Proxy Statement
for
Annual Meeting of Shareholders

To Be Held June 11, 2008

Unless the context requires otherwise, references in this statement to "Uranerz Energy," the "Company," "we," "us" or "our" refer to Uranerz Energy Corporation.

The Annual Meeting of Stockholders of Uranerz Energy (the "Annual Meeting") will be held on Wednesday, June 11, 2008 at [location] beginning at [time].

We are providing the enclosed proxy materials and form of proxy in connection with the solicitation by the Company's Board of Directors (the "Board") of proxies for this Annual Meeting. The Company anticipates that this Proxy Statement and the form of proxy will first be mailed to holders of the Company's Stock on or about May 6, 2008.

You are invited to attend the meeting at the above stated time and location. If you plan to attend and your shares are held in "street name" - in an account with a bank, broker, or other nominee-you must obtain a proxy issued in your name from such broker, bank or other nominee.

You can vote your shares by completing and returning the proxy card or, if you hold shares in "street name," by completing the voting form provided by the broker, bank or other nominee.

A RETURNED SIGNED PROXY CARD WITHOUT AN INDICATION OF HOW SHARES SHOULD BE VOTED WILL BE VOTED FOR THE ELECTION OF ALL DIRECTORS, FOR THE RATIFICATION OF THE ARTICLES AMENDMENT, FOR THE RATIFICATION OF THE STOCK OPTION PLAN AMENDMENT, AND FOR THE RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Our corporate bylaws define a quorum as a one-third of the voting power of the issued and outstanding voting stock present in person or by proxy. The Company's Articles of Incorporation do not allow cumulative voting for Directors. The nominees who receive the most votes will be elected. An affirmative vote of a simple majority of the shares present, whether in person or by proxy, is required to ratify the Stock Option Plan Amendment and the appointment of the Company's independent registered public accounting firm. An affirmative vote of a majority of the Company's issued and outstanding voting securities is required to ratify the Articles Amendment.

QUESTIONS AND ANSWERS ABOUT PROXY MATERIALS AND VOTING

WHY AM I RECEIVING THIS PROXY STATEMENT AND PROXY CARD?

You are receiving this Proxy Statement and proxy card because you were a stockholder of record at the close of business April 28, 2008, and are entitled to vote at the Annual Meeting. This Proxy Statement describes issues on which the Company would like you, as a stockholder, to vote. It provides information on these issues so that you can make an informed decision. You do not need to attend the Annual Meeting to vote your shares.

When you sign the proxy card you appoint Glenn Catchpole, President and Chief Executive Officer to the Company, and Dennis Higgs, Chairman of the Board to the Company, your representatives at the Annual Meeting. As your representatives, they will vote your shares at the Annual Meeting (or any adjournments or postponements) as you have instructed them on your proxy card. With proxy voting, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, it is a good idea to complete, sign and return your proxy card in advance of the Annual Meeting, just in case your plans change.

If an issue comes up for vote at the Annual Meeting (or any adjournments or postponements) that is not described in this Proxy Statement, your representatives will vote your shares, under your proxy, at their discretion, subject to any limitations imposed by law.

WHEN IS THE RECORD DATE?

The Board has fixed April 28, 2008, as the record date for the Annual Meeting. Only holders of Uranerz Energy voting stock as of the close of business on that date will be entitled to vote at the Annual Meeting.

HOW MANY SHARES ARE OUTSTANDING?

As of April 28, 2008, the Company had [number] shares of Common Stock issued and outstanding.

WHAT AM I VOTING ON?

You are being asked to vote on the following:

- o The election of eight eight (8) directors for terms expiring in 2008;
- o The ratification of the Articles Amendment;
- o The ratification of the Stock Option Plan Amendment;
- o The ratification of the appointment of the Company's independent registered public accounting firm; and
- o Any other business that may properly come before the meeting.

HOW MANY VOTES DO I GET?

Each share of Common Stock is entitled to one vote. No cumulative rights are

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

authorized, and dissenters' rights are not applicable to any of the matters being voted upon.

