PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Synbiotics Corporation, a California corporation (the Company), 11011 Via Frontera, San Diego, California 92127, of proxies in the accompanying form to be used at the Annual Meeting of Shareholders to be held at the Radisson Suite Hotel (Rancho Bernardo), 11520 West Bernardo Court, San Diego, California 92127, at 3:30 p.m. on August 15, 2002, and any postponement or adjournment thereof.

A proxy may be revoked at any time before it is exercised. Any shareholder giving a proxy may revoke it prior to its use at the Annual Meeting (1) by delivering a written notice expressly revoking the proxy to our Secretary at our offices, (2) by signing and delivering to us at our offices, or to the place of the Annual Meeting, a later dated proxy or (3) by attending the Annual Meeting and casting his or her votes personally. A proxy is not revoked by the death or incapacity of the maker unless, before the vote is counted, written notice of such death or incapacity is received by us.

On any matter coming before the Annual Meeting as to which a choice has been specified by the shareholder on the proxy, the shares will be voted accordingly. If the proxy is returned and no choice is so specified, the shares will be voted FOR the election of the three nominees for director listed in this Proxy Statement, FOR proposals 2 and 3 listed in the Notice of Meeting and in this Proxy Statement and in the discretion of the proxyholders as to any other business which may properly come before the Annual Meeting.

June 18, 2002, has been fixed as the record date for determining the shareholders entitled to notice of and to vote at the Annual Meeting. As of the close of business on such date, we had 17,865,279 shares of common stock outstanding and entitled to vote, and 2,800 shares of Series B preferred stock outstanding and entitled to vote. Outstanding shares of common stock are entitled to one vote each on all matters, and outstanding shares of Series B preferred stock are entitled to 7,784.52 votes each on all matters. Under California law, shareholders are permitted to cumulate votes for the election of directors whose names have been placed in nomination. Therefore, in voting for directors, each outstanding share of common stock would be entitled to three votes, and each outstanding share of Series B preferred stock would be entitled to 23,353.56 votes, which may be cast for one candidate or distributed in any manner among the nominees for director. However, the right to cumulate votes in favor of one or more candidates may not be exercised until the candidate or candidates have been nominated and any shareholder has given notice at the Annual Meeting of the intention to cumulate votes.

The proxyholders (if authority to vote for one or more nominees is not withheld) will have full discretion and authority to vote cumulatively and to allocate votes among any or all of the Board of Directors' nominees as they may determine or, if authority to vote for a specified candidate or candidates has been withheld, among those candidates for whom authority to vote has not been withheld.

We are bearing the expense of printing and mailing proxy materials. The approximate date these proxy solicitation materials will be first sent to shareholders is June 27, 2002.

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

Three directors are to be elected at the Annual Meeting to serve until the next Annual Meeting and until their respective successors are elected or appointed. Unless authority to vote for one or more nominees is withheld, it is intended that the proxyholders will vote for the election of the nominees named below. In the event any of them shall become unable or unwilling to accept nomination or election, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board of Directors may recommend in his place. The following is a report by the Compensation Committee:

General Compensation Policy

All policies, plans and actions of the Compensation Committee are formulated or taken with the goal of maximizing shareholder value by aligning the financial interests of the Chief Executive Officer and the other executive officers with those of the Company's shareholders. This is achieved through a combination of salary, short-term incentive compensation, including cash and stock bonuses, and long-term incentive compensation, including stock options. The Compensation Committee's policy is to provide the Company's executive officers with compensation opportunities which are based upon their personal performance, the Company's financial performance and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals.

Each executive officer's compensation package is comprised of the following:

- base salary that is competitive with the market and reflects individual performance,

- short-term incentive compensation, payable in cash or stock and tied to the Company's achievement of annual performance goals, and

- long term, stock-based incentive awards designed to strengthen the mutuality of interests between the Company's executive officers and its shareholders.

Factors

Several of the more important factors which the Compensation Committee considered in establishing the components of each executive officer's compensation package for the 2001 fiscal year are summarized below. Additional factors were also taken into account, and the Compensation Committee may in its discretion apply entirely different factors, particularly different measures of financial performance, in setting executive compensation for future fiscal years. All compensation decisions will be designed to further the general compensation policy indicated above.

