PROXY STATEMENT

**Annual Meeting of Stockholders
February 24, 2010**

General Information

This Proxy Statement and the enclosed form of proxy are furnished on or about January 15, 2010 to holders of the common stock of Universal Technical Institute, Inc. (the Company, UTI, we or our), in connection with the solicitation on behalf of the Company's Board of Directors of proxies to be voted at the 2010 Annual Meeting of Stockholders (the Annual Meeting) and at any adjournment or postponement. **The Annual Meeting will be held at 8:00 a.m. local time on February 24, 2010 at our offices located at 20430 North 19th Avenue, Suite B160, Phoenix, Arizona 85027.**

We will bear the cost of soliciting proxies. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of common stock, and normal handling charges may be paid for such forwarding service. We may solicit proxies by mail or by personal interview, telephone and other electronic communication by our officers and other management employees, who will receive no additional compensation for their services.

Any stockholder giving a proxy pursuant to this solicitation may revoke it at any time prior to exercise of the proxy by giving written notice of such revocation to our Secretary at our executive offices at 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027, or by attending the Annual Meeting and voting in person.

At the close of business on January 8, 2010, there were 24,660,468 shares of our common stock outstanding and entitled to vote at the Annual Meeting. **Only common stockholders of record on January 8, 2010 will be entitled to vote at the Annual Meeting.** Each share is entitled to one vote on each matter voted upon. Votes may not be cumulated.

Voting Information

At the Annual Meeting, votes will be counted by written ballot. The presence, in person or by a proxy relating to any matter to be acted upon at the Annual Meeting, of the holders of a majority of the outstanding shares of common stock will constitute a quorum for purposes of the Annual Meeting. For purposes of the quorum requirement and the discussion below regarding the vote necessary to take stockholder action, stockholders of record who are present at the Annual Meeting in person or by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the Annual Meeting, are considered stockholders who are present and entitled to vote and they count toward the quorum.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. As used in the discussion below, uninstructed shares means shares held by a

broker who has not received instructions from its customers on such matters and the broker has so notified us on a proxy form in accordance with industry practice or has otherwise advised us

Table of Contents

that it lacks voting authority. As used in the discussion below, broker non-votes means the votes that could have been cast on the matter in question by brokers with respect to uninstructed shares if the brokers had received their customers instructions.

Election of Directors. Our Bylaws provide that in a non-contested election, each director nominee must be elected by the affirmative vote of the majority of the votes cast with respect to that director s election. A majority of the votes cast means that the number of votes FOR a director nominee must exceed the number of votes AGAINST that director nominee. Accordingly, abstentions will have no effect on the election of a director. Pursuant to our Corporate Governance Guidelines, the Board of Directors expects any director nominee who is an incumbent director and is not re-elected to promptly tender his or her resignation, and the Board of Directors, excluding the director who tenders his or her resignation, must promptly decide whether to accept or reject the resignation.

As you may know, the New York Stock Exchange (NYSE) recently eliminated broker discretionary voting for the election of directors. Therefore, unlike in prior years, your broker is not able to vote on your behalf in any director election without specific voting instructions from you. As such, we encourage you to sign and return your proxy and vote your shares in the election of directors before the meeting so that your shares will be represented and voted at the meeting even if you cannot attend in person.

Ratification of the Appointment of the Independent Registered Public Accounting Firm. The affirmative vote of a majority of the shares of common stock present or represented at the Annual Meeting and entitled to vote is required to approve the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. Uninstructed shares are entitled to vote on this matter. Therefore, abstentions and broker non-votes will have the effect of negative votes.

Any stockholder entitled to vote on any matter may vote part of such stockholder s shares in favor of the proposal and refrain from voting the remaining shares or, except with respect to the election of Directors, may vote the remaining shares against the proposal; but if the stockholder fails to specify the number of shares which the stockholder is voting affirmatively or otherwise indicates how the number of shares to be voted affirmatively is to be determined, it will be conclusively presumed that the stockholder s approving vote is with respect to all shares which the stockholder is entitled to vote.

If any other matters are properly presented at the Annual Meeting for consideration, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the Annual Meeting is postponed or adjourned, a stockholder s proxy will remain valid and may be voted at the postponed or adjourned meeting. A stockholder still will be able to revoke the stockholder s proxy until it is voted. At the date this Proxy Statement went to press, the Board of Directors did not know of any matters other than those described in this Proxy Statement to be presented at the Annual Meeting.

Proxies properly executed and received by the Company prior to the Annual Meeting and not revoked will be voted as directed therein on all matters presented at the Annual Meeting. In the absence of specific direction from a stockholder, proxies will be voted for the election of all named Director nominees and for the proposal to ratify the appointment of the independent registered public accounting firm.

Corporate Governance and Related Matters

Corporate governance is typically defined as the system that allocates duties and authority among a company s stockholders, board of directors and management. The stockholders elect the board and vote on extraordinary matters; the board is the company s governing body, responsible for hiring, overseeing and evaluating management; and management runs the company s day-to-day operations. Our Board of Directors currently consists of eight directors, as described above.

Independent Directors. Our Board of Directors has determined that Messrs. Caputo, Conrad, Gilmour, Cabito and Penske and Ms. Srere qualify as independent in accordance with the published listing requirements of NYSE. The NYSE s independence definition includes a series of objective tests, such as that the director is not an employee of the Company, has no material relationships with the Company and has not engaged in various types of business dealings with the Company. An explanation of the independence standard used by our Board of Directors, which standard incorporates the NYSE independence definition, is set forth in the Corporate Governance Guidelines adopted by the Board of Directors and discussed elsewhere in this Proxy Statement. The Board of Directors considers all relevant facts and circumstances in evaluating the independence of its members from management. Immaterial business transactions conducted in the ordinary course of business are not determinative of the issue of independence. As required by the NYSE rules, the Board of Directors has made an affirmative determination as to each independent director that no relationships exist which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and has affirmatively determined that each independent director meets the independence standard used by the Board of Directors. In making these determinations, the Board of Directors reviewed and discussed information provided by the Directors and our management with regard to each Director s business and personal activities as they may relate to us and our management. The Board of Directors also considered each Director s other relationships that do not involve us or our management such as the employment of UTI graduates in the service departments of automotive dealerships owned by an entity of which one of our Directors is an affiliate.

Independence for Audit Committee Members and Audit Committee Financial Expert. In addition, as required by NYSE rules, the members of our Audit Committee each qualify as independent under special standards established by the U.S. Securities and Exchange Commission (SEC) for members of audit committees. Our Audit Committee also includes at least one independent member who is determined by the Board of Directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. Messrs. Conrad and Gilmour have each been determined to be an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Conrad s and Mr. Gilmour s experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Conrad or Mr. Gilmour any duties, obligations or liabilities that are greater than are generally imposed on them as members of the Audit Committee and the Board of Directors, and their designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liabilities of any other member of our Audit Committee or the Board of Directors.

