PROXY STATEMENT

FOR THE

2009 ANNUAL MEETING OF SHAREHOLDERS

GENERAL

This Proxy Statement is being furnished to the shareholders of Kearny Financial Corp. (the "Company") in connection with the solicitation by the Board of Directors of proxies for use at the 2009 Annual Meeting of Shareholders, to be held at the Company's offices located at 120 Passaic Avenue, Fairfield, New Jersey on Thursday, October 22, 2009 at 10:00 a.m., Eastern Time (the "Annual Meeting"). This Proxy Statement and the accompanying form of proxy are first being mailed to shareholders on or about September 21, 2009.

VOTING AND PROXY PROCEDURES

Who Can Vote at the Annual Meeting

You are only entitled to vote at the Annual Meeting if our records show that you held shares of our common stock, \$.10 par value (the "Common Stock"), as of the close of business on September 4, 2009 (the "Record Date"). If your shares are held by a broker or other intermediary, you can only vote your shares in person at the Annual Meeting if you have a properly executed proxy from the record holder of your shares (or their designee). As of the Record Date, a total of 69,176,900 shares of Common Stock were outstanding.

Each share of Common Stock has one vote in each matter presented, except that as provided in the Company's Charter, for a period of five years from February 23, 2005, the date of completion of the Company's initial public stock offering, no person, except Kearny MHC, is permitted to beneficially own in excess of 10% of the Company's outstanding common stock (the "Limit"), and any shares of Common Stock acquired in excess of the Limit are not entitled to vote. A person or entity is considered to beneficially own shares owned by an affiliate of the person or entity, as well as by persons acting in concert with the person or entity.

Voting by Proxy

The Board of Directors is sending you this Proxy Statement for the purpose of requesting that you allow your shares of Common Stock to be represented at the Annual Meeting by the persons named in the enclosed Proxy Card. All shares of Common Stock represented at the Annual Meeting by properly executed and dated proxies will be voted according to the instructions indicated on the Proxy Card. If you sign, date and return the Proxy Card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. **The Board of Directors recommends a vote "FOR" each of its nominees for director and a vote "FOR" ratification of the appointment of Beard**

Miller Company LLP as the Company's independent auditor for the 2010 fiscal year.

If any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the persons named in the Proxy Card will vote your shares as determined by a majority of the Board of Directors. If the Annual Meeting is postponed or adjourned, your Common Stock may be voted

1

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

by the persons named in the Proxy Card on the new Annual Meeting dates as well, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the Annual Meeting.

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. To revoke your proxy you must either advise the Company's Secretary in writing before your Common Stock has been voted at the Annual Meeting, deliver a later-dated proxy, or attend the Annual Meeting and vote your shares in person. Attendance at the Annual Meeting will not in itself revoke your proxy.

If you hold your Common Stock in "street name," you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted. Your broker, bank or other nominee may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form provided by your broker, bank or other nominee that accompanies this Proxy Statement. If you wish to change your voting instructions after you have returned a voting instruction form to your broker, bank or other nominee, you must contact your broker, bank or other nominee.

Internet Access to Proxy Materials

Copies of this Proxy Statement and the 2009 Annual Report to Stockholders are available on the internet at <http://www.sn1.com/IRWebLinkX/GenPage.aspx?IID=4072225&gkp=203675>. Stockholders can elect to receive future proxy statements and annual reports over the internet rather than in printed form. Stockholders of record can make this election by calling toll free to 1-800-273-3406 or sending an e-mail to cmontanaro@kearnyfederalsavings.net. If you hold your shares in street name, please refer to the information provided by your broker, bank or other nominee for instructions on how to elect to access future proxy materials over the internet.

Participants in the Kearny Federal Savings Bank Employee Stock Ownership Plan and Employees' Savings and Profit Sharing Plan

If you are a participant in the Kearny Federal Savings Bank Employee Stock Ownership Plan (the "ESOP") or hold Common Stock through the Kearny Federal Savings Bank Employees' Savings and Profit Sharing Plan (the "401(k) Plan"), you will receive a voting instruction form from each plan that reflects all shares you may vote under these plans. Under the terms of the ESOP, all shares held by the ESOP are voted by the ESOP trustees, but each participant in the ESOP may direct the trustees on how to vote the shares of Common Stock allocated to his or her account. Unallocated shares and allocated shares for which no timely voting instructions are received will be voted by the ESOP trustees as directed by the ESOP Committee consisting of the outside directors of the Board. Under the terms of the 401(k) Plan, you are entitled to direct the trustee how to vote the shares of Common Stock credited to your account in the 401(k) Plan. The 401(k) Plan trustee will vote all shares for which it does not receive timely instructions from participants at the direction of the Company's Board of Directors or the Plan Committee of the Board. The deadline for returning your voting instruction form to the trustees of the ESOP and 401(k) Plan is October 19, 2009.

Vote Required

The Annual Meeting can only transact business if a majority of the outstanding shares of Common Stock entitled to vote is represented at the Annual Meeting. If you return a valid proxy or attend the Annual Meeting in person, your shares will be counted for purposes of determining whether there is a quorum even if you abstain or withhold your vote or do not vote your shares at the Annual Meeting. Broker non-votes will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not have discretionary voting power with respect to the agenda item and has not received voting instructions from the beneficial owner.

