### PROXY STATEMENT

This Proxy Statement and the accompanying proxy card are furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Downey Financial Corp., a Delaware corporation ( "Downey" ) for use at the Annual Meeting of Stockholders of Downey to be held at 10:00 a.m., local time, on Wednesday, April 25, 2007, at the Irvine Marriott Hotel, 18000 Von Karman Avenue, Irvine, California 92612, and any adjournments thereof (the "Annual Meeting"). This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about March 15, 2007. The mailing address of the principal office of Downey is 3501 Jamboree Road, Newport Beach, California 92660. Downey's telephone number is (949) 854-0300.

### RECORD DATE AND VOTING OF SHARES

On February 26, 2007, the record date for determining the stockholders entitled to notice of and to vote at the Annual Meeting, 27,853,783 shares of Downey's common stock ("Common Stock") were outstanding. A majority of the shares entitled to vote will constitute a quorum at the Annual Meeting. The four director nominees receiving the highest number of affirmative votes at the Annual Meeting, including those votes properly submitted by proxy, will be elected. All other proposals require the affirmative "**FOR**" vote of a majority of those shares present in person or represented by proxy and entitled to vote on those proposals at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining a quorum. Abstentions will not have any effect on the vote for directors but will be considered a vote **AGAINST** the proposal to ratify KPMG LLP as auditors.

## VOTING AND REVOCATION OF PROXIES

Proxies are being solicited on behalf of the Board. All shares represented by a properly executed proxy will be voted in accordance with the directions on such proxy. If no directions are specified, such shares will be voted **FOR** the election of the Board's nominees for directors presented under Proposal 1 and **FOR** the ratification of KPMG LLP as auditors for the year 2007 presented under Proposal 2. If for any reason one or more of the nominees should be unable or refuse to serve as a director (an event which the Board does not anticipate), the persons named in the enclosed proxy, in their discretion, will vote for substitute nominees of the Board unless otherwise instructed. If any other matters are properly presented to the Annual Meeting for action (including any proposal to adjourn the Annual Meeting), the persons named in such proxy and acting thereunder will vote in accordance with their best judgment on such matters.

Any stockholder may revoke his or her proxy at any time before it is voted by filing with the General Counsel/Corporate Secretary of Downey a written instrument revoking it or by filing a duly executed proxy bearing a later date. The execution of the enclosed proxy will not affect the right of a stockholder to vote in person if such stockholder should decide to attend the Annual Meeting and desires to vote in person.

## SOLICITATION OF PROXIES

Proxies are being solicited on behalf of the Board. Downey will bear the cost of soliciting proxies. Directors and officers of Downey and directors, officers and employees of Downey Savings and Loan Association, F.A. (the "Bank") may solicit proxies personally, by mail, telephone, telecopier or other electronic transmission. Such directors, officers or employees will receive no compensation for their solicitation services other than their regular salaries, but may be reimbursed for out-of-pocket expenses. Downey will request record holders of shares beneficially owned by others to forward this Proxy Statement

and related materials to the beneficial owners of such shares and will reimburse such record holders for their reasonable expenses incurred in doing so.

## PROPOSAL 1. ELECTION OF DIRECTORS

The directors of Downey are divided into three classes, as nearly equal in number as possible, with one class to be elected annually. The members of each class are elected for terms of three years and until their respective successors are duly elected and qualified, with one of the three classes of directors being elected each year. Article III, Section 3.2 of Downey's Bylaws provides that the Board shall be composed of not less than nine nor more than 11 members, the exact number to be fixed by the Board. Directors Bozarth and Brummett were appointed to the Board in November 2006 bringing the total number of directors to 11.

Accordingly, at this Annual Meeting, four Class 3 Directors are to be elected to serve three-year terms and until their respective successors are duly elected and qualified. The following persons have been nominated by the Board to serve as directors:

For election as Class 3 Directors to hold office until the 2010 Annual Meeting of Stockholders, and until their respective successors are duly elected and qualified: Michael D. Bozarth; James H. Hunter; Brent McQuarrie; and Jane Wolfe.

**The Board of Directors unanimously recommends a vote "FOR" the election of each of the nominees.**

**Information Concerning Nominees and Directors**

Certain information concerning each nominee for director and each current director is set forth below. For information regarding ownership of Downey Common Stock by nominees and directors of Downey, see "Security Ownership of Directors and Executive Officers" below. There are no arrangements or understandings between any director, or any nominee, or any other person pursuant to which such director or nominee is or was nominated to serve as director.

### **PROPOSAL 2. RATIFY THE APPOINTMENT OF AUDITORS**

The Audit Committee of the Board has appointed KPMG LLP as Downey's auditors for 2007 and this appointment is being submitted to the stockholders for ratification. In the event the appointment is not ratified by a majority of votes cast, in person or by proxy, it is anticipated that no change in auditors would be made for the current year because of the difficulty and expense of making any change so long after the beginning of the current year. However, such vote would be considered in connection with the appointment of auditors for the next year. Even if the appointment is ratified, the Audit Committee may appoint a new independent auditor at any time during the year.

KPMG LLP was Downey's auditor for the year ended December 31, 2006, and their representative is expected to attend the Annual Meeting, be available to respond to appropriate questions from stockholders, and have the opportunity to make a statement if he/she desires to do so.

In 1989, the Board engaged KPMG LLP as Downey's independent auditor and the relationship which has existed has been the customary relationship between an independent accountant and client. The 2007 audit engagement agreement between Downey and KPMG contains a provision in which each party waives their respective

right to recover punitive damages from the other party.

