All shares of common stock represented by properly executed and returned proxies, unless such proxies have previously been revoked, will be voted at the annual meeting and, where the manner of voting is specified on the proxy, will be voted in accordance with such specifications. Shares represented by properly executed and returned proxies on which no specification has been made will be voted for the election of the nominees for director named herein, for the restatement of our Restated Articles of Incorporation and for ratification of the appointment of independent auditors for the fiscal year ending December 29, 2002. If any other matters are properly presented at the annual meeting for action, including a question of adjourning or postponing the annual meeting from time to time, the persons named in the proxies and acting thereunder will have discretion to vote on such matters in accordance with their best judgment.

The notice of annual meeting, this proxy statement and the related proxy card are first being mailed to shareholders on or about August 2, 2002.

Record Date and Outstanding Common Stock

The board of directors has fixed the close of business on July 26, 2002, as the record date for determining the holders of outstanding common stock entitled to notice of, and to vote at, the annual meeting. On that date, there were 6,045,480 shares of common stock issued, outstanding and entitled to vote.

Revocability of Proxies

Any shareholder who executes and returns a proxy may revoke it at any time before it is voted. Any shareholder who wishes to revoke a proxy can do so by (a) executing a later-dated proxy relating to the same shares and delivering it to our corporate secretary before the vote at the meeting, (b) filing a written notice of revocation bearing a later date than the proxy with our corporate secretary before the vote at the meeting, or (c) appearing in person at the meeting, filing a written notice of revocation and voting in person the shares to which the proxy relates. Any written notice or subsequent proxy should be delivered to Big Buck Brewery & Steakhouse, Inc., 550 South Wisconsin Street, Gaylord, Michigan 49734, Attention: Diane House, or hand-delivered to Ms. House before the vote at the meeting.

Voting and Solicitation

Each shareholder is entitled to one vote, exercisable in person or by proxy, for each share of common stock held of record on the record date. Shareholders do not have the right to cumulate votes in the election of directors.

We will pay the expenses incurred in connection with the solicitation of proxies. We are soliciting proxies principally by mail. We have retained Georgeson Shareholder Communications Inc. to act as a proxy solicitor for a fee estimated to be \$6,500, plus reimbursement of out-of-pocket expenses. In addition, our directors, officers and regular employees may solicit proxies personally, by e-mail, telephone, fax or special letter, for which they will receive no consideration other than their regular compensation. We will also request brokerage houses, nominees, custodians and fiduciaries to forward soliciting material to the beneficial owners of shares of common stock held as of the record date and will reimburse such persons for their reasonable expenses so incurred.

Quorum; Abstentions; Broker Non-Votes

The presence, in person or by proxy, of the holders of at least of a majority of the shares of common stock outstanding and entitled to vote is necessary to constitute a quorum for the transaction of business at the meeting. All votes will be tabulated by the inspector of election for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

If a properly executed proxy is returned and the shareholder has abstained from voting on any matter, the shares represented by such proxy will be considered present at the meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor of such matter.

If a properly executed proxy is returned by a broker holding shares in street name which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, such shares will be:

considered present at the meeting for purposes of determining a quorum, but will not be considered to be represented at the meeting for purposes of calculating the vote with respect to Proposal No. 1 or Proposal No. 3; and

Edgar Filing: BIG BUCK BREWERY & STEAKHOUSE INC - Form PRER14A

Nominees

Eight persons have been nominated for election as directors at the annual meeting, all of whom currently serve as directors. Our directors are elected annually, by a plurality of the votes cast, to serve until the next annual meeting of shareholders and until their respective successors are elected and duly qualified. There are no family relationships between any director or officer.

It is intended that votes will be cast pursuant to the enclosed proxy for the election of the nominees listed in the table below, except for those proxies that withhold such authority. Shareholders do not have cumulative voting rights with respect to the election of directors, and proxies cannot be voted for a greater number of directors than the number of nominees. If any of the nominees shall be unable or unwilling to serve as a director, it is intended that the proxy will be voted for the election of such other person or persons as the proxies may recommend in the place of such nominee. We have no reason to believe that any of the nominees will not be candidates or will be unable to serve.

Vote Required

The eight nominees receiving the highest number of affirmative votes of the shares entitled to vote at the annual meeting shall be elected to the board of directors. An abstention will have the same effect as a vote withheld for the election of directors and a broker non-vote will not be treated as voting in person or by proxy on the proposal. Set forth below is certain information concerning the nominees for the board of directors. The board of directors recommends that shareholders vote for the nominees listed below.