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

In voting on the election of directors, you may vote in favor of all nominees, withhold votes as to all nominees, or vote in favor of all nominees except nominees you specify as to which you withhold your vote. There is no cumulative voting in the election of directors. Directors must be elected by a plurality of the votes cast at the Annual Meeting. This means that the nominees receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In voting to ratify the appointment of Beard Miller Company LLP as independent auditors for the 2010 fiscal year, you may vote in favor of the proposal, against the proposal or abstain from voting. To be approved, this proposal requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Broker non-votes and abstentions will not be counted as votes cast on the proposal and therefore will have no effect on the outcome of the voting on this proposal.

The following table sets forth, as of the Record Date, certain information as to those persons who were known to be the beneficial owners of more than five percent (5%) of the Company's outstanding shares of Common Stock and as to the shares of Common Stock beneficially owned by all executive officers and directors of the Company as a group.

PROPOSAL I – ELECTION OF DIRECTORS

The Company's Bylaws provide that the Board of Directors shall be divided into three classes, as nearly equal in number as possible. Each class serves for a three-year period, with approximately one-third of the directors standing for election each year. The Board of Directors currently consists of nine members. Three directors will be elected at the Annual Meeting to serve for a three-year term and until their successors have been elected and qualified.

Leopold W. Montanaro, John N. Hopkins and Henry S. Parow have been nominated by the Board of Directors for election to a three-year term to expire in 2012. Each of the nominees has consented to be named in the proxy statement and agreed to serve, if elected. It is intended that proxies solicited by the Board of Directors will, unless otherwise specified, be voted for the election of Messrs. Montanaro, Hopkins and Parow. If any of the nominees are unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any of the nominees might be unavailable to serve.

The following table sets forth for each nominee, continuing director and executive officer of the Company and the Bank: name, positions with the Company, age, year of election or appointment, expiration of current term if a director, and beneficial ownership of the Common Stock as of the Record Date.

CORPORATE GOVERNANCE

Related Party Transactions

Since the beginning of the last fiscal year, no directors, officers or their immediate family members have had a direct or indirect material interest in any transactions in which the Company or any subsidiary was a participant involving an amount in excess of \$120,000 (other than loans from the Bank).

The Bank makes loans to its officers, directors and employees in the ordinary course of business. Kearny Federal Savings Bank has adopted written policies governing these loans. In accordance with federal regulations, all such loans or extensions of credit must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the lender and do not involve more than the normal risk of collectibility or present other unfavorable features. All such loans are approved in advance by the board of directors with any interested director abstaining. Loans to insiders are monitored on a monthly basis to ensure continued compliance with the Bank's lending policies.

Code of Ethics

Kearny Financial Corp. and Kearny Federal Savings Bank have adopted a Code of Ethics, available in the Governance Documents section of the “Investor Relations” page of our website www.kearnyfederalsavings.com, which applies to all directors, officers and employees of the Company and the Bank. It is expected that all directors, officers and employees act, in all matters, in accordance with the highest standards of personal and professional conduct in all aspects of their employment and association with the Company and the Bank, to comply with all applicable laws, rules and regulations and to adhere to all policies and procedures adopted by the Company and the Bank.

Director Independence

The Board of Directors has determined that Directors Aanensen, Mazza, Regan, Parow, Mazur, McClane and McGovern are independent directors within the meaning of the rules of The Nasdaq Stock Market. In making this determination, the Board of Directors considered various deposit and loan relationships and past employment relationships that the independent directors have with the Bank but determined that these relationships did not impair their independence.

Operation of the Board of Directors

During the fiscal year ended June 30, 2009, the boards of directors of Kearny MHC, Kearny Financial Corp. and Kearny Federal Savings Bank held seven, nine, and thirteen meetings, respectively. No director attended fewer than 75% of the total meetings of the Board of Directors and committees on which he served during the year ended June 30, 2009. Compensation Committee. This committee consists of Directors Aanensen (Chair), Mazur, Mazza and Parow. Each member of the Compensation Committee is independent in accordance with the listing standards of The Nasdaq Stock Market. The Board of Directors has adopted a written charter for the Compensation Committee which is available in the Governance Documents section of the “Investor Relations” page of our website at www.kearnyfederalsavings.com. The responsibilities of this committee include appraisal of the performance of officers, administration of management compensation plans and review of directors’ compensation. This committee reviews industry compensation surveys and reviews the recommendations of management on employee compensation matters. This committee meets as needed and met four times during the year ended June 30, 2009.

This committee is directly responsible for the appointment, compensation, retention and oversight of the work of the external auditors. The Board of Directors has adopted a written charter for the Audit Committee, which governs its composition, responsibilities and operation. A copy of this charter is available in the Governance Documents section of the “Investor Relations” page of our website at www.kearnyfederalsavings.com. Nominating Committee. This committee consists of Directors McClane, McGovern and Mazur and is responsible for the annual selection of nominees for election as directors. Each member of the Nominating Committee is independent in accordance with the listing standards of The Nasdaq Stock Market. This committee operates under a written charter, which governs its composition, responsibilities and operations. A copy of this charter is available in the Governance Documents section of the "Investor Relations" page of our website at www.kearnyfederalsavings.com. The committee meets as needed and met one time during the year ended June 30, 2009.