Base Salary

In setting base salaries, the Compensation Committee considered the following factors:

- industry experience, knowledge and qualifications,

- the salary levels in effect for comparable positions within the Company's principal-industry marketplace competitors,

- historical salary levels, and

- internal comparability considerations.

The Compensation Committee did not rely upon any specific compensation surveys for comparative compensation purposes. Instead, the Compensation Committee made its decisions as to the appropriate market level of base salary for each executive officer on the basis of its understanding of the salary levels in effect for similar positions at those companies with which the Company competes for executive talent.

Each executive officer's base salary is adjusted yearly on the basis of the factors described above.

Short-Term Incentive Compensation

Annual cash and stock bonuses are awarded to the extent that the Company meets financial objectives set by the Board of Directors at the beginning of each year. The amounts of the bonus payments, if any, are determined by the Compensation Committee, in its discretion. No annual cash or stock bonuses were awarded for fiscal year 2001.

Long-Term Stock Based Incentive Compensation

Stock options have been an essential element of the Company's executive compensation package. The Compensation Committee believed that equity-based compensation in the form of stock options links the interests of management and shareholders by focusing employees and management on increasing shareholder value. The actual value of equity-based compensation depends entirely on appreciation of the Company's common stock.

Approximately 100% of the Company's full-time employees have been granted employee stock options in the past. Stock options typically have been granted to executive officers when the executive first joins the Company, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. The Compensation Committee may, however, grant additional stock options to executives for other reasons. The number of shares subject to each stock option granted is within the Compensation Committee's discretion and is based on anticipated future contribution and ability to impact corporate and/or business unit results, past performance or consistency within the executive's peer group. In the Compensation Committee's discretion, executive officers may also be granted stock options to provide greater incentives to continue their employment with the Company and to strive to increase the value of the Company's common stock.

In 2001, as part of an annual review of the stock options held by executive officers and managers, the Compensation Committee considered the factors described above, as well as the number of options held by executive officers as of the date of grant that remain unvested. The Company granted no stock options during fiscal 2001.

Chief Executive Officer Compensation

In setting the total compensation payable to Paul A. Rosinack, who served as the Company's Chief Executive Officer during the 2001 fiscal year, the Compensation Committee sought to be competitive with other companies in the industry. As described above under "Employment Contracts, Severance Agreements and Change in Control Agreements," an employment agreement between the Company and Mr. Rosinack set forth the terms and conditions, including minimum compensation, governing Mr. Rosinack's employment. Mr. Rosinack did not receive any other cash or stock compensation from the Company for fiscal year 2001.

The compensation paid to Kenneth M. Cohen, who served as the Company's Chief Executive Officer from January 1, 2001 until his resignation on April 2, 2001, remained unchanged from fiscal 2000.

Retention Bonuses

In addition to the compensation described above, the Company's executive officers and other employees were enrolled in a cash retention bonus plan the Compensation Committee established during fiscal year 2000. The bonus potential is designed as an incentive to the executive officers and other employees to continue as employees of the Company after the Company announced that it had retained advisors to assist it with exploring strategic alternatives for enhancing shareholder value, including a possible sale of the Company's animal health business. The amounts of the potential retention bonuses were determined in the Compensation Committee's discretion, and the retention plan agreements were amended several times in 2001 to reflect changing conditions. No cash was paid in 2001 as a retention bonus to anyone.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Non-performance based compensation paid to the Company's executive officers for the 2001

fiscal year did not exceed the \$1 million limit per officer. The Compensation Committee does not anticipate that the non-performance based compensation to be paid to the Company's executive officers for fiscal year 2002 will exceed that limit. The Company's 1995 Stock Option/Stock Issuance Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation which will not be subject to the \$1 million limitation. Since it is unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision if the individual cash compensation of any executive officer ever approaches the \$1 million level.

The Compensation Committee is of the opinion that the compensation packages provided to the Company's Chief Executive Officer and the other executive officers reflect its goal of offering compensation that is fair to these officers and the Company's shareholders alike by providing adequate base salaries together with substantial opportunity for personal financial growth which will parallel management's ability to increase shareholder value. It is intended that the total economic advantage and opportunities provided to the executive officers will be at least equivalent to that provided by comparable corporations.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF ALL THREE NOMINEES, SET FORTH IN ITEM 1 ON THE PROXY CARD. The three persons receiving the highest number of votes will be elected as directors. Abstentions and broker non-votes will have no influence in the election of directors.

