RADVISION RECEIVES COURT APPROVAL TO COMMENCE SHARE REPURCHASE PROGRAM

Tel Aviv, Israel, April 6, 2001 - RADVISION (Nasdaq: RVSN), the leading provider of award-winning, industry-standard products and technology for real-time voice and video over IP (V2oIPTM), has received approval from the Israeli court to commence its program to repurchase up to 10% of its common shares under the share repurchase program that was announced on February 28, 2001. Under Israeli law, a company with out retained earnings is required to obtain approval from the court before proceeding with a share repurchase program in order to ensure that the company's creditors are not harmed by the action.

About RADVISION

RADVISION is a leading provider of products and technology for real-time voice, video, and data communications over packet networks; this includes the Internet and other Internet Protocol (IP) based networks. Recognized universally as the experts in real-time Voice and Video over IP (V2oIP), RADVISION offers the broadest and most complete set of enabling technology and networking systems needed to enable enterprises and service providers to migrate their voice and video communications from traditional telephone networks to new converged networks. Today, hundreds of thousands of end-users around the world communicate over next-generation networks, using IP-centric products and solutions built around RADVISION products and technology. RADVISION's multi-protocol software toolkits for IP communications include: SIP, MEGACO, MGCP, and H.323;

Edgar Filing: RADVISION LTD - Form 6-K

RADVISION's V2oIP networking products include: gateways, conferencing bridges, and gatekeeper applications. For more information, please visit our website at: www.radvision.com.

This press release contains forward-looking statements that are subject to risks and uncertainties. Factors that could cause actual results to differ materially from these forward-looking statements include, but are not limited to, general business conditions in the industry, changes in demand for products, the timing and amount or cancellation of orders and other risks detailed from time to time in RADVision's filings with the Securities and Exchange Commission, including RADVision's Form F-1 registration statement.

V2oIP, and OnLAN are trademarks and viaIP is a service mark of RADVISION Ltd. All other trade names and trademarks appearing herein are owned by their respective holders.