Board Meetings

Our Board of Directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board of Directors has

Table of Contents

delegated various responsibilities and authority to different board committees as described in this section of the Proxy Statement. Committees regularly report on their activities and actions to the full Board of Directors. In addition, the Corporate Governance Guidelines that have been adopted by the Board of Directors and which are discussed elsewhere in this Proxy Statement call for regular executive sessions of the non-management Directors (those not employed by us). The Board of Directors believes that these regular executive sessions outside of the presence and influence of management ensure that non-management directors have sufficient opportunity to fully and candidly discuss ideas and issues regarding the Company, management's performance and whether board operations are satisfactory. The role of presiding director at regular executive sessions of the non-management directors rotates on an annual basis. During fiscal 2007, the chairperson of the Nominating and Corporate Governance Committee presided over executive sessions of the non-management Directors. During fiscal 2008, the chairperson of the Audit Committee assumed the role. During fiscal 2009, the chairperson of the Compensation Committee assumed the role. The Board of Directors believes that rotating the presiding director at the non-management executive sessions annually is the preferable governing approach as it maximizes participation by all non-management directors and fosters an environment in which each non-management director has an equal opportunity to provide direction and influence, while not placing undue burden on any one non-management director.

The Nominating and Governance Committee and the non-management directors have considered the need for, and desirability of, appointment of a permanent lead director. Both the Nominating and Governance Committee and the non-management directors concluded that a permanent lead director is not necessary at this time to ensure strong independent board leadership. In addition, the non-management directors have concluded that effective oversight of the executive officers of the Company and establishment of an agenda that appropriately considers the stockholder perspective can be attained without formal designation of a lead director. This determination will be periodically reviewed by the non-management directors.

In fiscal 2009, the Board of Directors held 8 meetings. Each Director attended at least 75% of the Board of Director meetings and meetings of committees on which such Director served during the Director's tenure as a Director and committee member.

Board Committees and Charters

In accordance with the NYSE Corporate Governance Rules, we currently have three standing Board committees: Audit, Compensation and Nominating and Corporate Governance. Each member of the Audit, Compensation and Nominating and Corporate Governance Committees is an independent director in accordance with NYSE standards. Each of the Board committees has a written charter approved by the Board of Directors. Copies of each charter are posted on our website at www.uti.edu under the "About Us" Investors Corporate Governance" captions. We will provide copies of our Board committee charters upon request made by writing to us at our principal executive offices at 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027.

The current committee membership is as follows:

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Alan E. Cabito	ü

Conrad A. Conrad	Chair	ü	

Allan D. Gilmour	ü	ü

Audit Committee. Messrs. Cabito, Conrad and Gilmour served as members of our Audit Committee during fiscal 2009. The Board of Directors has determined that each member of the Audit Committee is financially literate and satisfies the independence requirements of the NYSE and the SEC. The Audit

Table of Contents

Committee has the responsibility for overseeing, among other things: our accounting and financial reporting processes; the reliability of our financial statements; the effective evaluation and management of our financial risks; our compliance with laws and regulations; and the effective and efficient audit of our financial statements by a qualified independent registered public accounting firm. The Audit Committee met 8 times during 2009. The Audit Committee is required by SEC rules to publish a report to stockholders concerning the Audit Committee's activities during the prior fiscal year. The Audit Committee's report is set forth elsewhere in this Proxy Statement.

Compensation Committee. Messrs. Conrad and Gilmour and Ms. Srere served as members of our Compensation Committee during fiscal 2009. The Board of Directors has determined that each member of the Compensation Committee satisfies the independence requirements of the NYSE. The primary responsibility of the Compensation Committee is to develop and oversee the implementation of the Company's philosophy with respect to the compensation of our officers. In that regard, the Compensation Committee has the responsibility for, among other things: developing and maintaining a compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to stockholders; recommending compensation and benefit plans to the Board of Directors for approval; reviewing and approving annual corporate and personal goals and objectives to serve as the basis for the chief executive officer's compensation, evaluating the chief executive officer's performance in light of the goals and, based on such evaluation, determining the chief executive officer's compensation; determining the annual total compensation for our Named Executive Officers; approving the grants of stock options and other equity-based incentives as permitted under our equity-based compensation plans; reviewing and recommending to the Board of Directors compensation for our non-employee Directors; and reviewing and recommending employment agreements, severance arrangements and change-in-control plans that provide for benefits upon a change-in-control, or other provisions for our executive officers and directors, to the Board of Directors. The Compensation Committee met 13 times during fiscal 2009.

Our Board of Directors has adopted a charter for the Compensation Committee that provides, among other things, that the Compensation Committee may, at its discretion, utilize independent consultants or counsel to assist the Compensation Committee in fulfilling its duties. Pursuant to its written charter, the Compensation Committee has the sole authority to retain or terminate any such consultant or counsel, including sole authority to approve the fees and other retention terms. The Compensation Committee has retained Compensia, Inc. to assist as independent compensation consultants. For additional information on the role of compensation consultants, please see

Compensation Discussion and Analysis, which is included elsewhere in the Proxy Statement. Other than as discussed in this Proxy Statement, Compensia did not provide any additional services to us during the 2009 fiscal year.

Nominating and Corporate Governance Committee. Messrs. Caputo and Penske and Ms. Srere served as members of our Nominating and Corporate Governance Committee during fiscal 2009. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee satisfies the independence requirements of the NYSE. The Nominating and Corporate Governance Committee has the responsibility for, among other things: identifying individuals qualified to serve as directors of UTI; recommending qualified individuals for election to the Board of Directors at the annual meeting of stockholders; recommending to the Board of Directors those Directors to serve on each of the Board committees; recommending a set of corporate governance guidelines to the Board of Directors; reviewing periodically our Corporate Governance Guidelines and recommending governance issues that should be considered by the Board of Directors; reviewing periodically the Board of Director's committee structure and operations and the working relationship between each committee and the Board of Directors; and considering, discussing and recommending ways to improve the Board of Director's effectiveness. The Nominating and Corporate Governance Committee also reviews and makes recommendations to the Board of Directors regarding the size and the composition of the Board of Directors. In addition, the Nominating and Corporate Governance Committee will review and consider properly submitted stockholder recommendations on candidates for membership on the Board of Directors as described below. consideration by the Nominating and Corporate Governance Committee must include the candidate's name, accompanied by relevant biographical information, and must be submitted in accordance with our Bylaws to the attention of our Corporate Secretary at Universal Technical Institute, Inc., 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027. Director Qualifications and Review of Director Nominees

The Nominating and Corporate Governance Committee makes recommendations to the Board of Directors regarding the size and composition of the Board of Directors. The Committee reviews annually with the Board of Directors the composition of the Board of Directors as a whole and recommends, if necessary, measures to be taken so that the Board of Directors reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board of Directors as a whole and contains at least the minimum number of independent directors required by the NYSE and other applicable laws and regulations. The Committee is responsible for ensuring that the composition of the Board of Directors accurately reflects the needs of our business and, in accordance with the foregoing, proposing the addition of members and the necessary resignation of members for purposes of obtaining the appropriate members and skills.

