAR CORP - Form DEF 14A

Stock Ownership Guidelines. Our named executives are subject to our stock ownership guidelines. See Alignment with Stockholder Interests on page 12.

Restrictions on Hedging and Pledging. The Corporation's officers, including our named executives, are prohibited from hedging shares of the Corporation's stock. Any pledge of the Corporation's stock by an officer (other than the CEO or the General Counsel) must be approved in advance by the CEO and the General Counsel. Any pledge of the Corporation's stock by the CEO or the General Counsel must be approved in advance by the Nominating and Governance Committee. Approval for any pledge is discretionary and subject to various criteria and limits, including that the sum of all pledged stock by officers and directors does not exceed two times the average daily trading volume of the Corporation's stock. The Hedging and Pledging Policy is available on the Investors Corporate Governance section of our website at www.valsparglobal.com, as Exhibit 12 to the Principles of Corporate Governance.

Change in Control Agreements. We have entered into agreements with the named executives, providing for the continued employment or compensation, and for the payment of other benefits, after a change in control of Valspar. The Key Employee Plan, the 1991 Stock Option Plan, the 2001 Stock Incentive Plan and the 2009 Omnibus Equity Plan provide that stock options, restricted stock and RSUs granted under such plans shall vest immediately upon a change in control of Valspar. The change in control agreements for the named executives provide for a two-year employment term with the Corporation after a qualifying change in control, and a lump sum payment equal to three times an executive's annual base salary and target annual bonus for named executives hired prior to 2008, and two times for those hired in 2008 or later (including Ms. Arnold and Mr. Muehlbauer), plus three years of continued benefits if such employment is terminated by the Corporation without cause or by the executive for good reason during the two-year employment term (double trigger). Further, the Corporation is required to reimburse the executive for excise taxes that might be payable by the executive with respect to these payments, as well as any excise or income taxes that may be payable with respect to the reimbursement. We believe these agreements are consistent with those offered by peer companies and reduce the likelihood of an executive leaving the Corporation due to uncertainty surrounding an acquisition, which could serve to reduce management disruption and increase the value of the Corporation to a potential acquirer. These agreements also help the named executives stay focused on maximizing stockholder value, without the distraction caused by the prospect of losing their compensation upon a change in control.

The Committee has decided that change in control agreements for any officer first elected in fiscal 2013 or later shall not include reimbursement for any excise taxes that may be payable by an executive with respect to change in control payments.

Retirement. Stock options, restricted stock and RSUs granted to the named executives under the 2009 Omnibus Equity Plan will vest upon retirement after age 55 with an executed non-compete agreement. However, stock options and restricted stock granted to the named executives prior to the adoption of the 2009 Omnibus Equity Plan vest immediately upon retirement after age 60, or upon early retirement after age 55 with an executed non-compete agreement.

Other Compensation. We provide perquisites and other benefits, as reflected in the table titled 2014 Components of All Other Compensation, on page 21, to our named executives. The perquisites may include physical examinations, an automobile allowance, financial counseling and tax preparation services, club dues, or other items. We believe these benefits help the Corporation attract and retain qualified executives and are reasonable in amount. Other benefits include dividends paid on restricted stock grants and RSUs that are subject to a risk of forfeiture, an annual contribution by the Corporation to The Valspar Savings and Retirement Plan and a cash payment in lieu of retirement contributions that the named executives do not receive due to plan limitations.

Tying Fiscal 2014 Compensation Programs and Elements to Compensation Objectives

We rely on common sense and good judgment in making compensation decisions, based on our overall performance and the performance and responsibilities of the named executives. We try to achieve a balance among our objectives of pay for performance, alignment with stockholders and management attraction and retention by offering a variety of compensation elements, each with specific goals or emphasis. We work to achieve an appropriate mix of short and long-term compensation, as well as equity and cash compensation, to meet our objectives. We establish objective financial goals at the beginning of each year as a basis for the annual incentive opportunities. We maintain sufficient flexibility to allow us to retain and motivate our named executives to deliver long-term performance and value to stockholders and to align their interests with stockholder interests.

Edgar Filing: VALSPAR CORP - Form DEF 14A

2014 Performance. We reported net income of \$345.4 million for fiscal 2014, which included after-tax restructuring charges of \$28.9 million. We exclude restructuring charges from the performance goals so as not to penalize employees for taking actions in the long-term best interests of the Corporation and its stockholders. Excluding restructuring: Net income was 16.8% higher than the entry point for fiscal 2014 performance goals; 2014 pre-tax return on capital was 22.9% which was 150 basis points higher than the entry point for fiscal 2014 performance goals; and our adjusted net sales were \$4.5 billion, 10.2% higher than the previous year, which was the entry point for fiscal 2014 performance goals. We exceeded our financial performance goals in fiscal 2014 and consistent with the Corporation's pay for performance philosophy, bonuses and restricted stock awards were higher in 2014, than in 2013 when we did not fully meet our goals.

Competitive Assessments. The Committee engages outside compensation consultants from time to time to advise on compensation matters, including competitive benchmarking. For the last several years, the Committee engaged Meridian Compensation Partners, LLC (Meridian) as its independent advisor. Commencing in June 2014, the Committee's independent advisor is Frederic W. Cook & Company, Inc. (Cook & Co.). See Roles of Compensation Committee and CEO below. We use compensation studies provided by Meridian as a benchmark to help determine whether the compensation of our named executives is competitive with compensation offered to executive officers at comparable companies. To attract and retain experienced, qualified executives, we target compensation at the 50th percentile of our peer group for base salary and between the 50th to 75th percentile for target total compensation based on each executive's performance, role and responsibilities, experience, tenure and other individual factors.

In 2013, Meridian evaluated our benchmarking peer group. As an outcome of this study, our benchmarking peer group was reduced from 40 companies to 25 manufacturing, specialty chemical, industrial and consumer product companies with sales generally in the range of \$2 billion to \$10 billion, and a median of \$5.9 billion.

The companies included in the benchmarking peer group are listed below (new peer group companies are noted with an *).

Utilizing the revised peer group, in 2013 Meridian conducted a comprehensive benchmarking study evaluating the competitiveness of our executive compensation programs and policies. For comparative purposes, pay data for peer group companies was size adjusted (regressed) by Meridian to correlate individual revenue and job responsibilities.

Fourteen executive positions at Valspar, including our named executive officers, were included in the 2013 benchmarking study comparing base salary, target annual incentives and long-term incentives with opportunities provided by the peer group companies. The study concluded that the aggregate target total compensation of our named executives was within a competitive range of target total compensation at peer group companies (4% above the 50th percentile and 8% below the 75th percentile), with Mr. Hendrickson's target total compensation being 3% above the 50th percentile and 13% below the 75th percentile.

Based on results of the study, and considering factors such as experience, performance, and internal pay equity among Valspar executives, in June 2014, the Committee increased base salaries for the named executive officers by an average of 5.25%, 5.26% for Mr. Hendrickson. These were the first salary increases in 24 months, as the named executive officers' salaries were not increased in 2013. Effective for fiscal year 2014, the Committee increased the annual bonus target for Mr. Hendrickson from 110% of base salary earnings to 115%. Fiscal 2014 long-term incentive target opportunities increased an average of 11.9% for the five named executive officers, 16.4% for Mr. Hendrickson.

Roles of Compensation Committee and CEO

The Compensation Committee of our Board of Directors is responsible for all matters relating to compensation of senior management, including the named executives, adoption and administration of equity-based compensation plans and programs and determination and approval of compensation for the named executives, including the CEO.

The Committee has the authority to retain, manage and dismiss compensation consultants or other professionals, as it deems necessary or appropriate. The Committee directs the work of such consultants and professionals, and decisions regarding compensation of our named executives are ultimately made by the Committee and, in the case of our Chairman and Chief Executive Officer, by the Board of Directors. The Compensation Committee retained Meridian as the Committee's compensation consultant until June 2014, at which time the Committee retained Cook & Co. as its compensation consultant. Prior to engaging Cook & Co., the Compensation Committee evaluated the independence of Cook & Co. taking into account all factors relevant to the independence from management under the Securities and Exchange Commission rules, NYSE listing standards, applicable laws, and such other factors as the Committee determines relevant. Based on that evaluation, the Compensation Committee determined Cook & Co. to be independent. In addition, the Compensation Committee conducted an assessment to evaluate whether the work performed by Cook & Co. raises a conflict of interest. Based on that assessment, the Compensation Committee determined that no conflict of interest exists. Neither Meridian nor Cook & Co. provided any services to the Corporation, other than for the Committee, during fiscal 2014.

To assist the Committee, the CEO and Senior Vice President, Human Resources, provide information and recommendations about compensation, programs and policies when requested by the Committee or its Chair. The other named executives have no related involvement with the Committee. As requested by the Committee or its Chair, the CEO and other management personnel attend Committee meetings, but are excused at such times as the Committee deems appropriate and are never present at times during which the Committee is discussing or determining their respective compensation.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive and certain other highly compensated executive officers. Certain performance-based compensation is not subject to the limitation. The Compensation Committee considers the deductibility of compensation arrangements as one factor in executive compensation decisions for the named executives. However, deductibility is not the sole factor used to determine appropriate levels or types of compensation. The provisions of our equity and annual incentive bonus plans are intended to permit tax deductibility of compensation income of the named executives received under those plans. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is possible that we may enter into compensation arrangements under which compensation paid to a named executive in excess of \$1 million is not deductible under Section 162(m).

Potential Payments Upon Termination or Change in Control

Termination Other Than Upon Change in Control

Upon a termination of employment (other than upon a change in control), the executive officers are entitled to payments and other benefits under a variety of Valspar plans and programs. We believe these agreements help the company hire and retain qualified executives. Benefits and payments are maintained if termination is due to retirement, death or disability, but benefits and payments are limited or forfeited if termination is voluntary or for cause.

Definition of Retirement

In September 2014, the Board amended the 2009 Omnibus Plan to modify the definition of retirement, and this amendment is carried forward in the 2015 Omnibus Equity Plan being proposed to stockholders for approval in Proposal 3. For awards through fiscal 2014, retirement means termination of employment for any reason other than for cause after the participant has attained the age of 55 years (or a different age specified for a participant for any incentive) if the participant has executed and delivered a three-year non-compete agreement. Commencing with the awards for fiscal 2015, retirement means termination of employment for any reason other than for cause after the participant has attained the age of 55 years (or a different age specified for a participant for any incentive) if the participant has executed and delivered a three-year non-compete agreement and release of claims, has completed three years of continuous prior employment with the Corporation or a subsidiary and has delivered a required prior written notice that the participant is considering retirement, in accordance with any policies for such notices that the committee may develop from time to time, at least one year prior to the date of termination.

Officer Retiree Medical Program

Retirement after age 55 the officer is entitled to receive retiree medical if he or she has served three consecutive years as an officer and is not in competition with Valspar at any time after termination of employment.

