**PROXY STATEMENT
FOR THE 2008 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD APRIL 24, 2008**

GENERAL INFORMATION ABOUT SELECTIVE S ANNUAL MEETING

WHEN AND WHERE IS THE ANNUAL MEETING?

The 2008 Annual Meeting of Stockholders (the Annual Meeting) of Selective Insurance Group, Inc. (Selective) will be held on Thursday, April 24, 2008, at 9:00 AM in the Auditorium at Selective s principal offices at 40 Wantage Avenue, Branchville, New Jersey 07890. Directions are on the back of the proxy statement.

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Anyone who owned Selective common stock as of the close of business on March 5, 2008, is entitled to one vote per share owned. There were 53,356,487 shares outstanding at the close of business on that date.

WHO IS SOLICITING MY PROXY TO VOTE MY SHARES AND WHEN?

Selective s Board of Directors (Board of Directors or the Board) is soliciting your proxy, or your authorization for our named proxies, W. Marston Becker and William M. Rue, to vote your shares. Unless revoked by you, your proxy will be effective for the Annual Meeting and for any adjournments or continuations of that meeting.

WHAT IS THE COST OF SOLICITING PROXIES AND WHO IS PAYING FOR THE COST?

Selective is bearing the entire cost of soliciting proxies. Proxies will be solicited principally through the mail, but may also be solicited personally or by telephone, telegraph, or special letter by directors, officers, and regular Selective employees for no additional compensation. Selective has engaged Georgeson Shareholder Communications Inc. (Georgeson), a proxy solicitation firm, to assist in the solicitation of proxies and the distribution of proxy materials, including reviewing Selective s proxy materials, disseminating broker search cards, soliciting a proxy service company, brokers, banks, and institutional holders, and delivering executed proxies. Georgeson will provide such services for an estimated fee of approximately \$7,500 plus expenses. Selective will reimburse banks, brokerage firms, and other custodians, nominees, and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of Selective common stock.

WHAT ARE THE REQUIREMENTS FOR BUSINESS TO BE CONDUCTED AT THE ANNUAL MEETING?

For business to be conducted at the Annual Meeting, owners of 26,678,245 shares of Selective common stock (a majority of the issued and outstanding shares entitled to vote) constitute a quorum and must be in attendance or represented by proxy.

Table of Contents

PROPOSALS FOR STOCKHOLDER VOTE AND APPROVAL REQUIREMENTS

Management is presenting two (2) proposals for a stockholder vote.

PROPOSAL 1. ELECTION OF DIRECTORS

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE FIVE NOMINATED CLASS III DIRECTORS: PAUL D. BAUER, JOHN C. BURVILLE, JOAN M. LAMM-TENNANT, MICHAEL J. MORRISSEY, AND RONALD L. O'KELLEY.

You can find information about these nominees, as well as information about Selective's Board of Directors, its committees, compensation for directors, and other related matters beginning on page 5.

New Jersey law and Selective's By-laws govern the vote on Proposal 1, on which you may:

§ Vote in favor of all the nominees;

§ Withhold your votes as to all nominees; or

§ Withhold your votes as to specific nominees.

Assuming a quorum is present, to be elected, a candidate must receive a plurality of the votes cast at the Annual Meeting in person or by proxy. Stockholders may not cumulate their votes. Abstentions and broker non-votes will have no effect on the outcome of the vote.

PROPOSAL 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

THE BOARD RECOMMENDS THAT YOU VOTE TO RATIFY THE APPOINTMENT OF KPMG LLP AS INDEPENDENT PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2008.

You can find information about Selective's relationship with KPMG LLP beginning on page 40.

New Jersey law and Selective's By-laws govern the vote on Proposal 2, on which you may:

§ Vote in favor of Proposal 2;

§ Vote against Proposal 2; or

§ Abstain from voting.

Assuming a quorum is present, Proposal 2 will pass if approved by owners of a majority of the shares of stock present in person or represented by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as votes against Proposal 2 and broker non-votes will have no effect on the outcome of the vote.

OTHER MATTERS TO COME BEFORE THE ANNUAL MEETING

The Board of Directors is not aware of any other business to be presented for a vote of the stockholders at the Annual Meeting. If any other matters are properly presented for a vote, the people named as proxies will have discretionary authority, to the extent permitted by applicable law and NASDAQ Stock Market (NASDAQ) and United States Securities and Exchange Commission (SEC) rules and regulations, to vote on such matters according to their best judgment.

The Chairman of the Annual Meeting may refuse to allow presentation of a proposal or nominee for the Board of Directors if the proposal or nominee is not properly submitted. The requirements for submitting proposals and nominations for this year's meeting were the same as those described on page 42 for next year's meeting.

VOTING AND PROXY PROCEDURE

HOW DO I VOTE?

You can vote four (4) ways:

1. **BY MAIL.** Mark your voting instructions on, then sign and date the proxy card. Then return the proxy card in the postage-paid envelope provided. If you mail your proxy card, we must receive it before the beginning of the meeting.

If we receive your signed proxy card, but you do not give voting instructions, the named proxies will vote your shares FOR Proposals 1 and 2. If any other matters arise during the meeting which require a vote, the named proxies will exercise their discretion, to the extent permitted by applicable law and NASDAQ and SEC rules and regulations.

2. **BY TELEPHONE.** Call the toll-free number on your proxy card to vote by telephone. Follow the instructions on your proxy card and the voice prompts. **IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

3. **BY INTERNET.** Go to the website listed on your proxy card to vote through the Internet. Follow the instructions on your proxy card and the website. If you vote through the Internet, you may incur telephone and/or Internet access charges from your service providers. **IF YOU VOTE BY INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

4. **IN PERSON.** Attend the Annual Meeting, or send a personal representative with an appropriate proxy, in order to vote.

HOW DO I REVOKE MY PROXY OR CHANGE MY VOTING INSTRUCTIONS?

You may revoke your proxy before the proxy is exercised by writing to Selective's Corporate Secretary, Michael H. Lanza, at the address in the meeting notice on the cover of this Proxy Statement. You may also change your vote before the proxy is exercised by entering a new vote via the Internet, by telephone, or by returning a properly executed proxy bearing a later date. Any subsequent timely and valid vote by any means will change your prior vote. For example, if you voted by telephone, a subsequent Internet vote will change your vote. The last vote received before noon central time on April 23, 2008 will be the vote that is counted, except that you may also change your vote by voting in person at the Annual Meeting.

HOW WILL PROXIES BE VOTED IF I GIVE MY AUTHORIZATION?

If you properly execute your proxy on the accompanying form, return it to Selective, or submit your proxy by telephone or Internet as described above, and do not subsequently revoke your proxy, your shares of common stock will be voted at the Annual Meeting in accordance with your instructions. In the absence of instructions, the named proxies will vote your shares FOR the election of each director nominee and FOR the ratification of the appointment of KPMG LLP as Selective's independent public accountants for the fiscal year ending December 31, 2008. If other matters should properly come before the meeting, the named proxies will vote on such matters, to the extent permitted by applicable law and NASDAQ and SEC rules and regulations, in accordance with their best judgment.

Table of Contents

HOW WILL VOTES BE COUNTED?

