ANNUAL MEETING OF SHAREHOLDERS TO BE HELD
May 13, 2009**

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Trustees (Board of Trustees, Trustees or Board) of Acadia Realty Trust (the Company) for use at the annual meeting of shareholders scheduled to be held on Wednesday, May 13, 2009, at 10:00 a.m., local time, at the Company s corporate offices, which are located at 1311 Mamaroneck Avenue, Suite 260, White Plains, New York 10605, or any postponement or adjournment thereof (the Annual Meeting). This Proxy Statement and accompanying form of proxy were first sent to shareholders on or about April 9, 2009.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to be Held on May 13, 2009 This Proxy Statement and the Company s 2008 Annual Report to shareholders are available at www.acadiarealty.com/proxy.

The Company will bear the costs of the solicitation of its proxies in connection with the Annual Meeting, including the costs of preparing, assembling and mailing proxy materials and the handling and tabulation of proxies received. In addition to solicitation of proxies by mail, the Company s Board of Trustees, officers and employees may solicit proxies in connection with the Annual Meeting by telephone, telegram, personal interviews or otherwise. Trustees, officers and employees will not be paid any additional compensation for soliciting proxies. Arrangements have been made with brokerage firms, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of common shares of beneficial interest, par value \$.001 of the Company, (the Common Shares) held of record by such persons or firms with their nominees, and in connection therewith, such firms will be reimbursed for their reasonable out-of-pocket expenses in forwarding such materials.

All properly executed and unrevoked proxies in the accompanying form that are received in time for the Annual Meeting will be voted at the Annual Meeting in accordance with the specification thereon. If no specification is made, signed proxies will be voted FOR each of the proposals set forth in the Notice of Annual Meeting. Any shareholder executing and delivering a proxy has the right to revoke such proxy at any time prior to the voting thereof by notice to the Company. In addition, although mere attendance at the Annual Meeting will not revoke a proxy, a person present at the Annual Meeting may withdraw his or her proxy and vote in person at that time. Any written notice revoking a proxy should be delivered at or prior to the Annual Meeting to the attention of the Secretary, Acadia Realty Trust, 1311 Mamaroneck Avenue, Suite 260, White Plains, New York 10605.

The Board of Trustees recommends a vote FOR each of the proposals.

OUTSTANDING SHARES AND VOTING RIGHTS

The outstanding capital shares of the Company as of March 31, 2009 consisted of 33,916,992 Common Shares. Holders of Common Shares are entitled to one vote for each Common Share registered in their names on the record date. The Board of Trustees has fixed the close of business on March 31, 2009 as the record date for determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. The presence, in person or by proxy, of the holders of Common Shares entitled to cast at least a majority of the votes of the outstanding Common Shares on March 31, 2009 will constitute a quorum to transact business at the Annual Meeting.

The approval of a majority of the votes cast by holders of Common Shares in person or by proxy at the Annual Meeting in the election of Trustees will be required to elect the nominees for Trustees at the Annual Meeting. There is no cumulative voting in the election of Trustees. The approval of a majority of the votes cast by holders of Common Shares in person or by proxy at the Annual Meeting

will be required for the ratification of the appointment of BDO Seidman, LLP as the independent registered public accounting firm.

Proxies marked abstain and which have not voted on a particular proposal are included in determining a quorum for the Annual Meeting. Abstentions are not treated as votes cast in the election of Trustees or in the ratification of the appointment of the independent registered public accounting firm, and thus are not the equivalent of votes against a nominee or against the ratification of the appointment of BDO Seidman, LLP as the independent registered public accounting firm, as the case may be, and will not affect the vote with respect to these matters. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner (despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions). Broker non-votes, if any, will have no effect and will not be counted towards the vote total for any proposal.

PROPOSAL 1 ELECTION OF TRUSTEES

There are seven nominees for election as Trustees for one-year terms, expiring in 2010 or until their successors are elected. Election of each Trustee requires the approval of the majority of the votes cast by the holders of Common Shares in person or by proxy at the Annual Meeting.

The Company's Declaration of Trust provides that the Board of Trustees may be composed of up to a maximum of 15 members. Pursuant to a resolution of the Board, the Board of Trustees currently consists of seven Trustees, each of whom serves until the next annual meeting and until his or her successor is duly elected and qualified. As stated elsewhere herein, the enclosed proxy will be voted for the election as Trustee of each nominee whose name is set forth below unless a contrary instruction is given. All of the nominees currently serve as Trustees of the Company. Management believes that all of its nominees are willing and able to serve the Company as Trustees. If any nominee at the time of election is unable or unwilling to serve or is otherwise unavailable for election, and as a consequence thereof, other nominees are designated, the persons named in the enclosed proxy or their substitutes will have the discretion and authority to vote or refrain from voting for other nominees in accordance with their judgment. The Board of Trustees has a Nominating and Corporate Governance Committee.

Trustee Independence

With six independent Trustees out of seven, the Board has satisfied its objective that a majority of the Board should consist of independent Trustees. The Board of Trustees has affirmatively determined that each of Messrs. Crocker, Kellar, Spitz and Wielansky and Mss. Hopgood and Luscombe is independent under the rules of the New York Stock Exchange. In determining this, the Board of Trustees considered transactions and relationships between each Trustee or any member of his or her immediate family and the Company and its subsidiaries and affiliates. In determining Mr. Wielansky's independence, the Board of Trustees considered the fact that Mr. Wielansky is entitled to receive annual fees totaling \$100,000 for providing consulting services to the Company, including assisting with the underwriting and analysis of development and redevelopment opportunities as well as assisting with sourcing of direct acquisitions and identifying potential joint venture partners. The Board of Trustees did not consider this relationship to be material in determining Mr. Wielansky's independence because it believed the amount involved would not interfere with Mr. Wielansky's independent judgment. The Board of Trustees has determined that each member of the Audit, Compensation and Nominating and Corporate Governance Committees is independent under the criteria for independence set forth in the listing standards of the New York Stock Exchange. Upon the election of all nominees, the Company will continue to meet the New York Stock Exchange requirement for a majority of independent Trustees serving on the Board of Trustees.