AMENDMENT OF ARTICLE FOURTH OF THE RESTATED ARTICLES OF INCORPORATION
(Item 2 on the Proxy Card)

The Board of Directors has unanimously adopted a resolution approving, and recommending to our shareholders for their approval, an amendment to our Restated Articles of Incorporation to provide for an increase in the number of shares of our common stock authorized to be issued from 24,800,000 to 70,000,000. The Board of Directors believes this action is necessary in order to give rise to conversion rights for the 2,800 outstanding shares of our Series B preferred stock (which has a dividend rate of 7.5% per year), which would thereby become convertible into an aggregate of 21,796,668 shares of our common stock. In addition, we would have increased flexibility in connection with possible future actions, such as public or private offerings of shares for cash and/or in connection with merger/acquisition activities or stock incentive plans. We have no present intent to utilize the increase in the authorized shares of our common stock for any exchange, merger, consolidation, acquisition, stock incentive plan or similar transaction.

Our authorized capital stock currently consists of 24,800,000 shares of common stock and 25,000,000 shares of preferred stock. As of June 18, 2002, there were 17,865,279 shares of our common stock issued and outstanding, and approximately 1,041,158 shares of our common stock were reserved for issuance under our

stock option plans and various outstanding warrants. Accordingly, as of June 18, 2002, we had 5,893,563 other shares of our common stock available for issuance.

We agreed, in the January 25, 2002 stock purchase agreement with Redwood West Coast, LLC, to place this proposal before the shareholders at this Annual Meeting. Unless and until this proposal is approved and Article Fourth of the Restated Articles of Incorporation is amended, the Series B preferred stock will not be convertible.

We propose to amend Article Fourth to read in full as follows:

FOURTH: The corporation is authorized to issue two classes of stock, to be designate, respectively, Common Stock and Preferred Stock . The total number of shares which the corporation is authorized to issue is 95,000,000 shares. 70,000,000 shares shall be Common Stock and 25,000,000 shall be Preferred Stock.

The Preferred Stock may be issued from time to time in one or more series. The Board of Directors is hereby authorized to fix or alter the dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), redemption price or prices, and the liquidation preferences of any wholly unissued series of Preferred Stock, and the number of shares constituting any such series and the designation thereof, or any of them; and to increase or decrease the number of shares of any series subsequent to the issuance of shares of that series, but not below the number of shares of such series then outstanding. In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status that they had prior to the adoption of the resolution originally fixing the number of shares of such series.

THE BOARD OF DIRECTORS RECOMMENDS APPROVAL OF THE AMENDMENT TO THE RESTATED ARTICLES OF INCORPORATION (ITEM 2 ON THE PROXY CARD). Approval of this proposal requires the affirmative vote of the holders of the majority of the outstanding shares of common stock, the affirmative vote of the holders of the majority of all outstanding shares of preferred stock, and also the affirmative vote of the holders of the majority of the voting power of all stock entitled to vote at the meeting. In the latter vote, the 2,800 shares of Series B preferred stock are entitled to 21,796,668 votes. If approved by the shareholders, the amendment to the Restated Articles of Incorporation will become effective upon our filing with the Secretary of State of California a Certificate of Amendment to our Restated Articles of Incorporation, which filing is expected to take place shortly after the meeting.

AMENDMENT OF BYLAWS
(Item 3 on the Proxy Card)

Article I, Section 2 of our Bylaws as currently written provides that the number of seats on the Board of Directors shall range from a minimum of five (5) to a maximum of nine (9), with the exact number within that range being fixed from time to time by resolution of the Board of Directors. The current number of total seats on our Board of Directors is five (5) and the current number of filled seats on our Board of Directors is three (3), which is the minimum number of directors in order to have a quorum under our current Bylaws Should one of our directors resign, become incapacitated or otherwise be unable to attend a meeting of the Board of Directors, the remaining directors would not constitute a quorum, and no corporate business could be transacted by the Board of Directors except to fill Board vacancies.