The Company does not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential nominees of the Board includes soliciting recommendations from directors and officers of the Company and the Bank. Additionally, the Board may consider persons recommended by shareholders of the Company in selecting nominees of the Board for election as directors. The manner of evaluation for all potential nominees is the same.

The charter states that the Committee will seek nominees with excellent decision-making ability, business experience, personal integrity and a favorable reputation, who are knowledgeable about the business activities and market areas in which the Company and its subsidiaries engage.

The Committee's process for identifying and evaluating potential nominees will include soliciting recommendations from directors and officers of the Company and the Bank. Additionally, the Committee will consider persons recommended by shareholders of the Company in selecting the individuals the Committee recommends to the Board for selection as the Board's nominees. The Committee will evaluate persons recommended by directors or officers of the Company or the Bank and persons recommended by shareholders in the same manner.

To be considered in the Committee's selection of individuals the Committee recommends to the Board for selection as the Board's nominees, recommendations from shareholders must be received by the Company in writing by at least 120 days prior to the date the proxy statement for the previous year's annual meeting was first distributed to shareholders. Recommendations should identify the submitting shareholder, the person recommended for consideration and the reasons the submitting shareholder believes such person should be considered.

The Company's Bylaws provide that any shareholder wishing to make a nomination for the election of directors or a proposal for new business at a meeting of shareholders must send written notice to the Secretary of the Company at least five days before the date of the annual meeting. The bylaws further provide that if a shareholder wishing to make a nomination or a proposal for new business does not follow the prescribed procedures, the proposal will not be considered until an adjourned, special, or annual meeting of the shareholders taking place thirty days or more thereafter. Management believes that it is in the best interests of the Company and its shareholders to provide enough time for management to disclose to shareholders information about any competing slate of director nominations. This advance notice requirement may also give management time to solicit its own proxies in an attempt to defeat any dissident slate of nominations if management thinks it is in the best interest of shareholders generally. Similarly, adequate advance notice of shareholder proposals will give management time to study such proposals and to determine whether to recommend to the shareholders that such proposals be adopted.

COMPENSATION DISCUSSION AND ANALYSIS

General Policy

The objective of the Company's executive compensation program is to offer competitive short-term and long-term compensation opportunities that will attract, motivate and retain qualified and talented executives who will help facilitate improved financial performance and earnings growth in order to enhance long-term value for the Company's shareholders. The Company's executive compensation program is intended to align the interests of its executive officers with shareholders by rewarding performance measured against the approved annual corporate budget, and by rewarding strong executive leadership and superior individual performance. Compensation levels for executives are established after considering factors that include, but are not limited to, the financial performance of the Company and competitive labor market conditions. Furthermore, qualitative factors such as overall job performance, leadership, teamwork, and community involvement are considered in compensation deliberations.

Components of Compensation

In establishing and evaluating executive compensation, the Compensation Committee concentrates on several fundamental components: base salary, bonus compensation, retirement income opportunity and equity based compensation.

Base Salary: Salary levels for senior executives and other officers are reviewed by the Compensation Committee on an annual basis. Salary levels reflect an individual's job responsibilities, career experience and job performance and the Compensation Committee's analysis of competitive marketplace conditions for similar positions.

Bonus Compensation: We seek to reward the achievement of the Company's and the Bank's business objectives by providing bonus compensation to those individuals who play an instrumental role in defining and then achieving or exceeding specific previously determined organizational business objectives of the Company. Although the Compensation Committee's decisions are discretionary, the general factors that are used to determine bonuses are the actual Company performance achieved as detailed in the annual operating budget and an individual's contribution to the Company's and the Bank's achievement of its goals as detailed in its business plan and the annual operating budget since the executive's last evaluation and the demonstrated capacity to adapt to changing business needs. No particular weightings of these factors were used to calculate bonuses. The Committee reviews the corporate performance following the end of the planning year and the corporate budget approved by the Board for such year. The aggregate bonus pool accrued during the 2009 fiscal year was equal to 5% of total employee base compensation. While the Committee considers actual corporate performance as measured against its corporate budget, aggregate bonus compensation and individual bonus awards are not directly tied to that measure.

Retirement Income Opportunity: Another component of the executive compensation strategy of the Company and the Bank is retirement income opportunity. Presently, such retirement income opportunity involves the Bank's defined benefit pension plan, the Benefits Equalization Plan related to the defined benefit plan (each of which have been frozen as of July 1, 2007 so that future service or salary changes will not increase retirement benefits), the Bank's 401(k) plan and the Bank's Employee Stock Ownership Plan ("ESOP") and related ESOP Benefits Equalization Plan. Such retirement income programs provide a significant inducement for retention of high-performing executives.