To fulfill its responsibility to recruit and recommend to the full Board of Directors nominees for election as Directors, the Committee reviews the composition of the Board of Directors to determine the qualifications and areas of expertise needed to further enhance the composition of the Board of Directors and works to attract candidates with those qualifications. In evaluating a director candidate, the Committee considers factors that are in the best interests of the Company and its stockholders, including the knowledge, experience and integrity of each candidate; the potential contribution of each candidate to the diversity of backgrounds, experience and competencies which the Board of Directors desires to have represented; each candidate's demonstrated leadership ability and the ability to exercise sound business judgment; each candidate's ability to devote sufficient time and effort to his or her duties as a director; and any other criteria established by the Board of Directors and any core competencies or technical expertise necessary to staff committees of the Board of Directors. Directors should have a background and experience in areas important to the operations of the Company, such as business, education, marketing, finance, government or law, and should be individuals of high integrity and independence with substantial accomplishments. Each director should possess such attributes and experience as are necessary to provide a broad range of personal characteristics including diversity, management skills and technological and business experience. Directors should be able to commit the requisite time for preparation and attendance at regularly scheduled Board of Directors and committee meetings, as well as be able to participate in other matters necessary to ensure the Company practices good corporate governance. In connection with each director nomination recommendation, the Committee must consider the issue of continuing director tenure and whether the Board of Directors will be exposed to new ideas and viewpoints, and will maintain willingness to critically examine the status quo.

In connection with director nominations, the Committee also considers the nominees' roles in (i) assisting with our business strategy, such as (a) optimizing our marketing and sales strategy, (b) increasing the funding opportunities for our students, (c) assisting in expanding our existing industry relationships and (d) exploring new campus opportunities, (ii) overseeing our efforts in complying with the disclosure requirements of the SEC and NYSE, (iii) assisting in improving our internal controls and disclosure controls and (iv) overseeing our corporate governance and leadership structure. Each of the nominees for re-election named above are considered independent under the NYSE rules. With respect to the nomination of Mr. Gilmour, the Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, waived the mandatory retirement provision contained in the Corporate Governance Guidelines of the Board of Directors.

Each nominee and current board member brings a strong and unique background and set of skills to the Board of Directors, giving the Board as a whole competence and experience in a wide variety of areas, including corporate

governance and board service, executive management, automotive industry experience, accounting and finance, technical education, risk assessment, manufacturing, marketing and government. Set forth below is a discussion on certain of the specific skills that qualify each of our current Directors and Director nominees to serve as a Director or to be nominated for re-election.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis***Overview of Compensation Philosophy and Objectives*

Our compensation and benefits programs are designed to attract, reward, motivate and retain top tier executive talent possessing the key skills and abilities necessary to achieve success for our customers, stockholders, employees and strategic partners. We believe that in this highly competitive market for top executive talent, it is critical that we provide our executives with incentives to excel, be internally and externally equitable, and promote a culture of innovation and results-oriented customer service while, at the same time, not encouraging undue risk-taking.

We believe an effective compensation program rewards the achievement of short-term, long-term and strategic goals that are closely aligned with the soundness of the Company and the interests of our stockholders and encourages appropriate decision making regarding the long-term value of the Company. Therefore, we believe that a meaningful portion of each executive's total compensation opportunity should be at risk and payable only if the executive's performance benefits the interests of our stockholders. We expect that this emphasis on performance-based compensation will contribute to our long-term success and increase the value of our stockholders' investment.

Table of Contents

Consistent with our compensation philosophy, the objectives of our compensation and benefits programs are to:

Attract and retain top talent from a broad array of industry and company backgrounds by offering the potential for aggregate compensation above the median of our industry;

Align compensation with the achievement of financial and operational performance goals that foster the creation of long-term stockholder value, while maintaining appropriate focus on near-term performance;

Drive behaviors that advance our mission of purpose, people and profit; and

Align incentive programs with performance goals so that the level of incentive compensation is commensurate with the level of performance.

Our compensation and benefits programs are driven by our business environment, objectives and outcomes. Consequently, we evaluate the performance of our Named Executive Officers, as defined herein, based on their management of UTI in the context of current business and economic conditions and our performance relative to our industry peers. We also evaluate each executive's performance relative to his or her individual attainment of key goals and the success of the Named Executive Officers, as a team, in achieving our operating objectives. Because our Named Executive Officers have broad policy-making authority, the Compensation Committee holds them responsible for our financial performance and for upholding our values in a competitive marketplace.

By including a combination of cash and at-risk equity incentives, the Compensation Committee believes that the executive compensation program is consistent with our business strategy and does not encourage our executives to take excessive or unnecessary risks that might threaten the long-term value of the Company.

Elements of the Compensation Program and Key Goals

Our executive compensation program is designed around the concept of total direct compensation.

Total direct compensation refers to the combined elements of base salary, annual incentive, and long-term incentive pay. In setting the appropriate level of total direct compensation, we review industry and peer group compensation data in order to set executive pay at a level that is competitive and that will attract and motivate top talent, while keeping the overall pay levels aligned with stockholder financial interests and job responsibilities.

The table below sets forth each element of our compensation program, the rationale for our selection of each element, what each element is designed to reward, and how the Compensation Committee determines the appropriate amount or value of each element.

The Compensation Committee carries out the Board's responsibilities relating to compensation of our executive officers. The Compensation Committee also oversees and advises the Board on adoption of, or changes to, policies that govern employee compensation and benefits, including incentive compensation and equity-based compensation.

The Compensation Committee is comprised of three or more directors (currently, there are three) who qualify as all of the following: (i) independent directors under applicable NYSE rules; (ii) outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended; and (iii) non-employee directors for purposes of Rule 16b-3 of the Securities Exchange Act of 1934. Members of the Compensation Committee are nominated by the Nominating and Corporate Governance Committee and elected by a majority vote of the Board to serve a one-year term.

The Compensation Committee is required by its charter to meet at least two times annually or more frequently as the Committee deems appropriate. In fiscal 2009, the Compensation Committee met 13 times.

The Compensation Committee is responsible for implementing our overall executive compensation philosophy and structure and establishing the goals and objectives relating to executive compensation paid to the Chief Executive Officer, Chairman and other executive officers.