## Fees

During 2005 and 2006, Downey paid KPMG LLP the following amounts for the services as described below:

	2005	2006
Audit Fees <sup>(1)</sup>	\$580,000	\$696,675
Audit-Related Fees <sup>(2)</sup>	91,500	161,500
Tax Fees <sup>(3)</sup>	15,465	15,465
Other Fees	-0-	-0-

*(1) For audit and review of annual financial statements, management's assessment of internal control and review of the unaudited financial statements included in the Form 10-Qs.*

*(2) For assurance and related services reasonably related to the performance of the financial statements not reported above under Audit Fees.*

*(3) For the following services: tax compliance; tax advice; and tax planning.*

## Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires the Audit Committee's pre-approval of audit and non-audit services performed by the independent auditor to assure that such services do not impair the auditor's independence. Unless a type of service has received specific pre-approval by the Audit

Page 5

[Navigation Links](#)

Committee, the independent auditor may not be engaged to perform the service. Any proposed services exceeding pre-approved cost levels also require specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee pre-approval authority for audit and non-audit services. The Audit Committee may also delegate such pre-approval authority to one or more of its members beyond the Chairman.

The Audit Committee has approved all of the fees described above.

**The Board recommends that stockholders vote "FOR" this proposal. Proxies, unless indicated to the contrary, will be voted "FOR" this proposal.**

The Charters of the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee are available on Downey's website at *www.downeysavings.com* by clicking on Investor Relations and then Corporate Governance. The Charters are also available in print and may be obtained, free of charge to stockholders, upon written request to: Downey Financial Corp., 3501 Jamboree Road, Newport Beach, California 92660, Attention: General Counsel/Corporate Secretary. (Information on our website is not part of this Proxy Statement.)

#### **Board Meetings**

During 2006, the Board met 11 times for regular meetings. All directors attended at least 75% of the aggregate meetings held during 2006 by the Board and the committees of the Board on which they served.

During 2006, the independent directors met (without management) two times. The independent director meetings were chaired by Downey's Chairman of the Board or, if he was not present, by the Vice-Chairman.

#### **Director Attendance at Annual Meetings**

Downey's corporate governance policies state that directors are expected to attend annual meetings of stockholders. All nine directors of Downey as of the 2006 Annual Meeting attended that meeting. Directors Bozarth and Brummett were elected to the Board in November 2006.

### **DIRECTOR INDEPENDENCE**

On November 4, 2003, the Securities and Exchange Commission ("SEC") approved the final corporate governance rules of the New York Stock Exchange ("NYSE"), including final criteria for director independence and a requirement that listed companies have a majority of independent directors. Applying the NYSE's final independence criteria, the Board has affirmatively determined that eight

directors (Abrahams, Bozarth, Brummett, Finnell, Hunter, McAlister, McQuarrie and Olson) are independent, because each such director has no material relationship with Downey or the Bank, either directly or as a partner, stockholder or officer of an organization that has a relationship with Downey or the Bank. The Board also determined that the

remaining three directors (Rosenthal, Smull and Wolfe) are not independent. None of these three directors serve on our Audit, Compensation or Nominating and Corporate Governance Committees.

## **AUDIT COMMITTEE REPORT**

The Audit Committee is responsible for monitoring the integrity of Downey's financial reporting process and systems of internal controls regarding financial reporting, accounting and legal compliance. In addition, the Audit Committee is responsible for the selection and hiring of the independent auditor and monitoring the independence and performance of Downey's independent auditors, the internal auditing department and the internal asset review function. The Audit Committee also facilitates communication among the independent auditors, management, the internal auditing department, the internal asset review department and the Board. The current members of the Audit Committee are Michael B. Abrahams (Chairman from September 2006 to present), Gerald E. Finnell, (Chairman from February 2003 to September 2006), Gary W. Brummett and Brent McQuarrie. The Board has determined that each member of the Audit Committee is independent under applicable listing standards and that Michael B. Abrahams, Gerald E. Finnell and Gary W. Brummett qualify as "audit committee financial experts."

### **Audit Philosophy**

During 2007, the Board re-approved the Audit Committee charter, which complies with the rules relating to the functioning of corporate audit committees promulgated by the SEC and NYSE. The charter is attached to this Proxy Statement as Appendix A. (Information on our website is not part of this Proxy Statement.)

During 2006, the Audit Committee met 13 times. The Audit Committee reviewed and discussed with management Downey's quarterly earnings releases and financial statements as well as the annual audited financial statements. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61.

### **Communications with Independent Auditors**

The Audit Committee discussed with the independent auditors changes in significant accounting policies, the process used by management in formulating material accounting estimates and the independent auditor's conclusions

regarding the reasonableness of such policies, estimates and adjustments arising from the audit, if any, and any disagreements with management over the application of accounting principles.

The Audit Committee received, reviewed and discussed with the independent auditors, the auditor's written disclosures regarding independence and the letter from the auditor required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. Based on the review of such disclosures and giving consideration to the non-audit services provided by KPMG LLP during 2006, the Audit Committee has concluded that KPMG's independence has not been impaired or compromised.

#### **Section 404 of the Sarbanes-Oxley Act of 2002**

The Audit Committee reviewed and discussed Downey's compliance with Section 404 of the Sarbanes-Oxley Act of 2002, including the Public Company Accounting Oversight Board's Auditing Standard No. 2 regarding the audit of internal control over financial reporting. The Audit Committee also reviewed and discussed Downey's guidelines for risk assessment and risk management and the major risk exposures of Downey and its business units, as appropriate.

Based on the Audit Committee's review and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in Downey's Form 10-K filed with the SEC.

## **EXECUTIVE COMPENSATION**

### **COMPENSATION DISCUSSION AND ANALYSIS**

This Compensation Discussion and Analysis explains our compensation philosophy, policies and practices with respect to our Chief Executive Officer, Chief Financial Officer and the three other most highly-compensated executive officers, who are collectively referred to as the named executive officers.

#### **Objectives of Compensation Program**

The objectives of Downey's compensation program are to retain, attract, motivate and reward the best qualified executive officers and, in-turn, to enhance Downey's performance. The total compensation program is established in the context of job responsibilities, achieving corporate performance goals, individual performance, as well as competitive compensation conditions.