The inspector of elections appointed by the Board of Directors for the Annual Meeting will separately tabulate affirmative and negative votes, abstentions and broker non-votes (shares held by a broker, bank or other nominee that does not have authority, either express or discretionary, to vote on a particular matter). Shares represented by proxies that reflect abstentions and broker non-votes are counted for determining whether there is a quorum. Abstentions and broker non-votes will not be considered in determining whether director nominees have received the requisite number of affirmative votes. For Proposal 2, approval will require the affirmative votes of the holders of a majority of the total number of the votes of the stockholders present at the Annual Meeting or represented by proxy and entitled to vote on the proposal. Abstentions will have the effect of a vote Against Proposal 2, and broker non-votes, although counted for purposes of determining the presence of a quorum, will have the effect of a vote neither for nor against such proposal.

WHAT IF MY SHARES ARE NOT REGISTERED IN MY NAME?

If you own your shares in street name, meaning that your broker is actually the record owner, you should contact your broker. When a broker does not have voting instructions and withholds its vote on one of these matters, it is called a broker non-vote. Broker non-votes count toward a quorum, but otherwise do not affect the outcome of any proposal.

IMPORTANT NOTICE REGARDING AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON APRIL 24, 2008

INFORMATION ABOUT PROPOSAL 1

Election of Directors

Selective's Board of Directors currently has twelve (12) directors and is divided into three (3) classes designated Class I, Class II, and Class III. Pursuant to Selective's Restated Certificate of Incorporation, as amended, and its By-laws, Selective may have a minimum of seven (7) and a maximum of twenty (20) directors. By majority vote, the Board of Directors may set the number of directors within this range at any time. The Board has set the number of members of the Board at twelve (12). John F. Rockart, having surpassed the eligibility age for election as a director, will retire from the Board on April 24, 2008, following the election of directors at the 2008 Annual Meeting of Stockholders. The Board thanks Mr. Rockart for his many years of service.

Under Selective's By-laws, directors are elected at the Annual Meeting for terms of three (3) years, unless a director is being elected to fill a vacant, unexpired term. No family relationships exist between any of Selective's current directors, executive officers, and persons nominated by Selective to become a director. At present, the Board has authorized twelve (12) directors.

The Board has ratified the Corporate Governance and Nominating Committee's nomination of the following four (4) incumbent Class III directors and one additional nominee to stand for election at the Annual Meeting for terms expiring at the 2011 Annual Meeting or until a successor has been duly elected and qualified: Paul D. Bauer, John C. Burville, Joan M. Lamm-Tennant and Ronald L. O'Kelley (the incumbent directors) and Michael J. Morrissey. Mr. Morrissey was recommended to the Corporate Governance and Nominating Committee by non-management directors of Selective.

All five (5) nominees have consented to being named in this Proxy Statement and to serve if elected and the Board does not know of any reason why any of these nominees would decline or be unable to serve if elected. If a nominee becomes unavailable or unable to serve before the Annual Meeting, the Board can either reduce its size or designate a substitute nominee. If the Board designates a substitute nominee, proxies that would have been cast for the original nominee will be cast for the substitute nominee unless instructions are given to the contrary.

Review, Approval, or Ratification of Transactions with Related Persons

Selective's Board of Directors adopted a written Related Person Transactions Policy and Procedures (the Related Person Policy) on January 30, 2007. The Related Person Policy defines Related Person Transactions as any transaction, arrangement or relationship in which Selective or its subsidiaries was, is, or will be a participant and the amount involved exceeds \$20,000, and in which any Related Person had, has, or will have a direct or indirect interest. A Related Person under the Related Person Policy is generally (i) any director, executive officer, or nominee to become director of Selective or an immediate family member of such person; (ii) a beneficial owner of more than 5% of Selective's common stock or an immediate family member of such beneficial owner; and (iii) any firm, corporation, or other entity in which any person included in (i) or (ii) is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Under the Related Person Policy, Related Person Transactions must be approved by the Audit Committee (or Chair of the Committee if between meetings). The Audit Committee considers all of the relevant facts and circumstances of the proposed transaction available to it, including (i) the benefits to Selective; (ii) the impact on a director's independence; (iii) the availability of other sources for comparable products and services; (iv) the terms of the transaction; and (v) the terms available to unrelated third parties or to employees generally.

No member of the Audit Committee may participate in any review, consideration, or approval of any Related Person Transaction with respect to which such member or any of his or her immediate family members is the Related Person. The Audit Committee only approves those Related Person Transactions that are in, or are not inconsistent with, the best interests of Selective and its stockholders. Prior to the adoption of the Related Person Policy, Related Person Transactions, including those described above, were reported to, and considered by, the Board of Directors pursuant to Selective's Conflict of Interest Policy.

Director Independence

The Board of Directors has determined that all directors, except Messrs. Murphy and Rue, are independent as defined by the applicable NASDAQ and SEC rules and regulations. In making its determination, the Board considered various transactions, relationships, or arrangements that relate to the Directors. For a description of the transactions, relationships, or arrangements related to Messrs. Rue and McClellan, see the section entitled "Transactions with Related Persons" beginning on page 11. The Board determined that the employment of Mr. McClellan's son by Selective does not affect Mr. McClellan's independence under applicable NASDAQ and SEC rules and regulations. The Board reviewed the circumstances surrounding Selective's reinsurance treaties with General Re Corporation (Gen Re), of which company Ms. Lamm-Tennant served as a Senior Vice President through April 2007. Selective ceded \$1.1 million in premium to Gen Re in 2007. Gen Re's total revenue for 2007 was \$6.1 billion, and as such, the transactions with Selective amounted to less than 0.02% of Gen Re's total revenue for the year. The Board determined that because the amount of the transactions is immaterial to the business of Gen Re, the transactions between Selective and Gen Re do not affect the independence of Ms. Lamm-Tennant under applicable NASDAQ and SEC rules and regulations.

In May 2007, Ms. Lamm-Tennant became employed by Guy Carpenter as Global Chief Economist & Risk Strategist. The Board reviewed the broker service agreement with Guy Carpenter under which the company's insurance subsidiaries placed reinsurance through Guy Carpenter, for which Guy Carpenter earned approximately \$2.0 million. Guy Carpenter's total revenue for 2007 was approximately \$916 million and, as such, the transactions with Selective companies was less than 0.22% of Guy Carpenter's total revenue for the year. As Ms. Lamm-Tennant had no involvement in these transactions and the amount of the transactions is immaterial to the business of Guy Carpenter, the Board determined that the placement of the reinsurance through Guy Carpenter does not affect the independence of Ms. Lamm-Tennant under applicable NASDAQ and SEC rules and regulations.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires Selective's directors and executive officers, and persons who own more than 10% of a registered class of Selective's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Selective's equity securities. Such executive officers, directors, and greater than 10% stockholders are required by SEC regulation to furnish Selective with copies of all of the Section 16(a) Exchange Act reports that they file. Other than as set forth above, based solely on its review of the copies of Forms 3, 4, and 5 or written representations from certain reporting persons that no Forms 5 were required for those persons, Selective believes that all reporting requirements under Section 16(a) for the fiscal year ended December 31, 2007, were met in a timely manner by its directors, executive officers, and greater than 10% beneficial owners.

EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

Philosophy of our Executive Compensation Program

The Salary and Employee Benefits Committee (SEBC) of Selective s Board of Directors, oversees executive compensation. Selective seeks to attract and retain talented and qualified executives by paying compensation that is generally targeted at the 50th percentile or greater of compensation paid by comparable companies in the property and casualty insurance industry. A primary purpose of our compensation programs is to motivate executives to achieve our corporate objectives and increase shareholder value. Accordingly, we tie our annual incentive awards to pre-determined strategic and financial business objectives and individual objectives, and we align our long-term compensation to the generation of long-term stockholder value over time.

The SEBC retains an outside executive compensation consultant (the Compensation Consultant) whose representative attends SEBC meetings as requested, reviews senior executive compensation, prepares comprehensive competitive compensation analyses for Selective s named executive officers, and makes recommendations regarding the components of compensation, amounts allocated to those components, and the total compensation opportunities for the CEO and the other named executive officers. Historically, the SEBC had retained Hewitt Associates, LLC (Hewitt) as the Compensation Consultant. In April 2007, the SEBC was informed that the principal of the Compensation Consultant with primary responsibility for advising the SEBC would be leaving Hewitt to take a position with EXEQUITY, LLP (EXEQUITY). At that time, there was consensus by the SEBC to engage EXEQUITY as the Compensation Consultant, and enter into an agreement with EXEQUITY. In 2007, amounts paid to EXEQUITY and Hewitt for executive compensation consulting services were \$7,751 and \$20,288, respectively.

Design Considerations of the Executive Compensation Program

Our executive compensation program consists of the following key elements:

Base salary;

Annual cash incentive payments;

Long-term incentive awards in the form of stock options, performance-based restricted stock, and performance-based cash incentive units; and

Retirement and deferred compensation plans.

Each of the above elements was selected to respond to the market-based realities of attracting and retaining quality executives and to align executives efforts and results with the interests of Selective s stockholders.

When making compensation decisions, the SEBC believes that it is important to be informed on compensation practices at publicly traded companies, in general, and property and casualty insurance holding companies, in particular. Accordingly, the Compensation Consultant performs an annual analysis of compensation paid to our named executive officers. This analysis compares base salary, annual cash incentives, total cash compensation, long-term incentives, and total compensation paid by Selective against three external benchmark insurance groups.

Compensation data from these three groups is obtained from filed proxy statements, the Property & Casualty Insurance Compensation Survey (the PCICS), and an insurance industry compensation survey. Additional information, including a listing of the companies in each of these three groups and details regarding our benchmarking process is contained in the section entitled Benchmarking. In making compensation determinations for our Chief Investment Officer, market data is analyzed from both the PCICS and the McLagan Partners Investment Management Survey (the McLagan Survey), a recognized source for pay data for investment professionals. Additional information about the McLagan Survey is also provided under the section titled Benchmarking.

Table of Contents

Tax Treatment and Accounting

To the extent practicable, the SEBC intends to preserve deductibility under the Internal Revenue Code for performance-based compensation paid to its executive officers. Section 162(m) of the Internal Revenue Code prohibits publicly owned companies from deducting compensation paid to certain of its executive officers as expense to the extent that the officer's compensation in excess of \$1 million is not performance-based and not paid pursuant to a stockholder approved plan. Selective has two performance-based stockholder approved plans; the Selective Insurance Group, Inc. 2005 Omnibus Stock Plan (the Omnibus Stock Plan) and the Selective Insurance Group, Inc. Cash Incentive Plan (the Cash Incentive Plan).

In December 2004, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards 123 (revised 2004), *Share-Based Payment* (FAS 123R), which requires that compensation expense be measured on the income statement for all share-based payments (including employee stock options) at grant date fair value of the equity instruments. Selective adopted this accounting pronouncement on January 1, 2005.

Benchmarking

At least once a year, the SEBC compares the individual targeted compensation and actual paid compensation of our named executive officers with external data from groups of comparator companies. In 2007, Hewitt and EXEQUITY furnished the SEBC with information on the following benchmark insurance groups and the McLagan Survey that contained market data for named executive officer positions. The SEBC believes that these sources provide comprehensive information regarding Selective's relative compensation position. By considering these multiple market references, the SEBC believes it can be less concerned about potential anomalies which may occur in a single market data point.

For named executive officers other than the CEO, the SEBC takes into account the recommendations made by the CEO based on his assessment of each named executive officer's performance for the year, continued contributions to the company and potential for advancement. The SEBC gives the CEO's recommendations significant weight in the evaluation process but final decisions on named executive officer compensation are made by the SEBC. The SEBC also considers the medians of the benchmark groups in addition to pre-established guidelines regarding award amounts, company

Table of Contents

performance, retention issues, internal equity, and advancement in abilities, experience, and responsibilities.

Allocation Between Current and Long-Term Compensation

Selective allocates compensation between currently paid components, principally comprised of an established base salary and a variable annual cash incentive, and variable long-term components that link compensation opportunities for executives to both short-term and long-term financial and strategic objectives.

Elements of Current Compensation

Base Salary

Selective's base salary provides stable, competitive compensation and takes into account scope of responsibility, relevant background, training, and experience. The SEBC also considers competitive market data for similar positions and overall market demand for each position. Generally, the SEBC believes base salaries should be aligned with market trends for executives in similar positions and with similar responsibilities at comparable companies. When establishing the 2007 base salaries of the named executive officers, the SEBC considered a number of additional factors, including:

the functional role of the position;

the level of responsibility;

growth of the executive in the role, including skills and competencies;

the contribution and performance of the executive; and

the organization's ability to replace the executive.

In determining the 2007 base salary for Mr. Murphy, the SEBC considered the overall performance of the organization and Mr. Murphy's individual performance, as well as, base pay levels of CEOs in the benchmark groups. This comparison showed that Mr. Murphy's base salary was slightly higher than the medians of the Market/Product Group and Size Group, but aligned with the median of the PCICS group. Consequently, the SEBC concluded that Mr. Murphy's base salary was appropriately positioned when compared with competitive norms and no salary increase was provided to him in 2007.

Based on the other named executive officers' contributions to Selective's growth, reviews of their comprehensive performance appraisals by Mr. Murphy, the potential for voluntary departures and cost and difficulty of replacement, the SEBC approved increases in the 2007 annual base salary rates for Mr. Thatcher from \$350,000 to \$415,000; Mr. Ochiltree from \$430,000 to \$460,000; Mr. Connell from \$380,000 to \$450,000; and Mr. Guthrie from \$352,000 to \$400,000. These increases were made in the course of the normal annual performance and salary review process, and for Mr. Connell, also reflects an additional increase in late 2007 provided in connection with his appointment as Chief Administrative Officer.

