ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD SEPTEMBER 28, 2005

SOLICITATION OF PROXIES

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of BioLife Solutions, Inc., a Delaware corporation (the "Company"), of proxies to be voted at the Annual Meeting of Stockholders of the Company to be held on September 28, 2005 (the "Meeting"), at 10:00 a.m., Eastern Standard Time, at the offices of Breslow & Walker, LLP, 767 Third Avenue, New York, NY 10017, and at any adjournments thereof.

A form of proxy is enclosed for use at the Meeting. The proxy may be revoked by a stockholder at any time before it is voted by execution of a proxy bearing a later date or by written notice to the Secretary of the Company before the Meeting, and any stockholder present at the Meeting may revoke his or her proxy thereat and vote in person if he or she desires. When such proxy is properly executed and returned, the shares of Common Stock, Series F Preferred Stock, and Series G Preferred Stock it represents will be voted at the Meeting in accordance with any instructions noted thereon. If no direction is indicated, all shares of Common Stock, Series F Preferred Stock, and Series G Preferred Stock represented by valid proxies received pursuant to this solicitation (and not revoked prior to exercise) will be voted (i) FOR the election of the nominees for directors named in this Proxy Statement, (ii) FOR the proposed amendment to the Certificate of Incorporation to increase the number of authorized shares of common stock from 25,000,000 to 100,000,000 (the "Common Stock Increase"), (iii) FOR the proposed amendment to the Company's 1998 Stock Option Plan to increase the number of shares of Common Stock reserved for issuance thereunder from 4,000,000 to 10,000,000 (the "Plan Increase"), and (iv) FOR the ratification of the appointment of Aronson & Company to serve as independent auditors for the year ending December 31, 2005, and (v) in accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the Meeting.

The cost for soliciting proxies on behalf of the Board of Directors will be borne by the Company. In addition to solicitation by mail, proxies may be solicited in person or by telephone, telefax, or cable by personnel of the Company who will not receive any additional compensation for such solicitation. The Company may reimburse brokers or other persons holding stock in their names or the names of their nominees for the expenses of forwarding soliciting material to their principals and obtaining their proxies. The approximate date of mailing of this Proxy Statement and accompanying form of proxy is August 26, 2005.

The close of business on August 19, 2005 has been fixed as the record date for

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

the determination of stockholders entitled to notice of and to vote at the Meeting. On that date there were 12,413,209 shares of the Company's Common Stock, par value \$.001 per share ("Common Stock"), issued and outstanding, each of which has one vote on each matter to be presented at the Meeting (the "Proposals"), 12,000 shares of the Company's Series F Convertible Preferred Stock, par value \$.001 ("Series F Preferred Stock"), issued and outstanding, each of which has four hundred (400) votes on each Proposal, and 55.125 shares of the Company's Series G Convertible Preferred Stock, par value \$.001 ("Series G Preferred Stock"), issued and outstanding, each of which has three hundred twelve thousand five hundred (312,500) votes on each Proposal. The holders of Common Stock, the holders of Series F Preferred Stock, and the holders of Series G Preferred Stock will vote together on the proposals as if they held one class of stock. The holders of stock representing a majority of the votes entitled to be cast at the Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Meeting and any adjournments thereof. Election of the Directors requires a plurality of the votes entitled to be cast by holders of stock represented in person or by proxy at the Meeting. Approval of the Common Stock Increase Proposal requires the affirmative vote of the holders of stock representing a majority of the votes entitled to be cast at the Meeting. Approval of the Plan Increase Proposal and the ratification of the independent auditors requires the affirmative vote of the holders of stock representing a majority of shares present in person or represented by proxy at the Meeting and entitled to vote thereon.

All votes will be tabulated by the inspector(s) of election appointed for the Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes shall each be included as shares present and voting for the purpose of determining whether a quorum is present at the Meeting. Abstentions will be counted toward the tabulation of votes cast on the Proposals and will have the same effect as negative votes. Broker non-votes are not counted in determining whether a Proposal has been approved.

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

NOMINEES

Four persons, all of whom are members of the present Board of Directors, are nominees for election at the Annual Meeting to hold office until the next annual meeting and until their respective successors are elected and qualified. Unless authority to vote for any director is withheld in a proxy, it is intended that each proxy will be voted for the four nominees named below.

It is expected that all nominees will be able and willing to serve as directors. However, in the event that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve as director if elected.

REASON FOR SUBMISSION TO STOCKHOLDERS

This Proposal is being submitted to stockholders to satisfy the requirements of the Delaware General Corporation Law.

REQUIRED VOTE

Approval of the nominees for election to the Board of Directors will require the affirmative vote of the holders of stock representing a plurality of the votes

From 1984 to 1987, he was a Professor at, and the Director of, the Institute of Low Temperature Biology at the University of Houston.

Howard S. Breslow has served as a director of the Company since July 1988. He has been a practicing attorney in New York City for 40 years and is a member of the law firm of Breslow & Walker, LLP, New York, New York, which firm serves as general counsel to the Company. Mr. Breslow currently serves as a director of Excel Technology, Inc., a publicly-held company engaged in the manufacture and marketing of photonics-based solutions, consisting of laser systems and electro-optical components, primarily for industrial and scientific applications, and Lucille Farms, Inc., a company engaged in the manufacture and marketing of dairy products.

Roderick de Greef has served as a director of the Company since June 19, 2000. Thomas Girschweiler joined the Board in 2003. Mr. Girschweiler has been engaged in corporate financing activities on his own behalf since 1996. From 1981 to 1996 he was an investment banker with Union Bank of Switzerland. Thomas Girschweiler was graduated at the Swiss Banking School.