In determining the appropriate level of compensation, the Compensation Committee reviews the results of the Committee's annual performance review of the Chief Executive Officer and Chairman. Based on this evaluation and a review of these executives' total compensation, the Compensation Committee makes recommendations to the Board for approval. The Compensation Committee also reviews the Chief Executive Officer's annual performance review of each of the executive officers taking into consideration our executive compensation goals and objectives and, based on this review, is responsible for the approval of each component of each executive officer's compensation. The Committee also reviews and approves compensation adjustments for executive officer promotions or hires and contingent obligations such as severance, change-in-control or similar arrangements.

For fiscal 2009, the Compensation Committee conducted this review in the Fall of 2008 for base, long and short term incentive components of the executive officers' compensation. The Compensation Committee benchmarked long-term incentive values again in September 2009 as part of their review and approval of the annual grant.

In determining the appropriate level of compensation for our executive officers, the Compensation Committee received the assistance of Compensia. Compensia is an independent, third party consulting firm. For a more complete discussion on the role of Compensia, please refer to *Role of Compensation Consultants* below.

In assessing the competitiveness of our compensation programs, the Compensation Committee reviews the total direct compensation opportunities, both short- and long-term, while at the same time analyzing the competitiveness of each component of compensation. The complete mix of pay components is monitored and compared to peer company practices to ensure appropriate pay leverage is maintained in the overall compensation package and in equity-based incentives that emphasize long-term stockholder value creation.

Role of Executive Officers in Determining Compensation

Our Chief Executive Officer makes recommendations to the Compensation Committee as to the base salaries, target bonus, and long-term incentive grant levels of the executive officers, including the Named

Table of Contents

Executive Officers (other than the CEO). The CEO's recommendations are based on available market and proxy peer data and analyses provided by Compensia (which are provided at the direction of the Committee) as well as the CEO's evaluation of each officer's performance.

Role of Compensation Consultants

The Compensation Committee received and continues to receive assistance from Compensia in fulfilling its duties. Compensia assists in monitoring and updating the appropriate peer comparison group used in benchmarking competitive compensation levels. Compensia provided advice and analysis to the Compensation Committee with respect to the propriety and competitive value of long-term incentive grants, and employment and change-in-control agreements. Compensia also assisted the Compensation Committee in the design of the Company's performance share program. Compensia works at the direction of, and reports directly to, the Compensation Committee. Compensia does not perform any services for our management unless directed to do so by the Compensation Committee. The Compensation Committee's engagement with Compensia is for an indefinite period and encompasses advisory services such as periodic review of executive compensation philosophy, competitive assessment of executive compensation levels and pay-for-performance linkage, executive cash and broad-based equity incentive program design, review of executive contracts and other ad hoc support. Other than the work described above, there are no other material relationships between Compensia and UTI, its officers or directors.

Equity Grant Timing and Practices

Pursuant to our equity granting policy and procedures, equity awards are made upon the recommendation of the Compensation Committee with approval from the independent members of the Board during an open trading window. Stock options, if granted, are awarded with an exercise price equal to the closing price of our stock on the NYSE on the date of approval and may never be less than fair market value. Grants to newly hired or promoted executive officers who are eligible to receive options or stock awards are proposed for approval at the Board's next regularly scheduled meeting that occurs during an open trading window following the officer's hire or promotion. Grant timing is applied consistently and shall under no circumstances occur outside of an open trading window. For fiscal 2009, we changed our annual grant timing from June to September to align our new performance share grant with the start of our fiscal year. Equity grant award levels are based on market data and vary among participants based on their positions within our company and, for fiscal 2009, were granted at the Board's regularly scheduled September meeting. Documentation of the award is distributed to the recipients promptly following approval by the Board.

Benchmarking of Executive Compensation

Peer Group Description and List

To evaluate the competitiveness of our executive compensation program, we compare the elements of our compensation program with a peer comparison group comprised of companies in the for-profit education industry with similar market capitalization and net revenues. Our comparison group for fiscal 2009 includes the following companies: Capella Education Corp; Career Education Corp.; Corinthian Colleges, Inc.; DeVry, Inc.; Inc.; GP Strategies Corporation; ITT Educational Services, Inc.; Learning Tree International, Inc.; Lincoln Educational Services Corporation; Nobel Learning Communities, Inc.; Plato Learning, Inc.; Strayer Education, Inc.; and The Princeton Review, Inc. We also collected job-specific compensation survey data from general industry organizations with target revenue of approximately \$375 million. Compensation surveys used in 2009 were Mercer's Benchmark Database and the Salary.com Survey Database. Data from these surveys are averaged with the data from our peer comparison group to create a composite comparison group.

Because we have moved our annual grant to September from June, we conducted the peer group and market comparison analysis again in September of 2009 in order to have current total direct compensation information.

We target total cash compensation (base salary and annual incentive pay) at the appropriate percentile of the market data, which for 2009 was between the median and the 75th percentile. This range was chosen

Table of Contents

because (1) based upon our research we have determined this is the level at which we need to pay in order to recruit and retain top talent, and (2) turnover in our peer group causes significant swings in the market data from year to year. In establishing competitive base salaries and annual incentive pay, we also consider the levels of total cash compensation at industry organizations outside of our comparison group from which we recruit executives and to whom we are most likely to lose talent.

To establish the target levels of long-term incentive compensation, we review the difference between each Named Executive Officers' total cash compensation and the market 75th percentile total direct compensation (base salary, annual incentive and long-term incentive). The target for our long-term incentive grant is based on the aggregate dollar value of this difference which ensures that the total direct compensation of our Named Executive Officers is competitive with the total direct compensation paid by our competitors.

As part of its annual compensation review of Named Executive Officers, the Compensation Committee also analyzes proxy peer and survey benchmark data showing the market median bonus levels as a percentage of salary. The Compensation Committee has determined that the full target incentive bonus should be at or slightly above the median target incentive levels expressed as a percentage of base pay for companies of our size and revenue to provide a meaningful and competitive incentive in order to attract and retain top talent.

Components of the Executive Compensation Program

Base Salaries

The Compensation Committee annually reviews and approves the base salaries of the Named Executive Officers utilizing the benchmarking procedures described above. Apart from benchmarking, base salaries are influenced by a variety of objective and subjective factors such as the experience and individual performance and relative levels of responsibility and job scope.

In December 2008, the Compensation Committee approved increases to the base salaries of Named Executive Officers as follows: 5% for Kimberly McWaters, 2.5% for John White, 4.5% for Eugene Putnam, 5.2% for Chad Freed, and 5% for Richard Crain. These increased amounts were based on market survey data for average executive-level increases nationally and adjusted for individual performance.

Annual Incentive Plan

The annual incentive plan, called the Leadership Incentive Plan, provides the Named Executive Officers with the opportunity to earn performance-based awards based on the achievement of specific performance goals for the fiscal year. The performance goals are based on specific business criteria for the Company. All of our Named Executive Officers, with the exception of Kimberly McWaters and John White, participate in the Leadership Incentive Plan. For fiscal year 2009, both Kimberly McWaters and John White's incentive compensation award was granted under the Universal Technical Institute, Inc. 2003 Incentive Compensation Plan.