Annual Cash Incentive Payment

Selective's annual cash incentive payment program (ACIP) is based on near-term strategic and financial organizational goals as well as pre-established individual goals and objectives, and is intended to link a meaningful portion of annual cash compensation to the achievement of these goals. For 2007, most of Selective's executives, including the named executive officers, other than the Chief Investment Officer, were eligible to be considered for an annual cash incentive payment under the Cash Incentive Plan, which was approved at the 2005 Annual Meeting of Stockholders. Each year, the SEBC approves annual strategic and financial goals, which, if attained, result in the funding of an ACIP award pool. An individual's ACIP is based on position grade level, achievement of various corporate strategic initiatives and a corporate financial measure established for the ACIP, and individual employee performance. For 2007, corporate goals for the ACIP were based on the achievement of six equally weighted strategic initiatives which could account for the funding of up to

Table of Contents

36% of the ACIP award pool, and a range of statutory combined ratios (a measurement commonly used within the property and casualty insurance industry to measure underwriting profit or loss – a statutory combined ratio under 100% generally indicates that an insurance company is generating an underwriting profit and a statutory combined ratio over 100% generally indicates that an insurance company is generating an underwriting loss) from 95.0% to 101.0%, that could result in the funding of between 0% and 78% of the ACIP award pool. If none of the ACIP goals were achieved, no ACIP would be paid.

The six (6) strategic initiatives for 2007 were as follows:

Market Planning

- o Specified number of new agency appointments

Premium Growth (2 of 3)

- o Commercial Lines: Designated percentage of certain agents achieving new business targets
- o Personal Lines: Increase average monthly auto quote activity to a targeted monthly rate
- o Targeted increase in designated Business Owner Policy accounts, priced within a specified range

Profitability

- o Specified improvement in workers compensation managing price and retention by decile

- o Specified increase in total commercial lines renewal rate (including exposure)

Technology

- o Specified amount of new commercial premium entered via xSELeRate®

Claims

- o Specified savings through workers compensation managed care initiatives

Selective HR Solutions

- o Produce targeted number of worksite lives through Selective agents

Based on the attainment of a statutory combined ratio for 2007 of 97.5% and the achievement of four of the six strategic initiatives, the 2007 ACIP award pool was paid out at 63% of its funding target.

The payment opportunities for 2007 ACIP for the CEO and the other named executive officers (other than the Chief Investment Officer) were based on competitive market levels and set as a percentage of annual base salary relative to corresponding levels of performance against the program's performance goals. The SEBC can exercise discretion to award incentives in amounts lower than the maximums outlined below or to award no incentives at all.

2007 ACIP Opportunity Based On Goal Achievement

Officer	Title	Maximum ACIP Opportunity
Gregory E. Murphy	Chairman, President & CEO	200% of base salary
Dale A. Thatcher	Executive Vice President & CFO	150% of base salary
Jamie Ochiltree, III	Senior Executive Vice President	175% of base salary
Richard F. Connell	Senior Executive Vice President	175% of base salary

For 2007, Mr. Murphy's annual cash incentive was \$900,000 or 100% of base salary, as compared with \$1,500,000 or 166% of base salary paid to him for 2006. In evaluating Mr. Murphy's performance in 2007, the SEBC utilized a comprehensive written performance review which was compiled from submissions by all non-executive members of the company's Board of Directors. As CEO, Mr. Murphy had ultimate responsibility for the achievement of the financial and strategic goals described above. Since the company did not meet certain of its stated strategic and financial objectives, the

Table of Contents

SEBC felt the reduction in his ACIP was warranted and in keeping with the pay for performance philosophy of the company.

For each of the other named executive officers other than the Chief Investment Officer (who instead participates in the Investment Compensation Program) annual cash incentive payments were determined by the SEBC based on overall company performance, as well as the achievement of key department initiatives established in the first quarter of the year, and individual performance, and included the following:

Mr. Thatcher In addition to his general management accountabilities for overall enterprise goal achievement, Mr. Thatcher completed a number of complex capital management transactions including the redemption of senior convertible debt and implementation of various tax strategies. He significantly improved internal mechanisms to manage treasury functions and specific accounting capabilities. Mr. Thatcher was also responsible for managing an expanded investor relations function, was the principal architect of the company's corporate financial redesign and he created an enterprise risk management function to coordinate and strengthen existing company practices.

Mr. Ochiltree In his role as head of Insurance Operations, Mr. Ochiltree was responsible for the achievement of revenue growth, the overall management of the company's branch and diversified insurance services organizations and claims, underwriting, and strategic business units. Under his direction, the company exceeded its 2007 new business goal, expanded the use of its *One & Done* business process and significantly grew agent adoption and use of the company's seamless business process, *xSELeRate*® and completed a two-year plan to reduce the combined ratio for the workers compensation line of business by over seven points. In 2007, operations exceeded the targeted number of new agency appointments by 43%, in addition to meeting specific goals within the diversified insurance services operations, and implementing a series of notable improvements in our claims operations.

Mr. Connell As Chief Administrative Officer, Mr. Connell led the company's project management discipline which significantly contributed to the progress of the company's Knowledge Management and Predictive Modeling processes and the acquisition of new business. Mr. Connell's 2007 performance evaluation also took into account the successful installation of automated solutions for commercial lines of business in Massachusetts and three additional states for Personal Lines, in addition to the upgrade in systems and systems support for Selective HR Solutions, the company's affiliated professional employer organization operation. Mr. Connell provided oversight in the implementation of a treasury interface system and provided active leadership and direction for the Strategic Management Office.

The Chief Investment Officer's annual cash incentive compensation is not paid under the ACIP program but is instead paid under the Investment Compensation Program. This program measures overall investment results against stated benchmarks for both fixed income and equity portfolio performance. For 2007, annual cash incentive payments to the Chief Investment Officer and other company investment professionals were calculated based on results achieved over one-year and two-year performance periods. If investment results are below those benchmarks, the program's annual incentive cash award pool is reduced. If the investment team exceeds the benchmarks, the pool is increased. A final investment factor (pool modifier) is calculated each year after investment results are calculated. The 2007 pool modifier was approximately 124%. Listed below are the 2007 investment program performance measures:

Equity Achieve portfolio performance as compared with the S&P 500 Index

Fixed Income Achieve portfolio performance as compared with the custom blended Lehman weighted average debt indices

Mr. Guthrie As Chief Investment Officer, Mr. Guthrie's performance is measured against overall investment results. Investment results for the equity portfolio were significantly higher than the

Table of Contents

S&P 500, whereas fixed income results were below expectations. In 2007 after-tax investment income exceeded the budgeted target by 1.4% or approximately \$1.8 million. Mr. Guthrie was responsible for the implementation of various state of the art risk measurement and analysis tools utilized to effectively control investment risk. Notably, the company's fixed income portfolio contained no direct sub-prime exposure. Mr. Guthrie was also responsible for the successful completion of various improvements to the investments of the company's defined benefit pension plan and defined contribution benefit plan, and for continuing to build investment expertise and research capability within the Investment Department.

Long-Term Incentive Program Award (LTIP) Funding

For each eligible employee, including the named executive officers, a dollar denominated target award is established. To determine the amount of the total LTIP award pool, all individual target award amounts are aggregated. For employees below the officer level, participation in the LTIP is limited to a select group of high performers in the company.