DIRECTOR COMPENSATION

The Company has not compensated its directors for their services in such capacity, except that on May 12, 2005, each of the directors received a ten-year fully vested non-incentive stock option to purchase 250,000 shares of the Company's common stock at \$0.08 per share.

4

BOARD MEETINGS

The Board of Directors held meetings or acted by unanimous consent on fourteen (14) occasions during the twelve months ended December 31, 2004. Meetings were attended by all directors. Although the Company does not have a formal policy regarding attendance by the Board of Directors at the Company's Annual Meeting of Stockholders, it strongly encourages directors to attend. Because of financial constraints, the Company did not hold an Annual Meeting of Stockholders last year.

BOARD COMMITTEES

AUDIT COMMITTEE. The Board of Directors does not have an audit committee or an audit committee financial expert. The Company does believe, based on its current operations, that the failure to have such a committee or expert is material to the integrity of the financial statements of the Company.

COMPENSATION COMMITTEE. The Board of Directors does not have a compensation committee. Management compensation for fiscal year 2004 was determined by the non-employee members of the Board of Directors.

NOMINATING COMMITTEE. The Board of Directors has no standing nominating committee. The Company believes that obtaining input from all of its directors in connection with Board nominations enhances the nomination process. The Company currently does not have a charter with regard to the nomination process. The nominations of the directors standing for election or re-election at the Meeting were unanimously recommended for selection by the independent directors (as defined by NASDAQ rules), and were unanimously approved by the Board of Directors.

The Company does not have a formal policy concerning stockholder recommendations of nominees to the Board of Directors. The need for such a policy has not arisen since, to date, the Company has not received any recommendations from stockholders requesting that the Board of Directors consider a candidate for inclusion among the Board's slate of nominees in the Company's proxy statement. The absence of such a policy does not mean, however, that a recommendation would not have been considered had one been received. The Company will consider director candidates recommended by stockholders. Any stockholder desiring to make such a recommendation should send the recommendation, in writing, to the Corporate Secretary at the address of the Company set forth on the first page of this Proxy Statement, no later than the date by which stockholder proposals for action must be submitted. The recommendation should include the recommended candidate's biographical data, and should be accompanied by the candidate's written consent to nomination and to serving as a director, if elected.

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

The Company's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from business and professional experience. The Company does not have any formal rules or policies regarding minimum qualifications for nominees, but expects that its candidates be of the highest ethical character, share the values of the Company, have reputations, both personal and professional, consistent with the image and reputation of the

5

Company, be highly accomplished in their respective field, and possess the relevant expertise and experience necessary to assist the Board of Directors and the Company to increase stockholder value.

The Board of Directors identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Board of Directors decides not to re-nominate a member for re-election, the Board of Directors will seek to identify nominees that possess the characteristics outlined above. Current members of the Board of Directors are polled for suggestions. Research also may be performed to identify qualified individuals. To date, the Company has not engaged third parties to identify, evaluate, or assist in identifying potential nominees, although the Company reserves the right in the future to retain a third party search firm, if necessary.

In evaluating director nominees, the Board of Directors may consider the following factors:

- o the appropriate size and the diversity of the Company's Board of Directors;
- o the needs of the Company with respect to the particular talents and experience of its directors;
- o the knowledge, skills and experience of nominees, including experience in technology, business, or finance, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;
- o familiarity with national and international business matters;
- o experience with accounting rules and practices; and
- o the need to satisfy governance and other standards set by the SEC.

The Board of Directors may also consider such other factors as it may deem to be in the best interests of the Company and its stockholders.

COMMUNICATING WITH DIRECTORS

Stockholders may contact any of our directors or our Board of Directors as a group by writing to them c/o BioLife Solutions, Inc., 171 Front Street, Owego, NY 13827, Att: Dr. John G. Baust. Management compensation for fiscal year 2004 was determined by the non-employee members of the Board. There were no compensation committee interlocks.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Until 2004, the Company conducted its internal research through Small Business Innovative Research ("SBIR") grants awarded by the National Institutes of Health. In 2004, the Company elected to not continue to directly engage in the SBIR grant program. Accordingly, the Company entered into a Research Agreement with Cell Preservation Services, Inc. ("CPSI") to outsource to CPSI all BioLife research currently funded through SBIR grants. CPSI is owned by Dr. John M. Baust, a recognized expert in cell preservation, a former employee of BioLife and the son of John G. Baust, the CEO of BioLife. Robert Van Buskirk, formerly Vice President, Business Development of BioLife and the person primarily responsible for processing applications for SBIR grants for BioLife, also has left the employ of BioLife and joined CPSI. The Research Agreement, which was negotiated on an arms length basis and designed to comply with the rules and regulations applicable to the performance of research with respect to SBIR grants, establishes a format pursuant to which CPSI will (a) take over the processing of existing applications for SBIR grants applied for by BioLife ("Current Projects"), (b) apply for additional SBIR grants for future research projects ("Future Projects"), (c) perform a substantial portion of the principal