The Board recommends a vote FOR each of the nominees to the Board, FOR the ratification of the Articles Amendment, FOR the ratification of the Stock Option Plan Amendment, and FOR the ratification of the appointment of the Company's independent registered public accounting firm.

3

HOW DO I VOTE?

You have several voting options. You may vote by:

- o Signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope;
- o Signing and faxing your proxy card to our transfer agent for proxy voting at the number provided on the proxy card;
- o Voting over the Internet by following the procedures provided on the proxy card; or
- o Attending the Annual Meeting and voting in person.

If your shares are held in an account with a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in a "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker, bank, or other nominee.

CAN STOCKHOLDERS VOTE IN PERSON AT THE ANNUAL MEETING?

The Company will pass out written ballots to anyone who wants to vote at the Annual Meeting. If you hold your shares through a brokerage account but do not have a physical share certificate, or the shares are registered in someone else's name, you must request a legal proxy from your stockbroker or the registered owner to vote at the meeting.

WHAT IF I SHARE AN ADDRESS WITH ANOTHER SHAREHOLDER AND WE RECEIVED ONLY ONE COPY OF THE PROXY MATERIALS?

If certain requirements are met under relevant U.S. securities law, including in some circumstances, the shareholder's prior written consent, we are permitted to deliver one annual report and one proxy statement to a group of shareholders who share the same address. If you share an address with another shareholder and have received only one copy of the proxy materials, but desire another copy, please send written request to our offices at the address below or call us at (604) 689-1659 to request another copy of the proxy materials. Please note that each shareholder should receive a separate proxy card to vote the shares they own.

WHAT IF I CHANGE MY MIND AFTER I RETURN MY PROXY?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by:

- o Signing another proxy with a later date and mailing it to the attention of: Jason K. Brenkert, Inspector of Elections, at 370 17th Street, Suite 4700, Denver, Colorado, 80237, so long as it is received prior to 12:00 p.m., MST, on June 10, 2008;
- o Voting in person at the Annual Meeting; or
- o Giving written notice of the revocation of your proxy to the Company's Secretary, Benjamin Leboe, at the address given above, prior to 12:00 p.m., PST on June 10, 2008.

HOW MANY VOTES DO YOU NEED TO HOLD THE MEETING?

To conduct the Annual Meeting, the Company must have a quorum, which means that one-third of the outstanding voting shares of the Company as of the record date must be present at the meeting. Your shares will be counted as present at the Annual Meeting if you:

- o Submit a properly executed proxy card (even if you do not provide voting instructions); or
- o Attend the Annual Meeting and vote in person. Attend the Annual Meeting and vote in person.

WHAT IF I ABSTAIN FROM VOTING?

Abstentions with respect to a proposal are counted for the purposes of establishing a quorum. If a quorum is present, abstentions will not be included in vote totals and will not affect the outcome of the vote of any proposal contained in this year's Proxy Statement.

HOW MANY VOTES ARE NEEDED TO ELECT DIRECTORS?

The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes cast at the meeting. A properly executed proxy card marked WITHHELD with respect to the election of directors will not be voted and will not count FOR or AGAINST any of the nominees.

HOW MANY VOTES ARE NEEDED TO RATIFY THE ARTICLES AMENDMENT?

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

The ratification of the Articles Amendment will be approved if a majority of the Company's issued and outstanding voting securities vote FOR the Articles Amendment. A properly executed proxy card marked ABSTAIN with respect to this proposal will not be voted. However, because an affirmative vote of a majority of the Company's issued and outstanding voting securities is required for ratification, an ABSTENTION will have the same effect as a vote AGAINST the proposal.

HOW MANY VOTES ARE NEEDED TO RATIFY THE STOCK OPTION PLAN AMENDMENT?

The ratification of the Stock Option Plan Amendment will be approved if the votes cast FOR the proposal exceed the votes cast AGAINST the proposal (a majority of shares voting). A properly executed proxy card marked ABSTAIN with respect to this proposal will not be voted and will not count FOR or AGAINST this proposal.

HOW MANY VOTES ARE NEEDED TO RATIFY THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTANT?

5

WILL MY SHARES BE VOTED IF I DO NOT SIGN AND RETURN MY PROXY CARD?