Elements of Long-Term Compensation

Selective uses both cash and non-cash vehicles to deliver long-term compensation, which is consistent and competitive with the market practices of Selective's benchmark insurance groups. This approach also takes into account Selective's prior commitment made in its 2005 proxy statement to maintain a three-year average annual share utilization burn-rate of not greater than two percent (2%) for awards granted under the Omnibus Stock Plan, including awards to the named executive officers (Burn-Rate Commitment). The average share utilization burn-rate for the three-year period ended December 31, 2007 for grants under the Omnibus Stock Plan was 1.16%; within the prior Burn-Rate Commitment.

Selective views long-term compensation as a retention tool for Selective's named executive officers, and as a vehicle to help focus these executives on long-term goals. By granting performance-based restricted stock and performance-based cash incentive units with three-year performance periods and options with three-year ratable vesting periods, Selective encourages executive officers to continue their tenure with Selective, while aligning such executive's interests with those of Selective stockholders. In determining the amount of long-term compensation awards in 2007, the SEBC looked at several factors, including: (i) the individual executive's performance during the previous year, including the achievement of department initiatives and other projects and endeavors accomplished throughout the year, as outlined above; (ii) the executive officer's total compensation in comparison to benchmark data; and (iii) Selective's desire to encourage long-term retention of high-performing executives. The SEBC compared Selective's performance, including combined ratios, revenue growth, net premium written growth, and total shareholder return, to the performance of the companies in the benchmark insurance groups to help ensure that Selective's executive officers are being adequately and competitively compensated for the results they have achieved for Selective.

For certain executives, including the named executive officers, long-term compensation awards are allocated among three components: stock options, performance-based restricted stock and performance-based cash incentive units.

Stock Options

Stock options are allocated to the CEO and other named executive officers on a portion of the monetized value of the executive's long-term compensation award. As the value delivered by a stock option is dependent on the increase in value of the underlying shares, an award of this nature is also aligned with the interests of stockholders. Options are awarded under the Omnibus Stock Plan at fair market value (the closing price of Selective's common stock as quoted on NASDAQ on the date of grant) (Fair Market Value) and they vest ratably over three years, beginning on the first anniversary of the date of grant. The value of any executive's stock option grant is limited to a Fair Market Value on date of grant of \$100,000, so that the grant would qualify for incentive stock option (ISO) tax

Table of Contents

treatment. Selective's use of options has been generally lower than other financial services companies and is consistent with the Burn-Rate Commitment.

Performance-Based Restricted Stock

For 2007, seventy-five percent (75%) of the remaining monetized value of an executive's long-term compensation is delivered in performance-based restricted stock under the Omnibus Stock Plan. Performance-based restricted stock grants are subject to certain performance measures that are set annually by the SEBC. The 2007 grants are subject to the following conditions:

Three-year vesting period; and

Achievement at any time during the vesting period of either: (i) a cumulative return on equity of twenty percent (20%) (excluding unrealized gain occurring after December 31, 2006), or (ii) a ten percent (10%) cumulative growth in net premiums written.

Cash dividends are paid on performance-based restricted stock at the same dividend rate paid to all Selective stockholders. This use of restricted stock clearly aligns this component of executives' compensation with overall corporate performance and stockholder interests.

Performance-Based Cash Incentive Units

The remaining twenty-five percent (25%) of the monetized value of an executive's long-term compensation is delivered through cash incentive units granted under the Cash Incentive Plan. Grants made in 2007 are subject to the following conditions:

Three-year performance period;

The value of each cash incentive unit initially awarded increases or decreases to reflect total shareholder return on Selective common stock over the three-year performance period for the award; and

The number of cash incentive units ultimately earned increases or decreases based on: (i) cumulative three-year statutory net premium written growth relative to a peer index, and (ii) cumulative three-year statutory combined ratio relative to a peer index. Awards are earned at target level if these performance measures are between the 45th and 54.9th percentile of the peer group. If both measures are at or above the 80th percentile, 200% of the units initially awarded are earned. If both measures are below the 35th percentile, 0% of the units initially awarded are earned.

The group (the Cash Incentive Unit Peer Group) established for comparing Selective's performance for the purposes of determining the ultimate number of performance-based cash incentive units awarded consists of the following companies:

- | | |
|-------------------------------------|--------------------------------|
| Auto-Owners Insurance Group | CNA Group LLC |
| Liberty Mutual Group Inc. | The Travelers Companies, Inc. |
| Hartford Fire Group | Harleysville Group Inc. |
| Safeco Insurance Company of America | Utica National Insurance Group |
| Erie Insurance Exchange | Hanover Insurance Group, Inc. |
| Cincinnati Financial Corporation | W. R. Berkley Corporation |
| Onebeacon Insurance Group LLC | |

Use of the cash incentive units in lieu of stock options or restricted stock also conserves share usage consistent with the Burn-Rate Commitment. As the cash incentive unit grants take into account Selective's three-year performance relative to its peer group and total shareholder return on its common stock, this award is also directly linked to company performance and the interests of stockholders.

Table of Contents**Timing of Awards**

Generally, stock option, restricted stock, and cash incentive unit awards were granted in January or February of each year in connection with the SEBC's regularly scheduled first quarter meeting. It was at this time that the SEBC and the Board of Directors, at their respective meetings, reviewed final year-end results for the prior year and the SEBC made final determinations on compensation.

Stock Ownership Requirements

Selective believes that stock ownership by Directors and management encourages the enhancement of stockholder value and, accordingly, has adopted, effective January 31, 2008, the following common stock ownership guidelines for Directors and certain officers as part of its Corporate Governance Guidelines posted on Selective's public website www.selective.com:

Each director shall, within five (5) years of his or her first election to the Board, beneficially own at least four (4) times the cash value of his or her annual retainer in shares of Selective common stock. Shares of Selective common stock currently owned, awards of restricted stock or restricted stock units not yet vested and shares of Selective common stock held in benefit plan investments (*i.e.* 401(k) Plan) are considered in determining such ownership. Unexercised stock options are not counted in calculating ownership. Deferred stock units held in the accounts of Directors under the Deferred Compensation Plan for Directors are counted in calculating ownership.

The current requirements for certain officers of Selective are as follows:

Chairman, President & CEO	4 x base salary
Senior Executive Vice Presidents and Executive Vice Presidents	2.5 x base salary
Senior Vice Presidents	1.5 x base salary

The above stock ownership requirements for officers must be met no later than December 31, 2013, or within five (5) years from the attainment of the above officer status, whichever is later. Base salary increases during the five (5) year period will require the ultimate ownership requirements to increase when shares are valued on the December 31 following such increase. Shares of Selective common stock currently owned, awards of restricted stock or restricted stock units not yet vested and shares of Selective common stock held in benefit plan investments (*i.e.* 401(k) Plan) are considered in determining such ownership. Unexercised stock options are not counted in calculating stock ownership.

Role of Executive Officers in Determining Compensation

The SEBC makes all final determinations with respect to executive officers' compensation, primarily based on information provided by its independent compensation consultant. Selective's Chief Executive Officer does make recommendations to the SEBC relating to the compensation of executive officers who directly report to him, but the SEBC has full autonomy in determining executive compensation. As part of their responsibilities, the Executive Vice President of Human Resources, and certain other human resource officers, provide information to the SEBC regarding the overall design of the executive compensation program and its individual components.