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

work to be done, in terms of (i) time spent, and (ii) research, in connection with Current Projects and Future Projects (the "Research"), and (d) utilize BioLife personnel as consultants with respect to such Research. In conjunction therewith BioLife has granted to CPSI a non-exclusive, royalty free license (with no right to sublicense) to use BioLife's technology solely for the purpose of conducting the research in connection with the Current Projects and Future Projects. Pursuant to the Research Contract, (x) BioLife will, among other matters, provide CPSI with (i) suitable facilities in which to conduct the Research, including basic research equipment and office equipment ("Facilities"), and (ii) management services ("Management Services"), and (y) CPSI will (i) accept assignment of Current Projects, (ii) be responsible for conducting Research with respect to Current Projects and Future Projects, (iii) as mutually agreed to by the parties and within the confines of the rules and regulations applicable to the performance of Research with respect to SBIR grants, utilize BioLife's personnel as consultants, (iv) provide suitable experienced personnel, including, without limitation, a principal investigator/program director, to conduct the Research, (v) comply with all federal laws, rules and regulations applicable to SBIR grants and file all necessary forms and reports with the federal agency awarding the SBIR grants, and (vi) utilize the Facilities and Management Services and pay BioLife fees with respect thereto. BioLife is to own all right, title and interest in and to any technology, inventions, designs, ideas, and the like (whether or not patentable) that emanates from the Current Projects, Future Projects and Research.

counsel to the Company. Mr. Breslow currently owns 53,600 shares of Common Stock of the Company and directly or indirectly owns options and warrants to purchase an aggregate of 2,477,910 additional shares. Thomas Girschweiler, a director of the Company, loaned the Company, in the form of notes, \$250,000, \$100,000 and \$100,000 in March 2002, March 2003 and May 2003, respectively. The notes accrued interest at the rate of 10% per annum. On March 1, 2004, the Company paid Mr. Girschweiler \$515,418, including principal and accrued interest, in satisfaction of the outstanding notes.

REPORT OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

COMPENSATION GUIDELINES

The Company is engaged in a highly competitive industry and must attain high levels of quality and safety in the formulation and production of its products. To succeed, the Company believes that it must offer executive compensation that reflects competitive pay practices of other companies and job responsibility, and enables the Company to attract, retain, and reward qualified, experienced executives. The Company also believes that any competitive pay package should be structured, in part, to align management's interests with the success of the Company by making a portion of compensation dependent on operating achievements and, to a lesser extent, on stock performance. The non-employee members of the Board of Directors have determined that these objectives are best met by offering the Company's executive officers competitive base salaries, stock options that vest over time, and, where appropriate, bonuses based on the achievement of milestones, as determined by the Board of Directors.

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

CHIEF EXECUTIVE OFFICER COMPENSATION

Based on the criteria described above, the non-employee members of the Board of Directors ratified the automatic renewal provision of Dr. Baust's employment contract in 2004. In making the determination, the non-employee directors considered several factors including the Company's revenues, losses, and cash-flow and future business prospects. Dr. Baust did not receive a bonus in 2004.

PROPOSAL NO. 2 - AMEND THE CERTIFICATE OF INCORPORATION TO EFFECT THE COMMON STOCK INCREASE

REASON FOR SUBMISSION TO STOCKHOLDERS

The Board of Directors unanimously adopted a resolution proposing that Article Four of the Company's Certificate of Incorporation be amended to increase the number of shares of Common Stock that the Company is authorized to issue from 25,000,000 to 100,000,000 shares. This proposal is being submitted to stockholders to satisfy the requirements of the Delaware General Corporation Law.

REASONS FOR INCREASING THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Presently, the charter authorizes the issuance of 25,000,000 shares of Common Stock, of which 12,413,209 shares of Common Stock are issued and outstanding.

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

Also, there are outstanding (i) shares of Series F Preferred Stock convertible into 4,800,000 shares of Common Stock, (ii) shares of Series G Preferred Stock convertible into 17,226,563 shares of Common Stock, (iii) warrants and options exercisable into an aggregate of 30,777,858 shares of Common Stock, and (iv) 4,365,432 shares of Common Stock earned as dividends on Preferred Stock. Assuming the conversion/exercise of all outstanding Series F Preferred Stock, Series G Preferred Stock, and warrants and options, there would be 69,583,062 shares of Common Stock issued and outstanding. Thus, there are not a sufficient number of authorized shares of Common Stock available for the Company to meet its outstanding commitments as well as to provide the Company with flexibility in connection with various corporate purposes, including possible future financings and stock option grants. In connection with the issuance of various securities convertible/exercisable into shares of Common Stock, the Company undertook to amend its certificate of incorporation to increase the number of authorized shares of Common Stock so as to meet its commitments upon the conversion/exercise of such securities (the "Committed Shares").

EFFECTS OF THE COMMON STOCK INCREASE

The Common Stock Increase will not alter the par value of the Common Stock or the rights of stockholders. It will allow the Company to meet its commitments to those security holders who are entitled to the Committed Shares. To the extent the Company issued shares of common stock over and above the amount required to satisfy its commitments to current security holders, such issuances would reduce the proportionate interests in the Company held by current stockholders as well as those who receive the Committed Shares.

NO RIGHT OF APPRAISAL

Under the Delaware General Corporation Law, dissenting stockholders are not entitled to appraisal rights with respect to the Common Stock Increase, and the Company will not provide stockholders with any such right.

15

METHOD OF EFFECTING THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION

The Common Stock Increase shall become effective, automatically and without further action by the stockholders, upon the filing with the Delaware Secretary of State of an appropriate Certificate of Amendment to the Certificate of Incorporation. The complete text of such amendment is set forth in Exhibit A hereto.

VOTING REQUIREMENT

Approval of the Common Stock Increase requires the affirmative vote of the holders of stock representing a majority of the votes entitled to be cast at the Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE PROPOSED AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO EFFECT THE COMMON STOCK INCREASE.

