NOTICE OF 2002 ANNUAL MEETING TO BE HELD ON MAY 7, 2002

To the Stockholders of Quest Diagnostics Incorporated:

The 2002 Annual Meeting of Stockholders of Quest Diagnostics Incorporated will be held on Tuesday, May 7, 2002 at 10:30 A.M., local time, at The Waldorf Astoria, 301 Park Avenue, New York, NY 10022, for the purpose of considering and voting upon the following matters:

1. To elect four directors for a three-year term.
2. To ratify the selection of PricewaterhouseCoopers LLP as the independent accountants to audit the financial statements of Quest Diagnostics for the year ending December 31, 2002.
3. To transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

These matters are more fully described in the Proxy Statement accompanying this Notice.

Your Board of Directors has fixed the close of business on March 11, 2002, as the record date for the determination of stockholders entitled to notice of, and to vote at, the annual meeting, and any notice of adjournments or postponements of the annual meeting.

By Order of the Board of Directors

Leo C. Farrenkopf, Jr.

Leo C. Farrenkopf, Jr.
Vice President and Secretary
March 15, 2002

ALL STOCKHOLDERS ARE INVITED TO ATTEND THE ANNUAL MEETING IN PERSON. WHETHER OR NOT YOU EXPECT TO ATTEND THE ANNUAL MEETING IN PERSON YOU ARE URGED TO COMPLETE, DATE, SIGN AND PROMPTLY RETURN THE ENCLOSED PROXY IN THE POSTAGE-PAID ENVELOPE PROVIDED. NO POSTAGE NEED BE AFFIXED IF MAILED IN THE UNITED STATES. ALTERNATIVELY, STOCKHOLDERS OF RECORD MAY VOTE BY TELEPHONE BY CALLING 1-800-213-3198 OR ON THE INTERNET AT [HTTP://WWW.COMPUTERSHARE.COM/US/PROXY](http://www.computershare.com/us/proxy). EACH PROXY IS REVOCABLE AND WILL NOT AFFECT YOUR RIGHT TO VOTE IN PERSON IN THE EVENT YOU ATTEND THE ANNUAL MEETING.

This notice and the proxy statement are dated March 15, 2002, and are first being mailed to stockholders on or about March 26, 2002.

Proxy Statement

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 7, 2002

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Quest Diagnostics Incorporated of proxies for use at the 2002 Annual Meeting of Stockholders of Quest Diagnostics to be held on Tuesday, May 7, 2002, and at any adjournments or postponements of the annual meeting, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. This proxy statement and the accompanying proxy card are first being mailed to stockholders on or about March 26, 2002.

Only holders of record of shares of Quest Diagnostics' common stock, par value \$.01 per share, at the close of business on March 11, 2002, are entitled to notice of the annual meeting and to vote on all matters presented to the annual meeting. On that date, there were issued, outstanding and entitled to vote 96,582,340 shares of common stock held by approximately 6,200 stockholders of record. Each share of common stock is entitled to one vote, voting as one class. A majority of the shares issued and outstanding at March 11, 2002, constitutes a quorum for the transaction of business.

All proxies on the enclosed card which are properly executed and returned to Quest Diagnostics or are properly voted by telephone or Internet will be voted as provided therein at the annual meeting and any and all adjournments thereof. Signed, unmarked proxies will be voted FOR the election of the Board's nominees (Proposal 1) and FOR ratification of the selection of PricewaterhouseCoopers LLP as the independent accountants to audit the financial statements of Quest Diagnostics for the year ending December 31, 2002 (Proposal 2). A stockholder executing and returning a proxy may revoke it at any time before it has been voted by filing with the Secretary of Quest Diagnostics a written notice of revocation or a duly executed proxy bearing a later date or by attending the annual meeting and voting in person.

The required vote for election of directors (Proposal 1) is a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. The required vote FOR approval of ratification of the selection of auditors (Proposal 2) is the

Quest Diagnostics Incorporated 2002 Proxy Statement 1

affirmative vote of a majority of the shares casting votes on the proposal (whether present in person or represented by proxy) provided that the total votes cast on the proposal represent over 50% of all shares entitled to vote on the proposal. Any proxy that is properly executed and returned to Quest Diagnostics and marked 'abstain' as to any matter will, nevertheless, be counted

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

in determining whether a quorum is present at the annual meeting. The number of shares abstaining on each proposal is counted and reported as a separate total. Broker non-votes are included in the determination of the number of stockholders present at the meeting for quorum purposes but are not counted in the tabulation of votes cast on proposals presented to stockholders.

Quest Diagnostics' management does not know of any matters to be brought before the annual meeting other than Proposals 1 and 2. Quest Diagnostics' By-Laws generally provide that no matters may be brought before any stockholder meeting by a stockholder unless the proponent is a stockholder as of the record date and Quest Diagnostics has received notice of the proposed matter, no later than February 15 of the year in which the annual meeting is held, at its principal executive office. Quest Diagnostics has not received notice of a proposal from any stockholder.

Officers and employees of Quest Diagnostics may solicit proxies by mail, telephone, facsimile transmission or telegraph, or in person, for which they will receive no special compensation. Quest Diagnostics will bear all expenses for the preparation, printing and use of Quest Diagnostics' proxy materials. In addition, Quest Diagnostics has retained Georgeson Shareholder Communications Inc. to assist in the solicitation for a fee of \$12,000 and reimbursement of its reasonable out-of-pocket expenses. No portion of the proxy solicitor's fee is dependent on the number of shares (as hereinbefore defined) voting in favor of (as opposed to those voting against or abstaining) any matter being submitted for approval at the annual meeting. Banks, brokerage houses and other institutions, nominees and fiduciaries will be requested to forward the proxy materials to beneficial owners of Quest Diagnostics' stock, and to obtain authorizations for the execution of proxies. Quest Diagnostics will, upon request, reimburse banks, brokerage houses and other institutions, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to beneficial owners.

Quest Diagnostics' 2001 Annual Report to Stockholders has been distributed to stockholders and is not deemed a part of the materials for the solicitation of proxies.