Retirement and Deferred Compensation Plans

Selective's lead insurance subsidiary, SICA, maintains a non-contributory defined benefit pension program consisting of a tax qualified defined benefit pension plan (the Retirement Income Plan) and a supplemental employee retirement plan and maintains health and welfare benefit plans in which eligible employees, including the named executive officers, participate. The pension program is more fully described in the section entitled "Pension Benefits" beginning on page 32.

Table of Contents

SICA offers a tax qualified defined contribution plan (the Retirement Savings Plan) to employees, including the named executive officers, who meet eligibility requirements. Participants, other than highly compensated employees as defined by the Internal Revenue Service, can contribute 50% of their defined compensation to the Retirement Savings Plan, up to \$15,500 in 2007. Highly compensated employees are limited to 8% of their defined compensation, up to \$15,500 in 2007. Contributions by participants are matched 65% by SICA up to a maximum of 7% of defined compensation. Participants over the age of 50, including certain of the named executive officers, may make an additional \$5,000 catch-up contribution to the Retirement Savings Plan, pursuant to the Internal Revenue Code, which contribution is not eligible for a company match. Effective January 1, 2006, the Retirement Savings Plan was amended to include additional enhanced matching contributions and non-elective contributions for otherwise eligible employees who, because of a date of hire after December 31, 2005, are not eligible to participate in the Retirement Income Plan. None of the named executive officers are eligible for the enhanced matching or the additional non-elective contributions.

Under SICA's Deferred Compensation Plan, executives, including the named executive officers, may defer up to 50% of their base salary and/or up to 100% of their ACIP. To the extent not matched in the Retirement Savings Plan, due to limitations under the Internal Revenue Code, Selective will match 65% of up to 7% of an executive's base salary contributed to the Deferred Compensation Plan. Additional information regarding the deferred compensation is included under Nonqualified Deferred Compensation on page 33.

Employment Agreements

Selective has entered into employment agreements containing change in control provisions. The employment agreements are described under Employment Agreements and Potential Payments Upon Termination or Change of Control beginning on page 35.

(1) The amounts in this column include portions of salary that certain named executive officers

have deferred into SICA's Deferred Compensation Plan. Such amounts are also included in the Nonqualified Deferred Compensation table on page 33.

- (2) This column reflects amounts recognized as expense for the 2007 and 2006 grants of performance-based restricted stock and performance-based cash incentive unit awards. Grants of performance-based restricted stock were made pursuant to the Omnibus Stock Plan, under which such shares vest three years from the date of grant, conditioned upon the attainment of certain predetermined performance goals. Grants of cash incentive unit awards were made pursuant to the Cash Incentive Plan, under which such units vest at the payment date, which is as soon as practicable in the calendar year following the end of the calendar year coincident with the end of the three-year

performance period. The value of each cash incentive unit initially awarded increases or decreases to reflect total shareholder return on Selective common stock over the three-year performance period for the award. The number of cash incentive units ultimately earned increases or decreases based on: (i) cumulative three-year statutory net premium written growth relative to a peer index, and (ii) cumulative three-year statutory combined ratio relative to a peer index. Restricted stock and cash incentive unit awards are subject to forfeiture should the grantee resign or be terminated for cause prior to vesting. Amounts recognized as expense for performance-based restricted stock and performance-based cash incentive unit awards granted in 2006 to the named executive officers are as follows:
Mr. Murphy:
\$709,476 restricted stock and
\$1,751,037 cash

incentive units;
Mr. Thatcher:

- (3) This column reflects amounts recognized as expense for the 2007 and 2006 option grants. The grant date fair value of these grants is calculated using the Black-Scholes option valuation method, in accordance with FAS 123R. For a discussion of the weighted-average assumptions used in the valuation of these awards, see Item 8. Financial Statements and Supplementary Data, Note 18, Share-Based Payments, in

Selective's Annual Report on Form 10-K for the year ended December 31, 2007. For Messrs. Murphy, Thatcher, Ochiltree, and Connell, amounts represent minimum and maximum potential ACIP award to each named executive officer under our Cash Incentive Plan for 2007. Maximum awards reflect the maximum ACIP award established by the SEBC pursuant to the requirements of Section 162(m) of the Internal Resource Code. For Mr. Guthrie, the amounts represent the minimum and maximum potential annual cash incentive award under the Investment Compensation Plan. Actual payouts of the

above-referenced awards are included in the Non-Equity Incentive Compensation Plan column of the Summary Compensation Table. For information regarding the ACIP and the annual cash incentive payment under the Investment Compensation Plan, see the section of the Compensation Discussion and Analysis beginning on page 21 entitled Annual Cash Incentive Payment.

from 0-200%, and therefore, has the potential to pay \$0. The threshold selected represents 35-44.9th percentile of the Cash Incentive Unit Peer Group; the target represents 45-54.9th percentile of the Cash Incentive Unit Peer Group; and the maximum represents greater than 80th percentile of the Cash Incentive Unit Peer Group.

- (4) This column includes restricted stock awards calculated at grant date fair value, cash incentive unit awards with an initial value of \$100 per unit, and stock options valued at the Black-Scholes value on the date of grant.

- (5) Reflects number of performance-based cash incentive units initially granted in 2006 to the named executive officers for the three-year performance period ending December 31, 2008. In the event of a termination of employment on or after an individual's Early Retirement Date, as defined under the Retirement Income Plan for Selective Insurance Company of America, holders of such awards are vested in such awards, with the initial number of units and the value

of each unit subject to adjustment, based on the attainment of specified performance measures. Early Retirement Dates for the named executive officers are as follows: Mr. Murphy, 11/11/2002; Mr. Thatcher, 12/10/2015; Mr. Ochiltree, 10/2/2007; Mr. Connell, 2/7/2008; and Mr. Guthrie, 9/11/2007. Settlement of the 2006 cash incentive award would be made as soon as practicable in the 2009 calendar year, following the determination of the attainment of the applicable performance measures.

- (6) Reflects number of performance-based cash incentive units initially granted in 2007 to the named executive officers for the three-year performance period ending December 31, 2009. In the event of a termination of employment on or after an individual's Early Retirement Date, as defined under the Retirement Income

Plan for Selective Insurance Company of America, holders of such awards are vested in such awards, with the initial number of units and the value of each unit subject to adjustment, based on the attainment of specified performance measures. Early Retirement Dates for the named executive officers are as follows:

Mr. Murphy,
11/11/2002;
Mr. Thatcher,
12/10/2015;
Mr. Ochiltree,
10/2/2007;
Mr. Connell,
2/7/2008; and
Mr. Guthrie,
9/11/2007.

Settlement of the 2007 cash incentive award would be made as soon as practicable in the 2010 calendar year, following the determination of the attainment of the applicable performance measures.

- (7) The amounts in this column reflect (i) the maximum 200% unit multiplier for the number of cash incentive units granted based on

performance against the Cash Incentive Unit Peer Group and (ii) an \$89.83 per unit value for the 2006 grant and an \$81.89 per unit value for the 2007 grant based on total shareholder return at December 31, 2007. The maximum 200% unit multiplier is used in this calculation because performance through December 31, 2007 has exceeded the target amounts, which are identified for the 2007 grant in the Grants of Plan Based Awards table on page 29.