Included dependents the spouse and any eligible dependents of the retiree who, immediately prior to the retiree's termination of employment, are covered under the retiree medical plan are eligible for coverage.

Coverage the eligible persons are covered from the date of termination, at the same coverage available to an active employee for the retiree's and spouse's life. Eligible dependents are covered until the dependent ceases to be eligible under the plan. The coverage becomes secondary to Medicare coverage.

Premiums the company charges the retiree (or his or her spouse) for the full cost of the coverage premiums, but the company reimburses the retiree for that portion of the coverage premiums that the company would have paid if the retiree were an active employee, and also provides a gross-up payment for taxes that relate to the medical benefit.

Severance Policy for Officers

The Compensation Committee has approved a severance policy for officers, providing generally for certain severance benefits in the event of termination without cause, but only if the officer signs a three-year non-compete agreement:

One year's base pay

Immediate vesting of all stock options

Retiree medical benefits if the officer has reached age 55

Hypothetical Termination Payments

The following tables provides information on the potential payments that would have been payable to each of the named executives under existing contracts, agreements, plans or arrangements, for various scenarios involving termination of employment (other than a change in control) if the triggering events for the payments had each occurred on October 31, 2014. The tables use the closing price of our common stock of \$82.16 as of October 31, 2014. These benefits are in addition to benefits available prior to the occurrence of any termination of employment to all salaried employees, such as distributions under The Valspar Savings and Retirement Plan and equity awards that are currently vested.

Termination of Employment and Change in Control Arrangements

Valspar has entered into agreements with the named executives providing for the continued employment of such executives for a period of up to two years following a qualifying change in control of Valspar. During such two-year period, executives would continue to be employed and compensated commensurate with their positions and compensation prior to the change in control. The change in control agreements each have a two-year term, subject to an annual evergreen extension for an additional two years. The Corporation is permitted to terminate the agreement by providing the executive with written notice of termination at least 60 days prior to the next annual renewal date. The employment and severance compensation provisions of the agreement do not, however, take effect until a Change in Control (as defined below) has occurred

during the term of the agreement.

Under the change in control agreements, an executive becomes entitled to a lump sum payment and the continuation of certain benefits upon any termination of the executive's employment with Valspar (or an applicable subsidiary), after a change in control, for any reason other than: (a) by the executive without good reason; (b) by Valspar as a result of the disability of the executive or for cause; or (c) as a result of the death of the executive. Severance payments required under each agreement include a lump sum amount equal to three times the named executive's annual base salary and target annual bonus for named executives hired prior to 2008, and two times for those hired in 2008 or later (including Ms. Arnold and Mr. Muehlbauer), plus three years of continuing benefits, if such employment is terminated by the Corporation without cause or by the executive for good reason during the two-year employment term ("double trigger"). For this purpose, the annual base salary is defined as the 12 times the highest monthly base salary paid (or payable) to the executive in the one-year period preceding the month in which a Change in Control Period (as defined below) begins; and the target

Edgar Filing: VALSPAR CORP - Form DEF 14A

annual bonus is defined as the targeted annual cash bonus payment for the fiscal year during which a Change in Control Period begins. The Corporation will also be obligated to provide the executive (and his or her family) with health care and life insurance benefits at least equal to, and at the same after-tax cost, as those which would have been provided absent a termination (subject to alteration in the event that such benefits are later increased to peer executives at the Corporation).

Under the change in control agreements, Valspar will at its sole expense provide a terminated executive with outplacement services substantially similar to those available to the executive immediately prior to the change in control. In addition, Valspar will pay all legal fees and expenses that an executive reasonably incurs as a result of any contest (regardless of the outcome thereof) respecting the validity or enforceability of, or liability under, any provision of the executive's change in control agreement or any guarantee of performance thereof (including as a result of any contest by the executive about the amount of any payment pursuant to the change in control agreement), plus interest. Finally, Valspar will also pay any excise taxes that the executive may incur as a result of such payments, and any income and excise taxes on such excise tax payments.

The Committee has decided that change in control agreements for any officer first elected in fiscal 2013 or later shall not include reimbursement for any excise taxes that may be payable by an executive with respect to change in control payments.

Definitions

Change in Control means any of the following:

any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934 (the Exchange Act) (a Person) becoming the beneficial owner (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 20% or more (or 30% or more for purposes of the 2015 Omnibus Equity Plan) of either (A) the then-outstanding shares of common stock of the Corporation or (B) the combined voting power of the then-outstanding voting securities of the Corporation entitled to vote generally in the election of directors provided, however, that (i) any acquisition directly from the Corporation, (ii) any acquisition by the Corporation and (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Corporation or any affiliated company do not constitute a Change in Control;

individuals who, as of the date of the agreement, constitute the Board of Directors (the Incumbent Board), together with any individuals becoming a director after the date of the agreement whose election, or nomination for election by the Corporation's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board, ceasing for any reason to constitute at least a majority of the Board of Directors;

subject to certain limited exceptions, any consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Corporation or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Corporation, or the acquisition of assets or stock of another entity by the Corporation or any of its subsidiaries (each, a Business Combination); or

approval by our stockholders of a complete liquidation or dissolution of Valspar.

Change in Control Period means the period commencing on the date of the agreement and ending on the second anniversary of that date; provided, however, that, commencing on each anniversary date of a change in control agreement (such date, the Renewal Date), unless previously terminated, the Change in Control Period shall be automatically extended so as to terminate two years from such Renewal Date, unless, at least 60 days prior to the Renewal Date, the Corporation shall give notice to the executive that the Change in Control Period shall not be so extended.

Good Reason means:

the assignment to the executive of any duties inconsistent in any respect with the executive's position (including status, offices, titles and reporting requirements), authority, duties or responsibilities as contemplated by the agreement, or any action by the Corporation that results in a diminution in such position, authority, duties or responsibilities (whether or not occurring solely as a result of the Corporation's ceasing to be a publicly traded entity), excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and that is remedied by the Corporation promptly after receipt of notice thereof given by the executive;

any failure by the Corporation to comply with any of the compensation-related provisions of the change in control agreement, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith and that is remedied by the Corporation promptly after receipt of notice thereof given by the executive;

requiring the executive to be based at (i) any office or location other than as determined under the change in control agreement and that increases the distance or duration of the executive's commute, (ii) a location other than the principal executive offices of the Corporation if the executive was employed at such location immediately prior to any change in control or (iii) any location that increases the distance or duration of the executive's commute;

any purported termination by the Corporation of the executive's employment otherwise than as expressly permitted by the change in control agreement; or

any other action or inaction that constitutes a material breach by the Corporation of the change in control agreement.

For the above purposes, any good faith determination of Good Reason made by the executive shall be conclusive. The executive's mental or physical incapacity following the occurrence of an event constituting Good Reason shall not affect the executive's ability to terminate employment for Good Reason, and the executive's death following delivery of a notice of termination for Good Reason shall not affect the entitlement of the executive's estate to severance payments benefits provided hereunder upon a termination of employment for Good Reason.

Cause means (1) the willful and continued failure of an executive to perform substantially the executive's duties (other than any failure resulting from incapacity due to physical or mental illness or following the executive's delivery of a notice of termination for Good Reason), after a written demand for substantial performance is delivered to the executive by the Board of Directors that specifically identifies the manner in which the Board believes that the executive has not substantially performed the executive's duties, or (2) the willful engaging by the executive in illegal conduct or gross misconduct that is materially and demonstrably injurious to the Corporation. For these purposes, no act, or failure to act, on the part of an executive is considered willful unless it is done, or omitted to be done, by the executive in bad faith or without reasonable belief that the executive's action or omission was in the best interests of the Corporation. In this regard, any act, or failure to act, based upon (A) authority given pursuant to a resolution duly adopted by the Board of Directors (or the board of directors of an applicable subsidiary), or (B) the advice of counsel for the Corporation shall be conclusively presumed to be done, or omitted to be done, by the executive in good faith and in the best interests of the Corporation.

In addition to the change in control agreements, Valspar's equity and non-equity compensation plans also contain provisions regarding changes in control. Under the equity plans, including the 2009 Omnibus Equity Plan and the 2015 Omnibus Equity Plan, and under individual award agreements, any unvested stock options, restricted stock and RSUs vest immediately upon a change in control of Valspar and stock options are exercisable for the remainder of their term. For PSUs commencing with awards for fiscal 2015, the amount of the payout will be determined using the actual performance level achieved for any fiscal years completed prior to the change in control and assuming the target performance level for any subsequent fiscal year(s).

Potential Payments Upon Change in Control

The following table provides information on the potential payments that would have been payable to each of the named executives under existing contracts, agreements, plans or arrangements, for a change in control if the change in control and any other triggering event for the payments had each occurred on October 31, 2014.

Director Compensation

Fees Payable in Cash or Stock. In fiscal 2014, non-employee directors received an annual cash retainer of \$95,000, except that the Chairs of the Audit and Compensation Committees received an annual cash retainer of \$110,000 and the Lead Director, Mr. Curler, received an annual cash retainer of \$130,000. At a director's option, the annual retainer may be paid in cash or by the Corporation purchasing shares of its common stock in the open market quarterly on behalf of the director. Any costs of such purchases are paid by the Corporation. No meeting fees are paid to directors.

Non-employee directors appointed to any subcommittee of the standing committees of the Board of Directors receive an additional cash retainer of \$5,000.

Annual Stock Award. Each non-employee director is granted a stock award every year under the 2009 Omnibus Equity Plan. For grants in respect of service in fiscal year 2014, each non-employee director serving as a member of the Board of Directors on the date of the October Board meeting was granted on the date of such meeting a stock award with a value equal to \$95,000. Annual stock awards for a director who retires from the Board during the year will be prorated to reflect the partial year, and awarded at the same time as other director awards. The non-employee directors received a stock award on October 1, 2014: Mr. Allen, 1,236 shares; Mr. Ballbach, 1,236 shares; Mr. Bode, 1,236 shares; Mr. Cook, 1,236 shares; Mr. Curler, 1,236 shares; Mr. Fleming, 1,236 shares; Mr. Friendly, 1,236 shares; Ms. Haugarth, 1,236 shares; and Dr. Jemison, 1,236 shares.

New Director Restricted Stock Award. New non-employee directors of Valspar receive a stock award, intended to attract new directors of high caliber and qualifications and recognize their immediate contributions to Valspar. The stock award is equal to his or her current annual retainer. The stock award is restricted for five years, and the director must be serving as a member of the Board on the date the restrictions lapse to receive the award.

Deferral of Cash Retainer. For 2015, Directors may elect to defer up to 100% of the cash portion of their annual retainer into the Valspar Corporation Nonqualified Deferred Compensation Plan (the Plan). Distributions are made upon death or on or after certain payment events elected by the participant, including specified dates, separation from the Board or a change in control. Distributions from the Plan are governed by the Internal Revenue Code and the Plan.

