Audit Committee

The members of our Audit Committee are John Mutch (Chair), Gary W. Ullman and Robert J. Valentine. While we are not currently subject to any corporate governance standards relating to the independence of our directors, we choose to define an "independent" director in accordance with the rules of the NASDAQ Stock Market (the "NASDAQ Market"), which include a series of objective tests, such as that a director may not be our employee or officer, and that the director has not engaged in various types of business dealings with us. Each of the members of our Audit Committee is "independent" as defined by the rules of the NASDAQ Market and meet the financial literacy requirements of the NASDAQ Market. Our Board has determined that each of Messrs. Mutch and Ullman qualifies as an "audit committee financial expert," under applicable SEC rules and meets the NASDAQ Market financial sophistication requirement of having past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in each such director's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Stockholders should understand that this designation is a disclosure requirement of the SEC related to the experience and understanding of each of Messrs. Mutch and Ullman with

respect to certain accounting and auditing matters. The designation of “audit committee financial expert” does not impose upon Messrs. Mutch or Ullman any duties, obligations or liabilities that are greater than are generally imposed on any such director as a member of the Audit Committee and the Board, and each such director’s designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liabilities of the other members of our Audit Committee or the Board.

Stockholder Nominees

There have been no changes to the procedures by which our security holders may recommend nominees to our Board since the filing of our Definitive Proxy Statement on April 29, 2015 for our 2015 annual meeting of stockholders, which was held on May 28, 2015.

Code of Conduct

We maintain a Code of Business Conduct and Ethics, which incorporates our code of ethics that is applicable to all employees, including all officers, and our independent directors with regard to their Steel Excel-related activities. The Code of Business Conduct and Ethics incorporates our guidelines designed to deter wrongdoing and to promote honest and ethical conduct and compliance with applicable laws and regulations. It also incorporates our expectations of our employees that enable us to provide accurate and timely disclosure in our filings with the SEC, and other public communications. In addition, it incorporates our guidelines pertaining to topics such as non-discrimination; fair competition and conflicts of interest. The full text of the Code of Business Conduct and Ethics is published on our website under “Investors – Corporate Governance” at www.steelexcel.com. We will post any amendments to the Code of Business Conduct and Ethics, as well as any waivers that are required to be disclosed by the rules of the SEC, on our website.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Exchange Act, requires our directors and certain of our officers, and persons who own more than 10% of a registered class of our equity securities, to file initial reports of ownership and reports of changes in ownership with the SEC. SEC regulations also require these persons to furnish us with a copy of all Section 16(a) forms they file. Based solely on our review of the copies of the forms furnished to us and written representations from our officers who are required to file Section 16(a) forms and our directors, we believe that all Section 16(a) filing requirements were met during 2015 with the exception of a failure to file a Form 5 and one report on Form 4 filed by Mr. McGill reporting one late transaction.

Item 11. Executive Compensation

Compensation Discussion & Analysis

Overview

This Compensation Discussion and Analysis section discusses our executive compensation philosophy, decisions and practices for 2015. As set forth in the Summary Compensation Table below, our named executive officers for 2015 were Jack L. Howard, Vice Chairman and principal executive officer, and James F. McCabe, Jr., Chief Financial Officer. Mr. Howard also serves as a director, and his biographical information is included in Proposal 1- Election of Directors. Effective December 31, 2015, Leonard McGill, our Vice President, General Counsel and Secretary, ceased to be deemed an executive officer.

We entered into the Management Services Agreement, effective as of August 1, 2012, with SP Corporate, an affiliate of Steel Holdings which, together with its affiliates, owns approximately 60.8% of our outstanding shares of Common Stock as of March 28, 2016. Pursuant to the Management Services Agreement, as amended, SP Corporate provides us with the services of Jack L. Howard as our principal executive officer, James F. McCabe, Jr. as our Chief Financial Officer, and certain other employees and corporate services, including, without limitation, legal, tax, accounting, treasury, consulting, auditing, administrative, compliance, environmental health and safety, human resources, marketing, investor relations and other similar services.

Notwithstanding the Management Services Agreement, we may elect to provide equity based compensation to our executive officers, key employees and other senior SP Corporate personnel providing services to us. We expect that we will make awards to provide equity based compensation after taking into account recommendations of SP Corporate. In February 2015, after considering the recommendation of SP Corporate, we awarded Messrs. Howard and McCabe 29,041 and 2,775 shares of restricted stock, respectively.