Option Exercises and Stock Vested

The following table shows the option exercise and stock vesting of grants of plan based awards to our named executive officers in 2007:

Name	Option Awards		Stock Awards ⁽¹⁾	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)
Gregory E. Murphy	0	0	171,135	4,216,731
Dale A. Thatcher	0	0	17,220	443,758
Jamie Ochiltree, III	7,500	129,196	62,566	1,543,852
Richard F. Connell	0	0	17,220	443,758
Kerry A. Guthrie	0	0	56,747	1,399,445

(1) In the event of a termination of employment on or after an individual's Early Retirement Date as defined under

the Retirement Income Plan for Selective Insurance Company of America, holders of restricted stock awards become fully vested in such awards, provided any related performance measures have been attained. As a result, the value became subject to ordinary income taxation upon a holder attaining his Early Retirement Date, notwithstanding the continued employment of the holder by the company. Due to the imposition of this accelerated income tax liability, the SEBC determined it appropriate to fully vest and remove the restrictions on such shares. Accordingly, the numbers and amounts shown for Messrs. Murphy, Ochiltree and Guthrie reflect grants awarded to them in 2004 through 2006.

Pension Benefits

Selective's lead insurance subsidiary, SICA, maintains a tax qualified non-contributory defined benefit pension plan the Retirement Income Plan, and the Selective Insurance Supplemental Pension Plan (SERP). Most employees, and certain former employees of SICA, whose employment with SICA commenced on or before December 31, 2005, including the named executive officers, are eligible to receive benefits under the Retirement Income Plan. Selective also maintains an unfunded SERP, as permitted under the Employee Retirement Income Security Act of 1974, as amended (ERISA), to provide payments to Retirement Income Plan participants equal to the difference between (i) the benefit payment to a participant under the Retirement Income Plan calculated without regard to ERISA and Internal Revenue Code limitations on annual amounts payable under the Retirement Income Plan, and (ii) the benefit payable to the participant pursuant to such limitations.

Table of Contents

The Retirement Income Plan was amended as of July 1, 2002, to provide for different calculations based on service with the company as of that date. Monthly benefits payable under the Retirement Income Plan and SERP at normal retirement age are computed by adding two calculations: (i) 2% of average monthly base salary (based on the monthly average of the participant's compensation for the 60 months out of the most recent 120 months of employment preceding the participant's termination of employment for which the employee's base salary is the highest) less 1 3/7% of a Social Security benefit multiplied by the number of years of benefit service through June 30, 2002 (up to a maximum of 35 years); and (ii) 1.2% of average monthly base salary (as described above) multiplied by the number of years of benefit service after June 30, 2002. The earliest retirement age is age 55 with 10 years of service or the attainment of 70 points (age plus years of service). For a participant who retires at the earliest retirement age, the Retirement Income Plan's early reduction factors are 6 2/3% per year for the first five years and 3 1/3% for the next five years and the reduction is actuarially equivalent for years earlier than age 55. At retirement, participants receive monthly pension payments and may choose among four joint and survivor payment options.

The following table shows information regarding the pension benefits of our named executive officers:

Name	Early Retirement Eligible	Plan Name	Number of Years Credited Service (#) ⁽¹⁾	Present Value of Accumulated Benefit (\$) ⁽²⁾	Payments During Last Fiscal Year (\$)
Gregory E. Murphy	Yes	Retirement Income Plan	26.58	438,631	0

Kerry A. Guthrie	Yes	Retirement Income Plan	19.00	265,213	0
		SERP	19.00	119,372	0

(1) The Retirement Income Plan imposes a one year waiting period for plan participation.

(2) Present value is calculated on the basis of normal retirement age

of 65. A 6.5% discount rate is applied and the RP-2000 Mortality Table is used to calculate the values indicated.

Nonqualified Deferred Compensation

The Deferred Compensation Plan allows participants to defer receipt of up to 50% of base salary and/or up to 100% of their ACIP. Participants may choose from a variety of investment options that mirror the market performance of the selected funds. Each year, participants elect whether to schedule in-service withdrawals or withdrawals at separation of service. For those funds to be distributed at separation of service, participants may be paid in five, ten, or fifteen annual installments, or a lump sum. SICA may make matching contributions of \$0.65 of each dollar deferred, up to 7% of base salary, except that SICA will match the Retirement Savings Plan contributions first, and in no event will a participant receive a matching contribution in excess of \$0.65 of each dollar, up to 7% of base salary.

The following table shows information regarding nonqualified deferred compensation of our named executive officers:

**Employment Agreements and Potential Payments
Upon Termination or Change of Control**

In 2006, the SEBC approved a new form of Employment Agreement (the Employment Agreement) for executive officers, including the named executive officers. The Employment Agreement replaced eleven-year old employment and termination agreement forms entered into by Selective, one of its subsidiaries, and the executive officers (collectively, the Prior Agreements). The Employment Agreement corrected inconsistencies between the Prior Agreements and changed certain terms in those agreements to align them with current practices at peer companies, including decreasing the potential amount of severance in a change of control from a multiple of all W-2 income and increasing the potential amount of severance in a termination not for cause from a multiple of salary only. In developing the Employment Agreement, the SEBC worked with, and accepted the recommendations of, both its independent compensation consultants and outside counsel.

The following table summarizes the principal provisions of the Employment Agreement. Defined terms used in this table, but not defined in this Proxy Statement, have the meanings given to them in the Employment Agreement. The triggers for such payments are the same as those contained in the Prior Agreements, which form of termination agreement continued in effect unless the executive provided two years advance notice of termination of the agreement.

Table of Contents

The following table reflects the compensation for non-employee directors in 2007:

Type of Compensation	Amount
Annual Retainer Fee	\$50,000
Grant Date Fair Value of Annual Equity Award	\$32,500
Black-Scholes Value of Annual Option Grant	\$32,500
Board Meeting Attendance	\$ 0
Committee Attendance Fee

By telephone	\$ 1,000
Annual Chairperson Fee	
Audit Committee	\$12,500
Corporate Governance and Nominating Committee	\$ 7,500
Finance Committee	\$ 7,500
Salary & Employee Benefits Committee	\$12,500
Lead Director Fee	\$15,000
Expenses	Reasonable

As shown in the table above, the non-employee directors receive compensation in the forms of restricted stock, stock options and cash for their service as directors. The SEBC sets the Annual Retainer Fee annually. Pursuant to the Omnibus Stock Plan, non-employee directors, by December 20 of the prior year, must elect to receive the Annual Retainer Fee either (i) entirely in shares of common stock or (ii) in a combination of shares of common stock and cash, which cash amount must be 50% or less of the Annual Retainer Fee. The Annual Retainer Fee is paid in equal quarterly installments on the first (1st) day of January, April, July, and October. The number of shares of common stock issued in each quarterly installment is determined by multiplying the amount of Annual Retainer Fee to be paid in stock by one-quarter (0.25) and dividing that product by the Fair Market Value of Selective's common stock on the payment date.