The Nominating and Corporate Governance Committee is responsible for reviewing the qualifications and performance of the Board of Trustees and recommending to the Board, nominees for Trustees and Board committees. The Nominating and Corporate Governance Committee is also responsible for recommending to the Board changes in the Company's Corporate Governance Guidelines. The Nominating and Corporate Governance Committee charter requires the Nominating and Corporate Governance Committee to be comprised of at least two members, each of whom is independent as defined by the listing standards of the New York Stock Exchange.

Members of the Nominating and Corporate Governance Committee during the last fiscal year were Ms. Hopgood (Chair), who has served since the 2004 annual meeting, Ms. Luscombe, who has served since the 2005 annual meeting and Mr. Crocker, who has served since August 2005. The Board of Trustees has determined that each of these

members is independent within the meaning of the listing standards of the New York Stock Exchange. The Nominating and Corporate Governance Committee held three meetings during the last fiscal year.

The Nominating and Corporate Governance Committee will consider all shareholder recommendations for candidates for the Board of Trustees. All shareholder recommendations should be sent to the Committee, at c/o Acadia Realty Trust, 1311 Mamaroneck Avenue, Suite 260 White Plains, NY 10605, Attention: Corporate Secretary, and should include all information relating to such person that is required to be disclosed in a proxy statement for the election of Trustees or is otherwise required pursuant to Regulation 14A under the Exchange Act. Shareholders must also include the nominee's written consent to being named in the Proxy Statement as a nominee and to serving as a Trustee if elected. Furthermore, the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made must include their names and addresses as they appear on the Company's books, as well as the class and number of Common Shares of the Company that they beneficially own. The Committee may identify other candidates, if necessary, through recommendations from directors, management, employees or outside consultants.

The Committee will review candidates in the same manner regardless of the source of the recommendation. Under the Company's Bylaws, a shareholder must deliver notice of nominees for Trustee to the Company's Corporate Secretary not less than 60 days and no more than 90 days prior to the first anniversary date of the preceding year's annual meeting, provided, however, that in the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary date of the preceding year's annual meeting, notice by the shareholder must be so delivered not earlier than the 90th day prior to such annual meeting and not later than the close of business on the later of the 60th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such annual meeting is first made.

Trustee Qualifications and Review of Trustee Nominees

The Nominating and Corporate Governance Committee makes recommendations to the Board of Trustees regarding the size and composition of the Board. The Nominating and Corporate Governance Committee annually reviews the composition of the Board as a whole and recommends, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board as a whole and contains at least the minimum number of independent Trustees required by applicable laws and regulations. The Nominating and Corporate Governance Committee is responsible for ensuring that the composition of the Board accurately reflects the needs of the Company to execute its strategic plan and achieve its objectives. In the event the Nominating and Corporate Governance Committee determines that additional expertise is needed on the Board or there is a vacancy, the Nominating and Corporate Governance Committee expects to use its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm.

COMPENSATION DISCUSSION AND ANALYSIS

Discussed and analyzed below are the Company's compensation programs for its Named Executive Officers who are included in the Summary Compensation Table on page 25 (collectively, the Named Executive Officers or NEOs).

I. Objectives of Acadia Realty Trust's Executive Compensation Program

The Company's success depends on developing, motivating and retaining executives who have the skills and expertise to lead a fully integrated, self-managed and self-administered equity REIT. In designing its executive compensation program, the Company seeks to give the Board of Trustees, the shareholders, and the management team a clear understanding of how total compensation is determined. The ultimate goals for all parties involved are fairness, transparency, predictability, retention and performance maximization.

The executive compensation program is designed to help the Company achieve the objectives that are reflected in the Compensation Committee's Charter which is available on the Company's website at www.acadiarealty.com in the Investors' Corporate Governance section.

The Compensation Committee's executive compensation objectives are as follows:

1. Motivating the Company's Named Executive Officers to create maximum shareholder value.
2. Providing incentives to the Company's Named Executive Officers that reward dedication, hard work and

success.

3. Providing a compensation program that ensures pay for performance.
4. Aligning the interests of the Company's Named Executive Officers and shareholders as closely as possible.
5. Aligning the interests of the Company's Named Executive Officers and the Company's external fund investors as closely as possible.
6. Creating the right mix of long-term incentives to motivate and to retain the Company's Named Executive Officers.

7. Creating an incentive compensation program that can go beyond the Company's Named Executive Officers and be utilized throughout the organization.

The following sections describe the components of the Company's executive compensation program and the process for determining the compensation of the Named Executive Officers (except for the Chief Executive Officer (CEO)). The process includes input from the CEO, the Compensation Committee and the Board of Trustees and an objective review of the Company's performance, the individual Named Executive Officer's performance and the individual Named Executive Officer's unit performance. For a discussion of compensation for the members of the Board of Trustees, see Board of Trustees Compensation.