We believe that competitive compensation is necessary to attract and retain an executive management team with the abilities, skill and experience required to lead us and deliver strong performance to stockholders.

We provide what we believe is a competitive total compensation package to our executive officers through a combination of base salary, annual incentive plan cash bonuses, and a broad-based benefits program. We believe that a substantial portion of each executive officer's compensation should be in performance-based pay. We believe that our compensation program is consistent with and benefits corporate and stockholder interests.

### Elements of Compensation Program

We choose to pay each element of compensation to be competitive in the marketplace for executive officers performing key managerial functions and, in turn, to enhance Downey's performance.

The primary elements of the compensation program for our executive officers are: (a) annual base salary; (b) annual incentive plan cash bonuses; (c) an Employee's Retirement and Savings Plan or 401(k) Plan and matching of contributions made by employees to the 401(k) Plan in an amount equal to 50% of the executive officers' pre-tax contributions up to a maximum of \$6,600 per year; and (d) medical, vision, dental, disability and life insurance programs to which Downey provides access and contributes towards premiums. Signing bonuses are awarded to executive officers from time to time, but are not a regular element of the compensation program.

In addition to the elements of the compensation program described above, Downey provides an Employee Stock Purchase Program and a Deferred Compensation Program. Except for administrative costs associated with these Programs and the 401(k) Plan and the cost of matching contributions to the 401(k) accounts of executives as described above, Downey does not incur any material expenses in implementing these programs and plans.

Each element of the compensation program is further described below.

#### *Base Salary*

The amount of annual base salary for an executive officer is determined by (a) conducting a compensation analysis for the executive position through the collection and review of the compensation offered by peer group institutions, (b) corporate performance, and (c) individual performance.

#### *Annual Cash Bonus*

Consistent with our emphasis on pay for performance incentive compensation programs, we have established a written Annual Incentive Plan by which our executive officers, including our named executive officers, are eligible to receive annual cash bonuses based upon corporate performance and individual performance. The Annual Incentive Plan is important to focus our executive officers' efforts and reward executive officers for annual operating results that help create value for our stockholders. Please see the description below under the heading "Corporate Performance and Individual Performance" for information relating to the assessment of corporate performance and individual performance.

The amount of the annual cash bonus, if any, for an executive officer following the completion of each fiscal year is determined by (a) conducting a compensation analysis for the executive position through the collection and review of the compensation being offered by peer group institutions, (b) corporate performance, and (c) individual performance. The actual cash bonus, if any, payable to an executive officer is calculated based on the following formula:

$$\text{Base Salary} \times \text{Individual Target Bonus \%} \times \text{Adjusted Business Performance \%} \times \text{Individual Factor} = \text{Bonus}$$

The Individual Target Bonus Percentage for the Chief Executive Officer is established annually by the independent members of the Board based on the recommendation of the Compensation Committee. The Compensation Committee makes its recommendation after reviewing market data compiled by the Director of Human Resources as well as internal compensation data. The Individual Target Bonus Percentage for each executive officer other than the Chief Executive Officer is established annually by the Board based on the recommendation of the Compensation Committee. The Compensation Committee makes its recommendation after reviewing market data compiled by the Director of Human Resources as well as internal compensation data and receiving the recommendation of the Chief Executive Officer for the compensation of each executive officer.

The Adjusted Business Performance Percentage is determined based on the consolidated net income of Downey during the prior fiscal year as compared to the consolidated net income target for Downey established by the Board for the fiscal year. Consolidated net income of Downey is used as the measure of corporate performance to align executives' interests and performance with the interests of Downey and its stockholders. Subject to the discretion of the Board described below under the heading Discretion of Members of Board of Directors, (a) an annual cash bonus is only payable if the Adjusted Business Performance Percentage is 80% or greater, (b) the Adjusted Business Performance Percentage is increased in 2% increments for every percentage the Adjusted Business Performance Percentage is above 80% and at or below 100%, and (c) the Adjusted Business Performance Percentage is increased in 1% increments for every percentage the Adjusted Business Performance Percentage is above 100%, up to a maximum Adjusted Business Performance Percentage of 120%.

The Individual Performance Percentage Factor is based on the degree of achievement of each executive officer as well as their job responsibilities.

The Compensation Committee meets outside of the presence of the Chief Executive Officer and all other executive officers to determine what it believes is the appropriate Individual Performance Percentage Factor for the Chief Executive Officer. The Compensation Committee then makes recommendations to the independent members of the Board for the Chief Executive Officer's Individual Performance Percentage Factor. The independent members of the Board then establish the Individual Performance Percentage Factor of the Chief Executive Officer based on the recommendation of the Compensation Committee.

The Chief Executive Officer determines what he believes is the appropriate Individual Performance Percentage Factor for each executive officer (excluding the Chief Executive Officer) and makes recommendations to the Compensation Committee accordingly. The Compensation Committee, meeting outside of the presence of all executive officers except for the Chief Executive Officer, then determines what it believes is the appropriate Individual Performance Percentage Factor for each executive officer (excluding the Chief Executive Officer) and makes recommendations to the Board accordingly. The Board then establishes the Individual Performance Percentage Factor of each executive officer (excluding the Chief Executive Officer) based on the recommendations of the Compensation Committee.

Below is a summary of the Individual Performance ratings and corresponding Individual Performance Percentage Factor.

	<i><b>Individual Performance</b></i>	<i><b>Percentage Factor</b></i>
5	Outstanding Performance	110% - 120%
4	Exceeds Expectations	100% - 110%

3	Meets Expectations	80% - 100%
2	Needs Improvement	0% - 80%
1	Not Performing Job	0%

*401(k) Plan and Matching Contribution*

All employees may participate in our 401(k) Plan. Each employee may make pre-tax contributions of up to 60% of their salary up to the current Internal Revenue Service limits. We provide this plan to help our employees save some amount of their cash compensation for retirement in a tax efficient manner.