Under the director compensation program, each non-employee director annually receives restricted shares of Selective's common stock having a Fair Market Value on the date of grant of \$32,500 and options on shares having a Black-Scholes value on the date of grant of \$32,500, which restricted stock and options are granted pursuant to the terms of the Omnibus Stock Plan. Committee Attendance Fees and Annual Chairperson Fees, as listed in the table above, are paid in cash.

By December 20 of the prior year, non-employee directors may elect to defer the receipt of their director compensation, including, but not limited to, the Annual Retainer Fee, Committee Attendance Fees, Annual Chairperson Fees, and the Annual Lead Director Fee and any dividends and accrued interest thereon, to a specified future year, the attainment of age 70, or termination of services as a director.

In 2007, the Salary and Employee Benefits Committee became responsible for non-employee director compensation and it engaged Mercer Human Resource Consulting LLC to review Selective's director compensation program compared to peer groups. As a result of the review, no significant changes are being made to the director compensation program for 2008. The annual chairperson fee for the Audit Committee was changed to \$15,000 beginning in 2008.

Independent Public Accountants

The Audit Committee has appointed KPMG LLP to act as Selective's independent public accountants for the fiscal year ending December 31, 2008. The Board of Directors has approved the appointment and has directed that such appointment be submitted to Selective's stockholders for ratification at the Annual Meeting.

Stockholder ratification of the appointment of KPMG LLP as Selective's independent public accountants is not required. The Board of Directors, however, is submitting the appointment to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the appointment, the Audit Committee and the Board of Directors will reconsider whether to retain KPMG LLP or another firm. Even if the appointment is ratified, the Board of Directors, in its discretion, may direct the appointment of a different auditing firm at any time during the 2008 fiscal year if the Board determines that such a change would be in the best interests of Selective and its stockholders.

Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions. In 2007, Selective paid KPMG LLP \$1,518,000 for audit and audit-related services. No non-audit services were provided by KPMG LLP to Selective in 2007.

Fees of Independent Public Accountants

KPMG LLP, Selective's independent public accountants, provided services in the following categories and amounts in 2007 and 2006:

Category	2007	2006
Audit Fees	\$1,353,500	\$1,319,500
Audit-Related Fees ⁽¹⁾	\$ 164,500	\$ 132,000
Tax Fees	\$ 0	\$ 0
All Other Fees	\$ 0	\$ 0
TOTAL	\$1,518,000	\$1,451,500

⁽¹⁾ Audit-Related Fees for 2007 and 2006 consisted primarily of the independent actuarial review and reserve opinion related to the Audit. The Audit-Related Fees for 2007 also include audits of the employee benefit plans for 2006 and 2007.

The Audit Committee has a Pre-Approval Policy that requires pre-approval of audit and audit-related services on an annual basis and authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services. The Audit Committee delegated the authority to pre-approve audit and audit-related

services by KPMG LLP to the Audit Committee Chairperson, who is required to report any pre-approvals to the Audit Committee at its next meeting for ratification. In 2007, the Audit Committee pre-approved one hundred percent (100%) of audit and audit-related services and concluded that KPMG LLP's provision of such services was compatible with the maintenance of KPMG LLP's independence in the conduct of its auditing functions. KPMG LLP provided no tax services or non-audit related services in 2007. Any such future services also would require Audit Committee pre-approval on an individual engagement basis.

AUDIT COMMITTEE REPORT

The Audit Committee oversees Selective's financial reporting processes on behalf of the Board of Directors. Management has the primary responsibility for overseeing preparation of the financial statements and the overall reporting processes, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee has:

Periodically met with and held discussions with management regarding the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in Selective's financial statements.

Reviewed and discussed the audited financial statements for the year ended December 31, 2007, included in the Annual Report with management, which represented to the Audit Committee that (i) the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and (ii) management had reviewed Selective's disclosure controls and procedures and believes those controls are effective.

Reviewed and discussed with KPMG LLP, Selective's independent public accountants who are responsible for expressing an opinion on the conformity of those audited financial statements with the Statements of the Public Company Accounting Oversight Board (United States), their judgments as to the quality, not just the acceptability, of Selective's accounting principles and such other matters as are required to be discussed with the Audit Committee under Statements of the Public Company Accounting Oversight Board, including the Statement on Auditing Standards No. 61, as amended.

Discussed with KPMG LLP, the independent accountant's independence from Selective and its management, including the matters in the written disclosures from the independent accounts delivered to the Audit Committee as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, the inclusion of the audited financial statements in Selective's Annual Report on Form 10-K for the year ended December 31, 2007.

STOCKHOLDER PROPOSALS AND NOMINATIONS

Proposals for Inclusion in 2009 Proxy

From time to time, stockholders present proposals that may be proper subjects for inclusion in the proxy statement and for consideration at an annual meeting. Under the rules of the SEC (Rule 14a-8 under the Exchange Act), stockholder proposals to be included in the proxy statement for the 2009 Annual Meeting must be received by Selective's Corporate Secretary at 40 Wantage Avenue, Branchville, NJ 07890 no later than November 26, 2008.

Other Proposals and Nominations

A stockholder who otherwise intends to present business at Selective's 2009 Annual Meeting must comply with Selective's By-laws, which state, among other things, that to properly bring business before an annual meeting, a stockholder must deliver notice to the Secretary of Selective in proper written form not less than ninety (90) days nor more than one hundred twenty (120) days prior to the first anniversary of the preceding year's annual meeting. Thus, a notice of a stockholder proposal for the 2009 Annual Meeting, submitted other than pursuant to Rule 14a-8 of the Exchange Act, will be untimely if received by the Corporate Secretary before December 25, 2008 or after January 24, 2009.

Under Section 3B of Selective's By-laws, stockholders may (i) present proposals that are proper subjects for consideration at an annual meeting, which proposals are not submitted for inclusion in the proxy statement for such annual meeting pursuant to Rule 14a-8 of the Exchange Act, or (ii) nominate a person for election to our Board of Directors at the annual meeting. On written request to Selective's Corporate Secretary at 40 Wantage Avenue, Branchville, NJ 07890, stockholders of record may receive a free copy of Selective's By-laws. Procedures in the By-laws are separate and distinct from those required by the SEC.

Selective's By-laws require that the stockholder provide the following information in writing regarding any proposal:

the business proposed to be brought before the annual meeting;

the reasons for conducting the business at the annual meeting;

any material interest of the stockholder in the business;

the beneficial owner, if any, on whose behalf the proposal is made;

the name and address of the stockholder giving the notice, as they appear on our books, and of the beneficial owner of those shares; and

the class and number of shares which are owned beneficially and of record by the stockholder and the beneficial owner.

Selective's By-laws require that the stockholder provide the following information in writing regarding any nomination for director:

all information relating to each person whom the stockholder proposes to nominate for election as a director as would be required to be disclosed in a solicitation of proxies for the election of such person as a director pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if so elected);

the name and address of the stockholder giving the notice, as they appear on our books, and of the beneficial owner of those shares; and

the class and number of shares which are owned beneficially and of record by the stockholder and the beneficial owner.