II. Specific Elements of Acadia Realty Trust's Executive Compensation Program

The Company's executive compensation program reflects the Company's desire to have a compensation structure that has sufficient depth to encourage its management team to meet the short-term and long-term objectives described above (see the discussion under Objectives of Acadia Realty Trust's Executive Compensation Program), but also sufficient clarity to ensure that the Board of Trustees, shareholders and the management team have an understanding of how total compensation is determined. The Company's executive compensation program's overall guiding principle of pay for performance consists of four main elements:

- (A) Minimal base salaries
- (B) A discretionary, performance-based incentive compensation
- (C) Post-employment severance and change in control payments
- (D) Standard employee benefit plans

A. Base Salaries

The starting point for the Company's executive compensation program is an annual base salary. The Compensation Committee recommends to the full Board of Trustees the base salaries for the Named Executive Officers as fixed amounts to provide the minimal amount of compensation that a Named Executive Officer will receive in a given year. Base salaries are reviewed annually and adjusted to reflect market data, individual circumstances, such as promotions,

as well as the Company's performance and existing economic conditions.

The Compensation Committee's base salary recommendations for the Named Executive Officers are generally made on a discretionary basis from year to year, with the objective of providing a minimal base salary and placing an emphasis on incentive based compensation. Market data provided by The Schonbraun McCann Group, a real estate advisory practice of FTI Consulting, Inc. (SMG or Compensation Committee Consultant) related to the base salaries of the Company's peer group (the Peer Group) is also used by the Compensation Committee to determine base salary recommendations. The Compensation Committee does not think narrow quantitative measures or formulas are sufficient for determining the Named Executive Officers' compensation. The Compensation Committee has decided to compensate the Named Executive Officers, with the exception of the CEO and the Chief Investment Officer (CIO), with comparable levels of base salary and to differentiate for individual performance through performance incentive awards. The Compensation Committee evaluates the CEO's compensation by taking into consideration the salary of CEOs among the Peer Group, Mr. Bernstein's contributions to the Company's business, the Company's success and his career experience. The Compensation Committee does not give specific weights to the factors considered, but the primary factors are the CEO's contributions and business results.

The Compensation Committee engaged SMG as its independent third party consultant to obtain executive compensation information for the Peer Group. The Peer Group compensation information provided by SMG, at the direction of the Compensation Committee, for each executive position included, among other things, base salary, cash annual incentive award levels, long-term incentives awards and total compensation at the 25th, 50th, and 75th percentiles and the average. SMG serves only as an advisor to the Compensation Committee by providing data relevant to REIT peers and discussing

compensation practices as directed by the Compensation Committee. SMG also reviews proposed recommendations made to the Compensation Committee by management and provides commentary regarding the reasonableness of such pay programs and pay level adjustments.

B. Performance Incentive Compensation

The Compensation Committee and the Board of Trustees have sought to emphasize long-term performance through shifting the emphasis for executive compensation from cash bonuses to Restricted Shares, long term restricted partnership units (LTIP Units) and a newly created Long Term Investment Alignment Program (described below). Incentive awards reflect the Compensation Committee's recommendations to the full Board of Trustees because they are based on the committee's assessment of corporate, unit and individual performance of each Named Executive Officer (with the assistance of the CEO for Named Executive Officer's other than himself) and all are discretionary. The Compensation Committee makes incentive compensation recommendations at its January meeting for subsequent approval by the Board of Trustees, with incentive awards being made in the first quarter of each year for the prior year performance.

In keeping with the long-term and highly technical nature of the Company's business, the Compensation Committee places significant emphasis on a long-term approach to executive compensation while balancing the short-term needs of its executives. Incentive awards are discretionary and based on the Company's, the Named Executive Officer's and Named Executive Officer's Unit's performance and are intended to develop and retain strong management through, in part, cash bonuses, but with an emphasis on share ownership and incentive awards whose value will vary depending on future corporate and external investment performance. These ownership opportunities and awards also provide a retention benefit, as they vest in the future. They include benchmarking so that higher performance is required. The Company has historically used Restricted Shares and options to purchase Common Shares issued under its 1999, 2003 and 2006 Share Incentive Plans, principally through its Restricted Share Bonus Program (described below) and LTIP Units as its primary form of long-term incentive compensation. Because the Company's long-term incentive program is designed to motivate the Company's Named Executive Officers, the Company does not consider prior amounts realized in setting future compensation levels.

(1) Long Term Incentive Program Units

In 2007, the Compensation Committee recommended and the Board of Trustees approved a program to issue LTIP Units to the Named Executive Officers as part of an LTIP Unit program that granted a choice between LTIP Units and Restricted Shares for 2007 and 2008. LTIP Units are similar to Restricted Shares but unlike Restricted Shares, provide for a quarterly partnership distribution in a like amount as paid to holders of common partnership units. The LTIP Units are convertible into common partnership units and Common Shares upon vesting. Vesting, which is subject to the recipient's continued employment with the Company through the applicable vesting dates, is five years from the date of grant.

(2) Restricted Shares

Restricted Shares generally carry many of the rights of unrestricted Common Shares, but may not be transferred, assigned or pledged until the recipient has a vested, non-forfeitable right to these shares. Vesting, which is subject to the recipient's continued employment with the Company through the applicable vesting dates occurs pro rata over five years from the date of grant. In addition, the vesting of a certain portion of the Restricted Shares is contingent upon the Company's shareholder return exceeding certain thresholds in the year such vesting is scheduled to occur. (See the discussion below under Method for Determining Executive Compensation).

(3) Stock Options

Although the Company has the discretion to award options pursuant to the 1999, 2003 and 2006 Share Incentive Plans, it has not done so in the last three years and has no present intention to do so,

which consistent with industry and marketplace practices that are moving toward Restricted Shares, LTIP Unit and other incentive based awards.

