**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On January 20, 2011, the Board of Directors of Jabil Circuit, Inc. (the Company ) approved The Jabil Circuit, Inc. Executive Deferred Compensation Plan (the Plan ). The Plan is effective as of January 1, 2011.

Under the Plan, certain highly compensated employees of the Company and certain of its subsidiaries may defer a portion of their base salary and bonus or incentive compensation. Amounts deferred by a participant under the Plan will be credited by book entry to the participant's deferral contribution account. The Plan permits the Company to make discretionary contributions and matching contributions to an account maintained for each Plan participant. The value of a participant's account will be based on the performance of available benchmark investment funds selected by the participant under the Plan for purposes of accounting (as if the deferred compensation had been so invested) and not for actual investment.

The obligations of the Company under the Plan (the Obligations ) are unsecured general obligations to pay in the future the value of the vested deferred compensation accounts adjusted to reflect the performance of the selected measurement investment funds in accordance with the terms of the Plan. The Obligations will rank without preference with other unsecured and unsubordinated indebtedness of the Company from time to time outstanding and are, therefore, subject to the risks of the Company's insolvency or bankruptcy. The Company is not required to fund or otherwise segregate assets to be used for the payment of the Obligations.

Obligations are generally payable under the Plan upon (i) termination of employment, (ii) death, (iii) disability, (iv) a determination by the Company that a participant has suffered a financial hardship, and (v) at the prior election of the participant, during April of any year designated by the participant beginning with the fourth calendar year after a participant's initial deferral election with respect to a particular Plan account (provided that if the deferral relates to the participant's fiscal year 2011 bonus compensation, the participant may select the third calendar year following the initial deferral election with respect to that particular Plan account).

The Compensation Committee may amend the Plan from time to time, except that no such amendment may reduce the vested amount credited to a participant's account, as of the date the amendment is adopted, as such account may be subsequently adjusted for earnings and losses.
