RADA Electronic Industries Announces Q2 2008 Results

Thursday August 21, 4:00 pm ET

NETANYA, Israel, August 21 /PRNewswire-FirstCall/ -- RADA Electronic Industries Ltd. (Nasdaq Capital Market: RADA) today reported its financial results for the second quarter ended June 30, 2008. Revenues were \$3.6 million compared to \$4.2 million in the second quarter of 2007. Operating loss for the second quarter of 2008 was \$376,000 compared to operating income of \$55,000 in the second quarter of 2007 and financing expenses were \$294,000 for the second quarter of 2008, compared to \$142,000 in the second quarter of 2007. As a result, the company reported a net loss of \$672,000 for the second quarter of 2008, compared to a net loss of \$90,000 in the second quarter of 2007.

Commenting on the results, Zvika Alon, RADA's CEO said, "Our income this quarter was approximately as expected while our expenses were higher compared to the same period in 2007 mainly due to the continued devaluation of the U.S. dollar against the Israeli Shekel.

"Based on our current backlog and pipeline and as indicated in our first quarter release, we expect higher revenues during the second half of 2008 resulting in an increase in 2008 revenues in comparison to 2007."

About RADA

RADA Electronic Industries Ltd. is an Israel based company involved in the military and commercial aerospace industries. The Company specializes in Avionics systems (Digital Video Recorders, Ground Debriefing Stations, Stores Management Systems, Flight Data Recorders, Inertial Navigation Systems), Trainers Upgrades, Avionics systems for the UAV market, and Electro optic cameras for airplanes and armored vehicles.

Note: Certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Act of 1995. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results to differ materially. Such risk uncertainties and other factors include, but are not limited to, changes in general economic conditions, risks in product and technology developments, market acceptance of new products and continuing product demand, level of competition and other factors described in the Company's Annual Report on Form 20-F and other filings with the Securities and Exchange Commission.