(4) Long Term Investment Alignment Program

In reviewing overall compensation for the Named Executive Officers, the Company continually seeks methods to enhance its pay for performance philosophy. In an effort to further ensure that management's investment focus remains on the ultimate success of the investment, for 2009, the Compensation Committee of the Company's Board of Trustees recommended and the full Board approved the addition of a new component of compensation called the Long Term Investment Alignment Program (the Program). The Program provides an incentive for high, long-term performance. The Company's current business model aims to create shareholder value by increasing earnings through the profitable management of joint venture investment funds. As described herein, the Board of Trustees believes this form of compensation greatly benefits the Company's stockholders.

The Program is designed to accomplish the following:

Reward
management
for true,
long-term
performance
and not
simply for
making
investment
decisions
without
consideration
of actual
value
realized.

Motivate
management
to deliver
superior
returns to
external
investors
through
strategic
investments
and
successful
liquidation of
Acadia
Strategic
Opportunity
Fund III LLC
(Fund III) and

thereby
increasing
shareholder
value.

Provide a
retention tool
for years to
come.

Further align
the interests
of
management
and
shareholders
and external
investors.

The Program is directly tied to the actual performance of Fund III and is designed as follows: The Company is entitled to a profit participation (the Promote) of 20% of all cash distributed from Fund III in excess of (i) the return of all invested capital and (ii) the 6% preferred rate of return (i.e., 6% IRR). Fund III's total committed capital is \$502.5 million of which \$96.5 million is currently invested. Thus, if all of Fund III's committed capital is invested, the investors are entitled to receive a return of \$502.5 million plus all accrued preferred return thereon before the Promote is paid. If and when the investors receive the return of their capital and the 6% preferred return, the Company is entitled to 20% of each additional dollar distributed as the Promote. Under the Program, the Company may award up to 25% of its Promote to senior executives, or 5% of each dollar distributed by Fund III after the preferred return has been paid to investors. Each individual's allocation of the 25% of the Promote awarded to senior executives will include time-based, annual vesting pro rata over a five year period from the grant date.

If the Fund III investors do not receive a return of and return on all their invested capital and the 6% preferred return, no Promote will be paid to the Company and senior executives will receive no compensation under the Program. Furthermore, Fund III's Promote is not triggered until the return of and return on all of Fund III's invested capital. There is no interim profit participation on a transaction by transaction basis and thus a greater emphasis is placed on all investments being carefully selected and managed for the long term. The Program increases the alignment between senior executives and the Fund III investors. Additionally, it should be noted that the Company is a significant Fund III investor, with almost a 20% investment. The long term success of Fund III benefits the Company, and thus shareholders, through both its capital investment and the Promote.

In 2009, the awards listed below, as a percentage of the potential Promote, were made. In the future, the Compensation Committee and the Board of Trustees may or may not recommend or approve awards to executive officers of additional allocations up to the permitted 25%.

Name	Percentage
Kenneth F. Bernstein	6.25 %
Joel Braun	2.5 %
Michael Nelsen	.75 %
Joseph Hogan	.625 %
Robert Masters	.75 %

C. Post-employment Severance and Change in Control Payments; Recoupment of Awards

The Company offers post-employment severance and change in control (within the meaning of the 1999, 2003 and 2006 Share Incentive Plans Change in Control) payments to its Named Executive Officers based on the circumstances of termination. The Company includes severance and Change in Control payments as an element of its executive compensation structure to support the compensation elements described above. These payments provide an incentive for Named Executive Officers to achieve the performance goals described above by providing assurance that past achievements will be recognized in certain circumstances in which the Company experiences a Change in Control or the Named Executive Officer experiences a separation from service. However, the Company's severance and Change in Control payment structure also serves an important retention function by providing for forfeiture of awards in appropriate circumstances, such as in the event of a termination for cause.

D. Standard Employee Benefit Plans

The Company provides a variety of medical, dental, life, disability and accidental death and dismemberment insurance policies that are generally available to all of its full-time employees. The Company also provides a contributory 401(k) savings plan to employees of the Company (the 401(k) Plan), which provides for matching contributions of 50% up to the first 6% of the participant's base salary. The All Other Compensation Table summarizes the matching contributions that the Company made to the Named Executive Officers under the 401(k) Plan for the fiscal years ended December 31, 2008, 2007 and 2006. The costs of these benefits constitute only a small percentage of each of the Company's Named Executive Officer's total compensation.

In 2003, the Company instituted the Acadia Realty Trust Employee Share Purchase Plan (the Share Purchase Plan). The Share Purchase Plan allows eligible employees of the Company to purchase, through payroll deductions, Common Shares of beneficial interest in the Company at a 15% discount to the closing price of the Company's Common Shares on either the first day or the last day of the quarter, whichever is lower. The Share Purchase Plan is designed to retain and motivate the employees of the Company and its designated affiliates by encouraging them to acquire ownership in the Company. The Company has reserved 100,000 Common Shares for issuance under the Share Purchase Plan. The Share Purchase Plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the United States Internal Revenue Code, as amended, which allows an employee to defer recognition of taxes when purchasing Common Shares under such a plan. During 2008, 2007 and 2006, 7,499, 7,123 and 5,307 Common Shares, respectively, were purchased by employees under the Share Purchase Plan.