16

PROPOSAL NO. 3 - AMEND THE 1998 STOCK OPTION PLAN

REASONS FOR THE PLAN INCREASE

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

The Company's 1998 Stock Option Plan (the "Plan") was adopted by the Board of Directors in August 1998 and approved by stockholders at a special meeting in December 1998. Currently, the Plan allows for a maximum of 4,000,000 shares of Common Stock (subject to adjustment to cover stock splits, stock dividends, recapitalizations, and other capital adjustments) to be issued pursuant to the Plan. In contemplation of increasing the number of shares of Common Stock covered by the Plan, and subject to approval of the Plan Increase by the stockholders of the Company, options were granted to employees and directors of and consultants to the Company over and above those currently authorized by the Plan. In order to honor the commitments made in connection with such grants, and to provide the Company with sufficient flexibility for future grants, the Board of Directors amended the Plan, subject to the approval of the Company's stockholders, to increase to 10,000,000 the maximum number of shares of Common Stock that may be issued pursuant to the Plan (subject to adjustment to cover stock splits, stock dividends, recapitalizations, and other capital adjustments). The proposal to approve the Plan Increase is now being submitted to stockholders for their approval.

A summary of the Plan as proposed to be amended is set forth below. The summary does not purport to be complete and is qualified in its entirety by the text of the Plan as proposed to be amended, a copy of which is attached to this Proxy Statement as Annex B.

SUMMARY OF PLAN

The Plan covers 10,000,000 shares of Common Stock (subject to adjustment to cover stock splits, stock dividends, recapitalizations, and other capital adjustments). The options granted under the Plan are designated as incentive stock options or non-incentive stock options by the Board of Directors or a committee thereof, which also have discretion as to the persons to be granted options, the number of shares subject to the options, and the terms of the option agreements. Only employees (including officers) of the Company and its affiliates may be granted incentive stock options. The options to be granted under the Plan and designated as incentive stock options are intended to receive incentive stock option tax treatment pursuant to Section 422 of the Internal Revenue Code of 1986, as amended (the "Code").

The Plan provides that all options thereunder shall be exercisable during a period of no more than ten years from the date of grant (five years for options granted to holders who own more than 10% of the total combined voting power of all classes of stock of the Company), depending upon the specific stock option agreement, and that the option exercise price for incentive stock options shall be at least equal to 100% of the fair market value of the Common Stock at the time of grant (110% for options granted to holders who own more than 10% of the total combined voting power of all classes of stock of the Company). In addition, the aggregate fair market value (determined on the date of grant) of the Common Stock with respect to which incentive stock options are exercisable for the first time by an employee during any calendar year shall not exceed \$100,000.

The Plan permits optionees whose employment is terminated without cause and other than by

reason of death, disability or retirement at age 65, to exercise their options prior to the expiration thereof or within three months, or such longer period as the Board of Directors (or a committee thereof) may decide on a case by case basis, of termination, whichever is earlier, but only to the extent the holder had the right to exercise such options on the date of termination. If the employment of an optionee is terminated for cause and other than by reason of

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

death, disability or retirement at age 65, any options granted to the optionee will terminate automatically. If employment is terminated by reason of disability or retirement at age 65, the optionee may exercise his options at any time prior to the expiration thereof or within one year from the date of termination (three months from the date of termination in the event of termination by reason of retirement at age 65), whichever is earlier, but only to the extent the holder had the right to exercise such options on the date of termination. If employment is terminated by death, the person or persons to whom the optionee's rights under the option are transferred by will or the laws of descent and distribution have similar rights of exercise within three months after such death (but not after the expiration of the option). Options are not transferable otherwise than by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order as defined under the Code or Title I of the Employee Retirement Income Security Act or the rules thereunder, and are exercisable during the optionee's lifetime only by the optionee. Shares subject to options which expire or terminate may be the subject of future options. The Plan terminates on August 30, 2008.

If shares are issued to the holder of a non-incentive option under the Plan (a) no income will be recognized by the holder at the time of grant of the option; (b) except as stated below, upon exercise of the option, the holder will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the shares over the option price; (c) if the holder exercising the option is restricted from selling the shares so acquired because the holder is an officer or director of the Company and would be subject to liability under Section 16(b) of the Exchange Act, then, unless the holder makes an election to be taxed under the rule of clause (b) above, the holder will recognize taxable ordinary income, at the time such Section 16(b) restriction terminates, equal to the excess of the fair market value of the shares at that time over the option price, and any dividends he or she receives on the shares before that time will be taxable to him or her as income; (d) the Company will be entitled to a deduction at the same time and in the same amount as the holder has income under clause (b) or (c); and (e) upon a sale of shares so acquired, the holder may have additional short-term or long-term capital gain or loss.

If shares are issued to the holder of an incentive stock option under the Plan, (a) no income will be recognized by such holder at the time of the grant of the option or the transfer of shares to the holder pursuant to his or her exercise of the option; (b) the difference between the option price and the fair market value of the shares at the time of exercise will be treated as an item of tax preference to the holder; (c) no deduction will be allowed to the Company for federal income tax purposes in connection with the grant or exercise of the option; and (d) upon a sale or exchange of the shares after the later of (i) one year from the date of transfer of the shares to the original holder, or (ii) two years from the date of grant of the option, any amount realized by the holder in excess of the option price will be taxed to the holder as a long-term capital gain, and any loss sustained by the holder will be a long-term capital loss. If the shares are disposed of before the holding period requirements described in the preceding sentence are satisfied, (aa) the holder will recognize taxable ordinary income in the year of disposition in an amount determined under the rules of the Code; (bb) the Company will be entitled to a deduction for such year in the amount

18

of the ordinary income so recognized; (cc) the holder may have additional long-term or short-term capital gain or loss; and (dd) the tax preference provision might not be applicable.