2 Quest Diagnostics Incorporated 2002 Proxy Statement

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Restated Certificate of Incorporation of Quest Diagnostics provides that the Board of Directors shall consist of not less than three nor more than twelve directors, the exact number to be determined from time to time by resolution of the Board of Directors. The Board presently consists of ten directors. The Restated Certificate of Incorporation further provides for three classes of directors having staggered terms of office, each class consisting, so far as possible, of one-third of the number of directors required at the time to constitute a full Board. If the number of directors may not be evenly divided into thirds, the Board of Directors shall determine which class or classes shall have one extra director.

At the annual meeting, four directors will be elected to hold office until the 2005 annual meeting of stockholders and until their respective successors shall have been duly elected and qualified.

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

The following tables identify the four persons nominated for election to the Board of Directors at the annual meeting and the six members of the Board of Directors whose terms will expire subsequent to the annual meeting. Each of the nominees has consented to serve if elected. It is intended that the accompanying form of proxy, unless otherwise specified, will be voted for the election of the three nominees. Certain information concerning each of the nominees and continuing directors and their business experience during the past five years is provided following the tables below.

It is the intention of the persons named on the accompanying proxy card to vote for the election of the nominees unless a stockholder has withheld such authority. Management has no reason to believe that any nominee will not be available to serve his or her prescribed term. However, the persons named on the proxy card will have the discretionary authority to vote for substitutes if any nominee is unable or unwilling to serve.

Directors will be elected by the plurality vote of the holders of shares entitled to vote at the annual meeting and present in person or by proxy.

John B. Ziegler.....	Director	56

KENNETH D. BRODY is the founding partner of Winslow Partners LLC, a Washington, D.C. private investment firm. He is also the co-founder and principal of Taconic Capital Advisors, an investment firm. From 1993 to early 1996, he was the chairman and president of the Export-Import Bank of the United States, a position to which he was appointed by President Clinton. From 1971 to 1991, Mr. Brody was with Goldman, Sachs & Co., where he was a partner and member of the management committee. Mr. Brody is a director of Federal Realty Investment Trust. Mr. Brody has been a director of Quest Diagnostics since January 1997.

WILLIAM F. BUEHLER retired in 2001 as Vice Chairman of Xerox Corporation, which he joined in 1991. Prior to joining Xerox, Mr. Buehler spent 27 years with AT&T, primarily in sales, marketing and general management positions. Mr. Buehler is a director of A.O. Smith. Mr. Buehler has been a director of Quest Diagnostics since July 1998.

VAN C. CAMPBELL retired in 1999 as Vice Chairman of Corning Incorporated, which he joined in 1965. He was elected treasurer in 1972, a vice president in 1973, financial vice president in 1975 and senior vice president for finance in 1980. He became general manager of the Consumer Products Division in 1981. Mr. Campbell was elected vice chairman and a director in 1983 and during 1995 was appointed to the additional position of chairman of Corning Life Sciences Inc. He is a director of Armstrong World Industries, Inc. Mr. Campbell has been a director of Quest Diagnostics since January 1991.

4 Quest Diagnostics Incorporated 2002 Proxy Statement

MARY A. CIRILLO is Chairman and Chief Executive Officer of OPCENTER, which provides help desk and network operations services. She was Chief Executive Officer of Global Institutional Services of Deutsche Bank from July 1999 until February 2000. Previously, she served as Executive Vice President and Managing Director of Bankers Trust Company which was acquired by Deutsche Bank), which she joined in 1997. From 1977 to 1997, she was with Citibank, N.A., most recently serving as Senior Vice President. Ms. Cirillo is a director of Digital Island, Inc. and is on the Advisory Board of Cisco Systems, Inc. Ms. Cirillo has been a director of Quest Diagnostics since April 1997.

KENNETH W. FREEMAN is Chairman of the Board and Chief Executive Officer of Quest Diagnostics. Mr. Freeman joined Quest Diagnostics in May 1995 as President and Chief Executive Officer, was elected a director in July 1995 and was elected Chairman of the Board in December 1996. Prior to 1995, he served in a variety of financial and managerial positions at Corning Incorporated, which he joined in 1972. He was elected Controller and a Vice President of Corning in 1985, Senior Vice President in 1987, and General Manager of the Science Products Division in 1989. He was appointed President and Chief Executive Officer of Corning Asahi Video Products Company in 1990. In 1993, he was elected Executive Vice President

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

of Corning. Mr. Freeman is a director of TRW, Inc.

WILLIAM R. GRANT has been Chairman of Galen Associates, a New York investment firm, since 1989. From 1987 to 1989 he was Chairman of New York Life International and from 1979 to 1987 of MacKay-Shields Financial Corp. He is also a former director and Vice-Chairman of SmithKline Beecham plc, and is currently a director of Allergan, Inc., Massey Energy Co., Vasogen, Inc. and Ocular Sciences. He has been a director of Quest Diagnostics since August 1999. Mr. Grant was designated by SmithKline Beecham to be a director of Quest Diagnostics pursuant to the Stockholders Agreement with SmithKline Beecham. See 'Certain Relationships and Related Transactions -- Stockholders Agreement.'

ROSANNE HAGGERTY is the founder and Executive Director of Common Ground, a not-for-profit housing development and management organization in New York City. Prior to founding Common Ground, she was the coordinator of housing development at Brooklyn Catholic Charities. Ms. Haggerty is a 2001 MacArthur Foundation Fellow. Ms. Haggerty has been a director of Quest Diagnostics since February 2002.

Quest Diagnostics Incorporated 2002 Proxy Statement 5

DAN C. STANZIONE is President Emeritus of Bell Laboratories at Lucent Technologies Incorporated. Dr. Stanzione began his career in 1972 with Bell Labs, where he led the teams working on the first microprocessors and digital signal processors. He was appointed president of Network Systems, Lucent's largest business unit, in 1996 and was appointed Chief Operating Officer of Lucent in 1997. Dr. Stanzione is a director of Avaya Inc. Dr. Stanzione has been a director of Quest Diagnostics since January 1997.

GAIL R. WILENSKY is the John M. Olin Senior Fellow at Project HOPE, an international non-profit health foundation, which she joined in 1993. She is currently the chair of the Medicare Payment Advisory Commission, which advises Congress on all issues relating to Medicare. From 1995 to 1997 she chaired the Physician Payment Review Commission, which advised Congress on physician payment and other Medicare issues. In 1992 and 1993, Dr. Wilensky served as a deputy assistant to the President for policy development relating to health and welfare issues. From 1990 to 1992, she was the administrator of the Health Care Financing Administration where she directed the Medicare and Medicaid programs. Dr. Wilensky is a director of Advanced Tissue Sciences Inc., Gentiva Health Services, Inc., Manor Care Inc., Syncor International Corp and United Healthcare Corporation. Dr. Wilensky has been a director of Quest Diagnostics since January 1997.