Overview

The board of directors has determined that it would be advisable to solicit shareholder approval of a restatement of our Restated Articles of Incorporation to provide for a possible stock combination (reverse stock split) pursuant to which our outstanding shares of common stock would be exchanged for new shares of common stock in an exchange ratio of one newly issued share for every seven outstanding shares (a "one-for-seven reverse split"), while maintaining 15,000,000 authorized shares of capital stock, consisting of 10,000,000 shares of common stock, par value \$0.01 per share, and 5,000,000 shares of preferred stock, par value \$0.01 per share. Subject to shareholder approval and subject to the board's determination to effect the reverse split, our Restated Articles of Incorporation will be restated as set forth in Appendix A to this proxy statement.

If implemented, the reverse split would become effective upon the filing of the restatement, which provides that, at the close of business on the date of filing of the restatement, every seven common shares then issued and outstanding would automatically, without any action on the part of the holders of such common shares, become and be converted into one common share, subject to adjustment to eliminate fractional shares. If the restatement is approved by shareholders and our board determines to proceed with the reverse split, our board will use its discretion to determine when to file the restatement. We currently expect to file such restatement immediately after the annual meeting if The Nasdaq Stock Market approves the continued listing of our common stock, subject to consummation of the reverse split.

The board reserves the right to abandon the proposed restatement and reverse split without further action by the shareholders at any time before the filing of the restatement, notwithstanding authorization of the proposed restatement and reverse split by the shareholders.

Principal Effects of Reverse Split

Based upon the 6,045,480 common shares outstanding as of July 26, 2002, the one-for-seven reverse split would decrease the outstanding common shares by approximately 85.7%, and, once effective, such reverse split would result in 863,640 post-split common shares outstanding, subject to adjustment as a result of the elimination of fractional shares. Similarly, the aggregate number of common shares reserved for issuance

Edgar Filing: BIG BUCK BREWERY & STEAKHOUSE INC - Form PRER14A

upon exercise of warrants, options and convertible debt would decrease from approximately 9,257,119 common shares to approximately 1,322,445 common shares, subject to adjustment as a result of the elimination of fractional shares. Further, the exercise or conversion price of each such warrant, option and convertible note would increase seven fold.

With respect to the reverse split, the shares available for issuance under our 1996 Stock Option Plan, 1999 Employee Stock Purchase Plan and 2000 Stock Option Plan would be reduced to reflect the reverse split, subject to adjustments required to eliminate fractional shares, and the other relevant terms and provisions of our stock option plans and stock purchase plan would be appropriately adjusted to reflect the reverse split.

The terms of the post-split common shares would be the same as the terms of the pre-split common shares, and subject to the provisions for the elimination of fractional shares, as described below, consummation of the reverse split would not result in a change in the relative equity interest in the company or the voting power or other rights, preferences or privileges of the holders of common shares.

11

The following table illustrates, as of July 26, 2002, the principal effects of the proposed reverse split. The numbers presented below are subject to adjustment resulting from the elimination of fractional shares.

Number of common shares	Before restatement and reverse split	After restatement and reverse split
Authorized	20,000,000	10,000,000
Outstanding	6,045,480	863,640
Subject to outstanding options, warrants or convertible debt	8,306,783	1,186,683
Reserved for future issuance under 1996 Stock Option Plan, 1999 Employee Stock Purchase Plan or 2000 Stock Option Plan	950,336	135,762
Available for future issuance by action of the board (after giving effect to the above share reservations)	4,697,401	7,813,915

Assuming that our shareholders approve the reverse split and we determine to proceed with the reverse split, we will file the Restated Articles of Incorporation set forth in Appendix A with the Michigan Department of Consumer and Industry Services, Corporation, Securities and Land Development Bureau effecting the reverse split on a date determined by us in our discretion. We currently expect to file such restatement shortly after the annual meeting if The Nasdaq Stock Market approves the continued listing of our common stock, subject to consummation of the reverse split. The reverse split would become effective as of the close of business on the date of such filing.