For our fiscal year 2009, the Compensation Committee established performance goals for all Named Executive Officers under the Leadership Incentive Plan and the 2003 Incentive Compensation Plan, as applicable. For fiscal 2009, performance-based awards for all Named Executive Officers were based on consolidated Earnings Before Interest and Taxes (EBIT) results, as well as specific performance criteria for Messrs. Putnam, Freed and Crain. For Messrs. Putnam, Freed and Crain the portion of the bonus based on achieving EBIT targets accounted for 80% of their bonus opportunity and each had specific performance goals which accounted for the remainder of their bonus opportunity. For bonus purposes, EBIT is adjusted to exclude bonus expense and adjusting entries posted during fiscal year 2009 related to fiscal year 2008 that were included in prior year bonus calculations. The EBIT goals were

measured on a Company-consolidated basis for the Named Executive Officer group. This metric was chosen because it captured our need to increase revenue and contain costs during fiscal year 2009. On September 16, 2008, the Compensation Committee revised the payment calculation for both the Leadership Incentive and 2003 Incentive Compensation Plans to pay based on the greater of the annual result or the total of the quarterly results. This change was made so that it would be possible to recover from a poor performing quarter and retain an incentive for the subsequent quarters, thereby enhancing the motivating aspects of the plan.

Table of Contents

The Compensation Committee approved the following bonus targets and payout levels for fiscal year 2009:

2009 Named Executive Officer Target Bonus as a % of Base Salary

Kimberly J. McWaters	75%
John C. White	60%
Eugene S. Putnam, Jr.	50%
Chad Freed	40%
Richard Crain	45%

Fiscal Year 2009 EBIT Achievement and Payout Levels

For fiscal year 2009, in order for a participant to receive the threshold payment of the EBIT component of the bonus (a 43% payout), the consolidated EBIT result would have had to have been \$21,000,000. To achieve a 71% payout, consolidated EBIT would have had to have been \$26,001,000. To achieve a 100% payout, consolidated EBIT would have had to have been \$35,000,000, and to achieve the maximum payout of 125%, consolidated EBIT would have to have been \$46,000,000.

Consolidated EBIT for fiscal year 2009 for the bonus calculation was \$26,077,000, which resulted in a bonus payout of 71% of the EBIT portion of their bonuses for the Named Executive Officers.

In addition to the EBIT bonus, Messrs. Putnam, Freed, and Crain had a portion (20%) of their total bonus opportunity based on specific performance criteria. Mr. Putnam's performance criteria were 1) no material weaknesses or significant deficiencies on the Company's audit (target was achieved); 2) successful and timely implementation of the Company's new general ledger system (target was exceeded); and 3) department budget management (target was exceeded). Mr. Putnam's total bonus related to these specific performance criteria was \$35,200.

Mr. Freed's specific performance criteria were 1) creation and implementation of a customer service scorecard (achieved target); 2) Reduction of Americans with Disabilities Act accommodation expenses (achieved target); and 3) department budget management (target was exceeded). Mr. Freed's total bonus related to these specific performance criteria was \$23,200.

Mr. Crain's specific performance criteria were 1) lead generation (exceeded target); 2) collision repair and diesel program product rationalization (target was not achieved); and 3) department budget management (target was exceeded). Mr. Crain's total bonus related to these specific performance criteria was \$27,700.

2010 Incentive Plan

In September 2009, the Compensation Committee approved the 2010 Leadership Incentive Plan and the 2010 incentive plan for Kimberly McWaters and John White under our 2003 Incentive Compensation Plan. The Compensation Committee has determined that for fiscal 2010, performance-based awards for all Named Executive Officers will be based on consolidated EBIT, as well as specific performance criteria for Messrs. Putnam, Freed, and Crain. For each Named Executive Officer, the bonus opportunity is as follows:

2010 Named Executive Officer Target Bonus as a % of Base

Kimberly J. McWaters	75%
----------------------	-----

John C. White	60%
Eugene S. Putnam, Jr.	50%
Chad Freed	40%
Richard Crain	45%

For the EBIT portion of the target bonus to be achieved, we must realize a specific increase in EBIT over fiscal year 2009. The increase necessary to achieve the target bonus has not been achieved during the previous

Table of Contents

five fiscal years. To achieve the maximum payout, fiscal year 2010 EBIT must exceed the EBIT necessary for the target bonus by 20%.

For Messrs. Putnam, Freed and Crain, the EBIT portion accounts for 80% of their bonus opportunity, and each has specific performance goals which account for the remainder of their bonus opportunity. For Messrs. Putnam, Freed and Crain, 6.66% of their bonus opportunity requires the achievement of a departmental operating budget target for 2010. In order to achieve any payout under this target, the departmental operating budget must not exceed 2% of the targeted budget. Otherwise, no award on this component will be paid. Mr. Putnam has two additional performance goals which are 6.67% each of his bonus opportunity. The first performance goal requires the achievement of succession planning goals and evaluation of internal candidate readiness. The second performance goal requires no material weaknesses or significant deficiencies on the Company's audit. For Mr. Freed, the additional performance goals, each of which are 6.67% of his total bonus opportunity, relate to the successful opening of our Dallas/Fort Worth campus within specific budget and timing milestones and relate to certain key strategic licensing plans. Mr. Crain also has two additional performance goals, each of which comprise 6.67% of his total bonus opportunity. These goals are based on a lead generation target for the Company generally and related to the marketing requirements of the new Dallas/Fort Worth campus.

In determining whether the specific performance goals noted above have been satisfied, the Compensation Committee will rely upon the evaluations of Ms. McWaters, as well as their own observations obtained from the reports given by management at the meetings of our Board of Directors.

On June 1, 2009, the Compensation Committee awarded Mr. Freed performance units equal to \$45,000 in recognition of his promotion to General Counsel and Senior Vice President Business Development. The performance units vest upon achievement of five different milestones relating to the opening of our Dallas/Fort Worth Campus. These milestones relate to: 1) the execution of a lease for the property location; 2) achievement of the part 1 application approval of the Accrediting Commission of Career Schools and Colleges accreditation; 3) completion of the design and issuance of the required permit; 4) obtainment of the certificate of occupancy; and 5) the starting of the first class. The performance units will be settled in shares of our common stock upon achievement of the specific performance criteria. The number of shares awarded upon the achievement of the specific performance criteria will be determined based on the closing price of our common stock on the date the Board of Directors determines that the specific performance criteria were satisfied. To date, Mr. Freed has received 1,614 shares of UTI common stock as a result of the vesting of the performance units.