We match contributions made by employees to the 401(k) Plan in an amount equal to 50% of the participants pre-tax contributions up to a maximum of \$6,600. The matching contributions made to employees vest at the rate of 20% per year after the employee enters the Plan. The amount that Downey matches to the contributions to the 401(k) Plan made by an employee is determined by conducting a compensation analysis through the collection and review of the compensation being paid by peer group institutions.

*Insurance*

The medical, vision, dental, disability and life insurance programs to which Downey provides access is determined based on the price and other terms and conditions of insurance policies available in the marketplace from qualified insurance carriers. The amount that Downey contributes towards the premiums of these insurance programs is determined by (a) the total amount of the premiums of the insurance programs and (b) the amount that peer group institutions contribute towards similar insurance programs.

Medical, vision, dental, disability and life insurance programs to which Downey provides access and contributes towards premiums are intended to assist executive officers and their immediate families with health and welfare costs.

*Employee Stock Purchase Program*

Downey offers all employees participation in its Employee Stock Purchase Plan. Downey believes that ownership of Downey's stock by employees will foster greater employee interest in Downey's success, growth and development and, in turn, benefit Downey. The Plan is designed to provide employees a continued opportunity to purchase Downey's stock through systematic payroll deductions. Downey bears

all costs of administering the Plan, including broker's fees, commissions, postage and other costs incurred with stock purchases. If an employee elects to terminate participation in the Plan, or sells stock acquired through the Plan, the employee is responsible for all associated costs.

*Deferred Compensation Program*

Downey offers a Deferred Compensation Program to key management employees and directors. Salary deferred pursuant to the Program earns interest at the current rate paid by Downey on one, two and five year certificates of deposit, which ranged from 4.4% to 4.5% during 2006. Currently, 111 management employees and the directors are eligible to participate in the Program. As of December 31, 2006, 17 management employees and no directors elected to defer compensation pursuant to the Deferred Compensation Program. None of the named executive officers participated in the Deferred Compensation Program in 2006.

*Summary of Primary Elements of Compensation Program*

The primary elements of our executive compensation program are designed to be consistent with the objectives set forth above. The characteristics and purpose of the primary elements of our executive compensation program are summarized in the table below.

<i>Element</i>	<i>Characteristics</i>	<i>Purpose</i>
Base Salary	Fixed annual cash compensation; all executives are eligible for periodic increases in base salary based on job responsibilities, corporate performance, individual performance, and competitive compensation conditions.	To keep our annual compensation competitive with the market for the abilities, skill and experience necessary for each executive position.
Annual Cash Bonuses	Performance-based annual cash bonuses earned based on corporate performance and individual performance.	To motivate and reward executive officers for corporate performance and individual performance.
401(k) Plan and Matching Contribution	Tax-deferred plan in which all employees may defer compensation for retirement. We match the 401(k) contributions of our employees up to a maximum of \$6,600 per year.	To provide employees the opportunity to save for retirement in a tax efficient manner.
Insurance	The same or comparable medical, vision, dental, disability and life insurance programs are available to all full-time employees.	To assist employees and their families with health and welfare costs.

*All Elements Taken Together*

Each of the elements of Downey's compensation program, when taken together, are intended to provide competitive and reasonable remuneration to executive officers consistent with corporate and stockholder interest.

**Process for Determining Compensation**

The amount of annual base salary for each executive officer is determined by (a) conducting a compensation analysis for the executive position through the collection and review of the compensation offered by peer group institutions, (b) corporate performance, and (c) individual performance.

The Compensation Committee meets outside of the presence of the Chief Executive Officer and all other executive officers to determine what it believes is the appropriate compensation for the Chief Executive Officer. The Compensation Committee then makes recommendations to the independent members of the Board for the Chief Executive Officer's compensation. The independent members of the Board then establish the compensation of the Chief Executive Officer based on the recommendation of the Compensation Committee.

The Director of Human Resources provides the Chief Executive Officer with input based on market data for each executive officer other than the Chief Executive Officer. The Chief Executive Officer, in consultation with the Director of Human Resources, determines what he believes is the appropriate compensation for each executive officer (excluding the Chief Executive Officer) and makes recommendations to the Compensation Committee accordingly. The Compensation Committee, meeting outside of the presence of all executive officers except for the Chief Executive Officer, then determines what it believes is the appropriate compensation for each executive officer (excluding the Chief Executive Officer) and makes recommendations to the Board accordingly. The Board then establishes the compensation of each executive officer (excluding the Chief Executive Officer) based on the recommendations of the Compensation Committee.

### **Factors Used to Determine Compensation**

The total compensation program is established in the context of job responsibilities, achieving corporate performance goals, individual performance, as well as competitive compensation conditions. Corporate performance, individual performance and competitive compensation conditions are further described below.

#### *Corporate Performance and Individual Performance*

Our compensation program emphasizes pay for performance.

Corporate performance under the compensation program, for each fiscal year, is measured based on the consolidated net income of Downey compared to a consolidated net income target recommended by our Compensation Committee and approved by the Board at the beginning of the fiscal year.

The Compensation Committee establishes a performance rating for the Chief Executive Officer and recommends to the independent members of the Board a performance rating for the Chief Executive Officer. Individual performance is evaluated and a performance rating is established by the Chief Executive Officer for each executive officer other than the Chief Executive Officer. The Compensation Committee establishes a performance rating for each executive officer (excluding the Chief Executive Officer) and makes recommendations to the Board for the performance ratings of each of these executive officers.