If your shares are held through a brokerage account, your brokerage firm, under certain circumstances, may vote your shares.

If your shares are registered in your name, and you do not sign and return your proxy card, your shares will not be voted at the meeting.

WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?

The Company will publish the final results in the Company's Quarterly Report on Form 10-Q for the second quarter of 2008, which will be filed with the Securities and Exchange Commission (SEC). WHO WILL PAY FOR THE COSTS OF SOLICITING PROXIES?

The Company will bear the cost of soliciting proxies. In an effort to have as large a representation at the meeting as possible, the Company's directors, officers and employees may solicit proxies by telephone or in person in certain circumstances. These individuals will receive no additional compensation for their services other than their regular salaries. Additionally, the Company may hire a proxy solicitor to help reach the quorum requirement. The Company will pay a reasonable fee in relation to these services. Upon request, the Company will reimburse brokers, dealers, banks, voting trustees and their nominees who

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

are holders of record of the Company's Common Stock on the record date for the reasonable expenses incurred for mailing copies of the proxy materials to the beneficial owners of such shares.

ADVISORY BOARD

We have an advisory board that consists entirely of professional geologists.

Dr. Franz J. Dahlkamp has over 45 years experience as an economic geologist, with specific emphasis in uranium. He started as an economic geologist with several mining companies in Germany and abroad. In 1968 he began working with the Uranerz group of companies and by 1974 he became the head of their exploration department. While at Uranerz he organized and established the Uranerz group of subsidiary companies for uranium exploration in Australia, Canada, and the USA, and conducted reconnaissance surveys for uranium worldwide.

Since 1978 Dr. Dahlkamp has been consulting for mining companies, utilities, national and international institutions (governments of Germany, Austria, USA, Egypt, Iran, Mongolia; UN/IAEA, OECD/NEA). Also, since 1978 to

2002, Dr. Dahlkamp lectured at the Universities of Leoben and Salzburg, Austria, and Munich, Germany (on uranium deposits: geology, economics, and exploration).

Dr. Dahlkamp has published over fifty papers including six books (eg. Uranlagerstätten 1979, Uranium Ore Deposits 1993).

Dr. Dahlkamp has a PhD (1958), a Dr. of Science (Habilitation 1979), and is an Honorary Chair (Honorar-Professor) at Mining-University of Leoben (1990).

Dr. Gerhard Ruhrmann has close to 30 years experience in uranium exploration, mining and mine waste management. From 1976 to 1981, Dr. Ruhrmann was project geologist and exploration manager for Uranerz Exploration and Mining (UEM) in Canada, supervising field work in the Otish Mountains of Quebec, the Athabasca Basin in Saskatchewan, and the Thelon Basin in Nunavut. In 1982, Dr. Ruhrmann joined Key Lake Mining Corporation, to develop exploration tools for high grade unconformity-related uranium deposits on the basis of geological and mineralogical research at the Key Lake open pits and other mines in the Athabasca Basin. This resulted in a number of papers published in a variety of scientific periodicals including technical documents of the International Atomic Energy Agency.

In 1988, Dr. Ruhrmann became engaged in hydrogeological and geotechnical work in Cameco's engineering division, assessing above-ground uranium tailings management facilities and contributing to the in-pit tailings disposal concept at the Deilmann open pit in Saskatchewan.

In 1993, Uranerzbergbau (UEB) in Germany called Dr. Ruhrmann to join its consulting branch. Assignments included the assessment of exploration and mining projects in central Asia and western Africa, managing a subsidiary exploration company in Guinea, providing technical assistance to regulatory agencies in Papua New Guinea, monitoring the reclamation work at the former uranium mines in eastern Germany, designing reclamation concepts for closed-out uranium mines in central Asia and eastern Europe as well as reviewing the mining practice in Vietnam. On the basis of this experience, Dr. Ruhrmann co-authored a book on environmental mine management, published in 2001.

Since 2003, Dr. Ruhrmann is practicing as an independent consultant to the mining industry and international technical assistance agencies. Assignments include a review of the mining industry in Mongolia, enhancement of small-scale mining in Papua New Guinea, quality control at uranium mine rehabilitation projects and the assessment of uranium prospects.