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

Equity Based Compensation: In October of 2005, the Company's shareholders approved the Company's Stock Compensation and Incentive Plan. Through this plan, executives may be awarded stock options and restricted stock awards that will offer them the possibility of future compensation opportunity depending on the executive's continued employment with the Company and the Bank and the long-term price appreciation of the Company's common stock. During the fiscal year ended June 30, 2006, awards

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

were made to the Company's chief executive officer and other executive officers. A determination related to such award of stock options and stock awards was made by the Committee after reviewing the Company's other compensation programs for its senior officers and the stock compensation awards made by other financial institutions having completed a stock offering of at least \$50 million within the prior three years.

The long-term value of these equity awards are reviewed annually by the Compensation Committee in conjunction with the value of the other components of compensation in order to evaluate the overall value of each compensation component to the executive officers. Although the stock options previously awarded to the executive officers do not currently represent a significant component of the overall compensation program, it is anticipated that such options will provide meaningful compensation opportunity in the longer term in conjunction with long-term increases in shareholder value as measured by anticipated future appreciation in the market value of the Company's stock. Therefore, it is anticipated that such equity awards will provide the executive officers with long term performance and retention incentives consistent with the Company's objective of enhancing long-term value for the Company's shareholders.

Other Important Components of the Compensation Program: In addition to these components of the compensation program, the Company also maintains employment agreements, including change in control severance protection for the executive officers, insurance programs and other benefit programs, and perquisites and other personal benefits, all consistent with industry practices in our market areas. All of these components of the compensation program are intended to maintain a competitive compensation program necessary to reward our executive officers for achieving our corporate goals and objectives and to provide the necessary job security and protections so that they may focus on achieving improved financial performance for the Company and its shareholders and to permit us to recruit new professional staff from time to time as necessary. Compensation payable to the executive officers related to any change in control transaction of the Company is anticipated to be tax-deductible payments in accordance with Section 280G of the Internal Revenue Code.

Administration of Compensation Program

The Compensation Committee of the Company is responsible for the administration of the compensation program of the President and Chief Executive Officer and the other executive officers. The Compensation Committee meets periodically throughout the fiscal year, including November of each year to determine annual salary adjustments, cash bonus and stock option awards for the executive officers. The Company does not have a formal policy addressing each specific type of compensation. The Committee does consider a variety of factors as it evaluates compensation for each officer, including:

- * Overall company financial performance as compared to budget and prior year's performance;
- * Bank regulatory compliance and examination results;
- * Bank performance metrics compared to other financial services companies in our market area, including return on assets, return on equity, level of non-performing loans and efficiency ratio;
- * The individual achievements of each officer in their respective areas of responsibility; and
- * The market competitiveness of the Company's compensation and benefits programs applicable to its executive management.

The Compensation Committee does not assign a specific weight to any given factor, and no factor has more specific weight than another factor considered. Annual salary increases are generally made in amounts deemed necessary to maintain the competitiveness of the salary structure. Absent a material increase in duties performed by an executive or a significant change in the economic or competitive environment, salaries are not increased materially from year to year.

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

Mr. Hopkins meets with the Compensation Committee to discuss the performance evaluations of each of the executive officers, excluding himself, and presents his recommendations. Mr. Hopkins is not present for any discussion involving his personal compensation.

The Compensation Committee awards specific bonus amounts for each executive officer after reviewing the Company's most recently completed fiscal year results and individual performance. The Company has never been required to materially adjust or restate its reported earnings, and it does not have a policy regarding the adjustment or recovery of bonuses in such an event.

The Board of Directors believes that equity-based compensation is important in aligning the interests of management with those of shareholders and has established the Kearny Federal Savings Bank Employee Stock Ownership Plan and the 2005 Stock Compensation and Incentive Plan to help facilitate this objective. Although each of the executive officers has a substantial personal investment in the Company's Common Stock, the Board of Directors does not have formal equity ownership requirements or guidelines for executive officers.

Committee Review of Executive Compensation

In making its recommendations regarding executive compensation at calendar year-end 2008, the Compensation Committee considered various factors, including the financial condition and performance of the Company compared to the Company's operating budget, the current economic conditions and interest rate environment, and the executive officers efforts to generate revenues and implement cost reduction strategies. The Compensation Committee also considers the individual performance of the executive officers, attainment of strategic business initiatives and regulatory compliance. The Compensation Committee has considered the potential risks that the incentive compensation programs (bonus payments, stock options and stock awards) may expose to the Company, and the established policies, controls and procedures of the Company and the Bank that exist to protect against such risks to the Company. The Compensation Committee does not believe that such incentive compensation programs as administered by the Company pose risk to the Company.