JOHN B. ZIEGLER is the President, Worldwide Consumer Healthcare, of GlaxoSmithKline (the parent of SmithKline Beecham plc). Mr. Ziegler joined SmithKline Beecham in 1991 as the head of SB Consumer Healthcare-North American Division. He became Executive Vice President of SmithKline Beecham in 1996 and assumed his current responsibilities in 1998. He has been a director of Quest Diagnostics since May 2000. Mr. Ziegler was designated by SmithKline Beecham as a director of Quest Diagnostics pursuant to the Stockholders Agreement with SmithKline Beecham. See 'Certain Relationships and Related Transactions -- Stockholders Agreement.'

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE 'FOR' THE ELECTION OF ALL NOMINEES FOR DIRECTOR.

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

6 Quest Diagnostics Incorporated 2002 Proxy Statement

DIRECTORS

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has four standing committees: an Audit and Finance Committee, a Compensation and Nominating Committee, a Quality, Safety and Compliance Committee and an Executive Committee. The Audit and Finance Committee is composed of Mr. Campbell, Mr. Grant and Dr. Stanzione. Its charter is attached to this Proxy Statement as Appendix A. The Compensation and Nominating Committee, composed of Mr. Brody, Ms. Cirillo, Mr. Grant and Dr. Stanzione, approves executive officer compensation and the issue of options and share grants under Quest Diagnostics' Employee Equity Participation Programs and makes recommendations to the Board with respect to programs for human resource development and management organization and succession, and employee benefit and incentive plans. The Quality, Safety and Compliance Committee, composed of Mr. Buehler, Mr. Campbell, Ms. Haggerty, Mr. Ziegler and Dr. Wilensky, oversees Quest Diagnostics' compliance program, which is administered by management's Compliance Team and the Legal and Compliance Department, and oversees the administration of Quest Diagnostics' Quality and Safety programs. The Executive Committee, composed of Mr. Brody, Mr. Campbell and Mr. Freeman, has and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of Quest Diagnostics except with respect to certain major corporate matters, such as mergers, the election of directors, the amendment of Quest Diagnostics' certificate of incorporation and By-laws, incurring indebtedness in excess of \$20 million and such matters as are delegated to other committees of the Board of Directors.

During 2001, there were six meetings of the Board of Directors, five meetings of the Audit and Finance Committee, five meetings of the Compensation and Nominating Committee and five meetings of the Quality, Safety and Compliance Committee. There were no formal meetings of the Executive Committee. Several actions were taken on unanimous written consent of the Executive Committee. During the year, each director attended at least 75% of the meetings held by the Board of Directors and the committees of which he or she was a member, except for Mr. Brody who attended 73% of the meetings.

DIRECTORS' COMPENSATION

Each non-employee director is entitled to receive a fee in an annual sum of \$26,000, payable in quarterly installments of \$6,500.

Quest Diagnostics Incorporated 2002 Proxy Statement 7

Directors who serve as committee chairs receive an additional annual sum of \$3,000, payable in quarterly installments of \$750. In addition, each

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

non-employee director also participates in Quest Diagnostics' stock option plan for non-employee directors. The option plan authorizes the grant on the date of the Annual Meeting of Stockholders of non-qualified stock options to acquire 18,000 shares of common stock of Quest Diagnostics to each non-employee director. In the event that a person is elected as a director of Quest Diagnostics other than on the date of the Annual Meeting of Stockholders, the Board of Directors may grant to such director, on his/her election, an option to acquire a number of shares (not to exceed 18,000) that is proportional to the fraction of a year remaining until the next Annual Meeting of Stockholders consistent with the most recent annual option grant to other directors at the previous Annual Meeting of Stockholders. At the 2001 Annual Meeting of Stockholders, the directors reduced the annual option grant for the most recent year to 10,000 shares of common stock. A director may elect to receive his or her annual retainer in options in lieu of cash. Currently two directors have elected to receive options in lieu of cash. The aggregate number of shares of common stock of Quest Diagnostics which may be issued pursuant to the exercise of options granted under the plan may not exceed 1,000,000 (subject to adjustments in certain circumstances). The exercise price of all stock options issued under the plan is the fair market value of Quest Diagnostics' common stock on the date of grant. All share information reflects the two-for-one stock split dividend that occurred on May 31, 2001.

Under the Quest Diagnostics deferred compensation plan for directors, each director may elect to defer, until a date specified by him or her, receipt of all or a portion of his or her cash compensation. Such plan provides that amounts deferred may be allocated to (i) a cash account upon which amounts deferred may earn interest, compounded quarterly, at the base rate of Citibank, N.A. in effect on certain specified dates, (ii) a market value account, the value of which will be based upon the market value of Quest Diagnostics' common stock from time to time, or (iii) a combination of such accounts. All non-employee directors are eligible to participate in the plan. Currently, two directors have elected to defer compensation pursuant to the plan.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP

The Board of Directors recommends the ratification of its selection of PricewaterhouseCoopers LLP as the independent

8 Quest Diagnostics Incorporated 2002 Proxy Statement

accountants to audit the financial statements of Quest Diagnostics for its current fiscal year, which ends December 31, 2002. PricewaterhouseCoopers LLP has served as Quest Diagnostics' independent accountants since 1982. Should the selection of PricewaterhouseCoopers LLP by the Board of Directors not be ratified, the Board will consider the selection of a different firm to serve as independent accountants of Quest Diagnostics.

It is expected that representatives of PricewaterhouseCoopers LLP will attend the Annual Meeting, will have the opportunity to make a statement if they elect to do so, and will be available to respond to appropriate questions.

During 2001, Quest Diagnostics was billed for the following services provided by PricewaterhouseCoopers LLP:

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

Audit Fees.....	\$414,261
Financial Information Systems Design and Implementation Fees.....	\$ 0
SEC Registrations.....	\$321,913
Due Diligence Assistance.....	\$283,555
All Other Fees.....	\$179,396

The Audit and Finance Committee of the Board of Directors has considered the other services rendered and does not believe that they are incompatible with PricewaterhouseCoopers LLP remaining independent.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE 'FOR' RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.

