Item 2. Acquisition or Disposition of Assets.

On September 2, 2003, Pennsylvania Real Estate Investment Trust (together with its affiliated entities, "PREIT") acquired the remaining limited partnership interest in WG Holdings, L.P., a holding company which controls W.G. Park L.P., the entity that in turn owns Willow Grove Park, a retail mall in Willow Grove, Pennsylvania. PREIT purchased the remaining interest in WG Holdings, L.P. from its joint venture partner Pennsylvania State Employee Retirement System ("PaSERS"). On the same day, PREIT acquired a general partnership interest in WG Holdings, L.P. from LMRES Real Estate Advisers, Inc., an affiliate of PaSERS, and thus obtained 100% of the ownership interest in WG

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 8-K

Holdings, L.P. PREIT entered into the joint venture with PaSERS to acquire Willow Grove Park in February, 2000, and PREIT owned a 30% economic interest in WG Holdings, L.P. prior to the acquisition of PaSERS's interest. The purchase price of the remaining partnership interests in WG Holdings, L.P. was \$45.5 million in cash, which was financed from a portion of the net proceeds of PREIT's recent equity offering. WG Holdings, L.P. has \$109.7 million in debt at an interest rate of 8.39% maturing in 2006. As a result of PREIT's acquisition of the remaining interest in WG Holdings, L.P. this debt will be reflected on PREIT's balance sheet in future periods.

PREIT had an option to acquire PaSERS's interest in the partnership that was to become exercisable for a thirty day period beginning November 7, 2003. Although the option exercise period had not yet commenced, PREIT acquired PaSERS's interest in WG Holdings, L.P. upon terms similar to those in the option. The purchase price was equal to a 12% internal rate of return on PaSERS's investment in WG Holdings, L.P. assuming a projected payment date in the fourth quarter of 2003, which was when the option would have been exercisable. If PREIT's option to acquire PaSERS's interest in WG Holdings, L.P. had lapsed, PaSERS would have been entitled to exercise an option to exchange its interest in WG Holdings, L.P. for PREIT's interest in Paxton Towne Centre, a shopping center located in Harrisburg, Pennsylvania, subject to certain cash adjustments based on the relative values of the exchanged assets.

Willow Grove Park is a 1.2 million square foot regional mall and is located 12 miles north of Philadelphia in Willow Grove, Pennsylvania. The three-level mall is anchored by Bloomingdale's, Macy's, Sears and Strawbridge's and currently has 127 in-line tenants, including specialty stores such as Abercrombie & Fitch, Cache, Coach and Williams-Sonoma. Willow Grove Park has been operated as a retail mall and PREIT intends to continue to operate it as a retail mall.

Copies of the principal agreements relating to the transaction described in this report are attached hereto and incorporated herein by reference. The description contained herein of these agreements does not purport to be complete and is qualified in its entirety by reference to the provisions of these agreements.

This report contains certain "forward-looking statements" within the meaning of Section 21E of the Securities Exchange Act of 1934. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and other matters that are not historical facts. These forward-looking statements reflect PREIT's current views about future events and are subject to risks, uncertainties, assumptions and changes in circumstances that may cause future events, achievements or results to differ materially from those expressed by the forward-looking statements. PREIT's business is subject to uncertainties regarding the revenues, operating expenses, leasing activities, occupancy rates, and other competitive factors relating to PREIT's portfolio, and changes in local market conditions as well as general economic, financial and political conditions, including the possibility of outbreak or escalation of war or terrorist attacks, any of which may cause future events, achievements or results to differ materially from those expressed by the forward-looking statements. PREIT does not intend to and disclaims any duty or obligation to update or revise any forward-looking statements or industry information set forth in this report to reflect new information, future events or otherwise.

Item 7. Financial Statements, Pro Forma Financial Information and Exhibits.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 8-K

(a) Financial Statement of Business Acquired:

The following financial statements are attached hereto:

Statements of Revenue and Certain Expenses of Willow Grove Park for the year ended December 31, 2002 (audited) and for the six-month period ended June 30, 2003 (unaudited).

Material factors considered in assessing the acquisition of Willow Grove Park included but were not limited to the opportunity to strengthen PREIT's retail presence in the metropolitan Philadelphia area, the opportunity for increased operational efficiencies, historical and prospective financial performance of the mall, local and regional demographics, competition, sources of revenues and expenses of the mall, the nature of the tenants and terms of leases in place, opportunities for alternative and new tenancies, historical and expected cash flows, occupancy rates, current operating costs of the mall and anticipated changes therein under PREIT's full ownership, the physical condition and location of the mall and the anticipated effect on PREIT's financial results. In addition, PREIT considered the desirability of acquiring PaSERS's interest in Willow Grove Park in order to end the preferred return PaSERS received on its investment and to ensure that there would be no risk that PaSERS would be able to exercise its option to exchange its interest in Willow Grove Park for PREIT's interest in Paxton Towne Centre.

The historical financial statements are presented in accordance with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission and have been audited only for the property's most recent fiscal year as the transaction relating to the acquired property is not with related parties and PREIT, after reasonable inquiry, is not aware of any material factors related to the property not otherwise disclosed that would cause the reported financial information not to be necessarily indicative of future operating results except as to interest expense related to certain debt assumed and as related to depreciation and amortization.

(b) Pro Forma Financial Information:

PENNSYLVANIA REAL ESTATE INVESTMENT TRUST
PRO FORMA BALANCE SHEET AND
STATEMENTS OF INCOME

The following pro forma financial information is presented in accordance with Article 11 of Regulation S-X of the Securities and Exchange Commission. Because the interests in the property will be directly or indirectly owned by entities that intend to be treated as REITs for Federal income tax purpose, a presentation of estimated taxable operating results is not applicable.