III. Method for Determining Executive Compensation

In evaluating executive compensation, the Compensation Committee considers an annual report and recommendations that the Company's CEO provides (other than for himself) for the Company's Named Executive Officers and other senior officers. In addition, the Compensation Committee Consultant advises the Compensation Committee on executive compensation. The Compensation Committee is responsible for recommending to the independent Trustees the CEO's compensation. The CEO does not participate in approving his own compensation. The Compensation Committee continually focuses on attaining the right balance between company size, complexity of the business model and performance, and considers Peer Group data provided by compensation consultants and surveys with respect to other publicly-traded REIT's of comparable size to the Company (see below for further information). The Compensation Committee uses the Peer Group data to compare the companies' executive compensation programs as a whole and the total compensation of individual executives. The Committee does not identify a particular level of competitiveness with other companies, but tries to attain a target and range of compensation for each position that was competitive in the marketplace.

The Company's size can impact management's scope of responsibility and, thus, should be a component of the compensation analysis, but absolute and relative performance is also a critical component as well as the sophisticated nature of the Company's business. The Compensation Committee also takes into account the complicated fund

structure and the value-added nature of the

Company's business when comparing executive compensation with companies of similar market capitalization but with less of a growth and redevelopment focus.

IV. How the Elements of Executive Compensation Interact and Affect Each Other

The Company believes the four elements of its executive compensation structure—minimal base salary, performance incentive compensation, post-employment severance and Change in Control payments and standard employee benefits—are well aligned with the Company's seven overall executive compensation objectives listed above under Objectives of Acadia Realty Trust's Executive Compensation Program. The Company believes that a well-proportioned mix of reliable compensation in the form of a base salary with compensation intended to provide incentives and rewards for dedication, hard work, and success in the form of performance incentive compensation will produce a high level of performance for the Company and will promote the Company's pay for performance philosophy.

Overall, the Company's Compensation Committee has endeavored to structure the total compensation of the Company's Named Executive Officers in a manner that is competitive in the REIT industry, while emphasizing performance-based compensation more heavily than base salaries. In this way, the Company's Named Executive Officers receive compensation that is as closely aligned as feasible with the interests of the Company's shareholders. Further, the Company's executive compensation structures advance the Company's overall objectives by (i) maximizing retention, (ii) increasing motivation and (iii) aligning the Named Executive Officer with overall shareholder interests.

V. Benchmarking

In 2008, the Compensation Committee Consultant prepared a Peer Group analysis to determine the range of base salary, annual cash bonus and long-term compensation awards paid to executives in similar positions to the Company. The Peer Group constituents were determined based on several factors, including historical Peer Group companies, equity market capitalization, industry sector, business model and geographic location. The composition of the Peer Group may change from year to year based on market developments and merger and acquisition activity. The Peer Group analysis was based on information disclosed in 2008 Proxy Statements, which reported fiscal year 2007 compensation which is the most recent publicly available data. The Peer Group data is used as a tool to ensure that the Company's compensation philosophy is consistent with current market practices and there is an appropriate link between performance and pay. Additionally, the Compensation Committee Consultant reviewed compensation structures and anticipated year over year adjustments in the private real estate environment but did not consider actual compensation levels. Such information was used as an additional reference point in considering the Long Term Investment Alignment Program described herein.

2008 Peer Group

Listed below are the 17 publicly-traded REITs in the 2008 Peer Group, with equity market capitalizations ranging from approximately \$80 million to \$4.8 billion with a median equity market capitalization of approximately \$1.2 billion as compared to the Company's equity market capitalization of approximately \$462 million as of December 31, 2008. The Peer Group generally includes shopping center REITs but also includes select companies in the multi-family, mortgage, industrial and freestanding REIT sectors that also manage joint venture investment funds.

VI. Timing of Equity Grants

The Company does not in any way time its stock awards to the release of material non-public information. The CEO meets with the Compensation Committee in December or January of each year and recommends the stock awards to be granted for the current year. The Compensation Committee reviews the recommendations and then recommends the awards to the full Board of Trustees for approval. The awards are granted in the first quarter of the following year. There is no consequence for selling vested grants but the Company does encourage Named Executive Officers and Trustees to hold and has approved guidelines for ownership for Named Executive Officers and Trustees as follows:

(a) Stock Ownership Policy for Named Executive Officers and Trustees

The Board of Trustees has instituted a stock ownership policy (SOP), containing guidelines for Named Executive Officers and Trustees to own at all times a certain level of the Company s Common Shares. This policy further aligns Named Executive Officers and Trustees interests with those of shareholders. The SOP has the additional purpose of helping the Company s Named Executive Officers build wealth that they may use as a source of supplemental retirement income. Although not mandatory, the recommended targets are as follows:

Ten times
salary plus
bonus for the
Chief
Executive
Officer

Four times
salary plus
bonus for the
Chief
Investment
Officer

Three times
salary plus
bonus for
other Named
Executive
Officers

Three times
total annual

fees for
non-employee
Trustees

As of December 31, 2008, the majority of the Named Executive Officers, including the CEO, met the recommended targets. The failure by some Named Executive Officers to meet the recommended targets was a result of the decrease in the Company's stock price during 2008.

The other provisions of the policy are:

Common Shares,
Restricted
Shares, LTIP
Units and
Operating
Partnership Units
count toward the
standard.
Options do not
count toward the
standard.

It is
recommended
that incumbent
Named
Executive
Officers and
Trustees achieve
the target within
three years, if
they have not
already done so.
Newly Named
Executive
Officers and
Trustees have
five years to
reach the
standard that
applies to them.

Named
Executive
Officers and
Trustees are
encouraged to
achieve and
maintain the
target level of
ownership until

they leave the Company or Board, as applicable.