OTHER MATTERS

As of the date hereof, the Board does not know of any matter that will come before the annual meeting other than Proposals 1 and 2. If any other matter is properly presented at the annual meeting or any adjournment or postponement of the annual meeting, it is intended that the persons named in the accompanying proxy will vote thereon in accordance with their best judgment. Quest Diagnostics' By-Laws generally provide that no matters may be brought before any stockholder meeting by a stockholder unless the proponent is a stockholder as of the record date and Quest Diagnostics has received notice of the proposed matter, no later than the February 15 preceding the date of an annual meeting, at its principal executive office at One Malcolm Avenue, Teterboro, NJ 07608. Quest Diagnostics has not received notice of any such proposal.

Quest Diagnostics Incorporated 2002 Proxy Statement 9

EXECUTIVE COMPENSATION

SUMMARY COMPENSATION TABLE. The following table shows the compensation for the past three years of the Chief Executive Officer and each of Quest Diagnostics' other four most highly compensated executive officers the 'named executive officers').

(1) Mr. Freeman's options were exercised under a plan pursuant to SEC Rule 10b5-1 which calls for systematically selling company stock on a regular basis over a 12 month period excluding 'black out' periods per company policy.

(2) Based on a value of \$71.71 at December 31, 2001.

VARIABLE COMPENSATION. Quest Diagnostics maintains a Management Incentive Plan, which is an annual incentive cash compensation plan for approximately 1,600 supervisory, management and

12 Quest Diagnostics Incorporated 2002 Proxy Statement

executive employees. The terms of the Management Incentive Plan are described below.

The performance-based annual cash incentive awards payable under the Management Incentive Plan are grounded in financial goals such as net income,

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

cash flow, operating margin, return on equity, or earnings per share, or a combination thereof, and quantifiable non-financial goals. Each participant is assigned a target award, as a percentage of base salary in effect at the end of the performance year for which the target is set, payable if the target is achieved. Actual results are compared to the scale of targets with each gradation of desired result corresponding to a percentage, which are multiplied by the employee's assigned target award. If the actual result is below target, awards are to be less than target, down to a point below which no awards are earned. If the desired result is above target, awards are greater than target, up to a stated maximum award. The maximum award assigned to the Chief Executive Officer may not exceed 200% of his target annual bonus. The Compensation and Nominating Committee retains the right to reduce any award if it believes that individual performance does not warrant the award calculated by reference to the result.

PENSION PLANS. None of the executive officers of Quest Diagnostics is currently an active participant in a qualified defined benefit plan of Quest Diagnostics.

Effective as of January 1, 1997, Quest Diagnostics adopted a Transferee Supplemental Pension Plan, a nonqualified, unfunded defined benefit plan for the benefit of key employees and executive officers of Quest Diagnostics who are former employees of Corning Incorporated, including Mr. Freeman. The Transferee Supplemental Pension Plan is intended to provide benefits approximately equal to the difference between the benefits provided for under the Corning Salaried Pension Plan and the Executive Supplemental Pension Plan and the benefits which would have been payable thereunder but for the termination of employment with Corning of such employees.

Prior to June 1, 1995, Mr. Freeman was eligible to participate in, and accrue benefits under, Corning's Salaried Pension Plan, a defined benefit plan, contributions to which are determined by Corning's actuaries and are not made on an individual basis. Benefits paid under this plan are based upon career earnings (regular salary and cash awards paid under Corning's variable compensation plans) and years of credited service. The Corning Salaried Pension Plan provides that salaried employees of Corning

Quest Diagnostics Incorporated 2002 Proxy Statement 13

who retire on or after December 31, 1996 will receive pension benefits equal to 1% of the first \$27,000 of average earnings for the highest five consecutive years in the ten years immediately prior to 1997 plus 1.5% of such average earnings in excess of \$27,000 for all years of credited service prior to 1997, and 1.5% of annual earnings up to the social security wage base and 2% of annual earnings in excess of such base for 1997 and each year of credited service thereafter. Salaried employees may contribute to the Corning Salaried Pension Plan 2% of their annual earnings up to the social security wage base. Such employees will receive for each year of credited service after December 31, 1990, an additional amount of pension benefit reflecting the value of the increased voluntary contribution.

Corning maintains non-qualified supplemental pension plans pursuant to which it will pay amounts approximately equal to the difference between the benefits provided under the Corning Salaried Pension Plan and benefits which would have been paid thereunder but for the limitations of the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code. Certain employees including

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

Mr. Freeman, participate in the Corning Executive Supplemental Pension Plan which pays benefits based upon final average compensation (the highest five consecutive calendar years in the ten calendar years immediately preceding termination) and years of service.

Maximum annual benefits calculated under the straight life annuity option form of pension payable to participants at age 65, the normal retirement age specified in the Corning Salaried Pension Plan with at least five years of credited service, are illustrated in the table set forth below. The table below does not reflect any limitations on benefits imposed by ERISA. It is estimated that Mr. Freeman would receive each year if he worked to age 65, \$462,000 under the Corning Salaried Pension Plan, the Corning non-qualified supplemental pension plans and the Transferee Supplemental Pension Plan. Mr. Freeman has 30 years of credited service and \$794,000 in compensation covered under the Transferee Supplemental Pension Plan.

EMPLOYMENT AGREEMENT

Mr. Freeman entered into a three-year employment agreement with Quest Diagnostics in December 1999, which provides for:

an annual base salary of no less than \$750,000, with any increases subject to the discretion of the Board of Directors or the Compensation and Nominating Committee;

an annual target participation in the Management Incentive Plan in amounts no less than 140% of annual base salary in effect at the time performance goals are established;

a retirement pension benefit, which is secured by a letter of credit,

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

equivalent to benefits under Corning's qualified salaried pension plan and Corning's non-qualified executive supplemental pension plan based upon not less than 34 years of credited service in the event of termination for reasons other than for cause;

the opportunity to receive grants of stock options and restricted shares under the 1999 Employee Equity Participation Program; and

severance payments in an amount equal to three times his base salary and three times his target annual bonus award in the event Mr. Freeman terminates his employment for good reason or the Company terminates his employment without a cause.