The Plan provides for the cashless payment of the exercise price of options granted under the Plan by (a) delivery to the Company of shares of Common Stock

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

having a fair market value equal to such purchase price, (b) irrevocable instructions to a broker to sell shares of Common Stock to be issued upon exercise of the option, followed by delivery to the Company of the amount of sale proceeds necessary to pay such purchase price, and delivery of the remaining cash proceeds less commissions and brokerage fees to the optionee or delivery of the remaining shares of Common Stock to the optionee, or (c) by any combination of the methods of payment described in (a) and (b) above.

The Plan also provides that in the event any distribution consists of securities (including common stock) held by the Company in any subsidiary or any other company, then (i) with respect to securities of a subsidiary, each holder of options under the Plan on the record date for such distribution shall be entitled to receive options to purchase such number of such securities as is equal to the number of securities such holder would have received had he exercised all of his options under the Plan (vested and unvested) and owned the common stock in the Company underlying such options, which options in the subsidiary shall be vested or shall vest to the same extent as such holder's options in the Company, and, generally, shall contain such provisions as to put such holder in the same equitable position such holder was in prior to the distribution, including an allocation of the exercise price for the options issued under this Plan to both such option and the options in the subsidiary, and (ii) with respect to securities of another company, each holder of options under the Plan on the record date for such distribution shall be entitled to receive such number of securities as such holder would have received had he exercised all of his options under the Plan (vested and unvested) and owned the common stock in the Company underlying such options, which securities shall be vested or shall vest to the same extent as such holder's options in the Company. To the extent such securities do not vest in the holder, they shall be retained by the Company.

If the shares of Common Stock outstanding are changed in number, kind, or class by reason of a stock split, combination, merger, consolidation, reorganization, reclassification, exchange, or any capital adjustment, including a stock dividend, or if any distribution is made to stockholders other than a cash dividend and the Board of Directors (or Committee) deems it appropriate to make an adjustment, then (i) the aggregate number and class of shares that may be issued under the Plan, (ii) the number and class of shares which are issuable under outstanding options, and (iii) the purchase price to be paid per share under outstanding options, shall be adjusted in a proportionate and equitable manner by the Board of Directors.

In the event of a liquidation of the Company, or a merger, reorganization, or consolidation of the Company with any other corporation in which the Company is not the surviving corporation or the Company becomes a wholly-owned subsidiary of another corporation, any unexercised options theretofore granted under the Plan shall be deemed canceled unless the surviving corporation in any such merger, reorganization, or consolidation elects to assume the options under the Plan or to issue substitute options in place thereof; provided, however, if such options would otherwise be canceled in accordance with the foregoing, the optionee shall have the right,

19

exercisable during a ten-day period immediately prior to such liquidation, merger, or consolidation, to exercise the option, in whole or in part. The granting of an option pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reorganizations, reclassifications, or changes of its capital or business structure or to merge, consolidate, dissolve, liquidate, or sell or transfer all or any part of its business or assets.

(as amended May 10, 2001)

1. PURPOSE OF PLAN. The purpose of this 1998 Stock Option Plan (the "Plan") is to further the growth and development of BioLife Solutions, Inc. (the "Company") by encouraging and enabling employees, officers, and directors of, and consultants and advisors to, the Company to obtain a proprietary interest in the Company through the ownership of stock (thereby providing such persons with an added incentive to continue in the employ or service of the Company and to stimulate their efforts in promoting the growth, efficiency, and profitability of the Company), and affording the Company a means of attracting to its service persons of outstanding quality.

2. SHARES OF STOCK SUBJECT TO THE PLAN. Subject to the provisions of Section 12 hereof, an aggregate of 10,000,000 shares of the common stock, par value \$.001 per share, of the Company ("Common Stock") shall be reserved for issuance upon the exercise of options which may be granted from time to time in accordance with the Plan. As the Board of Directors of the Company ("Board of Directors") shall from time to time determine, such shares may be, in whole or in part, authorized but unissued shares or issued shares which have been reacquired by the Company. If, for any reason, an option shall lapse, expire, or terminate without having been exercised in full, the unpurchased shares underlying such option shall (unless the Plan shall have been terminated) again be available for issuance pursuant to the Plan.

3. ADMINISTRATION.

(a) The Board of Directors shall administer the Plan and, subject to the provisions of the Plan, shall have authority to determine and designate from time to time those persons eligible for a grant of options under the Plan, those persons to whom options are to be granted, the purchase price of the shares covered by each option, the time or times at which options shall be granted, and the manner in which said options are exercisable. In making such determination, the Board of Directors may take into account the nature of the services rendered by the respective persons, their present and potential contributions to the Company's success, and such other factors as the Board of Directors in its sole discretion shall deem relevant. Subject to the express provisions of the Plan, the Board of Directors also shall have authority to interpret the Plan, to prescribe, amend, and rescind rules and regulations relating to the Plan, to determine the terms and provisions of the instruments by which options shall be evidenced (which shall not be inconsistent with the terms of the Plan), and to make all other determinations necessary or advisable for the administration of the Plan, all of which determinations shall be final, binding, and conclusive.