Long-Term Incentive Compensation

2009 Grant

In September 2009, the Compensation Committee approved grants of performance shares and restricted stock to the Named Executive Officers using the benchmarking process described above. When determining the grant, the Compensation Committee considered our current business environment, competitive market data, and each officer's level of responsibility. The grants were designed with a view to increase employee retention and encourage ownership of our stock, and link rewards to shareholder value creation. In 2009, each of our Named Executive Officers received 75% of his or her target grant value in restricted stock and 25% in performance shares. Restrictions on the shares of restricted stock lapse at a rate of 25% each year for four years. The performance shares vest according to a three-year performance period, with equal-value tranches potentially vesting according to the following measurement periods:

Measurement Period	% of Performance Share Grant Value
---------------------------	---

10/1/09	9/30/10	33.3%
10/1/09	9/30/11	33.3%
10/1/09	9/30/12	33.4%

The actual number of performance shares vesting (if any) will be determined by comparing our Total Shareholder Return (TSR) against a stacked ranking of the TSR of those companies comprising The Russell

Table of Contents

2000 Index at the end of the measurement period. The payout or vesting percentage will depend on the relative percentile of UTI's TSR compared to the stacked ranking of the Russell 2000 Index of companies as follows:

TSR Index Percentile Rank	0-20th	21st-30th	31st-40th	41st-50th	51st-60th	61st-70th	71st-80th	81st-90th	91st-100th
Performance Shares Payout Percentage	0%	25%	50%	75%	100%	125%	150%	175%	200%

The Compensation Committee believes a blend of performance shares and restricted stock provides the best retention and reward mechanism. Providing a significant percentage of the total award in the form of performance shares is also important to align the incentive value with the interest of stockholders, since the vesting of performance shares is contingent on the relative performance of UTI's TSR over periods of time ranging from one to three years. Offering restricted stock, which retains some value for the executive during difficult business climates, ensures that the long-term incentive maintains some retention value to our Named Executive Officers while also rewarding improvements in our long-term performance without rewarding undue risk-taking.

General Benefits and Executive Perquisites

We offer a health and welfare benefits package to all eligible employees, which includes coverage for medical, dental, disability, life, accidental death and dismemberment, vision, flexible spending, education assistance, employee assistance and business travel accident. Please see the table above under the heading Elements of the Compensation Program and Key Goals for detailed information on the Named Executive Officers' benefits and perquisites.

The costs of the perquisites and personal benefits for the Named Executive Officers for fiscal year 2009 are included in the All Other Compensation column of the Summary Compensation Table below.

Post-Employment Compensation Programs

Retirement Benefits

We offer a 401(k) plan which is generally available to all employees to assist them in saving for retirement. After the first year of employment, we match 50 cents on each dollar saved up to the first 5% of eligible pay contributed to the plan. A five-year vesting schedule applies to all of our matching contributions.

Employment Agreements

We have employment agreements with three of our Named Executive Officers—Kimberly McWaters, John White and Eugene Putnam—that provide certain post-employment severance and benefits if we terminate the officer's employment other than for cause. Generally speaking, cause includes conviction of a felony or other crime involving embezzlement or misuse of funds, a knowing breach of the fiduciary duties owed by the executive to the Company, or a failure to perform the executive's material duties or a neglect of same. While the details of these agreements vary, each generally provides for salary payments to continue following termination. No agreement provides for salary payments beyond 24 months following termination.

For more information, please see the tables below under the heading Potential Payments Upon Termination or Change-in-Control and the information set forth under the heading Employment-Related Arrangements.

Change-in-Control Agreements

We have entered into change-in-control agreements with those Named Executive Officers who do not have employment agreements with us. These agreements provide that if the executive is terminated without cause or terminates employment for good reason within one year of a change-in-control, the executive will continue to receive salary payments for 12 months and will receive a prorated bonus calculated by multiplying the executive's target bonus percentage by the executive's fiscal year salary earned through the date of termination. The executive is also entitled to receive 12 months of paid health benefits continuation and outplacement services.

For more information, please see the tables below under the heading Potential Payments Upon Termination or Change-in-Control.

Table of Contents***Accounting and Tax Considerations***

Internal Revenue Code Section 162(m) limits our ability to deduct non-performance based compensation in excess of \$1.0 million that we pay to certain of our executive officers. The Compensation Committee intends for all incentive compensation paid to the Named Executive Officers to be deductible for federal income tax purposes to the greatest extent possible; however, in certain cases, the Compensation Committee may determine that the amount of tax deduction lost is less important than appropriate design and delivery of compensation to our executive officers.

Our 2003 Incentive Compensation Plan, which was approved by our stockholders, permits the award of stock options, performance shares, performance units, stock appreciation rights, performance-based awards and cash bonuses that qualify as performance-based compensation and are therefore fully deductible under section 162(m) of the Code.

In determining equity compensation awards for 2009, we generally considered the potential expense of those awards under accounting principles generally accepted in the United States and their impact on earnings per share. We concluded that the award levels were in the best interests of stockholders given competitive compensation practices among our peer companies, the awards potential expense, our performance, and the impact of the awards on employee motivation and retention.

The American Jobs Act of 2004 added Section 409A to the Internal Revenue Code. Section 409A revises the tax rules governing non-qualified deferred compensation strategies. We have reviewed Section 409A and its rules and regulations and have adapted some of our compensation arrangements to them.

Compensation Committee Interlocks

Ms. Srere and Messrs. Conrad and Gilmour served as members of our Compensation Committee during fiscal 2009. None of these Directors was an executive officer or otherwise an employee of UTI before or during such service, and no executive officer of UTI served on any other company's compensation committee.

Awards included within these columns are discussed under the heading Components of the Executive Compensation Program Annual Incentive Plan within the Compensation Discussion and Analysis set forth elsewhere in this Proxy Statement.

(2) Amounts shown represent performance shares granted with possible payout upon satisfaction of the performance criteria set forth by the Board of Directors. The performance period is from October 1, 2009 through September 30, 2012 with measurement dates on each of September 30, 2010, 2011, and 2012.

(3) Amount shown is the per share exercise price of the option award as determined by reference to the fair market value of UTI's common stock, which is determined based on the closing price of the stock on New York Stock Exchange on the grant date.

- (4) Amount shown is the total estimated fair value of the award on the date of grant calculated based on accounting principles generally required in the United States and does not include an estimate for forfeitures.
- (5) Mr. Freed's award dated June 2, 2009 was denoted in dollars and not units. Performance units equal \$45,000 payable upon achievement of certain performance criteria. Assuming the underlying performance criteria have been satisfied, the performance unit will be settled in shares of our common stock based upon the closing price of our common stock on the date the Board determines that the performance criteria has been achieved.

In fiscal 2009, each of our Named Executive Officers received 75% of his or her regular grant value in restricted stock and 25% in performance shares.