The Committee utilizes publicly available information to gather information related to compensation practices for executive officers of financial services companies in order to determine market competitive levels of compensation as well as reviewing internal pay levels within the executive group. The Committee's review of such information includes an analysis of the compensation practices for executive officers of financial services companies with assets of between \$1.5 billion and \$4.0 billion located in New Jersey and in the adjacent states of New York and Pennsylvania within approximately 100 miles of Fairfield, New Jersey. In November 2008, the Committee reviewed the total salary plus cash bonus payments received by the Chief Executive Officer, the Chief Financial Officer and the Chief Lending Officer for the companies in this comparative group as reported in the summary compensation table of such companies as set forth in the most recent annual meeting proxy statements as filed with the Securities and Exchange Commission. The Committee reviewed the reported compensation for the comparable group's 25th percentile, median and 75th percentile with respect to total salary plus cash bonus paid by this group of companies for each executive position reviewed. The Committee reviewed such data prior to making its salary and cash bonus decisions in late 2008 with respect to the executive officers included in the Summary Compensation Table. The Company does not engage in any specific benchmarking of total compensation or specific elements of compensation to a predetermined peer group of companies when determining compensation levels for its executive officers. The comparison companies and the elements of compensation that are compared are reviewed annually and may change from year-to-year. The Compensation Committee makes decisions regarding each individual executive's target total compensation opportunity with consideration of the goal of motivating and retaining an experienced and effective management team.

In May 2009, the Committee reviewed updated total salary plus cash bonus payment information received by the Chief Executive Officer, the Chief Financial Officer and the Chief Lending Officer for the companies in this comparative group as reported in the summary compensation table of such companies. The Committee reviewed updated compensation information with respect to the comparable group's 25th percentile, median and 75th percentile with respect to total salary plus cash bonus paid by this group of companies for each executive position reviewed. The Committee determined that the compensation decisions made in December 2008 were consistent with the updated market data available.

The Committee has not, in the past several years, retained any compensation experts or consultants to specifically advise the committee or formulate recommendations. The Committee has access to the public disclosures of comparable companies and available trade compensation surveys through the Company's internal resources and its business and legal advisors. However, the Committee formulates its own compensation decisions based upon its review and analysis of such data, rather than relying on the analysis and recommendations of third-party consultants.

The Committee is responsible for conducting periodic reviews of the executive compensation of senior executives, including President and Chief Executive Officer John N. Hopkins. The Committee determines salary levels for senior executives and other officers and amounts of cash bonuses to be distributed to those individuals, if and as appropriate. Awards to senior management and key employees under the Company's 2005 Stock Compensation and Incentive Plan are determined by the Compensation Committee.

The Compensation Committee met during November and December 2008 and approved salary increases for the named executive officers effective as of January 1, 2009 and a cash bonus for each named executive officer to be paid in December 2008. Such cash bonuses awarded in December 2008 related to performance for the fiscal year ended June 30, 2008.

Compensation of the Chief Executive Officer

In assessing appropriate types and amounts of compensation for the CEO, the Board evaluates both corporate and individual performance. Individual factors include the CEO's initiation and implementation of successful business strategies; maintenance of an effective management team and management succession planning; and various personal qualities, including leadership, commitment, and professional and community standing.

In November 2008, the Compensation Committee reviewed the Company's fiscal year 2008 operating results, as well as the job performance of CEO, John N. Hopkins. The Compensation Committee believes that Mr. Hopkins has made significant contributions to the ongoing success of the Company and the Bank, including his efforts in managing the Company's executive team and implementing cost-control initiatives. The Compensation Committee approved an increase in salary for the CEO from \$655,000 to \$690,000 effective January 1, 2009 for the fiscal year 2008 performance, and a bonus payment in December 2008 of \$32,750.

Tax Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code, companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for the CEO and the three most highly paid executive officers listed in the summary compensation table. Compensation that is "performance-based" under the Internal Revenue Code's definition is exempt from this limit. Stock option grants by the

Company are intended to qualify as performance-based compensation.

13

The Compensation Committee does not have a formal policy with respect to the payment of compensation in excess of the deduction limit. The Compensation Committee's practice is to structure compensation programs offered to the executive officers with a view to providing incentives necessary to attract, retain and reward its executive officers. In most instances, such compensation satisfies the requirements for tax-deductibility. The Committee may determine to authorize payments, all or part of which would be nondeductible for federal tax purposes. Approximately \$486,604 of the restricted stock awards that were earned by the CEO for the fiscal year ended June 30, 2009 will be a non-deductible expense for tax purposes in accordance with Section 162(m) of the Internal Revenue Code. It is anticipated that similar amounts will exceed the deductibility limits for fiscal years 2010 through 2011.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Pension Benefits. The Bank is a participating employer in a multiple-employer pension plan sponsored by the Financial Institutions Retirement Fund (the "Pension Plan"). All full-time employees of the Bank are eligible to participate after one year of service and attainment of age 21. A qualifying employee becomes fully vested in the Pension Plan upon the earlier of completion of five years service or attainment of the normal retirement age of 65. The Pension Plan is intended to comply with the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Pension Plan provides for monthly payments to each participating employee at normal retirement age. A participant who is vested in the Pension Plan may take an early retirement and elect to receive a reduced monthly benefit beginning as early as age 45. The Pension Plan also provides for payments in the event of disability or death. The annual benefit amount upon retirement at age 65 equals 2% of the participant's highest five-year average salary times years of service. Benefits are payable in the form of a monthly retirement benefit and a death benefit or an alternative form that is actuarially equivalent. Effective July 1, 2007, the Bank "froze" all future enrollments and benefit accruals under its non-contributory defined benefit pension plan and related benefits equalization plan.