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

(b) The Board of Directors may, at its discretion, in accordance with the provisions of the Company's By-Laws, appoint from among its members a Stock Option or Compensation Committee (the "Committee"). The Committee shall be composed of two or more directors and shall have and may exercise any and all of the powers relating to the administration of the Plan and

the grant of options hereunder as are set forth above in Section 3(a), as the Board of Directors shall confer and delegate. The Board of Directors shall have the power at any time to fill vacancies in, to change the membership of, or to discharge, the Committee. The Committee shall select one of its members as its Chairman and shall hold its meetings at such time and at such places as it shall deem advisable. A majority of the Committee shall constitute a quorum and such majority shall determine its action. The Committee shall keep minutes of its proceedings and shall report the same to the Board of Directors at the meeting next succeeding. No director or member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any option granted thereunder.

4. PERSONS TO WHOM SHARES MAY BE GRANTED.

(a) Options may be granted to persons who are, at the time of the grant, employees (including part-time employees), officers, and directors of, or consultants or advisors to, the Company or any subsidiary corporation (as defined in Section 425 of the Internal Revenue Code of 1986, as amended (the "Code"), a "Subsidiary") as the Board of Directors (or Committee) shall select from time to time from among those nominated by the Board of Directors (or Committee). For the purposes of the Plan, options only may be granted to those consultants and advisors who shall render bona fide services to the Company and such services must not be in connection with the offer or sale of securities in a capital raising transaction. Subject to the provisions hereinafter set forth, options granted under the Plan shall be designated either (i) "Incentive Stock Options" (which term, as used herein, shall mean options intended to be "incentive stock options" within the meaning of Section 422 of the Code) or (ii) "Non-Incentive Stock Options" (which term, as used herein, shall mean options not intended to be incentive stock options" within the meaning of Section 422 of the Code). Each option granted to a person who is solely a director of, or consultant or advisor to, the Company or a Subsidiary on the date of the grant shall be designated a Non-Incentive Stock Option.

(b) The Board of Directors (or Committee) may grant, at any time, new options to a person who has previously received options, whether such prior options are still outstanding, have previously been exercised in whole or in part, have expired, or are canceled in connection with the issuance of new options. The purchase price of the new options may be established by the Board of Directors (or Committee) without regard to the existing option price.

5. OPTION PRICE.

(a) The purchase price of the Common Stock underlying each option shall be determined by the Board of Directors (or Committee), which determination shall be final, binding, and conclusive; provided, however, in no event shall the purchase price of Incentive Stock Options be less than 100% (110% in the case of optionees who own more than 10% of the total combined voting power of all classes of stock of the Company) of the fair market value of the Common Stock on the date the option is granted. In determining such fair market value, the Board of Directors (or Committee) shall consider (i) the last sale price of the Common Stock on the date on which the option is granted or, if no such reported sale takes place on such day, the last reported bid price on such day, on NASDAQ or on the principal national securities exchange on which the Common

Stock is admitted to trading or listed, or (ii) if not listed or admitted to trading on NASDAQ or a national securities exchange, the closing bid price as quoted by the National Quotation Bureau or a recognized dealer in the Common Stock on the date of grant. If the Common Stock is not publicly traded at the time an option is granted, the Board of Directors (or Committee) shall deem fair market value to be the fair value of the Common Stock after taking into account appropriate factors which may be relevant under applicable federal tax laws and Internal Revenue rules and regulations. For purposes of the Plan, the date of grant of an option shall be the date specified by the Board of Directors (or Committee) at the time it grants such option; provided, however, such date shall not be prior to the date on which the Board of Directors (or Committee) acts to approve the grant.

(b) The aggregate fair market value (determined at the time the Incentive Stock Options are granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an employee during any calendar year shall not exceed \$100,000. Non-Incentive Stock Options shall not be subject to the limitations of this paragraph 5(b).

6. EXERCISE OF OPTIONS.

(a) The number of shares which are issued pursuant to the exercise of an option shall be charged against the maximum limitations on shares set forth in Section 2 hereof.

(b) The exercise of an option shall be made contingent upon receipt by the Company from the holder thereof of (i) if deemed necessary by the Company, a written representation and acknowledgement that (1) at the time of such exercise it is the holder's then present intention to acquire the option shares for investment and not with a view to distribution or resale thereof, (2) the holder knows that the Company is not obligated to register the option shares and that the option shares may have to be held indefinitely unless an exemption from the registration requirements of the Securities Act of 1933, as amended (the "Act"), is available or the Company has registered the shares underlying the options, and (3) the Company may place a legend on the certificate(s) evidencing the option shares reflecting the fact that they were acquired for investment and cannot be sold or transferred unless registered under the Act, and (ii) payment in full of the purchase price of the shares being purchased. Payment may be made in cash; by certified check payable to the order of the Company in the amount of such purchase price; by delivery to the Company of shares of Common Stock having a fair market value equal to such purchase price; by irrevocable instructions to a broker to sell shares of Common Stock to be issued upon exercise of the option and to deliver to the Company the amount of sale proceeds necessary to pay such purchase price and to deliver the remaining cash proceeds, less commissions and brokerage fees, to the optionee; or by any combination of such methods of payment.

7. TERM OF OPTIONS. The period during which each option granted hereunder shall be exercisable shall be determined by the Board of Directors (or Committee); provided, however, no option shall be exercisable for a period exceeding ten (10) years from the date such option is granted.