Edgar Filing: VALSPAR CORP - Form DEF 14A

Stock Ownership Guidelines and Restrictions on Hedging and Pledging. To align the interests of our directors with the interests of stockholders, we have established stock ownership guidelines equal to five times the annual cash retainer paid to directors. Directors are expected to reach the ownership level specified in the guidelines within five years after becoming a director. All of our directors are in compliance with these guidelines, and the directors who have served less than five years are on track to reach the specified ownership level within the five-year period. In addition, directors may not hedge their shares of the Corporation's stock and must obtain approval from the Corporation's CEO and General Counsel before pledging any of their shares of the Corporation's stock. Approval for any pledge is discretionary and subject to various criteria and limits, including that the sum of all pledged stock by officers and directors does not exceed two times the average daily trading volume of the Corporation's stock. No director has pledged stock during 2014. The Hedging and Pledging Policy is available on the Investors Corporate Governance section of our website at www.valsparglobal.com, as Exhibit 12 to the Principles of Corporate Governance.

Reimbursement of Out-of-Pocket Expense. Directors are entitled to reimbursement for reasonable out-of-pocket expenses incurred in connection with travel to and from meetings of the Board of Directors or its committees and for related activities, including director education courses.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), requires the Corporation's directors, executive officers and beneficial owners of more than 10% of the common stock of the Corporation to file with the SEC certain reports regarding their ownership of common stock or any changes in such ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received by it, and/or written representations from certain reporting persons that no Form 5's were required for such persons, the Corporation believes that, during the year ended October 31, 2014, the reporting persons have complied with all filing requirements of Section 16(a) of the 1934 Act.

PROPOSAL 2

Advisory Vote to Approve Executive Compensation (Say-on-Pay vote)

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) was signed into law on July 21, 2010. The Dodd-Frank Act requires U.S. public corporations to hold an advisory (non-binding) vote on executive compensation. The Board of Directors is committed to excellence in governance and is aware of the significant interest in executive compensation matters by investors and the general public.

The Corporation has designed its executive compensation program to attract, motivate, reward and retain the senior management talent required to achieve our corporate objectives and to increase long-term stockholder value. We believe that our compensation policies and practices are centered on a pay-for-performance philosophy and are strongly aligned with the long-term interests of our stockholders. See Executive and Director Compensation Compensation Discussion and Analysis, beginning on page 11 for additional information on our executive compensation programs.

Proposal

The Corporation is presenting this proposal, which gives you as a stockholder the opportunity to express your view on our executive compensation by voting for or against the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of The Valspar Corporation s named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related disclosures contained in the Corporation s 2015 Proxy Statement.

Position of Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS BY VOTING FOR THE ABOVE RESOLUTION AND THIS PROPOSAL.

Valspar reported record sales and earnings per share in fiscal 2014 and the Corporation fully achieve its goals. Consistent with the Corporation s pay for performance philosophy, bonuses and restricted stock awards were higher in 2014, and base salaries for named executives were increased during fiscal 2014.

As discussed in the Compensation Discussion and Analysis contained in this proxy statement, the Compensation Committee of the Board of Directors believes that the executive compensation for fiscal 2014 is reasonable and appropriate, is justified by the performance of the Corporation and is the result of a carefully considered approach.

In deciding how to vote on this proposal, the Board urges you to consider the following factors, many of which are more fully discussed in the Compensation Discussion and Analysis beginning on page 11:

The Corporation has performed well against its peers by relevant industry measures.

Our Compensation Committee has designed the compensation packages for our named executives to depend on the achievement of objective performance goals that the Committee believes drive long-term shareholder value.

As disclosed under Compensation Risk Analysis on page 10, our pay practices do not encourage management to take excessive risk.

We recognize the need to fairly compensate and retain a senior management team that has produced excellent operating results over the past several years.

Effect of Vote

Because your vote is advisory, it will not be binding upon the Corporation, the Compensation Committee or the Board of Directors. However, we value stockholders opinions, and we will consider the outcome of the Say-on-Pay vote when determining future executive compensation arrangements. Last year, 96% of the votes cast in the Corporation s Say-on-Pay vote were cast in favor of approving the Corporation s compensation for its named executive officers.

PROPOSAL 3

Approval of The Valspar Corporation 2015 Omnibus Equity Plan

We are asking our stockholders to approve The Valspar Corporation 2015 Omnibus Equity Plan (the 2015 Omnibus Plan). Our Board of Directors adopted the 2015 Omnibus Plan on December 10, 2014, subject to stockholder approval. We currently award stock options and restricted stock under the Corporation's 2009 Omnibus Equity Plan, as amended through September 30, 2014 (the 2009 Omnibus Plan). We have outstanding stock options to participants under the 1991 Stock Option Plan, Stock Option Plan for Non-Employee Directors and 2009 Omnibus Plan (together, the Prior Plans) and outstanding restricted stock awards and RSUs under the 2009 Omnibus Plan. Following stockholder approval of the 2015 Omnibus Plan, no further awards will be made under the 2009 Omnibus Plan. Any award granted under a Prior Plan will continue to be governed by the terms of that plan.

The purpose of the 2015 Omnibus Plan is to increase stockholder value and to advance the interests of the Corporation by furnishing a variety of awards designed to attract, retain and motivate key employees and consultants of the Corporation and its subsidiaries and directors of the Corporation. The 2015 Omnibus Plan will replace the 2009 Omnibus Plan.

The following is a summary of the material terms of the 2015 Omnibus Plan and is qualified in its entirety by reference to the 2015 Omnibus Plan, a copy of which is attached as Appendix A to this Proxy Statement.

Administration

Our Compensation Committee (the committee) will administer the 2015 Omnibus Plan and will have complete authority to grant awards, to interpret the plan and to make any other determination which it believes necessary and advisable for the proper administration of the plan. The committee's decisions on matters relating to the 2015 Omnibus Plan are final and conclusive on the Corporation and the participants.

The committee may delegate any of its powers and responsibilities in respect of the 2015 Omnibus Plan, and our full Board of Directors may exercise any of the committee's powers and responsibilities. However, the committee may not delegate any of its powers or responsibilities, and the full Board of Directors may not exercise any of those powers or responsibilities, to the extent that those actions would cause an award that is intended to be exempt from the limits on deductibility under Section 162(m) to lose that exemption or would cause an award to a director or executive officer to fail to be exempt from short-swing profit recovery under Section 16(b) of the Exchange Act.

Eligible Participants

Officers of the Corporation, employees of the Corporation or a subsidiary, members of the Board, and consultants or other independent contractors who provide services to the Corporation or a subsidiary are eligible to receive awards under the 2015 Omnibus Plan when designated by the committee.

Shares Available For Awards

The aggregate number of shares of our common stock available for awards made under the 2015 Omnibus Plan will be 7,000,000 (reduced by (a) the number of stock options and stock-settled SARs granted after October 31, 2014 under the 2009 Omnibus Plan and (b) a multiple of 3.51 times the actual number of shares of Common Stock awarded pursuant to any stock-settled Award under the 2009 Omnibus Plan other than stock options and SARs granted after October 31, 2014). The remaining share reserve under Prior Plans will be cancelled upon the approval of the 2015 Omnibus Plan by stockholders, and after that date all further awards will be made under the 2015 Omnibus Plan. If an award granted under the 2015 Omnibus Plan (or previously granted under any of the Prior Plans) expires or is terminated or canceled unexercised as to any shares of common stock or forfeited or reacquired by the Corporation pursuant to rights reserved upon issuance thereof, such shares may again be awarded under the 2015 Omnibus Plan pursuant to another award, subject to the plan's share counting requirements for awards other than stock options or stock-settled stock appreciation rights (SARs) (as described below under the heading Types of Awards and Terms and Conditions Stock Appreciation Rights on page 38).

However, the number of shares of common stock awarded under the 2015 Omnibus Plan pursuant to all stock-settled awards other than stock options and stock-settled SARs will reduce the number of shares of common stock available to be awarded under the plan by a multiple of 3.51 times the actual number of shares of common stock awarded pursuant to any such stock-settled award other than stock options and stock-settled SARs. For example, if the committee awards 100 shares of restricted stock to a participant, the number of shares remaining and available to be issued under 2015 Omnibus Plan will be reduced by 351 shares. In addition, if any stock-settled awards other than stock options or stock-settled SARs outstanding under the 2015 Omnibus Plan or Prior Plans expire or are cancelled, the shares allocable to the unexercised portion of those awards will be added to the share reserve such that the number of shares of common stock available to be awarded under the plan will be increased by a multiple of 3.51 times the actual number of shares of common stock that expired or were cancelled for such awards. For purposes of clarification, any shares withheld or tendered from an award granted under the 2015 Omnibus Plan or under any of the Prior Plans to pay the applicable exercise price or taxes shall no longer be available to be awarded under the Plan. Any shares of common stock covered by a stock option or stock-settled SAR will be counted in full against the share limitation, regardless of the number of shares of common stock actually issued upon the exercise of such stock option or stock-settled SAR. For purposes of clarification, the grant of any awards payable only in cash will not reduce the number of shares of common stock remaining and available to be issued under the plan.

In any one fiscal year, no person may receive awards under the 2015 Omnibus Plan that could result in that person receiving, earning or acquiring (a) stock options and SARs for, in the aggregate, more than 500,000 shares of common stock, (b) stock awards, restricted stock, restricted stock units and performance shares, in the aggregate, covering more than 250,000 shares of common stock and (c) performance awards payable in cash with a maximum amount payable exceeding \$8,000,000. In addition, the aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all Awards granted to any participant who is a non-employee director of the Corporation during any single fiscal year shall not exceed \$500,000.

The number of shares authorized under the 2015 Omnibus Plan and the limitations on awards in any fiscal year will be adjusted appropriately by the committee in the event of any change in the outstanding common stock of the Corporation by reason of a stock dividend, stock split, reverse stock split, combination of shares, spin-off, dividend (other than regular, quarterly cash dividends), recapitalization, merger or similar event, in order to reflect the change in the common stock and to provide participants with the same relative rights before and after such adjustment.

Types of Awards and Terms and Conditions

The 2015 Omnibus Plan permits the granting of awards in any one or a combination of the following forms:

non-qualified stock options which are not intended to qualify under Section 422 of the Internal Revenue Code (the Code);

SARs payable in shares of common stock;

stock awards;

restricted stock, restricted stock units and performance stock units; and

performance awards of cash, stock or property.

Payment of awards may be in the form of cash, shares of common stock, or any combination as determined by the committee.

Stock Options. The holder of an option will be entitled to purchase a number of shares of our common stock at a specified exercise price during a specified time period, all as determined by the committee. The exercise price will be payable (a) in cash upon exercise of the stock option, payable in a method as determined by the committee; (b) to the extent permitted in the award document for the stock option, by the delivery of shares of common stock in payment of all or any part of the exercise price, valued at the fair market value on the date the stock option is exercised; or (c) unless otherwise provided in the award document, by instructing the Corporation to withhold from the shares of common stock issuable upon exercise of the stock option shares of common stock in payment of all or any part of the exercise price and/or any related withholding tax obligations, valued at fair market value.