Good reason would include (1) a material change in Mr. Freeman's duties or responsibilities, (2) removal or a failure to re-elect Mr. Freeman to the position of Chairman

Quest Diagnostics Incorporated 2002 Proxy Statement 15

of the Board and Chief Executive Officer, (3) a greater than 75-mile relocation without his consent, (4) a reduction in compensation or benefits, (5) a change in control or (6) a failure to renew his employment agreement. Change of control would include (1) a sale or disposition of all or substantially all of Quest Diagnostics' assets or a partial or complete liquidation of Quest Diagnostics, (2) a merger or consolidation in which the surviving entity becomes a subsidiary of a publicly traded parent and Mr. Freeman is not the Chairman and Chief Executive Officer of such parent, (3) the acquisition by any third party of at least 51% of the outstanding shares of capital of Quest Diagnostics in a transaction not covered by clause (2) following which Quest Diagnostics ceases to be an independent public company or (4) a change in the membership of the Quest Diagnostics Board of Directors as a result of a contested election such that a majority of the Board members at any particular time were initially placed on the Board as a result of such contested election.

SEVERANCE ARRANGEMENTS

Quest Diagnostics has a severance policy for certain executive officers, other than Mr. Freeman, whereby:

Severance is paid to an executive officer if his or her employment is terminated by Quest Diagnostics (1) other than for cause and (2) upon a determination that the business needs of Quest Diagnostics require the replacement of the executive officer, in an amount not to exceed two times the executive officer's annual base salary at the annual rate in effect on the date of termination of employment and an amount not to exceed two times the annual award of variable compensation at the most recent target level. The executive would also be entitled to participate in Quest Diagnostics' health and welfare plans (or a comparable plan after 18-month COBRA eligibility lapses), to the extent permitted by the terms of the plans and applicable law, for a period of up to two years or until the officer is covered by a successor employer's benefit plans, whichever occurs first.

If, however, an executive officer's employment is terminated by Quest Diagnostics other than for cause, during the 12-month period following a

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

change in control, the severance benefit may be up to three times the executive officer's annual base salary at the annual rate in effect on

16 Quest Diagnostics Incorporated 2002 Proxy Statement

the date of termination of employment and three times the annual award of variable compensation at the most recent target level. The executive officer would also be entitled to participate in Quest Diagnostics' health and welfare plans (or a comparable plan after 18-month COBRA eligibility lapses), to the extent permitted by the terms of these plans and applicable law, for a period of up to three years or until the officer is covered by a successor employer's benefit plans, whichever is first. A 'Change of Control' is defined in the policy to include the following: the acquisition by a person of 20% or more of the voting stock of the Company; the membership of the Board of Directors changes as a result of a contested election such that a majority of the Board members at any particular time was initially placed on the Board as a result of such contested election; approval by the Company's stockholders of a merger or consolidation in which the Company ceases to be an independent public company; or a sale or disposition of all or substantially all of the Company's assets or a plan of partial or complete liquidation.

COMPENSATION AND NOMINATING COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation of Quest Diagnostics' executive officers is determined by the Compensation and Nominating Committee of the Board of Directors. The Committee has four members, each of whom is independent of management. None of the Committee members has any insider or interlocking relationship with the Company, and each of them is a non-employee director, as these terms are defined in applicable rules and regulations of the Securities and Exchange Commission.

COMPENSATION PHILOSOPHY

The Compensation and Nominating Committee is responsible for ensuring that executive compensation is aligned with the Quest Diagnostics' values and strategic objectives and is based on corporate, applicable business unit, and individual performance measures. The Committee intends to design and administer its compensation plans to:

Be competitive in design and potential to attract and retain talented executives who have the skills and experience required to achieve our strategic intent.

Quest Diagnostics Incorporated 2002 Proxy Statement 17

Incent executives to balance appropriately the interests of our employees, customers and shareholders in accordance with our satisfaction model.

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

Pay for performance, with above-market pay opportunity only for performance that exceeds targets and delivers significant value for shareholders.

Be flexible to adjust for changing business conditions as well as the growth and diversification of the company.

Be fiscally responsible and aligned with the company's budget.

The key elements of executive compensation are base salary, annual incentive awards, and equity participation. Each year the Committee evaluates Quest Diagnostics' performance and executive target and actual compensation levels compared to an executive compensation peer group and a broader group of U.S. corporations comparable in scope of operations.

BASE SALARY

Quest Diagnostics sets salaries for most executive officers to approximate median levels in its executive compensation peer group and broader surveys of U.S. corporate executive salary levels. Base salary adjustments are determined following an assessment of each executive officer's position, performance, potential, and current salary level in relation to market data for similar positions with comparable scope of responsibilities. For critical positions and high-performance and high-potential executives, salary levels may be set above median competitive levels.

ANNUAL INCENTIVES

Quest Diagnostics' Management Incentive Plan is designed to reward executives for the achievement of objectives linked to the Company's critical success factors. Individual incentive targets are established for plan participants based on competitive levels in the compensation peer group of companies. Incentive target levels are set so as to result in annual cash compensation in the range of 50th to 75th percentile of competitive practice, depending on an executive's responsibilities, future potential, individual performance, and Quest Diagnostics' performance.

For the Chief Executive Officer and all other named executive officers, the 2001 Management Incentive Plan award was based 70% on financial performance results of the Company and 30% on quantitative operational performance results relative to objective performance targets set at the beginning of the year.

18 Quest Diagnostics Incorporated 2002 Proxy Statement

LONG-TERM INCENTIVES

Long-term incentive compensation is based on annual grants of stock options under the terms of the Employee Equity Participation Program. The Committee believes that these grants directly align stockholder and executive officer interests.

Stock option grant levels and terms are established to deliver executive total compensation ranging from 50th to 90th percentile competitive levels, depending upon an executive's responsibilities, future potential, individual performance, and Company performance.

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

In 2001, the Committee approved the grant of time-vested stock options and performance accelerated non-qualified stock options for the Chief Executive Officer and each named executive officer disclosed in the Summary Compensation Table.

