**METHANEX ANNOUNCES 37.5% INCREASE IN QUARTERLY DIVIDEND AND NEW 5% SHARE BUY-BACK PROGRAM**

**May 5, 2005**

Methanex Corporation is pleased to announce that its Board of Directors has approved a 37.5 percent increase in the Company's quarterly dividend to shareholders, from US\$0.08 per share to US\$0.11 per share. The increased dividend will apply commencing with the dividend payable on June 30, 2005 to holders of common shares of record on June 16, 2005.

Bruce Aitken, President and CEO of Methanex commented, "We are pleased to have been able to increase our dividend for the third year in a row since its inception in 2002. The sustainability of our dividend payout has improved as a result of the addition of our fourth plant in Chile, which is currently in the commissioning phase. This plant will bring our total low cost production capacity to approximately 5.8 million tonnes per year and will improve our ability to generate cash throughout the methanol price cycle."

In addition, the Company's Board of Directors has also approved a new normal course issuer bid that will commence on the expiration of its existing normal course issuer bid. Under the new bid, the Company may repurchase up to 5,917,629 common shares of the Company representing not more than 5% of the total shares issued and outstanding. Under the existing bid, which expires on May 16, 2005, the Company has purchased 8,728,900 shares as of May 4, 2005. As of May 4, 2005, there were 118,352,592 Methanex common shares issued and outstanding.

Mr. Aitken stated, "The announcement of this new normal course issuer bid is consistent with our balanced approach to the utilization of cash and reflects our commitment to returning excess cash to shareholders. With over US \$250 million of cash on hand at the end of the first quarter of 2005 and continued strong cash generation, we have the financial strength and flexibility to both maintain our leadership position in the methanol industry and return excess cash to shareholders."

The normal course issuer bid repurchase program was filed and accepted by the Toronto Stock Exchange (TSX) today. The program will be carried out through the facilities of the TSX. Purchases under the program may commence on May 17, 2005 and will terminate on the earlier of May 16, 2006 and the date upon which the Company has acquired the maximum number of common shares permitted under the purchase program or otherwise decided not to make further purchases. Purchases will be made from time to time at the then current market price of the Company's common shares as traded on the TSX and the common shares purchased will be cancelled.

Methanex believes that purchasing its shares under this normal course issuer bid is in the best interests of its shareholders and represents an effective use of the Company's financial resources. Methanex intends to finance the purchase of common shares under the bid with cash on hand.

Methanex, based in Vancouver, is the world's largest producer and marketer of methanol. Methanex shares are listed for trading on the Toronto Stock Exchange in Canada under the trading symbol "MX" and on the Nasdaq National

Market in the United States under the trading symbol MEOH.