Edgar Filing: VALSPAR CORP - Form DEF 14A

The exercise price per share under any stock option may not be less than the fair market value of our common stock on the date of grant of that option; provided, however, that the committee may designate an exercise price for a stock option below fair market value on the date of grant if the stock option is granted in substitution for a stock option previously granted by an entity that is acquired or merged with the Corporation or its affiliate. Determinations of such fair market value will be made pursuant to methods and procedures established by the committee in accordance with the 2015 Omnibus Plan.

Stock Appreciation Rights. An SAR is a right to receive, without payment to the Corporation, the aggregate amount of appreciation in the number of shares of common stock covered by the SAR, payable in cash or in the form of shares of common stock. SARs vest and become exercisable in accordance with a vesting schedule established by the committee. The term of each SAR will be determined by the committee but shall not exceed ten years from the grant date. An SAR may be granted (a) with respect to any stock option either concurrently with the grant of such stock option or at such later time as determined by the committee or (b) alone, without reference to any related stock option.

The exercise price per share of any SAR may not be less than the fair market value of our common stock on the date of grant of that SAR; provided, however, that the committee may designate an exercise price for an SAR below fair market value on the date of grant if the SAR is granted in substitution for an SAR previously granted by an entity that is acquired or merged with the Corporation or its affiliate. Determinations of such fair market value will be made pursuant to methods and procedures established by the committee in accordance with the 2015 Omnibus Plan.

Stock Awards. The committee may grant (or sell at par value or such other higher purchase price determined by the committee) unrestricted shares of our common stock, subject to terms and conditions determined by the committee and the limitations in the 2015 Omnibus Plan. Such stock awards may be granted or sold in respect of past services and other valid consideration, or in lieu of, or in addition to, any cash compensation due to such participant.

Restricted Stock. Restricted stock is common stock that is sold or transferred to a participant at a price, if any, determined by the committee and subject to restrictions and other terms and conditions established by the committee. The restrictions may include a prohibition against transfer of the shares, to lapse at such time or times as the committee determines, and a requirement that the holder forfeit (or resell back to the Corporation at his or her cost) all or a part of such shares in the event of termination of his or her employment or consulting engagement while the shares are subject to restrictions. A participant receiving restricted stock generally will have all the rights of a stockholder with respect to shares of stock during any period in which the shares are subject to forfeiture and restrictions on transfer, including without limitation, the right to vote the shares. Dividends paid in cash or property other than common stock with respect to shares of restricted stock will be paid to the participant quarterly during the applicable restricted period for all restricted stock awarded under the Plan, or at the end of the restricted period, or otherwise as provided in the applicable award document. Such dividends underlying such awards with restrictions that lapse as a result of the achievement of one or more Performance Goals will be deferred until and paid contingent upon the achievement of the applicable performance goals.

Restricted Stock Units. A restricted stock unit is a right to receive one share of common stock at a future date that has been granted subject to terms and conditions, including a risk of forfeiture, established by the committee. Participants who receive restricted stock units will have no rights as stockholders with respect to such restricted stock units until the share certificates for common stock are issued to the participants. However, the Corporation will pay to each such participant an amount equal to the sum of all dividends and other distributions paid by the Corporation on the equivalent number of shares of common stock quarterly during the applicable restricted period for all restricted stock units or performance stock units awarded under the Plan, or at the end of the restricted period, or otherwise as provided in the applicable award document. Except as otherwise determined by the committee, if the participant's employment or service as a director terminates during the vesting period for any reason, the restricted stock units will be forfeited.

Performance Stock Units. A performance stock unit is a restricted stock unit that includes performance goals and is therefore a performance award. Dividend equivalents or other distributions on common stock underlying performance stock units with restrictions that lapse as a result of the achievement of one or more performance goals will be deferred until and paid contingent upon the achievement of the applicable performance goals.

Edgar Filing: VALSPAR CORP - Form DEF 14A

Performance Awards. A performance award is a right to either a number of shares of common stock, their cash equivalent, or a combination thereof, based on satisfaction of performance goals for a particular period. At or about the same time that performance goals are established for a specific period, the committee shall in its absolute discretion establish the percentage of the performance awards granted for such performance period which shall be earned by the participant for various levels of performance measured in relation to achievement of performance goals for such performance period. Performance goals applicable to a performance award will be established by the committee not more than 90 days after the beginning of the relevant performance period. The performance goals for performance awards that are intended to qualify as performance based compensation within the meaning of Section 162(m) of the Code must be based on one or more of the following business criteria: measures of earnings or profit (including, but not limited to, earnings per share, operating income or profit, net income, gross profit, margins, earnings before interest and tax (EBIT), earnings before interest, tax, depreciation and amortization (EBITDA)), gross or net sales, expenses, expenses as a percentage of net sales, inventory turns, working capital, cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue), revenue growth, share price (including, but not limited to, growth measures and total shareholder return), operating efficiency, productivity ratios, market share, economic value added and safety. Any of the above criteria may be used to measure the performance of the Corporation, a subsidiary and/or affiliate of the Corporation as a whole or any business unit of the Corporation, subsidiary, and/or such an affiliate or any combination thereof, as the committee may deem appropriate, or any of the above criteria as compared to the performance of a group of comparator companies, or published or special index that the committee, in its sole discretion, deems appropriate, or the committee may select criteria based on the Corporation's share price as compared to various stock market indices. The committee, in its sole discretion, may modify the performance goals if it determines that circumstances have changed and modification is required to reflect the original intent of the performance goals, including, without limitation, the adjustment provisions described in the 2015 Omnibus Plan; provided, however, that no such change or modification may be made to the extent it increases the amount of compensation payable to any Participant who is a covered employee within the meaning of Code Section 162(m).

The committee will determine the terms and conditions applicable to any performance award, which may include restrictions on the delivery of common stock payable in connection with the performance award, the requirement that the stock be delivered in the form of restricted stock, or other restrictions that could result in the future forfeiture of all or part of any stock earned. The committee will, as soon as practicable after the close of a performance period, determine the extent to which the performance goals for such performance period have been achieved; and the percentage of the performance awards earned as a result. Performance awards will not be earned for any participant who is not employed by the Corporation or a subsidiary continuously during the entire performance period for which such performance award was granted, except in certain events such as death, disability or retirement.

Transferability of Awards

Unless otherwise provided by the committee, awards (other than stock awards) under the 2015 Omnibus Plan may only be transferred by will or by the laws of descent and distribution and, for a performance award, to the extent provided in the applicable award document. The committee may permit limited transfers of awards to family members.

Deferral of Payment

With the consent of the committee or as permitted under the terms of a deferred compensation plan of the Corporation, a participant who has been granted an award may elect to defer receipt of all or any part of a payment or distribution associated with that award, subject to compliance with Section 409A of the Code. Under the Corporation's Deferred Compensation Plan, participants in that plan are currently permitted to defer payments or distributions under the Corporation's annual cash bonus program and payouts under cash-settled RSUs.

Effect of Retirement

In the event of a participant's retirement, the applicable award document will provide the extent to which and the conditions under which (1) outstanding awards previously granted to the participant will become vested or payable, (2) the participant will be entitled to exercise any outstanding stock options and SARs following retirement, and (3) the participant will become entitled to a distribution of any performance award for which the applicable performance period has not been completed. Retirement means termination of employment for any reason other than for cause after the participant has attained the age of 55 years (or a different age specified for a participant for any award) if the participant has executed and delivered a three-year non-compete agreement and release of claims, has completed three years of continuous prior employment with the Corporation or a subsidiary and has delivered a required prior written notice that the participant is considering retirement, in accordance with any policies for such notices that the committee may develop from time to time, at least one year prior to the date of termination.

Effect of Change in Control

In the event of a change in control, the committee or its successor will provide that the awards will accelerate and vest in full, and all stock options and SARs must be exercised within a specified period of time or they will terminate, and that all performance awards are deemed earned. The committee may, but is not obligated to, provide for an appropriate cash payment to each participant who holds a stock option or SAR that is terminated.

A change in control is defined in the 2015 Omnibus Plan to include the following events, all with certain important exceptions specified in the 2015 Omnibus Plan: (i) any individual, entity or group becomes the beneficial owner of 30% or more of the outstanding shares voting power of the Corporation; (ii) individuals who, as of the effective date of the plan, constitute the Board cease for any reason to constitute at least a majority of the Board; or (iii) consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Corporation or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Corporation, or the acquisition of assets or stock of another entity by the Corporation or any of its subsidiaries; or (iv) approval by the stockholders of a complete liquidation or dissolution of the Corporation.

Prohibition on Repricing Awards

Without the prior approval of the Corporation's stockholders, no stock option or SAR under the 2015 Omnibus Plan will be repriced, replaced, or regranted through cancellation, the exercise price of a previously granted stock option or SAR will not be lowered, and no stock option or SAR whose fair market value is lower than its exercise price will be exchanged for cash or another award, except as adjustments are permitted under other provisions of the 2015 Omnibus Plan, such as the provisions providing for adjustment upon stock splits and similar events.

Duration, Termination and Amendment

The 2015 Omnibus Plan became effective upon its approval by the Board, subject to approval by the Corporation's stockholders. The 2015 Omnibus Plan will remain in effect until all awards granted under the 2015 Omnibus Plan have either been satisfied by the issuance of shares or the payment of cash, or have been terminated under the terms of the 2015 Omnibus Plan and all restrictions imposed on shares of common stock have lapsed. No awards may be granted under the 2015 Omnibus Plan after the tenth anniversary of the date the 2015 Omnibus Plan is approved by stockholders.

The Board or committee may amend or discontinue the 2015 Omnibus Plan at any time. However, no such amendment or discontinuance may materially adversely change or impair an outstanding award, without the consent of the recipient. Further, no such amendment shall, without approval of the stockholders of the Corporation, (a) increase the maximum number of shares of common stock which may be issued to all participants under the 2015 Omnibus Plan, or (b) make any other change for which stockholder approval is required by law or under the applicable rules of the NYSE.

Federal Income Tax Consequences

Grant of Options and SARs. The grant of a stock option or SAR is not expected to result in any taxable income for the participant.

Exercise of Options and SARs. Upon exercising a non-qualified stock option, the holder must recognize ordinary income equal to the excess of the fair market value of the shares of our common stock acquired on the date of exercise over the exercise price, and we will generally be entitled at that time to an income tax deduction for the same amount. Upon the exercise of a SAR, the amount of any cash received by the participant, plus the fair market value on the exercise date of any shares of our common stock received are taxable to the recipient as ordinary income and generally deductible by us.

Disposition of Shares Acquired Upon Exercise of Options and SARs. The income tax consequences upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held and the amount of the holder's other income. Ordinarily, any gain realized upon a disposition will be treated as a capital gain, with the precise character of that gain (either short or long term) being determined by the length of time during which the holder has held the shares. The tax rate on that gain may be increased by a net investment income tax if the holder's other income exceeds an applicable threshold. Generally, there will be no tax consequence to us in connection with the disposition of shares acquired under an option or SAR.