COMPENSATION OF THE CHAIRMAN OF THE BOARD & CHIEF EXECUTIVE OFFICER

The compensation of Mr. Freeman consists of base salary, annual incentive, and grants of stock options. The Committee determined the level for each of these elements using methods consistent with those used for other executive officers.

For 2001, the Committee authorized an annual incentive payout under the terms of the Management Incentive Plan. The Committee also authorized an award of 100,000 time-vested stock options and 100,000 performance-accelerated stock options. For 2002, Mr. Freeman will not receive an increase in base salary consistent with a company-wide effort to manage costs effectively.

2001 COMPENSATION ACTIONS: OTHER EXECUTIVE OFFICERS

The other executive officers, including the named executives disclosed in the Summary Compensation Table, received salary increases for 2001 that ranged from 3.8% to 11.2%, averaging 5.2% (excluding salary adjustments tied to special adjustments and promotions). The Committee authorized annual incentive awards under the terms of the Management Incentive Plan to each named executive officer based on the achievement of key financial and operational goals. In addition, each named executive received grants of time-vested stock options and performance accelerated stock options in 2001.

For 2002, as a part of a company-wide effort to manage costs effectively, none of the other executive officers received a base pay increase.

Quest Diagnostics Incorporated 2002 Proxy Statement 19

INTERNAL REVENUE CODE SECTION 162(M)

Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its other proxy-disclosed executive officers, unless certain specific and detailed criteria are satisfied.

The committee considers the anticipated tax treatment to Quest Diagnostics and to the executive officers in its review and establishment of compensation programs and payments. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the control of the committee also can affect deductibility of compensation. Quest Diagnostics' general policy is to preserve the tax deductibility of compensation paid to its executive officers, including annual incentive awards paid under the Management Incentive Plan and grants of stock options and shares of incentive stock under the terms of the Employee Equity Participation Program.

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

The committee will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of Quest Diagnostics and its shareholders.

THE COMPENSATION AND NOMINATING COMMITTEE:

Kenneth D. Brody, Chairman
Mary A. Cirillo
William R. Grant
Dan C. Stanzione

20 Quest Diagnostics Incorporated 2002 Proxy Statement

REPORT OF THE AUDIT AND FINANCE COMMITTEE

The audit activities of the Audit and Finance Committee of the Board of Directors are focused on three areas:

The adequacy of Quest Diagnostics' internal controls and financial reporting process and the reliability of Quest Diagnostics' financial statements.

The independence and performance of Quest Diagnostics' internal auditors and independent auditors.

Quest Diagnostics' compliance with legal and regulatory requirements relating to securities and financial reporting.

The Audit and Finance Committee meets with management periodically to consider the adequacy of Quest Diagnostics' internal controls and the objectivity of its financial reporting. The Committee discusses these matters with Quest Diagnostics' independent auditors and with appropriate Quest Diagnostics financial personnel and internal auditors. The Committee regularly meets privately with both the independent auditors and the internal auditors, each of whom has unrestricted access to the Committee. The Committee also recommends to the Board of Directors the appointment of the independent auditors and reviews periodically their performance and independence from management.

In addition, as part of the Committee's finance activities, the Committee reviews Quest Diagnostics' financing plans and other significant financial policies and actions, and makes recommendations to the full Board of Directors for approval of certain actions.

The Directors who serve on the Committee are all 'independent' for purposes of the New York Stock Exchange listing standards. That is, the Board of Directors has determined that none of the Committee members has a relationship to Quest Diagnostics that may interfere with the Committee's independence from Quest Diagnostics and its management.

The Board of Directors has adopted a written charter setting out the functions the Committee is to perform. You can find a copy of that charter attached to this proxy statement as Appendix A.

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

Management has primary responsibility for Quest Diagnostics' financial statements and the overall reporting process, including Quest Diagnostics' system of internal controls.

Quest Diagnostics Incorporated 2002 Proxy Statement 21

The independent accountants audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of Quest Diagnostics in conformity with accounting principles generally accepted in the United States of America and discuss with the Committee any issues they believe should be raised.

This year, the Committee reviewed Quest Diagnostics' audited financial statements and met with both management and PricewaterhouseCoopers LLP, the independent auditors, to discuss those financial statements. Management has represented to the Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Committee has received from and discussed with PricewaterhouseCoopers LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from Quest Diagnostics. In addition, the Committee reviewed all services provided by PricewaterhouseCoopers LLP to Quest Diagnostics, and the corresponding fees, in considering whether non-audit services were compatible with maintaining PricewaterhouseCoopers' independence from Quest Diagnostics. The Committee also discussed with PricewaterhouseCoopers LLP any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on these reviews and discussions, the Committee recommended to the Board of Directors that Quest Diagnostics' audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2001 and the Board of Directors gave its approval at a Board of Directors meeting held on February 27, 2002.

THE AUDIT AND FINANCE COMMITTEE:

Van C. Campbell, Chairman
William R. Grant
Dan C. Stanzione

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

OPCENTER

During 2001, Quest Diagnostics paid to OPCENTER approximately \$1,200,000 for services provided in help desk and network operations as well as services in connection with facility moves. Mary Cirillo, a director of Quest Diagnostics, is a majority stockholder and the Chief Executive Officer of OPCENTER. Quest Diagnostics expects to continue to receive such services from OPCENTER during 2002.

Quest Diagnostics Incorporated 2002 Proxy Statement 25

GLAXOSMITHKLINE

SmithKline Beecham Corporation, a subsidiary of GlaxoSmithKline plc, owns 22,128,672 shares of Quest Diagnostics' common stock which it obtained on August 16, 1999 as consideration, together with \$1.025 billion in cash (prior to giving effect to a \$95 million post-closing purchase price reduction), for its sale of SmithKline Beecham Clinical Laboratories, Inc. ('SBCL') to Quest Diagnostics.

STOCKHOLDERS AGREEMENT

Quest Diagnostics entered into a stockholders agreement with SmithKline Beecham upon the closing of the purchase of SBCL. During the ten-year term of the stockholders agreement, SmithKline Beecham has the right to designate two nominees to the Quest Diagnostics' Board of Directors (or three nominees if the Company's Board of Directors consists of more than ten directors) as long as SmithKline Beecham owns at least 20% of the outstanding common stock of Quest Diagnostics. The stockholders agreement imposes limitations on the right of SmithKline Beecham to sell or vote its shares and prohibits SmithKline Beecham from acquiring in excess of 29.5% of the outstanding common stock of Quest Diagnostics.