Dr. Ruhrmann has a diploma in geology and holds a doctor degree in geology from the University of Tuebingen, Germany. Since 2001, Dr. Ruhrmann is teaching mineral exploration at the University of Leoben, Austria.

Mr. Kenneth Cunningham brings over thirty years of experience from diversified mineral exploration and mining geology through to executive management. Eighteen of these years have been focused in Nevada. Currently Mr. Cunningham is the President and Chief Executive Officer of Miranda Gold Corp. where he aggressively positioned this company in the Cortez Gold Trend and successfully negotiated joint ventures with major mining companies including Newmont, Placer Dome, Newcrest and Barrick. Previously, he was Exploration Manager with Uranerz U.S.A. Inc. During his tenure with Uranerz Mr. Cunningham led the exploration and acquisition effort that resulted in two Nevada gold discoveries; a three-million-ounce discovery in the Battle Mountain trend and a

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

one-plus-million ounce discovery in the northern Carlin trend. Mr. Cunningham has also been Vice President of Tenneco Minerals Company and a Resident Manager with Echo Bay Mining Company.

Mr. Cunningham started his career with Houston Oil and Minerals as a member of its uranium exploration team. In 1978 he was responsible for the discovery of the Death Valley uranium deposit on Alaska's Seward Peninsula. This deposit contains ten-million-pounds of uranium at a grade of .25% U3O8.

Mr. Joe Hebert is currently Vice President of Exploration for Miranda Gold Corp. Most recently, Mr. Hebert was the senior exploration geologist for the Cortez Joint Venture (Placer Dome and Kennecott Minerals) located on the

14

Battle Mountain Trend in North Central Nevada. He was a member of the exploration team who discovered the 7.5 million ounce Cortez Hills gold deposit. During his tenure at Cortez he directed all generative and acquisition efforts within the joint venture area of interest.

From 1992 to 1999 Mr. Hebert consulted for Uranerz USA, Inc. where he conducted project evaluations and generative programs primarily in north central Nevada. The most significant result of this program was the recognition of gold potential and acquisition recommendations of the Nike-Converse property in Buffalo Valley where Uranerz discovered approximately 3 M oz of gold resource. He also recommended the REN property for acquisition, where currently development drilling on a high-grade resource is being conducted.

During the period when he was consulting, Mr. Hebert initiated a countrywide evaluation of Mongolia, identifying essentially unexplored epithermal systems from regional compilation and focused reconnaissance. He focused his client in gold-belts of NE Mongolia, acquiring for them two large concessions with multiple ore-grade showings in large epithermal and intrusive-related alteration cells. This program required interaction with high-level government officials, Mongolian junior companies, Mongolian Geological Survey and supervising native crews in remote camps.

Mr. Hebert is credited with team participation in multiple gold discoveries in Nevada and Utah over the course of his career. He has also had staff and contract positions with several US majors over the years including Superior Oil, Tenneco, and Freeport Minerals.

COMPENSATION DISCUSSION AND ANALYSIS

Oversight of Executive Compensation Program

The Compensation Committee of the Board of Directors oversees the Company's compensation programs, which are designed specifically for the Company's most senior executives officers, including the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and the other executive officers named in the Summary Compensation Table (collectively, the "senior executive officers"). Additionally, the Compensation Committee is charged with the review and approval of all annual compensation decisions relating to senior executive

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

officers.

The Compensation Committee is composed entirely of independent, non-management members of the Board of Directors. Each year, and at such other times as is necessary, the Company reviews any and all relationships that each director has with the Company and the Board of Directors subsequently reviews these findings. The Board of Directors has determined that none of the Compensation Committee members have any material business relationships with the Company.