As the compensation of the Company's named executive officers is provided by SP Corporate pursuant to the Management Services Agreement, the discussion that follows in this Compensation Discussion and Analysis relates only to certain discretionary equity compensation awards that have been made to all named executive officers. A description of the terms of the Management Services Agreement is set forth in Item 13 under the heading "Transactions with Related Persons-Certain Related Person Transactions".

Compensation Philosophy

Historically, we have believed that the most effective compensation program is one that is designed to reward the achievement of our financial, strategic and corporate goals, and which aligns executives' interests with those of our stockholders. At our 2015 Annual Meeting of Stockholders, our stockholders expressed their support of our executive compensation programs designed to achieve this objective, with approximately 99% of votes cast approving our executive compensation.

Table of Contents

Following our entry into the Management Services Agreement, we pay a fixed fee to SP Corporate for the services of all of our executive officers, and SP Corporate is responsible for our executive officers' compensation. The fees payable under the Management Services Agreement are subject to an annual review and such adjustments as may be agreed upon by SP Corporate and Steel Excel. We believe that this arrangement is beneficial to our stockholders because we can obtain executive officer, management and other necessary services under the Management Services Agreement that are tailored to our needs for a fixed fee, without the need to maintain benefit and other programs for the executives and other personnel performing such services. Additionally, we believe that any equity awards that we determine to award our executive officers will directly align their interests with our stockholders. For a description of the Management Services Agreement, including the services available to us thereunder, see "Transactions with Related Persons-Certain Related Person Transactions".

Role of the Compensation Committee

Historically, the Compensation Committee ensured that our executive compensation and benefits program were consistent with our compensation philosophy and our corporate governance guidelines. Additionally, the Compensation Committee reviewed our overall compensation strategy at least annually to ensure that it promotes stockholder interests, supports our strategic and tactical objectives and provides for appropriate rewards and incentives for our named executive officers.

Upon entering into the Management Services Agreement, the Compensation Committee no longer plays a role in determining the cash compensation of our executive officers, as they are compensated directly by SP Corporate. However, the Compensation Committee may determine to provide equity based compensation to our executive officers, but expect to do so after taking into account the recommendations of SP Corporate.

In the event that SP Corporate did not provide the services of our executive officers, then the Compensation Committee would again be responsible for developing and implementing compensation programs for our executive officers that are consistent with such philosophy.

Accounting and Tax Implications of Our Compensation Policies

In designing our compensation programs, the Compensation Committee considers the financial accounting and tax consequences to us, as well as the tax consequences to employees. We account for equity compensation paid to our employees under the accounting guidance related to stock-based compensation, which requires us to estimate and record an expense over the service period of the award. The stock-based compensation cost of our equity awards is considered by management as part of its equity grant recommendations to the Compensation Committee.

Section 162(m) places a limit of \$1 million on the amount of compensation that we may deduct for income tax purposes in any one year with respect to our principal executive officer and certain other of our most highly compensated executive officers. This limitation does not apply to compensation that is considered performance-based under applicable tax rules. In the past several years, we have not awarded any performance-based compensation to our executive officers, as none of such officers has exceeded \$1 million in annual compensation paid by the Company. Instead, we have issued time-based RSUs and restricted stock awards. However, the Compensation Committee retains the right to grant performance-based compensation in the future if it deems appropriate.

2015 Compensation to our Named Executive Officers

On August 1, 2012, the Management Services Agreement became effective. Pursuant to this agreement, SP Corporate provides the services of our named executive officers, along with other services, for which the annual fee payable to SP Corporate was adjusted to \$8,150,000 effective October 1, 2014. In 2015, we paid \$8,150,000 to SP Corporate for

such services.

With respect to the cash compensation of Messrs. McCabe, Quicke (through April 4, 2013) and Zorko (through May 7, 2013), SP Corporate has informed us that it cannot identify the portion of the compensation paid to our executive officers for service to us as it does not compensate its employees specifically for such service. Mr. Howard's services are provided pursuant to the Management Services Agreement, although he is not compensated by SP Corporate for such services. As a result, such information is not included in the Summary Compensation Table or other compensation tables. However, information regarding the discretionary equity awards granted to Messrs. Howard, McCabe, Quicke and Zorko is included in the Summary Compensation Table.