Effect on Authorized Capital

The reverse split would not affect the number or par value of the authorized common shares or the authorized preferred shares. The restatement provides for 10,000,000 authorized common shares, par value \$0.01 per share, and 5,000,000 authorized preferred shares, par value \$0.01 per share. As a result, if the restatement is approved, the decrease in the number of shares outstanding and reserved for issuance pursuant to the exercise or conversion of options, warrants and convertible debt will increase the number of shares available for future issuance. The proposal will also provide the company with authorization to issue preferred shares.

On September 15, 1998, our shareholders approved an amendment to our articles of incorporation which provided the company with increased authorized capital, including the ability to issue up to 5,000,000 preferred shares. Following receipt of shareholder approval, we determined not to file such amendment with the Michigan Department of Consumer and Industry Services, Corporation, Securities and Land Development Bureau because the private placement we contemplated we would be unable to complete in the absence of such amendment did not come to its fruition.

Although not intended as an anti-takeover device, issuing additional common shares or preferred shares could impede a non-negotiated acquisition of our company by diluting the ownership interests of a substantial shareholder, increasing the total amount of consideration necessary for a person to obtain control of our company or increasing the voting power of friendly third parties. The board could authorize voting rights per share that are the same as or different than the voting rights of the outstanding common stock. Any such issuance would be subject to the consent of our primary lender, WCERS.

Purposes of Reverse Split

The reverse split would decrease the number of common shares outstanding and presumably increase the per share market price for the post-split common shares. Our board of directors believes that the relatively low market price per share of our common shares may impair the marketability of the common shares to institutional investors and members of the investing public. In theory, the number of shares outstanding should not, alone, affect the marketability of the common shares, the type of investor who acquires them, or our reputation in the financial community. In practice, however,

this is often not the case, because many investors look upon low-priced shares as speculative in nature, and as a matter of policy, avoid investment in such stocks. These factors may not only affect the liquidity of the common shares, but may also impair our ability to raise additional capital through the sale of equity securities.

The board also recognizes that many leading brokerage firms are reluctant to recommend lower-priced securities to their clients. In addition, a variety of brokerage house policies and practices currently tend to discourage individual brokers within firms from dealing in lower-priced stocks. Some of those policies and practices relate to the payment of brokers' commissions and time-consuming procedures that make the handling of lower-priced stocks economically unattractive to brokers. The structure of brokerage commissions tends to adversely impact holders of lower-priced stocks because brokerage commissions on the sale of a lower-priced stock generally represent a higher percentage of the sales price than commissions on higher-priced stocks. In addition, stocks that trade for less than \$5.00 are subject to restrictions relating to the stock's marginability and to additional requirements for brokers who recommend such stocks to their clients (if they are not quoted on The Nasdaq Stock Market), and such restrictions tend to adversely impact the stock's marketability and, consequently, the stock's price.

Our common shares are currently listed on The Nasdaq SmallCap Market; however, we cannot assure you that we will continue to meet the maintenance standards for continued listing. Under The Nasdaq SmallCap Market's continued listing criteria, listed companies which do not have a \$1.00 minimum bid price for a sustained period of time risk delisting by The Nasdaq Stock Market. We have not met this requirement with respect to our common shares and, as a result, are subject to delisting from The Nasdaq Stock Market. We propose the reverse split, in part, to allow us to regain compliance with the \$1.00 minimum bid price requirement stated in Marketplace Rule 4310(c)(4). However, we do not intend to consummate the reverse split if The Nasdaq Stock Market does not approve the continued listing of our common shares subject to consummation of the reverse split.

If our securities do not continue to be listed on The Nasdaq SmallCap Market, our securities would become subject to certain rules of the SEC relating to "penny stocks." Such rules require broker-dealers to make a suitability determination for purchasers and to receive the purchaser's prior written consent for a purchase transaction, thus restricting the ability to purchase or sell the securities in the open market. In addition, trading, if any, would be conducted in the over-the-counter market in the so-called "pink sheets" or on the OTC Bulletin Board, which was established for securities that do not meet Nasdaq listing requirements. Consequently, selling our securities would be more difficult because smaller quantities of securities could be bought and sold, transactions could be delayed, and security analyst and news media coverage of our company may be reduced. These factors could result in lower prices and larger spreads in the bid and ask prices for our securities. We cannot assure you that our securities will continue to be listed on The Nasdaq SmallCap Market.