The responsibilities of the Compensation Committee, as stated in its charter, include the following:

- o Review and assess the adequacy of the Compensation Committee charter annually and submit any proposed changes to the Board of Directors for approval;
- o Produce an annual report on senior executive officer compensation for inclusion in the Company's annual report and proxy statement relating to its annual meeting of stockholders;
- o Review and make such recommendations to the Board of Directors as the Compensation Committee deems advisable with regard to all incentive-based compensation plans and equity-based plans;
- o Review and approve the corporate goals and objectives that may be relevant to the compensation of the Company's senior executive officers;
- o Evaluate senior executive officer performance in light of the goals and objectives that were set and determine and recommend senior executive officer compensation based on such evaluation; and
- o Review and approve the recommendations of the chief executive officer with regard to the compensation of all officers of the Company other than the chief executive officer.

Overview of Compensation Program

In order to recruit and retain the most qualified and competent individuals as senior executive officers, the Company strives to maintain a compensation program that is competitive in the global labor market. The purpose of the Company's compensation program is to reward exceptional organizational and individual performance.

The following compensation objectives are considered in setting the compensation programs for our named executive officers:

- o Drive and reward performance which supports the Company's core values;

23

- o Design competitive total compensation and rewards programs to enhance the Company's ability to attract and retain knowledgeable and experienced senior executive officers; and
- o Set compensation and incentive levels that reflect competitive market

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

practices.

Compensation Elements and Rationale

To reward both short and long-term performance in the compensation program and in furtherance of the Company's compensation objectives noted above, the Company's compensation program is based on the following objectives:

(i) Performance Goals

The Compensation Committee believes that a significant portion of a senior executive officer's compensation should be tied not only to individual performance, but also to the Company's performance as a whole measured against both financial and non-financial goals and objectives. During periods when performance meets or exceeds these established objectives, senior executive officers should be paid at or more than expected levels. When the Company's performance does not meet key objectives, incentive award payments, if any, should be less than such levels.

(ii) Incentive Compensation

A large portion of compensation should be paid in the form of short-term and long-term incentives, which are calculated and paid based primarily on financial measures of profitability and stockholder value creation. Senior executive officers have the incentive of increasing Company profitability and stockholder return in order to earn a major portion of their compensation package.

(iii) Competitive Compensation Program

The Compensation Committee reviews the compensation of executives at peer companies to ensure that the compensation program is competitive. The Company believes that a competitive compensation program will enhance its ability to attract and retain senior executive officers.

Review of Senior Executive Officer Performance

The Compensation Committee reviews, on an annual basis, each compensation package for the senior executive officers. In each case, the Compensation Committee takes into account the scope of responsibilities and experience and balances these against competitive salary levels. The Compensation Committee has the opportunity to meet with the senior executive officers at various times during the year, which allows the Compensation Committee to form its own assessment of each individual's performance.

Components of the Executive Compensation Program

The Compensation Committee believes the total compensation and benefits program for named executive officers should consist of the following:

- o Base salary; and
- o Stock incentive plan.

Many of the Company's senior executive officers provide services through consulting or management agreements with the Company. Fees are paid under "consulting" or "management" fees pursuant to these agreements. From the Company's perspective, these services are provided in this manner for flexibility considerations. The Company has determined that it is in the best interests of the Company and its shareholders to maintain consulting and management agreements rather than employment agreements as it decreases the

number of actual employees of the Company and ensures that employment of key officers can be negotiated on an as-needed basis with individualized

terms--a vital concern to the Company given the relative costs of management salaries and expenses in a development stage company.

Dennis Higgs, Chairman of the Board of Directors (and former President)

Mr. Higgs is compensated indirectly through the Company's consulting agreement with Ubex Capital Inc. The Company engaged Ubex in early 2005 to provide business development and strategic planning consulting services and management to create a viable resource company. The Board of Directors considered Mr. Higgs' continuing involvement to be of vital interest to the Company's success and increased Ubex's consulting services over time to the point where Mr. Higgs provides the Company services as a fully involved Executive Chairman. The Board upon recommendation from the Compensation Committee has decided to continue the consulting arrangement to minimize administrative costs and to maintain the certainty and flexibility of contractual arrangements. Mr. Higgs has over twenty years experience in establishing and growing public companies and the Board of Directors upon recommendation from the Compensation Committee has determined that his compensation shall be similar to full time Executive Chairmen of public companies with capitalization in the \$200 - 500 million range.