CLINICAL TRIALS AGREEMENT

At the closing, SmithKline Beecham and Quest Diagnostics entered into a global clinical trials testing agreement. Under this agreement, SmithKline Beecham will use Quest Diagnostics as the provider of SmithKline Beecham's clinical trials testing requirements for ten years. The services that Quest Diagnostics will provide to SmithKline Beecham include support for studies

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

conducted by SmithKline Beecham of the effects of pharmacological compounds on humans. SmithKline Beecham will pay Quest Diagnostics fees based upon a fee schedule attached to the global clinical trials agreement, subject to adjustment. Quest Diagnostics billed approximately \$29 million to SmithKline Beecham with respect to services performed during 2001.

DATA ACCESS AGREEMENTS

At the closing of the acquisition of SBCL, Quest Diagnostics entered into a data access agreement under which SmithKline Beecham would have the right to use Quest Diagnostics' laboratory data. The agreement restricts disclosure of data that would identify the patient or payor without appropriate authorization. As a result

26 Quest Diagnostics Incorporated 2002 Proxy Statement

of the change in control of SmithKline Beecham in December 2000, the fee payable with respect to 2001 became based on a fair market value. The parties have not yet agreed on the value and SmithKline Beecham has made an advance of approximately \$800,000 for 2001.

INDEMNIFICATION

The stock and asset purchase agreement for the acquisition of SBCL provides that SmithKline Beecham will indemnify Quest Diagnostics against monetary payments required to be made to the United States government or any state government, or any agency or subdivision of any of them, arising out of alleged violations of applicable federal fraud and healthcare statutes and relating to billing practices, in any case, that have been settled prior to or are pending as of the closing date. SmithKline Beecham will also indemnify Quest Diagnostics against monetary payments required to be made to private parties, such as insurance companies, relating to or arising out of the governmental claims described in the prior sentence. The indemnification with respect to governmental claims is for 100% of these claims while the indemnification with respect to the private party claims is for 100% of those claims, up to an aggregate amount of \$80 million, 50% of those claims to the extent they exceed \$80 million but are less than \$130 million and 100% of such claims to the extent that the aggregate amount exceeds \$130 million. The indemnification also covers 80% of out-of-pocket costs and expenses relating to investigations of the claims indemnified against by SmithKline Beecham.

The special indemnification does not cover:

Governmental claims that arise after the closing date from service of a subpoena or other notice of such investigation after the closing date;

private claims unrelated to the indemnified governmental claims or investigations; or

any consequential or incidental damages relating to the billing claims, including losses of revenues and profits as a consequence of exclusion from participation in federal or state health care programs.

SmithKline Beecham is also required to indemnify Quest Diagnostics against any action, matter or claim arising from SmithKline Beecham's conduct of its

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

business prior to the closing date (including medical professional liability claims) to the extent that these claims are covered by its insurance policies or would

Quest Diagnostics Incorporated 2002 Proxy Statement 27

have been covered by policies if not for existing alternative arrangements made by SmithKline Beecham for the payment of such claims. SmithKline Beecham is also required to indemnify Quest Diagnostics and its affiliates for the out-of-pocket costs of the counseling and testing, for liabilities arising out of the civil actions, and for other losses arising out of the conduct of an SBCL employee at a patient service center in Palo Alto, California who, at times, reused certain needles when drawing blood from patients, other than consequential damages.

At December 31, 2001, accounts payable and accrued expenses included \$29 million due to SmithKline Beecham, primarily related to tax benefits associated with indemnified matters. During 2001, substantially all of the billing-related claims indemnified by SmithKline Beecham were settled. At December 31, 2001 and 2000, other assets included \$10.1 million and \$14.1 million, respectively, due from SmithKline Beecham, primarily related to management's best estimate of the amounts required to satisfy certain professional liability claims indemnified by SmithKline Beecham.

CORNING

Until the fourth quarter of 2001, Corning Incorporated owned all of the 1,000 outstanding shares of Quest Diagnostics' voting cumulative preferred stock. The shares were redeemed by Quest Diagnostics during the fourth quarter of 2001 for \$1 million plus accrued dividends. Quest Diagnostics authorized payments to Corning of \$117,500 in preferred stock dividends with respect to fiscal year 2001.

TRANSACTION AGREEMENT

Under the Transaction Agreement entered into in connection with the 1996 spin-off of Quest Diagnostics, Corning agreed to indemnify Quest Diagnostics against all monetary penalties, fines or settlements for any government claims that (1) arise out of alleged violations of applicable federal fraud and healthcare statutes; (2) relate to billing practices of Quest Diagnostics and its predecessors; and (3) were pending in December 31, 1996.

Corning also agreed to indemnify Quest Diagnostics in respect of private claims relating to indemnified or previously settled government claims that alleged overbilling by Quest Diagnostics or any of its existing subsidiaries for services provided before January 1, 1997. Corning agreed to indemnify Quest Diagnostics for 50% of the aggregate of all judgment or settlement payments made by December 31, 2001 that exceed \$42 million. The 50% share was

28 Quest Diagnostics Incorporated 2002 Proxy Statement

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

limited to a total amount of \$25 million and was reduced to take into account any deductions or tax benefits realized by Quest Diagnostics. At December 31, 2001, there were no amounts due from Corning under the Indemnity. In accordance with the indemnity described above, Quest Diagnostics received \$8.1 million from Corning in January 2001 in connection with a 2000 settlement of claims and \$600,000 in the fourth quarter of 2001 in connection with a 2001 settlement of claims.

TAX SHARING AGREEMENT

In connection with the 1996 spin-off from Corning, Quest Diagnostics and another former Corning subsidiary entered into a tax sharing agreement with Corning which allocates responsibility for federal income and various other taxes for 1996 and prior years among the three companies. Quest Diagnostics also entered into tax indemnification agreements with the same entities that provide the parties with certain rights of indemnification against each other.

COMPENSATION AND NOMINATING COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on a review of Forms 3 and 4 and amendments thereto furnished to Quest Diagnostics during 2001, Forms 5 and amendments thereto furnished to Quest Diagnostics, Quest Diagnostics believes that all reports required by Section 16(a) of the Exchange Act were filed on a timely basis.