The Chief Executive Officer, Compensation Committee, Board and independent members of the Board evaluate individual performance based upon the following criteria: planning; initiative; communication and interpersonal skills; decision making and problem solving; efficiency and effectiveness; budget and expenses; judgment; and leadership, without greater or lesser weight allocated to any particular factor.

#### *Competitive Compensation Conditions*

We provide a competitive total compensation package to attract and retain executive officers with the ability and the experience necessary to lead us and deliver strong performance to stockholders.

We consider market pay practices, specifically the practices of peer group institutions, in determining the compensation of each executive officer.

Downey conducts benchmarking studies in which a compensation analysis is conducted for each executive position through the collection and review of the compensation being offered to similarly situated executive officers at peer group institutions. The peer group institutions used in this analysis were: City National Corp; Firstfed Financial Corp.; Fremont General Corp; Golden West Financial; Indymac Bancorp; and Unionbanca Corp (parent of Union

Bank of California). We believe that the peer group provides appropriate benchmark data because it consists of similar organizations against whom we competed for executive talent during the prior fiscal year. Downey conducts benchmarking studies for total compensation and for each element of compensation.

We also consider the pay of each executive officer relative to each other executive officer and relative to other members of the management team. We have designed the compensation program to be consistent for each member of our executive management team.

The amount of the annual base salary for each executive officer is taken into account when determining their target annual cash bonus. Likewise, the target annual cash bonus for each executive officer is taken into account when determining their annual base salary.

We take into account the prior compensation of new executive officers when determining appropriate compensation.

### **Cash-Based Compensation**

All pay elements of our compensation program are cash based, aside from voluntary participation in our employee stock purchase plan which is available equally to all of our employees.

Although we formerly provided equity based incentive compensation to our executive officers, and some of our executive officers still retain that equity based incentive compensation through stock options, we have not provided any equity based incentive compensation since 1998. We believe that cash compensation using base salaries and annual incentive plan payments is a fair method of compensating our executive officers without equity dilution to our stockholders.

In general, compensation or amounts realized by executives from prior compensation from us, such as gains from previously awarded stock options or options awards, are not taken into account in determining compensation. We believe that our executive officers should be fairly compensated each year relative to market pay levels of our peer group and that the compensation of each executive officer should be equitable taking into account the compensation of our other executive officers.

### **Internal Revenue Code Section 162(m)**

Tax deductions on compensation paid to Daniel D. Rosenthal and Thomas E. Prince during 2006 over one million dollars are limited under Section 162(m) of the Internal Revenue Code ( Code ). The additional tax expense incurred by Downey due to this limitation was approximately \$264,000. The Compensation Committee considers the deductibility of executive compensation under Section 162(m). In order to ensure competitive total compensation packages for the named executive officers identified above, the Compensation Committee has approved total cash compensation for these named executives which was not fully deductible under Section 162(m).

### **Discretion of Members of Board**

The members of the Board (and the independent members of the Board for Chief Executive Officer compensation issues) may exercise discretion in adjusting compensation for executive officers based on the members consideration of any factors they determine are relevant given the circumstances, which may include but are not limited to corporate performance and individual performance.

The members of the Board (and the independent members of the Board for Chief Executive Officer compensation issues) may modify, terminate and/or deviate from any part of the compensation program, including the Annual Incentive Plan, at the members' discretion at any time.

### Employment Agreements and Change in Control Agreements

Neither Downey nor the Bank have any employment agreement with any executive officers.

As of February 28, 2007, the Bank entered into change in control agreements with each of its executive officers, including the named executive officers. For further information regarding the change in control agreements, see Employment Agreement and Potential Payments upon Termination or Change in Control below.

The Compensation Committee believes that the conditions described in the change in control agreements that must be satisfied for any change in control payments are appropriate because, when taken together, not only is a change in control required but also a material loss to the named executive e.g., due to termination of their employment with Downey or the Bank.

Page 20

The following table summarizes the total compensation paid to each of Downey's named executive officers. Downey has not entered into any employment agreements with any named executive officer. Virtually all of each named executive's total compensation consisted of base salary and cash amounts payable pursuant to Downey's Annual Incentive Plan. Base salary accounted for approximately 46% of the total compensation of the named executive officers while incentive cash compensation accounted for approximately 54% of the total compensation of the named executive officers. Downey did not award any equity compensation during the periods presented and does not currently have an equity incentive plan for purposes of making equity awards to the named executive officers.

### Potential Payments upon Termination or Change in Control

As of February 28, 2007, the Bank entered into change in control agreements with each of its executive officers, including the named executive officers. The change in control agreements provide for certain payments to be made to the named executives in the event that a change in control of Downey or the Bank occurs and within 24 months after the change in control:

- the named executive's employment is terminated by the Bank or Downey without cause; or
- the named executive voluntarily terminates employment with the Bank with good reason, as defined below.

In the event that the named executive's employment terminates under the circumstances set forth in the change in control agreements, the named executive is entitled to:

- a lump-sum payment of three times (3x) in the case of Messrs. Rosenthal and Prince, and two times (2x) in the case of Messrs. Côté, MacDonald and Piscitelli, of the named executive's annual compensation. For purposes of the change in control agreements, annual compensation is equal to the named executive's base salary in effect immediately before the time of the change in control or the time of termination of employment, whichever is greater, plus the target bonus. The target bonus means the product of the target bonus percentage and the annual base salary in effect immediately before the change in control or termination of employment, whichever is greater. The target bonus percentage means the target percentage, if any, in effect immediately before the time of the change in control or the time of termination of employment, whichever is greater, that would apply to the named executive's annual base salary if all individual and corporate performance goals were met at target levels for purposes of determining the named executive's annual bonus under Downey's Annual Incentive Plan; and
- a lump sum amount equal to a prorata portion of the current year target bonus based on the number of days that the named executive officer has been employed in the calendar year in which employment terminates; and

If payments to be made pursuant to the change in control agreements or any other payments the named executive receives from the Bank would result in the executive being subject to the 20% excise tax on excess parachute payments, then the payments to the executive will be reduced to the largest amount that is not subject to the excise tax if the executive will have a greater net amount after taxes from the reduced payment.