The policy constitutes a set of guidelines. As such, it does not set forth any penalties for non-compliance. The treatment of non-compliance shall be left to the discretion of the Board, in collaboration with the CEO and through the Compensation Committee.

VII. Impact of Accounting and Tax Treatment

Accounting Treatment

The Company expenses the cost of stock-based compensation, including Restricted Shares and LTIP Units, in its financial statement in accordance with Statement of Financial Accounting Standards (SFAS) 123R.

Tax Treatment

The Compensation Committee has reviewed the Company's compensation policies in light of Section 162(m) of the Internal Revenue Code, as amended, which generally limits deductions for compensation paid to certain executive officers to \$1,000,000 per annum (although certain performance based compensation is not subject to that limit), and determined that the compensation levels of the Company's CEO and CIO (but not other Named Executive Officers) could be affected by such provisions. The Compensation Committee intends to continue to review the application of Section 162(m) to the Company with respect to any future compensation programs considered by the Company. In view of its overall executive compensation structure, the Compensation Committee has determined that it is appropriate for the CEO and CIO to have the potential to receive compensation that is not deductible under Section 162(m).

VIII. Specific 2008 Decisions and 2009 Changes*Salary*

Working with SMG, the Compensation Committee reviewed the base salaries of the Named Executive Officers in January 2008. Based on market data supplied by SMG, the Compensation Committee determined that Mr. Bernstein's 2007 salary of \$460,000 was below the 50th percentile of CEO salaries in the Company's Peer Group, which is the primary metric used to determine competitive norms for executives' salaries. Notwithstanding the continued solid performance of Messrs. Bernstein and Braun and the other Named Executive Officers, given the extraordinary current economic conditions, the Compensation Committee recommended and the Board of Trustees determined that salaries for the Named Executive Officers would remain unchanged for 2009 over 2008. In addition, bonuses paid to Named Executive Officers were approximately 80% of the prior year's amounts.

Performance Incentive Awards

On March 5, 2009, the Board of Trustees approved 2008 cash bonus and long-term incentive awards as follows:

Name	Annual Cash Bonus	Long-term Incentive Awards(1)	
		Time-Based	Performance-Based
Kenneth F. Bernstein	\$ 750,000	\$ 364,304	\$ 364,304
Michael Nelsen	120,900	56,731	56,731
Joel Braun	270,200	129,493	129,493
Joseph Hogan	121,025	56,731	56,731
Robert Masters	121,025	56,731	56,731

Footnote:

- (1) Calculated in accordance with SFAS

123R.

The following awards reflect the subjective evaluation of the CEO, the Compensation Committee and the Board of Trustees based on Company performance, individual performance and individual s unit performance. In addition, the Compensation Committee considered the Compensation Committee Consultant s recommendations in determining the awards.

The total long-term incentive awards consist of non-vested Restricted LTIP Units and were allocated 50% as time-based awards and 50% as performance-based awards. The LTIP Units will vest as follows: 20% will vest on January 6, 2010 and 20% will vest on each anniversary thereof until January 6, 2014, provided that with respect to each year and each recipient, 50% of the awards require the Company to achieve the benchmarks established by the Board of Trustees. The allocation of the long-term incentive awards between time-based and performance-based awards recognizes that long-term incentive awards, in part, reward past performance. In addition, however, the awards are used as a retention device to reward not only time but effort as well, thus the use of benchmarking. In order to reach the benchmarks established by the Board of Trustees, one of the following must occur: (i) the Company must achieve a 7% or greater increase in funds from operation (FFO); (ii) FFO growth

must be equal to or greater than the top one-third of the Peer Group, as determined by the Compensation Committee; (iii) the Company must achieve a 10% annual total shareholder return; or (iv) the total annual shareholder return must be equal to or greater than the top one-third of the Peer Group. The target incentive opportunity for the Company's Named Executive Officers was set within the range of competitive norms (based on data provided by SMG) for competitive market levels of total cash compensation. The Compensation Committee determined the vesting schedules for awards based on the vesting schedules for the Named Executive Officers' existing equity awards, with due regard for competitive norms on vesting of equity awards for executives.

Section 409A of the Internal Revenue Code

In 2008, the severance agreements with the Named Executive Officers and the CEO's employment agreement were amended to include provisions regarding Section 409A of the Internal Revenue Code related to deferred compensation.

The following table lists the annual compensation for the fiscal years 2008, 2007, and 2006 awarded to the Named Executive Officers.

There were three participants, Mr. Bernstein with 129,110 Share Units, Mr. Braun with 36,981

The payment of the option exercise price was made by tendering Common Shares that the participants owned for at least six months prior to the option exercise date. The Share Units are equivalent to a Common Share on a one-for-one basis and carry a dividend equivalent right equal to the dividend rate for the Company's Common Shares. Kenneth Bernstein Employment Agreement

In August of 1998, the Company entered into an employment agreement with Kenneth F. Bernstein, pursuant to which Mr. Bernstein served as President. The employment agreement was amended by a first amendment dated January 1, 2001, a second amendment dated January 1, 2004, a third amendment dated January 1, 2006, a fourth amendment dated January 19, 2007 and a fifth amendment dated August 5, 2008. The employment agreement provides for a three-year term, is renewable for successive daily periods, and is subject to termination in accordance with the terms and conditions of such agreement. Under the terms of the employment agreement, Mr. Bernstein is subject to an annual review and upward adjustment by the Compensation Committee.