Awards Other than Options and SARs. As to other awards granted under the 2015 Omnibus Plan that are payable either in cash or shares of our common stock that are either transferable or not subject to substantial risk of forfeiture, the holder of the award must recognize ordinary income equal to (a) the amount of cash received or, as applicable, (b) the excess of (i) the fair market value of the shares received (determined as of the date of receipt) over (ii) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

As to an award that is payable in shares of our common stock that are restricted from transfer and subject to substantial risk of forfeiture, unless a special election is made by the holder of the award under the Code, the holder must recognize ordinary income equal to the excess of (i) the fair market value of the shares received (determined as of the first time the shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (ii) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

Income Tax Deduction. Subject to the usual rules concerning reasonable compensation, including our obligation to withhold or otherwise collect certain income and payroll taxes, and assuming that, as we intend, stock options, SARs and certain other performance awards paid under the 2015 Omnibus Plan are qualified performance based compensation within the meaning of Section 162(m) of the Code, we will generally be entitled to a corresponding income tax deduction at the time a participant recognizes ordinary income from awards made under the 2015 Omnibus Plan.

Delivery of Shares for Tax Obligation. Under the 2015 Omnibus Plan, the committee may permit participants receiving or exercising awards, subject to the discretion of the committee and upon any terms and conditions it may impose, to deliver shares of our common stock (either shares received upon the receipt or exercise of the award or shares previously owned by the participant) to us to satisfy federal and state tax obligations.

Withholding. The Corporation has the right to withhold from any payments made under the 2015 Omnibus Plan or to collect as a condition of payment, any taxes required by law to be withheld. The participant may satisfy this obligation in whole or in part by electing to have the Corporation withhold shares of common stock having a fair market value up to the minimum amount of withholding taxes required to be collected on the transaction.

New Plan Benefits and Record Date Information for Prior Plans

No benefits or amounts have been granted, awarded or received under the 2015 Omnibus Plan. The committee in its sole discretion will determine the number and types of awards that will be granted. Therefore, it is not possible to determine at this time the benefits that will be received by eligible participants if the 2015 Omnibus Plan is approved by our stockholders. The closing price per share of our common stock as reported on the NYSE on December 9, 2014 was \$83.56.

Edgar Filing: VALSPAR CORP - Form DEF 14A

Stockholders of record on December 26, 2014 will be entitled to receive notice of and to vote at the meeting. As of October 31, 2014, there were 82,213,086 common shares outstanding, 5,242,240 stock options outstanding with a weighted average exercise price of \$35.15 and a weighted average remaining term of 5.5 years and 279,923 shares of restricted stock (full value awards) outstanding under the Prior Plans, and there were 1,826,739 shares remaining for grants under the 2009 Omnibus Plan. This does not include stock-settled RSUs and PSUs granted for fiscal 2015 and the fiscal 2014 performance based restricted stock award, all of which will be granted in January 2015 under the 2009 Omnibus Plan and which will reduce the available reserve under the 2015 Omnibus Plan as described under "Shares Available for Awards" above. As stated above, the remaining share reserve under the 2009 Omnibus Plan will be cancelled upon the approval of the 2015 Omnibus Plan by stockholders, and after that date all further awards will be made under the 2015 Omnibus Plan.

Approval of 2015 Omnibus Equity Plan

The Board is seeking stockholder approval of the 2015 Omnibus Plan including the categories of performance targets for awards to the Designated Executive Officers. Approval of these categories is necessary to allow the awards to the Designated Executive Officers to comply with the requirements of Section 162(m) of the Internal Revenue Code.

Vote Required

The Board recommends that stockholders approve the 2015 Omnibus Plan. The affirmative vote of a majority of the shares represented at the annual meeting and entitled to vote is required for approval of the 2015 Omnibus Plan.

THE VALSPAR CORPORATION

2015 OMNIBUS EQUITY PLAN

1. Purpose and Background

1.1. Purpose. The purpose of the 2015 Omnibus Equity Plan (the Plan) is to increase stockholder value and to advance the interests of the Company by furnishing a variety of Awards designed to attract, retain and motivate key employees and consultants of the Company and its Subsidiaries and directors of the Company.

1.2. Background. Immediately prior to the Effective Date (as defined below), the Company maintained a share reserve of Common Stock (the Prior Reserve) for issuance pursuant to Stock Options granted to participants under the Company's 1991 Stock Option Plan, Stock Option Plan for Non-Employee Directors and 2009 Omnibus Equity Plan (the Prior Plans), and outstanding Restricted Stock and Restricted Stock Units under the 2009 Omnibus Equity Plan (the 2009 Plan). Upon approval of the Plan by the stockholders of the Company, no further awards will be granted to any person under the 2009 Plan, and the Prior Reserve will be cancelled.

2. Definitions

2.1. Affiliate. An Affiliate is a corporation or other entity controlled by, controlling, or under common control with, the Company.

2.2. Award. An Award is a grant of Stock Options, Stock Appreciation Rights, Performance Awards, Restricted Stock, Restricted Stock Units, Performance Stock Units or Stock Awards (which may include Dividend Equivalents) under the Plan.

(b) Individuals who, as of the effective date of this Plan, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the effective date of this Plan whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board;

(c) Consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or stock of another entity by the Company or any of its subsidiaries (each, a Business Combination), in each case unless, following such Business Combination, (1) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Company Common Stock and the Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock (or, for a non-corporate entity, equivalent securities) and the combined

voting power of the then-outstanding voting securities entitled to vote generally in the election of directors (or, for a non-corporate entity, equivalent governing body), as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity that, as a result of such transaction, owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Common Stock and the Outstanding Company Voting Securities, as the case may be, (2) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 30% or more of, respectively, the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination, and (3) at least a majority of the members of the board of directors (or, for a non-corporate entity, equivalent governing body) of the entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

Deferred Compensation shall not include any amount that is otherwise exempt from the requirements of Code Section 409A and the regulations promulgated thereunder.

2.15. Fair Market Value. The Fair Market Value of a share of Common Stock at a specified date shall, unless otherwise expressly provided in this Plan, be the amount which the Committee determines in good faith to be 100% of the fair market value of such a share as of the date in question. Notwithstanding the foregoing, if such shares are listed on a U.S. securities exchange, then Fair Market Value shall be determined by reference to the last sale price (also referred to as the closing price) of a share of Common Stock on such U.S. securities exchange on the applicable date. If such U.S. securities exchange is closed for trading on such date, or if the Common Stock does not trade on such date, then the last sale price used shall be the one on the date the Common Stock last traded on such U.S. securities exchange. - 2.28. Subsidiary. Subsidiary means any entity (other than the Company) in an unbroken chain of entities beginning with the Company, in which each of the entities other than the last entity in the unbroken chain owns stock possessing fifty percent or more of the total combined voting power of all classes of stock in one of the other entities in such chain as determined at the point in time when reference is made to such Subsidiary in this Plan.

3. Administration

3.1. Administration by Committee. The Plan shall be administered by the Committee. The Committee shall consist of not less than two directors of the Company and shall be appointed from time to time by the Board. Each member of the Committee shall be (i) a non-employee director within the meaning of Rule 16b-3 of the Exchange Act, (ii) an outside director within the meaning of Section 162(m) under the Code, and (iii) an independent director within the meaning of the rules of the New York Stock Exchange relating to members of compensation committees. The Committee shall have complete authority to grant Awards under the Plan, to interpret the Plan, and to make any other determination which it believes necessary and advisable for the proper administration of the Plan, including, without limitation, to adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by employees of the Company who are foreign nationals or employed outside of the United States. The Committee's decisions and matters relating to the Plan shall be final and conclusive on the Company and the Participants.

3.2. Delegation of Authority. The Committee may delegate its powers and duties under the Plan to one or more directors (including a director who is also an officer of the Company) or a committee of directors, subject to such terms, conditions and limitations as the Committee may establish in its sole discretion; provided, however, that the Committee shall not delegate its powers and duties under the Plan (i) with regard to officers or directors of the Company or any Affiliate who are subject to Section 16 of the Exchange Act or (ii) in such a manner as would cause the Plan not to comply with the requirements of Section 162(m). In addition, the Committee may authorize one or more officers of the Company to grant Options under the Plan, subject to the limitations of Section 157 of the Delaware General Corporation Law; provided, however, that such officers shall not be authorized to grant Options to officers or directors of the Company or any Affiliate who are subject to Section 16 of the Exchange Act.

3.3. Indemnification. To the full extent permitted by law, each member and former member of the Committee and each person to whom the Committee or the CEO delegates or has delegated authority under the Plan shall be entitled to indemnification by the Company against and from any loss, liability, judgment, damages, cost and reasonable expense incurred by such member, former member or other person by reason of any action taken, failure to act or determination made in good faith under or with respect to the Plan.

4. Eligible Participants. Officers of the Company, employees of the Company or a Subsidiary, members of the Board, and consultants or other independent contractors who provide services to the Company or a Subsidiary shall be eligible to receive Awards under the Plan when designated by the Committee. Participants may be designated individually or by groups or categories (for example, by pay grade) as the Committee deems appropriate. Participation by officers of the Company or a Subsidiary and any Performance Goals relating to such officers must be approved by the Committee. Participation by others and any Performance Goals relating to others may be approved by groups or categories (for example, by pay grade) and authority to designate Participants who are not officers and to set or modify such Performance Goals may be delegated by the Committee to officers of the Company.

5. Types of Awards. Awards under the Plan may be granted in any one or a combination of the following forms: (a) Stock Options (Section 7); (b) Stock Appreciation Rights (SARs) (Section 8); (c) Stock Awards (Section 9); (d) Restricted Stock, Restricted Stock Units and Performance Stock Units that may include Dividend Equivalents (Section 10); and (e) Performance Awards (Section 11). Subject to the specific limitations provided in this Plan, payment of Awards may be in the form of cash, Common Stock or combinations thereof as the Committee shall determine, and with such other restrictions as it may impose.