We recommend that Article I, Section 2 be amended to read in full as follows:

Section 2. *Number of Directors*

The authorized number of directors of the corporation shall be a minimum of three (3), and a maximum of five (5), until changed by a duly adopted amendment to the articles of incorporation or by an amendment to this bylaw adopted by the vote or written consent of shareholders of a majority of the outstanding shares entitled to vote. The number of directors within the minimum to maximum range may be designated by the Board of Directors by resolution from time to time.

This action would effect no substantive change in our intended corporate governance. Rather, we would reduce the current number of Board of Directors seats to three (3); and then should one of our directors resign, become incapacitated or otherwise be unable to attend a meeting of the Board of Directors, the remaining two (2) directors would still constitute a quorum, and all corporate business could be transacted by the Board of Directors. This proposal will have no practical effect on the rights of the shareholders as we believe that the Board of Directors will not change the maximum number of seats to more than five in the foreseeable future even if the proposed Bylaw amendment is not approved. If the proposed Bylaw amendment is not approved and the Board of Directors would want the number of seats to be three or four, the authorized number of seats could be reduced only to five and the shareholders would theoretically have the right to elect to vacant seats candidates not recommended by the Board of Directors. However, it is unlikely that the shareholders could succeed in any such effort given the fact that Redwood West Coast, LLC has a majority of the voting power in any election of directors.

California law provides that amendments of bylaws establishing or changing a range for the number of seats on the Board of Directors can be adopted only by the shareholders, and cannot be adopted by Board of Directors action.

THE BOARD OF DIRECTORS RECOMMENDS APPROVAL OF THE AMENDMENT OF ARTICLE I, SECTION 2 OF THE BYLAWS (ITEM 3 ON THE PROXY CARD). Approval of this proposal requires the affirmative vote of the holders of the majority of the voting power of all stock entitled to vote at the meeting. The 2,800 shares of Series B preferred stock are entitled to 21,796,668 votes. Abstentions and broker non-votes will have the same effect as votes against approval of the amendment for this purpose. However, because the proposal would reduce the minimum number of directors to a number less than five (5), California law provides that the proposal cannot be adopted if the votes cast against its adoption are equal to more than 16 ²/₃% of the voting power entitled to vote; for this purpose, abstentions and broker non-votes would not be included in the 16 ²/₃%.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership of our equity securities with the Securities and Exchange Commission. Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms furnished to us, or written representations that no Forms 5 were required, we believe that during the fiscal year ended December 31, 2001, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We pay Redwood Holdings, Inc. a monthly consulting fee of \$15,000 for as long as it indirectly holds at least 50% of our voting stock. We have guaranteed the mortgage on the home belonging to Serge Leterme, our Vice President of Research and Development.

SHAREHOLDER PROPOSALS

To be included in our proxy materials for the Annual Meeting of Shareholders to be held in 2003, a shareholder proposal must be received at our offices, 11011 Via Frontera, San Diego, CA 92127, not later than February 27, 2003. We expect to hold the 2003 annual Meeting of Shareholders in June 2003.

CHANGE IN CONTROL

On January 25, 2002, Redwood West Coast, LLC (Redwood) acquired, for \$2,800,000 cash, 2,800 shares of a new issue of our Series B preferred stock. The beneficial owners of an aggregate of 94% of Redwood West Coast, LLC are Redwood Holdings, Inc., Thomas A. Donelan, Christopher P. Hendy and Jerry L. Ruyan. Redwood utilized funds derived from contributions of capital by its members which were supplied by them from investment funds on hand, except that Redwood Holdings, Inc., borrowed \$800,000 of its investment from Jerry L. Ruyan pursuant to a promissory note due July 22, 2002. The 2,800 shares of Series B preferred stock would be convertible into an aggregate of 21,796,668 shares of our common stock, at any time after the date we amend our Articles of Incorporation to increase the number of authorized shares of our common stock to at least 70,000,000 (see Proposal 2 above). In addition, under certain circumstances as set forth in the stock purchase agreement, Redwood may be issued additional shares of Series B preferred stock. The 2,800 shares of Series B preferred stock have voting rights, with the aggregate number of votes currently equal to 21,796,668. As a result, the 2,800 shares of Series B preferred stock represent approximately 54% of our voting stock, adjusted to include the issuance of all shares of our common stock which may be issuable upon the exercise or conversion of all outstanding options, warrants and other convertible securities.