The Bank has adopted a Benefit Equalization Plan related to the Pension Plan. The purpose of this plan is to provide a pension benefit based upon the actual earnings of senior officers of the Bank in the event that their average annual earnings exceeds the permissible pensionable earnings level under the Pension Plan as required by the limitations of Sections 401(a)(17) and 415 of the Internal Revenue Code. The supplemental pension for such officers will reflect years in which earnings exceed the limits of Sections 401(a)(17) and 415 of the Internal Revenue Code with the supplemental benefit based upon the difference between their average earnings taking into effect this maximum pensionable earnings limitation and their average earnings without regard to such limitation, multiplied by 2% times their years of service at retirement. The benefits payment under the Benefit Equalization Plan for the Pension Plan will be in the form of an annual benefit payable for life and a death benefit. Effective July 1, 2007, the Bank "froze" all future enrollments and benefit accruals under its non-contributory defined benefit pension plan and related benefits equalization plan.

The following table provides information with respect to each defined benefit pension plan in which the named officers may receive payments or other benefits at, following, or in connection with retirement.

Nonqualified Deferred Compensation. The Bank has implemented for its senior officers a Benefits Equalization Plan related to the Employee Stock Ownership Plan. This plan constitutes a defined contribution plan providing for deferral of compensation on a non tax-qualified basis. The purpose of this plan is to provide a benefit to senior officers of the Bank whose benefits under the Employee Stock Ownership Plan are limited by Sections 401(a)(17) and 415 of the Internal Revenue Code. For example, this plan provides participants with a benefit for any compensation that they may earn in excess of \$245,000 (as indexed) comparable to the benefits earned by all participants under the employee stock

ownership plan for compensation earned below that level. The Bank may utilize a grantor trust in connection with this plan in order to set aside funds that ultimately may be used to pay benefits under the plan. The assets of the grantor trust will remain subject to the claims of the Bank's general creditors in the event of insolvency, until paid to a participant following termination of employment according to the terms of the plan. Benefits under the plan will be paid in a lump sum in the form of shares of common stock of the Company to the extent permissible under applicable regulations, or in the alternative, benefits will be paid in cash based upon the value of such shares at the time that such benefit payments are made. The actual value of benefits under this plan and the annual financial reporting expense associated with this plan are calculated annually based upon a variety of factors, including the actual value of benefits for participants determined under the employee stock ownership plan each year, the applicable limitations under the Internal Revenue Code that are subject to adjustment annually and the compensation of each participant at such time. Generally, benefits under the plan are taxable to each participant at the time of receipt of such payment, and the Bank will recognize a tax-deductible compensation expense at such time.

The following table sets forth information with respect to the Benefits Equalization Plan related to the Employee Stock Ownership Plan. Mr. Hopkins is the only officer at present with an accumulated benefit under the Benefits Equalization Plan for the Employee Stock Ownership Plan.

Employment Agreements. Effective June 30, 2009, the Company and the Bank entered into employment agreements with Mr. Hopkins, pursuant to which his minimum base salary is \$690,000. The salary payable under Mr. Hopkins's agreement with the Company, however, is reduced dollar-for-dollar for any salary payments made by the Bank. Mr. Hopkins' employment agreements have a term of three years, and may be extended on or before each anniversary of the effective date upon determination of the Board of Directors that his performance has met the requirements and standards of the Board. Pursuant to the terms of Mr. Hopkins' employment agreement, he is generally entitled to participate in all discretionary bonuses, pension and other retirement benefit plans, welfare benefit plans and other equity, incentive and benefit plans and perquisites applicable to senior management of the Bank. Upon his termination of employment at any time on or after attainment of age 62 and until he becomes eligible for Medicare coverage, Mr. Hopkins is permitted to continue to participate, at the Bank's expense, in the group medical plan sponsored by the Bank.

If the Bank terminates Mr. Hopkins without "cause" as defined in the agreement, he will be entitled to (i) a continuation of his salary from the date of termination through the remaining term of the agreement, and (ii) during the same period, the cost of obtaining health, life, disability and other benefits at levels substantially equal to those provided on the date of termination of employment. If Mr. Hopkins' employment is terminated involuntarily during the term of the agreement following a "change in control" of the Company or the Bank, as defined in the agreement, or without cause within twenty-four months following a change in control, he will be paid an amount equal to 2.999 times his five-year average annual taxable cash compensation in a lump sum and be entitled to continued medical and dental coverage for the remainder of the term. Mr. Hopkins will also be entitled to the foregoing change in control severance payment and benefits if he voluntarily terminates his employment within 120 days following certain events during the term of the agreement following a change in control of the Company or the Bank. All amounts payable as severance in respect of a change in control will be reduced to the extent necessary such that neither the payments under the employment agreement, nor any other payments, constitute "excess parachute payments" under Section 280G of the Internal Revenue Code. If a change in control payment had been made under Mr. Hopkins agreement as of June 30, 2009, the payment would have equaled approximately \$3,475,961.