In addition, for thirty six (36) months, in the case of Messrs. Rosenthal and Prince, and twenty four (24) months in the case of Messrs. Côté, MacDonald and Piscitelli, each named executive and his spouse and dependents would be entitled to all welfare benefits applicable prior to the termination of employment, including all health, dental, disability, life and similar benefit plans.

For purposes of the change in control agreements, a change in control is deemed to have occurred if, among other things:

- any person or group becomes the beneficial owner or more than 50% of the outstanding capital stock of Downey or the Bank;
- during any period of not more than 12 consecutive months, the directors of Downey as of February 28, 2007 (or any successors whose nomination or selection was recommended or approved by a majority of directors in office at the time of the director's nomination or selection), cease to constitute a majority of directors of Downey;

Page 24

---

[Navigation Links](#)

- the effective date of any merger or consolidation of Downey or the Bank in which the holders of capital stock of Downey or the Bank immediately prior to the transaction cease to represent a majority of the voting capital stock of the entity surviving the transaction; or
- a sale of all or substantially all of Downey's or the Bank's assets.

For purposes of the change in control agreement, "good reason" means the occurrence of any of the following without the named executive's consent:

- material diminution in the executive's status, position or responsibilities, or the assignment to the named executive of any duties or responsibilities that are inconsistent with his status, position or responsibilities;
- a reduction in the named executive's base salary or target bonus compensation;
- the failure of any successor-in-interest to assume all of the obligations of the Bank under the change in control agreement;
- an uncured material breach of the change in control agreement by the Bank; or
- a relocation of the named executive's principal place of employment to a new work site requiring an increase in one-way commute from the named executive's residence of more than thirty-five (35) miles.

The change in control agreements also provide that within 30 days prior to a change in control or twelve months following a change in control, the Bank may unilaterally terminate its obligations under the change in control agreement (without regard to whether the named executive officer is terminated) if the Bank (i) pays the named executive officer the amount that the named executive officer would otherwise be entitled to under the change in control agreement (following receipt of an executed Separation Agreement and Release) and (ii) terminates all of its other change in control agreements at the same time.

The change in control payments are conditioned upon the named executive executing a Separation Agreement and Release with the Bank, which provides for the executive's release of Downey and the Bank from all liability.

The following tables show the potential payments to be made to the named executive officers upon a change in control or termination of the named executive officers, including termination in the event of a change in control, termination in the absence of a change in control, and termination upon death or disability (other than payments which would be made pursuant to agreements, plans or arrangements that do not discriminate in scope, terms or operation in favor of the executive officers and that are generally available to all full time employees).

<sup>(1)</sup> Each director of Downey is also a director of the Bank. The annual retainer listed is for services on both Boards.

<sup>(2)</sup> During 2006, Downey and the Bank's Chairman declined to accept the \$2,500 per year additional annual retainer from Downey or the Bank.

<sup>(3)</sup> There is no annual retainer paid to DSL Board members and no DSL Board meeting fee is paid if the meeting is on the same day as a Downey or Bank Board meeting.

Non-employee directors who review the Thrift Financial Reports and Consolidated Maturity/Rate Schedules required to be filed quarterly with the Office of Thrift Supervision receive a fee of \$500 per quarter. Directors are reimbursed for reasonable out-of-pocket expenses and are entitled to receive the same medical coverage benefits provided to the Bank's employees.

Employee directors receive no compensation for Board service.

For further information regarding payments received by Mr. Smull, see "Transactions with Management and Certain Business Relationships."

#### *Director Retirement Benefits Plan*

During 2004, the Board approved a revised Director Retirement Benefits Plan (the "DRB Plan"). To be eligible for the DRB Plan benefits, the director must have retired from the Board, not been an employee of Downey or the Bank while a director, and served as a director for a minimum of either three years (if he or she joined the Board before April 23, 2003) or five years (if he or she joined the Board on or after April 23, 2003). The total benefit an eligible director receives under the DRB Plan equals one-third of the months the director served (up to a maximum of 60 months) multiplied by the average monthly director compensation received during the 36 months preceding retirement. The total benefit will be paid to each eligible director or his or her designated beneficiary, in 60 equal monthly installments, without interest, beginning the month after retirement. If a majority interest of Downey's outstanding stock is transferred or acquired (other than by will or by the laws of descent and distribution), then the entire earned benefit becomes payable immediately, and the three-year (or five year) minimum service requirement does not apply. If a retired director so requests, Downey, at its option, may make a single lump-sum payment of the

total benefit. Any such accelerated payment would be discounted to the present value at the interest rate then in effect for the Bank's two-year certificates of deposit.

### *Founder Retirement Agreement*

On December 21, 1989, the Bank entered into a retirement agreement (the "Founder Retirement Agreement") with Mr. McAlister, pursuant to which Mr. McAlister's compensation was set at \$32,167 per month, which payments commenced upon Mr. McAlister's retirement as President of DSL Service Company, a subsidiary of the Bank, in 1993. The Founder Retirement Agreement provides for adjustments to compensation payments every three years, based on the Consumer Price Index, as defined under the Founder Retirement Agreement. Pursuant to these adjustments, Mr. McAlister's compensation was adjusted to \$43,268.27 per month, effective as of July 1, 2005.