After taking into account the recommendation of SP Corporate, the Compensation Committee made discretionary equity awards of 29,041 and 2,775 shares of restricted stock to Messrs. Howard and McCabe, respectively, under our 2004 Equity Plan. This award is subject to transfer restrictions and risk of forfeiture until it vests.

Table of Contents

Compensation Risk Assessment

The Compensation Committee reviewed our employee compensation policies and practices and determined that such policies and practices, taken as a whole, are not likely to have a material adverse effect on us. The Compensation Committee considered that it is SP Corporate's obligation to compensate our employees who would likely be in a position to engage in speculative behavior on our behalf. As such employees are furnished to us on a non-exclusive basis, and as indicated by SP Corporate, are not specifically compensated for their services to us, the risk of their compensation creating an incentive to engage in behavior that would jeopardize the Company is significantly lessened. The Compensation Committee does not believe that the discretionary equity awards made to Mr. McCabe have led to excessive risk taking by the recipients based upon the fact that these awards were granted in the Compensation Committee's discretion during 2015 at the recommendation of SP Corporate, are not performance based, but instead, are service based. The Compensation Committee intends to focus on any further equity awards recommended to be awarded by SP Corporate for purposes of determining whether such awards may lead to excessive risk taking.

Potential Payments upon Termination or Change-in-Control

Each of Messrs. Howard and McCabe serve as executive officers of the Company pursuant to the Management Services Agreement, and are not directly employed by us. As such, the only potential payments that any such individuals may receive as a result of termination of their service as our executive officers is pursuant to the acceleration of vesting of their equity awards under our 2004 Equity Plan under the conditions described below.

Messrs. Howard and McCabe held 31,541 and 5,044 shares of restricted stock, respectively, at December 31, 2015 awarded under the 2004 Equity Plan. In the event that (i) a merger or sale of our assets occurred on December 31, 2015, and the acquiring company did not assume the obligations for the restricted stock of Messrs. Howard or McCabe, or (ii) on December 31, 2015, Messrs. Howard or McCabe died, became disabled or their status as an executive officer was terminated without “cause” (as defined in their restricted stock award agreements), then their respective restricted stock would immediately vest, and the value attributed to such immediate vesting for Messrs. Howard and McCabe would have been \$463,968 and \$74,197, respectively (which value is calculated based upon the number of shares of restricted stock at December 31, 2015, multiplied by \$14.71, which was the closing market price of our shares of Common Stock on the NASDAQ Capital Market on December 31, 2015).

Director Compensation

Overview

Our non-employee directors receive a combination of cash and equity compensation for serving on our Board. In addition, we reimburse our directors for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

Cash Compensation

Under our cash compensation policy for our non-employee directors (the “Compensation Policy”), directors were eligible to receive the following cash consideration: (1) an annual cash retainer of \$50,000, paid at the rate of \$12,500 at the beginning of each fiscal quarter, (2) if in excess of eight board meetings are held in any year, then additional meeting fees would be payable at the rate of \$2,000 per meeting; provided, however, that the Chairman of the Board may designate a given meeting as a \$1,000-reduced-fee meeting. In addition to the above compensation, (1) the non-executive Chairman is to receive an annual retainer of \$15,000 per year, and (2) the Chairmen of the Audit, Compensation and Governance and Nominating Committees are each to receive an annual retainer of \$15,000,

\$10,000, \$5,000, respectively, and other members of such committees are to receive one-half of the retainer that the Chairman of such committee was entitled to. Members of the Investment Committee do not receive cash compensation for such service.

Equity Compensation

Our 2006 Director Plan is a “discretionary” plan and does not provide for automatic granting of options and other equity awards to our non-employee directors. Instead, our Board approves specific grants of equity awards. Our compensation practice for non-employee directors provides for an initial award of options to purchase 3,250 shares of our Common Stock and an award of RSUs, representing 1,625 shares of Common Stock upon becoming a member of our Board. The option grant and shares subject to the RSU vest 33.33% on the one-year anniversary of service with us and quarterly thereafter at 8.33% and are fully vested at the end of three years. Continuing directors receive an RSU representing 2,500 shares of Common Stock, which vest on the earlier of the applicable date the director ceases to be a member of our Board or on the one year anniversary of the date of grant. Initial and continuing director awards are typically made on the date of our annual meeting of stockholders. Equity awards and vesting schedules are subject to change by the Compensation Committee with approval by the Board.