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

Effective June 30, 2009, the Bank also entered into amended and restated employment agreements with the other named officers (Senior Vice Presidents Gossweiler, Joyce, Ledgerwood and Parisi) providing for a minimum base salary of \$246,000 for each of these officers. These agreements each have a term of two years, and each provides for extension of the term on or before each anniversary of the effective date upon determination of the Board of Directors of the Bank that the officer's performance has met its requirements and standards. Pursuant to the terms of the employment agreements, each officer is generally entitled to participate in all discretionary bonuses, pension and other retirement benefit plans, welfare benefit plans and other equity, incentive and benefit plans and perquisites applicable to senior management of the Bank. Upon termination of employment at any time on or after attainment of age 62, each of the officers and his or her dependent family is also permitted to continue to participate, at the Bank's expense, in the group medical plan sponsored by the Bank until such time that the officer and his or her spouse become eligible for Medicare coverage. If terminated without cause, each of these officers will be entitled to (i) a continuation of his or her salary through the remaining term of the agreement, and (ii) during the same period, the cost of obtaining health, life, disability and other benefits at levels substantially equal to those provided on the date of termination of employment. As of June 30, 2009, the remaining term of the agreement for each of these officers was approximately two years, so a continuation of salary through the end of the term would equal \$492,000, for Senior Vice Presidents Gossweiler, Joyce, Ledgerwood and Parisi if the officer were terminated without cause as of that date. The value of the continuation of health, life disability and other benefits through the end of the term would equal approximately \$49,735 based on the Bank's current cost of providing those benefits.

If terminated involuntarily during the term of the agreement following a "change in control" of the Company or the Bank, as defined in the agreement, or without cause within twenty-four months following a change in control, each of these officers will be paid an amount equal to 2.0 times his or her most recent total annual compensation (including the value of deferred compensation and retirement plans) in a lump sum and be entitled to continued medical and dental coverage for the remainder of the term. Each of the officers will also be entitled to the foregoing change in control severance payment and benefits upon a voluntary termination of employment within 120 days following certain events during the term of the agreement following a change in control of the Company or the Bank. All amounts payable to any of the officers as severance in respect of a change in control will be reduced to the extent necessary such that neither the payments under the employment agreement, nor any other payments, constitute "excess parachute payments" under Section 280G of the Internal Revenue Code. If change in control payments had been made under these agreements as of June 30, 2009, Senior Vice Presidents Gossweiler, Joyce, Ledgerwood and Parisi would each have received a payment of approximately \$941,565.

Potential Payments Upon Resignation, Retirement or Termination. The table below reflects the amount of compensation payable to each of the named officers in accordance with each individual's employment agreement and other benefit plans and agreements as discussed in the preceding sections in the event of termination of such executive's employment. The amounts shown assume that such termination was effective as of June 30, 2009, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The amounts shown relating to unvested stock options and stock awards are based on the fair market value of the Common Stock on June 30, 2009 of \$11.44. The actual amounts to be paid out can only be determined at the time of such executive's termination of employment.

**Payments under the Directors Incentive Compensation Plan. The Board determined to suspend payments under the Directors Incentive Compensation Plan for the fiscal year ended June 30, 2009 and for the calendar year 2009.

Board Fees. Directors are currently paid a fee of \$1,250 per Bank board meeting attended, \$600 per Company meeting attended and \$600 per Kearny MHC meeting attended. The chairman receives a higher fee of \$1,500, \$720 and \$720, for bank, holding company and mutual holding company meetings, respectively. Directors are also paid a fee for participation in special meetings of the Board of Directors. Participation in a special meeting by means of a conference telephone or similar communications device through which all persons participating can hear each other at the same time constitutes presence in person for all purposes. Attendance in person is required in order to be paid for regularly scheduled board meetings.

Members of the Kearny Federal Savings Bank Executive Committee are currently paid \$1,200 per committee meeting attended; the chairman receives a higher fee of \$1,440 for Executive Committee meetings. Each member of the Kearny Federal Savings Bank Board of Directors is also a member of the Executive Committee. Members of the Audit & Compliance Committee and the chairman of this committee are paid \$250 and \$350, respectively, for each meeting attended. Members of the Compensation Committee and the chairman of this committee are paid \$250 and \$300, respectively, for each meeting attended.

Directors also receive an annual retainer as follows: \$32,000 for service on Kearny Federal Savings Bank's board, \$9,000 for service on Kearny Financial Corp.'s board and \$9,000 for service on Kearny MHC's board. Directors who also serve as employees do not receive compensation as directors.

