- o three Directors chosen by the official committee of the unsecured creditors (the "Creditors' Committee"), each of whom must be NYSE-independent of the Issuer;
- o one Director, who must be NYSE-independent of the Issuer, chosen by the Creditors' Committee from a list of three candidates provided by Partners; provided, however, if none of the candidates on the list were reasonably satisfactory to the Creditors' Committee, Partners would select the names of additional candidates until the name of a candidate reasonably satisfactory to the Creditors' Committee was selected and, at any time during that process, the Creditors' Committee was permitted to offer its own list, which would be subject to the same process; and

The Investment Agreement is filed herewith as Exhibits 2, 2.1 and 2.2. The foregoing description of the Investment Agreement is qualified in its entirety by reference to the full text of such document, which is incorporated herein by reference.

### Material Preferred Stock Terms

The Preferred Stock will be entitled to dividends at an annual rate of 4%, payable quarterly in cash. The shares will have equal voting rights and will vote together as a single class with the Shares on an as-converted basis, except that the Series A Preferred Stock will be entitled to vote as a separate class to elect three directors as described in the following paragraph. For purposes of liquidation, dissolution or winding up of the Issuer, the Preferred Stock will rank senior to any other class or series of capital stock of the Issuer, the terms of which are not expressly senior to or pari passu with the Preferred Stock.

Beginning at the first annual meeting of stockholders of the Issuer following the Effective Date, and for as long as the Purchasers own at least \$125 million of the Series A Preferred Stock, the Issuer's Board of Directors will be composed of nine members, as follows: (i) three directors (one of whom must be independent of both the Issuer and the Purchasers) designated by the Purchasers and elected by holders of the Series A Preferred Stock, (ii) one director who must be independent of both the Company and the Purchasers nominated by a special purpose nominating committee composed of two designees of the Purchasers and one other Board member pursuant to the Shareholders Agreement (as defined below), and (iii) five directors nominated by the Issuer's Board of

Page 11 of 21

Directors and elected by the holders of the Issuer's voting stock. With the exception of the three directors elected by holders of the Series A Preferred Stock, the remaining directors will be elected by holders of the Shares and any other class of capital stock entitled to vote in the election of directors

## Edgar Filing: DANA HOLDING CORP - Form SC 13D

(including the Preferred Stock), voting together as a single class at each meeting of stockholders held for the purpose of electing directors. Holders of Preferred Stock will also have the right to elect two directors in the event that six quarterly dividends on the Preferred Stock are accrued but unpaid.

The Issuer's Restated Certificate of Incorporation, including the Preferred Terms, is filed herewith as Exhibit 3. The foregoing description of the Preferred Terms is qualified in its entirety by reference to the full text of such document, which is incorporated herein by reference.

### Shareholders Agreement

On the Effective Date, the Issuer and the Purchasers entered into a Shareholders Agreement (the "Shareholders Agreement") containing, among other things, the rights and restrictions described below.

The Purchasers are limited for ten years from the Effective Date in their ability to acquire additional Shares if they would own more than 30% of the voting power of the Issuer's equity securities after such acquisition, or to take other actions to control the Issuer after the Effective Date without the consent of a majority of the Issuer's Board of Directors (excluding directors designated by the holders of Series A Preferred Stock or nominated by the Issuer's Series A Nominating Committee for election by the holders of Shares), including publicly proposing, announcing or otherwise disclosing an intent to

Page 12 of 21

propose, or entering into an agreement with any person for, (i) any form of business combination, acquisition or other transaction relating to the Issuer or any of its subsidiaries, (ii) any form of restructuring, recapitalization or similar transaction with respect to the Issuer or any of its subsidiaries, or (iii) any demand to amend, waive or terminate the standstill provision in the Shareholders Agreement. The Purchasers have also agreed that they will not otherwise act, alone or in concert with others, to seek or to offer to control or influence the management, Board of Directors or policies of the Issuer or its subsidiaries.

Until such time as the Purchasers no longer beneficially own at least 50% of the shares of Series A Preferred Stock outstanding at such time, holders of Preferred Stock have preemptive rights sufficient to prevent dilution of ownership interests of such holders with respect to issuances of new shares of capital stock of the Issuer, other than certain issuances to employees, directors or consultants of the Issuer or in connection with certain business acquisitions. Such preemptive rights require that such ownership interests must be offered by the Issuer on the same terms and purchase price as the new shares of capital stock to which such rights relate.

For a period of three years, so long as the Purchasers own Series A Preferred Stock having a liquidation preference of at least \$125 million, the Purchasers' approval will be required for the Issuer to do any of the following:

- o enter into material transactions with directors, officers or 10% stockholders (other than officer and director compensation arrangements);
- o issue debt or equity securities senior to or pari passu with the Series A Preferred Stock other than in connection with certain

## Edgar Filing: DANA HOLDING CORP - Form SC 13D

refinancings;

- o issue equity at a price below fair market value;

Page 13 of 21

- o amend the Issuer's bylaws in a manner that materially changes the rights of the Purchasers or stockholders generally or amend the charter (or similar constituent documents) of the Issuer;
- o subject to certain limitations, take any actions that would result in share repurchases or redemptions involving cash payments in excess of \$10 million in any 12-month period;
- o effect a merger or similar transaction that results in the transfer of 50% or more of the outstanding voting power of the Issuer, a sale of all or substantially all of the Issuer's assets or any other form of corporate reorganization in which 50% or more of the outstanding shares of any class or series of capital stock of the Issuer is exchanged for or converted into cash, securities or property of another business organization;
- o voluntarily or involuntarily liquidate the Issuer; or
- o pay cash dividends on account of the Shares or any other stock that ranks junior to or on parity with the Series A Preferred Stock, including the Series B Preferred Stock (other than the stated 4% dividend on the Series B Preferred Stock).

