Computer Task Group, Inc.

401(k) Retirement Plan

We have audited the accompanying statement of net assets available for plan benefits of Computer Task Group, Inc. 401(k) Retirement Plan as of December 31, 2003 and the related statement of changes in net assets available for plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The statement of net assets available for plan benefits of Computer Task Group, Inc. 401(k) Retirement Plan as of December 31, 2002 was audited by other auditors whose report dated June 6, 2003, expressed an unqualified opinion on that statement.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Computer Task Group, Inc. 401(k) Retirement Plan as of December 31, 2003, and the changes in net assets available for plan benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2003 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

COMPUTER TASK GROUP, INC. 401(k) RETIREMENT PLAN  
**NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1. - DESCRIPTION OF THE PLAN

The following description of the Computer Task Group, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code. The Plan is funded by employee and employer contributions and covers all employees of Computer Task Group, Inc. (CTG) who complete one hour of service. Broker commissions associated with investment transactions are paid by the Plan. The assets of the Plan are maintained in mutual funds and employer stock held by Fidelity Management Trust Company (Fidelity). The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

**Contributions** - The Plan provides for employee pre-tax contributions of 1% to 30% of salary, up to the maximum annual limitations allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may contribute one-half of each participant's elective contribution, not to exceed 2% of compensation for employees who work at least 1 hour during the Plan year. In addition, the Plan may contribute a discretionary supplemental matching contribution. The supplemental matching contribution is equal to one-half of each participant's elective contribution greater than 4%, but less than 6% of compensation for employees who work at least 1,000 hours during the Plan year, and complete one year of service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

**Vesting** - Participants are vested immediately in their contributions plus actual earnings thereon. Participants become 50% vested in employer contributions after three years of service and fully vested after four years of service. Should the Plan be deemed top-heavy, an alternate vesting schedule will apply for those top-heavy years.

**Plan Termination** - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

**Forfeitures** - Amounts forfeited by participants are used to reduce future employer contributions. For the year ended December 31, 2003, forfeited nonvested accounts totaled \$324,881.

**NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1. - DESCRIPTION OF THE PLAN (CONTINUED)

**Participant Loans** - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1-5 years and may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Withdrawals and Distributions** - Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or actual retirement date occurs. The normal retirement date is the date upon which a participant reaches age 65.

Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age, death, or disability, if their account balance is in excess of \$5,000. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its share of earnings and losses.

NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The accounts of the Plan are maintained on an accrual basis of accounting.

**Accounting Estimates** - The process of preparing financial statements requires management to use estimates and assumptions that affect certain types of assets, liabilities and changes therein. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, actual results may differ from estimated amounts.

**Investment Valuation and Income Recognition** - The Plan's assets are invested in the common stock of Computer Task Group, Inc. and several mutual funds through Fidelity Management Trust Company, the Plan custodian and trustee. All investments are presented at market value based upon quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Risks and Uncertainties** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Payment of Benefits** - Benefits are recorded when paid.

**Income Taxes** - The Internal Revenue Service has issued a favorable determination letter dated October 11, 2002 on the tax status of the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, income taxes have not been provided for in the accompanying financial statements as applicable federal and state regulations exempt the Plan and related trust fund from such taxes.