8. NON-TRANSFERABILITY OF OPTIONS. No option granted pursuant to the Plan shall be subject to

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

anticipation, sale, assignment, pledge, encumbrance, or charge, or shall be otherwise transferable except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order (as defined by the Code or Title I of the Employee Retirement Income Security Act or the rules thereunder), and an option shall be exercisable during the lifetime of the holder thereof only by such holder.

9. TERMINATION OF SERVICES. If an employee, officer, or director to whom an option has been granted under the Plan shall cease to be an employee, officer, or director of the Company or a Subsidiary by reason of a termination of such relationship without cause and other than by reason of death or disability, such holder may exercise such option at any time prior to the expiration date of the options or within three months (or such longer period as the Board of Directors (or Committee) may decide on a case by case basis) after the date of termination, whichever is earlier, but only to the extent the holder had the right to exercise such option on the date of termination. If an employee, officer, or director to whom an option has been granted under the Plan shall cease to be an employee, officer, or director of the Company or a Subsidiary by reason of a termination of such relationship for cause and other than by reason of death or disability, such options shall terminate, lapse, and expire forthwith and automatically. So long as the holder of an option shall continue to be in the employ, or continue to be a director, of the Company or one or more of its Subsidiaries, such holder's option shall not be affected by any change of duties or position. Absence on leave approved by the employing corporation shall not be considered an interruption of employment for any purpose under the Plan. The granting of an option in any one year shall not give the holder of the option any rights to similar grants in future years or any right to be retained in the employ or service of the Company or any of its Subsidiaries or interfere in any way with the right of the Company or any such Subsidiary to terminate such holder's employment or services at any time. Notwithstanding the foregoing, no option may be exercised after ten years from the date of its grant.

10. DISABILITY OF HOLDER OF OPTION. If any employee, officer, or director to whom an option has been granted under the Plan shall cease to be an employee, officer, or director of the Company or a Subsidiary by reason of disability, such holder may exercise such option at any time prior to the expiration date of the option or within one year after the date of termination for such reason, whichever is earlier, but only to the extent the holder had the right to exercise such option on the date of termination. Notwithstanding the foregoing, no option may be exercised after ten years from the date of its grant. For the purposes of the Plan, "disability" shall mean "permanent and total disability" as defined in Section 22(e)(3) of the Code.

11. DEATH OF HOLDER OF OPTION. If any employee, officer, or director to whom an option has been granted under the Plan shall cease to be an employee, officer, or director of the Company or a Subsidiary by reason of death, or such holder of an option shall die within three months after termination, or in the case of the death of an advisor or consultant to whom an option has been granted under the Plan, the option may be exercised by the person or persons to whom the optionee's rights under the option are transferred by will or by the laws of descent and distribution at any time prior to the expiration date of the option or, in the case of an employee, officer, or director, within three months from the date of death, whichever is earlier, but only to the extent the holder of the option had the right to exercise such option on the date of such termination. Notwithstanding the foregoing, no option may be exercised after ten years from the date of its grant.

12. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION.

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

(a) If the shares of Common Stock outstanding are changed in number, kind, or class by reason of a stock split, combination, merger, consolidation, reorganization, reclassification, exchange, or any capital adjustment, including a stock dividend, or if any distribution is made to stockholders other than a cash dividend and the Board of Directors (or Committee) deems it appropriate to make an adjustment, then (i) the aggregate number and class of shares that may be issued or transferred pursuant to Section 2, (ii) the number and class of shares which are issuable under outstanding options, and (iii) the purchase price to be paid per share under outstanding options, shall be adjusted as hereinafter provided. In the event any distribution consists of common stock held by the Company in any subsidiary, then each holder of options under this Plan on the record date for such distribution shall be entitled to receive options to purchase such number of shares of such common stock as is equal to the number of shares of common stock such holder would have received had such holder exercised all of such holder's options under this Plan (vested and unvested) and owned the common stock in the Company underlying such options, which options in the subsidiary shall be vested or shall vest to the same extent as such holder's options in the Company, and, generally, shall contain such provisions as to put such holder in the same equitable position such holder was in prior to the distribution, including an allocation of the exercise price for the options issued under this Plan to both such options and the options in the subsidiary.

(b) Adjustments under this Section 12 shall be made in a proportionate and equitable manner by the Board of Directors (or Committee), whose determination as to what adjustments shall be made, and the extent thereof, shall be final, binding, and conclusive. In the event that a fraction of a share results from the foregoing adjustment, said fraction shall be eliminated and the price per share of the remaining shares subject to the option adjusted accordingly.

(c) In the event of a liquidation of the Company, or a merger, reorganization, or consolidation of the Company with any other corporation in which the Company is not the surviving corporation or the Company becomes a wholly-owned subsidiary of another corporation, any unexercised options theretofore granted under the Plan shall be deemed canceled unless the surviving corporation in any such merger, reorganization, or consolidation elects to assume the options under the Plan or to issue substitute options in place thereof; provided, however, if such options would otherwise be canceled in accordance with the foregoing, the optionee shall have the right, exercisable during a ten-day period immediately prior to such liquidation, merger, or consolidation, to exercise the option, in whole or in part. The granting of an option pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reorganizations, reclassifications, or changes of its capital or business structure or to merge, consolidate, dissolve, liquidate, or sell or transfer all or any part of its business or assets.

13. VESTING OF RIGHTS UNDER OPTIONS. Nothing contained in the Plan or in any resolution adopted or to be adopted by the Board of Directors (or Committee) or the stockholders of the Company shall constitute the vesting of any rights under any option. The vesting of such rights shall take place only when a written agreement shall be duly executed and delivered by and on

5

behalf of the Company to the person to whom the option shall be granted.