The board of directors hopes that the decrease in the number of common shares outstanding resulting from the reverse split and the anticipated corresponding increased price per share will stimulate interest in our common shares, promote greater liquidity for our shareholders and result in a price level for the post-split common shares that will maintain continued listing on The Nasdaq SmallCap Market. The board also hopes that the reverse split will result in a price level for the post-split common shares that will mitigate the present reluctance, policies and practices of brokerage firms, and diminish the adverse impact of trading commissions, recommendation restrictions and margin requirements on the potential market for our common shares. However, we cannot assure you that the reverse split will achieve the desired results, that the price per post-split common share will increase proportionately with the decrease in the number of shares, that the post-split common shares will be marginable, or that any price increase can be sustained for a prolonged period of time. In addition, it is possible that the liquidity of the post-split common shares may be adversely affected by the reduced number of shares outstanding if the proposed reverse split is effected. In addition, the reverse split might leave some shareholders with one or more "odd-lots" of our common shares (stock

in amounts of less than 100 shares). These shares may be more difficult to sell, or require a greater commission per share to sell, than shares in even multiples of 100.

The reverse split is also being proposed to increase the number of our authorized but unissued common shares and to authorize preferred shares. As of July 26, 2002, we had 4,697,401 common shares and no preferred shares available for future issuance by action of the board. After

Edgar Filing: BIG BUCK BREWERY & STEAKHOUSE INC - Form PRER14A

the reverse split, we would have 7,813,915 common shares and 5,000,000 preferred shares available for future issuance by action of the board. If the reverse split is approved by our shareholders and enacted by our board, the additional post-split common shares and the preferred shares so authorized will be available for issuance by our board for raising additional capital, stock options, acquisitions, stock splits, stock dividends or other corporate purposes. There are no arrangements, understandings or plans for the issuance of any such additional shares, other than shares reserved for issuance upon the exercise or conversion of options, warrants or convertible notes outstanding or authorized for issuance under existing plans, and we have no current plans for any specific grants. We do not expect that we would seek authorization from shareholders for issuance of such additional shares unless required by applicable law or regulation or the rules of the market in which our common shares are traded. There are no preemptive rights available to shareholders in connection with the issuance of such shares.

Exchange of Certificates and Elimination of Fractional Share Interests

If our shareholders approve the restatement and our board of directors still believes that the reverse split is in the best interests of our company and our shareholders, we will file the restatement at such time as the board has determined the appropriate effective time for the reverse split. No additional action on the part of the company or any shareholder will be required in order to effect the reverse split and beginning on the effective date of the reverse split, each certificate representing pre-split common shares will automatically represent for all purposes post-split common shares. Shareholders will be asked to exchange their certificates representing securities held prior to the reverse split for new certificates representing securities issued as a result of the reverse split. Our transfer agent will act as our exchange agent to act for shareholders in implementing the exchange of their certificates. Shareholders will be furnished the necessary materials and instructions to effect such exchange promptly following the effective date of the reverse split. Certificates representing pre-split shares subsequently presented for transfer will not be transferred on our books and records but will be returned to the tendering person for exchange. Shareholders should not submit any certificates until requested to do so.

No scrip or fractional post-split common shares will be issued to any shareholder in connection with the reverse split. Accordingly, all shareholders of record who would otherwise be entitled to receive fractional post-split common shares, will, upon surrender of their certificates representing pre-split common shares, have the post-split common shares to which they are entitled rounded to the nearest whole share and receive either a whole common share or nothing in lieu of their fractional post-split common share.

Shareholders are encouraged to surrender their certificates for certificates evidencing whole post-split common shares as promptly as possible after the effective date of the reverse split. The ownership of a fractional interest will not give the holder any voting, dividend, or other rights except as described above.

Federal Income Tax Consequences of Reverse Split

The following general description of federal income tax consequences is based on the Internal Revenue Code of 1986, as amended, the applicable treasury regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this proxy statement, all of which are subject to change and any such change could apply retroactively. This discussion is for general information only and does not purport to deal with all aspects of federal income taxation that may be relevant to holders of common shares and does not discuss consequences

14

which may apply to special classes of taxpayers (e.g., non-resident aliens, broker-dealers, tax-exempt organizations, banks or insurance companies). Shareholders are urged to consult their own tax advisors to determine the particular federal, state, local and foreign tax consequences to them.

The exchange of pre-split common shares into post-split common shares should be a tax-free transaction, and no gain or loss should be recognized to our company or our shareholders. The holding period of the pre-split common shares will be transferred to the post-split common shares received in exchange therefor, provided that the shareholder held the pre-split common shares as a capital asset at the time of the exchange. A shareholder's aggregate tax basis in the post-split common shares will equal his, her or its aggregate tax basis in the pre-split common shares exchanged therefor.