PROPOSALS OF STOCKHOLDERS

The proposals of stockholders intended to be presented at Quest Diagnostics' 2003 Annual Meeting of Stockholders must be received by Quest Diagnostics at its office at One Malcolm Avenue, Teterboro, New Jersey 07608, Attention: Corporate Secretary, on or before November 20, 2002, if they are to be considered for possible inclusion in the 2002 Proxy Statement and form of proxy, in accordance with the rules and regulations of the Securities and Exchange Commission.

Quest Diagnostics Incorporated 2002 Proxy Statement 29

APPENDIX A

QUEST DIAGNOSTICS INCORPORATED AUDIT AND FINANCE COMMITTEE CHARTER

ORGANIZATION

The Quest Diagnostics Incorporated Audit and Finance Committee is composed of at least three directors. The committee members are independent of the management of the Corporation, as defined by the New York Stock Exchange, are free of any relationship that, in the opinion of the Board of Directors, would interfere with their exercise of independent judgement. All committee members are financially literate and at least one of the members has accounting or related financial management experience, as determined by the Board of Directors.

STATEMENT OF POLICY

The Quest Diagnostics Incorporated Audit and Finance Committee assists the Board of Directors in fulfilling its oversight responsibility over the management of the Corporation by reviewing financial information to be reported to the public and shareholders; by recommending and overseeing a system of internal financial and other controls to protect the Corporation's assets and business; by overseeing the internal and external audit processes; and by providing advice on financing activities and other financial matters. It is the responsibility of the Audit and Finance Committee to maintain free and open means of communication between the Board of Directors, the independent accountants, the internal auditors and the financial management of the corporation.

RESPONSIBILITIES

In carrying out its responsibilities, the Audit and Finance Committee will:

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

AUDIT RESPONSIBILITIES:

Review the performance of and make recommendations to the Board of Directors regarding the independent accountants to be selected to audit the financial statements of the Corporation. The independent accountants are accountable to the Board of Directors and the Audit and Finance Committee as representatives of the shareholders.

Review and concur in the appointment of the Director of Internal Audit.

Obtain a formal written statement from the independent accountants on an annual basis delineating all relationships between the independent accountants and the Corporation. The committee will discuss with the independent accountants any relationships that may impact objectivity and independence as well as recommend to the Board of Directors the appropriate actions, if any, to be taken to ensure the independence of the accountants.

Meet with the independent accountants and financial management to review the scope of the proposed audit for the current year and, at

Quest Diagnostics Incorporated 2002 Proxy Statement 31

the conclusion thereof, review such audit, including any comments or recommendations of the independent auditors and inquire about time pressures on the independent auditors.

Regularly review with management and the independent accountants any non-audit services provided by the independent accountants.

Review with the independent auditors, internal audit, and financial management, the adequacy and effectiveness of internal controls and elicit any recommendations for the improvement of such internal controls.(1)

Review the internal audit function, including the independence and authority of its reporting obligations, the proposed audit plans for the coming year and the summary of findings from completed and in progress internal audits.

Review the financial statements contained in the annual report to shareholders with management and the independent accountants. This review should include a discussion of the independent accountants' judgments about the appropriateness of the Corporation's accounting principles as well as any current year changes in accounting principles.

Review the financial statements contained in the quarterly report to shareholders, as appropriate, with management and the independent accountants prior to earnings release and filing with the SEC.

Periodically meet separately with the internal auditor and independent accountants without members of management present.

Periodically meet separately with members of management without the independent accountants present.

FINANCE RESPONSIBILITIES:

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

Give advice and make recommendations with regard to debt financing policies and actions.

Give advice and make recommendations with regard to investment, stock issuance, stock repurchases, dividend payment and other significant financial policies and actions.

GENERAL RESPONSIBILITIES:

Report committee actions to the Board of Directors with such recommendations as deemed appropriate.

Review and update the committee's charter annually.

Discharge such other responsibilities as may be delegated by the Board of Directors.

- (1) The responsibility for reviewing internal controls related to legal and regulatory obligations rests with the Quality, Safety and Compliance Committee of the Board of Directors.

32 Quest Diagnostics Incorporated 2002 Proxy Statement

QUEST DIAGNOSTICS INCORPORATED ATTACHMENT TO AUDIT & FINANCE COMMITTEE CHARTER

NYSE Independence Requirement of Audit Committee Members.

Each audit committee shall consist of at least three directors, all of whom have no relationship to the company that may interfere with the exercise of their independence from management and the company. Additionally, the following restrictions shall apply to every audit committee member:

- (a) Employees. A director who is an employee (including non-employee executive officers) of the company or any of its affiliates may not serve on the audit committee until three years following the termination of his or her employment. In the event the employment relationship is with a former parent or predecessor of the company, the director could serve on the audit committee after three years following the termination of the relationship between the company and the former parent or predecessor.
- (b) Business Relationship. A director (i) who is a partner, controlling shareholder, or executive officer of an organization that has a business relationship with the company, or (ii) who has a direct business relationship with the company (e.g., a consultant) may serve on the audit committee only if the relationship does not interfere with the director's exercise of independent judgment. In making a determination regarding the independence of a director pursuant to this paragraph, the Board of Directors should consider, among other things, the materiality of the relationship to the company, to the director, and, if applicable, to the organization with which the director is affiliated.

'Business relationships' can include commercial, industrial, banking, consulting, legal, accounting and other relationships. A director can have

Edgar Filing: QUEST DIAGNOSTICS INC - Form DEF 14A

this relationship directly with the company, or the director can be a partner, officer or employee of an organization that has such a relationship. The director may serve on the audit committee without the above-referenced Board of Directors' determination after three years following the termination of, as applicable, either (1) the relationship between the organization with which the director is affiliated and the company, (2) the relationship between the director and his or her partnership status, shareholder interest or executive officer position, or (3) the direct business relationship between the director and the company.

- (c) Cross Compensation Committee Link. A director who is employed as an executive of another corporation where any of the company's executives serves on that corporation's compensation committee may not serve on the audit committee.
- (d) Immediate Family. A director who is an Immediate Family member of an individual who is an executive officer of the company or any of its affiliates cannot serve on the audit committee until three years following the termination of such employment relationship.