Glenn Catchpole

Mr. Catchpole is compensated indirectly through the Company's consulting agreement with Catchpole Enterprises LLC. ("CE"). The Company engaged CE in early 2005 to provide industry expertise and strategic planning consulting services and full-time executive management to create a viable resource company. The Board of Directors and the Compensation Committee considers Mr. Catchpole's continuing involvement to be of vital interest to the Company's success as President and Chief Executive Officer. The Board has chosen the consulting arrangement to minimize administrative costs and to maintain the certainty and flexibility of contractual arrangements. Mr. Catchpole has over thirty years in establishing and growing public companies and the Board of Directors upon recommendation from the Compensation Committee has determined that his compensation shall be similar to full time president and CEO of public companies with capitalization in the \$200 - 500 million range.

George Hartman

The Company's compensation policy for Mr. Hartman is based on days spent consulting for the Company. The Board of Directors and the Compensation Committee believes that this provides the Company with greater flexibility in controlling expenses. Mr. Hartman's services as Executive Vice-President, Mining entail a varying degree of attention to the Company's exploration and development activities. Mr. Hartman has extensive expertise in the area of mining production, including specifically, in-situ recovery of uranium, which expertise is very valuable to the Company. Mr. Hartman's salary exceeded that of other officers in 2006 and 2007 because of the value of his expertise to the Company and the fact that he spent a substantial amount of time attending to the Company's mineral projects in those years.

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

Benjamin Leboe

The Company's compensation policy for Mr. Leboe, as Principal of Independent Management Consultants of British Columbia is based on time spent consulting for the Company. The Board of Directors and the Compensation Committee believes that this provides the Company with greater flexibility in controlling expenses. Mr. Leboe's services as Chief Financial Officer entail a high and specialized degree of attention to the Company's financial management and reporting activities. Mr. Leboe has extensive expertise in the area of financial management, accounting, business valuation and management consulting, which expertise is very valuable to the Company. Mr. Leboe's consulting rate is based on the Board of Directors determination upon recommendation by the Compensation Committee of the value of his expertise to the Company and is comparable to a full time Chief Financial Officer of public companies with capitalization in the \$200 - 500 million range.

RETIREMENT, RESIGNATION OR TERMINATION PLANS

Officers with contracts for services have notice requirements which permit pay in lieu of notice. In December 2007 we approved a policy whereby officers will receive a termination payment of a multiple of their annual compensation following a change in control of our Company. Individual contracts have not yet been amended to reflect this commitment. The multiple used for a change of control payment is five times for officers Higgs, Catchpole and Hartman and three times for all other officers.

PROPOSAL 3 -- RATIFICATION OF THE AMENDED 2005 NONQUALIFIED STOCK OPTION PLAN

WHAT AM I VOTING ON?

You are voting on a proposal to ratify the Company's proposed amendments to its 2005 Nonqualified Stock Option Plan (the "Stock Option Plan"). As explained below, the amendments add provisions to the Company's Stock Option Plan relating to the market price of options issued under the Stock Option Plan.

WHY DID THE BOARD ADOPT THE AMENDMENTS TO STOCK OPTION PLAN?

As part of the Company's recent listing of the Company's shares of common stock on the Toronto Stock Exchange (the "TSX"), the TSX required the Company to amend its Stock Option Plan to provide for the matters as detailed below.

WHAT AMENDMENTS ARE BEING MADE TO THE STOCK OPTION PLAN?

The following are the provisions to be added to the Company's Stock Option Plan:

Edgar Filing: URANERZ ENERGY CORP. - Form PRE 14A

The following provision will be added to Article II - Definitions:

"Market Price" shall mean the volume weighted average trading price of the Common Shares on the Toronto Stock Exchange ("TSX") or the American Stock Exchange ("AMEX"), whichever exchange has the greater trading volume, for the five trading days immediately preceding the date of the grant. However, (a) if the Common Shares are not listed on the TSX or the AMEX, then the "Market Price" shall be calculated by reference to the volume weighted average trading price of the Common Shares for the five trading days immediately preceding the date of the grant on any other stock exchange on which the Common Shares are listed (if more than one, then using the exchange on which a majority of Common Shares are traded); or (b) if the Common Shares are suspended from trading or have not traded on the TSX, AMEX or another stock exchange for an extended period of time, the "Market Price" will be the fair market value of the Common Shares as determined by the board of directors of the Company using good faith discretion.

