Item 1.01. Entry into a Material Definitive Agreement.

On September 11, 2018, ParkerVision, Inc. (the “Company”) executed a Patent Security Agreement (the “Security Agreement”) with Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C. (“Mintz Levin”) as security for payment of a non-interest bearing Promissory Note (the “Note”) between the parties in an aggregate amount of up to \$2.5 million. The Note was entered into between the parties in settlement of approximately \$1.9 million in amounts payable to Mintz Levin as of June 30, 2018 and approximately \$0.6 million in future billings expected to be incurred by Mintz Levin for attorney’s fees and costs associated with the Company’s patent enforcement program. The Company paid Mintz Levin an initial installment of \$100,000 upon execution of the Note and the remaining balance is payable in monthly installments of \$200,000 commencing November 1, 2018 and continuing until the entire unpaid principal balance is paid. To the extent that future billings from Mintz Levin are less than \$0.6 million, the outstanding balance of the Note will be reduced accordingly.

The amounts payable to Mintz Levin include attorney’s fees and costs related to (i) the Company’s U.S. district court patent infringement cases, (ii) Mintz Levin’s representation of ParkerVision in its appellate court case related to the Company’s ‘940 patent and (iii) Mintz Levin’s support of the Company’s German litigation actions.

Under the Security Agreement, the Company has pledged as security twenty-five (25) U.S. patents and six (6) correlating foreign patents (the “IP Collateral”) that were released by Brickell Key Investments LP (“Brickell”) as further discussed below. None of the patents included in the IP Collateral are the subject of any current patent enforcement actions.

The Note accelerates and becomes immediately due and payable in the case of standard events of default and/or in the event the Company is sold through a sale or other transfer of substantially all of its assets or a transfer of more than 50% of its capital stock in one or a series of transactions or through a merger or other transaction with similar effect. In an event of default, the Note will accrue interest at a rate of twelve percent (12%) per annum on any outstanding balance until such time that the Note is paid in full.

On August 30, 2018, Brickell, a special purpose fund under the management of Brickell Key Asset Management Limited, a Guernsey-based asset manager, executed an amendment to the Claims Proceeds Investment Agreement (the “Agreement”) between Brickell and the Company, dated February 25, 2016 (as amended on May 27, 2016, December 29, 2017, and April 26, 2018) to provide for the release of its senior security interest in the IP Collateral.