During 2000, in consideration and in recognition of Mr. McAlister having completed more than thirty years of service and his continuing involvement with the growth of Downey and the Bank, the Bank agreed to amend the Founder Retirement Agreement pursuant to which Mr. McAlister and the Bank agreed that Mr. McAlister would be entitled to receive monthly compensation for so long as Mr. McAlister lives but not less than 120 months from June 28, 2000. Thus, the payments will be made to Mr. McAlister's estate through June 2010 should he die prior to that date. During 2006, Mr. McAlister received \$519,219.24 under the Founder Retirement Agreement. If a majority interest of Downey's Common Stock is transferred or acquired, then such compensation shall continue as scheduled or, at Downey's option, a lump-sum payment equal to the then present value of any remaining compensation shall be paid.

### **Compensation Committee Interlocks and Insider Participation**

During the last fiscal year, no member of the Compensation Committee was an officer or employee of Downey or any of its subsidiaries. As discussed more fully below under the caption "Certain Relationships and Related Transactions - Loans to Management and Directors," which discussion is incorporated herein by reference, the Bank has made various loans to, and DSL Service Company has made certain equity investments in real estate ventures associated with, McMillin Companies, LLC, of which Mr. Hunter serves as Executive Vice President of Planning and Acquisition.

None of Downey's executive officers has ever served as a director or member of the compensation committee (or other board committee performing equivalent functions) of another entity in which a member of Downey's Compensation Committee has served as an executive officer.

### **Equity Compensation Plan Information**

During 1994, Downey adopted an equity compensation plan approved by stockholders as the 1994 Long Term Incentive Plan ("LTIP"), which terminated in 2004. Options granted and outstanding at termination of the LTIP remain exercisable until the specific termination date of the option. The following table summarizes our outstanding options, their weighted average exercise price and number of options available for issuance at year-end 2006.

## NOMINATING AND CORPORATE GOVERNANCE COMMITTEE REPORT

The current members of the Nominating and Corporate Governance Committee ("NCGC") are Cheryl E. Olson, Chair, Maurice L. McAlister and Brent McQuarrie. The Board has determined that each member of the NCGC is independent under applicable listing standards. In accordance with SEC and NYSE requirements, the Board has approved (i) a written charter for the NCGC; (ii) corporate governance guidelines; (iii) a code of ethical conduct for directors and financial officers, including the Chief Executive Officer; and (iv) a code of ethical conduct for all employees. Items (i)-(iii) and a summary of item (iv) are available on Downey's website at [www.downeysavings.com](http://www.downeysavings.com) by clicking on "Investor Relations" and then "Corporate Governance." Items (i)-(iii) and a summary of item (iv) are also available in print and may be obtained, free of charge to stockholders, upon written request to: Downey Financial Corp., 3501 Jamboree Road, Newport Beach, California 92660, Attention: General Counsel/Corporate Secretary. All of our current nominees for election as directors are standing for re-election other than Mr. Bozarth who was appointed to the Board in November 2006. Mr. Bozarth was identified by an independent recruiting company. (Information on our website is not part of this Proxy Statement.)

### *Nomination of Director Candidates*

The NCGC is primarily responsible for identifying qualified director candidates, including stockholder nominees, and the NCGC considers, among other things, a candidate's age, diversity, skills, background, experience and ability to represent the long-term interests of stockholders as a whole. On February 28, 2007, the NCGC formally adopted a policy to provide that the NCGC will consider any candidate recommended for directorship by a stockholder. Recommendations must be sent to the attention of Downey's General Counsel/Corporate Secretary, 3501 Jamboree Road, North Tower, Newport Beach, California 92660, no later than November 30<sup>th</sup> of the year preceding the next annual meeting of stockholders. The NCGC will apply the same criteria for candidates recommended by stockholders as candidates recommended by members of the Board.

The NCGC will consider stockholder nominations for director in accordance with Downey's Bylaws. The nominating stockholder must be eligible to vote for the election of directors at the annual meeting for which the stockholder's director candidate is nominated. To be timely, a stockholder's nomination must be delivered to or received at Downey's principal executive offices not less than 20 days prior to the annual meeting; provided, however, that if Downey gives stockholders less than 30 days' notice of the date of the annual meeting (which notice must be accompanied by a proxy or information statement which identifies the nominees of the Board), to be timely Downey

must receive the stockholder nomination by the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed. Such stockholder's nomination notice shall set forth as to each director nominee (i) the name, age, business address and residence address of such nominee; (ii) the principal occupation or employment of such nominee; and (iii) such nominee's written consent to serve as a director, if elected; and as to the stockholder giving the notice (i) the name and address of such stockholder; and (ii) the class and number of shares of Downey which are owned of record by such stockholder.

At the request of the Board, any person nominated by the Board for election as a director shall furnish to the General Counsel/Corporate Secretary of Downey the information required to be set forth in a stockholder's notice of nomination which pertains to the nominee together with the required written consents. Ballots bearing the names of all persons nominated by the NCGC and by stockholders shall be provided for use at the annual meeting. If the NCGC fails or refuses to act at least 20 days prior to the annual meeting, nominations for directors may be made at the Annual Meeting by any stockholder entitled to vote and shall be voted upon. No person shall be elected as a director of Downey unless nominated in accordance with the procedures set forth in this section.

Downey does not currently employ or pay a fee to any third party to assist in identifying or evaluating director candidates.

#### *Stockholder-Director Communications*

The Board welcomes communications from stockholders. You may send communications to the Board or any particular director(s) in care of Downey's General Counsel/Corporate Secretary, 3501 Jamboree Road, North Tower, Newport Beach, California 92660, who shall forward the communications to the director(s) and may review such communications and distribute a copy to Downey's senior management.

### **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

#### **Transactions with Management and Certain Business Relationships**

During 2006, employees of Downey and the Bank provided accounting and related services to Maurice L. McAlister, Chairman of Downey's Board, certain members of Mr. McAlister's family and certain of his controlled affiliates. The aggregate value of these services was approximately \$82,358. Downey and the Bank have been fully reimbursed for the services provided.