This pro forma information should be read in conjunction with the historical financial statements and notes of PREIT included in its Current Report on Form 8-K filed on August 12, 2003 and its Quarterly Report on Form 10-Q for the six months ended June 30, 2003.

-3-

The following unaudited pro forma information sets forth the pro forma balance sheet of PREIT as of June 30, 2003 and the pro forma statements of income for the year ended December 31, 2002 and the six months ended June 30, 2003 to give effect to the acquisition of the remaining joint venture interest in Willow Grove Park described in Item 2.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 8-K

The following unaudited pro forma balance sheet presents information as if the acquisition had taken place on June 30, 2003. The following unaudited pro forma statements of income for the year ended December 31, 2002 and for the six months ended June 30, 2003 present combined financial information as if the acquisition had taken place on January 1, 2002.

The pro forma combining financial information is unaudited and prepared for informational purposes only and is not necessarily indicative of future results or of actual results that would have been achieved had the acquisition been consummated as of the dates noted in the prior paragraph.

Notes to Management's Assumptions to
Unaudited Pro Forma Combining Financial Information

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 8-K

1. Basis of Presentation

Pennsylvania Real Estate Investment Trust, (collectively with its subsidiaries, the "Company") is a fully integrated, self-administered and self-managed real estate investment trust, founded in 1960, that acquires, develops, redevelops and operates retail properties. The Company's interest in its properties is held through PREIT Associates, L.P.

2. Adjustments to Pro Forma Combining Balance Sheet and Pro Forma Combining Statements of Income

A. Reflects pro forma adjustments to consolidate PREIT's historical 30% economic interest in Willow Grove Park along with its newly acquired 70% economic interest. Prior to the acquisition on September 2, 2003, PREIT accounted for Willow Grove Park under the equity method of accounting. PaSERS owned the remaining 70% economic interest in Willow Grove Park. After the acquisition, PREIT owns a 100% interest in Willow Grove Park, and it will be consolidated for financial reporting purposes. PREIT will retain its historical carryover basis in 30% of the assets and liabilities of Willow Grove Park. PREIT's basis in 70% of the assets and liabilities of Willow Grove Park that PREIT acquired from PaSERS was stepped-up to fair value. The effect of consolidating PREIT's historical share of its investment in Willow Grove Park and the interest it acquired from PaSERS is as follows:

Notes to

Statements of Revenue and Certain Expenses

Year ended December 31, 2002 and
Six-Month Period Ended June 30, 2003 (unaudited)

(1) Background

In September 2003, Pennsylvania Real Estate Investment Trust (PREIT) acquired the remaining limited partnership interest that represented a 70% economic interest in WG Holdings, L.P. which controls WG Park, L.P., a Pennsylvania limited partnership (the Partnership), from its joint venture partner Pennsylvania State Employee Retirement System (PaSERS). PREIT also acquired a general partnership interest in the Partnership from LMRES Real Estate Advisers, Inc., an affiliate of PaSERS. Prior to this acquisition, PREIT owned a 30% economic interest in WG Holdings, L.P. The Partnership commenced operations on February 28, 2000, for the purpose of acquiring, holding, and operating Willow Grove Park (the Mall), a regional shopping mall, located in Willow Grove, Pennsylvania.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying statements of revenue and certain expenses have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission. Accordingly, the financial results are not representative of the actual operations for the periods presented as certain expenses,

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 8-K

which may not be comparable to the expenses expected to be incurred by PREIT in the proposed future operations of the Partnership have been excluded such as management fees and depreciation and amortization expenses.

The statement of revenue and certain expenses for the six-month period ended June 30, 2003 is unaudited; however, in the opinion of management of the Partnership, all adjustments (consisting solely of normal recurring adjustments) necessary for the fair presentation of the statement of revenue and certain expenses for the interim period have been included. The results of the interim period are not necessarily indicative of the results for the full year.

(b) Minimum Rents

The straight-line basis is used to recognize minimum rent revenue under leases, which provide for varying rents over their terms.

(c) Percentage Rents

Percentage rents are considered earned when a tenant's sales volume exceeds the minimum annual sales volume required for percentage rent to be paid under the terms of the lease agreement.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and judgments that affect the revenue and expenses recognized during the reporting period. Actual results could differ from those estimates.

(3) Tenant Leases

Space in the Partnership is leased to tenants under operating leases with expiration dates extending to the year 2052. In addition to minimum rents, many of the leases provide for percentage rents when the tenants' sales volumes exceed stated amounts as well as other rents, which reimburse the Partnership for certain operating expenses.

F-4

The total minimum rents to be received from tenants under noncancelable operating leases in effect at December 31, 2002 are as follows (in thousands):

2003	\$	11,636
2004		11,385

Total	\$	78,344

rent in 2002.

(4) Mortgage Notes Payable

In February 2000, the Partnership obtained two mortgage notes payable in the amount of \$55 million each from the Equitable Life Assurance Society of the United States and Connecticut General Life Insurance Company. An initial advance of \$50 million per each mortgage note payable (collectively, the Notes) was received upon the signing of the Notes. The initial advance of \$100 million bears interest at an annual fixed rate of 8.39% and has a term of six years, with the final installment due March 1, 2006. Interest-only payments on each of the Notes were payable monthly through March 2003. In April 2003 monthly principal and interest payments on each of the Notes are due through the maturity date upon which a balloon payment of approximately \$48 million on each of the Notes is due.

Additional advances in the amount of \$5 million on each of the Notes were received in accordance with the terms set forth in the loan and escrow agreement. These additional advances bear interest equal to the higher of 8.39% or the sum of the U.S. Treasury Yield plus a market spread as defined in each mortgage note agreement (8.39% at December 31, 2002).