Each year during the term of Mr. Bernstein's employment, the Compensation Committee considers Mr. Bernstein for an incentive bonus (to be determined by the Compensation Committee) and discretionary bonuses payable in cash, Restricted Shares issued under the Restricted Share Bonus Program, options, LTIP Units and participation in the Program, or any combination thereof, as the Board of Trustees and the Compensation Committee may approve. The employment agreement also provides for an annual car allowance plus insurance costs for Mr. Bernstein to be maintained by the Company. Mr. Bernstein is also entitled to participate in all benefit plans, health insurance, disability, retirement and incentive compensation plans generally available to the Company's executives, and is subject to certain non-competition and confidentiality requirements.

The Company has not entered into employment agreements with the other Named Executive Officers. See the discussion before the Potential Payments Upon Termination or Change in Control table for information regarding severance benefits for each of the Named Executive Officers.

Other Post-Employment Payments

The following section describes potential payments and benefits to the Named Executive Officers under the Company's compensation and benefit plans and arrangements upon termination of employment or a Change in Control of the Company.

The Company has entered into an employment agreement with Mr. Bernstein that provides for certain termination or severance payments to be made by the Company in the event of his termination of employment as the result of his death, disability, discharge without cause, his resignation or termination for Good Reason, or without Good Reason or Change in Control and termination. The Company has also entered into severance agreements with each of the other Named Executive Officers. These arrangements provide for certain termination or severance payments to be made by the Company in the event of his termination of employment as the result of his death, Disability, discharge with or without cause, his resignation or termination for Good Reason or without Good Reason or Change in Control and termination.

The specific circumstances that would trigger payments under the employee and severance agreements are as follows:

For Cause

The Company shall have the right to terminate Named Executive Officer's employment for Cause upon the Named Executive Officer's: (A) deliberate misrepresentation in connection with, or willful failure to cooperate with a bona fide internal investigation or an investigation by regulatory or law enforcement authorities, after being instructed by the Company to cooperate, or the willful destruction or failure to preserve documents or other materials known to be relevant to such investigation or the willful inducement of others to fail to cooperate or to produce documents or other materials; (B) failure to perform his duties hereunder (other than any such failure resulting from Named Executive Officer's incapacity due to physical or mental illness) which failure continues for a period of three (3) business days after written demand for corrective action is delivered by the Company specifically identifying the manner in which the Company believes the Named Executive Officer has not performed his duties; (C) conduct by the Named

Executive Officer constituting a material act of willful misconduct in connection with the performance of his duties, including, without limitation, misappropriation of funds or property of the Company other than the occasional, customary

and de minimis use of the Company's property for personal purposes; (D) disparagement of the Company, its officers, Trustees, employees or partners; (E) soliciting any existing employee of the Company above the level of an administrative assistant to work at another company; or (F) the commission by the Named Executive Officer of a felony or misdemeanor involving moral turpitude, deceit, dishonesty or fraud.

Death

The Named Executive Officer's employment shall terminate upon his death.

Disability

The Company shall have the right to terminate Named Executive Officer's employment due to Disability in the event that there is a determination by the Company that the Named Executive Officer has become physically or mentally incapable of performing his duties under the agreement and such Disability has disabled the Named Executive Officer for a cumulative period of one hundred eighty (180) days within a twelve (12) month period.

Good Reason

The Named Executive Officers shall have the right to terminate their employment for Good Reason: (A) upon the occurrence of any material breach of the agreement by the Company which shall include but not be limited to: a material, adverse alteration in the nature of Named Executive Officer's duties, responsibilities or authority; (B) upon a reduction in Named Executive Officers annual base salary or a material reduction in other benefits (except for bonuses or similar discretionary payments) as in effect at the time in question, or a failure to pay such amounts when due which is not cured by the Company within ten (10) days after written notice of such default by the Named Executive Officer, (C) if the Company relocates the Named Executive Officers' office requiring the Named Executive Officer to increase his commuting time by more than one (1) hour, or (D) the Company's failure to provide benefits comparable to those provided the Named Executive Officer as of the effective date, other than any such failure which affects all comparably situated officers, then the Named Executive Officer shall have the right to terminate his employment, which termination shall be deemed for Good Reason.

Without Cause

The Company shall have the right to terminate the Named Executive Officer's employment Without Cause.

Change in Control and Termination

Change in Control shall mean that any of the following events has occurred: (A) any person or group of persons, as such terms are used in Sections 13 and 14 of the Securities Exchange Act of 1934, as amended (the Exchange Act), other than any employee benefit plan sponsored by the Company, becomes the beneficial owner, as such term is used in Section 13 of the Exchange Act (irrespective of any vesting or waiting periods) of (i) Common Shares in an amount equal to thirty percent (30%) or more of the sum total of the Common Shares issued and outstanding immediately prior to such acquisition as if they were a single class and disregarding any equity raise in connection with the financing of such transaction; provided, however, that in determining whether a Change of Control has occurred, outstanding shares or voting securities which are acquired in an acquisition by (i) the Company or any of its subsidiaries or (ii) an employee benefit plan (or a trust forming a part thereof) maintained by the Company or any of its subsidiaries shall not constitute an acquisition which can cause a Change of Control; or (B) the approval of the dissolution or liquidation of the Company; or (C) the approval of the sale or other disposition of all or substantially all of its assets in one (1) or more transactions; or (D) a turnover, during any two (2) year period, of the majority of the members of the Board, without the consent of the majority of the members of the Board as to the appointment of the new Board members.