Director Compensation

The following table provides information with respect to all compensation awarded to, earned by or paid to each person who served as a director for some portion or all of 2015. Other than as set forth in the table and the footnotes thereto and in the narrative above, we did not pay any fees, make any equity or non-equity awards, or pay any other compensation to our directors during 2015.

The “Percentage of Shares Outstanding” column treats as outstanding all shares underlying options that are exercisable within 60 days after March 28, 2016, or vesting

of an RSU held by the directors and named executive officers individually and as a group, but not shares underlying equity awards that are exercisable by other stockholders.

Item 13. Certain Relationships and Related Transactions and Director Independence

Transactions with Related Persons

Related-Person Transactions Policy and Procedures

Any related-person transactions, excluding compensation (whether cash, equity or otherwise), which is delegated to the Compensation Committee, involving one of our directors or executive officers, must be reviewed and approved by the Audit Committee or another independent body of the Board. Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction. Related persons include any of our directors or executive officers, certain of our stockholders and their immediate family members. To identify any related person transactions, each year, we require our directors and executive officers to complete questionnaires identifying any transactions with us in which the executive officer or director or their family members has an interest. In addition, the Governance and Nominating Committee determines, on an annual basis, which members of our Board meet the definition of “independent” as defined in the rules of the NASDAQ Market, and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

Certain Related Person Transactions

Management by Affiliates of Steel Holdings

As of March 28, 2016, Steel Holdings and its affiliates beneficially owned 6,611,799 shares of the Company’s Common Stock, representing approximately 60.8% of our outstanding shares of Common Stock. The power to vote and dispose of the securities held by Steel Holdings and its affiliates is controlled by Steel Holdings GP. Warren G. Lichtenstein, Chairman of our Board, is also the Executive Chairman of Steel Holdings GP. Certain other affiliates of Steel Holdings GP hold positions with the Company, including Jack L. Howard as principal executive officer and Vice Chairman and James F. McCabe, Jr. as Chief Financial Officer.

Management Services Agreement

On August 1, 2012, we entered into the Amended Management Services Agreement with SP Corporate (as amended, the “Management Services Agreement”). SP Corporate is an affiliate of Steel Holdings. Warren Lichtenstein, our Chairman of the Board, is the Chief Executive Officer of SP Corporate, Jack Howard, our principal executive officer and Vice Chairman of the Board, is Senior Vice President of SP Corporate, and James F. McCabe, Jr., our Chief Financial Officer, is President of SP Corporate. Under the Management Services Agreement, as amended, SP Corporate furnishes the services of Jack L. Howard as our principal executive officer, and James F. McCabe, Jr. as our Chief Financial Officer. Additionally, SP Corporate has agreed to furnish to us personnel to perform additional services, which include, without limitation:

- legal, tax accounting, treasury, environmental health and safety, human resources, marketing and investor relations;
- additional executive services;
- international business services;
- information technology services; and

- preparation of our reports for filing with the SEC, to the extent required.

Performance of services under the Management Services Agreement by SP Corporate and its personnel are subject to the oversight of our Audit Committee, and the authority of SP Corporate and its personnel to incur any obligation or enter into any transaction is subject to the prior approval of the Audit Committee or a prior written delegation of authority of the Audit Committee delivered to SP Corporate.

Messrs. Howard and McCabe, as well as the persons that will render the above functions to the Company are made available to us on a non-exclusive basis. However, pursuant to the terms of the Management Services Agreement, all such persons are required to devote such time and effort as is reasonably necessary to fulfill the statutory and fiduciary duties applicable to them in performing such services.

Table of Contents

Under the Management Services Agreement, the annual fee payable to SP Corporate was adjusted to \$8,150,000 effective October 1, 2014, and in 2015 we paid \$8,150,000 to SP Corporate. This amount is subject to review and adjustment by agreement between ourselves and SP Corporate for periods commencing in 2015 and beyond. Additionally, we reimburse SP Corporate and its affiliates for all reasonable and necessary business expenses incurred on our behalf in connection with the performance of the services under the Management Services Agreement. During 2015, we reimbursed SP Corporate and its affiliates an aggregate of approximately \$833,000 for business expenses incurred on our behalf pursuant to the Management Services Agreement.