The stock purchase agreement provided that two designees of Redwood, Thomas A. Donelan and Christopher P. Hendy, would become members of our board of directors at the time of closing and that all of our then current directors, with the exception of Paul A. Rosinack and Rigdon Currie, would resign. The stock purchase agreement further provided that, after we complied with the requirements of Rule 14f-1 under the Securities Exchange Act of 1934, Mr. Currie would resign. Mr. Currie resigned on March 4, 2002, and our board of directors now consists of Messrs. Donelan, Hendy and Rosinack. We expect that representatives of Redwood will continue to constitute a majority of our board of directors.

INDEPENDENT AUDITORS

PricewaterhouseCoopers LLP served as our independent accountants for a number of years. PricewaterhouseCoopers LLP informed the Audit Committee that it is independent of us within the meaning of Rule 2-01 of Securities and Exchange Commission Regulation S-X. On April 24, 2002, after finalization of our fiscal year 2001 audited financial statements, we dismissed PricewaterhouseCoopers LLP as our independent auditor, and appointed Levitz, Zacks & Ciceric as our independent auditor. Our Audit Committee recommended the change of auditor, and the change was approved by our Board of Directors.

The reports of PricewaterhouseCoopers LLP on our financial statements for the years ended December 31, 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle except that the report of PricewaterhouseCoopers LLP on the December 31, 2000 financial statements contained an explanatory paragraph expressing substantial doubt relating to the Company's ability to continue as a going concern. During our two most recent years and subsequent interim period through April 24, 2002, there were no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused them to make reference to the subject matter of such disagreements in connection with their reports, nor were there any reportable events as defined in Regulation S-K item 304(a)(1)(v).

Representatives of PricewaterhouseCoopers LLP are not expected to be present at our Annual Meeting. Representatives of Levitz, Zacks & Ciceric are expected to be present at our Annual Meeting with the opportunity to make a statement if they desire to do so, and they are expected to be available to respond to appropriate questions.

Audit Fees

Audit fees billed to us by PricewaterhouseCoopers LLP for the audit of our consolidated financial statements included in our Annual Report on Form 10-K, and the review of the consolidated financial statements included in our quarterly reports on Form 10-Q, for the year 2001, totalled \$102,000.

All Other Fees

Fees billed to us by PricewaterhouseCoopers LLP with respect to the year 2001 for all other non-audit services rendered to us, including tax related services, totalled \$82,000. None of these services were for financial information systems design and implementation. The Audit Committee has considered and believes that the provision of these non-audit services to us by PricewaterhouseCoopers LLP was compatible with maintaining PricewaterhouseCoopers' independence.

OTHER MATTERS

The Board of Directors, at this time, knows of no other business which will be presented to the meeting. If any other business is properly brought before the meeting, it is intended that the proxies in the enclosed form will be voted in respect thereof in accordance with the judgment of the persons voting the proxies.

Our Annual Report, including our audited financial statements for the fiscal year ended December 31, 2001, is being mailed herewith to all shareholders of record. WE WILL PROVIDE WITHOUT CHARGE TO ANY BENEFICIAL OWNER OF COMMON STOCK AS OF JUNE 18, 2002, UPON THE WRITTEN REQUEST OF ANY SUCH PERSON, A COPY OF OUR ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED DECEMBER 31, 2001 FILED WITH THE SECURITIES AND EXCHANGE COMMISSION. SUCH REQUESTS SHOULD BE DIRECTED TO MICHAEL K. GREEN, OUR SENIOR VICE PRESIDENT, AT 11011 VIA FRONTERA, SAN DIEGO, CA 92127.

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this Proxy Statement or future filings made by us under those Acts, the Compensation Committee Report, the Audit Committee Report, reference to the independence of the Audit Committee members and the Stock Performance Graph are not deemed to be filed with the Securities and Exchange Commission and shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by us under those Acts. In addition, those items shall not be deemed to be solicitation materials under those Acts.

Whether you intend to be present at this meeting or not, you are urged to return your proxy promptly.

By order of the Board of Directors