Performance shares awarded in fiscal 2009 vest over three measurement periods (see Elements of Compensation Program and Key Goals section for details). If the participant dies or is disabled, the vesting of performance shares, including those granted to the Named Executive Officers, will be calculated based on a measurement period through the date of death or disability and the associated vesting of shares (if earned) will occur on the settlement date following the measurement period. If there is a change of control of the Company, the measurement period will be truncated to the date of the change in control and number of shares of common stock to be issued will equal the number of performance shares that would have become earned as of the change in control date according to the actual performance against the stated criteria for that period. The shares of common stock will convert to time-based and vest either in accordance with the original schedule or immediately in the event of termination without Cause or for Good Reason within one year of the

change in control. Good reason means a material reduction in the recipient's authority, perquisites, position or responsibilities (other than such a reduction which affects all of our senior executives on a substantially equal or proportionate basis), or a requirement that the recipient relocate greater than 50 miles from the recipient's current primary work location.

Restrictions on the shares of restricted stock granted in fiscal 2009 lapse at a rate of 25% each year for four years. Recipients of restricted stock, including Named Executive Officers, are considered stockholders with respect to all such shares of restricted stock and have all of the rights of a stockholder in the Company with respect to the restricted shares (e.g., they may vote the shares at any meeting of our stockholders). However, recipients have no rights to any dividends declared with respect to the restricted shares until the restrictions on such shares lapse and may not sell or transfer the shares until they vest. All restrictions on the restricted shares lapse upon death, disability, termination without cause within one year following a change-in-control of the Company or termination by the recipient for good reason (which is described in the paragraph above).

Outstanding Equity Awards at 2009 Fiscal Year-End

The following table sets forth certain information regarding all outstanding equity awards for each of our Named Executive Officers, as of September 30, 2009. The values contained in the table below have not been, and may never be, realized. The options might never be exercised and the value, if any, will depend on the share price on the exercise date. In addition, the awards of restricted stock are subject to forfeiture and the value, if any, will depend on the share price on the date an executive sells those shares once the restrictions have lapsed. The Performance Shares will only vest upon achievement of certain performance criteria and the value, if any, will depend on the share price on the date the executive sells the shares once vested.

Potential Payments Upon Termination or Change-in-Control

The tables below show the estimated incremental value transfer to each Named Executive Officer under various scenarios related to a termination of employment. The tables below assume that such termination occurred on September 30, 2009. The actual amounts that would be paid to any Named Executive Officer can only be determined at the time of an actual termination of employment and would vary from those listed below. The estimated amounts listed below are in addition to any retirement, welfare and other benefits that are available to associates generally.

Employment-Related Arrangements

Employment Agreement with John C. White. On July 8, 2008, we entered into an employment agreement with John White, superseding his previous agreement dated April 2002. Under the terms of the employment

Table of Contents

agreement, Mr. White agreed to serve as Chairman of the Board of Directors. The employment agreement provides for an initial term ending July 8, 2011. Mr. White is entitled to receive an annual base salary of \$500,000 subject to annual increases at the discretion of the Board of Directors. Our agreement with Mr. White provides that if he is terminated without cause or terminates his employment for good reason, his medical benefits will continue through age 65.

Employment Agreement with Kimberly J. McWaters. On July 8, 2008, we entered into an employment agreement with Kimberly McWaters, superseding her previous agreement dated April 2002. Under the terms of the Agreement, Ms. McWaters agreed to serve as our President and Chief Executive Officer. This agreement provides for an initial term ending July 8, 2011. Under the employment agreement, Ms. McWaters is entitled to receive an annual base salary of \$575,000 subject to annual increases at the discretion of the Board of Directors.

Employment Agreement with Eugene S. Putnam, Jr. On July 24, 2008, we entered into an employment agreement with Mr. Putnam to serve as our Chief Financial Officer. This agreement provides for an initial term ending July 31, 2011. Mr. Putnam is entitled to receive an annual base salary of \$300,000 subject to annual increases at the discretion of the Board of Directors.

Provisions Common to Each Employment Agreement. Certain provisions are common to each of the employment agreements described above. For example, each employment agreement:

provides that each executive may be paid an annual, performance-based bonus to be determined by the Board of Directors, in its sole discretion;

specifies that each executive is entitled to certain perquisites, including reimbursement of expenses, paid vacations, health and medical reimbursement plan, automobile insurance and such other perquisites and benefits. Other perquisites and benefits established from time to time at the sole discretion of the Board of Directors include health, short-and long-term disability, pension and life insurance benefits for executives and their families;

provides for our payment of severance compensation and benefits to the executives under certain circumstances, such as when the executive's employment is terminated, with or without a change of control, by us other than for cause, or for good reason as defined in the employment agreements. In Ms. McWaters' and Mr. White's agreements, death or disability also triggers severance compensation and benefits;

restricts the employee's disclosure and use of our confidential information, as defined in the employment agreement, and prohibits the employee from competing with us for a period equal to the payment of any severance payments following the termination of employment; and

as a precondition to our payment of any severance compensation or benefits, the employee must execute a waiver and release that we provide to the employee.

The Board of Directors approves the operating budget for a given fiscal year and may, upon the recommendation of the Compensation Committee, award bonuses based upon achievement of established targets. In addition, the Board may, upon the recommendation of the Compensation Committee, award bonuses based upon additional factors, including but not limited to extraordinary performance or efforts by individuals, as the Board may in its discretion determine from time to time.

Change-in-Control Severance Agreements. We entered into change-in-control severance agreements with several of our executive officers and key employees including Mr. Freed and Mr. Crain. Each severance agreement provides for

the payment of severance compensation and other benefits to the employee depending upon the employee's position and the circumstances of the employee's termination of employment, such as if the employee is terminated without cause or if the employee leaves for good reason, in each case within 12 months after we have undergone a change-in-control, as that term is defined in the severance agreement. Each severance agreement also provides that:

as a precondition to our payment of any severance compensation or benefits, the employee must execute a waiver and release that we provide to the employee;

Table of Contents

the amounts paid to or benefits received by the employee are subject to a downward adjustment so that the total payments to the employee due to a change-in-control do not constitute an excess parachute payment, as that term is defined in Section 280G of the Internal Revenue Code of 1986, as amended, or cause the employee to be required to pay an excise tax under Section 4999 of the Code; and

the employee is not required to mitigate any amounts paid or benefits received under the severance agreement by seeking other employment or otherwise.

As part of the consideration for the payment of the severance payments and benefits, each of the severance agreements provides that, for the period of the severance payments, the employee covenants not to compete directly or indirectly with us or directly or indirectly solicit, recruit or employ any persons or entities with whom we currently have business relationships, or have had such relationships within the 24 months prior to such solicitation, recruitment or employment.