The Management Services Agreement provides that we are to indemnify and hold harmless SP Corporate and its affiliates and employees (other than the person serving as our principal executive officer, Chief Financial Officer and other persons that may be furnished as officers to us by SP Corporate to perform the above services (the "Designated Persons")) from any claims or liabilities by a third party in connection with activities or the rendering of services under the Management Services Agreement. Pursuant to the Management Services Agreement, we expect to enter into our customary indemnification agreement with the Designated Persons.

The Management Services Agreement has a term of one year, which shall renew for successive one year periods, unless and until terminated in accordance with the terms set forth therein, which include, under certain circumstances, the payment by the Company of termination fees to SP Corporate. The Management Services Agreement was amended effective March 9, 2016 to have SPH Services furnish the services to the Company.

Our Audit Committee approved the entry into the Management Services Agreement. The Audit Committee concluded that the engagement of SP Corporate provides a cost effective solution to the Company for obtaining executive and other necessary services. The services provided under the Management Services Agreements were formerly provided by employees of the Company who were terminated following the sale or wind down of our historical businesses or who became employees of SP Corporate. In negotiating and approving the Management Services Agreement, our Audit Committee, consisting of our "independent" directors as defined by the rules of the NASDAQ Market, considered such issues as the scope of the services to be provided by SP Corporate to the Company, the pricing of any arrangement with SP Corporate and the limits of authority for the outsourced personnel.

Equity Grants to SP Corporate Employees

During 2015, we awarded 68,030 shares of restricted stock in the aggregate to personnel of SP Corporate and its affiliates providing services to us. This amount includes awards of 29,041, 10,890 and 2,775 shares of restricted stock to Messrs. Howard, Quicke and McCabe, respectively. Our Compensation Committee approved this award after taking into account the recommendation of SP Corporate. In addition, each of Messrs. Howard and Quicke received a RSU for 2,500 shares of Common Stock in their capacity as directors pursuant to the policy of RSU grants to all Board members following each annual meeting of stockholders.

Deposits at WebBank

During 2015, we closed an account in which we previously held short-term deposits at WebBank, an affiliate of Steel Holdings. During 2015 we recorded interest income of approximately \$39,000 from such deposits.

Securities Transactions Through Mutual Securities

We use several firms to execute trades of our marketable securities and certain of our other investments. We use Mutual Securities, Inc. ("Mutual Securities"), to execute certain trades, including repurchases of the Company's common stock. Jack Howard, our principal executive officer, is a registered principal of Mutual Securities and receives commission payments from Mutual Securities after deductions for fees and expenses. In 2015, we paid

approximately \$109,000 in commissions to Mutual Securities.

Director Independence

The Board has undertaken its annual review of director independence. During this review, the Board considered all transactions and relationships between each current director and nominee for director or any member of such person's immediate family and the Company, and its subsidiaries and affiliates. The purpose of this review is to determine whether any relationship or transaction is considered a "material relationship" that would be inconsistent with a determination that a director is independent. In assessing the independence of our directors, our Board has reviewed and analyzed the standards for independence required under the NASDAQ Listing Rules, including NASDAQ Listing Rule 5605(a)(2), which includes a series of objective tests, such as that a director may not be our employee or officer, and that the director has not engaged in various types of business dealings with us. The Board affirmatively determined that, of our current directors and director nominees, Messrs. Mutch, Ullman and Valentine qualify as "independent" in accordance with the rules of the NASDAQ Listing Rules.

Audit Committee Pre-Approval Policies and Procedures

Section 10A(i)(1) of the Exchange Act and related SEC rules require that all auditing and permissible non-audit services to be performed by a company's principal accountants be approved in advance by the Audit Committee of the Board, subject to a de minimis exception set forth in the SEC rules (the "De Minimis Exception"). Pursuant to Section 10A(i)(3) of the Exchange Act and related SEC rules, the Audit Committee has established procedures by which the Chairperson of the Audit Committee may pre-approve such services provided the pre-approval is detailed as to the particular service or category of services to be rendered and the Chairperson reports the details of the services to the full Audit Committee at its next regularly scheduled meeting. None of the audit-related or non-audit services described above were performed pursuant to the De Minimis Exception. In fiscal 2015 and 2014, the Audit Committee followed SEC guidelines in approving all services rendered by BDO.