The Purchasers' approval rights above are subject to override by a vote of two-thirds of the Issuer's voting securities not owned by the Purchasers or any of their affiliates, and its approval rights for dividends and the issuance of senior or pari passu securities will end no later than the third anniversary of the Effective Date and may end after the first anniversary of the Effective Date if certain financial ratios relating to the Issuer are met.

In the event that the Purchasers and their affiliates at any time own in excess of 40% of the issued and outstanding voting securities of the Issuer, on an as-converted basis, Purchasers have agreed that all voting securities in excess of such 40% threshold will be voted in the same proportion that the Issuer's other stockholders vote their voting securities with respect to the applicable proposal.

Page 14 of 21

The Shareholders Agreement is filed herewith as Exhibit 4. The foregoing description of the Shareholders Agreement is qualified in its entirety by reference to the full text of such document, which is incorporated herein by reference.

### Registration Rights Agreement

On the Effective Date, the Purchasers and the Issuers entered into a registration rights agreement with the Issuer (the "Registration Rights Agreement"). The Registration Rights Agreement provides registration rights for the shares of Series A Preferred Stock and certain other equity securities of the Company.

Under the Registration Rights Agreement, holders collectively holding more than 50% of the securities registrable thereunder (the "Registrable Securities") have demand registration rights to request that the Issuer use its reasonable best efforts to effect the registration of the Registrable Securities held by such requesting holders under the Registration Rights Agreement, plus the Registrable Securities of any other holder giving the Issuer a timely request to

join in such registration (a "Demand Registration"). Until such time as the Issuer is qualified to register the Registrable Securities on a registration statement on Form S-3, the parties under the Registration Rights Agreement are allowed only one Demand Registration, and demand registration rights are assignable to transferees of Registrable Securities that agree to be bound by the provisions thereof. A

registration shall not be counted as a Demand Registration if holders of less than 90% of the Registrable Securities are permitted to participate in such registration.

Additionally, under the Registration Rights Agreement, if the Issuer proposes to register any of its equity securities for its own account or for the account of other stockholders, then the Issuer must provide the holders of the Registrable Securities with piggyback registration rights to have their Registrable Securities included in such registration statement (in the case of an underwritten offering, pro rata after the securities that the Issuer is registering) (a "Piggyback Registration"). Once the Issuer qualifies to use a registration statement on Form S-3 to register the Registrable Securities, the holders will be allowed up to four additional Demand Registrations thereunder.

The Issuer is not required to effect either a Demand Registration or a Piggyback Registration under the following circumstances if: (i) the Issuer would have to consent to service of process to effect the registration; (ii) the Registrable Securities requested to be included in the registration have an aggregate public offering price (before any underwriting discounts and commissions) below \$25 million; (iii) the Issuer is actively pursuing another registration of its securities (other than with respect to an employee benefit plan or the registration of securities in a transaction pursuant to Rule 145 of the Securities Act of 1933 (the "Securities Act")); or (iv) the Issuer determines the Demand Registration would be seriously detrimental to the Issuer or its stockholders; provided, that each of the circumstances specified in (iii) and (iv) above may be used to delay a registration under the Registration Rights Agreement only once in any 12-month period. The Issuer is also not required to effect a Demand Registration on Form S-3 within 180

days of the effective date of the most-recent Demand Registration on Form S-3 in which the particular holder under the Registration Rights Agreement could have participated.

Under the Registration Rights Agreement, the Issuer has further agreed to keep each Demand Registration and any Piggyback Registrations effective for 90 days. Holders will be required to make certain representations to the Issuer (as described in the Registration Rights Agreement) in order to participate in either a Demand Registration or a Piggyback Registration. Holders will also be required to deliver certain information to be used in connection with either a Demand Registration or Piggyback Registration to have their Registrable Securities included in such registrations. The Registration Rights Agreement

contains other customary provisions, including customary indemnification provisions regarding the Issuer and the holders.

The Registration Rights Agreement is filed as Exhibit 5 filed herewith. The foregoing description of the Registration Rights Agreement is qualified in its entirety by reference to the full text of such document, which is incorporated herein by reference.

Other than as described in this statement, to the best knowledge of the Reporting Persons, there are no contracts, arrangements, understandings or relationships (legal or otherwise) among the Reporting Persons, and between any such persons and any other person, with respect to any securities of the Issuer, including but not limited to, transfer and voting of any of the securities, finder's fees, joint ventures, loan or option arrangements, puts or calls, guarantees of profits, division of profits or loss, or the giving or withholding of proxies, or a pledge or contingency the occurrence of which would give another person voting power or investment power over the securities of the Issuer.