From time to time, the Bank's Board has approved having the Bank enter into commercial leases with California partnerships in which Lester C. Smull, a director of Downey and the Bank, is the managing general partner. All seven of these commercial leases are for space located in California, two retail branches in Huntington Beach, one retail branch in Dana Point, one retail branch in Chino, one retail branch in Simi Valley, one retail branch in Mission Viejo, and a retail banking regional office in Chino. The Bank's aggregate rental obligations on the seven leases as of January 2007 is approximately \$46,955 per month. Management believes that the terms of the leases, including the monthly rent, are at least as favorable to the Bank as prevailing terms that could be obtained from a non-affiliated person.

During 2006, the law firm of Hodel, Briggs and Winter LLP provided legal services to Downey and its affiliates for fees of approximately \$515,600. The husband of Kendice K. Briggs is a partner in that firm. Ms. Briggs is Executive Vice President and Director of Human Resources of the Bank.

#### **Loans to Management and Directors**

The Bank offers loans to directors, officers and employees of Downey, the Bank and their respective subsidiaries. These loans are made in the ordinary course of business and, in the judgment of management, do not involve more than the normal risk of collectability or present other unfavorable features. The loans are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions involving non-affiliated persons.

Over a period of approximately 30 years, the Bank has made various loans to Director Smull, in his individual capacity, to the Smull Family Trust and to a number of California partnerships in which Director Smull is a managing general partner. As of December 31, 2006, the Bank had loans outstanding to Director Smull or his related partnerships in an aggregate amount of approximately \$20.7 million. Each of the loans to Director Smull or his related partnerships (i) was made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions involving non-affiliated persons; and (ii) did not involve more than the normal risk of collectability or present other unfavorable features.

The Bank has made various loans to McMillin Companies, LLC, where Director Hunter is Executive Vice President of Planning and Acquisition. As of December 31, 2006, the Bank had loans outstanding to McMillin Companies, LLC and related entities in an aggregate amount of \$1.4 million. In addition, DSL Service Company has equity investments in real estate ventures associated with McMillin Companies,

LLC, specifically (as of December 31, 2006), a \$13.6 million investment in Montevina @ Morgan Hill, LLC and a \$10.7 million investment in Ruffino @ Morgan Hill, LLC. Each of the loans to, and equity investments with, the McMillin-related entities (i) was made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions involving non-affiliated persons; and (ii) did not involve more than the normal risk of collectability or present other unfavorable features.

As a result of its regulation by the Office of Thrift Supervision, the Bank and its subsidiaries have written policies in place governing related party transactions. The Bank has an Affiliate, Affiliated Person and Insider Policy to ensure and monitor the Bank's compliance with applicable statutory and regulatory standards regarding transactions with affiliates and loans to insiders. This policy provides, among other things, that extensions of credit from the Bank or any subsidiary to insiders (including directors, executive officers and their affiliates) must be approved in advance by a majority of the entire Board (with the interested party abstaining from participating directly or indirectly in the deliberations or voting) if the extension of credit, together with all other extensions of credit made to such person and all related interests of that person, exceeds the higher of \$25,000 or five percent of the Bank's capital, or in any event exceeds \$500,000. Any transaction that involves a purchase of real or personal property from an affiliate must satisfy various regulatory tests relating to, among other things, the total amount of loans and other related transactions the Bank is permitted to engage in with that affiliate and his or her related interests and whether or not the transaction is made on terms and conditions and under circumstances, including credit standards, that are substantially the same, or at least as favorable to the Bank as those prevailing at the time for comparable transactions with or involving non-affiliates.

In addition, Downey has a Related Party Transaction Policy which was adopted in December, 2006. The written policy provides that prior to entering into a related party transaction (a) the related party, (b) or the director, executive officer, nominee or beneficial owner who is an immediate family member of the related party, must notify Downey's General Counsel of the facts and circumstances of the proposed related party transaction, including: (i) the related party's relationship with Downey and interest in the transaction, including the impact on a director's independence in the event the related party is a director, an immediate family member of a director or an entity in which a director is a partner, stockholder or executive officer; (ii) the material facts of the proposed related party transaction, including the

proposed aggregate value of such transaction or, in the case of indebtedness, the amount of principal that would be involved; (iii) the benefits to Downey of the proposed related party transaction; (iv) if applicable, the availability of other sources of comparable products or services; and (v) an assessment of whether the proposed related party transaction is on terms that are comparable to the terms available to an unrelated, qualified third party.

If the General Counsel determines that the proposed transaction is a related party transaction, the proposed related party transaction must be submitted to the Audit Committee for consideration at the next Audit Committee meeting or, in those instances in which the General Counsel, in consultation with Downey's Chief Executive Officer, determines that it is not practicable or desirable for Downey to wait until the next Audit Committee meeting, to the Chairman of the Audit Committee (who possesses delegated authority to act between Audit Committee meetings). The Audit Committee (or its Chairman) is to approve only those related party transactions that are in, or are not inconsistent with, the best interests of Downey and its stockholders, as the Audit Committee (or its Chairman) determines in good faith.

## SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Downey's and, as may be determined, the Bank's and their respective subsidiaries' executive officers, directors and persons who own more than ten percent (10%) of Downey's Common Stock, to file with the SEC and the NYSE reports of ownership of Downey securities and changes in reported ownership. Officers, directors and greater than ten percent (10%) stockholders are required by SEC rules to furnish Downey with copies of all Section 16(a) reports they file.

Based solely on a review of the reports furnished to Downey, or written representations from reporting persons that all reportable transactions were reported, Downey believes that during the period January 1, 2006 to December 31, 2006, Downey's officers, directors and greater than ten percent (10%) owners timely filed all reports they were required to file under Section 16(a).

## NEW YORK STOCK EXCHANGE CEO CERTIFICATION

The certification of Downey's Chief Executive Officer as required by the NYSE listing standards, Section 303A.12(a), was submitted to the NYSE on May 24, 2006.