Kenneth Bernstein Employment Agreement

Mr. Bernstein's employment agreement provides for certain termination or severance payments to be made by the Company to Mr. Bernstein in the event of his termination of employment as the result of his death, disability, discharge without cause, his resignation or a termination by Mr. Bernstein for Good Reason. If Mr. Bernstein's employment is terminated either because he is discharged without cause or due to a termination by Mr. Bernstein for Good Reason, the Company will be required to make a lump sum payment equal to among other things, unpaid salary and bonus, and severance salary and bonus, each paid in accordance with the terms and conditions of such agreement.

Other Post-employment Severance and Change in Control Payments Agreements

The Company has entered into severance agreements with each of the other Named Executive Officers. These agreements provide for certain termination or severance payments to be made by the Company to the Named Executive Officer in the event of his termination of employment as the result of his death, Disability, discharge for Cause or without Cause, his resignation or a termination by the Named Executive Officer for Good Reason. If the Named Executive Officer's employment is terminated either because he is discharged without cause (as defined above) or due to a termination by the Named Executive Officer for Good Reason, the Company will be required to make a lump sum payment equal to among other things, unpaid salary and bonus, and unpaid severance salary and bonus, each paid in accordance with the terms and conditions of such agreements. These payments will be reduced to the extent that they would otherwise be considered parachute payments within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended.

Acceleration of Vesting

In addition, the 1999, 2003 and 2006 Share Incentive Plans provide for accelerated vesting of awards in certain circumstances involving a Change in Control of the Company. These plans also provide for forfeiture of awards in certain circumstances, such as in the event of a termination for cause.

The amount of compensation that would be paid by the Company based on the specific circumstances detailed above are as follows:

Compensation upon Termination of Employment by the Trust for Cause or Voluntarily By the Named Executive Officer

In the event the Company terminates the executive's employment for Cause, or the executive voluntarily terminates his employment, the Company shall pay the executive any unpaid annual base salary at the rate then in effect accrued through and including the date of termination and any accrued vacation pay. In addition, in such event, the executive shall be entitled to exercise any options which, as of the date of termination, have vested and are exercisable in accordance with the terms of the applicable option grant agreement or plan. All options and all restricted stock granted to the executive which have not vested on the date of termination shall automatically terminate.

Compensation upon Termination of Employment upon Death, Disability, Without Cause or by Mr. Bernstein, for Good Reason or Change in Control and Termination of Employment of Mr. Bernstein

In the event of termination of Mr. Bernstein's employment as a result of his death, Disability, Without Cause or for Good Reason by Mr. Bernstein, the Company shall pay to the Mr. Bernstein, his estate or personal representative, the following: (i) any unpaid accrued salary through and including the date of termination; plus (ii) an amount equal to three times his current salary; (iii) an additional amount equal to three times the average of the cash value of the bonuses (whether awarded as cash incentive bonuses or in Restricted Shares or LTIPs, the value of the latter to be calculated as of the date of the award) awarded to Mr. Bernstein for each of the last two years immediately preceding the year in which Mr. Bernstein's employment is terminated; (iv) a further amount computed at an annualized rate

equal to the average of the cash incentive bonuses awarded to Mr. Bernstein for each of the last two years; (v) reimbursement of expenses incurred prior to date of termination; (vi) all

incentive compensation payments whether stock based or otherwise that are subject to a vesting schedule including Restricted Shares, LTIP Units and options shall immediately vest as of the date of the termination; (vii) continuation of health coverage through the unexpired employment period with the exception of termination upon Death; and (viii) if it is determined by the Company's tax preparer that as a result of any payment in the nature of compensation made by the Company to Mr. Bernstein, an excise tax may be imposed on the executive. The Company will provide the executive with a full tax gross-up so that on a net after-tax basis, the result to the executive shall be the same as if the excise tax had not been imposed.

Compensation upon Termination of Employment upon Death, Disability, Without Cause or By Other Named Executive Officers for Good Reason

In the event of termination of the executive's employment as a result of the executive's Death, Disability, Without Cause or by the executive for Good Reason, the Company shall pay to the executive, the following: (i) any unpaid accrued salary through and including the date of termination; (ii) an amount equal to one year's salary at the then current annual base; (iii) reimbursement of expenses incurred prior to date of termination; (iv) the executive's car allowance, if any, for one year; and (v) a pro rata portion of the executive's bonus (based upon the average of the last two years' bonuses); and (vi) all incentive compensation payments whether stock based or otherwise that are subject to a vesting schedule including Restricted Shares, LTIP Units and options shall immediately vest as of the date of the termination.

Compensation upon Change in Control and Termination of Employment for Other Named Executive Officers

In the event of termination of other Named Executive Officer's employment as a result of a Change in Control and termination, the Company shall pay to the Named Executive Officer, the following: (i) any unpaid accrued salary through and including the date of termination; (ii) an amount equal to one year's salary at the then current annual base salary; (iii) reimbursement of expenses incurred prior to date of termination; (iv) the Named Executive Officer's car allowance, if any, for one year; (v) a pro rata portion of the Named Executive Officer's bonus (based upon the average of the last two years' bonuses); (vi) an amount equal to six months' base salary; (vii) the Company shall continue the Named Executive Officer's base salary and medical benefits for a period not to exceed the earlier of (a) six months from the date of such termination or (b) the date when Named Executive Officer becomes reemployed; and (viii) all incentive compensation payments whether stock based or otherwise that are subject to a vesting schedule including Restricted Shares, LTIP Units and options shall immediately vest as of the date of the termination.

The following table estimates the potential payments and benefits to the Named Executive Officers upon termination of employment and Change in Control, assuming the event occurred on December 31, 2008. These estimates do not reflect the actual amounts that would be paid to such persons, which would only be known at the time they become eligible for payment and would only be payable if the specified event occurs.