6. Shares Subject to the Plan and Limitations on Awards

6.1. Number of Shares. Subject to adjustment as provided in Section 12.6, the number of shares of Common Stock available for Awards under the Plan shall not exceed 7,000,000 (reduced as provided in the last sentence of this Section 6.1); provided, however, that subject to adjustment as provided in Section 12.6, the number of shares of Common Stock awarded under the Plan pursuant to all stock-settled Awards other than Stock Options and SARs shall reduce the number of shares of Common Stock available to be awarded under the Plan by a multiple of 3.51 times the actual number of shares of Common Stock awarded pursuant to any such stock-settled Award other than Stock Options and SARs. For example, if the Committee awards 100 shares of Restricted Stock to a Participant, the number of shares of Common Stock remaining and available to be issued under the first sentence of this section shall be reduced by 351 shares. In addition, if any stock-settled Awards other than Stock Options or SARs outstanding under the Prior Plans expire or are cancelled, the shares of

Common Stock allocable to the unexercised portion of those Awards will be added to the share reserve such that the number of shares of Common Stock available to be awarded under the Plan will be increased by a multiple of 3.51 times the actual number of shares of Common Stock that expired or were cancelled for such Awards. Any shares of Common Stock covered by a Stock Option or stock-settled SAR granted under this Plan shall be counted in full against the limitation in this Section 6.1, regardless of the number of shares of Common Stock actually issued upon the exercise of such Stock Option or stock-settled SAR. For purposes of clarification, the grant of any Awards payable only in cash will not reduce the number of shares of Common Stock remaining and available to be issued under the Plan. The number of shares of Common Stock available for Awards under the Plan shall be reduced by (a) the number of Stock Options and stock-settled SARs granted after October 31, 2014 under the 2009 Plan and (b) a multiple of 3.51 times the actual number of shares of Common Stock awarded pursuant to any stock-settled Award under the 2009 Plan other than Stock Options and SARs granted after October 31, 2014.

6.2. Cancellation. In the event that an Award granted hereunder (or granted under any of the Prior Plans prior to the date of stockholder approval of this Plan) expires or is terminated or canceled unexercised as to any shares of Common Stock or forfeited or reacquired by the Company pursuant to rights reserved upon issuance thereof, such shares may again be awarded under the Plan pursuant to another Award. The number of shares of Common Stock available for reissuance shall be subject to the share counting requirements for Awards other than Stock Options or stock-settled SARs set forth in Section 6.1. For purposes of clarification, any shares withheld or tendered from an Award granted hereunder (or under any of the Prior Plans) to pay the applicable exercise price or taxes shall no longer be available to be awarded under the Plan.

6.3. Type of Common Stock. Common Stock issued under the Plan in connection with Awards may be authorized and unissued shares or treasury stock, as designated by the Committee.

6.4. Limitation on Awards. During any one fiscal year, no person shall receive Awards under the Plan that, in the aggregate, could result in that person receiving, earning or acquiring, subject to the adjustments described in Section 12.6: (a) Stock Options and SARs for, in the aggregate, more than 500,000 shares of Common Stock, (b) Stock Awards, Restricted Stock, Restricted Stock Units or Performance Stock Units (whether payable in shares of Common Stock or cash), in the aggregate, covering more than 250,000 shares of Common Stock or Performance Stock Units; and (c) Performance Awards payable in cash (excluding Performance Stock Units) with a maximum amount payable exceeding \$8,000,000. If Dividend Equivalents are payable with respect to Restricted Stock Units or Performance Stock Units, the Dividend Equivalents will be considered included in the award of Restricted Stock Units or Performance Stock Units for purposes of calculating the limitation under this Section 6.4.

6.5. Limitation on Awards to Non-Employee Directors. Notwithstanding any other provision of this Plan to the contrary, the aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all Awards granted to any participant who is a director and is not an employee of the Corporation during any single fiscal year shall not exceed \$500,000.

7. Stock Options. Stock Options granted by the Committee under this Plan are not intended to qualify as incentive stock options (as such term is defined in Section 422 of the Code). Stock Options granted under this Plan shall be subject to the following terms and conditions:

7.1. Price. The exercise price per share shall be determined by the Committee, subject to adjustment under Section 12.6. Notwithstanding the foregoing sentence, the exercise price per share shall not be less than the Fair Market Value of the Common Stock on the Grant Date; provided, however, the Committee may designate a purchase price below Fair Market Value on the date of grant if the Stock Option is granted in substitution for a stock option previously granted by an entity that is acquired or merged with the Company or its affiliate.

7.2. Number. The number of shares of Common Stock subject to a Stock Option shall be determined by the Committee, subject to adjustment as provided in Section 12.6. If an SAR is granted in conjunction with or related to a Stock Option, the number of shares of Common Stock subject to the Stock Option shall be reduced in the same proportion that the holder thereof exercises the SAR.

7.3. Duration and Time for Exercise. Subject to earlier termination as provided in Section 12.4, the term of each Stock Option shall be determined by the Committee but shall not exceed ten years from the Grant Date. Each Stock Option shall become exercisable at such time or times during its term as shall be determined by the Committee at the time of grant. The Committee may accelerate the exercisability of any Stock Option.

Edgar Filing: VALSPAR CORP - Form DEF 14A

7.4. Manner of Exercise. A Stock Option may be exercised, in whole or in part, by giving written notice to the Company, specifying the number of shares of Common Stock to be purchased and accompanied by the exercise price for such shares. Subject to the policies of the Company or Committee in effect from time to time and any requirements of the Company's transfer agent, the exercise price shall be payable (a) in cash (United States dollars) upon exercise of the Stock Option, payable by a method as determined by the Committee; (b) to the extent permitted in the Award Document for the Stock Option, by delivery of shares of Common Stock (or deemed surrender through attestation) in payment of all or any part of the exercise price, which shares shall be valued for this purpose at the Fair Market Value on the date such Stock Option is exercised; or (c) unless otherwise provided in the Award Document, by instructing the Company to withhold from the shares of Common Stock issuable upon exercise of the Stock Option shares of Common Stock in payment of all or any part of the exercise price and/or any related withholding tax obligations consistent with Section 12.8, which shares shall be valued for this purpose at the Fair Market Value or in such other manner as may be authorized from time to time by the Committee. Prior to the issuance of shares of Common Stock upon the exercise of a Stock Option, a Participant shall have no rights as a stockholder.

8. Stock Appreciation Rights (SARs). An SAR may be settled in cash or stock and may be granted (a) with respect to any Stock Option granted under this Plan, either concurrently with the grant of such Stock Option or at such later time as determined by the Committee (as to all or any portion of the shares of Common Stock subject to the Stock Option), or (b) alone, without reference to any related Stock Option. Each SAR granted by the Committee under this Plan shall be subject to the following:

8.1. Number. Each SAR granted to any Participant shall relate to such number of shares of Common Stock as shall be determined by the Committee, subject to adjustment as provided in Section 12.6. In the case of an SAR granted with respect to a Stock Option, the number of shares of Common Stock to which the SAR relates shall be reduced in the same proportion that the holder exercises the related Stock Option. Notwithstanding the foregoing, the limitation on grants under Section 6.4 shall apply to grants of SARs under the Plan.

8.2. Duration. Subject to earlier termination as provided in Section 12.4, the term of each SAR shall be determined by the Committee but shall not exceed ten years from the Grant Date. Unless otherwise provided by the Committee, each SAR shall become exercisable at such time or times, to such extent and upon such conditions as the Stock Option, if any, to which it relates is exercisable. The Committee may in its discretion accelerate the exercisability of any SAR.

8.3. Exercise. An SAR may be exercised, in whole or in part, by giving written notice to the Company, specifying the number of SARs which the holder wishes to exercise. Prior to the issuance of shares of Common Stock upon the exercise of a stock-settled SAR, a Participant shall have no rights as a stockholder.

8.4. Cash-Settled SARs. A cash-settled SAR shall confer on the holder thereof a right to receive upon exercise thereof a cash payment equal to the excess of (i) the Fair Market Value of one share of Common Stock on the date of exercise over (ii) the grant price of the SAR as specified by the Committee, which price shall not be less than 100% of the Fair Market Value of one share of Common Stock on the date of grant of the SAR, subject to adjustment under Section 12.6; provided, however, that the Committee may designate a grant price below Fair Market Value on the date of grant if the SAR is granted in substitution for an SAR previously granted by an entity that is acquired or merged with the Company or its affiliate.

8.5. Stock-Settled SARs. A stock-settled SAR shall confer on the holder thereof the right to receive upon exercise thereof a number of shares determined under Section 8.6. The exercise price per share of any stock-settled SAR granted without reference to a Stock Option shall be determined by the Committee, subject to adjustment under Section 12.6. Notwithstanding the foregoing sentence, the exercise price per share shall not be less than the Fair Market Value of the Common Stock on the Grant Date; provided, however, that the Committee may designate an exercise price below Fair Market Value on the date of grant if the SAR is granted in substitution for an SAR previously granted by an entity that is acquired or merged with the Company or its affiliate.

8.6. Issuance of Shares Upon Exercise of Stock-Settled SAR. The number of shares of Common Stock which shall be issuable upon the exercise of a stock-settled SAR shall be determined by dividing:

- (a) the number of shares of Common Stock as to which the SAR is exercised multiplied by the amount of the appreciation in such shares (for this purpose, the appreciation shall be the amount by which the Fair Market Value of the shares of Common Stock subject to the SAR on the exercise date exceeds (1) in the case of an SAR related to a Stock Option, the exercise price of the Stock Option or (2) in

the case of an SAR granted alone, without reference to a related Stock Option, the exercise price as determined under this Section 8; by

(b) the Fair Market Value of a share of Common Stock on the exercise date.

No fractional shares of Common Stock shall be issued upon the exercise of a stock-settled SAR; instead, the holder of the SAR shall be entitled to receive a cash adjustment equal to the same fraction of the Fair Market Value of a share of Common Stock on the exercise date.

9. Stock Awards. A Stock Award may be granted (or sold at par value or such other higher purchase price determined by the Committee) to any Participant pursuant to which such Participant may receive shares of Common Stock free of any restrictions under this Plan. Stock Awards may be granted or sold as described in the preceding sentence in respect of past services and other valid consideration, or in lieu of, or in addition to, any cash compensation due to such Participant.

10. Restricted Stock, Restricted Stock Units and Performance Stock Units. The transfer and sale of Restricted Stock, Restricted Stock Units or Performance Stock Units shall be subject to the following terms and conditions:

10.1. Number of Shares. The number of shares to be transferred or sold by the Company to a Participant as Restricted Stock, Restricted Stock Units or Performance Stock Units shall be determined by the Committee.

10.2. Sale Price of Restricted Stock. The Committee shall determine the price, if any, at which shares of Restricted Stock shall be sold to a Participant, which may vary from time to time and among Participants.

10.3. Restrictions on Restricted Stock. All shares of Restricted Stock transferred or sold by the Company hereunder shall be subject to such restrictions as the Committee may determine, including, without limitation any or all of the following:

(a) a prohibition against the sale, transfer, pledge or other encumbrance of the shares of Restricted Stock by the Participant, such prohibition to lapse at such time or times as the Committee shall determine (whether in annual or more frequent installments, at the time of the death, disability or retirement of the holder of such shares, or otherwise);

(b) a requirement that the holder of shares of Restricted Stock forfeit, or (in the case of shares sold to a Participant) resell back to the Company at his or her cost, all or a part of such shares in the event of termination of his or her employment or consulting engagement during any period in which such shares are subject to restrictions;

(c) such other conditions or restrictions as the Committee may deem advisable.