This discussion should not be considered as tax or investment advice, and the tax consequences of the reverse split may not be the same for all shareholders. Shareholders should consult their own tax advisors to ascertain their individual federal, state, local and foreign tax consequences.

Financial Statements

Edgar Filing: BIG BUCK BREWERY & STEAKHOUSE INC - Form PRER14A

Our Annual Report on Form 10-KSB for the fiscal year ended December 30, 2001 includes our audited financial statements and "Management's Discussion and Analysis," which are incorporated by reference in this proxy statement. Our Quarterly Report on Form 10-QSB for the fiscal quarter ended March 31, 2002 includes our unaudited financial statements and "Management's Discussion and Analysis," which are incorporated by reference in this proxy statement. Vote Required

Approval of the restatement requires the affirmative vote of the holders of a majority of the outstanding common shares. Abstentions and broker non-votes will not be deemed affirmative votes, and will have the same effect as negative votes on the proposal. Such votes, however, will be counted in determining the number of common shares present in person or represented by proxy in determining whether a quorum is present. Proxies received in response to this solicitation will, in the absence of any contrary specification, be voted in favor of the proposal. **The board of directors believes that the reverse split is in the best interests of our company and our shareholders and recommends a vote for the restatement and reverse split.**

Reservation of Rights

The board of directors reserves the right to abandon the proposed restatement and reverse split without further action by the shareholders at any time before the filing of the restatement with the Michigan Department of Consumer and Industry Services, Corporation, Securities and Land Development Bureau notwithstanding authorization of the proposed restatement and reverse split by the shareholders. We currently intend to abandon the proposed restatement and reverse split if The Nasdaq Stock Market either (1) does not approve the continued listing of our common shares, or (2) approves such continued listing but does not make it subject to the consummation of the reverse split.

PROPOSAL NO. 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

General

The board of directors has appointed Plante & Moran, LLP as our independent auditors for the fiscal year ending December 29, 2002. A proposal to ratify that appointment will be presented to shareholders at the meeting. If the shareholders do not ratify such appointment the board of directors will select another firm of independent public accountants.

Representatives of Plante & Moran, LLP are expected to be present at the meeting, will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from shareholders in attendance.

Plante & Moran, LLP provided audit and non-audit services to us in 2001, the aggregate fees and expenses of which are shown below.

Audit Fees

The aggregate fees billed for professional services rendered for the audit of our annual financial statements for the most recent fiscal year and the reviews of the financial statements included in our Forms 10-QSB for that fiscal year were \$55,500.

All Other Fees

The aggregate fees billed for services rendered by our principal accountant, other than the services described in the preceding paragraph, for our most recent fiscal year were \$36,925.

The audit committee has considered whether the provision of the services described in the preceding paragraph is compatible with maintaining our principal accountant's independence.

Recommendation

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Agreements with Wayne County Employees' Retirement System, Relationships with Ronald Yee and Richard A. Noelke, and Guaranty from Certain Directors

We have obtained certain debt financing from WCERS. As of March 27, 2002, we owed WCERS approximately \$8.9 million. A first priority lien in favor of WCERS on all of our assets, including the Gaylord unit, our leasehold interest in the Auburn Hills unit, our leasehold interest in the Grand Rapids unit and all of our other assets, now or hereafter acquired, secures this indebtedness. As of May 31, 2002, WCERS beneficially owned approximately 38.3% of our common stock. For more information regarding our transactions with WCERS, please review "Management's Discussion and Analysis Liquidity and Capital Resources" in the Annual Report on Form 10-KSB delivered with this proxy statement. Ronald Yee, who became one of our directors in February 2002, serves as Director of WCERS. Richard A. Noelke, who became one of our directors in December 2001, serves as Deputy Director of WCERS. In February 2000, we obtained certain financing from WCERS. Messrs. William F. Rolinski, Blair A. Murphy, D.O. and Casimer I. Zaremba, each a director of our company at that time, personally guaranteed this indebtedness to the extent of \$1,623,885. In August 2000, Messrs. Rolinski, Murphy and Zaremba confirmed their guaranty obligations with respect to the non-convertible secured debt financing we obtained from WCERS. Our directors do not intend to personally guarantee our future obligations.