401(k) Plan. We maintain a plan qualified under Section 401(k) of the Internal Revenue Code. Under the 401(k) Plan, a participant may contribute a maximum of 50% of his or her pre-tax salary, commissions and bonuses through payroll deductions, up to the statutorily prescribed annual limit (\$16,500 in calendar year 2009). The percentage elected by more highly compensated participants may be required to be lower. In addition, at the discretion of our Board of Directors, we may make discretionary matching and/or profit-sharing contributions into the 401(k) Plan for eligible employees.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information as of December 31, 2009 with respect to the beneficial ownership of shares of common stock by:

each person known to us to be the beneficial owner of 5% or more of the outstanding shares of our common stock;

each of our directors, director nominees and Named Executive Officers; and

all of our executive officers and directors as a group.

Beneficial ownership is determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended, and generally includes voting or investment power over securities. Under this rule, a person is deemed to be the beneficial owner of securities that can be acquired by such person within 60 days of December 31, 2009 upon the exercise of options. Each beneficial owner's percentage ownership is determined by assuming that all options held by such person that are exercisable within 60 days of December 31, 2009 have been exercised. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder.

**SECTION 16(a) BENEFICIAL OWNERSHIP
REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers to file reports of holdings and transactions in our shares with the SEC. For the fiscal year ended September 30, 2008, to our knowledge and based on written representations from our officers and directors, we believe that the applicable reporting requirements of Section 16(a) have been satisfied.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policy Regarding Transactions with Related Persons

Our Board of Directors adopted a written Related Party Transaction Policy (the Policy) pursuant to which all Interested Transactions with a Related Party are subject to review and approval by the Nominating and Corporate Governance Committee. Ongoing or long-term transactions with a Related Party in existence at the time the Policy was adopted, if any, will also be subject to ratification on at least an annual basis. For purposes of the Policy, an Interested Transaction is a transaction, arrangement or relationship or a series of similar transactions, arrangements or relationships (including any indebtedness or guaranty of indebtedness) in an amount equal to or exceeding \$60,000 in any fiscal year in which us, including any of our subsidiaries, was, is or will be a participant and in which any Related Party had, has or will have a direct or indirect material interest. Any indirect interest includes an interest held by or

through any entity in which any Related Party is employed or is a partner or principal; or in a similar position or in which such Related Party has a 10% or greater beneficial ownership interest. A Related Party includes executive officers, directors, nominees for director, any person who is known to be the beneficial owner of more than 5% of any class of our voting securities and any immediate family member of any of the foregoing persons.

Table of Contents

In considering whether to approve an Interested Transaction, the Nominating and Corporate Governance Committee considers such factors as it deems appropriate, which may include: (i) the Related Party's relationship with us and interest in the transaction; (ii) the material facts of the proposed Interested Transaction, including the proposed value of such transaction, or, in the case of indebtedness, the principal amount that would be involved; (iii) the benefits to us of the Interested Transaction; (iv) an assessment of whether the Interested Transaction is on terms that are comparable to the terms available with an unrelated party; (v) in the case of an existing transaction, the impracticability or cost of securing alternative arrangements and (vi) such other factors as the Committee deems relevant.

The Policy provides for standing pre-approval for certain categories of transactions with a Related Party without the need for specific approval by the Nominating and Corporate Governance Committee. These categories are: (i) certain transactions with other companies where the Related Party's only relationship is as an employee (other than as an executive officer), director or beneficial owner of less than 10% of the company's shares, if the aggregate amount involved does not exceed the greater of \$1 million or 2% of the other company's gross annual revenues in its most recently completed fiscal year; (ii) charitable contributions, grants or endowments by us to charitable organizations, foundations or universities at which a Related Party's only relationship is as an employee (other than as an officer) or a director or trustee, if the aggregate amount involved does not exceed the lesser of \$500,000 or 2% of the charitable organization's total annual receipts in its most recently completed fiscal year; and (iii) certain other transactions and arrangements which under certain SEC rules are excepted from disclosure as transactions with a Related Party.

Registration Rights Agreement

We are a party to a registration rights agreement with, among others, the following stockholders: (i) JZ Equity Partners PLC and the permitted transferees of The Jordan Company, LLC (collectively, the TJC Stockholders); (ii) Charlesbank Voting Trust, Charlesbank Equity Fund V, Limited Partnership, CB Offshore Equity Fund V, L.P., CB Equity Co-investment Fund V, Limited Partnership and Coyote Training Group, LLC (collectively, the Charlesbank Stockholders), (iii) Whites Family Company, LLC; and (iv) Robert D. Hartman. The registration rights agreement provides for piggyback registration rights with respect to the restricted shares of our common stock held by each of the stockholder parties to this agreement, including Robert D. Hartman, one of our former Directors, and Whites Family Company, LLC, an entity controlled by John White, our Chairman of the Board of Directors. Accordingly, if we propose to register any of our common stock for sale to the public, we are required to give written notice of our intention to do so to each of the stockholders who are a party to this agreement and to use our best efforts to include in the registration statement the number of restricted shares of our common stock beneficially owned and requested to be registered by such stockholders, subject to reduction of such shares under certain circumstances by an underwriter. If a reduction of shares is necessary, stockholders who request to participate in the registration will do so pro rata based on the numbers of shares held by such stockholders on a fully-diluted basis, except that we will have first priority to register shares of our common stock if we initiate the registration for our own account. Pursuant to the registration rights agreement, the piggyback right terminates from and after the date on which those stockholders cease to beneficially own at least 1% of our issued and outstanding shares of common stock.

Transactions with Management and Others

Since 1991, we have leased some of our properties from entities controlled by John C. White, the Chairman of our Board of Directors, or entities in which Mr. White's family members have an interest. A portion of the property comprising the Orlando location is occupied pursuant to a lease with the John C. and Cynthia L. White 1989 Family Trust, with the lease term expiring on August 19, 2022. The annual base lease payments for the first year under this lease totaled approximately \$326,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. Another portion of the property comprising the Orlando location is occupied pursuant to a lease with Delegates LLC, an entity controlled by the White Family Trust, with the lease term expiring on July 1, 2016. The beneficiaries of the

this lease totaled approximately \$680,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. Additionally, since April 1994, we have leased two of our Phoenix properties under one lease from City Park LLC, a successor in interest of 2844 West Deer Valley L.L.C. and in which the John C. and Cynthia L. White 1989 Family Trust holds a 25% interest. This lease expires on February 28, 2015, and the annual base lease payments under this lease, as amended, totaled approximately \$463,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. The table below sets forth the total payments that the Company made in fiscal 2007, 2008 and 2009 under these leases:

	John C. and Cynthia L. White 1989 Family Trust			
	City Park LLC			Delegates LLC
Fiscal 2007	\$ 621,992	\$	564,793	\$ 1,022,818
Fiscal 2008	\$ 565,541	\$	597,025	\$ 989,514
Fiscal 2009	\$ 599,531	\$	634,904	\$ 1,028,951

We believe that the rental rates under these leases approximate the fair market rental value of the properties at the time the lease agreements were negotiated.
