ITEM 1.01	ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT
Votorantim Agreement on Chambara	

Solitario Resources Corporation has entered into an agreement, through its wholly owned subsidiary, Minera Solitario Peru, S.A.C. (both companies "Solitario") with Votorantim Metais - Cajamarquilla S.A. ("Votorantim Metais") on its Chambara regional zinc project in northern Peru (the "Agreement"). The Chambara project consists of approximately 60,000 hectares of mineral rights concessions distributed within an agreed upon Area Of Interest ("AOI") measuring 200 kilometers in a north-south direction and 85 kilometers in an east-west direction.

Under the Agreement, Solitario has contributed 9,300 hectares of mineral rights that included four prospects with significant high-grade zinc mineralization at surface and a regional geologic and geochemical data base collected covering much of the AOI, to a newly-formed Peruvian subsidiary, Minera Chambara, S.A.C. ("Minera Chambara"). Votorantim Metais will contribute 51,000 hectares of mineral rights within the AOI to Minera Chambara, subject to a two-month due diligence period. Minera Chambara will be 85%-owned by Solitario and 15%-owned by Votorantim Metais.

Votorantim Metais will be the operator of all exploration and development within the AOI. Any new properties acquired by Votorantim Metais during its exploration program will become an asset of Minera Chambara.

Terms of the Agreement include an option for Votorantim Metais to earn a 49% interest in Minera Chambara by spending a total of \$6.25 million on exploration over seven years. Votorantim Metais will then have the right to earn an additional 21% (total 70%) by funding a feasibility study and arranging construction financing for Solitario's 30%-interest. Solitario would repay the construction loan facility through 80% of its cash flow distributions.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by the Agreement attached as Exhibit 10.1