Directors Consultation and Retirement Plan. Kearny Financial Corp. maintains a Directors Consultation and Retirement Plan (the "DCRP"). The DCRP provides retirement benefits to the directors of Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank based upon the number of years of service as a director. To be eligible to receive benefits under the DCRP, a director generally must have completed at least 5 years of service and must not retire from the board prior to reaching 60 years of age. If a director agrees to become a consulting director upon retirement, he will receive a monthly payment equal to 2.5% of the total retainer plus fees paid for attendance at regular and special meetings and meetings of the executive committee paid to him by Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank during the 12-month period prior to the date of retirement multiplied by the number of years of service as a director, not to exceed 80% of board compensation. Benefits under the DCRP begin upon a director's retirement and are paid for life; provided, however, that in the event of a director's death prior to the receipt of 120 monthly payments, payments shall continue to the director's surviving spouse or estate until 120 payments have been made. In the event there is a change in control (as defined in the DCRP), all directors will be presumed to be eligible to receive benefits under the DCRP and each director will receive a lump sum payment equal to the present value of future benefits payable. Benefits under the DCRP are unvested and forfeitable until retirement at or after age 60 with at least 5 years of service, termination of service following a change in control, disability following at least 5 years of service or death.

Directors Incentive Compensation Plan. In December 2005, the Board of Directors adopted the Directors Incentive Compensation Plan which provides a cash payment to each non-employee director each time a cash dividend on the Company's common stock is paid, in an amount equivalent to the cash dividend payable as if the director had exercised all stock options held by the director as of the dividend record date whether or not such options held as of the dividend record date are exercisable. Payment of compensation based upon stock options held expires with the expiration or exercise of the underlying options. This plan may be amended, modified, suspended or canceled by the Board of Directors at any time. The Board determined in December 2006 to suspend payments under this plan. The Board has not made any determination regarding whether future payments will be made under this plan in 2010 or in later years.

The Audit Committee of Board of Directors of the Company has appointed Beard Miller Company LLP as the Company's independent auditor for the fiscal year ending June 30, 2010. This appointment is being submitted to the Company's shareholders for ratification. Beard Miller was the Company's independent auditor for the fiscal year ended June 30, 2009. A representative of Beard Miller is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she so desires, and is expected to be available to respond to appropriate questions.

INFORMATION REGARDING INDEPENDENT AUDITOR

All of the services listed below were approved by the Audit Committee prior to the service being rendered. There were no non-audit services described below that were not recognized as non-audit services at the time of engagement that were approved after the fact pursuant to the de minimus exception under the Sarbanes-Oxley Act.

Audit Fees. Audit fees consist of fees for professional services rendered for the audit of the Company's annual consolidated financial statements and for the review of the quarterly consolidated financial statements. The Company is not aware of any beneficial owner, as defined under Section 16(a), of more than ten percent of the outstanding common stock, other than Kearny MHC. Based solely on its review of these reports or representations from the reporting persons that no filings are due, the Company believes that all Section 16(a) filing requirements applicable to its officers and directors were complied with during the 2009 fiscal year.

SHAREHOLDER COMMUNICATIONS TO THE BOARD

AND SHAREHOLDER PROPOSALS

The Board of Directors does not have a formal process for shareholders to send communications to the Board. In view of the infrequency of shareholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications received by the Company from shareholders are shared with the full Board no later than the next regularly scheduled Board meeting.

In order to be considered for inclusion in the Company's proxy materials for the 2010 annual meeting of shareholders, all shareholder proposals must be received at the Company's executive office at 120 Passaic Avenue, Fairfield, New Jersey, 07004 no later than May 25, 2010.

Under the Company's bylaws, any new business to be taken up at the annual meeting shall be stated in writing and filed with the secretary of the Company at least five days before the date of the annual meeting, and all business so stated, proposed and filed shall be considered at the annual meeting; but no other proposal shall be acted upon at the annual meeting.

Unless unable to attend due to illness or other unforeseen circumstances, each member of the Board of Directors is present at annual meetings. Eight directors attended the 2008 Annual Meeting of Shareholders.

SHAREHOLDERS SHARING A SINGLE ADDRESS

Only one copy of this proxy statement and the accompanying annual report to shareholders is being delivered to multiple shareholders sharing an address unless the Company has previously received contrary instructions from one or more of such shareholders. On written or oral request to the Secretary of Kearny Financial Corp., 120 Passaic Avenue, Fairfield, New Jersey 07004 (973) 244-4500, the Company will deliver promptly a separate copy of this proxy statement and the Annual Report to a shareholder at a shared address to which a single copy of the documents was delivered. Shareholders sharing an address who wish, in the future, to receive separate copies or a single copy of our proxy statements and annual reports should provide written or oral notice to the Secretary at the address and telephone number set forth above.

OTHER MATTERS

The Board of Directors is not aware of any other matters to come before the Annual Meeting. However, if any other matters should properly come before the Annual Meeting or any adjournments, it is intended that proxies in the accompanying form will be voted in respect thereof in accordance with the judgment of the persons named in the accompanying proxy.

MISCELLANEOUS

The Company will bear the cost of soliciting proxies. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses that they incur in forwarding proxy materials to the beneficial owners of Common Stock. In addition to soliciting proxies by mail, directors, officers, and regular employees of the Company may solicit proxies personally or by telephone without additional compensation.

The Company's 2009 Annual Report to Shareholders, which includes a copy of the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2009, accompanies this proxy statement. Except in the extent specifically incorporated by reference, the Annual Report is not to be treated as part of the proxy solicitation material nor as having been incorporated by reference herein.