10.4. Enforcement of Restrictions on Restricted Stock. In order to enforce the restrictions imposed by the Committee pursuant to Section 10.3, the Award Document for the Restricted Stock shall set forth the conditions of the grant. Shares of Restricted Stock shall be registered in the name of the Participant and deposited, together with a stock power endorsed in blank, with the Company. As determined by the Company or the Committee, each such certificate shall bear a legend that refers to the Plan and the restrictions imposed under the applicable Award Document or be retained by the Company until such time as the restrictions have lapsed. The Committee may provide that no certificates representing Restricted Stock be issued until the restriction period is completed.

10.5. End of Restrictions of Restricted Stock. Subject to Section 12.5, at the end of any time period during which the shares of Restricted Stock are subject to forfeiture and restrictions on transfer, such shares will be delivered free of all restrictions to the Participant or to the Participant's legal representative, beneficiary or heir, subject to applicable withholding for taxes.

10.6. Rights of Holders of Restricted Stock. Subject to the terms and conditions of the Plan, each Participant receiving Restricted Stock shall have all the rights of a stockholder with respect to shares of stock during any period in which such shares are subject to forfeiture and restrictions on transfer, including without limitation, the right to vote such shares. Dividends paid in cash or property other than Common Stock with respect to shares of Restricted Stock shall be paid to the Participant quarterly during the applicable restricted period for all Restricted Stock awarded hereunder, or at the end of the restricted period, or otherwise as provided in the Award Document; provided, that such dividends underlying such Awards with restrictions that lapse as a result of the achievement of one or more Performance Goals will be deferred until and paid contingent upon the achievement of the applicable Performance Goals.

10.7. Section 83(b) Election. The Committee may provide in an Award Document that the Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code concerning a Restricted Stock Award, the Participant shall be required to file promptly a copy of such election with the Company.

10.8. Rights of Holders of Restricted Stock Units or Performance Stock Units; Dividend Equivalents. Participants who receive Restricted Stock Units or Performance Stock Units shall have no rights as stockholders with respect to such Restricted Stock Units or Performance Stock Units until such time as share certificates for Common Stock are issued to the Participants; and such Participants shall never have rights as stockholders if the Restricted Stock Units or Performance Stock Units are payable only in cash; provided, however, that, the Award Document may provide for Dividend Equivalents. Dividend Equivalents, if any, shall be payable quarterly during the applicable restricted period for all Restricted Stock Units or Performance Stock Units awarded hereunder, or at the end of the restricted period, or otherwise as provided in the Award Document; provided, that (a) Dividend Equivalents or other distributions on Common Stock underlying Performance Stock Units with restrictions that lapse as a result of the achievement of one or more Performance Goals will be deferred until and paid contingent upon the achievement of the applicable Performance Goals, and (b) Dividend Equivalents shall be payable at a time that satisfies the requirements of (or an exemption from) Section 409A of the Code, including the rules and regulations thereunder (together, Section 409A). Dividend Equivalents shall otherwise be considered a part of the award of Restricted Stock Units or Performance Stock Units.

11. Performance Awards. A Performance Award is based on the extent to which the applicable Performance Goals are achieved. A Performance Award shall be of no value to a Participant unless and until earned in accordance with this Section 11.

11.1. Establishment of Performance Goals. Performance Goals applicable to a Performance Award shall be established by the Committee in its absolute discretion and not more than 90 days after the beginning of the relevant Performance Period. Such Performance Goals for Performance Awards that are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code shall be based on one or more of the following business criteria: Measures of earnings or profit (including, but not limited to, earnings per share, operating income or profit, net income, gross profit, margins, earnings before interest and tax (EBIT), earnings before interest, tax, depreciation and amortization (EBITDA)), gross or net sales, expenses, expenses as a percentage of net sales, inventory turns, working capital, cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue), revenue growth, share price (including, but not limited to, growth measures and total shareholder return), operating efficiency, productivity ratios, market share, economic value added and safety. For Performance Awards that are intended to so qualify under Section 162(m), the targets shall be established within the required time period. Any of the above criteria may be used to measure the performance of the Company, a Subsidiary, and/or affiliate of the Company as a whole or any business unit of the Company, Subsidiary, and/or such an affiliate or any combination thereof, as the Committee may deem appropriate, or any of the above criteria as compared to the performance of a group of comparator companies, or published or special index that the Committee, in its sole discretion, deems appropriate, or the Committee may select criteria based on the Company's share price as compared to various stock market indices. The Committee, in its sole discretion, may modify the Performance Goals if it determines that circumstances have changed and modification is required to reflect the original intent of the Performance Goals, including, without limitation, modifications in connection with (i) asset writedowns, (ii) litigation or claim judgments or settlements, (iii) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results, (iv) any reorganization and restructuring programs, (v) extraordinary nonrecurring items as described in Financial Accounting Standards Board Accounting Standards Codification 225-20 Extraordinary and Unusual Items and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's Annual Report on Form 10-K for the applicable fiscal year, (vi) acquisitions or divestitures, and (vii) foreign exchange gains and losses; provided, however, that no such change or modification may be made to the extent it increases the amount of compensation payable to any Participant who is a covered employee within the meaning of Code Section 162(m).

11.2. Levels of Performance Required to Earn Performance Awards. At or about the same time that Performance Goals are established for a specific period, the Committee shall in its absolute discretion establish the percentage of the Performance Awards granted for such Performance Period which shall be earned by the Participant for various levels of performance measured in relation to achievement of Performance Goals for such Performance Period.

11.3. Other Terms. The Committee shall determine the terms and conditions applicable to any Performance Award, which may include vesting provisions, restrictions on the delivery of Common Stock payable in connection with the Performance Award, the requirement that such Common Stock be delivered in the form of Restricted Stock, or other restrictions that could result in the future forfeiture of all or part of any Common Stock earned. The Committee may provide that shares of Common Stock issued in connection with a Performance Award be held in escrow and/or legended.

11.4. Notification to Participants. Promptly after the Committee has established or modified the Performance Goals with respect to a Performance Award, the Participant shall be provided with written notice of the Performance Goals so established or modified.

11.5. Measurement of Performance Against Performance Goals. The Committee shall, as soon as practicable after the close of a Performance Period, determine:

- (a) the extent to which the Performance Goals for such Performance Period have been achieved; and
- (b) the percentage of the Performance Awards earned as a result.

These determinations shall be absolute and final as to the facts and conclusions therein made and be binding on all parties. Promptly after the Committee has made the foregoing determination, each Participant who has earned Performance Awards shall be notified, in writing thereof. For all purposes of this Plan, notice shall be deemed to have been given the date action is taken by the Committee making the determination.

11.6. Treatment of Performance Awards Earned. Upon the Committee's determination that a percentage of any Performance Awards have been earned for a Performance Period, Participants to whom such earned Performance Awards have been granted and who have been (or were) in the employ of the Company or a Subsidiary thereof continuously from the Grant Date, subject to the exceptions set forth in this section and in Section 11.9 hereof, shall be entitled, subject to the other conditions of this Plan, to payment in accordance with the terms and conditions of their Performance Awards. Such terms and conditions may permit or require that any applicable tax withholding be deducted from the amount payable. Performance Awards shall under no circumstances become earned or have any value whatsoever for any Participant who is not in the employ of the Company or a Subsidiary continuously during the entire Performance Period for which such Performance Award was granted, except as provided by the Committee in circumstances it deems advisable or as provided in Section 11.9 hereof.

11.7. Distribution. Distributions payable pursuant to Section 11.6 above shall be made as soon as practicable after the Committee determines the Performance Awards have been earned unless the provisions of Section 11.8 hereof are applicable to a Participant.

11.8. Deferral of Receipt of Performance Award Distributions: Compliance with Section 409A. With the consent of the Committee, a Participant who has been granted a Performance Award may elect to defer receipt of all or any part of any distribution associated with that Performance Award pursuant to the terms of a deferred compensation plan of the Company. In any such event, the applicable Award Document shall comply in all respects with the applicable requirements of Section 409A of the Code and the regulations promulgated thereunder.

11.9. Non-Disqualifying Termination of Employment. Exceptions to the requirement of continuous employment during a Performance Period for Performance Award distribution include Retirement as defined in Section 12.4(a), or termination of a Participant's employment by reason of death (in which event the Performance Award may be transferable by will or the laws of descent and distribution only to such Participant's beneficiary designated to receive the Performance Award or to the Participant's applicable legal representatives, heirs or legatees) or total and permanent disability, with the consent of the Committee, occurring during the Performance Period applicable to the subject Performance Award. In the instance of death, a distribution of the Performance Award shall be made as soon as practicable, with the distributed amount equal to the amount that could have been earned during the Performance Period if the Participant were continuously employed by the Company or a Subsidiary until the last day of the Performance Period; provided, that the amount earned will be established by the Committee (i) based upon the actual achievement level of the Performance Goals for any fiscal year during the Performance Period that was completed prior to termination and for the fiscal year in which the termination occurred, and (ii) based upon the assumed achievement of target levels of the Performance Goals for any subsequent fiscal year during the Performance Period. In the instance of Retirement, or total and permanent disability as described above, subject to Section 12.4 hereof and the Award Document, a distribution of the Performance Award shall be made at the end of the Performance Period based upon the actual achievement level of the Performance Goals during the Performance Period.

12. General.

12.1. Effective Date. The Plan will become effective on the date that it is approved by the Board (the Effective Date), subject to approval of the Plan by the Company's stockholders.

12.2. Duration. The Plan shall remain in effect until all Awards granted under the Plan have either been satisfied by the issuance of shares of Common Stock or the payment of cash or been terminated under the terms of the Plan and all restrictions imposed on shares of Common Stock in connection with their issuance under the Plan have lapsed. No Awards may be granted under the Plan after the tenth anniversary of the date the Plan is approved by the Company's stockholders.

12.3. Limits on Transfer of Awards. No Award and no right under any such Award shall be transferable by a Participant for any consideration. Except as otherwise provided by the terms of this Plan, no Award and no right under any such Award shall be transferable by a Participant other than by will or by the laws of descent and distribution and, for a Performance Award, to the extent provided in the applicable Award Document. The Committee may establish procedures as it deems appropriate for a Participant to designate a Person or Persons, as beneficiary or beneficiaries, to exercise the rights of the Participant and receive any property distributable with respect to any Award in the event of the Participant's death. The Committee, in its discretion and subject to such additional terms and conditions as it determines, may permit a Participant to transfer a Stock Option to any family member (as such term is defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act of 1933, as amended) at any time that such Participant holds such Option, provided that such transfers may not be for value (i.e., the transferor may not receive any consideration therefore) and the family member may not make any subsequent transfers other than by will or by the laws of descent and distribution. Each Award under the Plan or right under any such Award shall be exercisable during the Participant's lifetime only by the Participant, except as provided herein or in Award Document or amendment thereto relating to a Stock Option) or, if permissible under applicable law, by the Participant's guardian or legal representative. No Award or right under any such Award may be pledged, alienated, attached or otherwise encumbered, and any purported pledge, alienation, attachment or encumbrance thereof shall be void and unenforceable against the Company.

