Section 1 - Registrant's Business and Operations

Item 1.01. Entry into a Material Definitive Agreement

The information in Item 2.03 below is incorporated herein by reference.

Section 2 - Financial Information

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On June 20, 2012, Callon Petroleum Company (the “Company”) completed a \$200 million Fourth Amended and Restated Credit Agreement (the “Amended Credit Agreement”) by and among the Company, the “Lenders” described therein, and Regions Bank as the sole arranger and administrative agent. The Amended Credit Agreement provides for an initial borrowing base of \$60 million, which will be reviewed and re-determined on a semi-annual basis. Currently there are no borrowings outstanding under the Amended Credit Agreement. The maturity date is July 31, 2014. The Amended Credit Agreement replaces the Company's previous borrowing base facility. Borrowings are expected to be used for capital expenditures, repayment of indebtedness and general corporate purposes. The indebtedness of the Company under the Amended Credit Agreement is fully and unconditionally guaranteed by the Company's wholly owned subsidiary, Callon Petroleum Operating Company (“CPOC”), and is secured by a first lien on substantially all of the assets of the Company and CPOC.

The Company may borrow, repay and reborrow amounts up to the borrowing base from time to time. The Company may also have letters of credit issued for its account under the Amended Credit Agreement, in an aggregate amount of up to the greater of \$10 million and 10% of the borrowing base. Voluntary prepayments by the Company are permitted under the Amended Credit Agreement upon proper notice. Borrowings under the Amended Credit Agreement bear interest at a rate equal to the Eurodollar Rate plus the Applicable Margin or the Adjusted Reference Rate plus the Applicable Margin. The Adjusted Reference Rate is the greatest of (x) the reference rate of Regions Bank, (y) the Federal Funds rate plus 0.50%, or (z) the one-month LIBOR plus 1.00%. The Applicable Margin is defined as a percentage determined in accordance with a pricing grid based upon our percentage of utilization of the loans available under the Amended Credit Agreement. The Applicable Margin ranges from 2.50% for Eurodollar Rate Advances or 1.50% for Reference Rate Advances to 3.00% for Eurodollar Rate Advances or 2.00% for Reference Rate Advances. In addition, the Company must pay to the Lenders a commitment fee of 0.50% per annum on the unused portion of the amount available under the Amended Credit Agreement.

The Amended Credit Agreement contains covenants that will limit to an extent the ability of the Company to, among other things, incur or guarantee levels of additional indebtedness; create certain liens; pay dividends on or repurchase stock of the Company or its subsidiaries; or sell assets or merge with another entity. There are also customary financial covenants under the Amended Credit Agreement, including a maximum leverage ratio, a minimum interest coverage ratio and a minimum current ratio. The Amended Credit Agreement includes events of default, which are also customary for facilities of this type including provisions under which, upon the occurrence of an event of default, all outstanding loans under the Amended Credit Agreement may be accelerated.

The foregoing description of the Amended Credit Agreement is qualified in its entirety by reference to the Amended Credit Agreement and related documents, copies of which are filed as Exhibits 10.1 through 10.3 to this Current Report on Form 8-K and are incorporated herein by reference.