Agreements with Michael G. Eyde

We have entered into certain sale/leaseback transactions with Michael G. Eyde. As of May 31, 2002, Mr. Eyde beneficially owned approximately 6.2% of our common stock. For more information regarding our transactions with Mr. Eyde, please review "Description of Property Grand Rapids and Auburn Hills" in the Annual Report on Form 10-KSB delivered with this proxy statement.

Agreements with Up North Adventures, Transactions with Pac Rim Associates and Thomas E. Zuhl, and Relationship with Thomas E. Zuhl

In July 2001, we granted an exclusive license to Up North Adventures, Inc. (1) to use our intellectual property, (2) to import, sell and distribute our products, and (3) to open and operate our restaurants, in Japan, Thailand, Malaysia and Singapore. In consideration of such rights, the licensee, an entity owned by Thomas E. Zuhl, will pay us one and one half percent of its gross receipts for products sold in the territory for the first 24 months after the first Big Buck restaurant is opened. For the remainder of the 25-year term, the royalty amount will increase to two percent. In July 2001, we issued a convertible subordinated promissory note in the principal amount of \$100,000 to Thomas E. Zuhl. This note matures in July 2002. It may be converted into 115,473 shares of common stock at a conversion price of \$0.866 per share. In December 2001, we issued a convertible subordinated promissory note in the principal amount of \$100,000 to Pac Rim Associates, Inc. Such entity is owned by Mr. Zuhl. This note matures in December 2002. It may be converted into 194,552 shares of common stock at a conversion price of \$0.514 per share. In January 2002, Mr. Zuhl became one of our directors.

Agreements and Transactions with Columbia Construction Services and Relationship with Mark Provenzano

In January 2001, we entered into a Master Agreement for Program Management Services with Columbia Construction Services Michigan, Inc. Pursuant to this agreement, Columbia provides us with certain project-specific construction management services and advises us on a regular basis regarding development, design and construction issues related to our restaurant business. Under this agreement, Columbia conducted certain demolition and construction work in connection with the Nashville location. For such services, we paid Columbia \$212,423 during 2001. At December 30, 2001, we owed Columbia an additional \$62,187 for project-specific construction management services rendered during

Edgar Filing: BIG BUCK BREWERY & STEAKHOUSE INC - Form PRER14A

2001. Columbia also provides us with advisory services in connection with our pending construction litigation. For such services, we paid Columbia \$79,613 during 2001. We anticipate retaining the services of Columbia until the pending construction litigation has been resolved. Our agreement with Columbia provides that we will pay it \$6,000 per month to cover its normal office overhead and as compensation for the services of its President and shareholder, Mark Provenzano, who became one of our directors in February 2002. Our agreement also provides that we will reimburse Columbia, at actual cost plus 15%, for all reimbursable costs incurred by it in connection with project-specific construction management services as well as advisory services. In addition, effective February 9, 2001, we issued 50,000 shares of common stock to Columbia as compensation for field audit services provided by such entity to us in connection with the Grapevine unit.

Transaction with Seger Financial, Agreements with Private Equity, and Relationship with Jonathon D. Ahlbrand

On November 20, 1998, we issued a five-year warrant, exercisable at \$2.7625 per share, for the purchase of 14,582 shares of our common stock to Seger Financial, Inc. This issuance was made in connection with the \$1.4 million debt financing which Seger Financial obtained for us from Crestmark Bank. In addition, we paid Seger Financial a commission of 5% of the total amount of the debt placed (\$70,000). Private Equity, LLC, an entity of which Jonathon D. Ahlbrand, who became one of our directors in January 2001, is a managing member, performed certain consulting and advisory services for Seger Financial from April 1998 to July 1998. In connection with the dissolution of such relationship, Mr. Ahlbrand came to beneficially own the securities underlying the foregoing warrant and was paid \$17,500 of the above-referenced commissions.