12.4. Effect of Retirement or Other Termination.

(a) In the event of a Participant's Retirement (as defined below), the Award Document for any Award described in this sentence will provide the extent to which and the conditions under which (1) outstanding Restricted Stock, Stock Options, SARs, Restricted Stock Units and Performance Stock Units previously granted to the Participant will become vested or payable, (2) the Participant shall be entitled to exercise any outstanding Stock Options and SARs following Retirement and (3) the Participant will become entitled to a distribution of any Performance Award as described in Section 11.9 for which the applicable Performance Period has not been completed. For purposes of this Plan, commencing with Awards granted on or after the effective date of this Plan, Retirement means the termination of employment with the Company or a Subsidiary for any reason other than death, Disability or Termination for Cause (as defined below) at any time after the Participant has attained the age of fifty-five years (or a different age specified for a Participant for any Award), provided, that (i) the Participant has executed a Non-Compete Agreement (as defined below), (ii) the Participant has signed and delivered the Company's standard release of claims, and the period in which it may be revoked expired not later than thirty days after the date of termination, (iii) the Participant has been in the employ of the Company or a Subsidiary continuously for a period of at least three years on the date of termination, and (iv) the Participant has provided written notice to the Company that Participant is considering retirement, in accordance with any policies for such notices that the Committee may develop from time to time, at least one year prior to the date of termination. Non-Compete Agreement means an agreement not to directly or indirectly render services (including consulting or research) for a period of three years to any person or business organization that is engaged in the development, manufacture and sale of any product, process or service (including any component thereof or research to develop information useful in connection with a product or service) that is being designed, developed, assembled, manufactured, marketed or sold by anyone other than the Company and which is of the same general type, performs similar functions, competes with or is used for the same purposes as a product of the Company or a Subsidiary. Termination for Cause means the termination of employment with the Company or a Subsidiary as a result of an illegal act, gross insubordination or willful violation of a policy of the Company or a Subsidiary by a Participant.

(b) In the event that a Participant ceases to be an employee of or consultant to the Company or a Subsidiary or a director of the Company, as applicable, for any reason other than Retirement, including death or disability, any Award may be exercised or shall expire at such times as may be set forth in the applicable Award Document, or otherwise as determined by the Committee.

12.5. Restrictions under Securities Laws. Notwithstanding anything in this Plan to the contrary: (a) the Company may, if it shall determine it necessary or desirable for any reason, at the time of Award of any Award or the issuance of any shares of Common Stock pursuant to any Award, require the recipient of the Award, as a condition to the receipt thereof or to the receipt of shares of Common Stock issued pursuant thereto, to deliver to the Company a written representation of present intention to acquire the Award or the shares of Common Stock issued pursuant thereto for his or her own account for investment and not for distribution; and (b) if at any time the Company further determines, in its sole discretion, that the listing, registration or qualification (or any updating of any such document) of any Award or the shares of Common Stock issuable pursuant thereto is necessary on any securities exchange or under any federal or state securities or blue sky law, or that the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with the grant of any Award, the issuance of shares of Common Stock pursuant thereto, or the removal of any restrictions imposed on such shares, such Award shall not be awarded or such shares of Common Stock shall not be issued or such restrictions shall not be removed, as the case may be, in whole or in part, unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company.

12.6. Adjustment. In the event of any change in the outstanding Common Stock of the Company by reason of a stock dividend, stock split, reverse stock split, combination of shares, spin-off, dividend (other than regular, quarterly cash dividends), recapitalization, merger or similar event, the Committee shall make appropriate adjustments in the number of shares of Common Stock then subject to the Plan, the shares of Common Stock issuable pursuant to any Award, the exercise price of any Stock Option or SAR, the Performance Goals for any Award, and other provisions of this Plan and outstanding Awards, in order to reflect the change in the Common Stock and to provide Participants with the same relative rights before and after such adjustment.

12.7. Award Documents. Except in the case of Stock Awards, the terms of each Award shall be stated in an Award Document approved by the Committee. The Committee shall communicate the key terms of each Award to the Participant promptly after the Committee approves the grant of such Award.

12.8. Withholding.

(a) The Company shall have the right to withhold from any payments made under the Plan or to collect as a condition of payment, any taxes required by law to be withheld. At any time when a Participant is required to pay to the Company an amount required to be withheld under applicable income tax laws in connection with a distribution of Common Stock or upon exercise of a Stock Option or SAR or upon vesting of Restricted Stock, the Participant may satisfy this obligation in whole or in part by electing (the Election) to have the Company withhold, from the distribution or from such shares of Restricted Stock, shares of Common Stock having a value up to the minimum amount of withholding taxes required to be collected on the transaction. The value of the shares to be withheld shall be based on the Fair Market Value of the Common Stock on the date that the amount of tax to be withheld shall be determined (Tax Date).

(b) Each Election must be made prior to the Tax Date. The Committee may disapprove of any Election, may suspend or terminate the right to make Elections, or may provide with respect to any Award that the right to make Elections shall not apply to such Award. An Election is irrevocable.

12.9. No Continued Employment, Engagement or Right to Corporate Assets. No Participant under the Plan shall have any right, because of his or her participation, to continue in the employ of the Company for any period of time or to any right to continue his or her present or any other rate of compensation. Nothing contained in the Plan shall be construed as giving an employee, a consultant, such persons beneficiaries or any other person any equity or interests of any kind in the assets of the Company or creating a trust of any kind or a fiduciary relationship of any kind between the Company and any such person.

12.10. Payments Under Awards. Payment of cash or distribution of any shares of Common Stock to which a Participant is entitled under any Award shall be made as provided in the Award. Except as permitted under Section 12.4, payments and distributions may not be deferred under any Award unless the deferral complies with the requirements of Code Section 409A.

12.11. Amendment of the Plan. The Board or Committee may amend or discontinue the Plan at any time. However, no such amendment or discontinuance shall materially adversely change or impair, without the consent of the recipient, an Award previously granted. Further, no such amendment shall, without approval of the stockholders of the Company, (a) increase the maximum number of shares of Common Stock which may be issued to all Participants under the Plan, or (b) make any other change for which stockholder approval is required by law or under the applicable rules of the New York Stock Exchange.

12.12. Amendment of Award Documents: No Stock Option or SAR Repricing Without Stockholder Approval. Except as otherwise provided in this Section 12.2, the terms of an existing Award may be amended by an amendment to the Award Document. Notwithstanding the foregoing sentence, except as permitted under Section 12.6, 12.13 or 12.14, (a) without the prior approval of the Company's stockholders, (i) no Stock Option or SAR will be repriced, replaced, or regranted through cancellation, (ii) the exercise price of a previously granted Stock Option or SAR will not be lowered and (iii) no Stock Option or SAR whose Fair Market Value is lower than its exercise price will be exchanged for cash or another Award, and (b) no such amendment shall (i) extend the maximum period during which such Award may be exercised, either by extending the term of the Award or by extending the exercise period following termination of employment or any other applicable event, or (ii) reduce the exercise price per share below the Fair Market Value of the Common Stock on the date the Award was granted, unless, in either case, the Award, as amended, complies with the requirements of Section 409A.

12.13. Change in Control. In the event of a Change in Control, the Committee or a comparable committee of any corporation assuming the obligations of the Company hereunder shall declare (a) that the restriction period of all Restricted Stock, Restricted Stock Units and Performance Stock Units has been eliminated; (b) that all Restricted Stock Units and Performance Stock Units shall be payable in connection with the Change in Control, pursuant to the following paragraph, if applicable; (c) that subject to the third paragraph of this Section 12.13, all outstanding Stock Options and SARs shall accelerate and become exercisable in full but that all outstanding Stock Options and SARs, whether or not exercisable prior to such acceleration, must be exercised within the period of time set forth in a notice to Participant or they will terminate; and (d) unless otherwise specified in the Award Document, that all Performance Awards granted to Participants are deemed earned.

In connection with any declaration pursuant to this Section 12.13 that applies to Restricted Stock Units and Performance Stock Units that are payable in cash, the Committee shall cause a cash payment to be made to each Participant who holds any such Restricted Stock Unit or Performance Stock Unit in an amount equal to the product obtained by multiplying (a) the amount of the Transaction Proceeds Per Share (as defined in the following sentence) times (b) the number of shares of Common Stock covered by such Restricted Stock Unit or Performance Stock Unit. For purposes of this Section 12.13, Transaction Proceeds Per Share shall mean the cash plus the Fair Market Value of the non-cash consideration to be received per share by the shareholders of the Company upon the occurrence of the transaction.

In connection with any declaration pursuant to this Section 12.13 that applies to Stock Options or SARs, the Committee may, but shall not be obligated to, cause a cash payment to be made to each Participant who holds a Stock Option or SAR that is terminated in an amount equal to the product obtained by multiplying (a) the amount (if any) by which the Transaction Proceeds Per Share exceeds the exercise price per share covered by such Stock Option, times (b) the number of shares of Common Stock covered by such Stock Option or SAR.

The Board may restrict the rights of Participants or the applicability of this Section 12.13 to the extent necessary to comply with Section 16(b) of the Exchange Act, the Code or any other applicable law or regulation. The grant of an Award pursuant to the Plan shall not limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, exchange or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

12.14. Deferred Compensation.

(a) Except to the extent such acceleration or deferral is permitted or complies with the requirements of Code Section 409A and the regulations promulgated thereunder, neither the Committee nor a Participant may accelerate or defer the time or schedule of any payment of, or the amount scheduled to be paid under, an Award that constitutes Deferred Compensation; provided, however, that payment shall be permitted if it is in accordance with a fixed date or schedule or on account of separation from service, disability, death, change in control or unforeseeable emergency as those terms are defined under Code Section 409A and the regulations promulgated thereunder.

(b) Notwithstanding anything in the Plan, unless the Award Document specifically provides otherwise, the Company may not make payment to a Specified Employee of any Award that constitutes Deferred Compensation, earlier than 6 months following the Participant's separation from service as defined for purposes of Code Section 409A (or if earlier, upon the Specified Employee's death), except as permitted under Code Section 409A and the regulations promulgated thereunder. Any payments that otherwise would be payable to the Specified Employee during the foregoing 6 month period will be accumulated and payment delayed until the first date after the 6 month period. The Committee may specify in the applicable Award Document that the amount of the Deferred Compensation delayed shall accumulate interest, earnings or Dividend Equivalents (as applicable) during the period of such delay.

(c) The Committee may, however, reform any provision in an Award intended to comply with (or be exempt from) Code Section 409A to maintain to the maximum extent practicable the original intent of the applicable provision without violating the provisions of Code Section 409A and the regulations promulgated thereunder.

12.15. Prior Plans. Notwithstanding the adoption of this Plan by the Board and its approval by the stockholders, the Company's Prior Plans, as they have been amended from time to time, shall remain in effect, and all grants and awards made under the Prior Plans shall be governed by the terms of the Prior Plans. No further grants shall be made under the Prior Plans.
