**Item 2.02. Results of Operations and Financial Condition.**

During the first quarter of 2009, the Chief Executive Officer (the chief operating decision maker) of Allied World Assurance Company Holdings, Ltd (the Company) realigned the Company's management reporting structure due to organizational changes and the growth of its direct specialty insurance operations in the United States, including the recent acquisition of Darwin Professional Underwriters, Inc., and an increasing emphasis on markets and customers served. As a result, management monitors the performance of the Company's direct underwriting operations based on the geographic location of the Company's offices, the markets and customers served and the type of accounts written. There were no changes to how management monitors the Company's reinsurance underwriting operations. Accordingly, the reinsurance segment continues to be reported on its historical basis without any modifications. The Company is currently organized into three operating segments: U.S. insurance, international insurance and reinsurance. All product lines fall within these classifications.

On July 8, 2009, the Company issued a financial supplement that contains its results of operations for each period in 2008, recast under the new segment format. The financial supplement is furnished herewith as Exhibit 99.1. The information hereunder is not deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), is not otherwise subject to the liabilities of that section and is not incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

**Item 8.01. Other Events.**

The information included in the first paragraph of Item 2.02 is incorporated herein by reference.

The Company is also recasting the presentation of its reportable segments for all periods reported in its Annual Report on Form 10-K for the year ended December 31, 2008 (the 2008 Form 10-K) to conform to the Company's new segment format. Item 1. Business, Item 2. Properties, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations and Item 8. Financial Statements and Supplementary Data, attached hereto as Exhibits 99.2, 99.3, 99.4 and 99.5, respectively, have been revised based on the Company's 2008 year-end information to reflect only the new segment format described above and are incorporated herein by reference. Other than as required to reflect the new segment format, the information presented in Exhibits 99.2, 99.3, 99.4 and 99.5 and incorporated herein by reference does not reflect events occurring after the Company filed the 2008 Form 10-K on February 27, 2009. The information in this Current Report on Form 8-K does not in any way restate or revise the Company's consolidated balance sheets, consolidated statements of operations and comprehensive income, consolidated statements of shareholders' equity or consolidated statement of cash flows for the year ended December 31, 2008.