On September 17, 1999, we entered into a consulting services agreement with Private Equity, LLC. Pursuant to this agreement, Private Equity agreed to provide advice, recommendations and introductions regarding financing options, market conditions, program structure and strategic options, including acquisitions and mergers. We agreed to bear all reasonable costs and expenses associated with such consulting efforts. We reimbursed Private Equity for \$22,400 of costs and expenses during 2000. In addition, we issued warrants to purchase an aggregate of 200,000 shares of our common stock to Private Equity. Mr. Ahlbrand, who became one of our directors in January 2001, has served as a managing member of Private Equity since April 1998. As a result of such relationship, Mr. Ahlbrand is deemed to beneficially own the securities underlying the warrants issued to Private Equity. Such warrants have the following terms of exercise:

Number of Shares	Exercise Price per Share	Vesting Information	Expiration Date
50,000	\$ 1.625	Immediate	10/1/02
50,000	\$ 2.00	\$ 4.00(1)	10/1/02(2)
50,000	\$ 2.00	\$ 5.00(1)	10/1/02(2)
50,000	\$ 2.00	\$ 6.00(1)	10/1/02(2)

- (1) Becomes exercisable when the closing price of our common stock equals or exceeds such price for a period of ten consecutive trading days.
- (2) Outstanding warrants that have not become exercisable before the termination of the consulting services agreement expire upon termination of such agreement.

On July 1, 1999, we entered into a one-year non-exclusive financing agreement with Private Equity, LLC. Pursuant to this agreement, Private Equity agreed to provide advice, recommendations and introductions regarding financing options, market conditions and program structure. Private Equity agreed to assist in arranging term debt financing for us and we agreed to bear all reasonable costs and expenses associated with the issuance of such debt. In addition, we agreed to pay Private Equity a

commission of 5% of the total amount of the debt placed. Between October 8, 1999 and January 27, 2000, we issued convertible subordinated promissory notes with an aggregate principal amount of \$950,000 to six accredited investors. Private Equity was responsible for our introduction to five of the six investors, whose purchases aggregated \$850,000. Pursuant to our agreement, we paid commissions equal to 5% of the gross proceeds raised pursuant to those introductions (\$42,500) to Private Equity. Private Equity was also responsible for our introduction to WCERS. On February 4, 2000, we issued convertible secured promissory notes with an aggregate principal amount of \$7,500,000 to WCERS. Pursuant to our agreement, we paid commissions equal to 5% of the gross proceeds raised (\$375,000) to Private Equity. On August 21, 2000, we issued a secured promissory note with a principal amount of \$1,500,000 to WCERS. Pursuant to our agreement, we paid commissions equal to 5% of the

Edgar Filing: BIG BUCK BREWERY & STEAKHOUSE INC - Form PRER14A

gross proceeds raised (\$75,000) to Private Equity. Mr. Ahlbrand, one of our directors, is a managing member of Private Equity and was paid \$133,750 of the above-referenced commissions.

General

All future transactions between us and our officers, directors and principal shareholders and their affiliates will be approved by a majority of the board, including a majority of the independent and disinterested non-employee directors, and will be on terms no less favorable to us than could be obtained from unaffiliated third parties.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers, directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Such officers, directors and shareholders are required by the SEC to furnish us with copies of all such reports. To our knowledge, based solely on a review of copies of reports filed with the SEC during the last fiscal year, all applicable Section 16(a) filing requirements were met, except that the following reports were not filed on a timely basis: (1) one report on Form 3 relating to the appointment of Jonathon D. Ahlbrand to our board of directors on January 18, 2001, and (2) one report on Form 4 relating to the grant of options to purchase 25,000 shares received by Jonathon D. Ahlbrand on January 18, 2001.

shares and preferred shares, and their par values, as set forth in this Article III (the "Reverse Split").

Immediately as of the Effective Time, and without any action by the holders of outstanding common shares, but subject to the redemption of fractional shares described below, outstanding certificates representing the Corporation's common shares shall represent for all purposes, and each common share issued and outstanding immediately before the Effective Time shall automatically be converted into, new common shares in the ratio of seven old common shares for one new common share, all by virtue of the Reverse Split and without any action on the part of the holder of such common shares.

Notwithstanding any of the foregoing to the contrary, no scrip or fractional common shares shall be issued in connection with the Reverse Split. In lieu thereof each record holder of common shares as of the Effective Date who would otherwise have been entitled to receive a fractional new common share shall, upon surrender of such shareholder's certificates representing pre-split common shares, have the post-split common shares to which they are entitled rounded to the nearest whole share and receive either a whole common share or nothing in lieu of their fractional post-split common share. As of the Effective Time such fractional shares shall no longer represent equity interests in the Corporation, and shall not be entitled to any voting, dividend or other shareholder rights; rather, they shall represent only the right to receive the common shares, if any, described in this paragraph.