Notwithstanding the foregoing, no option shall be issued with an option price per share less than Market Price.

WHAT ARE THE GENERAL PROVISIONS OF THE STOCK OPTION PLAN?

The following is a summary of important Stock Option Plan provisions. It is not a comprehensive discussion of all of the terms and conditions of the Stock Option Plan. The information provided below may be modified or altered by some provisions in the Stock Option Plan. Readers are advised to review the full text of the Stock Option Plan to fully understand all terms and conditions of the Stock Option Plan. The administering committee (the "Committee") has the power to: (i) designate Stock Option Plan participants; (ii) grant stock options; (iii) establish rules and regulations for the administration of the Stock Option Plan; (iv) determine the amount, price, type and timing of each stock option grant; (v) cancel any stock option awarded under the Stock Option Plan, under certain circumstances; (vi) correct defects in the Plan or in any granted stock option; and (vii) make any other determination or take any other action that the Committee deems necessary or desirable to the administration of the Stock Option Plan.

Shares Available under the Stock Option Plan

If a stock option or portion thereof shall expire or terminate for any reason without having been exercised in full, the un-purchased shares covered by such nonqualified stock option shall be available for future grants of stock options under the Stock Option Plan. Shares issuable upon exercise of stock options have been registered under the U.S. Securities Act of 1933, as amended, pursuant to the Company's Registration Statement on Form S-8, filed with the Securities and Exchange Commission on November 21, 2005.

Terms and Conditions of Stock Options

Stock options may be granted to any person who is performing or who has been engaged to perform services of special importance to management in the operation, development and growth of the Company. The Committee has the sole power to set the option price of granted stock options. All stock options granted under the Stock Option Plan must be granted within ten years of the date the plan was adopted and all granted stock options must be exercised within ten years of the date of grant. The Committee may grant stock options which vest in installment periods and may modify such periods to accelerate vesting. Stock options are evidenced by a form stock option agreement.

Exercise of Stock Options

The exercise of vested stock options is made upon written notice to the Company of intent to exercise and payment of the exercise price. The exercise price may be paid (i) in cash, cashier's check, certified check, bank draft or money order, or (ii) at the discretion of the Committee, by delivery of fully paid nonassessable common shares of the Company, valued at the fair market value for such shares, determined by the average of the high and low sales price of the Company's common shares on the date of exercise.

Transfer of Stock Options

Except by will, the laws of descent and distribution, or with the written consent of the Committee, no right or interest in any stock option granted under the Stock Option Plan is assignable or transferable, and no right or interest of any optionee is liable for, or subject to, any lien, obligation or liability of the optionee. Upon petition to, and thereafter with the written consent of the Committee, an optionee may assign or transfer all or a portion of the optionee's rights and interest in any stock option granted under the Stock Option Plan. Stock options are exercisable during the optionee's lifetime only by the optionee or assignees, or the duly appointed legal representative of an incompetent optionee, including following an assignment consented to by the

Committee.

- o Upon any dissolution or liquidation of the Company or any merger or combination in which the Company is not a surviving corporation, each outstanding stock option granted hereunder shall terminate, but the optionee shall have the right, immediately prior to such dissolution, liquidation, merger or combination, to exercise his nonqualified stock option in whole or in part, to the extent that it shall not have been exercised, without regard to any installment exercise provisions in such nonqualified stock option.

Also, upon the occurrence of any person acquiring more than 20% of the common shares of the Company through a tender offer, exchange offer, or otherwise, upon a change in control of the Company or upon the sale of substantially all the assets of the Company, any optionee who is also a Company insider will be entitled to receive cash for their nonqualified stock options equal to the final offer price per share paid in the offer or similar event, or in the case of a change in control or sale of assets, the aggregate fair market value of the shares.