14. RIGHTS AS A STOCKHOLDER. A holder of an option shall have no rights of a stockholder with respect to any shares covered by such holder's option until the date of issuance of a stock certificate to such holder for such shares.

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

15. TERMINATION AND AMENDMENT. The Plan was adopted by the Board of Directors on August 31, 1998, subject, with respect to the validation of Incentive Stock Options granted under the Plan, to approval of the Plan by the stockholders of the Company at the next Meeting of Stockholders or, in lieu thereof, by written consent. If the approval of stockholders is not obtained prior to August 30 1999, any grants of Incentive Stock Options under the Plan made prior to that date will be rescinded. The Plan shall expire at the end of the day on August 30, 2008 (except as to options outstanding on that date). Options may be granted under the Plan prior to the date of stockholder approval of the Plan. The Board of Directors (or Committee) may terminate or amend the Plan in any respect at any time, except that, without the approval of the stockholders obtained within 12 months before or after the Board of Directors (or Committee) adopts a resolution authorizing any of the following actions, (a) the total number of shares that may be issued under the Plan may not be increased (except by adjustment pursuant to paragraph 12); (b) the provisions regarding eligibility for grants of Incentive Stock Options may not be modified; (c) the provisions regarding the exercise price at which shares may be offered pursuant to Incentive Stock Options may not be modified (except by adjustment pursuant to paragraph 12), and (d) the expiration date of the Plan may not be extended. Except as otherwise provided in this paragraph 15, in no event may action of the Board of Directors (or Committee) or stockholders alter or impair the rights of an optionee, without such optionee's consent, under any option previously granted to such optionee.

16. MODIFICATION, EXTENSION AND RENEWAL OF OPTIONS. Subject to the terms and conditions and within the limitations of the Plan, the Board of Directors (or Committee) may modify, extend, or renew outstanding options granted under the Plan, or accept the surrender of outstanding options (to the extent not theretofore exercised) and authorize the granting of new options in substitution therefor. Notwithstanding the foregoing, no modification of an option shall, without the consent of the holder thereof, alter or impair any rights or obligations under any option theretofore granted under the Plan.

17. CONVERSION OF INCENTIVE STOCK OPTIONS INTO NON-QUALIFIED OPTIONS. Without the prior written consent of the holder of an Incentive Stock Option, the Board of Directors (or Committee) shall not alter the terms of such Incentive Stock Option (including the means of exercising such Incentive Stock Option) if such alteration would constitute a modification within the meaning of Section 424(h)(3) of the Code. The Board of Directors (or Committee), at the written request or with the written consent of any optionee, may in its discretion take such actions as may be necessary to convert such optionee's Incentive Stock Options (or any installments or portions of installments thereof) that have not been exercised on the date of conversion into Non-Incentive Stock Options at any time prior to the expiration of such Incentive Stock Options, regardless of whether the optionee is an employee of the Company at the time of such conversion. Such actions may include, but shall not be limited to, extending the exercise period or reducing the exercise price of the appropriate installments of such Incentive Stock Options. At the time of such conversion, the

6

Board of Directors (or Committee) (with the consent of the optionee) may impose such conditions on the exercise of the resulting Non-Incentive Stock Options as the Board of Directors (or Committee) in its discretion may determine, provided that such conditions shall not be inconsistent with the Plan. Nothing in the Plan shall be deemed to give any optionee the right to have such optionee's Incentive Stock Options converted into Non-Incentive Stock Options, and no such conversion shall occur until and unless the Board of Directors (or Committee) takes appropriate action.

18. WITHHOLDING OF ADDITIONAL INCOME TAXES. Upon the exercise of a

Edgar Filing: BIOLIFE SOLUTIONS INC - Form PRE 14A

Non-Incentive Stock Option, the transfer of a Non-Incentive Stock Option pursuant to an arm's length transaction, the making of a Disqualifying Disposition (as described in Sections 421, 422 and 424 of the Code and regulations thereunder), the vesting of transfer of restricted stock or securities acquired on the exercise of an option hereunder, or the making of a distribution or other payment with respect to such stock or securities, the Company may withhold taxes in respect of amounts that constitute compensation includible in gross income. The Board of Directors (or Committee) in its discretion may condition the exercise of an option, the transfer of a Non-Incentive Stock Option, or the vesting or transferability of restricted stock or securities acquired by exercising an option on the optionee's making satisfactory arrangement for such withholding. Such arrangement may include payment by the optionee in cash or by check of the amount of the withholding taxes or, at the discretion of the Board of Directors (or Committee), by the optionee's delivery of previously held shares of Common Stock or the withholding from the shares of Common Stock otherwise deliverable upon exercise of option shares having an aggregate fair market value equal to the amount of such withholding taxes.

19. INDEMNIFICATION. In addition to such other rights of indemnification as they may have as members of the Board of Directors (or Committee), the members of the Board of Directors (or Committee) administering the Plan shall be indemnified by the Company against reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit, or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any option granted thereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any action, suit, or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit, or proceeding that such member is liable for negligence or misconduct in the performance of his duties, and provided that within 60 days after institution of any such action, suit, or proceeding, the member shall in writing offer the Company the opportunity, at its own expense, to handle and defend the same.

20. GOVERNING LAW. The validity and construction of the Plan and the instruments evidencing options shall be governed by the laws of Delaware, or the laws of any jurisdiction in which the Company or its successors in interest may be organized.
